

Starchild 771

Chapter 771: Make a Wish to Me, Mortal

“Er... Is the heart OK?” Looking at Red Dragon Zaka who seems to have recovered to a lively state, Yun Xi can’t help but sigh at the dragon’s vitality.

The kind of injury actually recovered in less than an hour. If her heart had not disappeared, she would have recovered without his help.

No wonder a dragon is a legendary creature at the top of the food chain of the endless god’s domains.

“Heart!” At this time, Red Dragon Zaka finally realized that her current situation was abnormal.

She clearly remembers that her heart was wiped from her body by the witch in white with extremely terrible means, and finally, she suffered a tragic defeat.

Even though she is a dragon, she can’t survive without a heart. It is almost impossible to damage the heart of the dragon.

Unable to change back to the giant red dragon pose, Zaka can feel the high agitation of her chest and the damned “evil claws”.

Her heart has lost, so what is beating in her chest now?

What is this object that makes a powerful sound, that is constantly fluctuating and shrinking in her chest?

Red Dragon Zaka knew instinctively that without this object, she would have died.

“Bang!”

“Bang!”

“Bang!”

Yun Xi’s palm almost recorded every detail of Red Dragon Zaka’s towering chest. After that, the parts close to each other finally separated.

However, a transparent green silk thread remained on Yun Xi’s fingertips and Red Dragon Zaka’s bud tips, which took a while to disappear.

“Boom!” The Red Dragon Zaka’s flaming flame soared into the sky, and then quickly woven into a gorgeous dress. It was a princess skirt with bright colors and multiple red and black lace. It was no problem to say that it was the Queen’s dress.

Like a dragon horn, the crystal crown on Red Dragon Zaka’s head is indescribably noble.

The front part of the chest, the bow woven out of the red ribbon is just right to cover the chest, giving people a faint sense of temptation.

Under the high skirt is a pair of nearly perfect jade-like legs.

The small jade feet are stepping on a pair of high-heeled shoes with red glass heels, which makes Red Dragon Zaka's height increase a few points, although even then, her height is only to reach the neck position of Yun Xi.

"You... what have you done to my heart?" Finally, Red Dragon Zaka, who finally weaves his magic costume, presses her chest nervously, feeling the familiar and strange beating sound, and her mind is blank.

"I think... it is a flower there." Yun Xi doesn't know what's going on.

He still had the strength of Lvji in his body, and helped the dying Red Dragon Zaka build a flower that could replace the heart, which was far beyond his expectation.

"Flower?" Red Dragon Zaka closed her eyes and felt the leaping sound inside her body with all her strength. She soon saw the flower.

Full of the color of life, an incredible flower.

The green petal connects her blood vessels and nerves, and each contraction is completely synchronized with the rhythm of her body.

Only a glance to know that it is this flower instead of her own heart, to save her from the brink of death.

What a wonderful flower. It's not any magic or divine spell that Red Dragon Zaka knows.

This is the same level of power as the great mother, and only such power can pull her back from the abyss of death.

"It was a gift from a friend of mine, and now it's your heart." Yun Xi describes the truth closest to the truth in the simplest language possible.

"You..." Red Dragon Zaka looks at Yun Xi and doesn't know whether to continue to kill him, or to follow the principle of the dragon and repay the benefactor who saved her life.

She is not a wild dragon with no breeding, but a Zaka, bred by the original dragon, the present red dragon princess, the future Red Dragon Queen, and one of the four masters of the world.

After careful thinking and reasoning, Red Dragon Zaka raised her proud head.

"Little human, I will fulfill a wish of yours, with a time limit of ten years. No matter what kind of wish, you can make a wish to me."

"If you want gold and silver, or become a king and marry all the princesses, it's no problem!"

"In front of you is the great dragon who is going to dominate the world. In ten years, you can have everything in the world."

“After ten years, I’ll eat you.”

Well, according to the logic of the dragon, ten years is just a time to sleep. It’s perfect to satisfy each other’s wish to let him enjoy the luxury life of doing whatever he wants and then eat him.

This is a red dragon, this is Zaka!

“Are you sure...” Yun Xi looks at the confident Red Dragon Zaka, his third and fourth princesses’ sister.

It’s been detected a long time ago. It’s only now that he can be sure.

The four heavenly kings under the evil dragon, namely the four sisters of Zaka, are capricious in many subtle places.

But even so, they have a unique charm that they never lie.

This is true of Desert Dragon Zaka, Ice Dragon Zaka, and Red Dragon Zaka.

It’s a group of straightforward and somewhat even lovely dragons.

“Yes, as long as it is a wish that I can fulfill, it will be realized.” Red Dragon Zha shook her own dragon horn crystal crown with a proud look.

“Even if I want to marry you?” Yun Xi didn’t know why he suddenly said this sentence. Maybe he was also influenced by the Zaka sisters, and his IQ dropped seriously.

“Ga?!” Red Dragon Zaka looks as if she is petrified in a flash.

Zaka’s logical reasoning system starts calculus.

The wish that she can realize – whether it includes marrying a human being?

Including – it’s not something she can’t do, and if it’s only 10 years, it’ll be over soon.

Do I have to fulfill my promise?

It must be fulfilled. Red Dragon Zaka is the Great Red Dragon Princess and the future red dragon queen. She will do what she says.

Can I accept marrying a human being?

Absolutely not! Why would the Great Red Dragon Zaka marry an ant-like human being!

Human beings have killed her two sisters, they are her enemies, enemies!

So, do I have to realize his wish?

Yes, but... absolutely not!

Ding! There are logic contradictions and data cyclic redundancy errors.

Red Dragon Zaka's head crashed.

Chapter 772: The Seduced Red Dragon

"Eat you, eat you, eat you!"

"Marry you, marry you, marry you!"

Obviously, Red Dragon Zaka inherits the tradition of the great four sisters of Zaka and is very easy to get into a state of chaos when dealing with things that are too complicated.

After a while, Red Dragon Zaka's eyes were already full of confusion, holding her head in her hands and looking at Yun Xi with an extremely fierce and hesitant look.

It looks like a beast ready to kill its prey and a girl looking at her lover.

This is the first time that Yun Xi sees someone who can mix these two kinds of expressions on their face. She is really a fierce and lovely girl.

In order to avoid burning his sister-in-law's mind out because of excessive thinking, Yun Xi felt that the joke should be over.

It's enough for him to marry Desert Dragon Zaka and Ice Dragon Zaka. He doesn't want to gather together the four dragons!

Even if he had collected the four Zaka sisters together, it would only be at the rage of the most terrible dragons waiting for him.

"It's just a joke."

"Don't mind."

"I don't want you to return anything. You are free."

Yun Xi tries to smile gently, ready to coax Red Dragon Zaka, who is a little bit grumpy.

Compared with her sisters, her temperament seems to be particularly impatient. Should he say that "no wonder she is the red dragon incarnated by fire"?

"Joke?" Red Dragon Zaka doesn't think so. It is impossible for ordinary human beings to dare to refuse a dragon's wishes.

That is to say, the proposal just now is real?

How dare this human being propose to a dragon!

Sure enough, I should eat him! Red Dragon Zaka licked her lips. From the beginning, she felt that the human being in front of her was very delicious food.

What kind of taste is it? Red Dragon Zaka can't describe it in words.

In her memory, she has never smelt such a sweet and delicious smell. Just smelling him makes her intoxicated. If she licks and tastes him, she will be more reluctant to stop.

"Goo!" Red Dragon Zaka's stomach suddenly became hungry.

I want to eat him! The world's most delicious food may be in front of me! Red Dragon Zaka can't help it.

"Hungry?" Yun Xi snapped his finger, and the hero ranked Baker's ability was launched.

A golden bread with soft golden light, wheat flavor, and rich cream flavor appears in Yun Xi's hand, which is one of the 100 limited loaves of bread in his bread storeroom.

This ability is an additional ability of his own hero rank, so it can be used even in the trial world, while the light refining furnace, the water god's three god weapons, and hydra's wine cannot appear in this trial world.

Of course, if he can integrate the light refining furnace and hydra's wine into his soul like Starwings, they can also be used like the bread storeroom, which he can't do at present.

"Bread... Is it edible?" Red Dragon Zaka looks at the bread in Yun Xi's hands with disgust.

She is not a herbivorous dragon. Feeding bread to her is like an insult.

Compared with bread, it's better to eat human beings. It's strange to say that she doesn't eat intelligent creatures. However, she is always full of appetite when she sees this little human in front of her.

"Try it." Yun Xi guides the hungry Red Dragon Zaka by coaxing.

"Just take a bite. It doesn't matter."

"Well, I will just take a bit, this bread doesn't look good..." Hungry Red Dragon Zaka tore a small piece of the golden bread and put it in her mouth.

The next second, her cheeks instantly suffused with excitement, and even the snow-white skin in the red bow gap was dyed with lovely scarlet.

What's that taste!

Too, too strange, why just eat such a small piece of bread, I will feel warm all over the body.

No, it's not warm. It's hot.

“Bang!”

“Bang!”

“Bang!”

The heart beat fiercely, cheering, demanding more of these ingredients.

By the way, this kind of smell is the kind of “smell” that she smelled on the human body in front of her eyes, with the smell of his soul and life.

It's so delicious, so incredible that it's melting the tongue and heart together.

She wants more, more of these ingredients, she wants to eat more, more!

“Ah Hoo!” Red Dragon Zaka grabs Yun Xi's golden bread and takes a big bite. At the same time, she stares at Yun Xi with a look that makes Yun Xi feel very wary.

She should like it very much? Yun Xi is still confident in his highest masterpiece, which is the golden bread that even the twin witches and the Golden Crow Princess praised.

Just, why does she look at him so covetously, seems to be more than just eating the delicious bread.

Yun Xi has seen this kind of eyes in the pupil of Desert Dragon Zaka. They really are sisters of the same family. They are also very similar at this point.

She bit Yun Xi's golden bread in a wild animal way. Red Dragon Zaka revealed her small fangs, which could even crunch steel.

Unimaginably delicious, that is a wonderful feeling from the tip of the tongue to the depth of the heart, not only taste but also vision, touch, hearing have been greatly enjoyed.

While biting the bread, it seems that she can see countless golden brilliance wrapped in herself. It is so warm and so comfortable that the fatigue after the battle with the twin witches disappeared without a trace, and even her toes were stretched straight because of strong stimulation.

Ah, there is such delicious food in the world! This is Red Dragon Zaka's exclamation, and at the same time, she can't help hesitating again.

How about raising this human as an edible pet?

Eat him a little bit every day, and eat a little more in the festival. If I can't eat him every day, then lick him every day to meet her appetite.

Whether he is poor or rich, health or disease, she will protect him, take care of him, and regard him as her most important treasure.

On sunny days, she would take him out for a walk.

On rainy days, she would let him lie on her feet and lick her toes.

When eating him, she will try to be gentle and careful, and will not hurt him.

Well, it seems to be a good idea. Why don't I do it like this?

Chapter 773: Curse of One Meter

Yun Xi is staring at Red Dragon Zaka, who is eating his bread at a “not ladylike at all” speed. Isn't this exaggeration? Have you been hungry for several days and nights?

“Ga!” After swallowing the last piece of bread, Red Dragon Zaka stared at Yun Xi with a fierce look.

The atmosphere, for a time, became particularly dangerous.

“Correct, as the benefactor who saved my life, I give you the noblest position in the world!”

“You, be my pet!”

“Ha?” Yun Xi looks at Red Dragon Zaka with a look of “what’s wrong with the world”.

Sure enough, Zaka’s thinking loop is not right!

Why? It’s just a piece of bread! How can it make you think this way?

“What dissatisfaction do you have? As a reward for saving my life, I have been extremely tolerant. What is your dissatisfaction?”

“To be my pet, you can have everything you want... cough, that proposal is not counted in...” Red Dragon Zaka’s face turned red. It was thoughtless of her that she said any wish could be realized just now

“Wealth, status, princess, you can have them all.”

“As long as you are my pet, you can have them.”

“When necessary... let me have a taste...” Speaking of this, Red Dragon Zaka feels hungry again.

Without that mysterious ingredient, she would die!

“I can give you bread, but I won’t be your pet.” Yun Xi looks at the wayward Red Dragon Zaka, and takes out his precious golden bread.

“Ah Hoo!” With a flash of red shadow, the bread in Yun Xi’s hand only survived in the air for three seconds and then entered Red Dragon Zaka’s mouth.

“This bread... not bad at all!” Red Dragon Zaka had long forgotten her original intention.

“Bang!”

“Bang!”

“Bang!”

The flower that makes up the heart releases waves of joy and happiness that spread throughout Zaka’s body.

A heart can change everything. Red dragon Zaka, with a new heart, also has a different sense of taste, smell, and touch.

That’s why she couldn’t resist the smell of Yun Xi, and she didn’t know anything about it.

“Be my pet. I’ll take good care of you.” After enjoying the bread tribute full of Yun Xi’s ingredients, Red Dragon Zaka began to pester Yun Xi, constantly trying to persuade him to become her pet.

“No!” Yun Xi didn’t intend to be this girl’s pet.

As a man who has married two Zakas, he knows better than anyone the horror of Zaka, which can easily destroy the existence of heaven and earth.

“Why? Be my pet, you can have everything.”

“As long as you always accompany me, you can be happier than the king of mankind without doing anything.” Red Dragon Zaka doesn’t know what the meaning of giving up is. She had never met anyone who would refuse her.

She’s Zaka. She’s a confident and proud dragon. She doesn’t allow the world to have things she can’t get.

If Yun Xi didn’t taste so good, she wouldn’t let him be her own pet. Her initial preparation was to give him ten years of free life and then bite him to death.

“I don’t need that desire, and being your pet doesn’t do me any good.” Yun Xi felt that his four princesses had already made him suffer enough. If he entangled with this Zaka, he would be doomed.

So, now, it’s best to separate!

“My disobedient pet should be punished!” Red Dragon Zaka had never been so angry in her life, and she revealed her fierce look.

Even if she can't become a real dragon, she has 100,000 ways to solve Yun Xi.

"Dragon Eye!" With one hand on her left eye, Red Dragon Zaka's vertical pupil releases an amazing amount of pressure, causing the surrounding temperature to rise in a straight line.

The power of Dragon Eye completely blocked Yun Xi's body and formed a huge cage.

"Be my pet, or die!"

It's a powerful declaration, but it's strange that Yun Xi don't feel the pressure at all.

"Ga!" Red Dragon Zaka's Dragon Eye has not lasted for three seconds, with a burst of chest pain, her whole body froze.

How can the flower that makes up her heart, the gift from Lvji let her hurt Yun Xi? It is the part missing from the other side of the starry sky, the fragment of the highest wing.

"You bastard, what curse have you laid on me?" Red Dragon Zaka, who was aware of her heart mutation, raised her right hand.

A huge dragon claw shadow appears behind her. Even if she can't change back to a real dragon, Zaka has the power to destroy the earth and the sky!

However, she had just left Yun Xi about two meters away, and suddenly she had a spasm and her body had a whirling fall.

“Eh?” At the same time, Yun Xi also felt something wrong. He raised his fingertips and saw a faint, transparent green silk thread connecting himself to the heart region of Red Dragon Zaka.

The line is about one meter long, almost the same as Red Dragon Zaka’s height.

Yun Xi vaguely remembered when his palm left Red Dragon Zaka’s chest, he saw this line.

It’s just why the line, which had already disappeared, suddenly appears again?

“Ga... Ga... How painful... I... My heart...” Red Dragon Zaka gasped.

The originally beating heart almost completely stopped.

This feeling... It’s almost the same as the time when the witch in white wiped out her heart!

“Only... such a little distance?” Yun Xi looks at the line connecting his fingertip and Red Dragon Zaka’s heart in amazement and instantly knows the meaning of this line.

It’s the distance of Red Dragon Zaka’s life.

If Red Dragon Zaka goes beyond the distance of this line, the flower in her heart will not work. This flower is not a thing of the world, but a miracle condensed through Yun Xi's body.

If Red Dragon Zaka left beyond the limit of the distance, she would be dying. If the time be longer, she would really die.

For Yun Xi and Red Dragon Zaka, the one-meter distance is like a line between life and death.

It's like a curse that connects two lives.

Chapter 774: Blessing and Curse

Walking to Red Dragon Zaka, who looks like she will die in a moment, Yun Xi hesitantly puts his hand on her chest and feels the warm "meat steamed bun" again.

"Bang!" Red Dragon Zaka's heartbeat was restored instantly!

"Pooh ha!" Even her breath stopped for a time. Red dragon Zaka breathed out her breath and looked at her chest with fear in her eyes. Then her expression became extremely complicated.

She feels angry, of course.

She feels fear too.

Just now, she almost returned to the embrace of the original dragon just like her sisters.

After confirming the recovery of Red Dragon Zaka's heartbeat, Yun Xi's hand immediately left her chest. However, the warm and elastic hand feel could never be forgotten.

"How can there be such a curse?" Red Dragon Zaka quickly understood what had happened to her.

The distance of only one meter has become the boundary between life and death.

As long as she leaves this distance, the flower in her chest will no longer move, which is equivalent to her heart-stopping.

Although the heart formed by this flower is an accident, for the proud red dragon princess, can only live in a distance of more than one meter from a human is the cruelest punishment in the world.

"Sorry... I can't help it." After confirming the limit distance of the invisible transparent line, Yun Xi shook his head helplessly.

The power that unites the heart of Red Dragon Zaka's heart is not his own power but the blessing of Lvji.

This flower has saved Red Dragon Zaka from the brink of death, replacing her original heart and tying her to his side.

If Red Dragon Zaka leaves the limit distance of this line, her heart will stop suddenly, which is the price of her resurrection.

With this line, Yun Xi can easily control the life and death of Red Dragon Zaka.

As long as she crosses the limit distance, she will die.

Of course, Yun Xi would not have made such a choice. After all, she is the sister of his two princesses, the third Zaka.

However, he did not know what to do. The flower in the heart of Red Dragon Zaka was not something he could make.

This flower from Lvji is a blessing to him, but a curse to Red Dragon Zaka.

The existence of this flower maintained her life, but also tied her firmly to his side.

"I don't believe it!" Obviously, she was on the verge of death again, but Red Dragon Zaka was not willing to lose, so she turned and ran.

As a result, the familiar scene appeared. Only two steps away from Yun Xi, Red Dragon Zaka fell down.

Her whole body twitches, her eyes are blank, the function of the heart part is completely out of order, the blood is almost coagulated. She is almost as rigid as the corpse.

Without the operation of Lvji flower, Red Dragon Zaka, who has lost her heart, is half a dead person. In this state, she is only a layer of paper away from death.

In addition to her warm body, she can hardly move her fingers. If Yun Xi wants to do something to her at this time, he can do whatever he wants, and she can't even call out.

No words can describe Red Dragon Zaka's mood now.

Yun Xi once again pressed Red Dragon Zaka's plump and elastic "meat steamed bun", activating the flower that had automatically entered the dormant state again.

"Bang!" Although it's only ten seconds, it's like going back from the border of death for Red Dragon Zaka.

At the moment of dying, Red Dragon Zaka recalled her life.

The darkness in the dragon egg, the joy of birth, the excitement when hearing sisters' voices.

When she recalled her sisters' last words before going to the human kingdom, the world suddenly returned to color.

Hearing the sound of her heartbeat again, even if she knew that it was just a fake thing, Red Dragon Zaka was full of gratitude for life.

It's wonderful to be alive.

Even if it is the curse of living, it is also a hundred times better than death, no, a thousand times!

That silent world of endless darkness is really terrible.

“Ha Ha...” Red Dragon Zaka, who touched death for the third time, finally learned her lesson.

Leave this human side, she will die!

This is the blessing and curse given by Lvji’s flower.

Her life, from the moment her heart was replaced by this green flower, was bound to Yun Xi.

Yun Xi is alive and she will be alive.

Yun Xi dies, and she will die, too.

The invisible but real line, like the shackles of fate, tied the powerful Red Dragon Zaka to Yun Xi.

She can’t hurt Yun Xi, who can do anything to her. She doesn’t even have the right to escape.

The last gift left by Lvji is such a wonderful flower. It is not limited to Red Dragon Zaka, but any powerful creature who appears around Yun Xi and is seriously injured.

Lvji's blessing is to give Yun Xi a powerful "guard", or "pet".

Red Dragon Zaka is determined to let Yun Xi, who smells good, become her pet, totally unaware that the positions of both sides are actually opposite.

The heart is replaced by Luji's flowers. The thread connecting life is wrapped around Yun Xi's fingertips. She is the pet Lvji found for Yun Xi.

Yun Xi didn't realize it. He was just worrying.

I have a giant dragon tied by me, and she can't leave the distance of one meter. What should I do?

This distance means eating together, sleeping together, bathing together. There will be no privacy between the two parties.

Apart from Pafu, there is no other creature closer to Yun Xi than Red Dragon Zaka. But Pafu is small enough to hide. Where to hide a dragon?

"Pafu!?" Pafu seems to have heard Yun Xi's heart thinking and then find the seemingly delicious target.

"Pafu!" In the laughter, Pafu jumps onto the depressed Red Dragon Zaka and goes straight into her chest.

“What is this?”

The great dragon, the Red Dragon Princess, was knocked down by Pafu and suffered a shameful defeat.

Chapter 775: Artist Assistant Pafu

“No, no!”

Red Dragon Zaka, who is seemingly fearless, made a cry for help.

Yun Xi couldn't believe that the tender and pitiful voice was from that strong and domineering girl who almost ate him just now.

It seems that Pafu is just like the natural enemy of Red Dragon Zaka.

“No, no way!”

“No, don't go in!”

“Woo woo!” Red Dragon Zaka, who is curiously pasted on the lower edge of her breasts by Pafu, shows a face that is totally helpless.

If it is normal, the body of a weak creature like slime will evaporate before it gets close to Red Dragon Zaka, and it is impossible to touch the skin of Red Dragon Zaka.

This weakness stems from an unknown secret of Red Dragon Zaka during the dragon egg period.

It was a night when her sister, Desert Dragon Zaka, was born. One night when she went out to conquer the world, her dragon egg was wrapped by a slime that had accidentally entered the dragon's nest.

Up to now, Red Dragon Zaka doesn't know how the transparent slime got into the giant dragon's nest, and accurately found her dragon egg and covered it.

It seems that Red Dragon Zaka's egg is very warm and suitable for slimes to absorb energy and split. For three days and three nights, Red Lotus Zaka's egg was occupied by this unsolicited slime, and then gave birth to many small slimes.

During this period, Red Dragon Zaka experienced the darkest moment in her life. Although the slime could not hurt her, the feeling of being swallowed by transparent and cold objects made her have many nightmares.

Yes, Red Dragon Zaka has slime phobia, which has nothing to do with strength. It's a nightmare like experience.

Under normal conditions, no slime can approach her, and in this way, she completely blocks the intersection between slimes and herself.

Until now, with Pafu pasted on Red Dragon Zaka's chest in its unique way of greeting and began to draw the soft and full outline according to some instinct, so as to be used by the "great artist" in the future.

Well, this is a good Pafu who works hard and keeps collecting data for the great future of its master.

It's just that for Red Dragon Zaka, it's a complete nightmare.

She stretched out her hands and tried to crush the uninvited strange slime, but just like when she wanted to attack Yun Xi, the green flower in her heart was very intelligent in judging Pafu as an accessory of Yun Xi, and she was not allowed to exert any force at all.

As a result, the strength of fingers that could have crushed steel turned into feeble kneading, which was no different from kneading one's own chest.

"Pafu! Pafu!" Pafu even took the initiative to enjoy the Red Dragon Princess's finger kneading, and began to record more body data about Red Dragon Zaka.

Everything is for the master's great art.

Since it was used as a good-looking and practical doll making tool last time, Pafu has been a very qualified artist assistant.

"Pafu, don't play." In the end, Yun Xi took Pafu back from Red Dragon Zaka's chest.

"Pafu!" Pafu, who has completed the task, constantly changes the shape and temperature in the palm of Yun Xi, and almost perfectly simulates the touch of Red Dragon Zaka's "meat steamed bread". Whether it is kneaded or not kneaded, it can ensure that the actual experience of Red Dragon Zaka can be restored 100%.

By the way, while Yun Xi was still in the palace, Pafu had completed the database establishment of the Queen of Assyria, White Moon, Desert Dragon Zaka, Ice Dragon Zaka, and all the girls of the Starwings Knights.

That is to say, as long as Yun Xi wants, Pafu can simulate all the data of the girls, ranging from the size of the chest to the length of the toes, even the smallest details.

“Keep that monster away from me!” Red Dragon Zaka gritted her teeth and looked at Pafu, who had disappeared under Yun Xi’s clothes, with an expression of bitter hatred on her face.

She has never been so humiliated since she hatched out of the egg.

Why hasn’t slime disappeared from the world!

When she was seen like this, she just wanted to kill people and wipe out all the evidence.

The great master of fire, the Red Dragon Princess will be afraid of slime... it is the deepest black history of her life!

“Pafu is not a bad boy.” Yun Xi is embarrassed to excuse his pet.

In addition to “Mimicry” and “Element Absorption”, Pafu has almost no special ability, and can be regarded as the most harmless pet for a human.

It doesn't even need Yun Xi to feed. It can live by absorbing free elemental particles in the air. If necessary, it can also be used as a special armor.

"I hate you!"

"Why did you come to save me?"

"If possible, it should be at least the prince of mankind who comes to save me." Red Dragon Zaka is desperate about her future.

The Great Red Dragon Princess, even if she is about to die, still maintains her dignity and pride, but fell into such a pervert's hand.

Not only this human is abnormal, but his pet is also abnormal. Why is it a slime?!

In this world, no one will take slime, the weakest monster, as a pet. It has no intelligence at all. It can only breed by instinct. It is a low-level monster that will not obey the orders of human beings.

In contrast, she is a giant dragon at the top of the pyramid of the food chain, a Red Dragon Princess destined to dominate the world in the future. Compared with the weakest slime, she is worthy of the name of the strongest legendary creature.

No one would have thought that the biggest nightmare of the strongest Red Dragon Princess is the weakest slime.

With this weakest monster as a pet, this human is her natural enemy, and there is no worse result.

“Er...” Yun Xi looks at Red Dragon Zaka and wants to say that the prince of the human kingdom is actually in front of you and has married your two sisters.

However, considering that it’s not suitable to tell the truth at this time, Yun Xi thinks it’s better to give this proud Red Dragon Princess a little hope.

Chapter 776: The Similarities of Zakas

“Worst of all!” After being attacked by Pafu, Red Dragon Zaka’s hostility to the human in front of her instantly reaches the maximum.

The kind of eyes that seem to be cannibalism makes Yun Xi unconsciously have the illusion that he is being watched by the most fierce beast.

No, it’s not an illusion. Red Dragon is the ultimate creature at the top of the food chain pyramid.

Although Yun Xi doesn’t think she will really eat people, at this distance, there should be no chance to escape from the next dragon bite.

Raising a monster that you can’t control. Is that how it feels?

However, this is a monster with a beautiful face, a proud figure, and whose identity is his princesses' sister.

"Then... In this case..." After deliberation, Yun Xi felt that it was still necessary to improve the relationship between the two sides.

He can't get rid of this relationship. Lvji's power is not within the scope of his understanding now.

For a foreseeable period of time, he could only be with her in such a wonderful way. Not only was Red Dragon Zaka not used to it, but he was also a little nervous.

From birth to now, even Hua Huo has never been so intimate with him.

"We'd better get along well. I'll find a way to change this situation as soon as possible."

"Gahoo!" Angry Red Dragon Zaka stares at Yun Xi, walks up and bites Yun Xi's arm.

Originally, this was a ferocious killing with one hit, but unfortunately, under the condition of the contract, this seemingly fierce attack turned out to be like throwing herself into a trap.

When she stepped on the ground, Red Dragon Zaka still had a bit of stateliness, but when she fell on Yun Xi and bit his arm, the bite force was so weak that it could not even break a paper.

Instead of biting, it's more like a big pet pouncing on its owner and licking its owner.

“Oh... don’t move around... ” Yun Xi helplessly looks at Red Dragon Zaka and feels the elasticity of the giant chest and the mouth that gently holds and bites his arm. He feels that it’s like having a willful and coquettish pet.

“Woo Hoo!” Red Dragon Zaka bites and bites. Since the arm is not good, she would look for a softer, more lethal place and bite it!

Unfortunately, even if Yun Xi allows her to bite the softest part of his body, it will not produce any damage value at all but will give Yun Xi a feeling of healing.

As the sun sets, Yun Xi looks at Red Dragon Zaka, who has bitten him for a long time and has soaked his clothes, showing a speechless expression.

You really bite so tenaciously!

This spirit is really like your sister, Desert Dragon Zaka.

“We have to leave tomorrow. Don’t be so ridiculous.” After touching Red Dragon Zaka’s head, Yun Xi closed her eyes, ignoring her strange expression of biting his fingers and licking him.

Tired, really tired. He always feels that too many things have happened today. He really wants to sleep.

Anyway, she won’t really hurt herself. Let her stay by my side until I can solve this problem!

.....

What a shame! What a shame!

Red Dragon Zaka couldn't believe her eyes when she looked at Yun Xi who was sleeping beside her.

An angry dragon was sleeping beside him, and the human could sleep so sweetly...

"You will regret it!" Red Dragon Zaka gritted her teeth and looked at Yun Xi, who was in a dream. However, she could not help it, her stomach made a sound of "Gu".

Something's wrong! This is not right!

She's not her greedy sister, Desert Dragon Zaka. How could she be hungry so soon?! Not long ago, she had a full stomach. How could she be hungry so fast?!

Why, just looking at this human, her appetite and some other desire will continue to increase!

Obviously, I hate this kind of abnormal human!

"Bang!"

“Bang!”

“Bang!”

She thinks so, but her body doesn't react that way.

Her heart told her that it was a very, very delicious thing, a very, very beautiful thing, which made her want to get closer.

“Just try the taste, that's all!” Red Dragon Zaka licks her lips. Why does she bite Yun Xi? In addition to venting her anger, the smell that Yun Xi has been emitting is also one of the important reasons (only she firmly refuses to admit it).

“Ah Hoo!” Like biting a piece of soft bread, Red Dragon Zaka bit Yun Xi's body again.

Soft and fragrant, it is not the taste of human flesh and blood at all, but another kind of taste that just would make her immerse in it.

“No... Zaka..... Don't... ” Yun Xi, sleepy, reaches out and hugs Red Dragon Zaka, who has bitten the wrong place.

“Woo...” Before Red Dragon Zaka could resist, the flower from the heart region robbed her of her ability to move, leaving Yun Xi at his disposal to explore her delicate body under her red dress.

His hands skillfully untied the bow on Red Dragon Zaka's chest, and then grasped the upper edge of her proud mountain, gently kneaded and pinched.

"Ah Well..." Red Dragon Zaka's eyes were moist, and her body began to cooperate with Yun Xi's hands.

Why, why is this guy so familiar with my body!

That's because, on the wedding night, your sister, Desert Dragon Zaka, was so shy and curious like you...

With her feet kicking Yun Xi's body, Red Dragon Zaka struggled desperately, but Yun Xi seemed to have been familiar with the law of Zaka's resistance. Just turning over, he easily suppressed Red Dragon Zaka's tiny resistance.

Smelling the familiar and strange fragrance, Yun Xi gently sticks out his tongue and bites Red Dragon Zaka's ear.

The moment Yun Xi bit her ear, Red Dragon Zaka's whole body trembled, as if there were countless electric currents spreading in her body, and her resistance evaporated instantly.

The tiny and lovely toes stretched straight at once, and her breath became short in an instant. The shy face was like the sunset glow in the sky.

How did you know that this is my weakness?!

Naturally, that's because your sisters are like this. No matter how they resist, as long as I bite here, they will become obedient...

"Oh Don't..."

Well, even the sound of entreat is exactly the same. Which Zaka is it?

Is it the curious, active Desert Dragon Zaka, or reluctant Ice Dragon Zaka, who would be excited only when she is with her sister?

Chapter 777: What They Look Like

Yun Xi had a strange dream.

A dream about the wedding night with Desert Dragon Zaka, Ice Dragon Zaka, hot and hot, sweet and sweet.

In the first half of the dream, it is exactly the same as the wedding night. To be exact, it was Desert Dragon Zaka taking Ice Dragon Zaka to his king's room at night, and then something happened.

That's what happened the night Yun Xi married four princesses.

However, in the latter half of the dream, Yun Xi found that Zaka's face became very familiar. It was not Desert Dragon Zaka, Ice Dragon Zaka, nor Red Dragon Zaka, but a face he would never forget.

His childhood sweetheart, Hua Huo.

Moreover, it is the Hua Huo that is showing terror and murderous look, with a huge magic weapon on his neck.

“Little Xi, you big fool!”

When the sword fell, Yun Xi opened his eyes in cold sweat.

“Dream... was it just a dream?” Yun Xi wipes the sweat off his forehead. Hua Huo doesn't exist in this world. Even if there is one, her identity should be an unknown young girl, just like the side quest of “brave girl fights dragon” before.

Now, Yun Xi can't face his first love. What happened in this trial is really bad.

“Gawu... you bastard...” Falling beside Yun Xi, Red Dragon Zaka looks at Yun Xi with a lifeless expression. The marks on her body are not caused by dew.

Zakas! How can there be so many ways to play with people in the world? This pervert is proficient in them. With only one hand, he can let her know that there are countless weaknesses in her body.

Sobbing, sobbing, I can't get married! I have been impure.

“Er... why are you sweating so much?” Yun Xi looks at Red Dragon Zaka and smells a very good smell from her.

It’s a kind of smell that people can’t help but want to ravage, like the smell of Desert Dragon Zaka and Ice Dragon Zaka... Well, I can’t think about it anymore!

“It’s all your fault!”

“It’s all the world’s fault!” Red Dragon Zaka felt tears of humiliation.

I’m really fed up with it. Why did I encounter such a pervert? Why wasn’t the handsome prince in the story told by her sister Desert Dragon Zaka who came to save her?!

“If the world is wrong, change the world.” Yun Xi shares Red Dragon Zaka’s heartfelt complaint.

The world of dragon trial is really too bad, and it may get worse and worse if I stay on.

It’s better to finish this trial and beat down the strongest dragon in the legend. Otherwise, he will no longer be a gentleman.

The position of king is not suitable for him at all. Just seeing the four monster princesses in his own palace, Yun Xi felt like he’s walking on thin ice.

Really, if he continues to be this king, his life will be very short.

“Right, the world is wrong, not me! I will fight to the end!” Red Dragon Zaka called out and bit Yun Xi’s arm.

“Er... I’m not telling you to...” Yun Xi looks at Red Dragon Zaka hanging on his arm and felt both funny and annoyed.

He doesn’t know if it’s an illusion. It seems that Red Dragon Zaka’s ferocity has increased a lot, but Yun Xi feels that her intimacy with him has increased.

It wasn’t just her, he felt better about her.

Is it because the Zaka sisters are very similar? Yun Xi looks at Red Dragon Zaka’s eyes, face, and the outline of her chest, and feels familiar.

Her small ears, as well as the arc on her chest, can be easily depicted even with his eyes closed.

If he had the materials in hand, he should be able to make puppets of the three sisters of Zaka, showing their own characteristics.

Desert dragon Zaka is a girl who comes and goes like wind with the wild breath of the desert.

Ice Dragon Zaka is the crystallization of the ice and snow world for thousands of years, calm and confident.

Red Dragon Zaka is a girl full of passion and strength, like a flame, proud and never knowing how to surrender.

They all have their own characteristics, but in some parts, they are surprisingly similar, just like triplets, with wonderful charm.

In detail, even some of the body's contours have incredible similarities, almost no difference.

Maybe I really have the artistic talent to be a puppet maker? Yun Xi, who has finished modeling Red Dragon Zaka in his mind, began to seriously consider whether he would like to have a part-time job.

"No, don't look at me with that dirty look!" Red Dragon Zaka, who found Yun Xi staring at some parts of her body that he shouldn't have, showed an extremely angry look.

Last night, it was this guy who, with his shameless hands, did something like this and that to her and let her step into the unknown world for the first time.

Now, would he do more evil to her with that dirty look in his eyes!

No, absolutely not, how can the proud Red Dragon Princess yield to this abnormal claw!

If, if he dares to do that again, she will spit at him!

“Dear, don’t monkey around. Let’s travel together.” Yun Xi always felt that now he seemed to be more familiar with the proud princess in front of him.

Her anger’s not so serious as it seems.

Like Ice Dragon Zaka, who was cold and dismissive to him at first. After the wedding night, it seems that her attitude is still as bad as in the past, but the eyes have become a little soft.

Red Dragon Zaka seems to have inherited some of the characteristics of the Zaka sisters. At first, they were very, very difficult to get along with. But if you can get familiar with them, you will find that they are actually straightforward girls who can’t even lie.

This is as like as two peas of his childhood sweetheart, Hua Huo.

When he first met Hua Huo, she was so indifferent and inhumane. She was more difficult to get along with than Ice Dragon Zaka, as if she had isolated herself from the world.

In retrospect, at that time, he thought he had met the beauty of ice.

Chapter 778: Release Pafu!

That’s when Hua Huo first came to the town, when Yun Xi had not met Ye Li, Milei, El’phyllis, and often played with other boys and girls in the town.

The first time he saw Hua Huo, he felt like something was cutting her off from the world.

Where does this lady come from? The first time they saw Hua Huo, they were shocked. They had never seen such a cold and beautiful girl. All over her body, there was a sense of not being allowed to approach.

No one dared to talk to Hua Huo. The young girls born in the small town instinctively knew that she was a noble lady. Even if they scraped the edge of her skirt, they will be ruined.

Yun Xi is the only one who has the fearless heart of an ignorant person. He dares to talk to Hua Huo, who is not an ordinary person at a glance.

As for the reason, Yun Xi doesn't understand. He just feels that he can't leave Hua Huo alone in the street.

In the end, Yun Xi successfully entered Hua Huo's world and became her childhood sweetheart.

It's just that Yun Xi doesn't know why the original Hua Huo was so indifferent, and he never asked about such things.

Naturally, a lady should have a lady's secret. Hua Huo has become his childhood sweetheart. That's enough.

Hua Huo's past has nothing to do with him. What he likes is the one who is willing to smile for him and runs around the town every morning.

Compared with the mysterious girl who can only appear in his dream, Hua Huo is a lovely girl who can be seen and touched and is close to him.

With the opportunity of meeting Hua Huo, other childhood sweethearts appeared one after another. Without exception, they all had beautiful faces and special temperaments that were totally different from those girls in the small town, which made other children duel many times for them.

Well, Yun Xi didn't know about these things, because the kids finally found out in despair that Hua Huo, Milei, Ye Li, El'phyllis were all around one person.

That damn guy!

Never eat his bread!

Why are there such lucky guys in the world!

Therefore, Yun Xi inexplicably found that his former friends did not take him to play, which also made him sad for a long time.

Later, he had to play with his childhood sweethearts.

.....

In Yun Xi's eyes, Hua Huo is like a puzzle that can never be solved.

Every time you feel you know her secret, more secrets come out.

Why does Hua Huo, who has such a strong strength, always hide her real strength, and even now she has not stepped into the hero rank?

Where does her Flying Sky Sword come from?

Why did she live in the remote town?

The more he knows about Hua Huo's extraordinary features, the more Yun Xi feels that it's his best luck to be her childhood sweetheart. It's really a miracle among miracles, and it's the luck of hundreds of millions of fortuitous superposition.

Even though Hua Huo ordered him to put on the maid's clothes and went to school in the White Lotus Sword Palace, Yun Xi did not refuse.

She's a little tough, a little bit crazy, willful but gentle, cheerful and lively. She's like the sunshine in summer. She's always shining. This is Yun Xi's childhood sweetheart, the invincible Hua Huo.

Well, in this part of willfulness, Red Dragon Zaka has the essence of Hua Huo.

Yun Xi recorded how many fatal mistakes she had made since the two began to leave the volcano and head for the southern tribal region.

Bite his arm – thirty five times.

Bite his ear – 47 times.

Curse him to die – too many times, more than three figures.

Accidentally ran out of the distance and put herself on the brink of death – 13 times.

It is reasonable to learn something after looking for death 13 times in a row. At least she should know what to do and what not to do.

In other words, if you don't look for death, death won't come directly to you.

It's a pity that Red Dragon Zaka's head doesn't look so smart. It's more like a fool's indomitable spirit.

As soon as Yun Xi didn't pay attention to it, she didn't look at the road and ran into a big tree nearby.

In an instant, her heart stopped and her eyes were straight. The Red Dragon Princess, who had the power to destroy heaven and earth, fell like a puppet about "a Zaka away" from Yun Xi.

"Ah... she..." Yun Xi felt that if he didn't take good care of her, she would die countless times.

It's the fourteenth time today that he sticks his hand on her chest and feels warm from his fingertips.

CPR, go!

"Bang!" With the press of Yun Xi's right hand, Red Dragon Zaka's chest was first pressed down, showing an obvious fluctuation, and then it bounced violently, just like a lively rabbit.

"Pooh ha!" Red Dragon Zaka gasps like a fish thrown back into the water, and looks at Yun Xi with an extremely bad look.

Bite! Small teeth bite Yun Xi's hand. It's this hand. It's this hand that always touched her chest!

I bite! I bite! How many times does this damned hand insult her!

Her chest has been rubbed by this hand many times, almost familiar with the contour and strength of this hand!

"It's useless." Yun Xi skillfully pulls up the body of Red Dragon Zaka. Her human posture is not heavy at all. She can be lifted up gently, just like a large-sized doll.

It's just that this doll is different from White Moon. It's very violent and always biting.

If you create such a product as a puppeteer, it must be a big failure.

“Boo Hoo Hoo Hoo!” In the face of Yun Xi’s arm, which can’t even leave a scar no matter how many times she bit, Red Dragon Zaka showed her unwilling eyes.

“If you make any more noise, I’ll let Pafu go.” Looking at Red Dragon Zaka, which seems to be attacking again, Yun Xi has to threaten her.

“You pervert, devil!” Red Dragon Zaka was so scared that she let go.

Only that one I never want to try!

Is this human being the natural enemy of me?!

Chapter 779: The Sequelae of Lies

“Pafu!” After hearing the master’s command, Pafu ran out of Yun Xi’s clothes and was eager to try.

“No! No, no!” The Red Dragon Princess turns pale and instinctively escapes.

Well, she only runs about a meter away and the heart stops and falls down.

“What a... stupid girl...” Yun Xi looks at Red Dragon Zaka who was just rescued by himself and makes the same mistake again.

Compared with her sisters, Red Dragon Zaka seems to have another low level in IQ.

Is it because that she added all intelligence points to strength?

“Pafu! Pafu!” The green Pafu danced on Yun Xi’s shoulders, and then turned into the posture of Red Dragon Zaka. Except for not wearing clothes, the body curve was exactly the same, taking off the tiny version of Zaka.

“Maybe I have to teach her what adaptation is...” Yun Xi has some ideas about how to survive in a bad environment.

The death of three figures in the trial taught Yun Xi one thing.

Never expect the environment to adapt to you, before you have enough strength, it will only be you who adapt to the environment.

In the face of great adversity, no matter how many setbacks you encounter, don’t give up hope.

Even sometimes, a temporary retreat is OK. It’s shameful but very useful.

Red Dragon Zaka, obviously, is the kind of child who has never experienced many setbacks, which is very similar to his invincible childhood sweetheart.

It's just that Hua Huo has the power to break away from any environment. She's an exceptional existence that is not bound by any rules. Although Red Dragon Zaka is very strong, she is far from reaching the level of Hua Huo.

"Bang!" Red Dragon Zaka's chest is full of green light again.

"It's all your fault!"

"Why did you give me such a curse?!" Red Dragon Zaka opened her eyes, looked at the claw that was resting on her chest. She felt that she could not escape from that claw for the rest of her life.

"Because it's not a curse, it's salvation."

"It's better to live than to die, isn't it?" Yun Xi let go with his right hand and said with a smile.

"If I live in such humiliation, I might as well die in the war!" For the proud Red Dragon Princess, rather than live like this, it was better to die in the war with the twin witches at that time.

At least, she can still maintain the status of the Great Red Dragon Princess and die proud, instead of being tied by this invisible thread to a human being. Just imagine such a future, she will feel dim of her life.

"Don't say death so easily. There are many wonderful things in the world that you have never experienced."

“If you die so simply, your sisters will be sad.” Yun Xi patted Red Dragon Zaka on the head.

Even if there were four ex girlfriends chasing after him, even if he was abused to doubt life in the trial, he never thought of “death”.

Strive to live on, live his own life.

Yun Xi’s principle of life is not to seek the best of everything, but to have a clear conscience.

To like is to like, not to deny the wishes of his heart. Even if the future looks very bad, Yun Xi is still trying to find his own way.

“Did I tell you that I have sisters?” Red Dragon Zaka blinked, more or less recovered.

Well, this kind of forward-looking personality is really similar to Hua Huo.

Hua Huo will not give up at any time, even facing the end of the world, she can live freely.

She has the passion and strength, she is the queen of summer, is the forever bright color of Yun Xi.

“You told me. Don’t you remember?” Yun Xi, in turn, asked Red Dragon Zaka. Yun Xi had already explored the experience of how to deal with the straightforward Zaka.

“My sisters are the greatest people in the world.” When it comes to her sisters, she’s in a state of complete mental recovery.

“My elder sister is the conqueror of the world, the highest king.”

“As long as she wants to conquer the target, no one can resist her legion, she is invincible great king!”

That Desert Dragon Zaka? The king? Yun Xi can’t help but imagine the face of Desert Dragon Zaka.

Conquest, well, she is really a girl who loves conquest very much, whether in war or in bed...

“My second sister has the highest wisdom. She is a proud ice queen, a beauty that people like you will never touch.”

Ice Dragon Zaka, Yun Xi recalled the wedding night. She was hugged by Desert Dragon Zaka and rolled onto the bed reluctantly...

That crystal white skin suffused with the lovely appearance... he can’t forget even if he wants to.

“Yes, I’m Zaka, the great Zaka, the Red Dragon Princess!”

“I will avenge my sisters!”

At this moment, Red Dragon Zaka finally remembered that she was still carrying the mission given by the great original dragon.

If it wasn't for the damned twin witches, she might have swept through the whole southern tribal area and invaded the last kingdom of mankind to avenge her sisters!

I can't lose! I can never die here!

Even if she had to be humiliated and forced to do this and that shameful things by this abnormal's hand, she would have to live bravely.

For the hatred of my sisters!

For the great original dragon mother's mission!

She doesn't care about anything!

"Ah Hoo!" Grabbing Yun Xi's arm again, Red Dragon Zaka's eyes were ablaze with flames.

Your sisters are not dead! Yun Xi looks at the recovered Red Dragon Zaka with a guilty heart. After hesitating for a long time, he still doesn't tell the truth.

Why Red Dragon Zaka thought that Desert Dragon Zaka and Ice Dragon Zaka had died? He could guess the reason.

The lie he told the world seems to have become true.

The two Zaka sisters changed from the dragons threatening the world to his princesses. He changed the script of the trial.

And he, Desert Dragon Zaka, and Ice Dragon Zaka are already... It's impossible to regret.

Is it the so-called lifting a stone and hitting your own foot?

Even the world has been deceived by the lie!

Chapter 780: The Power of Connection

“Then, practice with me.”

Since there is no way to relieve this wonderful relationship, then adapt to it. This is Yun Xi's choice.

There is nothing wrong with fighting the world, but it needs enough strength. As long as the trial of the dragon's war is completed, everything will return to its original state.

“Practice what?”

“Practice to act together, and the way to fight.” Yun Xi reached out his fingertips and touched the invisible but real line between them.

The last gift left by Lvji is not just to tie Red Dragon Zaka around him.

Through this invisible line, Yun Xi can clearly feel the huge power of Red Dragon Zaka and the sound of heart beating.

“Bang!”

“Bang!”

“Bang!”

It was a beating sound that human beings could never have. It was the rhythm of the ultimate creature as a red dragon. The gift of Lvji replaced its original core and integrated her incomparable power.

After defeating such Red Dragon Zaka, Yun Xi once again realized the power of the twin witches.

Through this line of life connected with Red Dragon Zaka, Yun Xi also shared part of Red Dragon Zaka’s dragon power.

His eyes can see farther than usual, also have the ability to see through invisibility.

His skin, quietly emerging lava-like lines, is one of the three secrets of the Red Steel Genre, “lava skin”.

The three secret skills of the Red Steel Genre – Lava Breath, Lava Skin and Red Steel Blood – are the process of improving one’s potential and evolving his body towards God’s talent: “the Hard Body”.

In order to have the Hard Body, the masters of the red steel genre will use every means to torture their bodies. They will fight with huge shackles all the year round, and rush to the front line at any time.

Yun Xi got the talent of the Hard Body from the seed of Mumu, and the talent of the soft body from the blessing of Hydra the Water God. However, the two kinds of God’s talents have not yet fully integrated, so it is necessary to take the initiative to switch forms when fighting.

Red Dragon Zaka’s physical strength is even more exaggerated than Yun Xi’s.

As a red dragon holding the origin of fire, her body strength has reached a level of despair by nature. If it is not a god weapon level attack, no one can shake the hard dragon scale, which has incredible high magic resistance.

When she launches her attacks, the whole sky will tremble.

The red Dragon Roar Wave, with the attribute of burning all things, is one of her best skills. It has the destructive power to both people and the army.

Moving natural disasters, the red dragon, the scarlet destroyer, she alone has the power to destroy the world!

Yun Xi, who shared part of her strength, saw for the first time the weakness of the world from the perspective of the dragon.

When the dragon is angry, the world will tremble.

Red Dragon's anger can ignite the whole world.

For Red Dragon Zaka, she is born with the power to dominate the world, and she is born to be the flame king.

How could such a powerful creature treat human beings on the same scale, so that she would say "give you ten years to be the master of the world" and "then I will eat you".

The world outlook and moral outlook of human beings are not applicable to dragon people or powerful dragons like Red Dragon Zaka!

In fact, they are not evil, and they don't like to eat people. They just can't follow the rules of human beings, and human beings can't understand the idea of the dragon with their own rules.

If you want to communicate with the dragon, strength is necessary, just as human beings don't communicate with ants who can be trampled to death easily by their own feet.

In this world, the dragon is the intelligent creature at the top of the pyramid, not human beings.

The more he understands the dragon power flowing into his body through that line of life, the more he can understand why Desert Dragon Zaka and Ice Dragon Zaka take world conquest for granted.

Because they have that power.

Even the weakest of the four Zakas, Desert Dragon Zaka, has achieved the goal of suppressing more than half of the continent with one person.

They may have some weakness in character, but they have the simplest and strongest power to break all strategies.

Without the existence of Yun Xi and the Starwings Knights, the Dragon camp could dominate the world with just one Zaka.

This is the world of the dragon's war. Human beings are in an absolutely disadvantageous status.

What Yun Xi wants to challenge is the invincible original dragon.

"To fight together? Can you do it?" Although she was saved by Yun Xi, Red Dragon Zaka showed a suspicious expression.

Can humans keep up with the speed and strength of the dragon race?

Even if she can't change back to the real dragon posture, she has the confidence to sweep the whole human world.

What? You say the twin witches? They are not humans, absolutely not humans, but something else.

“There are some things you can’t know if you don’t try them.” Yun Xi has never tried to fight with the dragon.

However, he has practical experience in doing “this thing” and “that thing” with dragons.

“You don’t understand the difference between human beings and dragon people.” Red Dragon Zaka looks scornful and slowly raises her right hand.

The shadow of a dark red dragon’s claw flashed away, and Red Dragon Zaka tore at the mountains in front of them.

“Crack!” The mountain peaks, several kilometers high, cut off from the middle and make a deafening noise.

The mountain, which weighs tens of millions of tons, is smashed by one hit. That is the power of the dragon, and it is only the power of a dragon’s claw.

“See, this is the power that human beings can never...” Red Dragon Zaka suddenly froze. She looked at Yun Xi, who is making the almost same posture, and even the fingertips appeared the same shadow of red dragon’s claw.

“Crack!” Yun Xi, learning from Red Dragon Zaka’s technique, dominates the unfamiliar power of the dragon and rips at the smaller mountain nearby.

A huge claw mark appeared in the middle of the 1500 meter high peak, and then it broke through the mountain body cleanly.

The mountain suddenly slides down, splashing dust all over the sky.

“This... how could that be possible!” Red Dragon Zaka can’t believe it. This human has also used the “dragon claw”. This is a secret skill that only the real dragon clan can display. It is a skill specially developed for the humanized giant dragon.

“It’s a terrible power.”

Yun Xi didn’t expect that he could really use it.

What’s more, he felt more at the moment he released the red dragon’s claw.
