Chapter 781: Dragon Roar Wave

“No way!”

“No way!”

“No way!”

Red Dragon Zaka’s eyes were ablaze with flames .

It’s just a human being, just a human being . Even the prince can’t drive the power of the dragon!

Red Dragon Zaka takes a deep breath . The dragon claw is just one of her unique skills . She has more terrifying and powerful power .

Yun Xi also learned from Red Dragon Zaka and took a deep breath .

The movements of the two people are almost completely synchronized .

Then Red Dragon Zaka opens her mouth, the crystal on her forehead is filled with the breath of fire, and the vertical pupil shrinks and expands .

All creatures in a radius of hundreds of kilometers run instinctively at this moment, because they feel the breath from the ultimate creature .

In the next second, a roar beyond the limits of human imagination spreads around Red Dragon Zaka, forming a sound wave in essence .

It's the dragon roaring, the ultimate creature at the top of the pyramid of the food chain, releasing its own unique breath .

Dragon roar! This is only a gift of the dragon . Even if the mortals gather into millions of legions, they are as vulnerable as ants in the face of this indiscriminate attack .

If every mortal has 1 attack power, then can one plus one pose a deadly threat to a creature whose attack power is 1,000,000?

There is no such thing . Red dragon Zaka's roar is such an extraordinary attack that can make mortals despair . Even the Dragon roar in the human state is enough to kill 100,000 people in an instant .

That's the absolute gap in the level of life . Even if the mortals of the whole human kingdom are put together, they are not the opponents of Red Dragon Zaka .

To make such a roar, Red Dragon Zaka is trying to prove that there are some things that human beings can never do, which is the difference in the nature of life .

However, what dazed Red Dragon Zaka's eyes was that, almost at the same time she roared, Yun Xi also released almost the same sound .

Red Dragon Zaka's roar, with her unique domineering and destructive atmosphere, is like an erupting volcano .

The roar emitted by Yun Xi has a kind of holy and pure breath . Even Yun Xi doesn't know that the roar he made is holy-typed .

Two different kinds of dragon roar are intertwined to form a huge tornado . The sound of dragon roar resounds from the sky and even reaches thousands of miles away .

It's a resonance reaction . Holy typed power and flame typed power interlaced, turned into a dragon fire burning the sky, which is the perfect proof of the combination of the two attributes .

"You are not human, are you?" Red Dragon Zaka looks at Yun Xi, who is also at a loss . How can human beings roar and even cause the phenomenon of dragon roar?

"No, I'm ordinary . " Yun Xi felt the rippling waves in his body and found that in addition to the power of the dragon roar, there seemed to be other forces emerging .

The wild and restless power . No doubt, it comes from the power of Desert Dragon Zaka .

Relatively cold and penetrating, nature is the power of Ice Dragon Zaka .

Yun Xi understands these two kinds of dragon power . But what is the first awakened holy-typed dragon power?

Such a holy typed dragon power has never appeared in the world of dragon's war before . Where did it come from?

Moreover, it seems that rank is still on top of Desert Dragon Zaka and Ice Dragon Zaka, even in the face of Red Dragon Zaka, the resonance caused by the roar radiates thousands of miles away .

In the world of dragon's war, is there a powerful dragon that has not appeared?

"I don't believe it . You must be a dragon clan!" Red Dragon Zaka grins at Yun Xi, who resonates with her power, and switches her moves again .

Dragon Roar Wave, her strongest secret skill!

Although it would be a great burden on the body to perform this move as a human being, she could not manage so much .

She wants to prove that this human being can never perform such earth shaking secret skill .

Even among the giant dragons, not all dragons can display Dragon Roar Wave at will, which requires extremely huge vitality and strong control over the power of the field .

Moreover, Red Dragon Zaka's Dragon Roar Wave has the particularity of "Multi Stack", which is far beyond the general Dragon Roar Wave .

For every second of Red Dragon Zaka's Dragon Roar Wave last, its damage power will increase . As long as she has five minutes, she can smash the whole continent and sink it to the bottom of the sea .

Crimson Dragon Roar Wave – this is the strongest trump card of Red Dragon Zaka!

This is a move that even the terrible twin witches have to use the strongest killing moves to destroy .

The Dragon horn stretches out, and the deep red dragon tail appears behind Red Dragon Zaka . The vertical pupil reflects the fiery scenery, like the end of the world .

Countless waves spread and superimposed around her, as if something were rippling in the strings of the world .

"If you can learn it..."

"Then I'll be with you!" Red Dragon Zaka raises her proud head and has absolute confidence in her strongest Dragon Roar Wave .

Only this can't be learned by others . This is the power given by the great original dragon mother to her to conquer the world .

She firmly believes that her Dragon Roar Wave is invincible!

It's so beautiful . Yun Xi looks at Red Dragon Zaka . for some reason she looks more dazzling than usual at this moment, just like a crimson comet .

Burning eyes!

Raised head because of self-confidence!

Under the loose bowknot, the skin is crystal white, and her chest is like a pair of harvest fruits .

Slim waist!

Long legs and high heels!

Red Dragon Zaka, who doesn't look silly as usual and devotes all her heart and soul to the Dragon Roar Wave, is a real princess, the ultimate creature who dominates the world and steps into the mysterious and unpredictable field .

Her charm is now fully displayed in front of Yun Xi .

There is something stirring inside of Yun Xi's chest . It is the voice that stimulates him to respond to the challenge of Red Dragon Zaka . It is a gift left by Lvji .

You can do it .

As long as it's you, there's nothing you can't do .

Because you are the one I love and I am waiting for .

Dragon Roar Wave, parse! Yun Xi felt the high-speed beat of his heart and began to capture the track of the string of the world .

I saw it!

So this is Dragon Roar Wave!

Chapter 782: Different Fluctuations

After understanding how Dragon Roar Wave works, Yun Xi quickly understands why Red Dragon Zaka is so confident that he can't perform this secret art .

Dragon Roar Wave is a kind of super large-scale talent that can only be displayed by the dragon who has raised all his energy and spirit to the top .

In essence, this move is to change the life wave of the Dragon into a wave of air, and its power will show different posture according to the dragon's constitution .

Only the dragon, whose body is a thousand times harder than human beings, can turn its life essence into an attack means .

In fact, human beings also have moves that are very close to this dragon's secret art in theory . They are called "The Disintegration of Demons" . Once launched, they will burn out the performers' lives .

The dragon's natural vitality is more than a thousand times that of human beings, so it can turn its vitality into a wave that sweeps everything .

The essence of Dragon Roar Wave is the attack transformed from the vitality of a dragon, which can devour the essence of demons!

Red Dragon Zaka is the red dragon with the highest vitality among the four Zakas, and can play the power of Dragon Roar Wave to the limit!

Once launched, her Dragon Roar Wave has the characteristics of continuously improving its power, and it takes only five minutes to reach the level of world destruction .

With such a devastating Dragon Roar Wave, she is entitled to be proud and firmly believes that human beings can never learn the same moves .

Her theory is correct . Human beings can't use Dragon Roar Wave, because as long as the upper limit of human life does not reach the legend rank, there will be a gap between human beings and dragons .

This is not an area where "learning" can be achieved . It is the absolute advantage of the superior race over the inferior race .

Human beings are unable to compare with the dragon's life limit . It's an impossible task to accomplish .

Without the vitality of dragon, even if human beings master the Dragon Roar Wave in some way, they will drain the vitality in the moment of use, and become part of the Dragon Roar Wave .

The pride of the Red Dragon Princess is also the pride of the dragon race . Even if Yun Xi displays the dragon claw and the Dragon roar, she will never believe that he can use Dragon Roar Wave .

The crimson wave covered the earth, engulfed the heaven and earth, and instantly spread to the area of ten kilometers .

In the area covered by Dragon Roar Wave, everything is burned and melted . It seems that the whole ground is like melted cream, and the whole crust tends to be burnt out .

Domineering and invincible . Even the twin witches did not choose to confront the devastating Dragon Roar Wave . Instead, they wiped out the heart of the Red Dragon Princess with an unknown and terrible secret art, and forcibly interrupted the crimson Dragon Roar Wave .

Looking from the sky, it seems that there is suddenly a spreading crimson disc on the ground . This disc presents beautiful and distinct red lines, which looks like the most gorgeous art .

Yes, it's really art . It's the art of doomsday that burns out everything .

Huge beads of sweat appear on Red Dragon Zaka's forehead . Although the power of this move is unparalleled, it requires unimaginable physical strength and vitality .

Even with the dragon's humanized posture, this move exhausted her full strength . At present, she can only last this secret art for about three minutes .

However, this is enough . Dragon Roar Wave has no rival . She just wants to prove to this human being that there are some things he can't do .

Some fields, no matter how hard humans try, can't be touched . That's the privilege of the highest race in the endless god's domains!

Even elves, an element of the upper race, are also unable to turn his life essence into a wave of destruction like the dragon race .

Dragon Roar Wave, this is the pride of the dragon people!

Yun Xi really understood this point after experiencing the power of Dragon Roar Wave from zero distance .

It's impossible for human beings to display Dragon Roar Wave .

However, he can do it .

Even he's a little bit worried about what kind of Dragon Roar Wave he should learn .

At this moment, as in response to the Dragon Roar Wave performed by Red Dragon Princess, three different Dragon Roar Wave patterns appear in Yun Xi's mind .

The first is Dragon Roar Wave from his third princess, Desert Dragon Zaka .

Desert dragon Zaka's Dragon Roar Wave has a special starting mode, which can automatically condense four Eyes of Sand . With these four Eyes of Sand as the core, the covered area will be completely turned into desert and the terrain will be changed by force . It is a Dragon Roar Wave born with the curse of desertification .

The second is Dragon Roar Wave from his fourth princess, Ice Dragon Zaka .

The Dragon Roar Wave of Ice Dragon Zaka is a typical Dragon Roar Wave with a large release range and a very long duration . It can even be resident and become a field similar to halo .

The area covered by Ice Dragon Zaka's Dragon Roar Wave will become a world of ice and snow . Yun Xi is very glad that he finally married her . Otherwise, if she starts this move, the last kingdom of mankind will become a kingdom of ice and snow .

The last Dragon Roar Wave, Yun Xi, has no idea how it came from .

It's a very beautiful Dragon Roar Wave with a sacred breath .

The effect is unknown .

The principle is unknown .

What kind of dragon belongs to? He doesn't know .

It's just the way to launch naturally engraved in Yun Xi's memory .

The structure is extremely beautiful and simple . It is clear at a glance . It is composed of a vertex and four rotating lines . It shows different characteristics from other Dragon Roar Waves .

Although I do not understand the principle... just use it! Yun Xi raises his finger and immerses himself in the simple and wonderful outline .

The only point is the coordinate .

Four continuously rotating lines take the point as the tip . The construction of the whole Dragon Roar Wave is far from the general circular diffusion model, but it gives people a flavor of containing the truth of all things .

“Dragon Roar Wave...” On Yun Xi's fingertips, there is a sacred silver-white light ball jumping .

That is the truth that can penetrate the wall of the universe . It is the “beacon” that lights up the front . It is the power of faith that can break through the barriers between God's domain and extremely specialize a certain will .

Bet on your own life, desperate to find .

Even if the body is covered with wounds, even if it is pierced by ten thousand swords, he will never waver and never retreat .

Even if the barrier in front of me is the barrier of the world, which can not be destroyed by the gods, I will never give up!

Chapter 783: Divine Light

It was a sudden, spiral light falling from the distant sky .

The “point” at the top presents a beautiful and incredible silvery-white color, and the four lines behind it are constantly spinning and flying, and instantly accelerates it to an impossible level .

The silvery-white flash turned into a column of light through the earth and scattered the ominous red ripple from the center .

Once again, Red Dragon Zaka’s Dragon Roar Wave was forced to be interrupted .

This time, it was not her heart that was wiped away, which led to the collapse of the Dragon Roar Wave . It was really defeated by the higher-level Dragon Roar Wave, which could penetrate the world barrier and could travel in the void .

Red Dragon Zaka’s Dragon Roar Wave can destroy the earth and burn the sky, turning the world of dragon’s war into dust in five minutes .

The unknown Silver Dragon Roar Wave can even break through the barrier amongst the worlds . That's the power of God's!

The sacred Silver Dragon Roar Wave has more power than Red Dragon Zaka's Dragon Roar Wave .

However, Yun Xi suffered a lot from the consumption of vitality!

In just one second, his body is empty . Fortunately, he is still in the state of life connection with Red Dragon Zaka . If he is alone, he will burn out himself like firewood .

The power of the sacred Silver Dragon Roar Wave is just like that of the sun wing from Princess Golden Crow, far beyond the limit Yun Xi can grasp now .

In a sense, the Red Dragon Princess's judgment is correct . It is impossible for human beings to use Dragon Roar Wave .

However, her failure is also clear and irrefutable .

After the two Dragon Roar Waves were annihilated in an instant, the two people connected by the line of life collapse on the ground with a face full of loveless expression .

"Ha... cough... it's impossible..." Red Dragon Zaka, who has been drained of her essence (half because Yun Xi borrowed a lot of essences), looks desperate .

“You... can’t be human! ”

“How is it possible for human beings to launch Dragon Roar Wave?”

Red dragon Zaka is puzzled about how Yun Xi launched the Dragon Roar Wave .

In this world, except for the four sisters of Zaka and the great original dragon, there is no other dragon race .

Where did the silver Dragon Roar Wave come from? It doesn’t look like a thing of this world at all .

If it lasted a few more seconds, it would probably break through the world!

Her crimson Dragon Roar Wave will destroy the world in about five minutes .

The strange Dragon Roar Wave can pierce the world in about five seconds!

There is no doubt that she lost . She lost cleanly and had no chance to argue .

“I’m... very common... ”

Well, he's just a very ordinary child of stars . Yun Xi doesn't know if there are other children of stars .

One second after the Dragon Roar Wave was launched, Yun Xi was so tired that he can barely speak .

One second, he only used one second of Dragon Roar Wave!

With the talent of the Hard Body and the Soft Body, he also borrowed the massive essence of Red Dragon Zaka . Starting the Dragon Roar Wave in this second exhausted almost all his essence . If it continues, he will immediately turn into dust and go to see the familiar bonfire .

Dragon Roar Wave is really a terrible thing . No creatures can afford to launch this secret art apart from dragons .

It's so sad to be drained .

"Which ordinary human being can be the same as you?" After seeing Yun Xi and his very different Dragon Roar Wave, Red Dragon Zaka's tone has changed subtly .

She likes strong people, because she is a strong person among the strong people and will dominate this land in the future .

Only the strong people at her level are qualified to stay at her side .

Until just now, Yun Xi was just the level of "a human being who had the chance to kill her when she was dying" .

Although it is already a great standard for human beings, it is not qualified for her to treat him equally .

This self-confidence was not completely changed until her Dragon Roar Wave was defeated by Yun Xi's Dragon Roar Wave .

This human is different and special .

He, like the twin witches, didn't look like a human being .

It is said that although most of the human beings are average creatures, however, in one hundred million probability, there will be unimaginable super strong people .

Maybe, this human is the one in a billion chance of this world?

He can't be a dragon . Red dragon Zaka is 100% sure of this . But at the moment when he released the unknown Dragon Roar Wave, she really felt the same breath as hers and was far stronger than hers .

"I'm really... ordinary..." Yun Xi raised his fingertips, and there remained the mystery power .

The silver-white point, and four lines of infinite rotation . He feels that there are some mysteries in them . Unfortunately, he is far away from understanding the power at this time .

He can't use this move alone in any case .

In fact, the Red Dragon Princess didn't lose the battle, because, without her, ten Yun Xis together couldn't perform this Dragon Roar Wave .

Yun Xi has a way to perform this move, and his body also remembers the feeling of release . However, his life essence is 1000 times lesser than the most basic requirement .

Therefore, it is not so much that Yun Xi defeated the Red Dragon Princess, but rather that the combination of Yun Xi and Red Dragon Princess defeated herself .

However, Yun Xi has actually used Dragon Roar Wave, and its power is above that of the Red Dragon Princess .

The agreement between the two is not that who wins or loses, but only "can human beings do it" .

At this point, Yun Xi won .

"Agreement is agreement . "

"I promise you, from now on, I will act with you and fight together . "

Red Dragon Zaka bit her teeth and reluctantly accepted Yun Xi's proposal .

Chapter 784: Run, Zaka

Target, Red Dragon Princess Zaka .

Personality, impulsive and conceited, proud, and confident . No matter how you look at her, she looks like a princess who has been spoiled since childhood .

However, once a promise is made, it will be conscientiously observed .

This character is very similar to her sisters . All the Zaka sisters he has met have such good qualities .

Even Ice Dragon Zaka, the coldest of all, agreed to his proposal and fulfilled her responsibility as the fourth princess .

“Hey, what are you looking at? Practice with me quickly .” After agreeing to work with Yun Xi, Red Dragon Zaka’s attitude towards Yun Xi has changed significantly .

If it’s before Yun Xi performed the Dragon Roar Wave, her words must be:

“Go to hell, you perverted human being .”

Well, in fact, she is a good girl . Yun Xi stood up and moved his body .

After the same five minutes' rest, the Red Dragon Princess had recovered her fighting power, while Yun Xi was still very weak, just like the morning after the wedding night, he could not make any strength at all .

It is clear that half of her recovered essence has flowed into Yun Xi's body, but the difference in physical quality is still so great .

A dragon is a dragon . Even if she transformed into a human being, her essence of life is very different from that of human beings .

“Since we will stay together, we have to cooperate with each other . If you can't keep up with my speed, I will suffer . ” Red Dragon Zaka, with her hands on her hips, looks at Yun Xi with a serious attitude .

“In battle, you'll hold me back!”

I am not a dragon . I can't recover so fast! Yun Xi helplessly looked at the Red Dragon Princess who began to get excited for some reason he didn't know .

Through the invisible line of life formed by Lvji's power, he can clearly perceive the constant boiling dragon blood in Red Dragon Zaka's body at the moment .

It's just five minutes after her strongest Dragon Roar Wave has been smashed, but she has been so vigorous again .

On the contrary, Yun Xi has gained half of the essence of Red Dragon Zaka, but his body is still not managing .

There is such a big gap between human beings and dragon people!

“First, running together is the foundation of the foundation .” Recognizing Yun Xi’s qualification to fight alongside her, Red Dragon Zaka unleashed unprecedented enthusiasm, almost in sharp contrast to the hostility of the first encounter .

“To suit your speed, I’ll hold your hand .” Grasping Yun Xi’s hand, Red Dragon Zaka, who seems to have finally found a solution, has a burning flame in her eyes .

Yes, that’s the best way . As long as we keep holding hands, I will never leave the invisible line .

That’s the best way to get rid of the curse!

“Run!” No matter whether Yun Xi agrees or disagrees, Red Dragon Zaka has been forced to do it!

“Oh, wait, I’m not ready yet!”

Human beings are not dragons . They can’t revive in five minutes after performing suicide moves!

It is clear that Red Dragon Zaka is not malicious, but Yun Xi always feels that he has chosen another wrong option .

Is it better not to use the unknown Dragon Roar Wave?

Now the Red Dragon Princess is obviously over-excited at another level!

No matter what she encounters, she will rush up! What a young and active girl!

This kind of childishness is like Hua Huo in some way .

No way . Let's run!

“Run! Run! Run!” Holding Yun Xi's hand, Red Dragon Zaka runs at a high speed as if she has endless amounts of energy .

“Where are we going?” Yun Xi didn't know his position . There was no such thing as “road” in the route they were heading to .

Red Dragon Zaka chose a straight line!

What about the woods in the way?

Once she uses her dragon claw, any place can be the road!

What about a river 100 meters wide?

Give it a sprint jump past .

What to do with the thorny swamp and a group of vicious crocodiles?

After a few fireballs, the swamp was burned into hard ground, and the crocodiles became roasted crocodiles .

There is nothing to stop Red Dragon Zaka from running . She takes Yun Xi across mountains, rivers, forests, swamps, and rushes all the way to the desert area .

In the setting sun, there are two running figures, which are the youth of boys and girls .

When Red Dragon Zaka finally stopped, Yun Xi looked at the oasis in the desert area and found that he had already traveled half a continent .

According to the map he had seen in the palace, it was a desert area in the west of the mainland, which had long been conquered by his third princess, Desert Dragon Zaka .

The desert tribes here have collectively converted to the dragon, forming a new dragon belief . In addition, the northern ice field, which has been occupied by the enemy for a long time, has become the inland of the Dragon Kingdom and is the domain dominated by the original giant dragon .

“Not bad, you passed . ” Red Dragon Zaka looks at Yun Xi, who runs with her even though he doesn’t want to .

Without wings, she was not used to running on the ground . It took her a day to reach the distance that the dragon wings could easily fly over .

However, it is worth it . In the process of running, she gradually gets familiar with the rhythm of Yun Xi, and Yun Xi gradually keeps up with her pace .

It is a tacit understanding that naturally arises between the two sides .

Hand in hand, shoulder to shoulder, two people's heartbeat and breathing rhythm become consistent .

It's hard to describe that feeling, for the first time in his life, and for Red Dragon Zaka .

Holding hands with him, without thinking about any problems, just running, running, running with the sun toward the West .

The first defeat in her life .

The tension of being cursed .

In the confrontation with the human beside her, she can see the stronger Dragon Roar Wave .

Originally complex thoughts, with the two people running together, gradually became simple .

Yes, this human is qualified to run with me . He can catch up with me and keep improving .

If it is this human being, he is qualified to advance with me .

In the end, they failed to catch up with the sun . They stopped in the oasis and watched the sunset finally set in the west of the horizon .

Chapter 785: Starlight and Whisper

“OK, that’s the end of running training .” Red Dragon Zaka releases Yun Xi’s hand, stretches his body, and looks at Yun Xi with a wonderful look .

That kind of feeling, just like a little dog who has been crazy for a day outside and looks at her master eagerly after returning home .

“I’m hungry!”

After the rapid development of the relationship with Yun Xi, Red Dragon Zaka has a strong case for food .

“Only bread .” Yun Xi took a look at the oasis . In addition to clear spring, there were only a few poplar trees with their leaves tightly closed and large areas of cactus .

In the distance, it seems that there were a few scorpions and other creatures foolishly hovering on the sand dunes, but dare not close here .

There is no doubt that they feel the smell of a dragon, the ultimate creature at the top of the pyramid of the food chain .

“Bread will do .” Red Dragon Zaka gulps in her throat and gulps down her saliva .

Before that, she had never thought that bread, a kind of common food of human beings, would have such a strong attraction for her .

No, it’s not about the bread . It’s his bread . His bread is unusual!

That kind of bread contains some ingredients that make her unable to stop . If she just takes a small bite, she will feel like she is floating .

Yes, that’s the smell . It’s the smell of crime! Red Dragon Zaka looked straight at Yun Xi’s golden-colored bread from his own storage and snatched it with lightning speed .

“Ah Hoo!” With a big bite, she once again showed a happy expression .

Well, if I can eat such delicious bread every day, it seems that it is not impossible to act with this human being temporary .

“Oh Don’t eat too much... you will become fat . ” Yun Xi stretched out his hand, and another golden butter bread appeared in the palm of his hand, and was bitten away by the long waiting Red Dragon Zaka .

“Giant dragon doesn’t need to worry about getting fat...” Red Dragon Zaka hums a tune to show off her proud figure .

The skin is white and tender . The neck is long and snow-white, more beautiful and smooth than a swan’s neck .

The typical oval pretty face, coupled with the small and classic features, has become a very attractive picture .

The beautiful girl’s body, which is exquisite and full of youthful breath, is within the reach of Yun Xi’s hands .

Obviously, he didn’t eat much, but Yun Xi felt like a full meal .

The thread of life actively conveys a certain impulse of Red Dragon Zaka towards him .

Like, I want to lick his body?

Errr... delusion, delusion! It must be a delusion!

In fact, this is not a delusion .

Red Dragon Zaka looks at Yun Xi quietly and licks the white cream from her mouth .

Through the pupils of Yun Xi, she can see her human posture .

No matter how she looks at it, she is a beautiful and peerless beauty in his pupils .

Well, is that line of sight... looking at my chest?

Unable to help it, Red Dragon Zaka recalled how her soft chest had been kneaded by the other party over and over again, and she was deeply immersed in the feeling .

This pervert is so interested in her chest!

Human beings are hopeless!

Hum, I won't show you! Red Dragon Zaka hugs her chest and makes a face at Yun Xi .

Uh, found out?

The guilty Yun Xi turns his head . It is really not a thing a gentleman should do .

“Well, tell me about you . You should be one of the strongest men in the world?” Now that she has to stay with Yun Xi for a while, Red Dragon Zaka becomes curious about Yun Xi’s identity .

Just an ordinary human being? Don’t try to fool me!

If even an ordinary human can use the Dragon Roar Wave, there will be no room for other races in the endless god’s domains .

“No, I’m far from the real strong .” Yun Xi naturally comes up with his own invincible childhood sweetheart Hua Huo, as well as the twin witches who defeated Red Dragon Zaka .

Taking them as the reference target, Yun Xi doesn’t feel that he is very strong at all . It’s better to say that he had just caught up with them .

Red Dragon Zaka, on the other hand, is born strong . She can destroy the world in five minutes . It’s no joke .

If there wssn’t the connection of Lvji’s life line, he has no chance to defeat her except to open the forbidden door of Starwings .

Recognizing the gap is one of the manifestations of Yun Xi’s growth .

The Queen of Assyria, White Moon, Desert Dragon Zaka, and Ice Dragon Zaka, his four princesses are all real monsters in a sense!

Especially the Queen of Assyria, the master of the Forgotten Ruins, she made Yun Xi revived from the bonfire for countless times .

When I can fight with Red Dragon Zaka without the Starwings, maybe I will be one of the strong .

“I wanted to be stronger and stronger than anyone else, so I came to try . ” Yun Xi held out his right hand, and the star lights fell from his finger joints .

No matter what the world is, he can see the stars all over the sky .

As long as the stars shine on the place, he will be full of courage, because that is the great stars’ care for him .

Therefore, no matter how many setbacks he encountered, no matter how many times he died, he would believe that he would find the way to hope .

“Yes, only the real strong people are worthy of the world . ”

Chapter 786: Delicious Time

Red Dragon Zaka also reaches out her finger and grabs Yun Xi’s hand . The two fingers are connected and their cheeks are getting closer .

Why? What is she doing?

Why? What am I doing?

Yun Xi's face was tense, showing an expression of going to accept but yet refuse .

Red Dragon Zaka, on the other hand, has a confused expression of "Where is this place?", "Who am I?" and "What am I doing?" .

Only the green flower in her chest, the gift left by Lvji to Yun Xi, the only flower in the world, quietly unfolds its petals and releases certain elements .

It's fragrant, sweet, and intoxicating .

Why, why do I want to kiss this human being?! Red Dragon Zaka only felt that her mind was in a state of confusion . She couldn't remember anything or think about anything . She just had an instinctive impulse, which seemed to urge her to try to absorb some elements .

Subconsciously, she understands that it was very, very delicious . The little red dragon, who had enjoyed Yun Xi's bread, had no immunity to it .

But how to eat it?

It's OK to eat like this . Red dragon Zaka lowers her head and clasps her fingers with Yun Xi . Her beautiful face is as red as sunset .

Her body instinctively flustered trembling, and her heart rate constantly accelerating, accelerating, seems to be waiting for something to moisten .

Yun Xi looks at the lovely Red Dragon Zaka in front of him and can't help but swallow a mouthful of saliva .

It's terrible, it's really bad .

He clearly knows that this is not a thing he should do, but there is no place to escape!

He and Red Dragon Zaka are bound to the line of life, not only the young red dragon princess but also himself .

Yun Xi realized this only now .

Looking at the closer and closer lips of the lovely red dragon princess, Yun Xi can't hide .

"Pa!" Red Dragon Zaka's hairband was automatically untied, and her long hair fell down, and her skin was shining like jade in the moonlight .

The girl's soft face pasted on Yun Xi's cheek, and two people's lips naturally combined .

Boom! Just in an instant, there was a flame burning in both of their bodies .

It is the flame of life, it is a brilliant color, it is the band intertwined with each other .

Compared with the unruly Red Dragon Zaka, Yun Xi almost immediately took the initiative .

He wantonly kisses the fragrant lip that has never been touched by a man . The whole person seems to be burning . With his powerful tongue, it is easy to open and close the barrier . He puts it into the mouth, licks it slowly, and sips it from time to time so that the Little Red Dragon Princess makes a lovely voice .

At this time, the experience of the wedding night is perfectly displayed . For how to get close to Zakas, Yun Xi's proficiency has reached the level of a master .

And Red Dragon Zaka's experience in this area is, of course, zero!

Beautiful long hair randomly scattered on the chest, under the light of stars, send out a kind of soft luster like jade .

The smooth and warped twin peaks are perfectly pressed on Yun Xi's chest, bringing a greasy touch .

Yun Xi kisses greedily while freeing his right hand and let it slide slowly along the pink cheek and jade neck to Red Dragon Zaka's tall and plump chest .

Through the gentle and smooth arc, Yun Xi's hands from front to back gradually slide from the greasy and soft back of the neck to the slender waist, and slowly encircle the smooth abdomen, so that he once again experienced the taste of the fragrant body .

As Yun Xi's actions became more and more excessive, Red Dragon Zaka suddenly blushed and immediately fell into chaos, and her consciousness of resistance disappeared again .

The green flowers that successfully add Yun Xi's ingredients continue to drive the lost little red dragon and let her actively approach Yun Xi .

"Well... Ah..." Red Dragon Zaka's red cherry mouth becomes more sweet and greasy with a touch of refreshing fragrance .

The smell is... Yun Xi is also a bit hazy as if entering a dream .

In front of his eyes, the Red Dragon Princess's face gradually became the face of Desert Dragon Zaka, and then the face of Ice Dragon Zaka .

After all, they look so similar .

With his strong arms around the soft waist of Red Dragon Zaka, his palms caress the girl's smooth and delicate back, and his lips gently kiss her forehead, eyes, and cheek .

When the girl's expression changed from tense to soft and shy, he sipped and sucked her fragrant pink lip and entangled with her sweet tongue .

The long kiss made Red Dragon Zaka's body more soft and powerless, and almost lost all the resistance .

Of course, just like last night, even if she resisted, there would be no change .

Yun Xi's lips continued to move downward, planted a few bright rose kisses on Red Dragon Zaka's crystal white neck, and gently bit the soft and full bud .

Every time Yun Xi's tongue sweeps across it, Red Dragon Zaka makes a whine .

Waves of redness appear on the snow-white body . The straight and plump legs are sometimes stretched and sometimes folded . The smooth and delicate skin is even hotter as if it was ignited .

Yun Xi just took a light bite, and the pair of white rabbits bound by the bowknot had broken away from the shackles of the dress and exposed to the air .

Under the starlight, the jade-like cheeks, small and delicate nose, ruddy lips, as well as the full and straight chest, slender waist, all send out the pleasant smell that Yun Xi can't resist .

At this time, are you going to be an animal, or continue to resist like a gentleman?

Yun Xi was in a great deal of trouble, but soon he didn't have to worry .

Because Red Dragon Zaka has bitten his ear and began to absorb a special factor called "Yun Xi's ingredient" more actively .

A cloud passed by quietly and blocked the moon .

“Eat you!” Biting Yun Xi’s ear, Red Dragon Zaka made a voice that he didn’t know if it was a demonstration or a temptation .

Well, next, she really went from toe to finger, from ear to... eat Yun Xi up and down .

Tonight is a peaceful night .

Or, it’s time for the little white rabbit to attack the wolf .

Chapter 787: The Mind of a Young Girl

Under the stars, the Red Dragon Princess pulled the clear and cold spring water on her delicate white body .

Transparent water drops from the red face to the white neck, and then to fragrant collarbone, tender arm, delicate jade-like back, flat abdomen, soft waist, round hip, slender legs, thin feet, and finally return to the water .

In the starlight, the crystal clear skin exudes a wonderful white luster .

The spring water at night is very cold .

The Red Dragon Princess's body is very hot .

Behind her is Yun Xi, whose eyes closed and face embarrassed .

“Don't look, I'll kill you!” Red Dragon Zaka, who is washing her body, stares at the bastard who has done those things just now .

Careless, I was too careless!

I can't get married!

“I didn't open my eyes . ” Yun Xi felt that it was really unjust . It was her who took the initiative to do that to him!

The passionate deep kiss, a little tender but indefatigable way of intimacy... the energy of the dragon is really amazing!

“Hum, big liar!” Red Dragon Zaka washes her hair and skin with spring water . Her body has his smell everywhere .

What? Did she take the initiative to push him down? There is no such thing!

Everything is his fault!

No matter what, it must be his fault!

Zakas don't make mistakes . The daughters of the great original dragon are symbols of truth .

Everything Zakas did is right because they had the power to make rules .

“What is this kind of person?” Looking at the traces left on her body, Red Dragon Zaka's small face turned red and recalled what had happened just now .

Did her feet have stepped on him many times?

At the same time, they were kissed many times .

What's more embarrassing is that she took the initiative to lick...

It must be this guy's fault, it must be the moon's fault, it must be the star's fault, it must be the sun's fault! Anyway, it's definitely not her fault!

She never thought that she would have such a relationship with human beings in her whole life . It's too impure!

Does she like this human?

No way! Even if tomorrow is the end of the world, she won't like him .

To get her heart, at least he has to be a king!

This guy is not like a king at all . And how many girls have been violated by this bastard?! Why was he so skilled?!

“Forget it!”

“Forget what happened tonight!”

“Nothing happened tonight . It's all your dream!” Red Dragon Zaka gritted her teeth and yelled in Yun Xi's ear .

“Ok, ok... I know It's a delusion... it is just my dream...” Yun Xi raises his right hand helplessly and makes an appointment with Red Dragon Zaka .

“Pinky swear!”

“If you dare to tell anyone, I will eat you, from toe to hair!” Red Dragon Zaka's roar was loud, with an imperceptible sense of shame .

“Yes, yes, I will never say it . ” Yun Xi takes Red Dragon Zaka's little finger and shakes it

“It’s a secret between us .”

“Idiot, pervert, big liar!” Biting Yun Xi’s finger, Red Dragon Zaka left a small tooth mark this time .

The red dress woven by magic reappeared on her body . The old one had just disappeared because of some flame .

Her high-heeled shoes trample heavily on the ground beside Yun Xi as if it’s a part of Yun Xi’s body .

Oh, she really dislikes me . It’s really bad .

Why can’t I just control my impulse? Yun Xi sighs at Red Dragon Zaka, who looks at him with her look becomes more and more scornful .

At first, it was Red Dragon Zaka who took the initiative, but after that, he couldn’t say that he wasn’t affected .

When embracing her, he always has the delusion that he was holding his fifth princess .

What a mistake . What a mistake!

“Bang!”

“Bang!”

“Bang!”

The untimely heartbeat rings out, seems to be smiling at this pair who just entered the wonderful world .

Heartbeat can't lie .

Red Dragon Zaka's heart is pounding, that is the pure feeling of a girl .

Yun Xi's heart is pounding, that's the troubled youth's regret . Youth is always so easy to be impulsive, chagrined .

Some wonderful atmosphere spread between them .

“Say... say something!”

“You liar, do you dare to do such a thing to me and dare not to admit it?” Red Dragon Zaka's hands rested on her hips with a reproachful look .

Maybe, it's not to blame someone but to know, to understand a problem .

Only Yun Xi can give this problem an answer, a perfect answer that makes the other side blush .

“Didn’t you say... you want me to forget it?” Yun Xi asked in confusion . He doesn’t understand the young girl’s caprice at all .

“Ah... you stupid... fool!” Red Dragon Zaka trampled on Yun Xi’s feet with her high heels .

Fool, fool! Why can’t you understand!

I just want to know, are you... why can’t you understand?!

Even if you are a liar, you are also a liar who has won the Great Red Dragon Princess and completed the unprecedented great cause in human history .

I want to be praised by you!

I want you to say I am the most beautiful princess in the world .

I want you to tell me that you who have the Red Dragon Princess are the happiest person in the world!

Too stupid, too stupid!

“Yes, yes, I’m a fool... ” In such a situation, Yun Xi can only act like a fool .

Well, it's especially useful for Hua Huo . When Hua Huo is angry, he just has to admit his mistake and pretend to be a fool, and he can be forgiven .

“Well, at last, you know yourself .” Red Dragon Zaka grabs Yun Xi's face and makes a funny expression:

“The luckiest thing in your life is to meet the magnanimous Red Dragon Princess .”

Magnanimous?

It seems that he has been forgiven . Yun Xi quietly breathed a sigh of relief .

Chapter 788: Our Target is the Witch!

The more Yun Xi gets along with the Zaka sisters, the more he can feel their frankness and innocence .

From the perspective of human beings, they are truly dangerous creatures with the power of destroying the world .

However, they are not evil, and they are not monsters that will destroy everything for no reason .

Instead, they all have their own personalities and see the world in their own way .

Desert Dragon Zaka, Ice Dragon Zaka, and Red Dragon Zaka, Yun Xi has met three of Zaka's four sisters .

According to what Yun Xi has seen so far, the younger the Zaka is, the stronger her strength is .

Red Dragon Zaka, who is by his side at the moment, could destroy the continent in five minutes .

So, how powerful is the Zaka that has not yet appeared?

And they are just the four "kings" who guard the original dragon, the final boss . Yun Xi once again feels that the difficulty of this world is too much!

"You... what a wonderful creature..." After being forgiven by Red Dragon Zaka, Yun Xi walks up to her .

"I'm Zaka, the most powerful dragon in the world . "

"Since you want us to act together, you have to be worthy of me . " Red Dragon Zaka grabbed Yun Xi's hand in high spirits .

After last night, something happened .

Once they crossed that line, they cannot go back .

Since they can't go back, they can only accept it and deal with it!

Red Dragon Zaka looks at Yun Xi and makes a decision .

“Be strong with me!”

“In this way, you are qualified to be mine...” At this point, Red Dragon Zaka's face turned red and she couldn't speak any more .

Obviously, it is something that can never be forgiven . She never expected that the whole thing would develop to such an indescribable degree .

Now, there are still Yun Xi's kisses on her skin, neck, chest, and abdomen, which is the proof of the two people's time together .

At the same time, it is also a contract, which is more vivid than any word or oath .

In her chest, the flower of life is releasing a new force .

That's the power of hope and fetter .

Two people naturally hand in hand, ushered in the morning light .

On the eastern horizon of the desert, a golden red sun leaps out, illuminating the faces of Yun Xi and Red Dragon Zaka .

“Go and conquer the world with me!” Red Dragon Zaka exclaimed what she had to do, what her sisters couldn’t do .

“Is this really so important to you?” Yun Xi has always been unable to understand why the Dragon had to conquer the world, for this reason they even dare to fight against all other intelligent creatures .

“This is a matter of course, because the great mother wants the world . We will fight for our mother . ”

“I lost to the witches once, but as long as I’m alive, I will continue to fulfill my mission . ”

“Dragons can never be defeated!” Red Dragon Zaka raised her proud head, took Yun Xi’s hand and pointed to the rising sun on the eastern horizon

“We are the masters of the world!”

Yun Xi was silent, and finally realized that the world outlook, law, social order and so on of humanity was really meaningless to the dragons .

The ultimate creature with the strongest power can really do whatever it wants . If he wants the original dragon to change its plan, at least he must have the power to defeat it .

Just the third Zaka already has the power of destroying the world, how powerful would the original giant dragon be?

Can the world be saved?

“I want to see the twin witches .” After a moment, Yun Xi hesitated to say his destination .

Perhaps, only with the support of the twin witches, the world that seems bound to be dominated by the dragon will usher in the dawn .

“Do you want to kill them, too?” Red Dragon Zaka’s eyes lit up .

“No, I just think your heart hasn’t disappeared . You have to find it .” Yun Xi found a reason to temporarily conceal the truth that he went to see the twin witches .

However, this excuse is not a lie, because he does feel the message from the green flower .

Red Dragon Zaka’s heart is not really completely erased, but still exists in this world .

In other words, the lost heart of Red Dragon Zaka is still in the world, but it is not in her body . It was taken away by the twin witches in a special way .

The flower of Lvji is just a temporary substitute for the heart function of Red Dragon Zaka .

If he wants Red Dragon Zaka to survive, he has to find her real heart .

“Well, did you notice that?” Red Dragon Zaka was surprised to see Yun Xi, who volunteered to find her heart .

Clearly, she didn't say a word about her lost heart .

“Your heart, it's not going to die that easily .” Yun Xi looks at Red Dragon Zaka's chest . He has experienced it many times last night .

“Yes, I'm Zaka, the child of the great original dragon mother .”

“It's not so easy to kill me!” Red Dragon Zaka puffed up her chest and hesitated for a moment

“But the twin witches are really strange . They don't look like creatures in this world at all .”

“The way they fight is terrible .”

“Especially when they're fighting together...” At this point, Red Dragon Zaka pauses, and the vertical pupils shrink into two small dots .

“The feeling they gave me is they are no longer within the scope of life .”

“No longer within the scope of life?” Yun Xi looks at Red Dragon Zaka in confusion, unable to understand her fearless expression .

Are Red Lotus and White Lotus so scary?

Yun Xi has never seen Red Lotus and White Lotus fighting together, but only infers from their seeds that they are good at fighting together .

It’s clear at a glance that they’re closer than him and Red Dragon Zaka, who are tied with the line of life, because they are real twins .

From birth to now, they don’t even have a second of separation time .

The twin witches may be the most powerful human beings on this continent .

“If you want to win them, you have to attack them before they have time to react, and cut off their contact with the strongest blow!”

“Otherwise, you will die!”

Chapter 789: The Horror of the Witch

“How strong are they?” Yun Xi understands how strong Red Dragon Zaka is.

Her Dragon Roar Wave can destroy the whole continent in five minutes, and this is far from her full strength. If she transforms back to the real dragon form, her power could even be stronger.

In fact, his holy Dragon Roar Wave is also a forbidden skill which can only be performed with Red Dragon Zaka's vitality. It is not a field that he can enter now.

"They are strange..." Looking back on the battle with the twin witches not long ago, the more Red Dragon Zaka thought about it, the more wrong it was.

"The witch in red is very powerful in swordsmanship. She should be the strongest swordsman in human beings."

"The witch in white doesn't seem to be good at fighting head-on, but she has a god weapon with very strong attributes."

"I won't be afraid of either one of them if it's a one on one fight."

"But facing them two at the same time..."

Recalling the moment when she finally lost the battle, Red Dragon Zaka's pupil glowed with a red halo, and then projected a scene that Yun Xi did not see:

"Look, this is what they were like then."

Yun Xi is engrossed in the light curtain that appears in front of Red Dragon Zaka and sees the twin witches he has never seen so far.

He can see that this is from the perspective of the dragon. At this time, the sky has been ignited, and the domineering crimson Dragon Roar Wave covers almost the whole sky and is still spreading.

In a deep red, Red Lotus, dressed in a maple leaf witch costume, guards White Lotus with a sword, and her face seems to show a trace of hesitation.

White Lotus opened her mouth and said something softly.

Red Lotus closed her eyes and shook her head as if she didn't want to accept White Lotus's advice.

White Lotus gently shakes her Ring of Star and Moon, and countless light spots are flying out of the god weapon made by Yun Xi's gift to her.

The next second, the light dots turn into coordinates, summoning thousands of stars from the sky.

That's exactly what Yun Xi sees from the ground, the stars falling from the sky and bombarding Red Dragon Zaka's Dragon Roar Wave.

However, this move did not defeat the powerful Red Dragon Princess, but infuriated her.

The Red Dragon Princess accelerates the attack. For a moment, the magic shield performed by Red Lotus is a little shaky, and it looks like it will break apart in the next second.

At this time, Yun Xi even thought that Red Dragon Zaka had a huge advantage and was only one step away from defeating the twin witches.

In the world of the dragon's war, the power shown by Red Dragon Zaka has undoubtedly reached the highest level!

What can be compared with her is the Queen of Assyria under the blood moon. However, the Queen of Assyria seems to be restricted to some extent, but the power of Red Dragon Zaka is real and pure.

At this time, White Lotus made an action, she put her own Ring of Star and Moon gently on her sister's head, then the two face to face, ten fingers clasped.

"Look carefully, this is where I feel strange." Looking back on this scene again, Red Dragon Zaka's breath suddenly becomes fast.

It was totally unexpected, and it was proof that she thought it was absolutely impossible for the twin witches to be human.

Behind them, the altar appeared.

Step on the altar, the twin witches' bodies gradually disappeared.

Next, the witch in white suddenly appears, turns around and claps at Red Dragon Zaka.

In her hands, there is a golden balance.

At one end of the scale is an unknown golden feather.

At the other end of the scale is a beating heart.

After comparing the weight of these two things, the witch in white showed a mysterious smile.

At this moment, Yun Xi also felt the fear of Red Dragon Zaka at that time.

It can't be White Lotus, it's ... something else.

Obviously, she has the same appearance as White Lotus and Red Lotus, but observing carefully, the clothes on the witch are different.

What Red Lotus is wearing is a witch's dress with red maple leaves.

White Lotus is wearing is a pure white witch's dress.

The witch with the golden balance has decorations that don't belong to White Lotus or Red Lotus.

That kind of decoration seems to be older, the pale gold lines of the corner of the dress presents a kind of vicissitudes of life as if it had been washed by time.

Her figure also gives people a fragile and beautiful feeling that seems to disappear at any time.

Holding a small gold balance, she seemed to weigh something else instead of weight.

“It was... my heart.” Red Dragon Zaka is still in a state of palpitation when she recalls the emptiness of her heart at that moment.

It's not a force that she can resist. The witch in white and with golden lines on the corner of her dress is absolutely impossible to be human, or even the thing of the world.

The power of the golden balance she took out completely ignored the magic and physical resistance of Red Dragon Zaka, and took her heart directly.

It's like karma or fate, a force that even Red Dragon Zaka can't fight.

Yun Xi saw all the following things.

Red Dragon Zaka fell from the sky and her Dragon Roar Wave disappeared. The irresistible Red Dragon Princess fell into a dying state and was finally rescued by Yun Xi.

“That witch can’t be human.”

“The magic they use doesn’t belong to this world.”

“The golden balance, I’m afraid, is the weapon of the gods.”

Red Dragon Zaka is afraid of the last inhuman gesture of the twin witches.

“Probably, only my sister, Black Dragon Zaka, could resist that attack.”

“Black Dragon Zaka? Can she do it?” After witnessing the secret skill of the twin witches, Yun Xi has some guesses about the power.

It’s the power of the god witch, and Yun Xi has been in contact with a fraction of this mysterious power before.

This kind of power can really attract gods. The Golden Crow Princess was called to the world by them, by this secret skill.

“Yes, my sister, Black Dragon Zaka is the strongest Zaka.”

“Even in the face of the real God, she can kill God!” Red has absolute confidence in Black Dragon Zaka.

The unborn Black Dragon Zaka is the ultimate trump card bred as a god killer.

Her power is much more terrifying than the three sisters put together.

What the original giant dragon mother gave her is the most powerful “deicide” god weapon!

Chapter 790: Holy Crimson Ligh

t

“But I won’t lose too much to my sister.”

“My strength is overwhelming, and my Dragon Roar Wave is the strongest of the four Zaka sisters!” Red Dragon Zaka said proudly, which is the only thing she has absolute confidence in.

“Dragon Roar Wave...” Yun Xi also has to admit that her Dragon Roar Wave is one of the most incomprehensible moves he has ever encountered.

He can crack Red Dragon Zaka’s Dragon Roar Wave with the help of Red Dragon Zaka’s own essence.

Mobile natural disasters.

The noble Red Dragon Princess.

In addition to a little too innocent, as a dragon, she is absolutely in the super class.

“To deal with the twin witches, we have to use stronger attack, faster speed, defeat them before they use that move!” Looking back at the fight, Red Dragon Zaka quickly found the root of her fiasco.

It’s not about combat effectiveness, it’s about the way of attack.

Her Dragon Roar Wave almost broke the twin witches’ defense. If she can use a faster and stronger Dragon Roar Wave, and it’s better to match it with the defense penetration attribute, then she can defeat the twin witches before they perform that secret skill.

Does she have that power?

Not yet, but Yun Xi has that power!

Yun Xi’s sacred Dragon Roar Wave ignores all defenses, gives Red Dragon Zaka a feeling that is not even under the heart seizing skill of the twin witches.

What she can’t do alone is possible if she joins hands with Yun Xi.

The double Dragon Roar Waves! They can use Yun Xi’s holy Dragon Roar Wave to disintegrate the twin witches’ defense, and then use her crimson Dragon Roar Wave to kill them. This is a perfect match!

“Let’s challenge the twin witches together!” After finding a way to turn over the situation, Yun Xi’s proposal to act together and fight together immediately captured Red Dragon Zaka’s heart.

Yes, that’s it. As long as two people are together, there is no invincible opponent.

Sure enough, this is fate.

When my sister, Desert Dragon Zaka found her dream lover, she must have felt like this.

Although he is no match for Desert Dragon Zaka’s lover, at least he is strong enough.

It is better to say that there is no more suitable human for her than he is.

There won’t be another human who can use Dragon Roar Wave!

“Start special training right now, in order to beat down the witches, our synchronization rate must be higher!”

“What’s more, your Dragon Roar Wave should become our strongest killing skill!”

“When the time comes to solve the twin witches, it depends on the strength of our joint efforts!”

She was defeated by Yun Xi's holy Dragon Roar Wave. Even if it was only one second, Red Dragon Zaka remembered it deeply. It was the first time that she met a stronger Dragon Roar Wave than herself.

"Our combination skill is called Holy Crimson Light!" Red Dragon Zaka has even chosen the name of the combination skill of the two.

It turns out that she likes such a shameful name... Yun Xi looked at Red Dragon Zaka and couldn't bear to look directly at the name of the combination skill.

"The spiral light breaks through the sky, and the sacred crimson light covers the world!"

"This is the verdict from the Red Dragon Queen!" Red Dragon Zaka triumphantly raises Yun Xi's hand and points to the sky. The huge magic energy is compressed into a laser and released.

Dark red beams of light run through the clouds near the sun, shaking the sky.

"Look, the sky is burning, that's... our proof of..." Finally, Red Dragon Zaka's small face suddenly warmed up, and it seemed that she finally realized something was wrong with herself.

What a happy and positive kid. She doesn't know what frustration is and always goes straight ahead.

However, Yun Xi didn't dislike her character.

Rather say, he is also affected by her optimism.

“My attack is invincible!”

“Break up! Nothing shall stand in my way.”

“Even if it is the darkness of impermanence, I will break it for you.”

Learning from the tone of Red Dragon Zaka and recalling the time when he played with his childhood sweetheart when he was a child, Yun Xi cooperated with Red Dragon Zaka with a smile.

At that time, what did his childhood sweethearts say?

“Gold is the wealth of the gods, the golden princess is the child blessed by the gods, the gold of Rhine is her crown, and the sacred ring is the mark of the princess, offering the purest flowers for the dead gods.”

This is the speech of Milei.

“White leaves are beautiful ornaments, golden branches are swaying scenery, and bloody flowers are dangerous and beautiful crystals. May the great tree open its branches and scatter its leaves.”

This is the statement of El'phyllis.

“Steel stands on the earth, roar and turn into the sharp blade of God, the sharp claw of devil, shining the star sea. We advance, we win, we will bury all the old times!”

This is the claim of Ye Li.

Finally, Hua Huo’s speech:

“Even if everything is lost, the wings will still shine.”

“Even if betrayed by all, the wings still fly.”

“Only freedom is what we pursue, and our infinite will won’t be bound by anything.”

“The highest wing will surpass everything.”

Well, in retrospect, at that time, the expressions of Milei, El’phyllis, Ye Li and Hua Huo were a little strange.

At that time, what did he say?

“Why don’t you all be my wings? Isn’t it good?”

Because the wings seem to be the strongest. At that time, he naturally felt that way. Now recalling it, it's really a shame.

"Wings? No way." Milei sighed, looking at Hua Huo with a slightly envious look.

"It's really hard to be wings..." El'phyllis wanted to say something, but in the end, she didn't say anything.

"I can't be wings, because..." Ye Li pouted and took the place in Yun Xi's arms.

"There is a price to have wings." Hua Huo also showed a little helpless expression for some reason.

"It is a huge price."

"But it's worth it."

"Because only with wings can we create miracles."

"Let's make a miracle!" Red Dragon Zaka holds Yun Xi's hand, and the expression on her face is almost the same as Hua Huo's expression Yun Xi saw at that time.

Both of them are full of confidence, even if the opponent they are facing is "fate".

Behind her, there seems to be a pair of invisible wings, which can let her fly anywhere and anytime, above all rules.

Yun Xi felt the power flowing from Red Dragon Zaka's small hands and said his heart feelings.

"Maybe... you can really create miracles."
