### **Chapter 801: Desert Dragon Zaka's Weakness**

“Go!” Without waiting for Red Dragon Zaka to drive the sixth and seventh flaming meteors, Yun Xi held Red Dragon Zaka and fell towards the ground as fast as he could.

“Why, I can definitely blow up it!” Red Dragon Zaka knocked Yun Xi's ear in dissatisfaction, completely unable to understand his action.

Yun Xi didn't have time to explain, but opened his lava shield once again.

Compared to Red Dragon Zaka's reckless “attack”, when the two of them were working together, he was better at completing her deficiencies, completing “support” and “defense”.

As it turns out, Yun Xi made the right choice.

After being blown to only half of its initial size, the black Star of the Sand, which revealed the structure of the dark matter inside, instantly accelerated and flew to the interior of the fire cloud.

In the next second, endless waves of black light began to spread, and black matter full of malicious intent gushed out of the Star of the Sand's interior as if it had opened a hole to another world.

Red Dragon Zaka's sixth and seventh flaming meteors were almost instantly swallowed by the black matter, contaminated, and then collapsed, and all the fire clouds around them were absorbed by the black Star of the Sand.

“How is it possible that ..... sister’s Star of the Sand doesn’t have that kind of ability at all!” Red Dragon Zaka looked in shock at the black star that swallowed her forbidden spell Meteorite Fire Rain, this was never the ability her sister she knew possessed.

“It’s Black Dragon Zaka’s ability.” Yun Xi also did not know the principle of this, only to increase the danger of Black Dragon Zaka by another level.

Deep, location, like something that can never be peered into the depths of darkness.

Devouring everything, dominating everything, like the deepest incarnation of terror.

The strongest Zaka!

“How can we win in this situation?” Red Dragon Zaka gritted her teeth as she looked at the dangerous black star in the air.

After devouring her forbidden spell Meteorite Fire Rain, the black star’s shell took on a hot, dark red color and had clearly become more powerful.

The evidence of this was that there were black pulp bubbles starting to form in the sky, and black clouds were constantly tumbling, almost exactly like the meteorite fire rain not long ago.

There was even a black thread connecting heaven and earth, which was evidence that this heaven and earth were about to be invaded by the power of darkness.

The entire world emanated a full of malice towards Yun Xi and Red Dragon Zaka.

“Fight through.” Yun Xi could not resolve the nature of the black thread either, it was not something he was good at in the first place.

Black Dragon Zaka’s power was beyond his imagination. She was probably the most ferocious opponent he had encountered since coming to this world.

Her power alone surpassed the sum of her three sisters, and it was almost as if the world was doomed to be ended.

The Dragon of Doom, Black Dragon Zaka, is perhaps the aptest name for her!

There is no retreat!

There is no escape!

Then, let’s fight!

Yun Xi stopped to think about anything else. Since the other side has forced him into such a desperate situation, then the rest is as simple as it can be.

“Ah, just what I want!”

“Good, no matter who the opponent is, we will win!” A burning spark shone out of Red Dragon Zaka’s eyes, and the gaze that she looked at Yun Xi became even more passionate.

As long as we are together, we can defeat any opponent.

We don’t need to ask who the enemy is, we just need to win all the way.

Even if, the opponents are my sisters!

“Roarrrrrrr!” As if feeling the inseparable connection between Yun Xi and Red Dragon Zaka, the fierce and violent aura on Desert Dragon Zaka rose higher and higher.

It seems that this couple has completely angered the master of the desert.

The four Sand Eyes, in unison, turned deep black, as if heralding the coming of calamity.

Soon after, the black sandstorm arrived.

This is not just a storm of sand and gravel, but also mixed with the black matter that constantly falls from the sky. It looks like the entire garden is filled with this distorted power, not giving even a hint of survival to Yun Xi and Red Dragon Zaka.

The Desert Dragon Zaka is so crazy.

“As long as we hold hands ...” Red Dragon Zaka took a deep breath.

“Then we can conquer everything ...” Yun Xi smiled, matching Red Dragon Zaka pointing at Desert Dragon Zaka’s huge head in the darkness.

“Thunder Blast!”

“Inferno Blast!”

Lightning jumped on his fingertips, pointing the way to hope for Yun Xi.

The fiery firelight flies, opening the waymarker for Red Dragon Zaka to gain victory.

The lightning and fire, transformed into sharp blades that tore through everything, broke through the endless darkness and blasted Desert Dragon Zaka’s dragon head with unerring accuracy.

“Gahhhh!” Desert Dragon Zaka, whose defense had been greatly increased, was not repulsed this time, and even took the initiative to create a barrier of darkness in front of herself to block the extremely lethal flame light.

However, the real attack was not an inflammation blast, nor a thunder blast, but the two who came sprinting after locking onto their target.

A thousand strikes in one instant! Yun Xi unleashed the power of the Battle God's Seed, bringing the indestructible nature of the Hard Body to its fullest.

The dragon claw tear apart everything! Although there is no such thing as the Hard Body, the dragon's body itself is strong enough. When swinging the dragon claws, it is even more powerful.

It's not a forbidden spell, nor a martial art skill, but simply a synchronized attack that brings out the best in both of their physical abilities.

As if sensing something, Desert Dragon Zaka stamped her four claws on the ground and summoned back all the Sand Eyes that were spread out in four directions.

But, it was too late!

"Bang! Bang! Bang!" Yun Xi's fists bombarded Desert Dragon Zaka's head like a fierce storm, smashing her head with all his strength.

"Hiss! Hiss! Hiss!" Red Dragon Zaka's red dragon claws kept flashing from left to right and then right to left again, tearing a crack in her sister's head.

Combo, combo, and combo again!

If it was Yun Xi, or Red Dragon Zaka alone, more or less there would be a slight pause among the attacks, but after the two join forces, there is no longer a weakness.

Even, with Red Dragon Zaka's dragon claw attack's assistance, Yun Xi can also switch between the Hard Body and the Soft Body in the process of attacking, from time to time cast his Soft Water Palm, striking Desert Dragon Zaka's head that has long been injured a thousand times.

Under the triple blows of steel fist, Soft Water Palm, and Dragon Claw, Desert Dragon Zaka finally collapsed, spitting out her tongue and announcing her defeat with dizziness in her eyes.

The four Sand Eyes hovering around her also kept spinning and fell to the ground, just like their master.

The black star suspended in the sky recovered all the black breath and flew quickly to the higher realm.

#### **Chapter 802: The Revived Desert Dragon Zaka**

"Gahhh, my head is going to break ..." Desert Dragon Zaka was lying in the sand pit with an airless look.

Her original huge body, also began to shrink and finally transformed back to the human appearance.

"Sister, is everything okay?!" Although just now she teamed up with Yun Xi to beat Desert Dragon Zaka, she does care about her sister.

She knows when it's time to fight and when it's time to love. This is the style of Red Dragon Zaka.

"You are ... sister ..." Desert Dragon Zaka shook her head and recognized the sister in front of her.

“Yes, I am Red Dragon Zaka , your proud sister.” Red Dragon Zaka stroked Desert Dragon Zaka ‘s head and disliked Yun Xi with a grumbling look.

“You’ve broken my sister’s head!”

If not, she can’t get rid of Black Dragon Zaka’s domination ah ...Yun Xi helplessly shrugged his shoulders.

“Shaheen, hug me ...” After saying hello to her sister, Desert Dragon Zaka began to pamper Yun Xi.

Well, after Black Dragon Zaka ‘s absolute domination disappeared, she ended up choosing the truest second memory, the one belonging to the third princess, only slightly mixed with some of the first memories.

She is the child of the great original dragon, the king of the Western desert, married to the prince called “Shaheen”, and is in her honeymoon period.

The lies Yun Xi told really fooled Desert Dragon Zaka completely.

“Shaheen?” Red Dragon Zaka suddenly had some kind of very bad premonition.

After watching Yun Xi lightly pick up Desert Dragon Zaka whose limbs were sore and weak, and started to knead the weak parts of her limbs, Red Dragon Zaka instantly exploded!

“You, what is your relationship with my sister!”

Yun Xi looked awkwardly at Desert Dragon Zaka who was pampering herself in his arms, what should he do at this point?

“Of course it’s a couple relationship, I’m already married to him.” Desert Dragon Zaka had a rightful expression and told the truth, making Red Dragon Zaka’s eyebrows rise.

Red Dragon Zaka was so angry that her eyebrows went up. “Tell the truth!” In a rage, she pinched Yun Xi’s neck. If he does not explain, she is ready to give him a bloody end.

“Well, I did marry your sister.” In the end, Yun Xi could only throw up his hands in surrender and honestly tell the truth about his relationship with Desert Dragon Zaka.

“Oh my God, isn’t my sister dead?”

“In the end, what happened?” Red Dragon Zaka felt that her outlook on life, her world view all collapsed.

Her sister, who she thought was dead, was not dead.

The Yun Xi that she thought belonged to only herself, had married her sister Desert Dragon Zaka long ago.

“Why didn’t you tell me, why did you deceive me!” Red Dragon Zaka’s eyes were filled with tears, and the hand that was pinching Yun Xi’s neck was harder.

If the flower had not restrained Red Dragon Zaka's strength, maybe Yun Xi 's neck would have been snapped like a chicken.

"I didn't cheat you."

"You never asked either, what is my relationship with your sister." Yun Xi argued helplessly.

"Ah!" Red Dragon Zaka then realized that she really never asked about the relationship between him and her sister.

In her perception, both of her sisters had died long ago, and she was carrying the unfinished mission of her sisters, realizing the plan of conquering the world.

After meeting with Yun Xi, she also never thought about whether the person she likes will have other lovers.

Even if there was, it was going to be none, because she would definitely finish the other party off! She was the proud Red Dragon Princess, how could she tolerate her lover having other lovers.

But what if that lover is her own sister?

This, in this case, isn't she the third party?!

“It hurts so much ... you hit me really unkindly.” Desert Dragon Zaka pressed her head with a bitter expression, only her eyes were filled with sweetness.

“If you keep on beating me, I will become stupid for the rest of my life, you have to take up the responsibility of taking care of me.”

“No matter what, I’m your third princess.”

“The third!” Red Dragon Zaka suffered bludgeoning damage again.

“Sister, you are the third princess, then who are the first and second princesses!”

“This guy, is he ...” Red Dragon Zaka had a sense of tragedy that the world was coming to an end.

“Well, this guy, ah, he didn’t only marry me.”

“Let me count, the Queen of Assyria is the first princess, her daughter is the second princess, I am the third princess, and Ice Dragon Zaka is the fourth princess.”

“In that order, if he marries you, you will be the fifth princess.” Desert Dragon Zaka finished counting the number.

The moment she heard this bad news, Red Dragon Zaka felt like she had become a huge tragedy.

The person she liked, not only had two feet in the boat, but three, four, and she seemed to be the fifth?

The great original dragon mother, ah, she now wants to bite him to death.

“I won’t marry him, I won’t marry him! I won’t marry him even if I die!” As a representative of the passionate side of the four sisters of Zaka , Red Dragon Zaka was extraordinarily intolerant of the person she likes to be philandering.

For the human who is a philanderer, it is really better to burn burn burn burn!

Red Dragon’s flame is perfect for this kind of task!

“What did you do to her? You villain!” Desert Dragon Zaka bit Yun Xi’s ear.

“I’m innocent, she’s the one who took a swing at me.” Yun Xi also did not want to become like this, if he had not saved the dying Red Dragon Zaka then perhaps nothing would have happened.

But he would have regretted it for the rest of his life if he had not saved the sister of the princess he had married from the brink of death.

“Your body, there is a special smell.”

“Probably, as long as it is Zaka , all will like your smell.” Desert Dragon Zaka stretched her arms and legs a bit.

It's really strange, obviously, her head was badly wounded, after making out with Yun Xi like this, Desert Dragon Zaka felt like she came to life all of a sudden.

Sure enough, he was the only one who was different.

"I want to withdraw from the marriage!" Red Dragon Zaka roared and shouted out her declaration.

### **Chapter 803: The Provoked Ice Dragon**

"Withdraw from the marriage?" Yun Xi felt confused. Between him and Red Dragon Zaka, there was no such thing as a marriage contract.

"Retirement!" Desert Dragon Zaka was surprised. She felt that there was no happier day in this world than the days with Yun Xi.

By analogy, Red Dragon Zaka must also have understood how happy it is to be with the person you love, right?

"Yes, withdraw from the marriage, goodbye, and never see you again!" Red Dragon Zaka was serious. Her proud princess heart could not bear the fact that the person she loved did not belong to her alone.

Rather than suffer the humiliation, she simply kicked him out!

That's the difference between her and her sisters. The Red Dragon Princess will never be a slave!

“Farewell forever, a\*\*\*\*\*e!” Turning around, Red Dragon Zaka’s determination was unshakable.

Then, at a distance of about “one Zaka away”, she fell down, and the whole body rapidly weakened, falling into a near-death state.

“Hey ... she is really a child like you ...” looking at Red Dragon Zaka, Yun Xi sighed, while holding Desert Dragon Zaka in his arms, walked to the fainted Red Dragon Zaka and extended his right hand.

The hand feel was as good as ever, even the rhythm of the heartbeat was so familiar.

“Ooo ... miscalculated!” Red Dragon Zaka regained her consciousness and looked at Yun Xi with hateful eyes.

“Hate you, I hate you, this philanderer!” The young girl’s angry roar rang through the sky.

“Withdraw the marriage! Withdraw the marriage! You liar!”

“Let go of me and untie this thread!”

“Even if I’ll die and be buried in a coffin, I definitely don’t want to be with you!”

In response to Red Dragon Zaka’s angry rebuke, Yun Xi couldn’t do anything about it.

This green flower is not something that he can create, the way to unlock it... he does not know it either.

“You saved her, and then the two of them got entangled in the thread?” The rejuvenated Desert Dragon Zaka finally jumped down from Yun Xi’s embrace and curiously kept moving her little hand between Yun Xi and Red Dragon Zaka, trying to catch the invisible thread of life.

“I’m so jealous! Why don’t I have this thread ...”

Well, it looks like Desert Dragon Zaka is interested in the play of tying herself and Yun Xi together with a thread.

“You have married my sister, and still dare to seduce me? You shameless bastard!”

“Say! How many other fiancés and lovers do you have?”

Red Dragon Zaka’s anger value continued to rise, especially after finding Yun Xi was really counting how many fiancées and lovers he had.

Punch!

Kick!

Fierce bite!

Dragon claws!

Dragon tail!

She used all the attacks that could be used, but unfortunately, under the suppression of the green flower in the heart, all these attacks were just tickling for Yun Xi.

“You two are so close, when will the wedding take place?” With a smile on her face, Desert Dragon Zaka looked at Red Dragon Zaka who was scratching and biting Yun Xi.

Probably this is a special way for her sister to show her love.

“Sister, what makes you think that we are close?!”

“I hate him! I want to eat him!” Red Dragon Zaka opened her mouth, revealing her sharp little dragon teeth, and quickly and forcefully bit Yun Xi’s ear.

“Actually, he and I got familiar by fighting too. This guy just owes it!” When it comes to the history of love with Yun Xi, Desert Dragon Zaka has very common words with her sister.

A giant dragon would never like a weakling.

It took Yun Xi showing how strong he was to get the love of Zaka sisters.

“That’s right, beat him to death!” Red Dragon Zaka gritted her teeth and stared at Yun Xi who had a helpless expression on his face.

“Well, this is not the time to talk about that.”

“Here it comes!” Yun Xi grabbed the two Zakas in his hands and violently picked up his speed.

“Boom!” The dark dragon that wrapped its body around the last tower of this world poured endless dark air into the first floor of this tower, the garden of the four seasons that symbolizes paradise.

As if the great flood of doom had arrived, the entire first floor was quickly submerged and swallowed up, leaving only a fragile ladder shaking.

In the huge wave of darkness, Yun Xi with two Zakas, stepping on the ladder that was already about to break, rushing together into the second layer of the tower.

Here, a world of ice and snow, formed a stark contrast with the garden in the first layer.

They couldn’t see what this layer originally looked like, because everything here has been covered with ice and snow.

The sky, with black snowflakes falling, emitted an unusually ominous aura.

The deep black star suspended in the sky, and under the star was a figure Yun Xi was familiar with.

Ice Dragon Zaka, who was originally wearing a blue dress, also changed into a black dress. Like a magical girl from the midst of hell, her forehead stretched out a pair of light black dragon horns.

“The betrayer ... must die ...” Like Desert Dragon Zaka who once was dominated by Black Dragon Zaka, Ice Dragon Zaka’s eyes were also filled with darkness.

Desert Dragon Zaka’s God Weapon-the Star of the Sand.

Ice Dragon Zaka’s own God Weapon – Forst Dragon Teeth.

The two God Weapons of different attributes were now held in Ice Dragon Zaka’s hand at the same time.

Black gravel fell on the ground where Ice Dragon Zaka was standing, making this layer of the tower, which had long been covered with ice and snow, become even more bizarre and deeper.

“I did not betray my mother!” Red Dragon Zaka swore that she had never entertained the thought of betraying her great original dragon mother.

The charge that her sister had given herself was completely false. It was simply too wrong!

“Betrayal ... unforgivable ...” dominating the body of Ice Dragon Zaka, Black Dragon Zaka just took a glance at “that man” who was embracing her two sisters in each arm, and she made the judgment.

All of them are betrayers!

“Mother... is it ...” Compared to Red Dragon Zaka who didn’t know anything, Desert Dragon Zaka had some vague suspicions.

If Zakas will like the taste of Yun Xi, then the so-called betrayal from the great original dragon mother... does it mean ...

Looking at Desert Dragon Zaka pulling Yun Xi’s left hand, and Red Dragon Zaka pulling Yun Xi’s right hand, Black Ice Dragon Zaka’s eyes became more and more icy cold.

“All of you... go to hell!”

#### **Chapter 804: Frozen Domain**

“I never thought that I would have to fight with my sister one day!” Desert Dragon Zaka moved her arms and legs, and her battle intent was raised high.

“Ice Dragon Zaka... sister, I did not betray mother.” In contrast, Red Dragon Zaka’s mood was a bit low, completely unaware of what she had done wrong.

“Enemy? ...” Yun Xi mood is quite mixed.

Defeat the evil dragon is the main task he must complete, so it's not wrong for Black Dragon Zaka to regard him as an enemy.

But why did he, a brave man who was going to slay dragons, marry the daughters of the dragon!

Now there are already three Zakas who have an intimate relationship with him.

Something must have gone wrong!

"Bet on the name of the third princess, I'll make you recover, sister." Desert Dragon Zaka leapt up high, and four Sand Eyes appeared around her at the same time, then set into her limbs, giving her super power and speed.

This is Desert Dragon Zaka's all-out fighting mode. The loss of the Star of the Sand did not depress Desert Dragon Zaka, but rather aroused the fighting factor in her body.

Even if her clan was wiped out, and even her God Weapon was taken away by Black Dragon Zaka, as long as this wild fighting spirit is still there, Desert Dragon Zaka will never be defeated!

"Mirror ..." Ice Dragon Zaka moved her fingers and quickly summoned one mirror of ice after another.

Of the four sisters of Zaka, Ice Dragon Zaka has the most stable fighting style.

She's not the same as Desert Dragon Zaka, and she's not the same as Red Dragon Zaka. She's good at formulating a strategy and then executing that strategy to win.

Like the ice and snow that never melts in the north, she is cold and cruel.

“Ding!”

“Ding!”

“Ding!”

Dozens of ice mirrors were blasted into pieces by Desert Dragon Zaka in one breath, while Ice Dragon Zaka’s figure completely disappeared into this world of ice and snow.

Relatively, there was more black gravel falling from the black Star of the Sand in the sky, and the surrounding temperature began to become icier and icier and biting.

“Is she trying to freeze us all to death?” Yun Xi, holding Red Dragon Zaka’s hand, slightly estimated the surrounding temperature. It was already below minus one hundred degrees.

It’s difficult to describe the icy world filled with cold fog at this moment, and the fog is definitely not any water fog, but a cold that can completely freeze human blood.

“Whoo ... hoo ...” gradually, these fogs transformed into some kind of humanoid silhouette, that is the ice creature that inhabits the end of the world – ice spirit. They are minions of Ice Dragon Zaka.

These white spirits every night will wander in the ice and snow. Once encountered humans, they will take the initiative to approach, and then take away these human's lives.

Because the ice world in the far north has a special law of day and night, half of the time only these spirits who can ignore the temperature are wandering in the earth.

With the appearance of ice spirits, the surrounding temperature plummeting became faster.

"It's cold ... my sister is really angry ..." as a fire dragon and a desert dragon, Red Dragon Zaka and Desert Dragon Zaka are very uncomfortable with this environment.

The feeling of ice and darkness coming at the same time is absolutely cold and bone chilling, like even time is frozen in the deepest nightmare.

"Why are you hiding? Fight me head on! The belligerent Desert Dragon Zaka felt all her strength hit the air, and it was the first time she found her ice dragon sister so unpredictable.

With all the Sand Eyes glowing, Desert Dragon Zaka struck with all her might, blasting the ground into a field of spreading quicksand.

This move, theoretically, could counteract Ice Dragon Zaka's ice field. With all four Sand Eyes activated, Desert Dragon Zaka still had overwhelming strength.

"It's ready ..." Ice Dragon Zaka's figure flashed and instantly appeared in front of Desert Dragon Zaka.

Unlike the last battle with the Queen of Assyria, for her sister's moves, Ice Dragon Zaka did not keep any unknown.

When Ice Dragon Zaka, who is good at analyzing the opponent's moves and formulating strategies, showed up, it was actually destined to be Desert Dragon Zaka's defeat.

The huge black Star of the Sand descended directly from the sky and pressed down on Desert Dragon Zaka's body, while dozens of silver-white ice chains bound Desert Dragon Zaka's limbs and body, completely suppressing Desert Dragon Zaka.

"Freeze!"

The ice-blue glow spread out, Desert Dragon Zaka's body was instantly surrounded by countless ice flakes, and then the entire person was buried into a huge crystal coffin.

With this crystal coffin as the center, the entire second floor was covered by endless ice and snow. Even icebergs of over hundreds of meters rose from the ground, completely turning this floor of space into Ice Dragon Zaka's absolute home turf.

"Next ... is you guys ...," like an ice queen standing on top of the ice coffin, Ice Dragon Zaka's eyes turned black – like Desert Dragon Zaka's not long ago.

"Sister!" Seeing Desert Dragon Zaka being sealed into the ice coffin, Red Dragon Zaka's eyes instantly turned red.

The time spent with Desert Dragon Zaka, the time spent arguing with her sister, and even the time spent gambling, was actually very enjoyable for Red Dragon Zaka, who was only recently born.

Because she is such a nagging and adventurous sister. No matter what mistakes her sister made, she will forgive her.

“Understand? We have to fight.” Yun Xi held Red Dragon Zaka’s hand, and now only if the two of them joined forces with all their strength could they defeat Ice Dragon Zaka.

“Ah, I know, I’ll get my sisters back to normal.” Red Dragon Zaka nodded her head.

Since she and Yun Xi could bring Desert Dragon Zaka back to her senses, they must also be able to bring Ice Dragon Zaka back as well.

The Ice Dragon Zaka she remembered looked a little cold, but she actually loved to be with everyone.

The current Ice Dragon Zaka is definitely not the normal Ice Dragon Zaka .

“The betrayer... must be excluded...” saw Yun Xi and Red Dragon Zaka holding hands, Ice Dragon Zaka’s eyes became angrier.

#### **Chapter 805: Four Precious Treasure Beads**

“As long as we hold hands.” Yun Xi once again took Red Dragon Zaka’s small hand, and the two looked at each other with affection.

“It is a memory that will never be forgotten.” Red Dragon Zaka was also very cooperative with Yun Xi. At this moment facing the terrifying Black Dragon Zaka, only when the two entered the highest synchronized state, there was the light of victory.

“Snort!” It might be an illusion, but an expression that seemed to be stung by something did appear on Ice Dragon Zaka’s beautiful face.

There was also more than a hint of confusion and uneasiness in her pitch-black pupils.

Why is there a dark flame burning in the chest just by looking at the pair holding hands?

The young girl’s heart, suffered a great injury.

“Look, the sky is burning!” Yun Xi judged that continuing to let the temperature drop would do more harm than good, so he decisively let Red Dragon Zaka launch the forbidden spell again.

“Let the entire world burn!” Red Dragon Zaka’s petite index and middle fingers stood side by side, pointing high and proudly at the sky.

Huge fire clouds quickly gathered, forming a scorching cloud that could release a shower of meteorite fire.

However, only half of the sky was occupied by Red Dragon Zaka’s fire clouds this time, and the other half of the sky was still occupied by the black star.

The forbidden fire cloud that Yun Xi and Red Dragon Zaka released together only appeared in the sky where they were.

The entire second floor of the tall tower turned into a world of half ice and half fire.

“First shot!” The second Meteoric Fire Rain came with great force, and the seven-star forbidden spell took shape even faster and more ferociously than when Red Dragon Zaka fought against Desert Dragon Zaka .

This also means that the bond between her and Yun Xi has become even stronger.

After experiencing the jealousy with Desert Dragon Zaka , she, who on the surface seems to have sworn to be at odds with Yun Xi, seems to like Yun Xi even more instead.

In this world, the most moving and unforgettable thing is precisely what you can not obtain. The strong sense of turpitude will instead make the flame of romance burn more fiercely.

Speaking of the personal battle power, she is only inferior to Black Dragon Zaka amongst the four sisters. She is the dominator of the flame.

In terms of attributes, she is fully restrained her sister, Ice Dragon Zaka.

The fire meteor blasted down, and Ice Dragon Zaka’s ice field was smashed out of a large crack. Searing hot lava ejected from the ground, like a volcanic eruption.

The pillar of fire that connects heaven and earth burns like the scenery inside Red Dragon Zaka's heart at this moment.

"Her battle power ... has increased ..." Ice Dragon Zaka quickly calculated the value of Red Dragon Zaka's battle power at this moment and came up with a very frightening number.

It was a number that the original Red Dragon Zaka had not reached, and it was the best proof that her combat power had improved by joining forces with Yun Xi.

Not only Red Dragon Zaka, but also the sealed Desert Dragon Zaka showed a combat power that did not match the data model.

If Desert Dragon Zaka was smarter and hadn't fallen into Ice Dragon Zaka's trap, she might have been able to defeat Ice Dragon Zaka.

Why? Why did their fighting power fluctuate so strangely?

"Second shot! Third shot!" With flames burning in Red Dragon Zaka's eyes, two consecutive shots of flaming meteors fell. Two more pillars of fire appeared between heaven and earth, and two more volcanic eruptions appeared on the ground.

She was not transformed into a dragon posture, but she naturally emitted the aura of the flame dominator.

All of the four Zaka sisters have this aura, but at this moment, Red Dragon Zaka played better than the other three sisters, closer to the essence of the original dragon.

That is a kind of verve that can do anything and defeat any enemy!

Red Dragon Zaka doesn't believe in miracles.

What she believes in is herself, or the power of herself and Yun Xi after joining forces.

"Ice ... Land..." Ice Dragon Zaka unleashed the forbidden spell of ice and snow that was limited to three times a day.

An endless cold wind of ice and snow blew up, and more ice flakes swept towards the flaming field dominated by Red Dragon Zaka.

Red Dragon Zaka swung her small hand down without any fear. Soon, the fourth and fifth flaming meteors fell from the clouds.

With an earth-shattering explosion, the forbidden spells of fire and ice each unleashed their full power. The temperature of the air plummeted again, while the fourth and fifth pillars of fire appeared in Red Dragon Zaka's domain.

It seemed to be a no-win situation, but Ice Dragon Zaka judged that her forbidden spell was slightly inferior to Red Dragon Zaka's.

Her forbidden spell "Ice Land" was a wide range ice spell for military use, with the power to change the terrain and the sky.

The Meteoric Fire Rain was an extremely difficult compound forbidden spell.

At the one-star to the three-star stage, it's slightly inferior to Ice Land. But once it ascended to six stars or more, it becomes a super forbidden spell that can change the weather and cause massive damage to a single person.

To fight against the seven-star Meteor Fire Rain, the forbidden spell "Ice Land" alone is not enough. She needs stronger ice and snow power!

"... lift the restriction ..." Complex spell patterns emerged from Ice Dragon Zaka's pitch-black pupils, and the two pieces of God Weapon began to fuse in her hand.

The Star of the Sand, which represents the "sand" attribute of Desert Dragon Zaka.

Forst Dragon Teeth, which represents the "ice" attribute of Ice Dragon Zaka.

The two pieces of God Weapon are different in nature but come from the same source - the original dragon. They began to combine together to become a stronger God Weapon.

It's a sword. With a golden spiral sword body, it's as sharp as if it can cut open the boundary between heaven and earth.

The hilt of the sword is decorated with dragon teeth.

Inscribed on the disc in the middle of the sword body, there are four slots that can inlay treasure beads into them.

At this moment, the ice treasure bead slot and the sand treasure bead slot have been inlaid with treasure beads.

It was a variant of a God Weapon, and the part that appeared now was far from the full stance of the sword, but it already gave Red Dragon Zaka a great sense of oppression.

When Red Dragon Zaka saw that sword, she could even feel a part of her body stirring inside.

It was the original God Weapon “Core of Molten Fire” she held. It was resonating with the sword.

As the one who has the strongest attack power among the four sisters, the God Weapon held by Red Dragon Zaka was a dodecahedron-shaped gemstone that provided her with almost unlimited energy, and inside it was a jewel that represented the power of the original fire.

In addition to the “Nightmare” treasure bead held by Black Dragon Zaka, this “Flame” treasure bead is the strongest of the four treasure beads and has the most destructive power.

### **Chapter 806: The Fifth Princess’ Promise**

The four treasure beads of “sand”, “ice”, “fire”, and “nightmare” were given to the four Zaka sisters by the sleeping original dragon.

The Star of the Sand, inlaid with a sand treasure bead, has an extremely large attack range and the ability to summon an entire desert army, specializing in ranged attacks.

Forst Dragon Teeth, inlaid with ice treasure bead, can easily change the sky and terrain, and has the most powerful control ability.

The Molten Fire Core inlaid with the fire treasure bead holds the power of endless fire, and the crimson Dragon Roar Wave it contained can destroy the world in minutes.

This is the reason why Red Dragon Zaka's crimson Dragon Roar Wave has such a terrifying spreading ability and its power keeps increasing.

The final treasure bead, the black treasure bead that represents the "nightmare", is in the hands of Black Dragon Zaka, who should not have woken up at this time, and whose God Weapon is unknown.

Now, Red Dragon Zaka saw the sword in Ice Dragon Zaka's hand and the empty red and black treasure bead slots, and instinctively understood that her God Weapon, the Molten Fire Core, was actually part of that sword.

The source of power of the Zaka sisters all came from that sword, so the origin of this sword is self-explanatory.

"Mother-sama ... really thinks that I betrayed her?"

Red Dragon Zaka could not believe that this was the truth, she was actually a good child who was very family-oriented and never had the idea of betraying her mother.

From her birth until now, she had definitely not done anything to disobey her mother's orders, she was obviously too good to be a Zaka!

"Whistle the ... desert wind ..." Ice Dragon Zaka raised the golden sword in her hand, and the endless desert gale began to gather around her.

The gravel falling from the black Star of the Sand in the sky was also continuously swept in by this huge storm, forming a black sandstorm connecting heaven and earth around Ice Dragon Zaka .

Along with the black snowflakes that kept falling in the Ice Field, this scene looked incomparable, as if the distance between heaven and earth had become blurred in this instant.

"Watch out, it's coming!" Yun Xi held Red Dragon Zaka 's hand tightly, sending incomparable enthusiasm and strength to her heart.

It was hope and faith, the courage to never give up and go forward no matter what kind of desperate situation they were facing!

That is the fighting spirit held by Yun Xi.

In the dark forest, when facing the almost invincible green hippo.

Under the giant tower, when charging at the legions of stone ghosts and red-clad archers.

Even when he knew that his opponent was stronger than himself, he still had to challenge and find a chance to win.

And, this time, he wasn't fighting alone, was he?

"Do you believe in me?" Grabbing Red Dragon Zaka's hand, Yun Xi 's eyes became extraordinarily focused.

"Of course!" Red Dragon Zaka nodded, the more she faced the crisis, the more she could feel the rhythm of their heartbeats become intense.

Yes, she believed in the man in front of her, even though she knew that he was an a\*\*\*\*\*e who has an unspoken relationship with her sisters.

But, she just likes him. She hopelessly likes him.

This kind of like, with the passage of time, becomes more and more burning. Even because of his existence, she began to become more and more like the world.

She wanted to live in this world with him, with her sisters, and wanted to know more about him.

The fondness overflowed and could not be stopped, and she could not control herself for a long time.

“Then, fight with me!”

“To save this world.”

“After everything is over, I will marry you!”

Yun Xi said it out, said out the mission he was carrying, while perhaps making a promise.

Since he has had four princesses, it was not unacceptable to have a fifth princess.

In order to complete the trial of the Dragon War, he really did fight!

“You big liar! I’m not going to be your fifth woman!”

Red Dragon Zaka puffed up her cheeks. For Yun Xi’s words, she did not want to believe a word of it.

However, the curve of the mouth reveals her mind, that is a smile immersed in the imagination of a happy future.

“Burn, my flame!” The Yun Xi who gained the initiative against Red Dragon Zaka for the first time learned from her fingers and raised his index and middle fingers.

In the endless fire, the last few shots of Flaming Meteors fell at the same time, viciously blasting at the black Star of the Sand suspended above Ice Dragon Zaka 's head.

In the midst of the roaring flames, the endless black storm turned into a sword blade, falling towards Yun Xi with the momentum of cutting through a world.

“Explosion!” Yun Xi decisively detonated the seven pillars of fire that connected heaven and earth, releasing the full power of the forbidden spell, Meteoric Fire Rain, to confront Ice Dragon Zaka 's sword that seemed to slice through the boundaries of heaven and earth.

The power of the Molten Fire Core is in full swing. Yun Xi can even feel this fire God Weapon in Red Dragon Zaka body cheering, recklessly liberating its own boundaries.

Searing flames and wild storms intertwined, fiercely entangled in the central area of the ice and fire, tearing and melting each other, forming a flame storm over thousands of meters in diameter.

“Ha ... ha ...” Yun Xi gasped. Although he has Red Dragon Zaka's near infinite energy's support, the seven-star forbidden spell is something that is just too terrifying.

If this battle took place in the White Lotus Sword Domain, probably under the attacks of seven shots of flame meteor, the entire White Lotus Sword Domain would be blown off from the middle.

“ ... ”

Ice Dragon Zaka also looked like she had overdrawn her strength. Her face became incomparably pale, and the color of the golden giant sword in her hand became dull.

Without Red Dragon Zaka 's Molten Fire Core, this sword could not exert its full power, and the sword wind that had the power to tear the world apart just now was only a slice of this God Weapon's true power.

The complete form of this sword was not intended for the four Zaka sisters, but was a weapon belonging to the original dragon.

More black gravel fell on Ice Dragon Zaka 's body, infusing her with a power that did not belong to her.

Yun Xi wiped his sweat and held Red Dragon Zaka 's small hand again. Each of them smiling. After the battle on the edge of life and death, the bond between them became even deeper.

"I will fight on, together with you."

"This is the path we have chosen."

"As long as we hold hands."

"It is the memory that will never be forgotten."

Faster than the Ice Dragon Zaka that had the support of the black Star of the Sand, the pair that held hands with each other was the first to recover their strength.

**Chapter 807: Suppression**

“Let’s do it again!”

“We believe in each other.”

“As long as we love each other.”

“Then we can turn the miracle into reality!”

Not a spell, but better than a spell. It looks like just sweet words between lovers, but it really does inflict real damage to Ice Dragon Zaka .

This is something that a hundred human forbidden spells can’t do, a special mental attack of Yun Xi and Red Dragon Zaka .

“Boost ... potential ...” Black gravel with even larger dark matter sprinkled around Ice Dragon Zaka , forming a dark canopy.

Surrounded by a black canopy, Ice Dragon Zaka became even more unfathomable, and the sense of intimidation she released rose at the same time.

“Feel that?” Yun Xi noticed something.

“It’s not quite normal.” Red Dragon Zaka also noticed that her own sister, Black Dragon Zaka was unconsciously revealing problems.

Black Dragon Zaka’s domination was a forced domination that gave no room for thought, an absolute command from top to bottom.

The Godslayer God Weapon that she holds appears to be able to give battle commands without regard to the consciousness of the opponent.

It’s just that giving battle commands takes times and is more or less delayed. Although such absolute commands can make the dominated person become more powerful, their moves are somewhat inflexible.

They can release more than 200% of the usual power, but can not use their own combat skills to the limit.

In numerical terms, Black Dragon Zaka can significantly improve the dominated’s physical strength, agility, and even maintain the dominated’s best fighting style.

The only weakness is the reaction speed, which is why when Yun Xi and Red Dragon Zaka drove straight in and beat Desert Dragon Zaka on the head, the Sand Eyes failed to intercept halfway.

The Desert Dragon Zaka that had four Sand Eyes for all-around 360 degree defense would not have made that kind of outrageous mistake.

“Then, let’s go on in one breath!”

“Switch battle mode!”

After discovering Black Dragon Zaka’s Domination Mode’s greatest weakness, Yun Xi and Red Dragon Zaka gave up to continue to use forbidden spells, but launched Thunder Walk, moving at an incredible speed.

In terms of human fighting style, Desert Dragon Zaka is more of a warrior type, while Ice Dragon Zaka is more of a mage type, Red Dragon Zaka is a magical warrior type, and Black Dragon Zaka is a mysterious unknown type.

Like two thunderbolts running on the ground, sometimes intersecting, sometimes overlapping, the constantly rising spikes of glaciers on the ground were completely unable to stop the assault of the two, all blasted into a shattering mass of ice and snow.

“Ice... Armor ...” Ice Dragon Zaka also responded in a mage style. She directly cloaked herself in a layer of azure ice armor, its hardness was enough to rival Red Dragon Zaka’s lava shield, and even had the special effect of bouncing off the enemy’s physical attacks.

However, she didn’t know that Yun Xi and Red Dragon Zaka were not just a pair that would only launch straight attacks.

“Dragon Claw!” The huge dragon claws tore into Ice Dragon Zaka’s body with a teeth-chattering tearing sound, but only left a few white marks on the seemingly thin layer of Ice armor.

The Ice Dragon Zaka, supported by the power of Black Dragon Zaka, has a magic limit that can strengthen the glacier armor to the limit, and Red Dragon Zaka’s claws cannot directly tear through this seemingly thin layer of ice armor.

However, Yun Xi is different.

The soft water palm, a technique that only a being with the Soft Body can perform, is a divine technique developed to break through the opponent's hard shell and hit the nail on the head.

The snow-white palm turned over. As if pressing his lover's chest, Yun Xi's hand reached out to the azure Ice armor, completely ignoring the risk of frostbite on his palm, and gently pressed.

"What ..." Ice Dragon Zaka's whole body trembled, revealing an incomparable expression of surprise.

"Good opportunity!" Yun Xi saw the right time and struck Ice Dragon Zaka's right shoulder with three consecutive soft water palm strikes, and then grabbed Ice Dragon Zaka's right hand despite the risk of frostbite on his palm, making her unable to use the golden sword that had unpredictable power.

This scene was almost exactly the same as when Desert Dragon Zaka was prevented from pulling out the Star of the Sand, except that the opponent was Ice Dragon Zaka instead.

"I'm sorry, sister!" The Red Dragon Zaka, who was connected to Yun Xi's mind, showed no mercy to her sister and also used her chest to press Ice Dragon Zaka's other hand to the ground.

"Arrghhhh!" Countless ice crystals exploded, four Sand Eyes flew over at the same time, and with them came Desert Dragon Zaka's fierce pounding.

In just a few seconds, Ice Dragon Zaka, who was still brewing her next move, was overwhelmed by Yun Xi and Red Dragon Zaka, as well as Desert Dragon Zaka, who had just gotten out of the trap.

The slightest delay in Black Dragon Zaka 's command became the biggest break in the battle.

“Hit her in the head!” Desert Dragon Zaka shouted, swung her own fist and smashed it down, not showing any politeness at all.

The golden giant sword suddenly shrank and then was swept away by the black Star of the Sand in the sky, and Black Dragon Zaka decisively abandoned the already suppressed Ice Dragon Zaka and flew towards the third level.

“It hurts!”

“What’s wrong with me? Why does my head so painful.” The Ice Dragon Zaka who had only just come to her senses looked at the three people who were pressing their bodies and arms and legs together on her, and revealed a look of extreme contempt.

“Even if you can get my body, you won’t get my heart, stupid prince!”

“Ah, she comes back.” Yun Xi looked awkwardly at his hand that was pressing Ice Dragon Zaka chest. Why this hand was in this position? Well, what an unsolvable mystery.

“Sister!” Red Dragon Zaka hugged Ice Dragon Zaka with hot tears, crying like a child.

“Haha, I didn’t hit the head, it wasn’t me!” Desert Dragon Zaka smiled sarcastically, with an innocent expression of “I definitely didn’t do it”.

“Well, it must be this guy’s fault, no matter what, it’s his fault!”

“Honestly! Tell me what happened!”

Ice Dragon Zaka pinched Yun Xi’s face with a serious face.

### **Chapter 808: Detective Zaka**

“So, Mother-sama thinks that we betrayed her?” Ice Dragon Zaka skillfully pinched Yun Xi ‘s face and fell into a thoughtful state.

“I don’t understand what’s going on at all! I definitely didn’t do anything to betray mother!” Red Dragon Zaka ‘s eyes turned red.

From birth until now, she has been working hard to complete the task given to her by the original dragon mother, and never thought about the word “betrayal”.

“Good ... good ... I know you are a good boy.” Ice Dragon Zaka stared at Yun Xi as if looking at a scum.

It’s all your doing, right?

A large bead of sweat fell on Yun Xi’s forehead. This is really a crime. If he did not save Red Dragon Zaka, she would have died a long time ago.

As for why the original dragon thinks that her daughters have betrayed her... Yun Xi himself is also confused.

With Red Dragon Zaka's straightforward character, to be a traitor is really too hard for her.

"Is it possible that Black Dragon Zaka misunderstood Mother-sama's will? Mother-sama's true body should still be in a deep sleep."

"If Mother-sama woke up, it wouldn't be the same as it is now." Desert Dragon Zaka offered a different opinion.

"Then, is it the Black Dragon sister who is bent on doing what she wants?" A spark of hope appeared in Red Dragon Zaka's eyes.

Being questioned by the greatest original dragon mother... she couldn't imagine that!

If it was just Black Dragon Zaka's misjudgment, then it would be acceptable.

After all, the youngest sister was also the child with the purest of hearts, so there must be a misunderstanding somewhere.

"I don't think that things will be that simple." Ice Dragon Zaka shook her head.

“At least, she felt something from Mother-sama.”

“Otherwise, it should be impossible for her to be born at this time.”

“Unlike the three of us, her scheduled birth time was after the three of us had completely conquered this world.”

“She is the ultimate dragon of doom, the fearsome existence that kills gods, Black Dragon Zaka .”

Red Dragon Zaka froze for a moment, the fire of hope that had just been kindled in her heart was extinguished at once, and she almost cried her nose off.

“Why does the sleeping Mother-sama think that we have betrayed her?”

“What is the biggest difference between us and Black Dragon Zaka who should not have been born?”

“If there is really a decisive difference ...” Ice Dragon Zaka who had pulled the biggest problem in this war out and analyzed the key to it suddenly raised her eyebrows and stared at Yun Xi.

“Is that you?”

The voice was unmistakable, it was the voice that has locked the culprit.

“It’s him ...”

Desert Dragon Zaka shrugged her shoulders. Back when she was possessed by Black Dragon Zaka she had a feeling that her youngest sister had already found out about it.

This should be said to be the wild intuition of love? She was the first to be possessed by Black Dragon Zaka , and understood more than anyone else the purity of that darkness.

But when this Black Dragon Zaka, who had the absolute will and the ability to dominate, saw Yun Xi, she froze, and her simple mind became confused.

This person may be the natural enemy of Zakas.

Now, she, Ice Dragon Zaka, Red Dragon Zaka have fallen, only the last sister, Black Dragon Zaka is left untouched.

If the betrayal the great original dragon’s mother means is “this”, they are really bad children who have eaten the forbidden fruit that they shouldn’t have eaten and committed the unforgivable mistakes.

“What is it?” The youngest of the three sisters, Red Dragon Zaka, still had no idea what she had done wrong, not even realizing that the mistake was irreversible.

“Uh ... is eating fruit that you shouldn’t eat.” Desert Dragon Zaka turned her head away with a shy look.

“Probably, because the mother is single ...” Ice Dragon Zaka said and got embarrassed, this is really a boudoir secret that cannot be told to outsiders.

Well, the great, invincible original dragon that birthed four Zakas, is indeed a lonely dragon without any lovers.

“Mother is single, eating fruit? Is there something in the fruit I ate that made mother angry?” Red Dragon Zaka was still ignorant of her sisters’ secret words.

But Yun Xi, who had been impure for a long time, understood it at once and showed an innocent expression of “it’s not my fault”.

“Ahem ... it means this ... and that ...,” as the eldest sister of the four Zaka sisters, Desert Dragon Zaka got closer to her sister Red Dragon Zaka’s ear and began to teach her the things that were not taught in the textbook.

“What, he and you... this ... and that ... even ... even do that kind of thing!”

“I ... I ... I ... I ... I was victimized by him?” Red Dragon Zaka looked at Yun Xi with a bitter expression, almost going to pounce on him and bite him.

“Liar ... big liar!” After knowing the reason why she was being chased by Black Dragon Zaka , Red Dragon Zaka burst into tears.

If she knew that this was such an unforgivable mistake in her mother’s eyes, she would definitely bite him to death as soon as they met and eat him, and definitely not listen to every word he said.

This guy's ability to deceive is so terrible!

This is a big liar! Now he has done this... and that... everything is finished!

"Okay, okay, you will become the fifth princess, just forgive him." Desert Dragon Zaka patted her sister's shoulder and said in a serious voice.

"Marrying this guy is the biggest mistake of this life."

"However, it is already a fait accompli, just accept this fate." Even at this kind of time, Ice Dragon Zaka also did not forget to sneer.

"What the fifth princess? There is no such thing! Not a single possibility!" Red Dragon Zaka's little face turned red all of a sudden.

Why, you all have such sharp ears!

When this guy made his promise, wasn't one of you sealed by the ice coffin and one of you still being dominated by Black Dragon Zaka?!

That promise was a secret between the two of them!

“Take it easy. I’ve already guessed who the sixth princess is.” Desert Dragon Zaka had a look of “this can’t be a secret”.

“Coincidentally, I also have a list of the seventh to twelfth princesses in my mind.” Ice Dragon Zaka looked at Yun Xi with a scornful expression, as if she was looking at something dirty.

The world is screwed! Yun Xi covered his eyes and felt like he was pierced with 10,000 holes in his body.

Why are my Zakas all monsters!

### **Chapter 809: Splitting the Line**

“Can we explain to Mother-sama? Why don’t we just kick this liar away and go home.” Red Dragon Zaka stomped on Yun Xi’s toes with her high heels, harder, and harder.

“It’s useless, we’re already on the blacklist.” Desert Dragon Zaka shook her head.

The married daughters are like splashed water. Mother-sama must be angry hard, so she sent Black Dragon Zaka to hunt them down.

“Mother-sama is unexpectedly stubborn sometimes, we can’t go back.” Ice Dragon Zaka also agreed with Desert Dragon Zaka.

The youngest sister’s early birth is the best proof of that.

Perhaps the great original dragon mother has not yet awakened, but has made her attitude clear.

“It’s all your fault, it’s all your fault, it’s all your fault!”

Red Dragon Zaka with her small fist constantly pounded Yun Xi’s head.

“You were the first ...” Yun Xi tried to argue, and instantly encountered the double scorn of Desert Dragon Zaka and Ice Dragon Zaka.

“You must have bullied my sister. She’s so innocent, she doesn’t know anything, and you have really done it, a\*\*\*\*\*e.”

“That’s right, he must have grabbed a hold of my sister and then started doing whatever he wanted to her, using all kinds of positions and pretending to be innocent.”

Yun Xi knelt down and raised his hands in surrender.

There is no doubt that his defeat rate is 100 percent when arguing with them!

“Meeting this big liar is the biggest misfortune in my life.”

“That night ... he ... he ... ooooooooooooo ... “Red Dragon Zaka cried, which completely sat Yun Xi the facts of the crime.

Yun Xi couldn't explain it even if he has a hundred mouths.

"Okay, okay, there's plenty of time to bully him later." Desert Dragon Zaka stroked the crying Red Dragon Zaka's head.

Who will understand her time with Yun Xi and her bitterness when she saw the prince's wedding?

She was cheated by this liar from beginning to end, and even after becoming this guy's princess, she never forgot to teach him a lesson.

Well, the battlefield is the bed, she has teamed up with her sister Ice Dragon Zaka and squeezed him dry many times. Congratulations, congratulations.

"Things have come to this point. We can only fight side by side with this guy to the end."

"If it's a combination of we three sisters and this guy, maybe there is still a chance of winning."  
Compared to Desert Dragon Zaka, Ice Dragon Zaka is obviously much calmer.

There are four Zakas that were bred by the original dragon.

In terms of absolute power alone, the longer the Zaka is bred, the stronger it is, so the situation of the four Zaka sisters is very simple.

Desert Dragon Zaka can conquer the world but can't beat Ice Dragon Zaka .

Ice Dragon Zaka can easily suppress Desert Dragon Zaka but is no match for Red Dragon Zaka .

Red Dragon Zaka can beat her two sisters one by one, but there is nothing she can do against Black Dragon Zaka.

The later the birth of Zaka , the more exponential increase in strength. Black Dragon Zaka is unbeatable facing her sisters alone.

However, this is not a civil war between the Zaka sisters, there is also a variable.

Yun Xi, the person who caused the three Zaka sisters to be considered traitors by their own mother.

He, then, is the key to deciding this victory.

“Your combined forces are very powerful.” Desert Dragon Zaka grabbed Yun Xi and Red Dragon Zaka ‘s wrists and kept touching them, trying to touch the invisible thread of life.

“If it’s as my sister said, this might be the key to change the situation.” After knowing why Yun Xi was inseparable from Red Dragon Zaka, Ice Dragon Zaka was also interested in this invisible thread.

The two of them, Yun Xi and Red Dragon Zaka, are basically in a bad situation when they face Desert Dragon Zaka and Ice Dragon Zaka one on one.

However, after the two joined forces, they were able to beat the two Zakas, and even won by a large margin.

This reveals some information, whether it is Desert Dragon Zaka or Ice Dragon Zaka can not be ignored.

When it comes to intimacy with Yun Xi, they are ahead of their own sister, Red Dragon Zaka .

There is no reason for them to lose to the third sister, Red Dragon Zaka.

What Red Dragon Zaka can do, they can definitely do as well.

“Probably, it’s the heart.” Yun Xi tapped his fingertips on the tip of Red Dragon Zaka’s bud and felt the increasingly powerful heartbeat.

After acquiring Red Dragon Zaka as a host body, the last blessing left by Lvji did not dissipate with time, but became more vibrant.

As if that blessing that did not belong to this world was slowly becoming compatible with this world.

Amazingly adaptable and tenacious. This flower left by Lvji has brought Yun Xi so many surprises.

“Oh, it’s here!” Desert Dragon Zaka took the lead and attacked Red Dragon Zaka’s chest, and put her ear up to listen to the heartbeat simulated by the green flower.

“What a miraculous power, I’ve never seen a flower with this kind of posture.” Ice Dragon Zaka is also interested, reaching out her hands from behind to knead her sister’s breasts~.

“Sisters, don’t keep pressing that place!”

“My breasts are being rubbed by you!” The Red Dragon Zaka who was attacked by her sisters forcefully was about to cry.

Yun Xi didn’t even know where to look. This feeling... the left side is breast~ and the right side is breast too~, is it heaven, or is it hell?

The flower that resides in the heart of Red Dragon Zaka also seems to be very interested in Desert Dragon Zaka and Ice Dragon Zaka, because they are tainted with the same flavor that belongs to Yun Xi.

After recognizing their life pattern, this gift from Lvji began to stretch out its own petals.

The thread of life, which was originally only one, gradually split into three, connecting one by one to the three Zakas.

### **Chapter 810: Three Dragons Alliance**

“Huh?!” Ice Dragon Zaka was the first to sense the abnormality in herself.

“Ahhhhh, is this it?” A little slower, but Desert Dragon Zaka also felt it shortly after.

It was the feeling of the invisible thread that connected them to Yun Xi.

Through the flower at Red Dragon Zaka 's heart, three threads of life were connected to Yun Xi.

If there is any difference, it is probably that the threads of Desert Dragon Zaka and Ice Dragon Zaka are much longer than those of Red Dragon Zaka.

The thread of Desert Dragon Zaka is about seven times longer than that of Red Dragon Zaka's.

The thread of Ice Dragon Zaka is about five times longer than that of Red Dragon Zaka's.

Moreover, after a little experimentation, even after leaving this range, the girls whose hearts were not missing did not enter the near death state, but only temporarily disconnected from the thread of life.

However, once you have tried the feeling of being connected to Yun Xi, you will soon become addicted.

It is a wonderful state where life is connected and mutual thoughts can be felt.

The two Zakas, who had long been with Yun Xi, quickly adapted to this state of connection.

"Hey, I'll try it too." Desert Dragon Zaka pretended to hold out her index and middle fingers and raised her head.

"Meteor Fire Rain!"

Sadly, no flaming meteors fell, but instead a sandstorm blew over and began to coalesce sandstorm in the sky.

Well, it looks like even with the link, she can't go beyond her domain to perform the forbidden spell that only Red Dragon Zaka can use.

However, through the connection, Red Dragon Zaka's unique unlimited energy was shared by Desert Dragon Zaka, as evidenced by the sandstorm that was gradually forming in the sky.

"It's so good!" Desert Dragon Zaka happily hugged her sister, Red Dragon Zaka, and kept rubbing her cute little face.

"You're really my most excellent sister!"

"Oh, is this the Soft Water Palm?" Because of the completely conflicting attributes, Ice Dragon Zaka did not intend to master Red Dragon Zaka's power like Desert Dragon Zaka, but instead switched a direction.

The gentle little hand caressed the earth, and the cold freezing air seeped into the ground, then exploded.

This is certainly not Yun Xi's soft water palm. Just like the Thunder Blast in Red Dragon Zaka's hand becomes a Lava Blast, Ice Dragon Zaka has comprehended the Cold Ice Palm from the Soft Water Palm that best suits her attributes.

The freezing air will penetrate the defense of the person hit by this move, completely freezing the internal blood. The appearance of body shows no damage, but the internal life has long been cut off.

In contrast, Yun Xi also have acquired their proprietary natural abilities.

Desert Dragon Zaka 's combat talent – Frenzied Outburst, Sand Eyes Domination.

Frenzied Outburst – The more furious you are, the more power you can release, at the cost of draining your strength.

Sand Eyes Domination – Desert Dragon has strange Sand Eyes which will increase with Desert Dragon Zaka's mood change, if necessary, it can fuse with Desert Dragon Zaka to enter the strongest war mode.

Ice Dragon Zaka 's battle talent – Frost Field, Ice Armor.

Frost Field – the temperature of the area nearby you will continue to drop until a certain threshold. Release the forbidden spell Ice Land will reach this threshold in advance, summoning many ice spirits.

Ice Armor – Ice Dragon's super strong armor, automatically stimulated in a crisis, almost immune to all ice spells. It can also automatically reflect physical attacks. The thinner the armor is, the greater the reflected power would be.

In addition to these almost natural abilities, Desert Dragon Zaka also mastered many forbidden spells such as Quicksand Vortex and Sandstorm Star, Ice Dragon Zaka also has ice spells such as Permafrost Ice Coffin and Frost Blade.

The spells they use, without exception, do not require any incantation, which is as engraved in their bloods, ten times stronger than that of ordinary human mage's spells.

If a human mage uses the same spell to attack them, it is absolutely suicidal.

Red Dragon Zaka, the youngest of the three Zaka sisters and now the only one with a God Weapon, has even more amazing attributes.

Infinite Will to Fight – Red Dragon Zaka's will to fight is unshakable, and she will fight to the end even if she is in a desperate situation.

Infinite Energy – Red Dragon Zaka has nearly infinite flame essence, as long as the body does not collapse, it can constantly obtain the support of the Molten Fire Core.

Lava Body – Red Dragon Zaka's body is flowing with the hot dragon blood, which can let her swim in lava, ignore all flame attacks, and reduce more than 90% of physical attacks.

From the information fed by the Life Lines, the youngest sister of the three sisters deserves the name of the Red Dragon Princess. The infinite energy she provides can even replace some of the effects of God Weapon, allowing the two sisters who lost their respective God Weapons to regain their peak status.

And the person who gets the biggest benefit, naturally, is Yun Xi.

The power of the three Zakas can be perfectly complementary because they come from the same source, and for Yun Xi, it is completely additive!

Not as simple as one plus one. After getting part of the origin power of the three Zakas at the same time, Yun Xi could even clearly feel that his blood, nerves, and even thinking speed had improved by leaps and bounds.

For the first time, he saw his heroic rank threshold.

After stacking three Zakas' racial values at the same time, he finally touched the limits of this body.

In terms of combat power, even if he has not yet broken through that barrier, Yun Xi, with the help of the Battle God's Seed, has long surpassed the limits of a normal hero rank .

However, his comparisons are always his invincible childhood sweetheart and that pair of twin witches. Yun Xi's common sense has always been dead wrong.

"Good, I now declare! The Three Dragons Alliance is formed!" After experimenting with the life link, Desert Dragon Zaka proudly raised her index finger.

Ice Dragon Zaka , on the other hand, held up her middle finger.

Red Dragon Zaka , on the other hand, raised her ring finger.

Well, a small alliance, a three dragons alliance of three Zaka , was born.
