

## **Starchild 821**

### **Chapter 821: Mermaid Game (10)**

"There are eighteen more..." Yun Xi gently touched the newly caught little mermaid's head, and let the mermaid, who should be a member of the White Lotus Sword Palace, turn into a foam and disappear in his arms.

On the wrist, there is another mark that looks like a gentle and quiet little lady. From her age, it seems that she is not an elder or classmate of the sword palace, but a novice Witch of the witch palace.

"Prince! Prince! Report number one, white mermaid found." Desert dragon Zaka bit her paper tube excitedly and reported a major discovery to Yun Xi.

"Prince, Prince, report number two, there is a black Mermaid." Ice Dragon Zaka also confirmed that there were black mermaids among the hidden mermaids.

Hua Yue, the head of the Starwings Knights, reminded Yun Xi that the unknown hidden Mermaid finally appeared.

"What are the characteristics of the white mermaid?"

"What are the characteristics of the black mermaid?"

Yun Xi asked the two Zakas who were in charge of monitoring. They saw different angles because of the chantle line connection.

"I can't see clearly. It's too fast, but the white Mermaid should be faster than the black one."

"The black mermaid is more powerful power, and will run to the white mermaid to fight for food."

The keen eyesight of the dragon clan was useful at this time. Even if it was only for a moment, the two Zaka still got hold of the attributes of the two hidden mermaids.

The white mermaid has the fastest speed among all mermaids and can snatch a small piece of golden bread from the mouth of the biting Mermaid every time.

The black mermaid is the strongest. She will in turn plunder the food robbed by the white Mermaid.

Every time two mermaids meet, they will fight. This is the truth Yun Xi never thought of.

Sure enough, they are special and have the power to completely overpower other mermaids.

If the mermaid represents the "Essence" of the girls trapped in the dragon war world, then the two hidden mermaids definitely have the power to surpass the Starwings Knights' head, Hua Yue.

Who are they?

How can we catch them all?

Yun Xi continued to throw out golden bread bait while thinking, attracting those innocent mermaids.

With the cheat item, fourth-ranked golden butter bread, a normal Mermaid cannot resist. The difficulty of the Mermaid Game is reduced to the easy mode by Yun Xi.

The biggest problem now is that he needs more information about these two unknown hidden mermaids.

"Keep watching." After giving orders to the two Zakas, Yun Xi held his breath and began to speed up to catch the last group of mermaids.

.....

"Ah... Prince..." Robin, who was late, bit the bread and showed a wonderful smile to Yun Xi.

Have you also retained some of your wisdom? Yun Xi looked at his court fortune teller who was almost the last to take the bait, showing a very interesting look.

"The prince... The last Mermaid... Be careful..." Robin, who was caught by Yun Xi at last, smiled after spending a happy time in the royal city of Assyria.

Two birds that didn't belong to this world jumped out and couldn't wait to launch "Robin's unfortunate prediction" to Yun Xi.

"If you choose the black one, it must be black. The black mystery will devour you, and you will be executed."

"If you choose white, it must be white. White is the representative of purity. It has the highest hand feeling. If you do it, you will be executed!"

"Anyway, no matter which one is the death penalty, quack quack, that's good!"

"You have no choice, because they are all dead. It's wonderful."

Yun Xi's forehead was dripping with cold sweat. The birds raised by his court's fortune teller never said good things.

However, their predictions sound creepy, but they really work.

No matter who is chosen, it is the death penalty. Is this any new method of punishment?

What does the black Mermaid and the white Mermaid represent?

Up to now, there is no retreat. If the number of 81 mermaids is not wrong, Robin is now the penultimate, and several other mermaids have also been caught by Yun Xi.

The final battle is about to begin!

Yun Xi threw away his fishing rod and bravely walked out of the bell tower.

The tactic of "Mermaid taking the bait" is over.

To catch the last two mermaids, normal means will not work.

"Come on, let me see who you are!" Yun Xi took out the last few treasures left in his hand. In order to catch these lovely mermaids, the ammunition in his bread storage card was almost exhausted.

Now he has the two highest treasures in the bakery, which can be said to be the strongest weapon of the hero rank Baker.

The water surface fluctuated violently, and two different water marks burst out from different water curtains.

"Shua!"

The silver white is a strange Mermaid with a beautiful curve. Yun Xi doesn't know her. She wears a crystal white mask on her face. The outline is more or less similar to the posture of Yun Xi's White Emperor appearance.

The scales emitting silver glow give people a sense of sacredness and inviolability. Her swimsuit looks very different from other mermaids. It is a structure similar to an armor.

"Sure enough... Yes..." Yun Xi smelled the familiar scent. Although he was wearing a mask, Yun Xi still deduced the identity of the mermaid.

Mumu, the smallest member of the Starwings Knights. Her whole body exudes a sense of superiority.

Is it the power of her blood that woke up? This is the "Essence" of Mumu.

If Yun Xi can deduce her identity according to the exclusion method for the white Mermaid, then he has no idea about who the black mermaid is.

Like Mumu, she has a mask, but it is a black bone mask.

There are two eyes on the mask, but they are not parallel just like human eyes. Instead, they are located in the center of the mask. There are two black sharp corners on the forehead, releasing a dangerous aura.

Yun Xi felt a great sense of oppression from her.

However, at this moment, the two hidden mermaids have the same goal, which is the treasure bread in Yun Xi's hands.

This is the bread marked with "Chantle digits", which is the fourth grade golden butter bread with the longest storage time and the most delicious taste in Yun Xi's bakery.

Compared with other bread, they have the highest quality and temptation.

In the eyes of the two mermaids, the same desire appeared.

### **Chapter 822: Mermaid Game (End)**

The last two mermaids almost collided at the feet of Yun Xi, stirring up the water spray all over the sky.

They didn't run away because Yun Xi saw them, but began a fierce confrontation.

The goal is the perfect quality bread in Yun Xi's hands.

"Hey, they can't escape!" Desert Dragon Zaka leaped out of the hiding place with excited eyes.

"Be careful, sister, they..." Ice Dragon Zaka also rushed out of the hiding place, but not to catch the mermaids, but to stop her sister.

The target targeted by Desert Dragon Zaka is a silver Mermaid. She looks better to catch than a black Mermaid.

It turned out to be an illusion.

Before Desert Dragon Zaka rushed to the silver Mermaid, her tail rolled up waves all over the sky, and countless waves immediately bombarded Desert Dragon Zaka, hitting it directly from the South district to the North district.

On the other side, the horrible black Mermaid also showed her terrible strength.

One hit, just one hit, the black water column flew Ice Dragon Zaka who was ready to support her sister Desert Dragon Zaka.

In the Mermaid Game in which the transcendental power is limited, they impressively have terrible attributes that no other mermaid has ever had.

Ultimate speed.

Ultimate power.

It's not a supernatural force, but just relying on the simplest attributes, it crushed two Zaka with the same physical quality and monster level.

They are monsters among monsters.

"How can I catch it..." Yun Xi's forehead was dripping with cold sweat.

The last hidden mermaids are the ultimate boss of the game!

The silver Mermaid blowing Desert Dragon Zaka away began to swing its tail in a circle, with elegant and gorgeous movements, showing a leisurely atmosphere.

It's not the smell of Mumu known by Yun Xi, but more like the smell inadvertently emanating from something lofty, sacred and inviolable.

On the other side, the black Mermaid raised her index finger and middle finger, and her tail stood upright, blatantly showing her superiority in the sky and the world.

"Eh, this gesture." Red Dragon Zaka looked at the posture of the black Mermaid and could not help looking at her fingers.

Holiness and grace.

Domineering and violent.

Obviously, they can't feel the breath of transcendental power, but just by virtue of their physical quality, the two hidden mermaids display or even surpass the phenomenon attack of magic.

The water circle behind the silver mermaid was constantly superimposed, and finally turned into a huge wave that broke everything, sweeping towards the black Mermaid.

The black mermaid's index finger and middle finger are bent, placed on the thumb, and then popped out.

The invisible shock wave sent out a sharp howling sound in the air, penetrating the huge waves layer by layer, cutting the water waves like a sharp blade.

The silver Mermaid whirled quickly to avoid the penetrating shock wave. At the same time, the tail of the mermaid swung to create larger waves.

The black Mermaid raised her fist, shrunk, and then burst out.

Red Dragon Zaka and Yun Xi jumped at the same time, dodging the path of the fist.

One fist divides the sea, which probably describes the scenery at the moment.

The huge waves triggered by the silver Mermaid were completely blown away by the black mermaid's fist. The extreme power even tore the seemingly indestructible land of the King City of Assyria, leaving a trace as deep as several meters.

In the Mermaid Game, a real damage appeared for the first time. The fist of the black mermaid was so domineering that even the rules of the Mermaid Game could not be restrained.

"This power..." just because he is also limited by the rules of the Mermaid Game, Yun Xi can intuitively feel the horror of the black Mermaid fist.

That was a more terrible destructive power than the Hard Body's all-out strike, which even destroyed the rules of the Mermaid Game.

In the world of the dragon war, who can throw such a punch, such a punch that almost destroys the world in the real world?

"It's my sister!" Red Dragon Zaka recognized the truth represented in the trajectory of this fist, the real mermaid with a black mask.

"Sure enough, it's Black Dragon Zaka!" After confirming the identity of the silver Mermaid with the exclusion method, Yun Xi finally determined the identity of the last black Mermaid.

Such a terrible force, even the mermaid rules of the Queen of Assyria, can destroy the bit space. Who else is not the last strongest Black Dragon Zaka among the four sisters of Zaka.

However, the essence of Mumu reflected in the Mermaid Game can compete with Black Dragon Zaka, but it is far beyond Yun Xi's expectation.

Perhaps it is because Mumu in this game is not herself, but her "Essence", so she can do this.

Considering that Yun Xi obtained the "Hard Body" from the seeds shared by Mumu, is there a power in Mumu's blood that can resist Black Dragon Zaka?

Even if her fist tore the earth, it didn't hit the silver mermaid that Mumu incarnated, or even scratch her skin.

Her speed, completely above the black Mermaid, can be said to be invincible from the beginning.

However, the power of Black Dragon Zaka is too pure and powerful, which makes Mumu's silver Mermaid helpless.

When the ultimate power evolves to this level, it is invincible!

"Mumu!" Yun Xi tried to call the real name of the silver Mermaid, and gained a piece of confusion and curiosity from the eyes of the white mask.

"Sister Zaka!" Red Dragon Zaka also tried to call the real name of the black Mermaid, but there was no response.

In that dark pupil, there was only the murderous Qi that was bound to be gained.

Even, from her feet, there were black traces spreading, which was a sign that the extraordinary force that should not exist in the Mermaid Game began to spread.

The rules of the Mermaid Game can hardly limit the power of Black Dragon Zaka.

"La... La... La..." in the suffocating atmosphere, the silver Mermaid began to chant.

It was a joyful and yearning song, an ancient ballad echoing in the starry sky.

"The sweet, the joyful, the sad, the painful, even the regret, and the anxiety are all the melodies of love."

"No matter when and where, this yearning is with you, because it is the song of my love. I was born to love you and sang loudly to pass on my love."

The silver halo spread around Mumu, impressively like Black Dragon Zaka, and began to break the rules of the Mermaid Game.

At the same time, Yun Xi's ear also sounded a soft and sweet whisper.

"My lover open your eyes and see the beautiful world I have created for you."

"Dad, use it, all the mermaid power."

On Yun Xi's wrist, one mark after another flew out.

Hua Yue, head of the Starwings Knights, platinum rose.

Deputy commander, grass, mortal sword.

Secretary, Linggg Linggg, cream pudding.

Secretary, Mei Lan, volume.

Court diviner, Robin, divination book.

Little rabbit Lulu, little rabbit.

Each mark adds a power to Yun Xi, which is the reward of the Mermaid Game and the signal of the end of the first phase of the Mermaid Game.

There were only 79 mermaids from the beginning. The last two mermaids were out of control and were hidden rewards.

In order to obtain the final hidden reward, the owner of the Mermaid Game gave the winner the reward of all the players in the first stage in advance.

The prohibition of extraordinary force is lifted!

Mermaid game, the second stage, is also the final showdown, start!

"Ready to use!" Yun Xi felt his whole body suddenly lightened, and the infinite essence belonging to Red Dragon Zaka poured in at once.

"Finally we can have a big fight!" Red Dragon Zaka is gearing up. Even if the opponent is the strongest Black Dragon Zaka, the red dragon of fire is fearless.

"La... La... La..." the silver mermaid who broke the prohibition of Mermaid Game sang loudly, and the water wave of the whole Assyria King City suddenly began to rise, turning into a real ocean, as if it connected the endless world of water elements.

"I... Want... Bread..." Black Dragon Zaka's black traces at her feet are increasing. Her eyes, which are turned into black mermaids, send out a palpitating sense of oppression.

That feeling was like a giant enough to cover the world, which was forcibly compressed into the body of this small Mermaid.

A huge demon sword in red and black slowly appeared in her hand.

The originally golden sword came to the third floor of the huge fire tower and began to show its horror.

On the hilt of the disc, three treasure beads, dust, ice and nightmare, have been inlaid, making the sense of oppression released by the demon sword reach an unprecedented level.

Yun Xi even has an illusion that if the sword recovers its full strength, it may tear the world of the dragon war apart.

No, this may not be an illusion, but the truth.

After Black Dragon Zaka summoned the demon sword, her momentum instantly increased ten times. There was a black dragon shadow emerging in the black traces under her feet, covering half of the royal city of Assyria like the other side of the world.

If Yun Xi had not obtained the power superposition of all Mermaid girls in the first stage of the Mermaid Game, he would not be able to withstand the pressure of Black Dragon Zaka at the moment.

"La... La... La..." the silver Mermaid turned around the King City of Assyria like a white line.

Black Dragon Zaka raised her head. The red and black demon sword in her hand emits a strange sound. The blade of the sword body starts to rotate, just like when Desert Dragon Zaka summoned the Star of the Sand.

However, what Black Dragon Zaka controls is far more dangerous than the Star of the Sand, and the precursor alone is far beyond the falling momentum of the Star of the Sand.

The silvery white aperture began to overlap and increase, and there was no secret skill. After the restriction was lifted, the combat effectiveness of Mumu was incredible even for Yun Xi.

"We should go too." How could Red Dragon Zaka miss this century war? She firmly grasped Yun Xi's hand.

"Well, sync, go!" Yun Xi closes his eyes and starts the highest level of synchronization with Red Dragon Zaka.

With the power superposition of 79 Mermaid girls, Yun Xi naturally crossed the boundary of the hero rank in a trance and captured his own hero track.

It was a very wonderful feeling. Unlike in the water god world when he was possessed by Casina the Battle God, he was a complete bystander at that time. He knew it but didn't know why. Even if he used the power far beyond the limit of the hero rank, he couldn't understand the principle.

Now, Yun Xi, who has stood in front of the hero rank gate, has finally seen his future road. After his race value reaches a certain critical point, he presents the heroic road in front of him.

Infinite essence is transmitted from Red Dragon Zaka's body, enabling Yun Xi to release more than ten times his own secret arts.

Their hearts are connected at this moment.

Victory is the will of Red Dragon Zaka.

To win, this is Yun Xi's judgment.

Strength and wisdom.

Skill and heart.

Hot as fire, the divine light starts!

"Launch, dragon roar wave!"

Together, they released their strongest ultimate combination move.

At first, it was just a small dot, emitting a beautiful silvery white glow.

The four spiral lines are regularly connected at this point, rotating and moving forward. The dark red light wave is like the tail of a comet, releasing its own light and heat.

This is the holy crimson light created by Yun Xi and Red Dragon Zaka!

"What happened?" Mumu, who was drawing countless silver lines in the sky, tilted her head and looked at the familiar silver light spots, showing a puzzled expression.

"Hiss!" In the mask eyes of Black Dragon Zaka, the dark pupil showed an incredible expression for the first time.

Next second!

"Boom!"

The silver spiral light immediately bombarded the demon sword dyed red and black by Black Dragon Zaka, and forcibly interrupted the moves that Black Dragon Zaka had not yet completed.

This is the intuition of Yun Xi and Red Dragon Zaka. Black Dragon Zaka must not be allowed to complete that move, otherwise the whole royal city of Assyria may turn into dust.

The ominous smell gathered on the demon sword was blown away by the silver spiral, and the sword was also released from the hands of Black Dragon Zaka.

Overconfidence in her own strength may be the only weakness, but still a fatal weakness, of the powerful Black Dragon Zaka.

The Demon sword, supported by the three treasure beads of dust, ice and nightmare, has the power to destroy the world with one slash.

The dark red Holy Light released by Yun Xi and Red Dragon Zaka also has such power!

At least before Black Dragon Zaka gathered four beads, the forces of both sides were in the same position.

The dark red divine light, which runs through all defenses, is the strongest trump card of Yun Xi and Red Dragon Zaka, bringing the dawn of victory!

"Now!" Red Dragon Zaka knows that there is only one chance. If they don't take this once-in-a-lifetime opportunity to defeat Black Dragon Zaka, they will never have another chance!

In the dark red dragon roar wave, Yun Xi rushed forward without hesitation, and with an unstoppable momentum, he faced Black Dragon Zaka, whose right hand was paralyzed - and stuffed a large bread into her mouth.

**Chapter 823: The Voice of Black Dragon Zaka**

"Quack!" Black Dragon Zaka, who was stuffed into her mouth by Yun Xi with golden cream bread of perfect quality, showed a very wonderful expression.

The ominous smell that had brought a fatal sense of oppression vanished like white cream in her mouth.

The sweet, soft and happy taste spread in her young body, and even the black mask on her face began to produce obvious cracks.

"It works!" Desert dragon Zaka, who had just been beaten black and blue, and had just climbed out of the ruins, knew from the performance of Black Dragon Zaka that she was about to fall.

"That bread... Is really poisonous..." Ice Dragon Zaka, who has also eaten Yun Xi's bread and even played licking games, clearly knows the consequences of eating that bread.

Red Dragon Zaka felt the same way. She ate Yun Xi's bread, then opened the defense step by step, and finally got out of control.

The four sisters of Zaka are similar in many places, so Black Dragon Zaka cannot avoid what happened to them.

"Ga... woo..." bit Yun Xi's bread, the murderous spirit emitted by Black Dragon Zaka disappeared little by little, and the black mask on her face fell into pieces.

Under the mask, there is a deja vu face of Yun Xi - she is the youngest of the four sisters of Zaka. She is the smallest in both height and weight.

"..." after eating more than half of Yun Xi's golden bread and butter, Black Dragon Zaka seemed to wake up and stared at Yun Xi with angry eyes.

However, she could not return to her original murderous appearance after biting the soft bread and leaving white traces on the corners of her mouth.

"I... Also... Want!" Mumu, who painted silver white lines in the sky, also fell down, and the small fishtail wrapped around Yun Xi, acting willfully.

Unlike other mermaids, neither Black Dragon Zaka nor Mumu immediately disappeared after contacting Yun Xi, just as the rules of Mermaid Game cannot completely restrict them.

"Ah!" At this time, Black Dragon Zaka found herself surrounded.

While Black Dragon Zaka was eating bread, Desert Dragon Zaka, Ice Dragon Zaka and Red Dragon Zaka all surrounded her.

Desert dragon Zaka touched Black Dragon Zaka's head with a gentle expression, showing a puzzled expression:

"Why is she so young? Aren't we the same age in theory?"

Ice Dragon Zaka focused on the skin of Black Dragon Zaka, and was also lost in thought:

"Her growth posture is not normal."

"Sister, is there something wrong with your body?" Red Dragon Zaka has completely forgotten that they are still in a state of hostility with Black Dragon Zaka. They almost forget Yun Xi around them when they care about their youngest sister.

"Sisters..." Black Dragon Zaka bit Yun Xi's golden butter bread, and her eyes gradually became quiet.

"Yes, yes, we are your sisters. Why did you suddenly become violent?"

"The state just now is not right."

"What happened to our mother?"

The three dragons alliance surrounds the last sister. Everyone wants to know what happened to their youngest sister, the black dragon.

The Black Dragon Zaka under normal conditions cannot be the same as they saw on the first and second floors.

Black Dragon Zaka, entangled by endless darkness, certainly has the unparalleled power that can even completely overwhelm the three dragons alliance, but the feeling of that power has been out of control.

No matter Desert Dragon Zaka, Ice Dragon Zaka or Red Dragon Zaka, it is impossible to lose control of their own exclusive God weapon, because their exclusive God weapon is the fantasy God weapon tailored for them by the great original dragon mother.

The Star of the Sand in Desert Dragon Zaka's hands.

Force dragon tee in Ice Dragon Zaka's hands.

The Meteorite Core in Red Dragon Zaka's hands.

And Black Dragon Zaka's "Nightmare heart", which is a God weapon that can be used to kill gods. Among the four sisters of Zaka, it's the only original God weapon that can do damage to gods.

"The dream of mother..."

"I... can't resist..." Black Dragon Zaka chewed Yun Xi's bread, her body trembled slightly, showing a confused expression.

This is the Black Dragon Zaka that Desert Dragon Zaka, Ice Dragon Zaka, and Red Dragon Zaka know.

Among the four sisters of Zaka, Black Dragon Zaka is the quietest.

Desert dragon Zaka has a wild and unbridled temperament.

Ice Dragon Zaka has a cold and slightly poisonous temperament.

Red Dragon Zaka is a representative of enthusiasm.

The last Black Dragon Zaka is a silent and mysterious existence, but it is not indifferent, she doesn't know how to get along with others.

Her speechless is not silent, but is good at doing her own work silently. She has the strongest power among the four sisters of Zaka, but she is the quietest sister.

It is hard to imagine that such a girl would show the madness before. This is definitely not the sister that Desert Dragon Zaka knows.

"The battle... Is not over yet..." after almost eating Yun Xi's golden bread and butter, Black Dragon Zaka pressed her forehead:

"Even the power of ancient gods can't... Quell the nightmare of mother..."

"To win, I need to... Take the most important thing from my mother..."

Shaking her body, Black Dragon Zaka walked up to Yun Xi, hugged him, stood on tiptoe and whispered in his ear:

"Only you... Can do it..."

"When you see hope, take it away... That's also the wish of my mother..."

Subsequently, the mermaid body of Black Dragon Zaka, like other Mermaid girls, turned into countless foam and disappeared into the arms of Yun Xi.

There is a black mask mark on Yun Xi's wrist.

"Good night... Big brother..." together with Black Dragon Zaka, there was Mumu, a silver mermaid who stole another perfect quality bread from Yun Xi and showed a full expression of enjoyment.

She stretched and hugged Yun Xi comfortably, then waved to him:

"Bye... What a sweet dream tonight..."

In the silver white foam, Mumu's Mermaid avatar also disappeared in front of Yun Xi.

Her mark is a circle, a silver circle.

The marks of 81 mermaids have been collected so far.

With the end of the Mermaid Game, the ancient royal city of Assyria began to sink into the water a little, just like returning to the embrace of the sea.

A ladder of light appeared above the King City of Assyria.

On the stairs, the Queen of Assyria and White Moon are holding hands waiting for Yun Xi.

The giant stupid spider slowly opened its multiple compound eyes and surveyed Yun Xi and the three dragons.

#### **Chapter 824: Farewell of the Queen of Assyria**

Yun Xi looked up at the Queen of Assyria, her first and second princess, and naturally understood why Black Dragon Zaka appeared in the royal city of Assyria as a mermaid.

Mermaid game is the fantasy of the Queen of Assyria and a memory beyond time.

The ability to pull Black Dragon Zaka into the Mermaid Game, limit most of her strength, and give her a mermaid posture is undoubtedly a feat accomplished by the Queen of Assyria with the help of ancient gods.

And all this is for him.

They gave him the best blessing and the strongest help.

However, they also paid a huge price for this.

"It is not the dead who will sleep forever. In the wonderful eternity, even death will disappear..."

"Do you like my last gift, my love?" Holding her daughter, the Queen of Assyria gracefully stepped down from the throne of a huge stupid spider.

The perfect appearance reminds Yun Xi of the time when they first met in the underground lake. The young queen sleeps on a huge stupid spider and emits beauty beyond ordinary people's understanding under the bloody moonlight.

The bare snow-white feet, the slightly sad eyes, and the curious look when looking at him.

For her sake, Yun Xi created "White Moon", but White Moon awakened her own consciousness and even began to rebel against her mother.

She chose to accept all this and forgive all this. Finally, in Yun Xi's "Story", she married him with her daughter.

On the wedding night, the Queen's skin was as smooth as grease and fragrant as greasy powder. The gentle, fragrant and soft body of White Moon was wonderful.

With that slight movement, you can feel the touching touch of the Queen's warm skin and the ecstasy of kneading in front of her snow peak.

White Moon was sitting on his body, her white feet were shaking, her pearl toenails were as lovely as a scallop, with a greasy and tender pink smell.

The girl's skin is soft, smooth and crisp, with a charming voice.

The smooth and warm face stuck to him, and the pure, sweet and easy to push down taste and sweet and pitiful voice whispered in his ear.

She stepped on his body with bare feet and tried to endure the gentle sobs.

Compared with the Desert Dragon Zaka sisters, the sense of disobedience and the impulse to violate taboos brought about by the Queen of Assyria and White Moon are quite different.

"The last gift... Are you leaving?" Represchant the frenzied impulse in his heart, Yun Xi looked at the huge stupid spider and the blood moon behind them, feeling a little uneasy.

It seems that he made a fatal mistake in a certain link.

"The Millennium dream is over."

"White Moon should also get her real body. Thank you for the best gift you gave me." The Queen of Assyria hugged White Moon's small body, showing an intoxicated expression:

"I never thought I could get such a precious and unique gift in the world."

"This is a hundred, a thousand times more important than my lost kingdom. It is a treasure that no God weapon can match."

"I can pay anything for her."

"The wedding night is over. I have to take her to get a real body."

"So, my love, let me give you my last blessing. That's our agreement."

Hold her heart, the Queen of Assyria raises her hand, and the glory of the blood moon falls, just like listening to the Queen's solemn oath:

"No matter how time passes, whether it is a thousand years or ten thousand years, under the witness of the ancient god, our wedding will be valid forever."

"Maybe I don't know what love is."

"But I swear here."

"All my life, I only allow you to touch my body, kiss me, and enjoy the intimate time with me."

"Things in the world can be seen at a glance. They are all boring, unpleasant and chaotic."

"I can't treat everyone equally and gently."

"I can't sincerely pray for the people who matter to me."

"I think it's a good thing that important people can feel bad and cry for me."

"But today, I changed my mind."

"I don't think it's bad to have a lover."

"Even if the world is so boring, you are different and worth watching."

"I will remember your name, waiting for you."

"So, say goodbye for a while now. In the name of... I will find you!"

"No matter where you are in the star world, I will find you with White Moon."

"Then, please smile."

The giant stupid spider walked slowly, put the mother and daughter on its body, and then looked at Yun Xi with a strange look.

Earless spider blades emerged and exploded one after another.

They are offering the last salute to the great queen who has left, and giving the last cheers to the queen who will leave the world.

The great kingdom of Assyria will never fall!

Because the Queen's place is Assyria!

"Dad... I will return with the best body. Thank you, for giving me soul and life!"

White Moon, who was held by the Queen of Assyria, burst into tears and cried loudly. The transparent tears were like broken pearls.

"Be good... Don't be afraid... One day... You will find..." the Queen of Assyria gently comforted her daughter and looked at Yun Xi with softer eyes.

A child who can cry and be willful is something that even the "Gods" will be soft hearted and yearn for.

At the "She" level, it is impossible to obtain such a treasure.

Why, is that so?

This world is really incredible. It seems that all memories are rejected here, and the boundary between illusion and reality has become blurred.

Only in such a magical world can such a "Prince" appear and realize her wish that she can't even realize by herself.

Really, it is like a dreamlike lover.

"Dad... I like you..."

"I will... I will find..."

White Moon stretched out her little hand, and another round of blood moon emerged in the sky. The two rounds of blood moons overlapped, opening a gap, like an entrance connecting an endless abyss.

"Thank you... For your brilliance..."

"Although, for some reason I was chosen..."

"Goodbye, my Assyria."

"Goodbye, my love. For the next meeting of fate."

The Queen of Assyria, holding the crying White Moon, sat on the huge stupid spider and stepped back into the crack leading to the abyss.

"No... isn't it..." looking at the Queen of Assyria and her daughter who disappeared into the abyss, Yun Xi had a premonition of something bad.

"Pafu!" Little Pafu came out from Yun Xi's chest and waved goodbye to the Queen of Assyria.

### **Chapter 825: Coming, Black Dragon Zaka! Part 1**

"Thank you."

Feeling the huge power in his body, Yun Xi sincerely thanked the Queen of Assyria and White Moon who disappeared at the end of the abyss.

They obviously have a way to escape from the dragon war world and don't need to join the war that determines the fate of the world.

However, they finally held this "Mermaid Game" and gave him the essential power of 81 Mermaid girls.

This is definitely not without cost. All the fallen spider blades around the queen are proof.

"Let's go. The last battlefield is there." After sorting out his emotions, Yun Xi took a deep breath.

"I have a bad feeling that my mother is there." Desert dragon Zaka scratched her head. Even if she was bold, she would still feel a little uneasy if she really wanted to compete with the ultimate power of the world.

"Yes, sister Black Dragon Zaka also said that my mother is having nightmares." Ice Dragon Zaka made an absolutely correct judgment.

"Even so, we have to fight." Red Dragon Zaka, who respects her mother more than anyone else, said categorically.

From the moment they connected with Yun Xi, they had no way back.

"Then, get ready!"

Desert dragon Zaka took the lead in extending her small hand, followed by Ice Dragon Zaka, Red Dragon Zaka and Yun Xi.

Four hands, press together.

"Three dragons alliance, fight!"

Sand Eyes emerged and appeared at the feet of the four people. With Yun Xi as the arrow, a dragon blade rose into the sky. In an instant, it ran through the end of the transparent ladder and came to the last battlefield of the world.

In the sky, there are endless black clouds. A black dragon covering the world is winding its huge body around the last tower of hope for mankind.

The huge fire tower hundreds of meters high, a large part of the tower body has been swallowed up by black matter, and only the torch on the top of the tower is still burning, which is the last light of hope for mankind and the world.

It was a pair of twin witches in white and red that kept the torch.

Hand in hand, they stood barefoot on the golden altar, with a golden balance suspended in front of them.

On one side of the scale, a glowing red heart still beats, while on the other side is engulfed in a swirling black vortex.

At this moment, the balance of the golden balance has completely fallen to the side of the black vortex.

Every time the black vortex rotates, the gold balance will tremble. If the White Witch hadn't shaken the ring in her hand from time to time, giving the hot red heart the mysterious power of starlight, I'm afraid the balance would have fallen to the side of the black vortex.

The whole world doesn't exist other gold.

The shadow of the black dragon has covered the whole heaven and earth. In the endless darkness, only the top of the tower is still emitting light.

"There you are, Prince." Looking at the three dragons alliance and Yun Xi who rose to the sky and fell to the top of the tower, the witch wearing white witch clothes smiled sweetly.

"Are you here to marry us?"

"First of all, it's wishful thinking. Even if you are the only man left in the world, I wouldn't marry you!" The witch holding the Red Lotus Holy Sword spat.

"Hum, you are really good at it, you playful bastard." Desert dragon Zaka stared at Yun Xi's neck with a "Sure" expression.

"In the morning, at noon, and at night, you will have estrus. This is human beings." Ice Dragon Zaka sneered.

"Mother and daughter. You have a big appetite." Red Dragon Zaka and her two sisters glared at Yun Xi, and the three dragons alliance reached an agreement again.

"Now is not time to say this, that is... Original dragon?" Yun Xi was sweating and watching the body spread endlessly, just like a black dragon devouring the world.

"No, that's Black Dragon Zaka." Desert dragon Zaka shook her head.

"Her God weapon has the attribute of making her body infinitely larger and devouring the world."

"The Heart of Nightmare is the original God weapon that can be used to kill gods."

Yun Xi looked at the black dragon that had already pushed the world to the end. It was difficult to connect the dragon with the small Black Dragon Zaka.

Why, as the youngest of the four sisters of Zaka, did she has this terrible body shape!?

"Swallow the world, Black Dragon Zaka. She is disaster, she is the end."

"She was the youngest Zaka, part of our mother's deepest nightmare."

The three dragons alliance is also the first time to see the real body of Black Dragon Zaka that has evolved to engulf the world.

With the power of the heart of nightmares, Black Dragon Zaka continues to devour and grow, and finally reaches the level of covering the planet. This is the attribute of Black Dragon Zaka.

It is inconceivable that there is still a pure land in the world that has blocked the devouring of Black Dragon Zaka.

The power of the twin witches is really strong. They can even survive in the face of this crisis.

But they made another choice.

"The principle of equal exchange is the truth of all things."

"What you give, what you get."

"What you get, what you lose."

"The last stage has opened, Prince. Are you ready?" White Lotus held the golden balance in front of her.

All preparations are for the final decisive battle at this moment.

Which side of the golden balance will eventually fall?

The duty of the twin witches is to witness the end of this war and determine the ultimate battle of the world's destiny.

Black Dragon Zaka's power is infinite, and she has the qualification to dominate the world. The whole world has been entangled by her body and can't break away.

The only ones who can fight against the power of Black Dragon Zaka are those who also belong to the original dragon and the prince who married them.

The Dragon War, the final task of the main line, starts!

## Chapter 825: Coming, Black Dragon Zaka! Part 2

The final battle to bet on the fate of the world begins now!

"I'll come first!" Even in the face of Black Dragon Zaka, who has evolved into a dragon devouring the world, the Red Dragon Princess of fire will never give in.

The sky began to burn, and the girl's index finger and middle finger diverged, turning her infinite energy into a magic like the ocean, and condensed into a forbidden spell that could destroy the sky and the earth.

Meteorite Fire Rain, seven layers of energy!

Numerous fire red pulp bubbles float in the cloud layer of the fire cloud, and constantly drop on the body of Black Dragon Zaka. The high temperature of tens of thousands of degrees makes the surrounding black substances evaporate together, revealing the black dragon scale unique to Black Dragon Zaka, which is like black crystal.

However, these golden red bubbles, which are enough to turn a battlefield into a fire hell, fell on Black Dragon Zaka, which, like light rain, only stirred up subtle ripples, and even left no trace on the beautiful scales of Black Dragon Zaka.

"I'll come too!" Despite the loss of her own God weapon, the Star of the Sand, after connecting with Yun Xi, Desert Dragon Zaka also shared the boundless energy of her sister Red Dragon Zaka.

Desert Dragon Zaka created the largest desert area in history.

Four huge sand eyes are suspended around the four people and turned into solid shields. This is the natural power of Desert Dragon Zaka, which even Black Dragon Zaka can't take away.

Ice Dragon Zaka summoned mirrors, and disappeared her own shadow in the mirror. After losing her Frozen Dragon Teeth, she also exhibited the strongest magic array with the help of Red Dragon Zaka, creating an ice mirror array specially used to reflect each other's magic attacks.

"First shot!" Red Dragon Zaka shouted excitedly. Facing the strongest Black Dragon Zaka, she had no fear at all.

Zaka of the flame should go forward and never look back!

Huge flaming meteors hit Black Dragon Zaka's body, and dark red mushroom clouds rose into the sky. Finally, Black Dragon Zaka, covered by endless darkness, responded.

A little green light gradually appeared in those dark eyes.

"Betrayer... Unforgivable..." that was the voice of Black Dragon Zaka that Yun Xi had heard on the first and second floor. He thought it was the Black Dragon Zaka's curse.

But now Yun Xi knows that this is not the original sound of Black Dragon Zaka.

The real Black Dragon Zaka is the child who is silent while biting bread, and even shy when being touched by her sisters.

Her mind was sensitive and soft. She was a little speechless, but she would never be a bad child.

The angry voice came from the sleeping original dragon, which was the enemy that Yun Xi had to defeat in the main task.

"Control is about to fail, Prince. You have to be prepared." White Lotus frowned. If they hadn't used the red dragon heart in the golden balance as the medium to suppress the crazy consciousness from the original dragon, the world would have been torn to pieces by the original dragon.

"Whether you live or die depends on yourself." Red Lotus looked at Yun Xi maliciously. She always thought the prince looked familiar and wanted to kill him.

Well, illusion, must be an illusion?

"Coming out, her real body."

The three treasure beads that once disappeared in the King City of Assyria were suspended in front of the huge body of Black Dragon Zaka, and the endless dark breath began to gather madly towards the three original God weapon.

At the same time, a lot of black matter began to fall from the sky, as if something was being stripped away.

"Second, third, fourth!" Red Dragon Zaka dominates the larger and larger flame meteors, and severely hits Black Dragon Zaka.

Thousands of dark substances were extinguished in the flames. It seemed that half of the sky had been ignited, showing a bright dark red.

The rest of the fallen dark matter was intercepted by Desert Dragon Zaka's Sand Eyes, and none of it fell to the top of the tower.

However, this will not prevent the reorganization of the three original God weapons.

The black mask appeared, followed by the familiar little figure, but this time there was no fish tail.

That's the real Black Dragon Zaka.

Or, the spokesman of the original dragon's will.

Compared with her in the Mermaid Game, her real appearance gives off a more terrible and ominous smell.

The eyes that occasionally emit green light in the dark make people shudder just to be seen.

Looking directly at her, Yun Xi even felt a palpitation.

"Well, my mother looks very angry." Desert dragon Zaka looked at the Black Dragon Zaka wearing a black mask, and all four Sand Eyes were nervous and rotated.

"Agree." Ice Dragon Zaka, who has always been calm, also fell into unease in the face of the real Black Dragon Zaka.

The Black Dragon Zaka in this shape represents the real "Invincible".

She swallowed the world, and her strength has expanded to an unimaginable level, which is why only she can "Kill God".

That is the unique attribute given to Black Dragon Zaka by the original dragon.

"I... I will prove it to you, mother!" Red Dragon Zaka bit her teeth and released the strongest flame meteor so far.

There are three consecutive ones, one larger than the other, falling to the masked Black Dragon Zaka.

Black Dragon Zaka held out a finger, and then gently clicked it to make a hook.

All the darkness between heaven and earth seems to have stopped for a while, and then several huge black crevices appeared out of thin air, which forcibly swallow the flame meteors of Red Dragon Zaka.

"Pa!"

"Pa!"

"Pa!"

Several small and almost inaudible sounds sounded inside Black Dragon Zaka's body and then disappeared.

"She ate them?" Red Dragon Zaka stared at the Black Dragon Zaka who licked her lips. They were flaming meteors!

"She is too big!" Ice Dragon Zaka shook her head. This is the gap. The original dragon mother preferred her!

"Good appetite." Desert dragon Zaka looked at her sister admiringly.

What is the taste of eating a world? I'm afraid this is the ultimate attribute of an eater.

### **Chapter 826: Staggered Blades**

Black Dragon Zaka shook her head and opened her mouth after swallowing the strongest shots of the Fire Meteor of Red Dragon Zaka.

"Ready!" As the four sisters of Zaka, the three dragons alliance saw what Black Dragon Zaka was going to do at the same time.

"Lava shield!"

"The Wall of Sand Eyes!"

"Ice Mirror Array!"

Three ultimate defenses with different attributes appear around the three dragons alliance at the same time.

"Hoo!" Black Dragon Zaka lowered her head, and suddenly countless black substances surged around her like tides.

This is... Yun Xi opened his eyes wide and felt the deadly oppression deep into the bone marrow.

The next second, Black Dragon Zaka's breath was released overwhelmingly.

The black light flow is like trying to shatter the world. It turns from the ridiculous cherry mouth into a column of light. At first, it is only the size of a thumb, but in an instant, it continues to expand and spread, turning into a wave of black breath that is enough to erase the whole giant fire tower from the map.

The golden balance in the hands of the twin witches tilted violently towards the direction of the black vortex in an instant, shaky.

Crazy breath, first of all, the four Sand Eyes in the way were stacked into a wall one by one, then smashed more than hundreds of ice mirror arrays, and then heavily bombarded the last lava shield.

The lava shield supported by the molten core lasted less than three seconds, and was crushed by the breath of Black Dragon Zaka.

The strongest defense combination of the three dragons alliance is like a blank sheet of paper in front of Black Dragon Zaka's breath.

"Something's wrong!"

"This is not the attribute of Black Dragon Zaka!"

"Why is my strength restrained?"

The three dragons looked at the Black Dragon Zaka, which defeated the three people together with a breath, with stunning eyes. Is Black Dragon Zaka so strong after it evolved?

"The Starwings!" Finally, Yun Xi had to summon the ultimate God weapon that he could not control and waved his sword at the overwhelming black breath.

The shining flying sword spirit was not polluted by the black breath, and burst into infinite brilliance on the battlefield, positively resisting the unstoppable dragon breath of Black Dragon Zaka.

"This sword is really powerful." Desert dragon Zaka looked enviously at the Starwings in Yun Xi's hands and remembered the shock of being defeated by the Starwings.

"The anger of our mother infected her and suppressed our power." Ice Dragon Zaka calmly judged the real reason why the shield of the three dragons was vulnerable.

"I don't believe it, keep fighting!" Red Dragon Zaka gritted her teeth and lifted Yun Xi's hand, burning flames all over her body.

This is both a signal and a symptom, which means that Red Dragon Zaka is about to forge ahead and cooperate with Yun Xi wholeheartedly.

"I see." Yun Xi tightly grasped Red Dragon Zaka's small hand, and their consciousness overlapped with each other very skillfully.

"Spiral light breaks through the sky!"

"My attack is invincible!"

"Look, the sky is burning, that is the proof of our love!"

"Break it, the thing that dares to stop me!"

"This is the ruling from the Red Dragon Queen!"

"Even if it is impermanent darkness, I will break it for you!"

"Holy!"

"Crimson light!"

The endless red halo spread with their voices.

Desert dragon Zaka felt that she had been hurt 10000 points.

Ice Dragon Zaka felt that she had been critically hit.

White Lotus looked at the pair angrily and almost lost the golden balance in her hand.

Red Lotus raised her eyebrows, for some reason she was also murderous.

Well, the powerful ultimate combination skill has caused more than 50000 points of undifferentiated damage to their own camp before it was launched.

Fortunately, this move will do more harm to Black Dragon Zaka.

Seeing the two holding hands, heart to heart; a sweet, hot look. In Black Dragon Zaka's dark pupils a large green light suddenly appeared.

100000 points of real damage, firmly penetrating the defense of the black mask, let the great will that dominated Black Dragon Zaka's body completely fall into a state of madness.

"Quack!" Holding up her little hand, Black Dragon Zaka's index finger and middle finger stood up into a sword. At the same time, behind her emerged a huge black sword that looked enough to tear the world apart.

Yun Xi had an intuition when he saw the sword.

Don't let this move appear. This move is the God Sword Skill that can really separate the world with one sword.

Clearly has never seen this sword, but the three dragons alliance is only oppressed by the sword momentum of this sword, and it has a cold body, like the fear of the end.

On the sword of Black Dragon Zaka, the attribute of "Pair of dragons" appears, which should not have appeared on Black Dragon Zaka.

Endless dark matter began to condense on this huge dark sword, making the sword body more huge and more real.

The longer this move is charged, the more powerful it will be. It is a forbidden move that goes beyond the common sense of the world.

If this move is completed, the world will end and the three dragon's alliance will disappear. Yun Xi is extremely convinced of this.

So, he attacked!

The silvery white light spots turned into bright tracks, with four white lines moving forward in a spiral circuit, and instantly hit the expanding sword of darkness in Black Dragon Zaka's hands.

At the same time, the dark red dragon roar spread faster and crazier than ever.

Both of them are powerful enough to destroy the world, and they collide together directly.

For the first time, the sacred crimson light didn't completely crush the target. The dark matter gathered in the Black Dragon Zaka dark sword has completed the process from quantitative change to qualitative change, and has become a certain outline with indestructible properties.

The silver white light spot that can penetrate and tear everything just interrupts the body of the dark sword from the middle, reducing the killing power of the sword by about 70%.

But even Darkness Sword, which only had 30% of its power, still released enough destructive power to kill the stars. As Black Dragon Zaka's sword light fell, it relentlessly attacked the three dragons alliance and Yun Xi.

"The Starwings!" This is the first time that Yun Xi has met a target that could not be defeated by the divine crimson light. He had to release the endless flying sword Qi again, constantly tearing the falling black giant sword.

If this dark giant sword is a dragon-slaying blade that can cut a dragon, then the wing sword of Yun Xi is a spirit flying among the stars.

Perhaps a chantle sword Qi can't compete with this dark giant sword, but it is also a quantitative change that produces a qualitative change. When the number of sword Qi flying out of the Starwings exceeded 3000, it finally managed to stop the killing trend of the dark giant sword before it fell motionlessly to the ground.

### **Chapter 827: Dragon Roar Wave in Four Colors**

"I'm sorry, but I'll take care of this battle."

The Starwings in Yun Xi's hand kept making sweet sword sounds.

It is a call and a temptation, which tempts Yun Xi to open the door of taboo again and release the power from the other side of the galaxy, even from the other side of time and space.

Clearly know that this is not possible, but Yun Xi still can't help but not use it. This is probably the most contradictory place.

The will of the stars sent the Starwings, one of the three strongest swords at the top of the starry sky, to Yun Xi's hand, but he didn't control the power of this divine sword at all, which had to be said to be a very helpless thing.

"Hey, why did Black Dragon Zaka suddenly have that attribute." Desert dragon Zaka is very depressed. This couldn't be called a battle at all.

"Because our mother's will dominated her and made her exceed her own limit, she is not completely Black Dragon Zaka now." Ice Dragon Zaka said the reason for this situation.

"Even so, we can only continue to fight." Red Dragon Zaka bit her lips. As the strongest core of the three dragons alliance, she was most severely suppressed by Black Dragon Zaka's "Anti-Dragon" attribute.

The blow of the black giant sword even broke her crimson Dragon Roar Wave from the front.

If it weren't for the strike of Yun Xi's Starwings and the divine crimson light that broke the 70% structure of the black giant sword, the three Dragon Alliance would have been killed by that sword.

This is not the power of Black Dragon Zaka!

The original God Weapon she held is a nightmare heart with "Devouring the world" as the core. Turning herself into a black dragon and devouring the world is the biggest feature of this God Weapon.

Although Yun Xi doesn't want to admit it, the sword of darkness just now indeed has the power of the great original dragon and the will of their mother.

After discovering this, the morale of the three dragons alliance was reduced, because they were conceived by the original dragon, and they could not defeat their mother. Even the most belligerent Desert Dragon Zaka could not violate this principle.

Only one person could do this.

Therefore, Yun Xi will bear this responsibility.

Here, he is the only one who can really fight against the original dragon will.

From the beginning, this is the destiny that's doomed.

The final stage of this battlefield doesn't belong to the Zakas of the three dragons alliance, nor does it belong to the Black Dragon Zaka, which has evolved a posture of devouring the world.

"Once again, lend me all your strength this time." Yun Xi grasped his Starwings and made a decision.

This time, he is not fighting alone.

If you want to win, you must gather all your strength.

"OK, everything is up to you!" Desert dragon Zaka came to Yun Xi and pressed his left shoulder.

"When our mother wakes up, she will be angry." Ice Dragon Zaka came behind Yun Xi and pressed his right shoulder.

"This is the last and the most brilliant..." Red Dragon Zaka took the initiative to stand in the arms of Yun Xi, and the two raised their hands together.

"Look, the sky is burning!"

"Our sandstorm is blowing!"

"Blizzard, come forth!"

The silvery white light points shine again on Yun Xi's fingertips, and the three colorless and transparent spiral lines are dyed with different colors.

Desert dragon Zaka's wild gravel color.

Ice Dragon Zaka's calm and restrained ice and snow color.

Red Dragon Zaka's ebullient flame color.

This is a combination skill with a scale of four people, integrating the strongest brilliance of four Dragon Roar Waves!

Perhaps because of their skin relatives, Yun Xi accepted the Dragon attribute power of Desert Dragon Zaka and Ice Dragon Zaka effortlessly, and was almost unhindered when integrating into the divine light.

It seems that he is naturally good at combining the forces of different attributes.

After the final fusion, the Holy Light showed a constantly changing beautiful posture, with the silver spiral light point as the top and three different colors of spiral lines, instantly locking the Black Dragon Zaka.

It's still the familiar sweet honey, and even a little more "Pafupafu" flavor, which caused special damage to the twin witches in his camp before he took action.

On Black Dragon Zaka's side, she was hit by Holy Light X3. Three treasure beads emerged at the same time, once again forming the demon sword that once appeared on the third floor of Assyria.

The four colored Holy Light shows the four attributes of frost, dust, fire and holiness.

The demon sword in the hands of Black Dragon Zaka also shows frost, dust, nightmare, and special "Anti-Dragon" attributes.

Back in the hands of Black Dragon Zaka, the three treasure beads released enough aura to destroy the sky and the earth. Inlaid with the disc of treasure beads, a large number of runes emerged, which are words interpreting the essence of the Rules World.

"Sharp!"

"Tough!"

"Defenseless!"

"Cannot avoid!"

"Multiple crushing!"

"Crush!"

"Armor break!"

With each additional rune, the destructive smell released by demon sword will increase by one point, even in the face of the four-color Dragon Roar Wave jointly displayed by the three dragons alliance and Yun Xi, it is not inferior.

Both sides have shown the power to dominate some of the world's rules.

"Buzz!" The rotating demon sword stirred the surroundings like longing for blood and killing, creating a huge black vortex around Black Dragon Zaka.

That is what appears on the golden scale of the twin witches, representing the essence of Black Dragon Zaka at the moment.

Sweep over everything, destroy everything.

Devour everything, destroy everything.

Unstoppable, like the footsteps of the world collapsing!

Black Dragon Zaka's aura suddenly changed.

It was an absolute Focus, which Yun Xi was very familiar with.

Why does Black Dragon Zaka have such an aura? Yun Xi, with the four-color Dragon Roar Wave, and the three dragons alliance, fiercely hit Black Dragon Zaka.

If we don't succeed, we will die. This is Yun Xi's decision.

There is no possibility of a long-term war. In the face of Black Dragon Zaka, who has devoured a world, any tactic that wants to drag it down is ridiculous.

Without the protection of the golden balance of the twin witches, the world would have collapsed. This is the truth Yun Xi realized when he entered this battlefield.

This war can only be won. There is no other way but to win.

However, in the next second, Black Dragon Zaka's posture made Yun Xi's back suddenly feel chill.

The supremacy of heaven and the world.

Supercilious and transcendent.

In the next second, the sharp sword light cut off all the brilliance flying in the sky, calling for a bloodbath.

Yun Xi has seen and felt such a sword light before!

The four-color light runs through the body of Black Dragon Zaka, and the sword light that cuts everything also cuts the four-color light.

Four beads appeared in the sky at the same time, and the last lost bead also appeared.

This represents the fall of Red Dragon Zaka!

### **Chapter 828: Secret Treasure of the Dragon**

Cause destruction to both sides?

No, it's the disastrous defeat of Yun Xi!

Holding hands with Yun Xi, Red Dragon Zaka's abdomen was accurately penetrated.

The sword of Black Dragon Zaka has accurately targeted the biggest weakness of the three dragons alliance and Yun Xi!

The Core of Molten Fire provides the source of Red Dragon Zaka's infinite energy, and it is also the basis for the three dragons alliance and Yun Xi to display their combined skills.

The original God weapon hidden in the body of Red Dragon Zaka was knocked out of her body by the sword light of Black Dragon Zaka, revealing her original appearance.

It was a red crystal, showing a constantly rotating posture, in which countless flowing lava could be vaguely seen.

It is enough to hold the origin of the fire element in one world. Among the four original God weapons, it is the only fire attribute God weapon with the "Infinite" attribute.

The biggest threat Yun Xi poses to Black Dragon Zaka is the four-color Dragon Roar Wave. Without the support of this molten core, neither Red Dragon Zaka nor Yun Xi can launch the ultimate combination skill.

"Ga..." Red Dragon Zaka, whose Core of Molten Fire was forcibly knocked out of the body, fell into Yun Xi's arms, and her whole body softened.

"Cough..." Desert Dragon Zaka, who was in the state of launching the combination skill with Yun Xi, was no better. The forced interruption of the four-color Dragon Roar Wave also caused a huge backfire on her.

"She... is not our sister Black Dragon Zaka..." Ice Dragon Zaka's body was shaky, showing an expression of near despair.

Opposite, Black Dragon Zaka was also miserable. Her mask was broken, revealing her young and silent face, but there was no emotion in her dark pupils.

The attack of the four-color Dragon Roar Wave was not ineffective. The big hole on the left side of her chest was the wound left by the strongest attack launched by Yun Xi and the three dragons alliance.

However, such an injury is not fatal to Black Dragon Zaka. Instead, Red Dragon Zaka, who lost the Core of Morten Fire, lost almost all her vitality.

This time, even the little green flower in her heart can't save Red Dragon Zaka's life.

Without the infinite energy supported by the Core of Molten Fire, the vitality of Red Dragon Zaka began to fade at a visible speed, and her originally shiny dragon horn also became rough.

"This must be... a punishment from my mother..." Red Dragon Zaka covered her mouth and was unwilling.

"It's all your fault... My mother can't forgive me..."

"Sorry to involve you in this war." Yun Xi looked at Red Dragon Zaka in his arms with guilt.

Through the connection of life, he clearly felt that Red Dragon Zaka's life began to count down.

Black Dragon Zaka's sword has an undeniable attribute against the dragon, which cut her vitality to zero the moment it ran through Red Dragon Zaka's body.

The veritable sword of dragon killing really doesn't look like a sword skill that the speechless Black Dragon Zaka can use. She doesn't look like the person who would kill her sisters.

"Hum... But... I won't regret it..." Red Dragon Zaka slowly closed her eyes and gently told Yun Xi:

"Only with you, I won't regret it."

"Returning to the embrace of the original dragon mother is probably our destination."

"We were all her children."

The green flowers left the heart of Red Dragon Zaka and returned to the fingertips of Yun Xi.

"Sigh, even if I have to die, I have to die with glory." Desert dragon Zaka stood on tiptoe and kissed Yun Xi on the cheek.

"Goodbye, my playboy." Ice Dragon Zaka also learned from her sister and kissed Yun Xi on the cheek.

Obviously, they weren't hit by Black Dragon Zaka's sword. Desert dragon Zaka and Ice Dragon Zaka were both dead together with Red Dragon Zaka.

The bodies of the three people began to turn into light spots of different colors, as if summoned by something, and flew towards the treasure beads suspended in the sky.

It was indeed a call from the original dragon, but a call of death.

Am I alone again? Looking at the green flower at his fingertips, Yun Xi looked at the three dragons, which turned into light spots and disappeared with sad eyes.

No, it's not just the three dragons that have disappeared. The body of Black Dragon Zaka, whose mask was shattered by the four-color Dragon Roar Wave, was also disappearing.

"This is..." Yun Xi suddenly raised her head and looked at the four treasure beads in the sky.

Desert Dragon Zaka's Dust Treasure Bead.

Ice Dragon Zaka's Ice Treasure Bead.

Red Dragon Zaka's Fire Treasure Bead.

Black Dragon Zaka's Nightmare Treasure Bead.

The four Zaka sisters have all turned to dust, and died together.

Finally, Yun Xi and the three dragons jointly performed the ultimate combination skill, which was not ineffective. They did help him defeat the strongest Black Dragon Zaka at the end.

Zakas returned to where they come from.

The four treasure beads are their incarnations.

So, who is in front of him now?

"Don't be careless, Prince, the battle is not over!" White Lotus looked at the golden balance in her hand, and the heart of the red dragon and the black vortex disappeared at the same time.

Instead, there are two chips to judge the ultimate fate of the world.

Instead of the heart of the red dragon, the king with a sword appeared at the left end of the scale.

Instead of the black vortex, the emerald dragon shadow appeared at the right end of the balance.

The sleeping primal dragon was waking up!

Black Dragon Zaka's young body started growing, and the once shattered black mask was replaced by a new emerald-colored mask.

The real final battle began after the return of the Zaka sisters.

Yun Xi, finally facing the ultimate evil of the world, which is also the strongest ultimate creature - the original dragon.

Under the emerald mask, a chilling smile appeared, which was a dangerous smile of "I finally caught you" and "How can you escape now".

Yun Xi has never felt such a sense of oppression, which is a fatal threat that even the heart will stagnate.

Yun Xi has no doubt that the waking original dragon has the strength to crush him.

At the same time, in Yun Xi's mind, a task suddenly began to shine, as if it was reminding Yun Xi of something.

Optional Branch 4 - find the hidden secret treasure of the evil dragon.

Dragon's secret treasure? What's that? Yun Xi looked at the prompt that suddenly appeared, and his heart moved. He looked up and saw four treasure beads floating in the sky.

They are the treasure beads representing Desert Dragon Zaka, Ice Dragon Zaka, Red Dragon Zaka, and Black Dragon Zaka respectively.

Although they died, they didn't disappear, but continued to exist there in this way.

Born from the original dragon will, they will become the strongest weapons of the original dragon, which is their essence.

Is the so-called secret treasure of the dragon?

The strongest black mark on Yun Xi's hand suddenly started to heat up.

Are you making a sound to me?

Finally, Black Dragon Zaka!

"Yes, the anger of our mother is unstoppable. She will destroy the world."

"If you really want to save the world, use us."

"We made a choice."

Yun Xi's heartbeat began to accelerate unprecedentedly. If the world has been surrounded by endless darkness, the voice echoing in his ears at the moment is the final salvation.

"Confess to me, fool."

"Confess to me, playboy."

"Confess to me, liar."

"Confess, what is it?"

The voices of the four Zaka sisters echoed in Yun Xi's mind at the same time, just as they were still alive.

Ah, I see.

The most precious secret treasure of the evil dragon is you.

### **Chapter 828: Secret Treasure of the Dragon, Part 2**

"I like you, Desert Dragon Zaka, you are the storm of hot sand, my third princess."

"I like you, Ice Dragon Zaka. You are the queen of ice and snow, my fourth princess."

"I like you, Red Dragon Zaka, you are the burning flame, my fifth princess."

"I like you, Black Dragon Zaka, you are the mysterious unknown, my sixth princess."

"If you can, marry me, great Zakas."

Yun Xi stretched out his hand, and the world extended infinitely between his fingers, confeschant to the four Zaka sisters at the same time.

They are sisters who will not be separated.

As long as you like one person, you will naturally like all of them, which seems to be destined.

Therefore, what they ask is "We", which is what they desire.

"We are Zaka sisters, the great Zaka sisters." Desert dragon Zaka triumphantly responded.

"We are Zaka sisters, the wise Zaka sisters." Ice Dragon Zaka responded with a smile.

"We are Zaka sisters, the fighting Zaka sisters." Red Dragon Zaka's enthusiasm remained the same.

"We are Zaka sisters, the mysterious Zaka sisters." Black Dragon Zaka's voice was a little low.

"Zaka sisters will never be defeated!"

"Zaka sisters will go forward!"

"Zaka sisters will win every battle!"

"Zaka sisters won't regret their choice!"

Yun Xi can't tell who is who, because the voices of the four sisters have been mixed together.

On the ground, the original giant dragon wearing an emerald mask stretched out her hand and began to call on the four beads in the sky.

It was an absolute order from the original dragon will, a compulsory order for the four sisters.

However, this time, the four Zaka sisters resisted the original dragon's instructions together, and the four Zaka sisters made the same choice.

The four treasure beads gathered together flew to Yun Xi at the same time, releasing the breath of the four Zaka sisters.

The dragon on the ground was stunned, suddenly her murderous intent rose to the sky, as she glared at Yun Xi, who had been favored by the four Zaka sisters.

"Ah... What a wonderful scene..." White Lotus looked at the golden balance that instantly recovered the balance, covering her small mouth.

"It's... shameless!" Red Lotus said that the man over there was hopeless!

"Desert field!"

The four Sand Eyes appeared again, bigger than ever, and the wind of hot sand released was more violent.

"Ice Mirror Array!"

More and denser ice mirrors emerged around Yun Xi, launching an unprecedented large array.

"Dragon Roar Wave!"

The deep red Dragon Roar Wave spread and roared, making the earth completely dyed red.

"Nightmare!"

Once again, a huge dark dragon shadow appeared, but this time the dragon that devoured the world became the support of Yun Xi, the strongest help from Black Dragon Zaka.

At this moment, Yun Xi felt that the Starwings in his hand seemed to release a certain sense of elation.

Illusion, it's an illusion!

All the branch missions of the dragon war were marked with completion one by one.

At this moment, Yun Xi stood at the top of the world and raised the Starwings in his hands under the gaze of the twin witches.

The four Zaka sisters, who betrayed their mother, floated beside him at the same time and completely ignored the compulsory combination order from their mother.

"Hiss... Ha..." the original dragon with its head askew seemed to be in a state of extreme doubt and stretched out its hand again to issue a recall order to the four Zaka sisters.

"Sorry, I want to be here."

"I can't go back."

"Sorry, mother."

"Mom, I'm out of order."

At the same time, the four sisters rejected the call from the original dragon and danced around Yun Xi of their own will.

"....." the original dragon's killing intent began to increase at an unusual rate.

Anger, disappointment, or both.

The green light surrounded the original dragon's body. She once again closed her index finger and middle finger together, and a huge emerald sword began to take shape behind her.

At the moment of the formation of this huge sword, the golden balance began to shake violently, as if the fate of the world was about to encounter the final judgment.

"No, my mother is going to destroy the world!"

"Attack!"

"Once again, the strongest Dragon Roar Wave!"

"What is a combination skill?"

The voices of the four Zaka sisters suddenly became tense, and the four treasure beads all wrapped around Yun Xi, and then entered Yun Xi's body.

Yun Xi's left hand was occupied by Desert Dragon Zaka.

Yun Xi's right hand was occupied by Ice Dragon Zaka.

Yun Xi's heart was occupied by Red Dragon Zaka.

Yun Xi's forehead was occupied by Black Dragon Zaka.

The black dragon, which devoured the world, began to roar. Zakas, the strongest forces that once overwhelmed Yun Xi, became the strongest foreign aid.

With all the power, Yun Xi can feel the will of the four Zaka sisters.

The sacred silver light points were flying at Yun Xi's fingertips and cheering!

"The sand blown from the horizon is the proof of our love!" Desert dragon Zaka began to boldly confess.

"The permanent ice and snow at the end of the world is a witness."

"Look, the sky is burning. This is the strongest flame of the Red Dragon Queen!"

"Eyes in the dark, staring at you."

Yun Xi raised the Starwings in his hand, and endless brilliance fell, which was the care of the stars.

The original dragon's finger fell coldly. It was the final judgment of the fate of the world.

Between heaven and earth, endless brilliance and green giant swords crisscross, explode and sublimate.

It's like what it was when it was being praised at the beginning of the world.

### **Chapter 829: The Power of the Black Dragon**

The black dragon's shadow covered heaven and earth, releasing a breath that frightened all things. Black Dragon Zaka, once the strongest enemy in front of Yun Xi, was now his greatest help.

After the sacred silver white light spot, it was constantly rotating lines of four different colors.

Desert dragon Zaka's gravel color.

Ice Dragon Zaka's frost color.

Red Dragon Zaka's flame color.

Black Dragon Zaka's nightmare color.

This time, it was the real ultimate Dragon Roar Wave. The three primary colors of red, yellow, and blue plus black and white can deduce 10000 colors!

This was Yun Xi's Holy Dragon Roar Wave.

Every second, there were endless colors flying around Yun Xi, along with the songs of Zaka, fighting side by side with Yun Xi.

Yun Xi, who wields four treasure beads, has the qualification and strength.

Desert dragon Zaka's treasure bead gives him the power of gravel, Ice Dragon Zaka's treasure bead gives him the power of frost, Red Dragon Zaka's treasure bead gives him the power of fire, and Black Dragon Zaka's treasure bead gives him the power of nightmare.

Instead of becoming the supreme sword of the original dragon, the world's most powerful dragon treasures chose Yun Xi, betrayed their mother and came to him.

The Dragon Roar Wave, which has unlimited energy and the power of devouring the world, will not disappear!

It's like the incarnation of the four Zaka sisters, and will be with Yun Xi forever.

The Dragon Roar Wave danced between heaven and earth, turning into a rotating spiral blade and hitting the emerald sword of the original dragon, destroying the sword that would have been composed of them over and over again, making the original dragon's anger rise constantly.

This is the trace and proof of the existence of the Zaka sisters, and also a signal of their love for Yun Xi.

The emerald-colored giant sword fell and bombarded the Dragon roar wave. Each of its attacks had overwhelming power, tearing apart heaven and earth.

It's impossible to imagine how powerful the sword the original dragon wielded would be if she held the perfect original God weapon composed of four treasure beads at this moment.

It may be nothing more than exaggeration to describe it as groundbreaking.

Yun Xi can feel the surging power in his body, which was completely controlled by himself, making his body seem to be burning.

The Zaka sisters told her in this way that even if their flesh and blood disappeared, they would be with him and fight side by side.

Tears welled up in his eyes, as he felt gratitude towards the Zaka sisters who gambled everything.

They knew that if he won, they would disappear with the original dragon, but they still made a choice.

Therefore, he will bear all of them and fight.

"The Star of the Sand!" Pointing the Starwings to the sky, Yun Xi launched the ultimate skill of Desert Dragon Zaka, summoning a star that can destroy the world.

The star composed of endless gravel appeared in the sky, and then began to fall rapidly. Four Sand Eyes surrounded the star, summoning more gravel to make the star composed of gravel more huge.

The original dragon raised her hand, and the green giant sword behind her instantly began to cut the Star of the Sand.

It seems that it is almost as difficult for her to cut open the star that fell to the ground as it was for her to cut an apple.

"Frozen for thousands of miles, trio!" Yun Xi released three forbidden spells without stopping.

The snow line spread instantly on the earth, and the ten-thousand-year-old ice and snow turned into ice rings, froze everything, and everywhere you saw a vast white expanse.

Pure white without any impurities.

Let the world become pure and white.

The battlefield turned white.

The green halo around the original dragon spread and was not affected by the ice. The extremely low temperature seemed to be just a breeze blowing across her face.

"Look, the sky is burning!" Yun Xi stood up his index finger and middle finger and pointed to the sky.

One, two, three, four... Seven flame meteors formed in the sky, and then countless fire clouds began to boil, like magma bubbles under the ground.

The original dragon looked dismissively at the burning clouds that began to boil, opened her small mouth, and spit out a jade dragon's breath.

Before the seven flame meteors began to fall, they were transformed into nothingness by the spreading emerald dragon's breath, as if they had been completely decomposed.

Strong, hopelessly strong. Yun Xi couldn't even figure out the real strength of the original dragon in front of him. It seems that she hasn't been serious since she came on stage.

"My mother, in fact... Is still asleep..."

"It's just... Her anger..."

A slightly hoarse, low voice came from his ears, which was the murmur of Black Dragon Zaka, the most powerful of the four Zaka sisters and the least familiar to Yun Xi.

As the strongest Zaka who was once dominated by the original dragon, she is the only one of the four Zaka sisters who has really touched that kind of will.

"If you can calm our mother's anger... Maybe you can save the world..."

I know she is angry, but why? Yun Xi asked the youngest Zaka who was whispering in his ear.

"That's because... she had nightmares." Black Dragon Zaka couldn't understand what was going on.

It was too difficult for her to understand why the great original dragon mother was angry.

That gnashing of teeth, and bitter hatred, seemed to be only aimed at one person.

Considering that there is only one human being in the world who can resist the original dragon, the answer seems not difficult to reason.

It was none other than the "Prince" who caused the original dragon's anger.

"You... are mother's nightmare."

After reaching this conclusion, Black Dragon Zaka's voice suddenly became silent.

"I know. My mother's hatred must be on you."

"The reason... Maybe you can guess?..."

"I'll tell you the truth. Who let you not even let go of the youngest sister Black Dragon Zaka!"

In his mind, the three dragons came together again. It seemed that even if they lost their flesh, their contempt for Yun Xi would remain unchanged for ten thousand years.

### **Chapter 829: The Power of the Black Dragon, Part 2**

"I'm... still young... I don't understand..." the timid Black Dragon Zaka looked at the noisy sisters in confusion.

"It doesn't matter if you don't know. You're the only one of our sisters who hasn't been poisoned by him."

"Sister, don't believe what this liar says in the future."

"This is a true playboy!"

Despite such complaints and contempt, Black Dragon Zaka can feel the heartfelt joy and happiness of her sisters.

Can I do the same?

Can I do the same thing as my sisters?

If I can do anything, then I am willing to take action.

If it's this person, it's OK.

Eh!

This time, Yun Xi instantly felt the fluctuation from Black Dragon Zaka.

The dark smell of terror was spreading from his forehead, which was the unique strength of Black Dragon Zaka.

If one of the four Zaka sisters can really pose a threat to the original giant dragon, it is Black Dragon Zaka, who evolved to the dragon of world devouring.

Strong as the original giant dragon, it first came to the world with the help of Black Dragon Zaka's power. Even because of Black Dragon Zaka's betrayal, her body structure has not been completed yet.

Black Dragon Zaka is the strongest weapon in the original giant dragon's hand. The dark blade that destroys the world.

At the same time, she is undoubtedly the most powerful of the four treasure beads obtained by Yun Xi.

The only problem is that Yun Xi is not used to using the power of Black Dragon Zaka.

Having skin relatives with the three dragons, he can skillfully use Desert Dragon Zaka, Ice Dragon Zaka, and Red Dragon Zaka's powers, but he can't mobilize Black Dragon Zaka's power.

Because he doesn't know how to use this power. Even for this reason, the black part of the flying Dragon Roar Wave is the least, which is a flaw caused by insufficient proficiency.

Except for the red, blue and yellow of the three primary colors, black should have been the corresponding color with the strongest attribute woven with the sacred silver white, but the Dragon Roar Wave didn't evolve such a formula.

"Tell me... What do my sisters know, but I don't know?" With curious pupils, the Black Dragon asked Yun Xi about the things not in heritage memory.

The initial memory of the four Zaka sisters is similar, which is the knowledge and wisdom from the great original dragon mother.

When they were still in the egg, they were all similar individuals, but their personalities were slightly different because of the difference in attributes.

However, as they broke their shells and left the nest of the dragon, they had a different life and a different destiny.

The last born Black Dragon Zaka was forcibly catalyzed by the original dragon and completed the great cause of devouring the world, and then met her sisters.

Unlike what she imagined, her sisters didn't die but lived well, they seemed to have started a completely different life.

Their smiles are something she had never seen before.

They are even willing to die for human beings and have no regrets.

Compared with their mother who fell into madness because of anger, Black Dragon Zaka finally chose the side of her sisters.

Among them, the golden butter bread on the third floor of the tower also played a little role, really just a little...

At the moment, what Black Dragon Zaka wants to know is the secret that her sisters know and enjoy, but don't tell her.

What makes her want to be with this human being?

Just because he can make delicious bread?

Time seems to stop at this moment.

Black Dragon Zaka's young body appeared in Yun Xi's arms and stretched out her hands to him.

From the palm of her tender and smooth hands, bursts of cool air came into Yun Xi's body. This air slowly flowed into Yun Xi's body, leaving only a trace of cool meaning. It was very comfortable, and it would be better if it weren't black.

The dark force with a cold taste infected Yun Xi's body a little bit. It's strange that his body didn't resist this dark force, and it seems that it is not strange to have this dark attribute power.

"What you have done to my sisters, I also want..." although still young, Black Dragon Zaka's curiosity overcame her shyness, and she instinctively perceived the difference between herself and her sisters.

They have something she doesn't have. Even Red Dragon Zaka, who is just a little older than her, also has a sense of maturity she doesn't have.

Yun Xi lowered her head and looked at the pair of little "White rabbits".

"Hmm... Hmm..." as Black Dragon Zaka wished, Yun Xi gently kissed Black Dragon Zaka's small red lips.

When it comes to kissing, Black Dragon Zaka was not Yun Xi's opponent at all.

Her pair of clear, lively, kind and simple eyes were tightly closed, the two rows of long eyelashes were bent and trembling. The small, pink, soft and smooth body twisted, but it couldn't escape Yun Xi's clutches.

Even though she is still small, she inherits the fine tradition of the Zaka sisters. Although the buds on her chest were not very big, it had a full sense of protrusion, like a sharp bamboo shoot.

Yun Xi's hand moved down involuntarily, and soon it felt the softness.

Black Dragon Zaka blinked and seemed to understand what the sisters couldn't say.

"Oh... Ah...", her clear and simple eyes closed shyly at this time.

So, my sisters were treated like this!

I understand. Only in this way can I be like my sisters and make us truly united.

### **Chapter 830: Dessert Time**

"Ah, is that so, sisters..." in the girl's sweet and pathetic voice, the youngest Black Dragon Zaka finally understood what her sisters knew but she didn't know.

The aroma is provocative, the green fruit is tempting, the skin is greasy and soft, the feeling is itching, the body is uneasy, the pink and tender body is shaking suddenly, and the whole body becomes extremely soft.

The lovely voice, tempting salivation, and the gentle song echoed in the dark world.

"HMM... ah..." Black Dragon Zaka's delicate mouth was blocked by Yun Xi, deftly provoking the closed jaws, and slammed in again. The deft tongue soon caught her glittering, dodgy, greasy tongue in that delicate, greasy, warm mouth, sucked it out, greedily licked and entangled.

The invisible flame began to burn on Black Dragon Zaka's delicate body. The little Black Dragon Zaka's face was moist and her body wriggled uneasily.

"Oh... Ah..." Her nose's rapid breathing brought out bursts of hum. Occasionally, a gentle and sad, poor moan swayed into the bone marrow.

The excitement made Black Dragon Zaka's whole body numb and sour, and her eyelashes trembled slightly, but she was too shy to open her eyes.

Dodgy but misty eyes opened slightly, and what she saw was some too exciting scenery.

The body, as if it had been melted, was sour and soft without strength. Even if it was strong enough to crush the constitution of the world, it had no immunity at this moment.

The black ripples ripple away bit by bit.

The snow-white, pink and tender feet are also rippling in the arms of Yun Xi, playing the song of love.

.....

Yun Xi tasted the taste of the last Black Dragon Zaka.

They are all charming desserts.

The taste of Desert Dragon Zaka is like a doughnut that will explode in the mouth, and there will always be a strong fragrance on the tip of the tongue.

Ice Dragon Zaka's taste is ice cream layer after layer, which is sweet and delicious with endless aftertaste.

The taste of Red Dragon Zaka is the wine heart chocolate that makes people warm all over, like a burning pleasure.

The taste of Black Dragon Zaka is crisp, sweet and soft cake, which melts in the mouth and makes him immersed in that simple sweetness.

Is it a moment or a permanent memory?

In the endless darkness, it seems that even the concept of time has become ambiguous.

Black Dragon Zaka, the world-devouring dragon, has such distorted and powerful rules.

In her dragon shadow, even time can be frozen. Yun Xi even saw the once disappeared King City of the guardian Kingdom at the end of the endless darkness.

Let Yun Xi teach herself what was not taught in the textbook, and finally understand what her sisters understand. Black Dragon Zaka's naked feet stepped on Yun Xi's hand.

"I... understand..."

"Come... Change..."

"If it's you... You can do it..."

The green blade teared the dark curtain of heaven and ran through the Dragon shadow of Black Dragon Zaka, announcing the end of this world.

The figure of Black Dragon Zaka turned into a part of darkness and became the power of Yun Xi.

Finally, Black Dragon Zaka's blessing is finally complete!

"Endless... Black Dragon Wave!" Yun Xi raised his left hand and aimed at the green giant sword that tore the world.

The strongest power of Zaka, the power of the world-devouring dragon, finally comes under the domination of Yun Xi.

The weakest link in the Dragon Roar Wave has been completed.

Yun Xi finally has the strongest weapon, which is enough to compete with the original dragon!

The silver spiral light spot responded to Yun Xi's call, and instantly appeared at his fingertips, flying and jumping.

Four spiral lines of different colors are finally connected behind the silver spiral light spot in a perfect posture.

At the moment, the Dragon Roar Wave is the real Dragon Roar Wave.

Black, white.

Red, yellow, blue.

Endless colors are intertwined, more vivid and energetic than ever. The originally slightly lifeless black is also alive.

"Ding!" For the first time, the green giant sword that tore heaven and earth encountered obstacles, and even large cracks began to appear in the body of the sword.

The power of the Dragon Roar Wave was finally released. This flying Dragon Roar Wave really has the hegemonic power to destroy everything.

The speed of its movement is so fast that Yun Xi can't even judge with the naked eye. It's an unbound divine light, and it's also a destructive light that divides all things.

"..." the original giant dragon with an emerald mask, whose eyes were originally chaotic, was a little more awake. At the same time, the index finger and middle finger that stood up as a sword began to move more frequently.

The reflection of the second emerald giant sword began to appear behind her, replacing the shadow of the first one, which was already riddled with holes.

This is really amazing power... Even Yun Xi, who has long known the power of the original dragon, can't help but be amazed when he sees the second emerald giant sword.

Compared with the first sword that had been destroyed by his Dragon Roar Wave, this sword was larger and the green light it released was more dazzling.

That sense of oppression, as if to tell Yun Xi - no matter how strong you become, I am still stronger than you.

This kind of strength is edgeless.

What is the best way to defeat such a primitive dragon?

The silver spiral light point returned to Yun Xi's fingertips, and the four spiral lines continued to accelerate and accumulate strength, just like responding to the anger of the original dragon, the four Zaka sisters never conceded.

Yun Xi can feel that he is not fighting alone, at the moment.

Mermaid girls active in the royal city of Assyria, greetings from the Queen of Assyria and White Moon.

The colorful Dragon Roar Wave flying at his fingertips, the love song of the Dragon incarnated by the four Zaka sisters.

Also, the balance rule of the original dragon has been vaguely suppressed, and the gaze of the twin witches.

It's time to liberate the taboo. The four Zaka sisters even gambled their lives to become his power, so he must also respond equally.

He will pay the price well.

Now, let him open it again, the door that shouldn't be opened.

"The Starwings..." Yun Xi raised his sword and resolutely summoned the unknowable mystery again.

For the first time, Yun Xi saw the sun. The blazing flames of the sun covered heaven and earth and burned everything.

The second time, Yun Xi saw the green girl holding the doll, with the brilliance of life that breeds everything.

This time, what will he see? The Starwings world is like a box full of countless unknowns. You never know what is in the box before opening it.

"Language and understanding."

"Behaviors and phenomena."

"Heart and body."

"Meow!"
