

Starchild 851

Chapter 851: The Princess's Troubles

"I'm strong, everyone says I'm strong." Xia Ling's voice gradually became trembling.

In front of Yun Xi's mask-covered face, the arrogant princess finally opened her heart and said what she had never told anyone.

"But now there is a wall in front of me. I can't even think of any way to climb over it."

"I have never had such despair and fear in my life."

"Well, tell me, what should I do?"

"This has become my internal demon. If I don't overcome it, my life will end here."

"I can't stop here if I want to be a Sky Sword."

"No matter what you are, tell me what I should do to climb over this wall!"

"As long as I can surpass her, I can pay any price!"

Eh, did she notice?

Yun Xi found that the princess from the Great Xia was indeed one of the most outstanding geniuses in the White Lotus Sword Palace, and unexpectedly discovered the strangeness of this Heart Asking cabin.

However, even so, she could not get rid of her own desires, so she confided her heart feeling to a stranger.

Her problem can't be solved by just listening to her situation, because she can't solve the problem herself.

Of course, Yun Xi can't solve the problem too. He can't do anything to surpass his invincible childhood sweetheart.

The power of Hua Huo is that the more you understand it, the more horrible it will be.

This princess from the Great Xia has only been in contact with Hua Huo once, and he has been defeated by Hua Huo countless times.

There are many problems in the world, which are unsolvable.

"You want to surpass her?" The six eyes mask Yun Xi wore radiated strange light.

The degree of annoyance of Xia Ling is stronger and hotter than that of Ziyuan just now.

If the power of desire can be absorbed, the demons will get better nourishment.

So, he must do it.

Fortunately, he has a clue about this problem. After all, it is about his first love and childhood sweetheart.

"Yes, if I can't surpass her and become the strongest, I can't have a new future!" Xia Ling looked up at Yun Xi, her eyes full of desire.

"So, do you want to surpass Casina the Battle God?"

"Or, do you want to surpass Aeonian the super god?"

"Do you want to suppress Yasha the dragon god?"

"Do you want to defeat the West Queen of Kunlun God's Domain?"

Yun Xi smiled and asked Xia Ling.

"Well... I think..."

"Yes, I want to become stronger!" Xia Ling's eyes gradually became hot, and there was a burning flame inside.

Well, this is the answer, or hint, given by Yun Xi.

Because he has four super strong ex girlfriends, he has never stopped yearning for becoming stronger.

Therefore, he was particularly able to understand Xia Ling's hesitation.

There is Hua Huo as the benchmark and the twin witches as the reference. He is not proud of the little achievement he has done at all.

However, did Yun Xi lose his confidence?

The answer, of course, is no.

One of the greatest advantages of Yun Xi is that he can master his position and plan his life at any time.

When he was a mortal, his future was to marry a childhood sweetheart and spend his life in a small town.

After awakening the fate of being the Starchild, his goal became to escape from the pursuit of his four ex girlfriends and live well.

No matter which life, it is Yun Xi's choice.

With only "choice", Yun Xi is free and unfettered.

It's just a lie that everyone is born equal, but at least choose your own life.

This is what Yun Xi, who is optimistic by nature, reminds Xia Ling. There is no end to becoming stronger. The wall you see now is actually a part of your life.

It is your choice whether to cross this wall or stay in front of it.

If you look at it from a higher level, the wall in front of you may no longer be as insurmountable as you imagined.

"I see..."

"I am... trapped..."

"Too narrow minded to see the wider world."

"Ha ha... It's so... I was troubled by such problems!" Xia Ling wiped away her tears and held the Double Dragon Sword behind her again. Her eyes became bright and vivid.

"Thank you. I see."

"I'm still too weak."

"I have to be stronger."

"Wherever I fall, and no matter how many times I lose, I should still move on as long as I live."

"If I can't overcome this difficulty, how can I possibly become a Sky Sword!"

Does she take the Sky Sword as the goal? Yun Xi knows where Xia Ling's persistence is.

If it is her, maybe she really has the opportunity to become a Sky Sword. Yun Xi can feel the passion from the Double Dragon Sword on her back.

She is really a genius who can give up everything for the sake of the sword. She can't see anything except the sword in her eyes.

The Sky Sword God's Domain, just because of one such sword genius after another, can give birth to so many Sky Swords.

The strong will of countless swordsmen has even distorted the shape of God's Domain, giving birth to sword-shaped domains that are different from all other God's Domains.

The Great Xia is the highest Sword Domain.

Zhou, Han and Tang are the three secondary Sword Domains.

Tianhe, Ghost, Buluo, Longyuan, Xuanyuan and many others are middle and lower Sword Domains.

The most ancient Sky Sword is Lilibet.

Shaya Longnis is the most bizarre Sky Sword.

Casina the Battle God, the Sky Sword of the sand of time.

Yun Hai the Sky Sword is one of the God-slayer Sky Swords.

Looking at Xia Ling, Yun Xi seemed to be able to see the epitome of the whole Sky Sword God's Domain.

She is indeed qualified to be a Sky Sword.

But what she met was Hua Huo, which hit her self-confidence.

"Thank you. I feel much better."

"Just, Hua Huo is still a big problem."

"Can you tell me why she is so strong?"

"In terms of age, it is impossible for human beings to reach this level at this age." After solving her problem, Xia Ling's expression became more cheerful.

In essence, she is a very simple girl.

Chapter 852: Their Secret

"In this world, there are many mysteries."

Yun Xi doesn't know why Hua Huo can be so strong. No matter what opponents she faces, Hua Huo never shows timidity and anxiety.

This is true even when she was in contact with Casina the Battle God, Lilibet the Sky Sword, and Shaya Longnis.

In the inner world of Hydera the Water God, she even dares to kill the legendary fantasy creature Ouroboros.

If Ouroboros didn't hide beside the Casina the Battle God, she might be really beaten up.

The latest Dragon War Trial has refreshed Yun Xi's understanding of his childhood sweetheart again.

She actually created the Zaka sisters that only exist in dreams.

If someone said that Hua Huo was the original dragon, Yun Xi would believe it.

"Abyss, or nightmares, or..." Compared with Yun Xi, Xia Ling obviously understands the concept of "non human" better. After all, she is the princess of the Great Xia Sword Domain.

Even if she loses to Hua Huo, she is still a genius among the talents. Countless peers are covered by her brilliance.

"No matter who she is, she is the opponent I need to catch up with."

"If I wasn't able to face her, I won't be the real Sky Sword."

Like a young bird who experienced the storm attack and once again spread its wings, Xia Ling's eyes have become more determined than before.

The frustration of being defeated by a peer.

The confusion of losing the way of going forward.

And the new dawn that finally broke out of the shell when facing her self in this cabin.

In her eyes, there was no confusion. Instead, she had some kind of belief after rebirth.

Well, that's good. It's really inspirational!

Yun Xi almost forgot that he was now shaping the demons.

However, the next second, Yun Xi found that things seemed to be going in a strange direction.

Remember the prerequisites of seeing this Heart Asking Cabin and paying attention to it?

This is the place that only girls who suffer from love will find, the nest where the demons are bred.

Apart from the demons themselves, there is no opposite sex, just like the secret garden of girls.

Therefore, Xia Ling will naturally have troubles.

Yun Xi did let her solve the problem of "wall", but also planted seeds.

At this moment, the seeds begin to sprout.

When the prince of the Great Xia turned around and left Yun Xi's Heart Asking cabinet, and then Yun Xi's six-eyed demon mask prompted that it collected the martial "Lesbian con", Yun Xi's chin was about to drop.

Did this princess from the Great Xia have any special feelings toward Hua Huo because she was defeated by Hua Huo?

Why is this result? Isn't she supposed to cultivate hard from now on and have a sunny ending?

Why does the mask collect the material "Lesbian"?

Before Yun Xi recovered from this, another new victim came to visit. This time, they were his acquaintances.

Ling Ling and Mei Lan.

Ling Ling touched the words on the door curiously, while Mei Lan was holding a lot of documents with a depressed expression, apparently pulled over here by Ling Ling.

"Ah ah, it's so interesting here! Let's go in together, Lan Lan!"

"How many times have I said? Don't call me by that name. I'm not Lan Lan!"

"It will be bad if these documents are not given to the leader. I have no time to accompany you to such a suspicious place!"

"It's not suspicious at all. It feels good here!" Ling Ling's intuition was as good as ever, and she used her big chest to knock open the door of the cabin.

With familiar dialogue and familiar helplessness, today the two girls were as energetic as ever.

"Welcome, do you have any worries..." Yun Xi took a deep breath. After Ling Ling came in, he always felt that the painting style of the Heart Asking Cabin was wrong.

Does this silly and sweet girl also have trouble in love?

"Yes, yes, yes!" Ling Ling raised her hand high and said her troubles shyly:

"Recently, I always feel that my breasts are not enough. Is there any way to increase them?"

"..." Yun Xi was silent.

"..." Mei Lan pressed her forehead.

"I have tried to drink papaya milk in the morning, snow shellfish stewed milk at noon, and honey milk at night, but I always think it is not enough. Is there any secret recipe that can continue to increase the size of my chest?" Ling Ling, with a naive expression, asked Yun Xi.

That cute face, with a big chest, is really a crime.

Yun Xi felt that the demon he incarnated was about to lose control.

"Well... I also want to know this question." Maybe she was infected by Ling Ling, Mei Lan also asked the same question:

"Is there any way to quickly grow your chest?"

"I heard that some witches can make magic drugs that can quickly develop their breasts."

Well, well, although they are asking the same question, at least Mei Lan has more common sense.

Is there a secret method of breast enhancement? Yun Xi searched the Paranirmita Vasavartin Scroll and found that there was no similar record on it.

Probably, the cultivators who cultivated the Paranirmita Vasavartin Scroll had no need for this.

Maybe Yun Xi will get the corresponding knowledge from the demon after summoning it, but not now.

"You will grow again."

"Believe in yourself."

It's not that Yun Xi is lying.

Thanks to adequate nutrition and exercise, the girls of the Starwings Knights are developing well recently.

One of them, even under the guidance of Yun Xi's seed, awakened the talent belonging to Witches and had to shyly tie her chest with bandages to avoid being regarded as a "traitor" by her friends.

However, unfortunately, Mei Lan's growth is not high. Maybe she has no hope of reaching the same "size" as Ling Ling in her life.

However, being small also has an advantage of being small. Yun Xi doesn't discriminate against girls with small breasts.

As for why the girls of the Stars Knights care so much about their breasts, Yun Xi didn't think that he should know the truth.

Chapter 853: No Way!

"Chest fetish."

This is the sentiment fragment Yun Xi obtained from Mei Lan and Ling Ling. It seems that both of them have some unusual obsession with the chest.

Moreover, this is not an exception.

Next, Yun Xi talked to more than a dozen girls from the Starwins Knights, almost without exception, with similar symptoms.

This is the first time Yun Xi found that the strange custom of class division by chest appeared unconsciously in the Starwins Knights.

Even this ranking is more authoritative than the strength ranking.

Because the battle power ranking of the Stars Knights will always change except for the top five, but the ranking of the chest will remain unchanged.

Most of the noble girls have "amazing" chest circumference, they are only worried about the shape and stiffness of the chest.

The civilian girls are extremely distressed by their small breasts, eager for larger and more beautiful breasts.

Why do you have the same worries? Are there no other worries?

Yun Xi listened to the girls' troubles and was embarrassed to look at the Starwins Knights who were obsessed with breasts.

At the same time, the unformed demon posture in Yun Xi's mind began to respond to the feelings he had absorbed, and her chest gradually expanded.

Demons are born in response to hundreds of millions of desires in the world. Every person who opens the Paranirmita Vasavartin Scroll will encounter different demons.

Well, there is no doubt that Yun Xi's demon started to become strange.

Lilibet the Azure Excalibur is cold and mysterious.

The Starwing Knight girls desire big breasts.

All kinds of information are mixed together and refined.

Yun Xi knew nothing about this.

When the sun went down, Yun Xi put a sign saying, "Pause Reception", on the cabin, left from the back door, and returned to the room where the big white ball was located.

Taking off the six-eyed demon mask hanging on his face, Yun Xi breathed a sigh of relief.

"..." As always, the big, white light ball was suspended in the center of the Secret Treasure room, pretended to be a cloud, and turned a blind eye to Yun Xi.

"It's really difficult to cultivate the demons." Yun Xi checked the mask and sighed.

The big white ball suddenly flickered. What is this human saying?

Has he really cultivated the Paranirmita Vasavartin Scroll?

Moreover, he really started to shape the demons!

There is no reason. This is the Paranirmita Vasavartin Scroll. Before opening it, even Buddhist cultivators have to recite sutras thousands of times to pray for Buddha's blessing.

How can mortals cultivate such a thing?

It will attract disasters from foreign demons. Just getting started requires great wisdom and perseverance. You can't just wear a mask to simulate the scent of demons.

If you want to see the demons, you must be close to them yourself.

What kind of evil ways did the boy throw himself to? How could he collect so much emotional power from his mortal body and opened the door to the demons?

"Black hair fetish."

"Lesbian fetish."

"Chest fetish."

"Foot fetish."

Yun Xi counted the emotional power collected by the six-eyed demon mask. The more he saw it, the more bewitched he became.

Before wearing this mask to disguise himself as a demon, he didn't know that the girls had so many kinds of troubles!

What should I do with the girls of the Starwins Knights, who are especially suffering from the same "disease" collectively?

The big white light ball fluttered to Yun Xi's side and froze at the moment when it saw the patterns on the six-eyed demon mask.

Here! Here! How can this be possible!

Is this guy a reincarnation of a demon? How could he have collected so much emotional power in less than half a day?

In order to make this originally blank, six-eyed mask produce patterns, it will take at least dozens of unforgettable love relationships!

Even those great cultivators and saints can't gather such a huge amount of emotional power in such a short time!

These young girls' emotional power is the source of the supreme demons.

Did this boy use a cheat?!

"The speed of cultivation is too slow." Yun Xi looked at the six-eyed demon mask whose patterns only occupied a small part, and began to wonder if he would skip class and set up a stall outside the White Lotus Sword Palace.

Is this slow? If the monks who were troubled by this heard your words, they would cry!

Isn't a normal cultivation program supposed to look for the lovers who are troubled by love, and help them to get rid of it?

What is the speed of collecting emotions? How do you cultivate?

Why could you collect the power of feelings and thoughts so easily?

"Well, it has been decided. The number of girls suffering from love in the Sword Palace is limited after all."

"I go outside and set up a stall."

"In this case, I should be able to quickly collect the materials used to summon the demons." Yun Xi made a very serious plan.

Due to the imminent danger of Zakas, cultivating the Paranimita Vasavartin Scroll has become the top priority.

The teenager who was worried about the love with the four Zaka sisters didn't realize what a "wonderful" thing he was doing.

Ah, let us bless this brave Starchild.

"This guy cheated!" Seeing Yun Xi take the mask into his arms, the white light ball sent out an angry and hysterical protest.

No way! It can't be possible!

Chapter 854:-Dreams Come-True

In the-White Lotus-Sword Palace,-a small-circle of-girls began-to spread-a wonderful-legend.

It's a-legend about-a cabin-with incredible-power.

It is-said that-this cabin-will quietly-appear in-a corner-of the-White Lotus-Sword Palace,-and only-girls who-are troubled-by love-can see-it.

The name-of the-cabin is-"Heart Asking".

Walking-into the-cabin, you-can meet-a mysterious-man with-a mask.

This-mysterious person-will listen-to your-story and-give answers.

It-is not-divination or-prophecy, but-as long-as you-can walk-into the-Heart Asking-Cabin and-tell your-troubles, you-will be-lucky.

The Heart-Asking Cabin-is the-cabin representing-luck.

This legend,-which only-spreads among-girls, is-passed down-from one-girl to-another, and-soon the-secret will-no longer-be a-secret.

The next-day, when-Yun Xi-opened the-door, he was-shocked to-find that-there were-several young-girls waiting-outside the-cabin.

They even-lined up-with good-manners and-came in-one after-another.

"Hello, Master."

When-did I-become a-master? Yun-Xi looked-at the-girl who-was being-very respectful-to her.-She was-one of-the Starwings-Knights. If-nothing happens,-her problem-will also-be "breast-fetishism".

Eh, no,-she... Yun-Xi looked-at the-familiar figure-in front-of him-and felt-something was-wrong.

It is-a very-special talent-that other-members of-the Starwing-Knights don't-realize.

The talent-is similar-to little-witch Rose's.

Her-petite figure-was undergoing-some special-changes. There-were some-troubles between-the girl's-eyes and-eyebrows, but-there was-also excitement.

It's-her. Her-name is -Xiao Ye,-a member-of the-civilian fiction-of the-Starwing Knights,-and her-friend is-Xiao Mi.-Both of-them had-contact with-him as-a prince-in the-world of-the Dragon-War.

At that-time, he-realized that-there was-a clear-gap between-her chest-and the-size of-other civilian-faction girls-of the-Starwing Knights.

Now,-after experiencing-the world-of the-Dragon War,-her development-seems to-be getting-better.

Although most-of the-girls of-the Starwing-Knights are-still developing,-her growth-rate is-ten times-faster than-others!

It is-like a-small seed-sprouting. After-countless hard-efforts, it-finally sees-the sun-and absorbs-rain and-dew to-grow.

"I... I have a secret that I cannot tell you." Xiao Ye, who didn't know that Yun Xi had known everything about her, blushed and looked at Yun Xi's six-eyed demon mask:

"I may be ill."

Ah, if you tie up your developing chest like that, you will surely get sick.

"Don't worry, everyone will forgive you." Yun Xi smiled and comforted the nervous Xiao Ye, and then looked at her chest with tender eyes.

"Eh, master, did you know?" In front of Yun Xi, Xiao Ye felt that everything had been seen through.

Sure enough, the legend is true. The mysterious master has the power to listen to people's troubles. As long as you hear the voice of the master, you can have luck.

Girls have a special attachment to "luck", especially girls who are in love, they will do whatever it takes to obtain "luck".

"Keep your head up and don't hide it. Everyone will be happy for you." Knowing the source of Xiao Ye's troubles, Yun Xi's suggestion is to tell the secret.

"But, in this case, I feel like I am betraying everyone."

"I don't know what happened. It seems that my chest started to get bigger overnight."

"Obviously,-I didn't-use the-demon dragon-blood." Xiao-Ye shyly-put her-hand into-her clothes-and untied-the bandage-that made-her chest-tight.

"Poof!" The-elastic mountain-peaks released-from the-bondage made-lovely sounds,-and immediately-filled up-the seemingly-ordinary parts.

Among-the civilian-fiction girls-of the-Starwing Knights,-the size-of her-chest was-too detached.

Sometimes,-talent is-really important.

This-talent of-magic source-proves that-Xiao Ye-is very-suitable to-become a-witch, and-even has-the potential-to become-a great-witch.

After all,-the total-magic power-of a-witch is-the size-of her-chest.

"Goo..." Yun-Xi's throat-shrugged as-he looked-at the-tips that-had swelled-after she-untied the-bandage.

He knows-the size,-but seeing-it personally-is totally-different from-the cold-data.

Xiao Ye's-chest is-really developing-well.

"I'm afraid-that other-girls will-reject me-when they-know this-secret."

"In the-village where-I lived,-something terrible-happened when-someone suddenly-got a-treasure that-everyone didn't-have."

"Everyone started-to envy-that person-and repel-that person.-Finally, that-person could-no longer-stay in-his village-and had-to leave-the village."-Xiao Ye's-eyes were-dim, as-if she-remembered something-bad.

That person,-in fact,-is herself.-Yun Xi-can understand-that feeling.-This kind-of thing-often happens-in closed-and backward-areas. please visit freewebnovel.com.

Because the-vision is-too narrow,-because everyone-is poor,-people can't-accept that-someone suddenly-becomes rich,-so they-can't regard-the rich-as the-same kind,-even if-that person-was once-poor.

However, this-kind of-thing will-not happen-in the-Starwing Knights.

Because-they are-connected with-Yun Xi-by seeds,-they are-an unusual-special group.

Because-of this,-Xiao Ye-can awaken-the talent-of the-witch in-her body,-which is-the most-suitable talent-for her.

"Believe-it, trust-the people-you trust."

"You-value them-so much,-and they-will certainly-value you-so much."

"You-don't need-to feel-inferior because-your chest-is getting-bigger. It's-a beautiful-thing, isn't-it?"

Xiao Ye-looked at-Yun Xi-with a-flushed face-and nodded.

"Well,-I like-the enlarged-chest, which-is my-dream."

Ah, girls'-dreams are-always picturesque,-but why-are the-dreams of-the Starwings-Knights girls-almost all-"breast fetishism"?

Yun-Xi looked-into the-distance with-confused eyes.

Chapter 855: Common Dream

After seeing Xiao Ye off, Yun Xi welcomed another familiar figure.

This guest was Xiao Ye's best friend.

"I know a secret." Xiao Mi looked at Yun Xi with pitiful eyes, just like a girl who accidentally ate the forbidden fruit.

"Is it about the chest?" Yun Xi is almost familiar with the common troubles of the Starwing Knights.

Well, it must be an illusion, an illusion.

"Wow, the master is really smart!" Xiao Mi's eyes sparkled with hope and nodded desperately, just like a little dog who wanted to be touched by its owner:

"It's the trouble of the chest. I know what I shouldn't know!"

"Master, you should know that we, the Starwing Knights, want to fight against the demon dragon."

I know this plan, but isn't it a joke? Yun Xi looked at the excited Xiao Mi.

The eight-headed demon dragon is the strongest king who has escaped successfully under the siege and pursuit of many flat-chested female gods, great mages, and Immortals and has occupied the first place on the wanted list of the endless god's domains all year round.

The Starwings Knights, who only have a few hero-ranked girls, is impossible to meet the legendary cunning, demon dragon and obtain its blood!

"Despite the fact that this plan is still in its early stages, we have already seen results."

"Only there is a traitor among us!" Speaking of this, Xiao Mi's eyes became fierce.

Hum? Does she mean Xiao Ye? Shouldn't we bless Xiao Ye whose chest becomes bigger?

Yun Xi had a moment of doubt about the relationship between the girls of the Starwing Knights.

"Xiao Ye, Xiao Ye!"

"I saw her secretly taking a bath at midnight. When I wanted to wash with her, I accidentally saw her secret!"

"Her... her... chest... has become so big!" Xiao Mi reached out her hands like holding a round big watermelon, with a frightened face.

No, it's not that big. If you hang a watermelon on your chest, something will happen. It's probably the size of a plump pear melon...

"This is wrong!"

"Why doesn't she tell us?" Xiao Mi was obviously very confused.

On the other hand, Xiao Ye is her good friend.

On the other hand, it's every one of the Starwing Knights.

"Are you jealous?" Yun Xi launched the six eyed demon mask's ability and listened to the girl's heart.

"Of course, I would be jealous. Xiao Ye hid this secret from me and everyone." Xiao Mi had a righteous expression, which seemed to be the kind of thing Xiao Ye was most worried about.

However, Yun Xi believes that the Starwing Knights is not the village where Xiao Ye was born. It is different here.

"She should have said it!"

"Why should she treat this as a secret?"

"This is obviously the most worthy thing for everyone to celebrate. In this way, our civilian faction of the Starwing Knights has a representative who can make Mei happy."

Eh, why do you involve me? Yun Xi looked at Xiao Mi with a confused look on his face.

"I wonder if she will give everyone a surprise when her chest becomes bigger."

"So, I want to keep this secret for her, but I have to endure very, very hard!"

"Now that I have said it, I feel happy at once!"

Xiao Mi patted her chest. Although her chest was not as big as Xiao Ye's, it already has a pretty size.

"I think this secret should be no longer a secret immediately." Yun Xi breathed a sigh of relief.

Sure enough, everyone in the Starwing Knights has a gentle and tolerant heart.

Xiao Ye's worry is totally unnecessary.

The changes in her body are exactly what the Starwings Knights wants to see.

The Starwings Knights, who all have a "breast fetish", how can they reject such a lovely Xiao Ye?

"Eh... Is Xiao Ye going to say it?" Seemed to have thought of something, Xiao Mi looked at Yun Xi with surprise.

"Hmm." Yun Xi nodded. This secret has been no longer a secret since Xiao Ye left here.

She has gained confidence in facing other girls of the Starwing Knights.

Big chest, for the Starwing Knights, is a kind of belief.

"That's great. Long live Xiao Ye!"

"I also want to know what secret recipe she used that makes her chest become so big!"

"Did she get the rare demon dragon blood?" Xiao Mi's eyes sparkled. It was an infinite longing and hope.

It is the ultimate fantasy of the Starwing Knights to let their chests get bigger, and then be loved by "someone".

"I don't think so..." Yun Xi's mouth twisted. The legend that the dragon blood of the multi-headed demon dragon could enlarge the breast really drove the girls crazy. From the goddesses to the girls of the Starwing Knights, the girls all placed their hopes on the demon dragon.

The legendary dragon, who is strong enough to fight several legend-ranked beings at the same time, is wanted by the entire endless god's domains because its blood can enlarge girls' breasts. It's really tragic.

It can only be said that it is too unfortunate to be found that its dragon blood can enlarge breasts.

You are innocent, but a big chest is the dream of countless girls.

Chapter 856: Special Guests

That night, with a shy expression, Xiao Ye opened her mind and showed her enlarged chest to other girls of the Starwing Knights.

"Xiao Ye, you finally said it!" Xiao Mi hugged her good friend and rubbed her chest with great strength.

"Hmm. Hmm." Ling Ling was like a little dog. She smelt and gave a very high evaluation:

"Yes, good breasts!"

"Great, it seems that we still have hope." Although this is a special case, Mei Lan was very pleased to see the rapid growth of Xiao Ye's chest.

"Really, why should we hide such a good thing? It's great."

"I'm so envious, Xiao Ye. Did you eat something good?"

"Yes, hurry up! Tell the truth and hand in the latest recipe!"

"Wuwuwuwu, why can't I meet such a good thing?"

Yun Xi smiled and looked at the noisy Starwings Knights. As he imagined, even if Xiao Ye told her secret, she was not rejected by her companions.

There is envy and jealousy, but they will not regard Xiao Ye as an alien at all, but really feel happy for her.

"Thank you... Thank you all..."

"I... my diet is... milk in the morning... banana milk at noon... papaya milk at night..." Xiao Ye was like a petted animal, showing a happy and coquettish expression, and revealing her breast enhancement package.

Well, this diet is not strange at all. It is a diet that is very popular in the Starwings Knights recently.

Originated from the dessert set meal of a secretary of the Starwing Knights.

Yes, that is the one who is staying with Xiao Ye at the moment, Ling Ling.

"What the master said... is really true..." Looking at the friends around her, Xiao Ye was intoxicated with a sense of happiness.

Yun Xi felt that the six-eyed demon mask in his arms also exuded a satisfying atmosphere. It seemed that it had gained a lot from the girls of the Starwing Knights.

The Heart Asking Cabin has only opened for two days, and Yun Xi has received dozens of young girls.

Among them, about 10% of them are "hair fetishists".

In addition, there are 15% of girls are "maid fetishists".

"Lesbian fetishists" are up to 20 percent.

The largest "breast fetishism" exceeded 30%.

In addition to these main fetishisms, there are also strange fetishisms such as "foot fetishism", "princess fetishism", "unrequited love", "I just want to be trampled on by a big sister", etc.

If he had not listened to the girls' descriptions, Yun Xi would never have imagined that the talented girls in the White Lotus Sword Palace would have so many complex sexual habits.

Yun Xi felt deeply inadequate for his shallowness, and at the same time, he became more aware of the strength of the Paranirmita Vasavartin Scroll.

In only two days or so, he had collected about one tenth of the emotional power needed to use the six eyed demon mask.

The Paranirmita Vasavartin Scroll is indeed the Buddhist cultivation method recommended by Linga, the Secret Treasure of White Lotus. It is really easy to use!

Yun Xi also expressed his curiosity about what kind of demon this six-eyed mask would show.

While Yun Xi worked hard to cultivate the Paranirmita Vasavartin Scroll, the news about Heart Asking Cabin finally began to spread in the White Lotus Sword Palace.

Almost all the girls in the White Lotus Sword Palace knew about this little secret.

Finally, the news reached the real owner of White Lotus Sword Palace.

In the Witch Palace, in front of the altar of the Twin Witches, White Lotus, wearing the Ring of Stars and the Moon, was beating the golden balance in front of her, discussing the secret of the so-called Heart Asking Cabin with her sister Red Lotus.

"The mysterious person who can see through the hearts of others. When did we have that kind of outsider in the White Lotus Sword Palace?"

Red Lotus seemed puzzled. As the highest witch in White Lotus Sword Palace, she had never heard of such a person here.

"The identification number is... is this?" White Lotus looked at the special sign of the Heart Asking Cabin displayed by the Guard Boundary of White Lotus Sword Palace, and a mysterious smile appeared on her lips.

The cabin was recognized by the White Lotus Sword Palace, and naturally integrated into the whole White Lotus Sword Palace's guard system, even ranking in the top five of system priority.

She knew what this meant.

In the White Lotus Sword Palace, there is only one person who can do this. Not the current White Lotus Sword Master. His standing was much lower than the Heart Asking Cabin in the White Lotus Sword Palace.

The Heart Asking Cabin has the highest authority, while the White Lotus Sword Master has only secondary authority.

In this way, the identity of the owner of the Heart Asking Cabin is almost clear.

There is only one person with the highest authority in the White Lotus Sword Palace, except them. That is a special authority obtained from the "Sky Sword".

"It's a very honored guest, sister. I heard that his suggestions on love are very effective. Shall we go and see him?" After knowing who the owner of the Heart Asking Cabin was, White Lotus couldn't wait to see him.

"I... I'm not interested in love or anything!"

"As long as you are in White Lotus, I don't need any love!" Red Lotus's face suddenly turned red and protested fiercely.

Unfortunately, just like countless protests in the past, Red Lotus, who dotes on her sister endlessly, would pick stars in the sky if White Lotus asked.

So on the third day of the opening of the Heart Asking Cabin, Yun Xi met a pair of special guests.

Chapter 857: The Visiting Twin Witches

"Damn, how is it them?" Yun Xi's heart thumped when he saw that extremely special pair of figures.

He took advantage of the special permission he got from Casina the Battle God to build the Heart Asking Cabin in White Lotus Sword Palace. He thought it was a secret.

As a result, the "secret" that girls know can no longer be a secret.

It's like secretly planting fruit trees in someone else's garden, and the owner of the garden comes to visit. Yun Xi felt a little guilty.

Yes, there won't be any problem, will there?

Yun Xi pressed the six-eyed demon mask on his face, which is a magic mask from the Paranirmita Vasavartin Scroll. It can completely change his temperament, and he now appears as a male.

No one will connect him with "Mei". Most of the Stars Knights have come to the Heart Asking Cabin to talk to him, and no one has found the truth behind the Six Eye Demon Mask.

It's OK. At least Red Lotus will never find out.

The problem is, White Lotus... Yun Xi has never seen through this mysterious witch.

Unlike her sister, who is impulsive, belligerent and very easy to understand, White Lotus always has a slight smile on her mouth, which gives people an ethereal feeling.

When she appears in front of people, most of the time she gives a trustworthy sense of stability. She is the brain of the twins.

Only in front of Yun Xi, she will appear sweet and lovely, like a child who knows nothing about the world.

Every time he meets White Lotus, Yun Xi feels that his shallow wisdom has been seen through.

White Lotus' wisdom can be described as "the wisdom similar to that of gods".

She has the highest spirituality in Yun Xi's cognition, and at the same time, she has the observation power that ordinary people can't imagine. She can always reach out to help Yun Xi when he needs it most.

"Hey! Liar, tell me honestly how much you cheated here!" Red Lotus glared at Yun Xi, who was wearing the six-eyed demon mask. It looked like she was going to fight if he didn't agree.

"Er... I don't charge here." Yun Xi looked at White Lotus who put on with a smile on her face after coming in.

Did she see anything?

Is there a flaw?

After revealing the seed connection with the Twin Witches, Yun Xi can feel the Red Lotus in front of him like a burning flame.

In contrast, White Lotus is like a deep sea, containing everything.

Water and fire are two extremes, but they fit together perfectly in the twin witches.

"No charge?" Red Lotus suddenly didn't know what to say.

It doesn't make sense. Did you come to White Lotus Sword Palace to open a small house and do charity for free?

Wait, there must be a conspiracy, a big conspiracy!

Is it to cheat ignorant girls and do bad things to them?

"There's definitely a problem!" Red Lotus beat the table excitedly and almost drew her sword at Yun Xi, saying:

"I will do justice for heaven!"

Or - "I will punish you for the sake of the moon!"

"To be honest, do you mean to be unfaithful to our students in the Sword Palace?"

"Have you done anything to them?"

The more you thought about it, the more angry Red Lotus became, and she had determined that the mysterious person in front of her was the enemy.

This was from her intuition, so when she saw the guy in front of her, she felt angry.

"Sister, don't be too anxious. I believe this guest will not do such things." As always, White Lotus came out to support Yun Xi at the right time, with a smile of expectation:

"Is it, Mr. Mystery Man?"

"We are the witches of White Lotus Sword Palace. Won't you entertain us?"

"I wonder if there is any delicious bread."

She must know!

A cold sweat fell behind Yun Xi.

The first time she met him, she could recognize him in the real world just by the clues in her dreams. At that time, he was an ordinary baker!

"Bread..." Red Lotus's expression suddenly became gloomy because she had a strange dream a few days ago.

In her dream, she ate a lot of delicious bread, and was done a lot of shameful things by a man.

Although she forgot most of it when she woke up, the smell and familiar taste of bread in her mouth could not dissipate for a long time.

This dream was really strange!

What prince? What drama to save the world? What was this?!

Since having the dream of becoming a sleeping princess in the forest with White Lotus, everything has become abnormal.

Damn prince, if I see you in the real world, I will kill you ten thousand times!

"No bread!" Yun Xi shook his head. After thinking for a while, he finally found something to entertain the twin witches.

This is a treasure that even his teacher, Casina the Battle God, would covet. It is a treasure from Hydera, the Water God.

Mortals are absolutely not allowed to drink, even a drop will corrode their flesh and blood, but the twin witches in front are obviously qualified to drink this.

Think of it as the room fee paid to them. After all, he really rented this place. He also used the authority of Casina, the Battle God, to integrate this place into the White Lotus Sword Palace's guard system.

"Would you like a drink?" Yun Xi took out the wine glass of Hydera.

The real name is Hydera's wine warehouse, which is in the form of a wine cup. It stores the divine wine brewed by Hydera the Water God from ancient times to the present.

With Yun Xi's current constitution, he can drink up to three glasses a day, and the number of times he can use the glass is just at the limit his body can bear.

My lovely bride, are you satisfied with this gift? Although the wine is good, you can't drink too much - Hydera the Water God.

"Eh, this smell..." Red Lotus shrugged her nose and smelled the extraordinary green liquid in Yun Xi's wine glass.

"This is..."

White Lotus also opened his eyes wide and looked at Yun Xi who took out Hydera's Poison Wine with surprise.

Chapter 858: Their Hobbies

"What kind of wine is this?" Contrary to usual, Red Lotus looked at Yun Xi with desire and even licked her lips involuntarily.

According to Yun Xi's experience in the Heart Asking Cabin for three days, Red Lotus was tempted.

Well, does Red Lotus like drinking?

"It smells very special. It's pure brewing wine."

"What material is used for brewing pure pulp? No, the taste is agar pulp method?"

"Year..." Although not as excited as her sister Red Lotus, White Lotus was also obviously interested in the wine in Yun Xi's wine glass.

Witch is a very ancient rank in some God's Domains, whose duties are sacrifice, winemaking, and ceremonies.

White Lotus knows all the famous wines, but she can't see the details of the green wine in Yun Xi's wine glass.

The brewing method seemed to be the oldest one, but she couldn't see more from it.

The only thing she knows is that this is the highest quality wine, and the materials used are extremely precious.

"You... don't you want to bribe me!"

"The wine must be poisoned!" Red Lotus tried to back away from the good wine in Yun Xi's wine glass, feeling something strange with her intuition.

There's something wrong with this wine.

"Well, it's poisonous wine. People with poor constitutions can't drink it."

With the blessing of Hydera the Water God, he can drink only three cups a day, and he only drinks quietly when no one is around.

It has to be said that Hydera's good wine is just like her body, very tempting.

Every time he drank a cup, he can feel more vitality surging through his body, and this is because most of the wine's power is absorbed by the Battle God's Seed in his body.

It seems that the Battle God's Seed from Casina the Battle God, is sated by Hydera's poisonous wine. The seeds that should have been consumed gradually with Yun Xi's repeated use, actually recovered.

"Poisonous wine, as expected." White Lotus stretched out her snow-white fingers, gently dipping a little Hydera's poison on her finger and placing it on the tip of her tongue.

Just by touching a drop of liquor, White Lotus's snow-white face immediately became a little red.

"This smell is a raw material I don't know."

"Toxic, highly toxic!"

"But it's the best wine!"

Red Lotus swallowed and looked at White Lotus who was tasting the wine with conflicted and expectant eyes.

"The year is... yes..." With her rich wine-tasting knowledge, White Lotus finally knew the brewing date of Hydera's Poison Liquor.

That's really an incredible number. It's unimaginable.

"Over ten thousand years!"

God, a thousand years of brewing wine is almost the limit. If there is no special storage method and environment, no matter how good the wine is, it will solidify.

The good wine of ten thousand years represents the vicissitudes of the times and is a treasure that requires countless human and material resources to store.

Moreover, the age of this poisoned wine is far more than 10000 years, which can be traced back to the era of the gods.

In the age of gods, there had never been a lack of heroic gods and great heroes, all of whom were alcoholics, and even fought for good wine. The wine brewed in that era is also known as the highest masterpiece of the endless god's domains.

This glass of wine is worthy of a palace!

Even legend-ranked existences would go crazy for it.

At this moment, there was such a glass of wine right there. Even White Lotus felt incredible.

Her prince... is he even willing to give them the wine that can even make legend-ranked existences dribbling?

"Over ten thousand years, that's..." Red Lotus could no longer look away from the crystal clear emerald wine glass in Yun Xi's hands.

Even the twin witches have never seen the real wine of gods.

"This smell... this irritation..." White Lotus blushed.

The good wine of gods, as its name suggests, is prepared for the gods.

Twin switches have incredible magical power, but their physique is far from reaching the level of Casina, the Battle God.

Just a drop of liquor makes White Lotus feel a sense of inebriation.

The diluted Hydera's venom contained in the verdant liquor constantly stimulated White Lotus' body. The stimulation was quickly transmitted to the body of Red Lotus through the link between them.

The feeling of twins at this time is also synchronizing.

"What... is this..." Red Lotus's cheeks also slowly turned red, looking at the wine glass in Yun Xi's hands with desire.

It was a look of extreme desire and endurance.

No, I can't. Drinking will lead to trouble!

Red Lotus has two villains fighting in her mind.

It doesn't matter. One cup, just one cup. You can't even get drunk after drinking 100 cups of wine.

Drink!

No, no, no!

Unconsciously, Red Lotus found herself on the edge of the cliff - that is, Yun Xi's desk.

In the fierce struggle, Yun Xi just put the "last straw on the camel's back".

He put the cup of Hydera's poisoned wine which had been tasted by White Lotus in front of Red Lotus.

"Goo!"

Red Lotus couldn't help it anymore.

One cup, just one cup. Nothing will happen.

No matter how strong the wine is, you can drink it in one go!

With such fearless courage, Red Lotus bravely picked up the emerald green wine glass in the drunk eyes of White Lotus, and drank the wine in one gulp.

Look, there's nothing to be afraid of. I won!

Red Lotus licked the green liquor still left on her lips, with a proud expression of "I am the winner".

"Sister... you're drinking too fast..." White Lotus wanted to stop her sister, but it was too late.

The wine can't be drunk like this!

Something very bad will happen if you drink it like this!

Chapter 859: Drunken Twin Witches

"Hiccup... what are you afraid of... I... how can I get drunk with one cup!" Red Lotus pressed her forehead with her small hand.

Yun Xi could clearly see that big drops of sweat was falling from the snow-white forehead of Red Lotus.

That pretty face turned into a ripe apple.

"This wine is delicious!" Red Lotus felt that there was a flame burning in her belly, and heat was flowing all over her body with the flow of blood.

This wine is really great!

In addition, her eyes at Yun Xi become more pleasant.

Hmm, this guy is not bad, very good, wua ha ha.

"The world... is burning..." Red Lotus's reaction soon spread to White Lotus, who always gave Yun Xi a sense of seeing through everything. She also began to wobble.

It looked like a pair of twins dancing.

"Actually... I am very hard..."

"Those men look at White Lotus with squinting eyes... It's ridiculous!" Red Lotus sat on the ground, took off her shoes and socks for some reason, and looked indignant:

"Obviously, we are all the same. Those men deserve to die!"

White Lotus also took off her shoes and socks, revealing snow-white fragrant feet, and her red cheeks were full of happiness:

"I just need... the prince alone."

"Because my prince is the best in the world."

Ah ah ah, totally drunk! Yun Xi stared at the drunk twin witches.

This scene was beyond his expectation.

The twin witches were turned over by a cup of poisonous wine from Hydera.

"Ah... to be honest, do you have ulterior motives for me and my sister to get us drunk?" Red Lotus shook her head, raised her chest and asked Yun Xi:

"If you touch a finger of White Lotus, I will kill you."

The drunk Red Lotus is still the same Red Lotus.

Yun Xi looked at the "sister-con" tips collected by the six-eyed demon mask.

"Prince, prince... let's dance." White Lotus's hobby was also displayed.

"Prince-con", or the exclusive love for someone. She is really a very single-minded girl.

"Dancing with the twin goddesses... is very, very joyous." White Lotus, drunk and hazy, seemed to imply something.

Even if you are drunk, you still hit the nail on the head. Yun Xi sighed.

I will dance! Yun Xi helplessly reached out his hand and grabbed the small hand of White Lotus.

"Sobbing... I don't want... White Lotus... Don't leave me!" Seeing that White Lotus was about to be embraced by Yun Xi, Red Lotus cried.

Her expression with red eyes was like a little dog being left behind by the owner.

"Then, my sister, come with me." White Lotus took Red Lotus's hand and put it in the other hand of Yun Xi.

Red Lotus and White Lotus are sisters who can never be separated, twins of destiny.

Therefore, they are always together.

So it is in the battle.

So it is in the rest.

So it is when in love.

From the moment when White Lotus chose Yun Xi, the twin witches' fate became entangled with him and could not be separated.

"Hey, hey, hey... Prince... do you like it?" whispered quietly by White Lotus into Yun Xi's ear with a satisfied voice.

"I can't dance, I'll step on your feet!" said Red Lotus who was still struggling, but the dance steps had begun.

Well, it is true that she would step on Yun Xi's foot and she had stepped on it many, many times. But the soft and delicate fragrant foot doesn't have any deterrent, it is more like a special temptation.

Yun Xi, who has seen "foot fetishism" many times, felt that he is about to awaken his interest in this aspect.

In contrast, the dance steps of White Lotus are light and flexible. No matter how clumsy Yun Xi is, she always perfectly matches the steps of Yun Xi.

"I like the world... I like you... like the sun, like the moon, and like the stars." With an intoxicating murmur, White Lotus took the opportunity to make a bold confession to Yun Xi.

"I won't allow... no, absolutely not!" Red Lotus angrily stepped on the back of Yun Xi's foot, trying to make him lose his balance and fall. But every time Yun Xi was about to fall, White Lotus would reach out and pull him, stopping Red Lotus from plotting.

"My sister... is always afraid... Prince, muster up the courage to embrace her." White Lotus took the initiative to send the confused Red Lotus to Yun Xi.

Yun Xi took the opportunity to hold the stumbling Red Lotus in his arms, and his eyes suddenly became confused.

Strangely, he didn't drink Hydra's poisonous wine. How did he get drunk?

Maybe it's because of the lovely girl in his arms is too intoxicating.

"Let go of me!"

"Who are you?"

"If you don't even tell me your name, you must be a bad man!" Red Lotus struggled, but it was a pity that she was too weak and almost fell into the arms of Yun Xi completely.

"Bang!" Finally, Red Lotus knocked Yun Xi down, not with her feet, but with her body.

"If this goes on... I can't be a gentleman anymore..." Yun Xi felt hopeless, but the Battle God's Seed in his body was full of vitality.

"I bite!" Red Lotus attacked from the left side and bit Yun Xi's ear. Unfortunately, her teeth were soft for some reason, and she couldn't use any strength.

"The prince... you can't escape..." White Lotus smiled and made a gesture of victory. Then, learning from her sister, she gently held Yun Xi's ears.

The twins firmly pressed Yun Xi to the ground from left and right.

The hands of the twins were just pressed together on Yun Xi's chest, like a lock catch, to lock Yun Xi.

"Bang! Bang!" Yun Xi's heartbeat was accelerating. He was overwhelmed by the twin switches and hesitated.

Should I do something?

"Clearly... you are a big liar..."

"Give my White Lotus back!" Red Lotus, in a drunken state, seemed to have been enlightened. She instinctively detected a secret, and her snow-white little foot kicked at an "indescribable part" of Yun Xi, which made Yun Xi shiver all over.

The drunk Red Lotus is truly terrible!

"Sister... you are too drunk..." White Lotus also stretched out her small feet to protect that important part of Yun Xi.

Chapter 860: Drunken Red Lotus

"The world... is so strange..." Yun Xi fell to the ground, looked at the strange ceiling and made a painful sound.

It really hurt, not physically, but mentally.

Drunken Red Lotus's white and soft feet continuously hit Yun Xi's "important part", and White Lotus's seemingly protective but provocative protection, which made that part of Yun Xi constantly expand.

However, Yun Xi couldn't do anything.

Because they are Red Lotus and White Lotus.

They are the owners of the White Lotus Sword Domain and twin witches.

The whole Starwing Knights will be involved if he does anything to them.

Even if it seems like White Lotus always exudes the delicious smell of "I'm delicious".

But Red Lotus is too bad. Now she is drunk, but there will be a storm soon after she wakes up.

I'm really not trying to get you drunk. Why did you become like this after just one drink?

Yun Xi looked at Red Lotus who bit his ear, blushed, and grabbed his chest. Even Pafu ran to his shoulder in fear.

The snow-white feet were intertwined, constantly moving around on Yun Xi's important part. Coupled with the drunken twin sisters' whispering, Yun Xi had to desperately recite the Paranimita Vasavartin Scroll to resist this fatal temptation.

"It's so hot..." Red Lotus, who was getting drunker and drunker, gasped. She put her hands on her chest and opened her bra, revealing half of the white breast.

The skin of the twin witches is white without any flaws, just like being blessed by the gods.

Smooth and warm.

Soft and elastic.

Gently press your fingertips, and they will spring up with force.

Yun Xi knew all this clearly.

Because at the end of the world of the Dragon War, he first made skin contact with them.

The chest of Red Lotus is soft and smooth. It is very comfortable to knead. It is elastic and feels good.

When he attacked Red Lotus, White Lotus would also show an intoxicated expression, just like now.

Those pure and clear eyes were charming and shy, as if they were melting. Let him bully and let him be frivolous.

At the moment, she fell into his arms, closed her charming eyes gently, and her long eyelashes quivered, showing her sweetness and tension.

"You liar... married White Lotus and wanted to marry me... insatiably greedy... there is no remedy..." Drunken Red Lotus seemed unable to distinguish between reality and dream.

Her breathing gradually became rapid. She bit her lower lip, and her body was as soft as water.

"Why don't you die soon?" Red Lotus put her finger on Yun Xi's neck, seemingly wanting to strangle the bastard who had taken advantage of her.

However, she was too weak, and this action made Yun Xi unbearable.

At this time, White Lotus once again gathered in front of Yun Xi with her sister.

"Ah wu..." Red Lotus made a lovely voice.

"The prince... I like..." Compared with her sister, White Lotus was more active and kissed him directly.

No, it's over!

Yun Xi almost instinctively responded, and easily drilled his tongue into the lips of White Lotus. His nimble tongue "plundered" her small mouth everywhere, devouring the sweet body fluid greedily.

The body fluid of White Lotus had a strange cold taste. Yun Xi pursued her unskillful and evasive tongue, licked the tender meat in her mouth, and her soft mouth was tasted by Yun Xi over and over again.

However, the two people's identical faces, without the cover of clothes, always make Yun Xi unable to tell who is who.

After the kiss of White Lotus, Red Lotus started to kiss again. When she bit Yun Xi's tongue, she almost accepted her fate and swallowed the tongue that was stained with her sister's taste into her delicate, tender, and ruddy mouth.

It was Red Lotus. With the tongue of Red Lotus sticking in, a shuddering sensation came all the way to the bone marrow, which made Yun Xi hiss and breathe heavily.

This little mouth... It was small and clamped, warm and smooth, with a strange temperature. After holding the tongue, he started to sip gently and clumsily started to lick. The clumsy, soft, and greasy little tongue was very soft...

Slowly, Yun Xi felt like he was wrapped in fire, and his whole body rejoiced; the feeling made him want to scream out loud in joy.

This is the biggest difference between Red Lotus and White Lotus. The tongue of White Lotus is sweet and ice cold, like the taste of ice cream, while the tongue of Red Lotus is hot and warm, like the taste of cream puffs.

As for why they have such a special constitution, Yun Xi doesn't understand.

As the kiss deepens, Red Lotus's eyes began to blur, and her delicate nose began to breath faster.

"Sister... would you still like to refuse?" No one in the world could understand Red Lotus' feelings at this moment. White Lotus whispered gently in her sister's ear, like a demon who tempted a girl to fall.

"No, no."

"If this goes on... I will become strange..."

"Stop playing with my body and mind..."

Red Lotus's pitiful and lovely voice echoed in the little cabin, which was the girl's last resistance, or crazy temptation.
