

# Start at the Pinnacle of Life

## Chapter 18: Free tool man

---

After seeing Qin Yu and Cheng Xiyu looking at each other affectionately, Qiqi chose to give up.

There is no hope, at least not tonight.

right now.....

You should drink, you should eat.

By the way, she needs to take another set of photos to send to Moments.

Click!

I chose a good angle and took dozens of shots continuously.

Kiki jumped out of six of the best, and the finishing was finished.

2 hours ago, she had already sent a WeChat account:

Liugongge photo, black gold version station C position.

Shenlong is here, please give me a boyfriend! (Slanting smiley).

Now, she needs to send a brand new:

Summon Shenlong again, where is your boyfriend? ? ?

The number of comments on the first WeChat account has exceeded 20, which is full of dog-licking atmosphere!

Very good.

Of course, there are a few hints that they think they are humorous and overwhelming.

Look at this one: 'Actually...I've been there all the time. (Rose, smiling face.)'

Hetui~

However, it's quite interesting when you think about it...

.....

"Brother Yu, toast you a cup!"

After       calmed down, Qiqi became calm and calm, and got along very well.

is like that kind of plain friendship, very comfortable.

"Respect you." Qin Yu said with a smile.

Just now, the two of them added WeChat, and they should make friends!

I have a chance to come out to play again in the future, it's not bad to hold the scene!

After three rounds of wine, there is only half a bottle of Ace of Spades on the table.

Time is also close to zero unknowingly.

"Baozi, doctor, shouldn't you two drink sake? The wine in the glass is about to ferment, right?"

"Brother Yu, are you embarrassed to say?" Bao Zi pointed to the cup in front of him.

"bring it on!"

Qin Yu flipped the glass over and said while Xiaojie poured the wine: "Let's clear the wine, it's getting late, it's time to withdraw!"

"Okay." The two are almost playing.

madness returns to madness, there is always time to return to reality.

"And me?"

Cheng Xiyu shook the empty wine glass funny, and Xiaojie poured it on everyone.

Only his glass is empty.

Xiaojie, who was pouring wine for himself, didn't say anything. He raised his finger and the angle of the wine bottle was raised.

The last trace of the wine bottle flows into his cup, just at the same level as the mouth of the cup!

"Hey, it seems to be over!"

After Xiaojie turned the bottle upside down, he smiled like a spring breeze and bowed again and again: "Sister Xiaoyu, it's all my fault. I didn't notice that the wine is not enough."

"In this way, next time you come again, Xiaojie, I will make up for you."

Cheng Xiyu couldn't laugh or cry about it, so she could only put down her wine glass and glanced at Qin Yu angrily.

Brother Yu is also very helpless, it's not easy to be a good person!

"Come on, finish this cup and finish."

After finishing the wine, Qin Yu patted Xiaojie on the arm before leaving.

This little Jie is not bad, and I will definitely look for him if I come again next time.

Xiaojie also understood the elder brother's suggestion, and silently praised his wit in his heart.

"What's the arrangement for the two of you?" In front of the bar, Qin Yu looked at his friend and asked.

"Go home, sleep!" Baozi and Gao Bo smiled at each other.

"I'm vomiting, do you want to be so passionate?"

Qin Yu turned around and vomited wildly, causing the two to retaliate by force.

"Really planning to go home?" Qin Yu asked seriously after the jokes.

"Well, I'm crazy enough tonight."

Gao Bo held his mobile phone and signaled that he and the young ladies had already added friends.

"Little Jie..."

asked Xiaojie to send the girls into the car, and Cheng Xiyu was left by Qin Yu.

"I'm sleepy too!" Cheng Xiyu said in a bewilderment.

It's so late, if the boss left himself alone, he wouldn't want to...

"Are you thinking about peaches? I drank alcohol and will send me home later!"

free tool, no need for nothing.

The little anchor is about to vomit, and I think so much.

After doing it for a long time, I became a car driver again...

free.

"Have a chance to get together again!"

"Damn, don't make it like life and death, youth has just begun."

The hand on the shoulders of the two pressed hard, and Qin Yu smiled freely and left.

At the side of the road, Cheng Xiyu was leaning on the car door and waiting.

Xiaojie was by the side, not impatience at all.

"Open the door."

The little anchor pressed the key, and Qin Yu took out his handbag from the co-pilot.

opened the zipper, there were two wads of cash inside.

A random pinch of the thumb and index finger, there are about a dozen of them.

"Xiaojie, the arrangements are good tonight."

just squatted on him in the deck tonight for more than two hours.

After busy, this tip must be given.

"Thank you Brother Yu."

Xiaojie smiled and nodded, and took the money with both hands.

"When will you come to play, a phone call, Xiaojie arranged it properly."

"Well, let's go back!"

This guy is a salesman, he is sleek, and he has vision and will come.

The service is attentive and the people are sincere.

There is nothing imaginary from beginning to end, so just do it!

This is what makes Qin Yu comfortable.

How can Xiaojie's consumption tonight raise 10,000 yuan?

But that is what people earn by their ability, and they should earn as much as they can.

Therefore, Qin Yu will tip him in the end.

took good care of all aspects and everyone had a great time.

This is worth it.

If someone is fooled, a set of 666 wine will come up as 888.

He won't pay a dime for this money!

The car slowly drove out of the alley, and Qin Yu leaned back, "Drive slowly."

Seeing him closing his eyes to rest his mind, Cheng Xiyu curled his lips angrily.

really drove her now, are you not afraid of kidnapping yourself?

'System, panel. '

Host: Qin Yu.

Level: LV2.

Blessing: 1/second.

Capital: 70,920 yuan.

Experience: 5,183/1,000,000.

Sunshine value: 76.

[Note: Sunlight value includes appearance and temperament. UU reading [www.uukanshu.com](http://www.uukanshu.com)]

The amount obtained per second doubles, and the experience value is 5 times the previous value.

Qin Yu didn't care at all, only half a month's salary...

Brother is now a boss with a monthly income of 2 million+ and an annual income of 30 million.

tens of dollars per minute, understand?

Sunlight value increased by 1 point, it should be the relationship of temperament.

Money is a man's gall.

Compared with before, although his appearance has not changed.

But there is indeed a big difference in temperament, 'I blame him for being so good! '

'Ding. '

'The miracle blooms, complete the trigger hidden mission. '

'Juvenile's Oath: The host fulfills the promise he made with his companions when he was a teenager. '

'Task Reward: The Agreement of Oath. '

'Deed of Oath: Anyone who reaches a formal verbal oath with the host will pay a heavy price for breaking the oath. '

'Reminder: This [title] is permanently valid. '

'Reminder 2: This [title] is special, it is automatically worn and cannot be removed! '

I've got a lot tonight.

not only has the system upgraded to LV2, but also completed the hidden mission by accident.

The oath of a boy.

Get a special [title]: the contract of oath.

The effect is very understandable. Whoever reaches a formal verbal agreement with him must complete the agreement.

For example, someone is doing business with him, and the two parties agree on a price.

But no formal contract was signed.

By the time of delivery, the other party repented and raised the price temporarily, then he violated the oath.

Those who violate the oath will be punished.

Although I don't know what the specific punishment will be?

But judging from the vast power of the system, Qin Yu knows that the ending will be very exciting!
