

Start at the Pinnacle of Life

Chapter 20: Coincidentally, I am also a face value party!

Interpersonal relationship is a science, but it is also quite subtle!

Some people just met, just like old friends for many years.

There are still people who haven't seen each other, and just listen to the name and feel that the characters don't fit.

Qin Yu and Li Wanxing belong to the former.

Come to B101, Hengde Plaza, Jinling West Road, and get off at the Hublot brand store.

"Welcome to Hublot!"

"My surname is Qin, I came to pick up the watch."

When Qin Yu said this, the middle-aged man standing at the counter quickly walked out: "Mr. Qin, welcome, welcome, my surname is Mu, the manager of our store."

"Hello, Manager Mu, this is my senior sister, Li Wanxing."

"Ms. Li, nice meeting!"

Mr. Mu can see at a glance that Li Wanxing has an extraordinary background, and there is no bargain all over his body.

"Hello." Flicking a finger, the two sides said hello.

"I want to look at the watch first."

"Of course, the VIP room is ready."

invited the two into the VIP room, and the staff in black uniforms walked in with the watch box in their hands.

Manager Mu took the watch box and put it on the table.

put on white gloves first, and then opened the watch box with a sense of ritual.

"Please look at Mr. Qin, MP series 905.ND.0001.RX, also called MP-05."

"The craftsmanship can be said to represent the peak of the watch industry today, 1200 hours of super long power, manual winding."

"Its design combines Ferrari power and supercar elements, you see..."

Mr. Wood raises his palm to make the surface appear three-dimensional.

"It's mostly like a Ferrari engine with precision and perfect shape."

"Full of mechanical shock from front to back, and tourbillon technology is added at the same time..."

has a unique and alternative shape and is very distinctive.

The overall color gives people a low-key and introverted feeling.

"Mr. Qin, you try to get started?"

Mr. Wood felt that no matter how much he said, it would not be as convincing as the effect of getting started.

"Great."

Qin Yu stretched out his left hand, Mu Jing opened the protective bag and put the watch on his hand to adjust the size.

"It's so dazzling."

Li Wanxing, who was sitting aside, said, "No, I have to take photos to stimulate my brother."

"Here you are." Qin Yu quickly took off the MP-05.

The rough and casual action only made Manager Mu's cheek twitch...

If the family doesn't talk about two things, it's okay for the eldest brother to see it.

Click.

took a picture, and Li Wanxing sent it to her eldest brother.

'Brand new and hot MP-05. '

'where?'

'Auntie's grandma must keep it for me. '

'It's only a friend's decision, but you say that you have a face every day. This is called a discontinuation of production?'

'???'

Li Shaotian did not speak for a long time, a few minutes later.

'Your friend has something, who's kid?'

Young Master Li just called the watch dealer, so he went crazy, and the opposite party made various compensations.

asked the table is still two words: no.

This makes Li Dashao angry, is it because his name is not good, or the money is not enough?

The watch dealer is afraid of offending the young master, and tells the truth.

"The discontinuation is true, and there are very few exceptions."

Li Shao understands that the other party, Beier, has a face, so that the watch factory can't shirk it.

So, obviously the last piece was sold six months ago.

announced the discontinuation of production, he still got a piece.

Whose child, how big is it?

'It's not in the circle anyway, don't think about it. '

Everyone in the circle knows Li Wanxing, even people who don't know him have heard of it.

The third generation of the old Qin family has a single root, and I have never heard of any relatives in Abandoned.

'If your friend wants to make a deal, I will ask for a premium of 20%. '

Qin Yu watch just got it, it's not warm yet!

The value of this watch has increased by 500,000...

Li Shaotian also really likes this watch, otherwise it would not be so generous.

The price of things depends on who is right.

If you meet the right person, it is priceless, such as various bracelets with a handle.

When you encounter someone you don't like, your tens of thousands of stars are scarred, and he is too expensive to discount him!

When I come across something I really like, he will also buy it at an additional 50%.

This is the truth...

Li Shaotian still said that as long as Qin Yu is willing to make a move, he will immediately transfer money to Hudu.

"Haha, my brother is crazy, I want to buy it with an increase of 500,000."

"Uncle...cough, your brother might be disappointed."

Li Wanxing glanced at him, shaking her fingers and joking: "Do you want my sister to loosen your bones?"

"Hey..." Qin Yu grinned: "Spoken mistakes, spoken mistakes."

Li Wanxing is also accustomed to his glib tongue, measuring him with a guilty heart and no guts.

your fingertips tapped on the screen: 'what do you think? '

'When I didn't say, find a chance to eat together. '

'I'll talk about it if I have a chance! '

Even if she wants to introduce two people to each other, she must first seek Qin Yu's opinion.

This is basic courtesy.

Jingle...

The phone rang suddenly.

"Wanxing, where is it?"

"Hengde, what do you lazy cat want to do?"

It was Li Wanxing's roommate who called, with a docile personality and a lazy temperament.

So also has the nickname of Lazy Cat.

"Everyone is waiting for you to come back to celebrate, I'm almost hungry." Lan Yue said softly.

"and many more."

Li Wanxing covered the microphone and said: "The little sister in the dormitory is going to hold a welcome banquet for me, are you coming?"

"Say okay first, I haven't asked them what they mean."

"Go if it's convenient, I haven't apologized for the elder sister yet!"

The little sisters in the bedroom have a dinner, can you miss this scene?

"Okay, let me ask first."

Li Wanxing gave him an interesting look, and chatted with the little sisters.

"Whoever finds it inconvenient, let him solve it by himself!"

After briefly introducing Qin Yu's situation, Li Wanxing took the lead in expressing his position.

It's not that she doesn't want to say more, but she doesn't know how much.

"Wanxing, is it like you said?"

"If it's really okay~www.mtlnovel.com~ I'm afraid that I'm going to look at my sister in a squinting way."

"Yeah, yeah, what old young man was that last time, eh..."

The long voice full of disgust, people can't help wondering what 'Gu Shao' did?

"No problem, very nice, clean and sunny boy, definitely talkable."

With Li Wanxing's endorsement, the little sisters also agreed to one more person to join the party.

hung up the phone, Li Wanxing proudly said: "Go ahead, how can I thank my sister."

"Tell you, our 206 is a fairy dormitory, and the little sisters are all beautiful."

"What kind of horse, open the dragon's spine, and A4 waist is not a problem."

Qin Yu smiled indifferently: "What a coincidence, I'm just like the senior sister, I'm also a party of value."

"Hmm, your mouth must have deceived many little girls."

Qin Yuzhi screamed injustice, smiled and said to Manager Mu: "What new ladies are there in the store?"

"What are you doing? Sister, I have a cool breeze, don't try to bribe me with anything."

Li Wanxing jokingly declined.

Seeing that Qin Yu was unmoved, Manager Mu answered the conversation.

"The most suitable for women is BIGBANG, the Big Bang series."

"465.SX.1130.VR.1213.LIP19, the case material is satin-brushed and polished steel, inlaid with 24 red spinels."

The wooden manager pointed to the glass box held by the staff member: "It's here."

"This watch is divided into red and turquoise. The dial is full of artistic flavor and the back is transparent with sapphire.

39mm in diameter, suitable for women's slim wrists. "

The pattern of internal women applying lipstick reminds Qin Yu of Chuanfu's facial makeup!
