

Chapter 488 Uncover The Truth

Mona spoke with conviction, leaving no room for rebuttal.

Reluctantly, Melissa allowed Mona to accompany her.

Everett, sensing Melissa's urgency, drove swiftly to the hospital. Upon arrival, Melissa sprinted to the resuscitation room.

Spotting a doctor outside the resuscitation room, Melissa grabbed her hand and inquired, "Doctor, what's the status of my friend?"

"Are you a friend of the woman involved in the car accident? She's in critical condition, and we're doing everything we can. She suffered an intracranial hemorrhage and is in grave danger. You should prepare yourself emotionally. By the way, where are her parents?"

Melissa had called Leilany's parents en route. Upon hearing the news, they were devastated and were now making their way to the hospital.

"How did the accident happen? Where's the person responsible?"

Noticing no unfamiliar faces, Melissa deduced the culprit wasn't present and asked the doctor instead.

"We're not sure. A passerby brought her in, and the transportation department is now handling the accident."

"I see."

Melissa felt that something was off about the car accident but was too consumed by worry for Leilany's condition to delve deeper.

With Leilany still in the resuscitation room, Melissa's anxiety grew, leaving her no time to consider anything else.

All she could do was wait outside. Soon, Leilany's distraught parents

arrived.

"How's my daughter? How could this accident have happened?" Leilany's mother, Tracy Green, cried, her eyes swollen. She gripped Melissa's hands tightly.

Melissa sympathized with her and handed her a tissue.

"I don't know the details. The transportation department is working on it, but Leilany remains in the resuscitation room."

"What? She hasn't regained consciousness..."

Tracy nearly collapsed upon hearing this, but her husband caught her in time.

Tears streaming down her face, she accused Zaid, "Your business has made enemies who are now targeting our daughter!"

Zaid defended himself, "I'm always careful with my dealings and never provoke anyone. Besides, our family's medical business is top-notch."

"How could this happen then? She could have never gotten into a car accident. She is an accomplished racer who's participated in numerous competitions. She wasn't speeding at the time of the accident either. How could this have happened?"

As Melissa listened to Leilany's parents, a thought struck her. She remembered Keira's anger that day. Could she have been involved? No, Keira lacked the means to pull it off.

Melissa pondered further, recalling Peter. Despite his apology, she sensed he still harbored resentment.

Determined to get to the bottom of things, Melissa decided to investigate further. She was determined to help Leilany uncover the truth!
