

## Chapter 1117 Critical Situation

The second the Zephyr Ape tucked away the beast crystal, Liam sensed its disappearance.

Liam quickly withdrew his life energy, not wasting a second.

By putting away the beast crystal, the Zephyr Ape signaled it was done trying to break through to level seven.

This was the green light for Liam, who leapt to his feet and got ready to bolt.

But the Zephyr Ape didn't take kindly to Liam's sudden escape plan.

The beast was pissed and lashed out with all its might.

Its massive fist came crashing down hard.

Liam wasn't as quick as the Zephyr Ape and took the hit, being slammed into the ground, carving a deep crater with his body.

When the Zephyr Ape saw that its punch had landed on Liam, its eyes gleamed with satisfaction.

Even though it trusted its own strength, it kept a watchful eye on the crater, roaring non-stop just to be safe.

Ten minutes passed with nothing but silence. When the dust settled around the Zephyr Ape's fist, Liam's shape started to become visible.

Liam was banged up, with fresh cuts and blood trickling from his mouth.

But his armor's red glow, combined with the earth element's power, seemed to burn even brighter.

This was only the second time Liam had taken such a beating since getting the piece of the Heart of Life.

Liam's eyes were deadly serious.

The Zephyr Ape's power just now should have ended him. Plus, that punch had come down quickly.

It felt like death was inevitable for Liam now.

Liam wasn't the only one surprised. The Zephyr Ape was also shocked.

It couldn't believe that after all that force, Liam had walked away with just a few scrapes.

Only then did the Zephyr Ape realize it had underestimated Liam!

The realization made the Zephyr Ape's eyes go icy, and it lunged for another attack.

It opened its hand wide like a giant boulder and swooped down over Liam, capturing him in its massive grip.

When the Zephyr Ape clamped its hand around him, Liam instantly knew he was in a bad situation.

But no matter how hard Liam fought, he couldn't break free. Panic set in, and he felt stuck without a way out.

Before long, Liam started to feel dizzy.

The Zephyr Ape was toying with Liam in its palm, and escape seemed impossible for Liam now.

The Zephyr Ape's gaze was filled with hatred as if it wanted to squash Liam like a bug.

But it didn't.

It had a better plan to vent its rage.

The Zephyr Ape wanted to make Liam suffer until he begged for mercy!

It squeezed its fist and shook Liam like a rag doll.

The tossing around made Liam feel a sickening sense of weightlessness, leaving him utterly disoriented.

Then, the Zephyr Ape changed tactics, slamming Liam down into a different part of the ground with crushing force.

The brutal impact caused Liam to spit out a mouthful of blood. Even his armor's red glow couldn't shield him from this kind of intense power.

This hit left Liam with serious injuries.

But the Zephyr Ape wasn't done.

Its hatred for Liam ran deep.

To the Zephyr Ape, Liam was the one who had killed its favorite prey. Liam had drained its life energy from Lotus Lake and had come back to challenge its chance at leveling up!

The Zephyr Ape kept smashing Liam to the ground. Each time Liam hit the ground, the whole place shook like an

Chapter 1117 Critical Situation  +120 Points at most  
earthquake was happening. And each slam was the  
Zephyr Ape's way of getting its rage out!
