

Chapter 1154 Lindy's Departure

Instead of asking how Liam had absorbed all that dark aura, Lindy switched gears, showing Liam how to use the power of the domain.

Liam nodded, taking in Lindy's pointers.

With Lindy's careful coaching, Liam started dabbling in controlling the dark aura domain.

Before long, Liam had figured something out.

Inside the dark aura domain, the other's strength would be affected by the dark aura.

Being the owner of the dark aura domain, Liam's power would receive a real boost whenever he tapped into it.

And it wasn't just about getting stronger. It was about getting faster and improvement in spiritual power. It was a real all-around upgrade!

The important thing was that the more Liam's dark aura grew, the more power he would get from the domain.

Not only would the boost get better but the domain itself would also expand.

Seeing Liam catch onto the whole domain augmentation thing, Lindy smiled and told him, "Liam, you've got some serious potential. With your talent, you will catch up with me sooner or later. I can't wait for that day!"

Liam just smiled back, playing it humble.

Seeing that Liam's crisis had been completely resolved, Lindy decided to leave. She said, "Liam, I'm from the Poky Academy over in Oracle 131 Galaxy. If you ever decide to leave Blue Star and explore the universe, think about joining my academy. When that time comes, you can notify me, and I will personally come to welcome you. With your skills, joining my academy would be a walk in the park."

As she spoke, Lindy whipped out a jade pendant and handed it to Liam. "Take this pendant; it's your ticket to the Cosmic realm. Oh, you might not know about the Cosmic realm. It's a name for our universe. Anyway, when you arrive in the Cosmic realm, I will sense it and pick you up immediately."

Liam clasped the pendant, feeling its warmth. He grinned and quipped, "Alright then, I'll hold onto this. It looks like I will have to start calling you my senior from now on. Thank you, for helping me these days."

Lindy's grin widened at Liam's words.

It was the first time Liam had seen Lindy flash such a dazzling smile.

With a wave, Lindy said, "Goodbye, Liam. Looking forward to seeing you in the Cosmic realm."

With that, Lindy tucked away her sword neatly and turned to leave.

Liam watched Lindy depart with a smile.

Thinking about Lindy's radiant smile, Liam suddenly felt a bit lost.

Lindy was the first woman he had met who was way more powerful than him.

She had made Liam feel something totally different.

It wasn't love or admiration.

It was a unique feeling, something new to Liam.

Staring in the direction Lindy had gone, Liam's lips curled up, and he murmured, "Rest assured, we will meet again someday!"
