

Chapter 1183 Desires

Liam immediately grasped Emer's implication, and his frustration manifested in a deep furrow of his brow as he snapped at Emer, "Fuck off!"

Emer's gloating irritated him, yet he was still troubled by how to handle the dilemma with the two women.

Despite being irritated, Liam understood Emer's words.

He couldn't simply stand idly by and witness their demise.

Reflecting on the situation, Liam let out a heavy sigh.

He was aware of Laura's and Shayla's affections for him.

He had to acknowledge that he harbored some feelings for both Laura and Shayla as well. However, with Julie's situation still unresolved, his mind had been preoccupied.

But given the current circumstances, Liam couldn't just do nothing.

Liam checked the time; there were less than eight hours remaining until the secret realm's exit opened.

Although they would have a full day to exit, Liam knew he had to resolve the situation with the two women promptly.

Liam sighed once more and eventually released the vines on Laura and Shayla.

Immediately after being released, Laura and Shayla pounced on Liam with fervent passion.

Both women flirted boldly, engaging in touching, kissing, and stripping off their clothing, baring themselves.

Their nude bodies writhed before Liam, and despite his attempts to resist, he was still a man with desires.

Liam took a deep breath, acknowledging that he had no alternative now.

This was the only method to save their lives.

With this realization, Liam ceased hesitating. He took charge of the vines, injecting a substantial amount of pollen into his system.

The pollen's effects became apparent as Liam's expression turned distant, allowing himself to be swept away by the moment.

Liam was aware that he couldn't simply walk away without taking responsibility if he had sex with the two women, yet he still made the decision.

This choice underscored the significance of Laura and Shayla in Liam's heart.

Liam muttered, "Julie, I apologize; I'll have to clarify everything to you in the future..."

At that instant, Liam's mind drifted off.

Four gentle hands approached, delicately removing his clothing to expose his muscular physique.

Despite being disoriented by the aphrodisiac, Shayla displayed boldness. She embraced Liam fervently, her ample bosom pressing against him.

Liam, without inhibitions, lifted his hands and eagerly

fondled Shayla's breasts.

His touch was vigorous as Shayla moaned under his manipulation.

Meanwhile, Laura, usually more reserved than Shayla, displayed heightened boldness due to the aphrodisiac's effects.

She knelt on the ground, gradually moving nearer to Liam.

Subsequently, she caressed Liam's manhood, her lips slightly parted as she commenced sucking him.

Within him, Liam heard Emer's innocent voice exclaim, "Oh my! That's certainly not suitable for my innocent eyes!"
