

## Chapter 1219 The Competition

---

Before Liam went to Genesis Island, his master had already told him some information about Orlando.

Therefore, Liam knew that the special power Orlando had awakened was only "Great Force."

Therefore, Orlando made a fake weapon for his hands.

It was exactly because of his special power and the fake weapon that Orlando could kill almost all his opponents who were weaker than him with just one punch.

It could be said that this trick was very simple and straightforward.

But Liam was not afraid at all.

That was because he still had the Lightning Wings with him. When it came to speed, he was on par with Orlando.

Liam used the Lightning Wings to fly onto the battle ring. He stood in front of Orlando and looked at him with a serious look.

He already knew Orlando's methods in advance. But still, he wasn't sure how powerful Orlando was. He had no intention of underestimating his enemy.

But in this case, of course, he still had a big advantage.

So, his current strategy was to avoid being hit by Orlando. Meanwhile, he had to use the gravitational magnetic field and the Lightning Wings to constantly distance himself

from Orlando.

Then, he would slowly consume Orlando's power using his light elemental special power. He would take this opportunity to exhaust Orlando to death.

The elder finally ordered to officially start the battle between Liam and Orlando.

Orlando shouted angrily and took the initiative to attack.

He rushed towards Liam like a cannonball.

His speed was astonishing.

Liam's expression became solemn. At this moment, he released the Malicious Aura Domain.

As soon as the Malicious Aura Domain appeared, Orlando's speed was greatly affected. He was stunned by this.

A light flashed through Liam's eyes. He directly released the light elemental special power without reservation, instantly covering Orlando's body.

Liam had absolute confidence in his light elemental special power. As long as Orlando's speed did not exceed the speed of light, Orlando couldn't possibly dodge his light elemental special power.

The dazzling light from the light elemental special power instantly shrouded Orlando.

Liam's hands continued to move, not pausing even a bit.

While the light elemental special power controlled Orlando, Liam used the gravitational magnetic field almost at the same time.

In the blink of an eye, the gravitational magnetic field acted on Orlando's body.

Orlando trembled from the sudden increase in gravity, his body a little unstable. He almost fell to the ground.

Even though Liam's light elemental special power did not hurt Orlando, his speed was restricted a lot.

Liam watched Orlando's every move. When he saw that Orlando had slowed down a lot, a cold smile crept across his face.

With the help of the light elemental special power and the gravitational magnetic field, Liam was able to deal with Orlando's attack. It was now impossible for Orlando to hit him.

Because of this, Liam calmed down for a moment.

It seemed he was not completely passive in front of Orlando.

He had a good chance of winning now.

Below the battle ring, the elders of the Salvation Society were all shocked.

They couldn't believe what they were seeing. Liam fought with Orlando head-on, and he was not overwhelmed by Orlando at all. Instead, he had even gained a certain upper hand.

The elders who had heard from Liam that the president was still alive and had secretly come to Genesis Island were also shocked.

Liam's current strength was actually at the peak of the seventh level.

Some elders couldn't help but praise Liam, "Liam is really talented."

"Yes, that's right. He is just a young man, but he is already so powerful."

"When I was his age, I was only a level-four Primogem Warrior. But he has actually reached the peak of level seven at this age."

"Judging from Liam's performance, it seems he is indeed the only hope of our Salvation Society."

The expressions of those who had not voted for Liam also changed. They hadn't expected Liam to have such a terrifying talent. At such a young age, he was already at the peak of the seventh level as a Primogem Warrior.

They could only sigh regretfully.

Because for now, it was hard to tell who would win in the battle.

If Orlando won, there wouldn't be any problem for them.

But if Liam won, he would become the new president of the Salvation Society. If that happened, would they be targeted because they hadn't voted for Liam?

This thought made many of them flustered.
