

Chapter 1244 Sheldon Castro

The tension reached its peak.

Ultimately, neither Lindy's master nor the bull-headed monster could contain their urge to battle, and they began to fight.

Liam heard a loud bang as the two collided.

Lindy's master appeared relatively unfazed, merely taking a small step back.

Meanwhile, the bull-headed monster suffered significantly, retreating five steps after being struck by Lindy's master.

Despite its reluctance to release Liam, the monster recognized the vast disparity in strength between itself and Lindy's master.

After a moment's hesitation, the bull-headed monster decided to yield.

With a deep voice, it declared, "Since he is a member of the Human Clan, take him and go."

Liam was stunned by this development.

He hadn't expected Lindy's master to be so formidable.

What amazed him even more was the evident strength of the Human Clan. After all, these different races didn't look down upon him.

It appeared that the Human Clan's reputation in the Cosmic realm was greater than in the Celestial Realm.

As the bull-headed monster retreated with its followers, Lindy's master remained silent. Then, he summoned a Stellar Cruiser from his sleeve, large enough to accommodate dozens of people.

When Liam saw the Stellar Cruiser, his eyes were wide with disbelief.

How could such a massive Stellar Cruiser be compressed into the size that could be hidden in one's cuffs?

For the first time, Liam realized his understanding was profoundly limited.

New to the Cosmic realm, he felt like a complete novice, filled with curiosity about everything around him.

Lindy noticed Liam's astonishment. She approached him with a smile. "This is our essential vehicle for transportation here. The Stellar Cruiser travels much faster than we could on our own and can sustain long journeys. It's an invaluable tool here. In time, you'll have your own Stellar Cruiser as you become more accustomed to the Cosmic realm!"

Liam listened, awestruck by Lindy's explanation, feeling amazed by everything new now.

Soon after, Liam, along with Lindy and her master, traveled to the Human Clan's domain in the Cosmic realm using the Stellar Cruiser.

During the journey, Lindy introduced her master to Liam. His name was Sheldon Castro.

Sheldon was exceptionally kind to Liam, having already heard about him from Lindy.

He admired Liam for ascending from the Celestial Realm

to the Cosmic realm solely through his own efforts, recognizing that if Liam could do this, it was enough to prove that he was a rare talent.

Sheldon didn't hesitate to express his thoughts directly to Liam. "You have a bright future ahead of you! You're destined for great achievements!"

Liam, somewhat overwhelmed, could only nod in response.

Though he understood Sheldon's kindness was influenced by his demonstrated potential, it didn't diminish his appreciation for Sheldon.

After all, Sheldon had saved his life.

Lindy, beaming with pride, shared her excitement. "Liam, you truly are my lucky star. You might not know this, but my first assignment at school was to recruit a promising individual from the Celestial Realm. Your arrival let me complete that task successfully!"

Hearing this, Liam smiled.

He hadn't expected Lindy to be so candid, sharing everything openly with him.

Sheldon, with a resigned smile, knew all too well he couldn't change his straightforward apprentice, Lindy.

The warmth in Sheldon's eyes revealed his deep fondness for Lindy.

Sheldon then turned to Liam to explain further, "It's actually part of the rules. Lindy is now bound to you, so as you progress. She will benefit from your advancements. Maybe this is all fate!"

Liam nodded, smiling. "Don't worry, Master Castro! Even without the benefits for Lindy, I'm committed to my

cultivation!"

 +120 Points at most

Sheldon, momentarily taken aback by Liam's earnestness, burst into laughter.

He liked Liam's spirit.

In his good spirits, Sheldon decided to share a secret with Liam, thinking Liam might not be aware of it.

"Those who transition from the Celestial Realm to the Cosmic realm are eligible for a baptism by the law power of the Cosmic realm! This baptism can fortify your soul, enhance your special powers, and amplify all the primogem energy you possess. Liam, you must grab every chance to grow stronger! Only by grasping every opportunity can you one day gain entry to the City of Divinity in the Human Clan and walk the Sacred Road!" he said.
