

Chapter 1279 Defeat Chad Again

Before the fourth round began, Chad suddenly looked at Liam and said seriously, "Not many people can win twice in a row against me. Liam, I must say that you are impressive. You have great potential, and you're an opponent worthy of respect."

Liam was stunned. He hadn't expected Chad to suddenly praise him.

Liam replied modestly, "I'm just relying on the rules of power suppression in the Human Sovereign Arena. If we were outside, I might not be able to defeat you."

Chad obviously liked Liam's modesty very much. He smiled, waved his hand, and said, "I'm not praising you. I'm just stating the fact. You don't have to be too modest. Show all your talents; let the world know what you are capable of. Don't worry about anyone being jealous of you. As long as you are a genius worth cultivating, all the privileges will be granted to you."

Liam listened carefully and kept Chad's words in mind.

What Chad had said was actually the same as what Liam had felt from the Network of Human Sovereign during this period.

After hearing Chad's words, Liam no longer felt lost.

Liam bowed to Chad slightly and said, "Thank you for your advice. I know what to do now."

Upon seeing that Liam understood what he meant, Chad

Chapter 1279 Defeat Chad Again 🎁 +120 Points at most

was relieved. It was not an exaggeration to say that he thought highly of Liam.

He said, "I want to see where your limit is. So, this time, I will no longer hold back. You have to be careful."

Liam was even more surprised to hear this from Chad.

He had heard from the audience below the battle ring that Chad was a powerful warrior at the Primogem King level.

He muttered to himself, "No wonder Chad is a powerful warrior at the Primogem King level. He has the confidence to defeat my light elemental special power and the Origin Technique of lava so soon."

However, Liam didn't plan to use his light elemental special power as a shortcut this time.

He knew that Chad was a cultivator good at using swords.

He himself had also obtained the sword of darkness before and was able to use it skillfully now.

So, he wanted to defeat Chad with his sword this time.

At the thought of this, Liam pulled out the sword of darkness without hesitation.

Coincidentally, Chad also rushed over with a sword in his hand.

Liam stared at Chad with resolute eyes. He did not dodge Chad's attack. Instead, he faced it head-on.

He took a deep breath, strode forward, and rushed to Chad like a wild horse.

A hint of surprise flashed through Chad's eyes when he saw that Liam chose to confront him directly.

He had a feeling that Liam's trump cards were not as simple as the light elemental special power and the Origin Technique of lava.

Chad realized there was a trace of expectation in his heart.

He was eager to see what other amazing powers Liam possessed.

So, Chad waved his sword and crashed with Liam's sword of darkness.

Boom!

The tremendous impact numbed Liam's hand.

Of course, Chad had also withstood the same impact, and his condition was not much better than Liam's.

Liam reacted quickly. He used the special power of the earth element and applied a dreadfully potent gravitational magnetic field to Chad.

Then, he instantly flew into the air with the help of the Lightning Wings.

Being suppressed by the gravitational magnetic field, Chad couldn't move his hands and feet at all. He kept struggling, but he had no chance to resist.

This was an opportunity for Liam.

Liam held the sword of darkness in his hand tightly and jumped down from the sky with the help of the Lightning Wings without hesitation.

Dark purple lights burst out of the sword of darkness. These sharp lights pierced Chad's body directly.

Since he was still being suppressed by the gravitational

magnetic field, Chad could only watch Liam descend from
the sky with the sword of darkness.

Then, the incomparably sharp tip of the sword pierced
through Chad's body.

Liam defeated Chad again!
