

Chapter 1502 The Reinforcements Arrives

The creatures of the secret realm watched as Liam finally made it to the exit.

The next second, everything around Liam started to change.

A wave of dizziness hit him, and before he knew it, he was back on the interstellar battlefield.

All around him, the blasts of magical circles and the fierce, pulsing primogem energy rippled through the air.

Liam couldn't afford even a moment to catch his breath. He braced himself and ran as far as he could.

But just as he took off, a dark mass of Dremer troops materialized right in front of him.

Liam stopped in his tracks and looked back.

To his horror, more warriors of the Dremer race were streaming out from the secret realm's exit and flying towards him.

They had him completely surrounded, which left him no path to escape.

Liam felt his heart drop.

He couldn't wrap his head around how things could go so wrong, especially since the reinforcements from the Human Clan weren't here yet.

Just then, three members of the Dremer race with six wings each appeared before Liam. Their wings flapped as they closed in on him.

The strength of these three was undeniable as they were level nine Primogem Kings!

Confronted by these powerful enemies, Liam felt as though an unseen hand grabbed his heart.

"Human, you've really kept us waiting. Whatever effort you put in the secret realm doesn't matter now. The law power in your hands will now belong to us!"

An overwhelming force pinned Liam down when the leader of the Dremer army was done talking. This left Liam completely unable to move.

At that instant, Liam's body became unresponsive, leaving him powerless as he watched the leader of the Dremer army approach him.

Right as the leader reached out to claim the law power of Nocturne from Liam's hands, a sharp sword aura suddenly cut through the air from a distance.

The sword aura forced the leader of the Dremer army to pull back, which instantly broke the pressure that had been put on Liam.

The leader of the Dremer army was stunned, immediately realizing that reinforcements from the Human Clan were now here.

Sure enough, moments later, the leader of the Dremer army

spotted a massive battleship closing in, with waves of Human Clan soldiers pouring out of it.

Realizing the change in the situation, the leader of the Dremer army quickly commanded, "Quick! Grab the law power from that human!"

At the given command, the warriors of the Dremer army surged forward in a chaotic rush toward Liam.

But before they could act, another wave of powerful sword energy surged, which instantly wiped out hundreds of members of the Dremer army at the front lines.

In the next instant, a middle-aged man dressed in a blue robe appeared before Liam, wielding a long sword. His piercing gaze locked onto the enemies ahead as a cold sneer spread across his face.

"You're up against me, not him! As long as I'm around, none of you will be able to take the law power from him!"

When he was done taking, his aura erupted, which revealed his power as a level-nine Primogem King.

One of the three leaders of the Dremer army recognized him and scoffed, "Winfred, do you think you are qualified to speak like that? Even if you have lost your mind, you can still count, can't you? There is only one level-nine Primogem King like you here, so what makes you think you can act so arrogantly in front of us? Our team has three level-nine Primogem Kings!"

Winfred shook his head a little and then turned his gaze toward the distance. "Who said I'm the only level-nine

Primogem King here?"

The leaders of the Dremer army were stunned and turned back to look behind them.

However, all they saw was empty space. There were no other Primogem Kings from the Human Clan in sight.

Immediately realizing that they had been tricked, the leaders of the Dremer race turned around to face Winfred again.

Winfred, however, was already dragging Liam further away.

"There's no escape for you!"

The leaders of the Dremer race roared in rage as their wings spread wide. With a gust of wind, the three of them chased after Liam and Winfred.
