

Chapter 1551 Visiting Katherine

Liam shot Arthur a puzzled glance, clearly unsure of the implications behind his words.

Arthur noticed Liam's confusion and chuckled. "Have you forgotten that our family built our wealth by mastering weapon refining? And don't forget, my grandmother, who's still very much in charge, might not be famous in the Cosmic realm, but within our neighboring planetary systems, she's highly respected for her skills!"

Liam knew he was talking about Katherine, the formidable matriarch of the Vaughn family.

Arthur's reminder made Liam realize that Katherine's leadership was not just based on her age or experience; it was her own formidable capabilities that solidified her position.

In a family where weapon refining was revered, Katherine maintaining her role as the family head for so many years was a testament to her extraordinary skills.

Bolstered by this insight, Liam quickly said, "Mr. Vaughn, could you take me to your grandmother? I'd really like her to take a look at the sword and fix it. I will express my gratitude properly to you afterward."

Arthur's laughter filled the air. "There's no need for thanks; you're a distinguished guest of our Vaughn family. If my grandmother knew I accepted rewards for our hospitality, she wouldn't be pleased!"

Liam chuckled upon hearing that.

Arthur waved his hand dismissively. "Forget about the formalities. Let's go;

"I'll take you to her now."

Liam nodded eagerly, took the sword of darkness from Arthur, and followed him.

Together, they soon reached Katherine's residence.

Standing at the doorway, Arthur adopted a respectful tone and said, "Grandma, Liam needs your assistance with something."

From within the room, Katherine's gentle voice floated out. "You can both come in now."

"Okay!" Arthur responded, gently pushing open the door as he turned to Liam. "Come on, let's go in."

Liam nodded and followed Arthur inside.

Upon entering, he saw Katherine, her face radiant with a kind smile. She looked at Liam and asked warmly, "Liam, Arthur tells me you're seeking my help, is that right?"

Liam quickly replied respectfully, "Indeed."

Katherine said, "Please, feel free to speak openly. What do you need my help with?"

Without hesitation, Liam said, "I possess a sword that has the capability to evolve, but it has recently ceased its evolution..."

He shared with Katherine everything he had previously discussed with Arthur, leaving no detail concealed.

Katherine listened attentively to Liam's detailed account, and a hint of astonishment crept onto her usually composed face.

Visibly surprised, Katherine sought confirmation.

"Liam, are you saying you got an evolving weapon from the Celestial Realm?" she asked.
