

The Ugly Lady Strikes Back Novel

Chapter 24

Tom Sullivan became even angrier . He placed a hand over his stomach , which had been kicked earlier. “Are you ignoring me now?”

Stanley Batton acted as if he had not heard anything while he continued to look at Xyla Quest silently . It was as if Tom did not even deserve to be looked at.

“I think somebody will take care of her,” Xyla smiled warmly.

The people in the house should have heard the commotion outside , especially when the car had rammed into the outer wall.

Therefore , Xyla did not need to do anything to Emily Quest. All she needed to do was wait. After all, she was on the moral high ground.

Right then, Jeremy Quest, May Conner, Tony Sullivan, and Bailey Ronson walked out of the house.

They had come out because the servants informed them that a car had rammed into the villa’s outer wall.

When they saw what happened, they were greatly shocked. 1

Meanwhile, Emily trembled in fear when she saw them walking out.

“What happened? Did the two cars run into the wall? Doesn't that red car belong to Xyla? Did Xyla get into an accident and caused this to happen?”

When May Conner said Xyla's name, she exaggerated her tone of voice.

“Xyla, why are you so reckless when you drive? I bet you were drinking.

“You shouldn't drink and drive, especially not under broad daylight.” May seemed happy that Xyla had gotten into an accident.

After that, May turned to look at Stanley's face. There was a cold aura around him, which made her subconsciously inhale sharply.

After glancing at the crushed sedan, she subconsciously felt that the car belonged to him.

In her mind, this man looked like a rich kid. Despite being quite well-dressed, he was only driving a car, which cost around five hundred

thousand dollars.

“Mister , did our Xyla run into your car? I would like to apologize on her behalf,” May added.

“Shut up!” Jeremy yelled coldly.

May immediately became silent and dared not speak another word.

“Xyla , what happened ? Who is the man next to you...” Jeremy asked sternly before turning to look at Stanley.

Stanley nodded politely at Jeremy Quest.

“He is my friend . As for what happened , Dad, I think you should ask Emily Quest or take a look at the surveillance footage .” Before Stanley could speak, Xyla answered straightforwardly.

“What do you mean? Is this related to Emily too?” Jeremy seemed incredibly upset.

May seemed to be in a state of disbelief. “How could that be?”

Tom frowned. “Why is it not possible? When Emily saw the car approaching , she pushed Xyla onto the road with evil intent. She wanted Xyla to die. I saw it with my own eyes.”

Jeremy was shocked speechless.

Although Tom was accurate in his description , Xyla snorted at his behavior.

Tom truly was the worst a**hole. His feelings changed from one moment to the next. As soon as he stopped having feelings for someone, he would step on that person as if he were stepping on trash. 2

That person used to be Xyla herself . Now, it was Emily. 1

However , Xyla did indeed feel satisfied that this was happening to Emily.

Meanwhile, Tony, Bailey, and the others all inhaled sharply. They were secretly glad that the wedding between Tom and Emily had been called off.

“Emily ...! Is this true?” Jeremy stared at Emily with a murderous gaze.
