

Chapter 111 – Their Beautiful Strong Queen

After I sent that text to Zeus I sent one to Aries as well. He was busy with work but said that he was almost done and would be home soon. I let him know that I had the play room ready and would be sending Zeus to get in position as soon as he got here. I was still in nothing but the pair of boxers that I had went to sleep in. There was no point in getting dressed just to take my clothes right back off.

While I waited on the both of them to get here, I went into the kitchen to find some food. I know that Aries and Zeus' moms usually left prepared food in the freezer. All it had to do was defrost it and then put it in the oven. I dug through the freezer and found a pan of lasagna and sat it out. They also had the stuff for garlic bread and salad that I could put together as well. For now though I made me a sandwich to eat because I was hungry and couldn't remember the last time that I ate.

I grabbed out the ham, turkey and cheese and made me a quick sandwich, I also made one for Zeus as well. That way he could eat before I sent him down stairs. I put them on plates and sat them on the island, and grabbed the bag of chips that was on the counter. And then went to grab a pop out of the refrigerator. As I walked past the counter I stopped for a minute. Rivers queen cup was sitting beside of her empty slushy machine. I couldn't wait until her and Marcello were both back home. We hadn't had enough time with River with all of us together.

I was ready for us to be a family and watch our child grow in Rivers belly. I couldn't wait to spend the rest of my life with my little family. We needed to get these fuckers found and fast. I walked over to the fridge and grabbed a can of pop and then went to eat. As I was eating I picked up my phone and sent a text to Marcello. Even though I know that chances of him messaging me back were low, I know he's still made at me and I can't blame him.

Me- Hey babe, I miss you and River both. How are you both doing? How is she doing with the pregnancy? I can't wait until you are both back at home. We're doing everything that we can to get these people dealt with and get you both back here. We're getting closer and closer. So hopefully soon you will both be back here. And I will make up for all of the shit that I put you both threw, I promise. I love you so much and don't want to lose you Marcello. You, Aries, Zeus, and now River, are my life. I want to be with you all and prove how much you all mean to me. At least let me know that your ok, please. I love you both.

I finished sending the text and went back to eating. I was still sitting at the island when I heard a bike pull in. A few Minutes later Zeus came walking in and removed his boots and cut and hung it up by the door. "I made you a sandwich, eat and then well get down to business. Aries should be back soon, he was just finishing up when I talked to him" I said.

"Thank you, I'm starving. I've been on the computers all day trying to find anything that I could, so that we can catch the rest of these guys. I had to send my Dad Maverick and his

construction guys over to Anthony's house. Someone showed up in three SUVs and a guy was knocking on the door. It wasn't our guy that were trying to find but it was one of his top lackeys so hopefully we can get some information out of him. Dad and the guys took him out to one of the new sheds that we had built. And Aries is currently dealing with a traitorous bitch that was stealing from us. Ginger, our bar manager was stealing money. Turns out that the creep coffee shop guy is her boyfriend. Shes been with him for about three months from what I could find and he's the reason that she started to steal from us. I never would've believed it to be her, because of how long she's worked for us. But I caught her on the hidden cameras that I installed. No one but me knew that they were there, so she thought that she could turn the other cameras off and no one would find out she was the one stealing from us" He said.

"Well hopefully that will get us one step closer to taking out the gang. We can use her and get what information that we can. And if he can grab the boyfriend when he shows up we can get more from him. For now though, you need to finish your food and then head downstairs and get into position. Aries filled me in on your video calls. You should've let us know so that we could join you all. Even if we can't be together in one place then we could be together that way" I said.

"I know both Marcello is still pissed at you and Aries and Rivers really pissed at all of us. But she's been talking with me since we found out about our baby. So we were working through things. They didn't want you guys to join in just yet. I'll take my punishment, even though I don't agree with it. But you both have a lot of sucking up to do, just so you know" He told me.

I sat there and thought about what he said. When he was done eating he put his plate in the dishwasher and headed downstairs. I cleaned up from where I was eating and then sat on the couch to wait for Aries. It didn't take him long to get to the house. "That was fast, I figured it would take you longer to get here when Zeus said that you were waiting on McCreepy" I said. "The boyfriend showed up pretty quickly when he got a text from Gingers phone. I sent a text as her telling him that I need him to come quickly. She had a code word to send him if she needed help. She gave it to me and I used it. Within fifteen minutes he was at the bar and looking for her. He grabbed him quickly and got him out of there. He's now at another shed and she's being held in a room at the clubhouse. We're gonna let him sit and stew for a few hours and then go and get answers from him and the guy that Maverick picked up" he said as he took his shoes and cut off.

"Yeah, Zeus filled me in on everything when he got here. I made him a sandwich and had him eat before I sent him downstairs. He has an opinion on his punishment by the way. I laid out one of our moms lasagnas for dinner so that it would defrost. If your hungry I can make you a sandwich" I said.

"That would be good thank you, I've not had anything since breakfast. I was about to eat lunch when I had to take off to the bar. What's his opinion on his punishment, usually he goes with it and doesn't say anything?" He asked me. So while I made his sandwich, I filled him in on the conversation that I had with Zeus about Marcello and River. He sat down at the island and was quiet for a few minutes as he ate.

Finally he looked up at me and said “He’s right, with them both still pissed at us we dont have a right to punish him. We’ll just go have a bit of fun with him instead. I need the release after the day that I’ve had. Let me finish up here and we’ll head down to him” he said. I tied up the kitchen and put the lunch meat and bread away. I whipped down the counters and when Aries was done I put his plate in the dishwasher. I finished up my pop and threw the can in the recycling bin. Aries got a drink of water and then we headed down stairs.

When we got into the playroom, Zeus was in position just like I had said to be. We walked over until we were out of his sight, and got undressed. I was naked first since all I had on were a pair of boxers so I walked over to the cabinet and opened it up. Just because we weren’t going to punish him didn’t mean that we couldn’t have some fun. So I got out a blindfold and the vibrating cock rings.

I walked over to Zeus and put the blindfold over his eyes and tied it behind his head. We weren’t going to punish him but he didn’t know that yet. So I was going to have some fun with it. I walked back to the cabinet and grabbed the cock rings and the lube. After putting one of the rings around my dick, I walked over to Aries now that he was naked and put one on him as well. I tossed the lube on the bed and then walked over to Zeus.

I looked down at him and said “You can stand up now.” Once he was standing I grabbed his hand and lead him over to the bed. Before I had him sit down I put the last cock ring around his dick and then shoved him back onto the bed. He helped as he fell down because he wasn’t expecting it. When he landed on the bed and realized that he was fine he said “Not funny Dom, I wasn’t expecting to land on the bed.”

“I thought that it was funny. Aries did you think that it was funny?” I asked him. “I did find it quit funny. Consider that your punishment and the only one your getting tonight. We talked about it and your right, you don’t deserved to be punished. Marcello and River are still pissed at us and rightly so. Until we can get them home and make up to the both of them. I don’t blame them for wanting to only be with you like that for now. But we still want to have fun tonight and hope you do as well” Aries said.

“Of course i do, I dont know if you noticed or not, but my dick is hard as a rock” he said with sarcasm. I smirked at him even though he couldn’t see me. “Oh, trust me, I noticed” I said. I bent down and ran my tongue from his balls to the tip of his dick and he moaned loudly. I had him scoot up the bed and I laid down beside of him and started to suck his dick. Aries climbed on the bed and started to suck on mine.

I didn’t need a lot of foreplay tonight and neither did they. So when I had Zeus nice and had I pulled back from him and moved Aries back from me and started to suck him and get him hard. When we were all ready, Zeus got up on all fours and after lubing him and me up I pushed into him and Aries did the same with him. It started out slowly but then picked up to where we were pounding each other hard.

With my right hand I reached around Zeus and jacked him off. It didn't take long and all three of us were shouting out our releases. When we were able to catch our breath and pull out we laid down on the bed and snuggled for an hour before getting up and taking a shower. We had dinner to make and then questions to get from people. Hopefully soon, our loves will be home.
