Chapter 706-Six Sons Crippled, King Neal Ascends to the Summit!

As friends bickering, who would actually bring swords along with them?

Little Fool was extremely naughty when he was young. He was beaten until he cried like a baby, but he had never used a sword!

At this moment, on the mud altar.

Jonah Shaw said indifferently, "The first person has failed to be conferred the titles. The second person, get your ass up here!" Jonah didn't care about the country's fate getting heavier!

Callen Kramer was half dead and crippled.

Jadyn Gray gritted his teeth and ascended the altar. He said in a low voice, "I'll do it!" Boom!

Jonah was decisive and efficient. He instantly withdrew his left hand that was raised high to the sky.

With a buzz, the invisible national fate descended once more.

Jadyn released the pressure of a ninth-level conferred king. He raised the national fate with both arms, but his eyes were bloodshot, and his entire back was slightly bent.

He gritted his teeth and roared.

It was as if he could not bear the weight of the country's fate.

Jonah left him there. He did not care about Jady's life or death.

Just as Jonah walked down the altar, a shrill scream came from behind him.

"Ahh!" Jady knelt on both knees. His knees were broken, and blood was flowing everywhere. His arms were hanging by the side, and his head was tilted to his shoulders as if he was carrying something invisible and huge.

This was the fate of the country.

If he couldn't take it, the outcome of forcefully holding on would definitely be death!

This scene made the remaining four chosen ones' hair stand on end.

All these years, they had been looking forward to the glory of being conferred the title of carrying the country's fate and ruling the world alone. However, they had never thought that the weight of the country's fate would be so heavy.

Were their mortal bodies able to sustain it?

One's position in society did not reflect one's worth.

The outcome of resisting head-on was death!

The remaining four elites were all scared.

They were afraid and terrified!

But the fate of the country could not fall!

The heavens had the fate of the country.

The earth had a vast land.

When the national fate landed on the ground and touched the soil, it would immediately dissipate.

It meant that the conferment ceremony had failed!

Martial Emperor Yanagi glanced over with his hands behind his back and asked sternly, "The four of you, are you afraid?" "We used to be arrogant, boasting that we could shoulder the fate of the country. Today, we know that we are small and weak, and we are unable to shoulder the heavy responsibility. Brother Neal, please shoulder the fate of the country and the future of Hansworth!" In an instant, the four of them clasped their hands and bowed.

The four of them said this because they were afraid!

They did not dare to ascend the altar.

Doing so would be akin to sending oneself to death!

Callen was already crippled.

Jadyn was barely alive.

The four of them were not much stronger than Jadyn.

They all understood that they were not the main characters of today's Mount Tanish title conferment ceremony.

The fate of the country was like the might of the heavens. Perhaps only the Northern King could bear it!

The 9,000 scholars all knelt down, including Jasiah Kramer. They said in unison, “Your Highness, please leave the pavilion and ascend the altar. Stand on the peak of Mount Tanish and accept the title.” “General, please ascend to the summit!” The two thousand or so capital garrison soldiers all knelt on one knee, their tiger eyes filled with fervent faith.

In the pavilion, Braydon Neal looked at everyone with a hint of desolation in his eyes.

Perhaps Braydon was hoping that these six chosen ones would be able to withstand the fate of the country!

This way, Braydon would not have to endure a hundred years of loneliness!

If he were to be conferred the title of Garrison King today, Martial Emperor Yanagi would definitely have Braydon hold the Qilin Nation Protection Seal and rule the world alone.

This glory was backed by a monstrous power.

Braydon really didn't want it!

The Northern King, who was dressed in plain clothes and had clean sleeves, had already received too much glory.

But today, on the summit of Mount Tanish, Braydon had to shoulder the fate of the country.

The fate of the country must not fall!

Braydon put down the warm jade wine cup in his hand and slowly stood up. He was dressed in a pure white robe, which accentuated his thin body and revealed a calm and tranquil aura.

Braydon had just stood up and taken half a step in the pavilion.

A terrifying ancient aura swept over from the distant sky.

The aura of the pinnacle was not concealed at all, and it contained a blatant killing intent!

The foreign pinnacles hidden around Mount Tanish finally couldn't take it anymore!

These pinnacles had crossed the border and entered the country, hiding around Mount Tanish, paying close attention to everything that was happening on it.

Earlier, they secretly waited outside the borders to observe the previous attempts to shoulder the fate of the country.

However, when Braydon was about to be conferred the title, these people were forced to move.

An old man's aura that was filled with killing intent swept toward Braydon. He said in a low voice, "Your Highness, do you have to go this far?"

"If you take this step, you will definitely encounter a great disaster. The army of the hundred countries will cross the borders of Hansworth, and the top thousand pinnacles of the hundred countries will descend upon Mount Tanish!" In the western horizon, a golden-haired, blue-eyed, and aged pinnacle appeared.

Just by looking at his appearance, one could tell that he was a foreign veteran!

These people had arrived long ago and were hiding around Mount Tanish to stop King Braydon from being conferred a title.

Martial Emperor Yanagi was expressionless. He seemed to have expected this.

Sutton Wall slowly appeared and said, "I'll kill these two old thieves for the young master!" "I'll do it!" Harvey Lay held the Wildgoose Wing Sword and appeared a hundred meters away in a flash. He said

faintly, "My brother said that I'm neither human nor ghost now, but like a demon. Today, I'll show him the demon that I am!" Harvey's voice echoed in the sky.

The golden-haired, blue-eyed old man said slowly, "Junior, retreat. It damages my reputation to kill a junior like you!" "Is that so?" Harvey walked in the air and slowly tore off his shirt, revealing his snow-white skin. His thin upper body emitted a faint green light.

A demonic aura emanated from Harvey's body.

Harvey stared at the Wildgoose Wing Sword and gently stroked it. He even stuck out his tongue and gently licked the blade. He muttered, "A pinnacle's blood must be very delicious, right?" His words made the golden-haired man's hair stand on end. He felt that there was something wrong with the young man's head!

Swoosh!

Harvey did not say much.

He came with the Wildgoose Wing Sword to kill the enemy.

The Sovereign King of Perpetual Darkness, Harvey, bloomed with a single thought and slashed with a single thought.

The flower blade fell, killing many enemies in the world!

Harvey had reached the pinnacle realm three years ago and was the young master of Kylo. He was one of the seven sons of Kylo.

His cultivation was the forbidden technique of Kylo, the Reversal Chaos Azure Scripture!

Kylo had sealed this forbidden technique for 700 years.

This was because no one could successfully cultivate it!

In the end, the cultivators would all become great evils, or they would go crazy, which meant that they would lose their minds.

None of them had a good ending!

However, back then, Harvey had taken a fancy to the Reversal Chaos Azure Scripture.

He had been cultivating it until today, and his condition was extremely unstable.

When the Wildgoose Wing Sword cut through the sky, Harvey was already in front of the golden-haired old man.

The blade was as swift as a swan.

Harvey's thin lips moved slightly. "There is a core forbidden technique hidden in the Reversal Chaos Azure Scripture. It is the Reversal Chapter. The last old madman left behind a message. His Qi and blood flowed backward, and he could stand alone in the human world. He could kill banished immortals. I don't know if it's true or not. I'll let you try it today. How about it?" "What? The Reversal Chaos Technique!" The golden-haired old man had fear in his eyes.

This was the number one of the ten great forbidden techniques!

Chapter 707-Bullying Hansworth Hansworth's top ten forbidden techniques were shocking.

Forbidden techniques were terrifying, and they were not only famous in the country.

They were infamous all over the world.

Furthermore, the forbidden technique that Harvey Lay used was ranked first among the ten forbidden techniques.

Fear flashed in the depths of the golden-haired elder's eyes!

The longer one lived, the more afraid they were of death!

His vitality was as high as 600 Na!

This meant that he could punch out 60,000 pounds of strength with one punch.

If this kind of old pinnacle was thrown into a city, it would be a peerless ferocious beast that could destroy a city within a short period of time.

In his eyes, kings were as weak as ants!

Those below the pinnacle were all ants!

Harvey held the Wildgoose Wing Sword in his left hand and smiled evilly. When the blade fell, the world returned to silence.

"Reverse Blade!" Harvey cultivated the Reversal Chaos Azure Scripture.

The Wildgoose Wing Sword did not have the elegance of the overpowering sword, but it was filled with evil energy.

The sword Qi landed on the old man's body and pierced through his body, instantly destroying his door to the pinnacle!

To a pinnacle, if the door to the pinnacle was broken, he would be trash!

Harvey made his move. First, he destroyed the door to the pinnacle, then he pierced the heart and killed the pinnacle.

The golden-haired elder's body instantly exploded into pieces.

The bloody scene sent chills down everyone's spines.

The Sovereign King of Perpetual Darkness, Harvey, had been frozen for three years, but he was still the same!

The Wildgoose Wing Sword was stained with blood again, and the vicious aura of the sword was gradually stimulated.

Harvey turned around and walked forward step by step. His upper body was bare, and a wicked smile hung on his face as he stared at the second foreign pinnacle.

Without any unnecessary words, when the Wildgoose Wing Sword was raised, a hundred meters of sword Qi was extended forth.

Nine layers of sword Qi!

It was unhindered in the world.

The second foreign pinnacle was killed at the foot of Mount Tanish on the spot and died in pieces.

This was Harvey!

The forbidden technique of the Reversal Chaos Azure Scripture had yet to be fully used.

On the peak of Mount Tanish, Braydon Neal, who was in the pavilion, slowly walked down the steps with his hands behind his back and walked toward the altar.

However, with every step Braydon took, a voice came from the shadows. "Northern King, the northern border is on fire. The eight great northern allied forces are pointing their blades at the ten great gates of the northern desert!" The cold words were intimidating!

This sentence was heart-breaking!

It was like telling Braydon that if he didn't leave Mount Tanish, the war would break out again!

"Harvey, kill him!" Braydon smiled with his hands behind his back.

Harvey moved sideways and headed straight for the east side of Mount Tanish. The Wildgoose Wing Sword in his hand released sword Qi and landed brazenly, forcing out an old man.

However, the deep voices in the dark continued saying, "King Braydon, the flames of war have already ignited at the Ludwig border." "An army-level battlefield has already appeared in the Lowell defense line." "At the northwest border, the Zeta Empire's army has crossed the defense line with eight legions." "Northern King, if you dare to ascend the altar, I will destroy your country and kill you today!" There were more than ten solemn voices.

Even the pinnacle experts outside the borders were anxious!

No matter what, their bottom line was that Braydon could not ascend the altar on Mount Tanish.

If the Northern King was granted the title, he would definitely achieve great success.

The hundred countries outside the borders could not sit still!

Braydon stepped onto the steps of the altar with his hands behind his back. There was a total of ninety-nine steps. Every step he took was steady and powerful. He did not look back and asked with a smile,

“What’s your name?” “Raj Patel of the Zeta Empire!” It was a barefooted man with bronze skin and curly hair.

He was the one who had just declared that Braydon would be killed, and the country destroyed!

“The king of the Zeta Empire is called Takar, right?” Braydon stepped onto the altar and asked softly.

“Indeed!” Raj Patel’s eyes were filled with fervent faith when he mentioned Takar. Braydon turned around slowly and said coldly, “Tell Takar that I want his head!” “What?! How dare you!” Raj Patel flew into a rage.

Braydon had actually publicly announced that he wanted to go to Takar’s territory.

He was the ruler of the Zeta Empire!

These words were way too tyrannical!

Braydon stepped onto the altar. Every step he took was steady and powerful. He stared at Jadyne Gray on the altar. His entire body was already a bloody mess from the pressure of the national fate. He was lying on the ground like a dead dog.

Jadyne was already on the verge of death and was like meat paste.

However, he was hanging on till now.

Ninety-nine steps, under everyone’s watchful eyes.

Braydon ascended to the top of the altar!

The Northern King was finally going to be conferred a title!

A terrifying killing intent exploded out from Mount Tanish.

Most of them were pinnacle experts from outside the borders!

There were as many as a hundred auras!

A hundred pinnacle experts joined forces to attack.

It appeared as if there was a terrifying number of pinnacles, but in reality, there weren't many when there were a hundred countries beyond the borders.

If one country sent out one pinnacle martial artist, they could form a terrifying lineup of 100 pinnacle martial artists.

These old things were all martial artists who were nearing the end of their lives and had exhausted their potential.

They had joined forces to cross the border and kill Braydon!

The moment Braydon stepped onto the altar of Mount Tanish, the people hiding in the dark could no longer hold back.

Braydon stood on the altar and bent down slightly. His left hand dragged in the air as he received the heavy national fate on behalf of Jadyne!

Braydon easily lifted this wave of national fate with one hand. His white clothes fluttered in the wind as he released a white aura that gently lifted the invisible national fate!

Using Qi to receive the fate of the country!

This scene shocked the thousands of scholars on the summit of Mount Tanish. was tms tne currenencec Jadyne, Callen Kramer, and the like could not carry the fate of the country even though they used all their strength. Now, Braydon was using Qi.

This was the difference!

Braydon stood with his hands behind his back, his white clothes fluttering in the wind. His thin body gave off a sense of grandeur as he sent Jadyne down the altar and smiled faintly. "Use spirit herbs to save him!" Someone immediately stepped forward to save Jadyne.

If such a genius died, it would be a loss for Hansworth.

Jadyne and the others could not shoulder the fate of the country because they had no merit!

Braydon was able to control the fate of the country not only because he was extremely powerful.

The bigger reason was because Braydon was titled the Northern King!

The king of the northern territory guarded the northern territory for more than ten years to defend the border against the invasion of the eight countries of the north.

This was merit!

Eternal merit.

Only such a person could carry the fate of the country.

For someone like Jadyne, had he ever killed an enemy outside the borders in the first half of his life?

Without merit, there was no way he could carry the fate of the country!

It was undoubtedly wishful thinking!

When Braydon stood at the top of the altar and looked at the hundred pinnacle experts who had appeared around Mount Tanish, he slowly said, "Do you all want me to die so badly?" "The moment you ascend the altar, you will be the enemy of the hundred countries. You must be prepared for the destruction of the country and the death of the people. From today onward, the armies of the hundred countries will cross the borders!" A pinnacle expert who looked to be in his fifties slowly approached Mount Tanish with a murderous aura.

In the pavilion, Frediano Jadanza and Jonah Shaw looked at each other and was ready to attack!

Martial Emperor Yanagi slowly said, "The foreign barbarians are bullying Hansworth. Protect your elder brother well.. Wait until the older generation has died defending the country before you step up!"

Chapter 708-His Combat Ability is Off the Charts!

Such bold words came from Martial Emperor Yanagi.

The older generation of martial artists were still around, so it was not time for youngsters like Jonah Shaw to go and risk their lives.

Martial Emperor Yanagi stood on the peak of Mount Tanish; his tiger eyes filled with killing intent. He opened his mouth like a dragon's roar and said slowly, "Those who offend the might of Hansworth will be executed!" "Teacher, let me help you!" Braydon Neal wanted Jonah and the others to go up to the altar and hold the fate of the country for him for a while.

After he had dealt with the pinnacle martial artists, he would then carry out the title conferment ceremony!

"Why do I need your help?" Martial Emperor Yanagi said coldly.

A cold and resolute rejection!

Because the second wave of national fate was about to descend, Braydon had to do his best to complete the ceremony. He could not be distracted!

Martial Emperor Yanagi stood at the peak of Mount Tanish and faintly released his own pressure!

An extremely terrifying pressure from an expert swept across a hundred miles of Mount Tanish!

Jonah and Frediano Jadanza both turned pale.

The country ruler Julius Yanagi's pressure was suppressive!

This kind of peak pressure was truly terrifying!

Frediano took out a wristwatch and stood quietly at the side. Looking at the red number displayed on the wristwatch, he was completely stunned. The communication wristwatch of the Northern Army had a hidden function.

It could detect the strength of a martial artist's vitality!

The red number on Frediano's watch jumped from 0 to 1240!

What did this value represent?

1240 Na of vitality!

But this was only the beginning.

Jonah's gaze was fixed on his watch, and the numbers on it jumped again.

The second change was 2100 Na!

The third time, 4700 Na!

The fifth time... Crack!

The screens of the watches on Frediano and Jonah's hands shattered at the same time.

The two rascals looked at each other with shock in their eyes. They said in unison, "His vitality has exceeded the upper limit of the detector!" The upper limit of the wristwatch's detection ability was 5000 Na! The true vitality in Martial Emperor Yanagi's body clearly far exceeded this value.

That was why their watches exploded!

The country's ruler, Julius, was the hidden number one pinnacle of Hansworth!

The Hansworth pinnacle ranking did not include all the pinnacle martial artists in the world.

There was also a portion of people who refused to be ranked!

Martial Emperor Yanagi was one of them!

Kylo's first disciple, Donovan Dudley, was also not on the rankings.

Or rather, the people of Kylo were not on the rankings.

In other words, there were many experts who were not on the pinnacle ranking.

On the top of the altar of Mount Tanish, Braydon threw down a golden wristwatch. It was his commander grade wristwatch.

There was a string of numbers on it!

7005 Na!

This was Martial Emperor Yanagi's true strength.

His vitality was as high as 7,000 Na!

This was the first time Frediano and the others had seen such a terrifying person with such a terrifying vitality!

At this moment, Martial Emperor Yanagi stepped into the sky. His body with boiling with vitality, and he was like a blazing sun that hung in the sky. His sharp eyes swept across the hundreds of pinnacle martial artists around him.

Martial Emperor Yanagi said indifferently, "Hansworth is a forbidden area.

Martial artists from overseas who trespass on it will die!" In the next moment.

A dragon roared in the wild.

The Nine Dragons Secret Technique had reappeared in the human world!

It was none other than Martial Emperor Yanagi!

He released all his strength, forming a force dragon.

One man riding nine dragons.

Standing on Mount Tanish, he was the emperor of the mortal world!

Such grace was unparalleled!

Immediately after, Martial Emperor Yanagi flashed and controlled the force of the nine dragons to kill the surrounding pinnacles!

There was no one who wasn't afraid of the 100 pinnacle martial artists from outside the borders!

Martial Emperor Yanagi was way too terrifying!

He had lived in the depths of the palace in the capital and had been silent for a hundred years.

Now that he had displayed his pinnacle strength again, he was several times more terrifying than a hundred years ago !

His vitality had already reached 7,000 Na, enough to suppress everyone present.

Suddenly, someone said hoarsely, "The martial emperor's strength is above us. Everyone, split up and attack alone. Attack Mount Tanish and kill King Braydon Neal. Then, we can retreat unscathed.

"Kill Braydon Neal at all costs!" "With this kid's character, him carrying the fate of Hansworth and ruling the country and advancing to the pinnacle realm on Mount Tanish means that all the hundred countries will be suppressed by him for the next few hundred years!" "Everyone, attack!" Voices came from all directions with Mount Tanish as the center.

All those who dared to speak at this time were all at the pinnacle realm of martial arts!

Pinnacle martial artists who held great power had appeared in piles here.

Mount Tanish was destined to be sprinkled with blood today.

Martial Emperor Yanagi had already made his move. His fist landed like a gust of wind.

A golden-haired, blue-eyed, and aged foreigner in front of him exploded on the spot and turned into a bloody mist.

How powerful was Martial Emperor Yanagi?

7,000 Na vitality!

His basic strength was 700,000 pounds!

Who would believe that a martial artist could unleash such terrifying power?

How strong was his physique?

Martial Emperor Yanagi didn't use his weapon. His fist was like a dragon's roar. He had cultivated the Nine Dragons Secret Technique to the level of great success.

Every punch was accompanied by a dragon roar.

A dragon's roar sounded, as if the fist force was overflowing!

At the pinnacle realm, he had already turned force into spiritual Qi in his body and turned it into his basic strength.

Martial Emperor Yanagi had obviously walked an overbearing pinnacle path. His fist was overflowing with force.

There was no way to guarantee that the fist force would not be released!

If it was Martial Emperor Yanagi, he could surely release his fist force again.

That was what was truly terrifying!

If that was the case, he could easily kill all the 100 pinnacle martial artists here.

If the terrifying strength of 700,000 pounds was released, no one present would be able to take it head-on.

Whoever tried to take it head-on would die!

At this moment, the battle at the peak had completely erupted.

Pinnacle blood was being spilled on the peak of Mount Tanish.

A hundred peerless pinnacle martial artists from outside the borders joined forces to attack the mountain peak. They knew that they were no match for Martial Emperor Yanagi, but their goal was to take Braydon's life.

The battle continued!

A pinnacle took the opportunity to attack the mud altar.

Jonah instantly activated the Sanguine Seven-Star Technique.

The seven stars at full power would terrify a pinnacle!

Jonah moved to stop a pinnacle and engaged in a life and death battle with him.

Frediano tore off his shirt, revealing his upper body that was covered in black tadpole tattoos.

Instantly, the black tadpole-like characters on his skin seemed to come alive!

Frediano stood on the altar and slowly pulled out the Luminosa Sword at his waist. He said coldly, "The First Emperor Combat Technique; the six seals, sealing all of your strength and turning it into your foundation. Once you reach the pinnacle, it's the transformation of a fish into a dragon!

"After cultivating for several years, tonight on Mount Tanish, I will once again regain the glory of the First Emperor!

"All six seals, activate!" Frediano's thin body and young and handsome appearance released a terrifying pressure!

This pressure caused a huge commotion, attracting the sidelong glances of many pinnacle experts, all of whom revealed shocked expressions.

The aura on Frediano's body was like a peerless ferocious beast that had been hibernating for several years, slowly awakening!

The Sovereign King of Perpetual Darkness, Harvey Lay, was half-naked as he swaggered. He tilted his head and said with an evil aura, "Become a pinnacle and do something with me!" "What is it?" Frediano activated the First Emperor Combat Technique. The black tadpole characters on his body that were originally intertwined slowly separated.

It split into six black tadpole-shaped chains!

Six layers of seals had sealed Frediano for several years!

This was the marvel of the First Emperor Combat Technique! Harvey said wickedly, "Let's wash the capital with blood!" "Get lost!" Frediano was fuming with anger..

Chapter 709-He has Come This Far!

The capital did not even know how they had offended Harvey Lay.

Harvey couldn't forget this enmity and wanted to attack the capital again!

The martial artists in the capital could forget about living in peace for the rest of their lives if Harvey had his eyes set on them.

At this moment, under everyone's watchful eyes.

The six black tadpole chains on Frediano Jadanza's body looked like tattoos.

The first chain was then broken!

It automatically disintegrated and turned into wisps of black aura.

Frediano's entire body was suffused with black energy. It was either a yin specter aura or a noble and cold black colored energy.

During the era of the First Emperor, dragon robes were all black!

At that time, black was the most expensive color!

Frediano's aura suddenly multiplied!

Frediano was already a quasi-pinnacle. The black energy and force that was released from his body was being sucked back into his body after the first seal was released!

When one became a pseudo-pinnacle, force would be turned into spiritual energy and refined into the body.

He was only a step away from the pinnacle realm.

As long as he opened the door to the pinnacle, he could become a true pinnacle.

Frediano's terrifying talent made the foreign pinnacles tremble in fear.

Under everyone's gaze.

In a short fifteen minutes, Frediano had completely reabsorbed the nine layers of primordial chaos force into his body!

It was almost equivalent to ten years of hard work from an ordinary quasi-pinnacle!

The most important reason was that Frediano had been sealed for a very long time!

At this moment, after the first seal was removed!

Frediano had successfully advanced to the pseudo-pinnacle realm.

He was only a hair's breadth away from being a true pinnacle!

Frediano had never disappointed everyone!

Immediately after.

Frediano placed his hands behind his back and raised his head. He closed his eyes and said softly, "The First Emperor Combat Technique's second seal, open!" Boom!

An even more powerful ripple spread out.

On Mount Tanish, thousands of scholars exclaimed in horror, "Pinnacle pressure!" "King Luminosa wants to break through to the pinnacle realm!" "Oh my God, today is really a lucky day for Hansworth. If His Highness King Luminosa reaches the pinnacle realm, he will definitely be of great assistance to His Highness the Northern King in the future!" "When His Highness King Luminosa was young, he grew up with the Northern King. He was the deputy commander of the Northern Army and the pillar of the country. His future achievements are limitless!" The scholars all began to flatter him.

However, this was not the time for this.

They were in a dangerous situation!

Martial Emperor Yanagi had personally joined the battle. With his own strength, he was protecting his student, Braydon Neal, on Mount Tanish, allowing him to be bestowed with the fate of the country!

The head of the internal officials, Sutton Wall, had also joined the battle!

The battle continued, and Mount Tanish was dyed red with blood.

Frediano closed his eyes and stood in the sky. It was as if the shackles on his body had been unlocked, and a terrifying power was released.

Today, Frediano wanted to break through to the pinnacle realm!

Seven foreign pinnacle martial artists dodged Martial Emperor Yanagi from the side and landed on the altar of Mount Tanish. Their eyes were filled with killing intent.

All of them were wearing black scarves.

Masked faces!

It meant that they didn't want to expose their identities!

Now that they were fighting, what was the use of covering their faces?

One of the silver-haired, blue-eyed martial artists, whose hair was about to fall out, said in a low voice, "First kill the heir of the First Emperor, then kill the Northern King!" "Alright!" The seven pinnacle martial artists had reached a consensus.

They wanted to take Frediano's life first before attacking Braydon!

Braydon, who was on the altar, said softly, "Aren't the seven of you much too condescending? You want to kill my brother in front of me? Then, can I kill your whole family?" "You fool!" A black-robed old man with wooden clogs at his feet pulled out a broken blade from his bosom. He turned around and was about to stab Braydon in the abdomen.

Swoosh!

Just as he made his move, a Wildgoose Wing Sword appeared at Braydon's waist.

The Wildgoose Wing Sword pierced through the black-robed elder's chest like a streak of light.

He nailed him to the altar with a single sword strike!

Harvey slowly walked out from behind Braydon. He tilted his head and said wickedly, "Trash from Banko, how dare you cross the border to cause trouble?"

Die!" "Bastard!" One of the seven foreign pinnacles who joined forces to attack was killed in the blink of an eye.

The remaining six people were shocked and furious. They attacked together and attacked Harvey.

Harvey retreated, and the Wildgoose Wing Sword left his hand, stabbing into the ground before Braydon's feet. "I'll leave the Wildgoose Wing Sword for you to protect yourself, but leave these six old things to me!" "I have the Northern King sword!" Braydon frowned and kicked the hilt of the Wildgoose Wing Sword.

Swoosh!

The Wildgoose Wing Sword flew up from the ground and returned to Harvey's hand.

At this moment!

The second wave of national fate descended. It was as heavy as a mountain and weighed more than 10,000 catties. It fell in an instant, comparable to the wave of national fate that Braydon had attracted at the snowy cliff!

Braydon frowned slightly. He raised his left hand and brazenly raised the national fate. He said softly, "Frediano, Harvey!" "I stand invincible on Mount Tanish. There's no need to worry about me!" Harvey retreated with the Wildgoose Wing Sword in hand. He could tell at a glance that Braydon was worried!

Braydon was still resisting the fate of the country and did not carry it with his own body!

If that was the case, when would he be able to complete the title conferment ceremony?

A cold voice resounded throughout the summit of Mount Tanish. "Three years ago, I used the two forbidden techniques of the Reversal Chaos Azure Scripture to kill my way through the capital. Today, I stand on Mount Tanish and will kill until all the flowers have withered once more.

“There are two techniques in the Reversal Chaos Azure Scripture.

“The Reversal Chapter allows one’s Qi and blood to flow in reverse, allowing one to stand alone in the human world and kill banished immortals. Today, I’ll let you witness its power!” Harvey’s body leaned back as he faced the attacks of the six pinnacles. He slowly took off the golden crown on his head.

Harvey had tied his hair into a crown and was as modest as jade!

But now, Harvey’s white hair was dancing in the wind. His originally calm blood was flowing in his blood vessels.

In the next moment.

Blood Qi Reversal!

Blood flowed in reverse all over his body. Even martial artists with a little common sense would not dare to do this!

Blood and Qi flowing backward meant that blood would flow out of his seven orifices, causing him to die.

Others wouldn’t dare to do this, but Harvey would!

It wasn’t the first time he had done this!

Suddenly.

Harvey, who was retreating backward, suddenly stopped. He held the Wildgoose Wing Sword in his left hand, and the blade brushed past the two pinnacles who were chasing after him.

Swoosh!

The blade of the Wildgoose Wing Sword swept across the sky. The two foreign pinnacles' bodies turned cold as they instinctively counterattacked.

The Wildgoose Wing Sword slashed past them, and their bodies were split into two from their waists.

In an instant, their bodies were split into two!

The two of them could clearly see the lower half of their bodies falling from the sky. Pain engulfed their entire bodies, causing them to scream in horror.

Harvey was covered in blood. He stuck out his tongue and licked the blood that had splattered on his face. He smiled evilly. "Pinnacle blood tastes good!" "You lunatic!" The remaining four were shocked and furious.

One of them was called Harland. His gaze landed on the Wildgoose Wing Sword in Harvey's hand, and his pupils constricted as he said hoarsely, "He... he did "What?" His accomplices asked.

Harland's gaze was fixed on the Wildgoose Wing Sword.

A three-foot-long sword light shot out from the Wildgoose Wing Sword!

It was a blood-colored sword light, not invisible sword Qi!

The sword light was corporeal, while the sword Qi was invisible and colorless!

There was a fundamental difference between the two!

A king cultivated force.

A pinnacle cultivated vitality!

Both were different..

Chapter 710-Those Who Respect the Northern Army May Live!

However, there was a clear difference between a high-level pinnacle and a low-level pinnacle!

It was just like Harvey Lay, releasing his blood and Qi!

A pinnacle's blood and Qi was not just a manifestation of his vitality!

Blood and Qi could even transform into extremely powerful combat strength!

How was one able to use blood and Qi and turn it into an attack?

This was the battle method of a high-level pinnacle.

If one couldn't grasp this kind of high-level combat technique, they would all be considered a low-level pinnacle!

On this battlefield.

"Look at his blade!" Harland said hoarsely.

Swoosh!

Everyone looked over.

The pupils of another pinnacle expert constricted, and he said in horror, "Vitality Manifestation!" "High-level pinnacle!" The third pinnacle retreated in horror.

A high-level pinnacle was considered a legendary figure!

If a high-level pinnacle appeared today, all the low-level pinnacles would die!

Everyone was at the pinnacle realm, but they were all low-level pinnacles!

In front of a true high-level pinnacle, they were completely not worth mentioning!

Harvey's devilish aura was like that of a great demon. He sneered and said, "Why? Are you afraid?" The moment he questioned them, the entire place fell silent!

No one was not afraid!

This was a high-level pinnacle combat technique.

All the pinnacle experts present were afraid!

Harvey had used the Reversal Chaos Azure Scripture. He was like an evil demon. His body swayed as he walked, taking both big and small strides. His skin was as white as jade.

Harvey held the Wildgoose Wing Sword and said wickedly, "Don't you think it's too late to be afraid now?"

"Who in the world dares to kill the king of the northern territory?"

"Yet all of you want to kill my brother!"

“Three years ago, the capital wanted to kill my brother. I slaughtered through thirteen miles of the Vermilion Bird Street in the capital. Today, even if I slaughter through eight hundred miles of Mount Tanish, I won’t regret a single thing.

“Withdraw from Mount Tanish and you will live!” The Sovereign King of Perpetual Darkness, Harvey, would not be able to survive without his brother Braydon Neal’s protection.

This bastard dared to slaughter everyone in his sight without restraint and call himself king of the world!

Jonah Shaw called himself king in the South Pole Prison.

Surely the Sovereign King of Perpetual Darkness would dare to call himself king!

This monster would surely dare to do so!

Harvey, who cultivated the Kylo secret technique, the Reversal Chaos Azure Scripture, had become more and more evil in recent years.

He was so evil that he didn’t look like a human!

It seemed that even if the Sanguine and Gray Wolf duo joined hands, they might not be able to suppress him.

In the next moment.

The Sovereign King of Perpetual Darkness made his move.

He hung in the sky with the Wildgoose Wing Sword in his hand. It was as if he was the eternal night, incompatible with the light of the human world. When the Wildgoose Wing Sword appeared, the pinnacles were shocked!

A single sword strike shocked the pinnacles.

One sword suppressing Mount Tanish.

Only Perpetual Darkness could do such a thing!

Harvey, who had reversed his Qi and blood flow and grasped a high-level pinnacle combat technique, had gone crazy!

He stood on the peak of Mount Tanish, stirring up a bloody storm.

He killed alone and made the entire mountain fear him like a tiger!

Many of the foreign pinnacle experts were terrified!

Harvey's Wildgoose Wing Sword released a long sword light.

The blood-red sword light was formed by vitality. It was three meters long and incomparably sharp.

Instantly, the pinnacle martial artists, who were famous for their strong physique, were in a sorry state.

The symbol of a high-level pinnacle was Vitality Manifestation!

Blood and Qi transformed into sword light.

No one could stop him!

Many pinnacle experts were killed by Harvey alone.

It seemed like this was just the beginning!

Wherever Harvey's gaze landed, all the pinnacle experts were terrified. He laughed coldly and evilly, "After the 'Reversal' part of the 'Reversal Chaos Azure Scripture', guess what the second half of the forbidden technique is?" "You've mastered the second half of the forbidden technique?" Even Sutton Wall, who was fighting fiercely in the distance, could not help but be shocked.

The Reversal Chaos Azure Scripture contained an extremely heaven-defying forbidden technique.

That was the Reversal Chaos Technique!

It would allow martial artists to conquer the heavens be invincible in the human world!

That was the top of the ten great forbidden techniques!

Harvey held his sword horizontally in front of his chest.

The Wildgoose Wing Sword floated quietly in the air. The manifestation of vitality has caused it to behave erratically. "Chaos!" Reversal first, then chaos!

The first half of the forbidden technique was reversal, and the second half was chaos!

The combination of the two forbidden techniques was the Reversal Chaos Technique!

At this moment, when Harvey spat out the word 'chaos', the Qi and blood in his body suddenly boiled. A drop of red slowly flowed from his finger.

The blood was like a red diamond, and it seemed to contain an extremely powerful force!

The pupils of the martial artist Harland contracted as he said in horror, "He has opened the second door to the pinnacle!" "Who is he?" Many of the foreign pinnacle experts were in a sorry state.

Not only were they afraid of Harvey, but they were also afraid of Martial Emperor Yanagi!

How terrifying was Martial Emperor Yanagi?

That 7,000 Na vitality was unmatched by anyone present!

Everyone questioned who Harvey was!

Martial Emperor Yanagi performed the Nine Dragons Secret Technique and said slowly, "Who is he? He is Harvey Lay, the Sovereign King of Perpetual Darkness!" "Young man, if you can conquer Mount Tanish in this battle, I will grant you the 800 meters of Qali River, fulfilling your lifelong wish. I will grant you the title of king, and your fief will be Qali River!" Martial Emperor Yanagi's loud voice resounded throughout the world.

The world could testify that the Martial Emperor would never go back on his word.

Harvey tilted his head and said indifferently, "I am perpetual darkness. Why would I need to be conferred a title in the capital? My brother was the one who taught me. For the rest of my life, I only believe in the blade in my hand!

"The blade suppresses the world and is unparalleled!

"If you make me the ruler of Qali River and allow me to become king, what about my brother? Do you really think I care about a title given by the capital?

"Even if my brother and I quarrel all the time, it has nothing to do with the capital.

"Us quarreling does not give you the right to drive a wedge between us brothers. He, Braydon Neal, will always be my brother, forever!

“For the rest of my life, I only respect my brother, Braydon Neal!” The Sovereign King of Perpetual Darkness, Harvey Lay, was arrogant and haughty.

He didn’t care about being respectful or humble, nor did he care about the people of the world.

However, there was one person that Harvey would always respect!

That person was Braydon!

The brothers grew up in the Northern Army when they were young.

It was his brother, Braydon, who had protected them ever since they were young!

Outsiders wouldn’t understand this!

However, today, hundreds of pinnacle experts from outside the borders had joined forces to kill Braydon.

How could Harvey allow them to live!

Martial Emperor Yanagi’s promise? Harvey did not care at all!

So what if he promised him the world!

The Sovereign King of Perpetual Darkness, Harvey, would be similarly disdainful.

On the peak of Mount Tanish, under the watchful eyes of the capital garrison.

Harvey’s killing intent rose to its peak. He tilted his body and said slowly, “Those who respect the Northern Army can live!” “Anyone who hurts the Northern King will die!” The Wildgoose Wing Sword

floated in front of Harvey's chest. Blood flowed from his fingers and slowly formed a sword. A sword forged from vitality, from blood and Qi!

It looked like a Wildgoose feather!

This scene shocked all the foreign pinnacle martial artists present.

The forbidden technique that Harvey used was not only the Vitality Manifestation of a high-level pinnacle combat technique, but also the release of vitality.

The body of a martial artist at the pinnacle realm possessed a strong blood essence.

Once he could mobilize it for his own use!

One person could destroy an army of a million!

One person could slaughter an entire country!

Their strength was extremely terrifying.

This was the reason why pinnacle martial artists were treated with respect by all countries.

Harvey's left hand swept across the sky, and he said softly, "Have you ever seen the two forbidden techniques combined into one?"
