

## Strongest Abandoned Son

### Chapter 26: Taking Ning Qingxue Home

“What? Qingxue wants to marry Ye Mo? How is this possible?” Su Jingwen was also shocked by Li Mumei’s words. She didn’t think that Ning Qingxue had such a crazy idea. Her first reaction was actually to oppose the decision, and Li Mumei looked at Su Jingwen with some degree of shock to her response to the situation.

Su Jingwen also seemed to realize that her reaction was inappropriate and ridiculed herself: “I’m only saying Qingxue is such an excellent girl, how could she— or rather, why would she decide to marry Ye Mo? Even if she wanted to avoid the marriage arranged by her family, she shouldn’t do that to herself.”

Li Mumei sighed and replied, “It’s because Ye Mo is disabled that Qingxue would make such a decision. Sister Qingxue is really unfortunate. However, today I saw Ye Mo, and he is completely different from the Ye Mo in my memories. I had no idea a person could change so much. Sigh, if he weren’t kicked out of the Ye family and didn’t have a problem with his body, then everything would be perfect.”

Su Jingwen sunk back into silence. She didn’t know why but unconsciously, she just wanted to disagree with Ye Mo marrying Ning Qingxue, but she couldn’t find any reason. “Was it just because he danced with me today? Or was it because he looked like that master who sold me the charms?”

“What’s wrong? Jingwen?” Li Mumei saw Su Jingwen become silent and hurriedly ask.

“Huh, oh, nothing, I was just wondering if maybe I could help with something?” Su Jingwen was dragged back into the reality by Li Mumei. Li Mumei didn’t know why Su Jingwen’s mind always wandered off, so she could only say: “I will send you some photos of Ning Qingxue and Ye Mo sleeping together in pajamas to you. You just need to find an entertainment media outlet to release them and then find some journalists to interview them about their marriage.”

Su Jingwen looked at Li Mumei with her eyes wide open and said after a while: “You thought of such a wicked idea? You will damage Qingxue’s reputation!” Li Mumei sighed once again before responding: “Even if her reputation was damaged, it is better than being in the hands of Song Shaowen. Your Su Family is also in Beijing; I think you know what sort of hungry wolf Song Shaowen is. If Sister Qingxue had a choice, do you think that she would want to do this?”

Su Jingwen already knew what sort of person Song Shaowen was. Saying he was bad was the understatement of the year. He was a demon that ate humans without spitting the bones, and countless girls in Beijing suffered in his hands. She also understood why Ning Qingxue would make this decision. After a few moments of thinking, Su Jingwen replied: "However, this way, wouldn't Ye Mo be the victim? He's innocent here."

"I also know that he is innocent, and initially, I thought that by giving him some money, he would be glad to do it. But I almost couldn't recognize the Ye Mo of today compared to the Ye Mo from the past. Could a person really change this much after experiencing hardship? I can no longer be of any help with this situation. We can only wait and see if Ye Mo wishes to help Ning Qingxue and, if he doesn't, then there's nothing we can do anymore," Li Mumei said helplessly.

Su Jingwen opened her mouth but eventually didn't say anything. At this moment, both of them were silent.

.....

"What would be so important to you that we would have to go where I live for you to say it? Can't you say it here?" Ye Mo looked at her with surprise.

Ning Qingxue lowered her head. She couldn't bear to explain the plan to Ye Mo; if Ye Mo didn't agree to Li Mumei's plan, would leaving the country even work? After thinking for a while, she ground her teeth and said: "I want to go to your place tonight because there's something I have to talk to you about privately."

Seeing how she suddenly popped this sentence with tightly frowned eyebrows, Ye Mo sighed. Although he didn't know Ning Qingxue's intentions, he seemed to see his master before him with tightly knit eyebrows like that, so he said helplessly: "Fine, you can come with me. We will leave in a moment, but please just wait for me a little, I have to say goodbye to Su Jingwen first."

"You agreed?" Ning Qingxue stood up in pleasant surprise. The first time she saw Ye Mo, she was prepared to be rejected by him since he was completely different from what Li Mumei told her. She didn't think Ye Mo would agree so easily.

"Jingwen, I'm going. Qingxue has some issues she would like to discuss and is coming with me." Just when Ye Mo stood up, he saw Su Jingwen walk over with another girl. He seemed to have seen that girl before but didn't have any impression of her. Li Mumei saw that Ye Mo didn't even seem to notice her as if he didn't know her. She thought to herself that he had definitely changed.

"Ah? Ye Mo, you... agreed?" Su Jingwen looked at Ning Qingxue and Ye Mo with a weird look. After her reply, she then realized why she would ask something like that. Meanwhile, Ye Mo looked at the three girls' expressions and understood that there had

to be something he didn't know, yet he just smiled faintly. Even if there was something he didn't know, he, Ye Mo, wasn't afraid of anything.

.....

When Ning Qingxue took her luggage case and went on the taxi with Ye Mo, she suddenly experienced a weird feeling. From the moment she walked on the streets with Ye Mo, it seemed as though all the pressure and worry in her heart were gone and was suddenly relieved.

"This place is where you live?" Ning Qingxue had an immediate sense of pleasantry after seeing Ye Mo residing in a house with a yard. This place was soundless, and the environment was very elegant. He really knew how to find places and discovered such a good place to live.

Ye Mo smiled and said: "Yeah, it cannot, however, compare with where you live, it's a bit... shabby."

Ning Qingxue shook her head and said: "No, I really like it here."

"Ye Mo, you're finally back? Let me tell you, last time you went... hm, who is she?" When Xu Wei first glanced upon Ning Qingxue, she was shocked by Ning Qingxue's beauty. She always thought she had been good-looking but compared with Ning Qingxue; she was like an ugly duck.

This zhai nan could actually bring home such a beautiful girl? You really couldn't judge people by their appearances, but Ye Mo didn't seem to be ugly either. Ning Qingxue also saw Xu Wei and, as she noticed that the girl gave people a refreshing feeling, she thought: "Ye Mo's tastes are not bad. No wonder he was hesitating whether he should take me home. It was because he already had a girl he was living with."

Ning Qingxue even started to wonder if Ye Mo was a natural playboy, but suddenly realized that her thoughts were a bit revolting. She didn't really care about these things; she "only" came to get married to him. "Wait, wouldn't this girl be opposed to that?" Ning Qingxue suddenly felt uneasy.

The atmosphere was a bit awkward, and just when the two girls thought Ye Mo could help them introduce each other, Ye Mo walked inside first. Ning Qingxue looked at Xu Wei but could only follow Ye Mo and walk inside.

"You can sleep in my room tonight; if you have something that you want to tell me, you can do it now," Ye Mo told her as he brought Ning Qingxue to his room.

"Huh, then where are you going to sleep tonight?" Ning Qingxue came planning to sleep in the same room as Ye Mo but on the couch. She only needed people to know she was sleeping in the same room as Ye Mo.

However, when she asked this, she immediately felt it was inappropriate. It wasn't because she was shy. She was already prepared and wasn't embarrassed about it. She just suddenly remembered the girl at the door. She didn't think Ye Mo already had a girlfriend and was living with her. In her eyes, if they weren't in a relationship, they had no reason to live together; Ning Qingxue didn't have the concept of renting a place together in her mind.

"No need, I have a place to stay," Ye Mo said casually.

"Sorry, Ye Mo did I cause misunderstandings with your girlfriend?" Ning Qingxue asked uneasily. Her words were also meant to test and see if that girl was his girlfriend or not.

Ye Mo waved his hand calmly and didn't bother explaining to Ning Qingxue as he felt that he didn't need to. Instead, he said: "You have something to tell me, now that we're here, you can say it."

## Chapter 27: Is This A Business Deal?

Seeing that Ye Mo didn't deny, Ning Qingxue sighed. He had a girlfriend, and she knew this "thing" couldn't be done. However, he didn't seem to be living with her. Now that she came, she instead gave him the opportunity to live with his girlfriend.

"Because I want to get married to you," Ning Qingxue couldn't find a proper way to put it, so she just said it straight out.

What took her by surprise was that Ye Mo didn't seem shocked at all. Ye Mo's appearance did make Ning Qingxue feel strange. She saw that Ye Mo was very calm and didn't say a word, so a moment later, she asked quietly: "Aren't you curious? Don't you want to ask me why?"

Although the current Ye Mo wasn't extremely calculative, how could Ning Qingxue hide her thoughts from him? From the time when Wang Ying told him that Ning Qingxue was using him to stop others from proposing to her, to how she asked to come to his house at night and even asked to get married to him, he had already connected these things and analyzed them! Ye Mo immediately knew that Ning Qingxue was asking to use him as a shield again.

Seeing Ye Mo's calm expression while remaining silent, Ning Qingxue was feeling more unrest and asked guiltily: "I won't obstruct you and your girlfriend. I just need everyone else to know that we are living together and even got married. I will explain it to your girlfriend..."

As he expected, she wanted to use him as a shield again. Losing his interest, Ye Mo waved his hand and said: "You don't need to explain it to other people. This thing has nothing to do with Xu Wei, she doesn't have any business with you..."

Although hesitating for a moment and wanting to reject, Ye Mo saw Ning Qingxue's tragic eyes and was a bit moved. Although this woman had the intention to use him, she didn't hide it. Furthermore, Ye Mo didn't even care if he was used in this way, the main reason that prompted Ye Mo to help her was her sorrowful eyes that made his heart beat faster.

Although he didn't know what happened to Ning Qingxue, since she was forced to make such a decision, it meant that what was about to happen to her wasn't something she could bear with.

"I can pay money, I won't make you help out for nothing," Seeing that Ye Mo was hesitating, Ning Qingxue hurried to add the words.

"Fine, I agree. When we get the marriage certificate is up to you. However, I don't want you to go around telling people my identity." Ye Mo's reply was very plain as if talking about something completely irrelevant to himself.

Ning Qingxue looked at Ye Mo surprised by joy. She didn't think that Ye Mo would agree to her words without asking her any questions. Regardless of what Ye Mo thought, she was still grateful towards him. As for Ye Mo's last sentence, she took it as not allowing her to tell Xu Wei.

"This card contain 500,000 dollars. You can use that for now, the password is 575757." Ning Qingxue took out a card and gave it to Ye Mo.

Ye Mo took the card and laughed at himself as he said, "Very well, since you have paid now, this is a business deal between us. When you feel the agreement is over, you can leave yourself. I'm going to rest now."

Seeing Ye Mo's desolate back figure, Ning Qingxue's heart suddenly squeezed. It was as though she did something wrong. What did she do wrong? Ning Qingxue was sitting on Ye Mo's bed and was lost in thought. Perhaps what she felt wrong was Ye Mo agreeing due to the money which meant that Mumei was right about him.

When Ye Mo walked out of his room, Xu Wei had already gone into hers. He held the credit card as waves erupted in his heart. The instant he took the credit card, he had the urge to throw the card in her face and tell her to piss off. The only reason he let Ning Qingxue come in and even help her was due to the striking resemblance between his helpless master and Ning Qingxue's eyes filled with melancholy.

Shaking his head, he started wondering to himself what Ning Qingxue did wrongly. Probably In her mind, she thought that what she did was right. Anyway, he already gave

his room to Ning Qingxue, so Ye Mo had nowhere to go. Luckily, he had always been cultivating on the north side of the yard which was near the back. In this spot, there was an old tree, and every time Ye Mo cultivated under it, he felt more peaceful.

Ye Mo sat under the tree cultivating for an entire night. He felt his Chi getting stronger and couldn't help but to smile faintly. All the annoyance from last night had dissipated and, from today onwards, he decided that it would be pretty good to cultivate here each night. It looked like people needed to be pushed to be motivated.

Before Ning Qingxue could even discuss when they would get married, Ye Mo went straight to school.

When Ye Mo had already run to the school, Ning Qingxue and Xu Wei finally got up. After they had greeted as they saw each other, both of them became a bit shy. For them, Ye Mo was sleeping with the other the night before. Perhaps it was more strange for Ning Qingxue as she knew that Ye Mo was impotent and wondered how he could sleep with someone, but obviously, she would be too embarrassed to ask such a question.

After studying for half the day in the library, Ye Mo went to the dorms and slept during the whole afternoon. At night, he was dragged by Shi Xiu to the restaurant for food. The main reason was that he still got a free coupon for the Ju Wei Restaurant at the school.

"Ye Mo, you were really cool yesterday. Did you know? After you had left, Yan Yan was so angry that her face was pale. If it wasn't for Merciless Bing who helped her out, I think she would've tried to find a hole in the ground to crawl into. By the way, who was the woman that came for you yesterday? She was really pretty! Could she be a star? No, even a star isn't as pretty as her..." Shi Xiu said with a face full of excitement. He would only make such an exaggerated expression with Ye Mo.

Ye Mo smiled as he patted Shi Xiu's shoulders and said: "I've slept the whole afternoon, and I'm hungry already, let's go eat."

Shi Xiu suddenly sighed and said: "Ye Mo, to be honest, I'm concerned about you. Aren't you worried yourself at all? We're almost graduating, but you already had to retake the exams last semester. You probably can't even get a graduation certificate much less a degree, and yet, you still sleep every day, sigh."

Ye Mo said in disagreement: "Is there any use in worrying? If worrying were useful, I would worry every day. Put your mind at ease, I have my way. If you graduate and can't find a job, you can come to me. I'll be responsible for getting you a job and get you fed."

"Pffft, nevermind! What I want is not just a job that will get me fed. My relative says that he can help me find a job at a government department. I bet you are jealous! Let's go, I can already smell the aroma of Ju Wei Restaurant." Shi Xiu quickly pulled Ye Mo into Ju Wei Restaurant.

Ju Wei Restaurant was the most famous restaurant in Ning Hai University. The dishes were excellent and had a particular taste. Although it wasn't as good as West Lake Families, Ye Mo still liked their style.

Shi Xiu only had a 200 dollar coupon, but that was enough for the two of them. Although Ye Mo was close with Shi Xiu, they barely had the chance to eat together. Ye Mo asked for another two bottles of white wine, and the two kept eating until 7 to 8 pm.

Shi Xiu was a light weight, and the two bottles of wine were pretty much all consumed by Ye Mo. When Ye Mo took the tipsy Shi Xiu and left Ju Wei Restaurant, he actually saw Zheng Wenqiao who went to the toilet. Although it was just his back, how powerful were Ye Mo's eyes? He knew it was him already.

He was attacked by this guy last time, and although he didn't suffer any losses, he remained very unsatisfied inside. Now that he saw this man again, how could he let him go? He hurriedly dumped Shi Xiu on the dorm bed before immediately coming back outside Ju Wei Restaurant and waited. He estimated that this Zheng Wenqiao's family had some power so when he would be teaching him a lesson, he had to cover his face.

If it were only according to Ye Mo's will, he would have killed him straight away, but he also knew that if he murdered Zhen Wenqiao, he would most likely become the suspect number one. Therefore, it would be best to beat him until he can't manage to live his own life.

Ye Mo didn't wait very long before seeing Zhen Wenqiao leave Ju Wei Restaurant speaking on the phone.

## Chapter 28: Stalking

Zhen Wenqiao went in his BMW and drove towards a far off place, unaware that Ye Mo was following him. Soon the car stopped as a 40-or-so-year-old man, who was carrying a woman, rushed at the BMW while Zhen Wenqiao hurried out of the car and went to help him.

What made Ye Mo surprised was that he knew the woman. The woman, carried by both Zhen Wenqiao and the other man, was Yun Bing who was also known as Merciless Bing, Ye Mo's English teacher.

"Why would Yun Bing be waiting for Zhen Wenqiao here?" Ye Mo was astonished, but he didn't keep it on his mind. It looked like Yun Bing was drunk or something and needed people to hold her.

Under the dim yellow street light, Zhen Wenqiao quickly carried Yun Bing into his BMW. Although he didn't know what the relationship between Yun Bing and Zhen Wenqiao

was, being carried into the car drunk like that was definitely not right. However, Ye Mo didn't have a good impression of Yun Bing and wouldn't care about what happened to her; today, he was here to take care of Zhen Wenqiao.

The BMW spewed exhaust gasses and drove off while Ye Mo followed behind secretly. Luckily, they were in the city, and the speed limit wasn't high. Right now, Ye Mo's cloud shadow step was at a high-enough level that he could keep up with the car.

More than ten minutes later, the BMW drove into a quiet district. However, Ye Mo couldn't go in from the main entrance. After making sure there were no cameras around, Ye Mo jumped over a wall into the small living district and kept his eyes on the BMW from a distance.

He quickly saw the car stopping outside a building. Zhen Wenqiao and the other man hurriedly carried Yun Bing up the stairs, but Ye Mo could only watch from below as he was only in the first stage of Chi Gathering. If he was in stage 3, he could follow them with an invisibility art. However, if he followed now he would be seen, and it wasn't suitable to teach Zhen Wenqiao a lesson in the stairways; it would be better inside.

Ye Mo waited down there for some time, and before long, a light in a room on the fourth floor lit up. Ye Mo immediately knew where they went and didn't hesitate to climb up through the window and soon, he entered the lit-up room through the kitchen.

"Young master Qiao, I am ready." Hearing that voice, Ye Mo knew this was the other man talking.

"Start when I go on this woman. Remember to film it clearly and capture all the specifics, especially when she moans. I want all of it! I don't believe that she won't cooperate after all that." After Zhen Wenqiao's words, Ye Mo heard a ripping sound, like clothes being shred.

"So, these two want to gang rape Merciless Bing and also want to record it!" He wondered whether she had had a conflict with the two in the past or if she had some incriminating evidence against them in her hands for the situation to be like that. Ye Mo originally thought the ripping move was done by Zhen Wenqiao, but when he kicked the door open, he found out the shredding movement was made by Yun Bing herself.

Yun Bing's face was ruddy and steaming, and it was obvious that she was under the influence of some potent aphrodisiacs. She had already ripped off half the clothes in front of her chest showing two snow white balls that were firm and plump, and even Ye Mo was a bit fazed after seeing them.

"Who are you?!" As Ye Mo kicked open the door, Zhen Wenqiao and the cameraman were immediately frightened. However, when they saw a single man walking in with a covered face, they immediately gasped a sigh of relief. Zhen Wenqiao was aware that the man behind him knew martial arts and was quite proficient at it.

“Friend, what do you want to do? If you just want money, we don’t need to cross paths, and we can let you play after we finish enjoying ourselves. This is a high-quality woman...” Zhen Wenqiao was wary of Ye Mo as he was talking. At the same time, he was putting back on the clothes he was about to take off.

“Human scum...” Ye Mo just spoke two words and kicked Zhen Wenqiao — whose hand was still on the button — when he was sent flying by Ye Mo, crashing into the wall. When he fell down, he immediately fainted.

The middle-aged cameraman saw this masked person attacking with dexterity, so he immediately threw his camera aside and took out a knife from his waist, stabbing towards Ye Mo.

His moves were reasonably agile; however, his opponent was Ye Mo. In Ye Mo’s eyes, this guy was even worse than Fang Weicheng who wanted to fight him in the park last time. He made two consecutive kicks and used only one move to send flying this person, who Zhen Wenqiao thought was quite powerful.

While the middle-aged man flew, he sent the camera beside him flying into the ceiling and crashed, shattering into pieces. Meanwhile, the middle-aged man fell on top of Zhen Wenqiao.

“Hold it, friend, do you know who he is? He is the son of Mayor Zheng, aren’t you afraid...” this middle-aged man was kicked to the ground and yet still wanted to threaten him.

Ye Mo sneered and kicked this man on the head; he fainted promptly, as if on command. Ye Mo looked at the room, on the wall hung a picture of Yun Bing, and another one was of her carrying a little girl. He thought that this was Yun Bing’s room and that Zhen Wenqiao was really sinister. If he had done these things with Yun Bing in her room and made it into a video, Yun Bing would likely be forced to suicide or to comply with Wenqiao’s every need.

He wondered what Zhen Wenqiao wanted from Yun Bing, it couldn’t be just purely wanting to go in bed with her. Ye Mo didn’t want to bother with these things and carried the unconscious middle-aged man and Zhen Wenqiao. He didn’t want to teach them a lesson in her room, and Yun Bing didn’t look very appropriate.

Just when Ye Mo walked to the door, Yun Bing’s moan sounded, and there was another ripping sound of clothes. Ye Mo turned around and saw Yun Bing had stripped down to three spots that were barely covered.

The almost completely nude Yun Bing laying on the bed with her almost uncovered three spots and her pink translucent underwear made Ye Mo’s heart beat really fast. However, Ye Mo immediately knew things weren’t right, the aphrodisiac Yun Bing was

under seemed to be too potent. He estimated that without sex, her body would probably be greatly damaged or even debilitated and cursed at how evil Zhen Wenqiao was.

Ye Mo looked at Yun Bing's white yet ruddy-looking body and sighed. He dumped the two men outside and walked next to Yun Bing's bed as he wanted to help her push out the remaining drug power. However, just when Ye Mo walked in front of the bed, he was bear hugged by Yun Bing like how a drowning person clutched to a wooden stump.

The soft and aromatic body pushed into Ye Mo's arms, and Ye Mo uncontrollably felt aroused. Yun Bing seemed to exhale a comfortable breath and scratched Ye Mo's back with her fingers. She kept pushing her body onto Ye Mo as though she was pushing herself inside Ye Mo.

Ye Mo's heart was burning with fire, but he was already in the first stage of Chi Gathering. After the short temptation, he immediately reacted and palmed Yun Bing's head. With the use of Chi, a faint aroma of gas was pulled out of Yun Bing's body. As Ye Mo continued to use Chi to pull out the aphrodisiac component in Yun Bing's body, Yun Bing gradually settled down.

After a long time, Ye Mo was full of sweat but finally managed to push out the remaining components from her body. He was relieved and took down the black clothes to wipe the sweat from his head. However, Yun Bing woke up coincidentally at this exact moment. Abruptly, she felt she was almost completely nude and opened her eyes in horror seeing Ye Mo, who was wiping his sweat and, under embarrassment and rage, she fainted once again.

## Chapter 29: Ning Qingxue's Second Impression

Ye Mo was fatigued and didn't realize that Yun Bing had already woken up once. He pulled a quilt over Yun Bing's body and said to her: "You've been lucky today! With your attitude towards me, I didn't want to save you, but I'm in a good mood today."

Ye Mo closed the door and once again carried the middle-aged man and Zheng Wenqiao and left.

He stripped bare Zheng Wenqiao and the middle-aged man and beat them up. Then he kicked them till their private areas were busted before dumping them on the back seat of the car, stacked on top of each other. Then, he drove the BMW away until he came to the Genesis Square, and parked it in a frequented and conspicuous place. Before he left, he didn't forget to leave all the windows open.

.....

Ye Mo went out for the whole day while Ning Qingxue was getting a bit worried in the yard. She was planning to get the marriage certificate that day, but Ye Mo still hadn't returned. It was as though he had forgotten what he agreed to her.

When Xu Wei and Ning Qingxue saw each other in the morning, it was a bit awkward. Xu Wei didn't know how Ye Mo found such a stunning girl like Ning Qingxue, and what this beautiful woman could be possibly thinking; living together with someone as poor as Ye Mo before marriage. That just goes to show that you really couldn't judge someone by their appearance. Although Ye Mo was quite a good person in Xu Wei's impression, Ning Qingxue seemed to be way out of his league.

Ning Qingxue's thoughts were similar to Xu Wei's. She thought about why Xu Wei was living together with Ye Mo since he was known to have a problem concerning his more intimate life. However, she couldn't really ask this, and both of them thought they were in the right.

Seeing that Xu Wei had gone to work, Ning Qingxue felt uncomfortable staying in this unfamiliar yard by herself. However, she waited for a long time for Ye Mo to no avail. She saw there were many flowers cultivated in Ye Mo's yard; originally she thought it was Xu Wei who was responsible, but they seemed to be planted on Ye Mo's side.

Ning Qingxue looked at those flowers and discovered one of them with a silver grass, which seemed to be cared for very well; there were no flowers or grass nearby its spot and had a very large place all to itself.

She walked around the yard for a while before going back to the room. Ye Mo's room was simple. Other than a bed, there was just a desk. The only thing she didn't understand was that there was a small box and a pot seemingly used to cook herbs. As for what was inside the box, Ning Qingxue didn't know and didn't have any desire to open it. She didn't like to invade other people's privacy; as for that peculiar pot, she didn't have the urge to look at it either.

She suddenly felt that Ye Mo was different from what Li Mumei said about him, but at the same time similar to her description. This gave her an odd, uncanny feeling.

She didn't know how Ye Mo knew Su Jingwen, but she seemed to have a good impression of him. Ning Qingxue thought about when she first saw Ye Mo dancing so flawlessly in synchronization with Su Jingwen, and when he gave a present to Su Jingwen; to her own surprise, she had felt uncomfortable, even perhaps a little jealous, watching the event unfold. She couldn't help but laugh at herself.

Now, she saw with her own eyes that Ye Mo lived with the girl next door and oddly she felt very calm. Thinking about how Ye Mo took her 500,000 dollars card without hesitation made her feel that Ye Mo fit Li Mumei's description perfectly, and just like that, her last remaining guilt towards Ye Mo was gone.

Now, she could only wait until Ye Mo returned and get a marriage certificate with him. Then she would get Li Mumei to copy the certificate, and release her private photos with Ye Mo to the public. If after all that, she still couldn't get rid of the Song family's pestering, she wouldn't know what to do anymore.

.....

When Ye Mo returned to the yard, Xu Wei and Ning Qingxue had gone to sleep already. Seeing that both lights were turned off, he didn't go in but instead returned to the spot with the tree in the back of the yard and cultivated under it.

Ning Qingxue heard the sound of the door and knew Ye Mo came back. She wondered if he came back so late each night and, after a while, she heard the sound of Xu Wei's door.

Time flew by quickly during cultivation. Ye Mo got up in the morning and finished a set of martial arts before washing himself. Then Xu Wei got up and greeted Ye Mo. However, while she had a strange look on her face, she concealed it very soon. She hurriedly got ready to work and left. Ning Qingxue, who was also wide awake, heard the sound of Ye Mo and Xu Wei in the yard, but resisted the urge to come out, and walked out once Xu Wei had left.

Ning Qingxue saw Ye Mo caring for those flowers and confirmed her suspicions that they were really planted by him. "A grown man actually like to tend to these sort of things?" she wondered if he was genuinely caring for the flowers or if it was his sexual orientations that were different than anticipated.

"Oh, you're awake..." Ye Mo turned his head and saw Ning Qingxue, but didn't add anything after that one sentence. After a long awkward pause, he continued: "Why do you look so bad? Did you not eat yesterday?"

Ye Mo saw the atmosphere was quiet between the two and thus took the initiative to start a conversation. However, he didn't think that Ning Qingxue shook her head and said: "I was not hungry so I didn't eat yesterday."

When Ye Mo heard that she didn't eat yesterday, he became speechless. If he didn't eat anything for a whole day, that would be okay for him as the Chi would help him, but it wouldn't be the same for Ning Qingxue; she wasn't a cultivator. It wasn't surprising that her complexion was so bad.

"Go wash first, we'll go eat later," Ye Mo only said a few words, and went back to taking care of his precious silver heart grass. That was his priceless asset after all.

After Ning Qingxue was ready, Ye Mo took her to the nearby road restaurant and got a few bowl of rice congee and some buns.

Seeing the appetite of Ye Mo, who ate two bowls of congee and 5 buns, Ning Qingxue was full after barely eating half a bun and half a bowl of congee, despite not eating anything yesterday.

“Why do you have to get married to m—” Ye Mo couldn’t finish his words before being interrupted by Ning Qingxue again.

“You don’t need to ask that much; you just need to know that this is a deal between us, that’s all.” Ever since Ye Mo took that card from her without hesitation and she learned that he was living with Xu Wei, Ning Qingxue felt her mood become worse. She doubted that the indifferent Ye Mo she saw during Su Jingwen’s birthday party was a fake.

If Ye Mo asked this question when they first saw each other, she would perhaps tell Ye Mo that she just wanted to rid herself of the Song Family. But now, she didn’t want to say anything to Ye Mo. She would pay the money and Ye Mo would play his part; this was just a simple deal. After the deal, they would part ways, and the two wouldn’t have nothing to do with each other anymore.

As if noticing Ning Qingxue’s change in tone, Ye Mo smiled faintly and let the subject go. He wasn’t about to get emotionally attached to the woman. Even if it was a marriage, it didn’t affect him at all.

Getting a marriage certificate was an easy thing as they only needed their identity paper and a picture together. Ye Mo sighed about how complicated getting married was in his past life but now, he didn’t think things would be so simple. However, he also noticed that that divorce seemed to be even easier; so simple that the person didn’t even need to come to divorce.

Ye Mo didn’t have the time to sigh. As soon as they collected their marriage certificate, Li Mumei came over and was going to help Ye Mo and Ning Qingxue take a few private photos.

### Chapter 30: Life After Marriage

“Why are you wearing pajamas?” Ye Mo asked weirdly and wondered if they were getting some kinky photoshoot. As if understanding what Ye Mo thought, Li Mumei said: “If Qingxue is not scared, what are you scared of? Do you believe that you are the main character of the photo shoots?”

“Mumei...” Although Ning Qingxue’s views of Ye Mo weren’t excellent, Li Mumei’s curt words made her feel quite awkward. After all, these photoshoots did make Ning Qingxue feel somewhat repulsed.

Ye Mo wanted to reject, but when he saw Ning Qingxue, her morose eyes once again reminded him of Luo Ying, so in the end, he still agreed. Perhaps in the depths of his heart, he subconsciously saw Ning Qingxue as his master Luo Ying or used her as a way to think about Luo Ying. And plus, if Ning Qingxue wasn't scared, what should he be scared of? These sort of things shouldn't matter to him. He had nothing to lose even if he helped.

He put on his pajamas and leaned on the head of the bed together with Ning Qingxue. Ye Mo had a strange feeling. Ning Qingxue's faint virgin smell enchanted him; he subconsciously moved closer to Ning Qingxue and didn't seem to realize that this was only an act.

Ning Qingxue also wore pajamas and lay beside Ye Mo. Her eyes frowned as if she was repulsed, but her manner returned to normal quickly. Ye Mo's body didn't have a smell that she disliked. Instead, it was really fresh. That faint manliness with an almost infant-like smell made Ning Qingxue a bit confused.

She seemed to notice Ye Mo move over closer to her, but unconsciously, she actually didn't move away. Instead, she leaned together with Ye Mo, closing her eyes.

Ning Qingxue's body was very soft and made Ye Mo feel very comfortable. But not long after he squeezed together with Ning Qingxue, he realized this was a performance, and there was still a Li Mumei on the side. It wasn't time for him to be aroused. Thinking about this, Ye Mo was alerted in his heart and wanted to move aside.

However, Li Mumei said in surprise: "You two, don't tell me you're actually into the act. Hey, I've taken the pictures already. You can come down. Really..."

Ning Qingxue was suddenly shocked awake and immediately blushed. She really didn't know how she got into it and didn't dare to look at Ye Mo and Li Mumei. Instead, she nervously grabbed her coat and pulled it over her body.

Ye Mo laughed and touched his nose as he put on his clothes as though no one was around. Then, he left the room.

"Mumei, I..." Ning Qingxue didn't seem to know how to explain her actions just then. She didn't know why she would be attracted by Ye Mo and didn't push him away.

"It's okay; I've got the pictures ready. I'll send them to Jingwen later and bring a copy back to Beijing. From now on, you should just live here by yourself for now, for a month or so. Then, things would be clear and concrete. I'll come over and visit you frequently," Li Mumei then sighed and continued: "Luckily Ye Mo has a particular condition; otherwise, I think it would be really dangerous for you two to be together."

Of course, Ning Qingxue knew what Li Mumei meant, but she didn't know how to argue against that; she even suspected that Ye Mo was a normal man. Otherwise, how could

he sleep with Xu Wei? Although she thought that, she was too embarrassed to say it out loud.

However, she knew her feelings towards Ye Mo. Regardless of whether Ye Mo was impotent, Mumei thought too much. That was just an accident. At that moment, there was only peace in her heart, and nothing else.

.....

The next day, the greatest news wasn't the news of Ye Mo and Ning Qingxue's marriage. Instead, it was the discovery of two homosexuals on the Genesis Square, a couple who drove a BMW. But when the police intervened, they realized one of them was the vice mayor's son, and both of them were heavily injured. Obviously, someone was behind all this. Although Zheng Wenqiao and the other man were saved in time, they had become mentally disabled. Now, this matter was an unsolved case.

After Li Mumei had left, Ye Mo's life returned to what it was before. He found out that as long as he didn't bring home food, Ning Qingxue basically wouldn't eat. He didn't know that when Ning Qingxue came out, she only brought a card and she gave that card to him. Now, she didn't have any money on her. After what happened last time, she was too embarrassed to call Li Mumei. Plus, Ye Mo took 500,000 dollars from her. It wasn't much even if she ate with Ye Mo's money.

If it was just Ye Mo alone, he didn't really care what he ate and didn't even mind if he didn't. However, Ning Qingxue was here, so he had to bring food for Ning Qingxue each day. However, after a few days, he discovered that Ning Qingxue ate very little of the food he brought home. He sighed; he knew that Ning Qingxue probably had some diet habits and wasn't used to eating takeaway food.

Therefore, Ye Mo could only buy vegetables and cook the food himself. However, he only had 50,000 on him, and after buying herbs and some other daily items, he only had 20,000 remaining. Meanwhile, he looked at Ning Qingxue's card. He thought that she lived at his place and ate with his money so it wouldn't matter if he used her card for some money. He wasn't looking to keep the remaining money by the end of the deal anyway, so he only needed it for necessities.

However, what made Ye Mo disappointed was that he could not withdraw 5 cents, much less 500,000 dollars from Ning Qingxue's card; there was no other reason but that the card was frozen. Although a lot of things didn't go successfully, there was something good, and that was that Ning Qingxue didn't dislike Ye Mo's cooking. She actually ate quite a lot each time which made Ye Mo rest easier. Otherwise, if Ning Qingxue became fragile as if a slight gust could topple her, that woman Li Mumei would probably become furious. Even though it didn't matter if she was furious, he was just scared that she would go to Ning Hai University and go on a rampage.

Plus, he didn't have a bad impression towards Ning Qingxue and even felt that she was decent, so he didn't want to see her starve either. Ning Qingxue was very strange; although Ye Mo bought little amounts of vegetables home, when Ye Mo started cooking, she actually ate more. Perhaps because Ye Mo's cooking was suitable to her tastes, only a week later, she found out that she was a bit fatter than before.

On the other hand, what made Ye Mo the happiest was that his Silver Heart Grass was finally mature and the seeds were ready to harvest. Ye Mo carefully took the 39 Silver Heart Grass seeds and put them in a jade bottle he prepared beforehand. He didn't want to plant them in this yard anymore because he wasn't going to live here for two years. After things had been settled here, he was going to leave Ning Hai immediately as he had the feeling that Ning Hai was no longer suitable for him to stay.

After taking the 39 seeds, Ye Mo started to prepare this Silver Heart Grass. It was a Silver Heart Grass in perfect conditions, and utilizing it the best way possible was the key. He might even reach the second stage of Chi Gathering thanks to it. With the remaining 20,000 dollars, Ye Mo spent more than 10,000 buying the best medical materials he could find to make a bowl of soup with the Silver Heart Grass.

Ning Qingxue asked Ye Mo to bring her a few books from the library each time he went out. She rarely left his house and usually stayed in the yard reading books. When Ye Mo tended to his flowers, she also watched silently, and when Ye Mo made a herbal soup, she also watched without making a sound and never asking anything.

Xu Wei usually came back at night and left very early for work. Other than exchanging a few sentences with Ye Mo, she rarely encountered Ning Qingxue. This made her remember the time when Ye Mo first came. Ye Mo was like that as well and barely saw her.

Ye Mo prepared the entire bucket of herbs to fit into a bowl of soup and was prepared to drink it that night when he cultivated.

"Ye Mo, I want to ask for your help." Other than borrowing some books, Ning Qingxue seldom spoke with Ye Mo, and actually, this was the first time she took the initiative to talk to Ye Mo.
