

Becoming the Strongest Master (Konnor Bonilla)

Chapter 17

Chapter 17 Boohoo

Jacob said with mockery. "Do you think the Dorsey family is invincible? There are always people who are more powerful than you!"

Harry was still not convinced. "He's just a delivery guy. Yès, he's good at fighting. So what? Why are you so afraid of him?"

Jacob was angry. He had to get money from Harry in the future. Otherwise, he would have beaten Harry hard. "Mr. Dorsey, do you know who killed Jeffery?"

Harry froze for a while. Then he watched Konnor's back as Konnor walked away. "Was it..."

Jacob snorted. "I told you. There are always people more powerful than you."

Harry felt cold all over his body.

"If he's so powerful, why is he still a delivery guy?"

"Have you heard of that? Those powerful people just like to deliver goods." Jacob was also confused. These big shots were really too bored. Why did they go to work as delivery guys?

"Don't tell others his identity," Jacob added.

Harry nodded repeatedly.

Konnor traveled across the city and continued to deliver food.

He would meet a lot of customers at his work. They were quite different from each other. Some of them were kind, but some were mean. Dealing with those stupid strange customers would help him grow up.

Seth asked Konnor to get rid of the evilness in his body, but Seth never said when Konnor could stop.

At noon, Konnor took an order. The customer asked Konnor to buy a box of condoms downstairs. If not, Konnor would receive a negative comment.

Konnor cursed the customer.

“It’s just such a damn short distance. Why can’t you walk downstairs by yourself? Do you need me to help with the next step?”

As Konnor cursed, he still did as he was told, but he bought the smallest size of condoms.

“What if this happens to be his size? Should I make two cuts?” Konnor snickered.

He knocked on the door.

Konnor put on a kind smile.

Then one who opened the door was a thin guy. He looked quite evil. He had a hawk nose and a pair of cunning eyes. He had many calluses on the joints of both his hands. It was obvious that he was an expert in external force boxing.

“Hello, this is your food and what you asked me to buy. Two dollars in total. Cash or credit card?”

The guy had already taken the food and the condoms in.

Konnor took out a POS. But the man gave him two hundred cents.

It was rare to see so many cents nowadays. Konnor was a little shocked.

Konnor took the money and was about to leave.

But a woman’s scream was heard.

Then he saw a woman run out with her face filled with tears. “Help!”

As soon as she ran out, she was knocked unconscious by a thin and tall man behind her.

The atmosphere turned tense.

The man with a hawk nose stared at Konnor with cold eyes. “Get lost.”

The tall and thin man pulled the woman in. “Give me condoms.”

The man with a hawk nose threw the condoms over.

The door was closed.

Konnor stood outside. He didn’t leave.

He heard the conversation from inside.

“The delivery guy saw it just now. What should we do?”

The other one answered firmly, "Kill him."

Right after that, the door was open.

The man with a hawk nose, who came out to take the food, pulled the door open and found that Konnor hadn't **left** yet.

He pulled Konnor in.

Konnor shrank swiftly. The man could only drag his clothes to pull him forward.

When the man turned around, Konnor turned his head and threw two coins away with two fingers.

The two coins flew toward the man's eyes with a sharp sound of cutting through the air.

The man with a hawk nose dodged. With two clang sounds, the two coins were inlaid into the wooden door.

"You can fight?" The man's eyes turned cold.

He clenched his fists and suddenly looked stronger. With force filling his body, his fists looked swollen. Konnor felt a headache when seeing this. So, this was an expert in both external force boxing and internal boxing.

People who practiced internal force boxing could spread their force to every part of their bodies when they reached a certain level. At that time, their fighting capacity would double.

Luckily, Konnor was also an expert in both external force boxing and internal boxing.

His Dislocating Wrapping Strike was powerful enough.

The man's punch came with the sound of wind. He hit directly toward Konnor's face.

He wanted to kill Konnor.

His fighting skills were good enough. His fist hit toward Konnor's temple. If Konnor was hit, he would die.

Konnor used his arm to block the attack. He curled his fingers and tried to scratch the man.

The wooden door was scratched off.

The man with a hawk nose got serious.

He never thought a delivery guy would be so good at fighting.

He planted his feet, lowered his body, and bumped over.

He looked thin but he was strong.

Konnor, who weighed over 50 kilograms, was sent flying.

He hit the door of the neighboring apartment. A loud sound was heard.

The door was opened then.

A lady with her face covered by cucumber pieces rushed out angrily. "What are you doing? Is there any problem with

you? I'm taking a nap. If you continue like this, I will call the police.

As soon as she said those, the fist of the man with a hawk nose arrived.

There were five lumps on the back of his hand. They consisted of calluses.

He crashed the wooden door with a punch.

Pieces of wood flew in the air.

The lady was shocked.

Another punch came. Konnor blocked the punch with his elbow.

The man's fist nearly hit the lady's side face.

Bang!

The paint on the wall peeled. The red bricks inside were exposed. The cucumbers on the lady's face fell.

She totally froze.

Konnor was angry.

Dislocating Wrapping Strike mixed two kinds of fighting skills, Dislocating Strike and Dragon Claws Wrapping.

Konnor wrapped the man's hands with both hands and held his elbow. After that, with a turn and a push, the man's arms dislocated.

Konnor waved his fist over. The man's jaw was also dislocated.

There were many nerves in the jaw. The man with a hawk nose felt dizzy because of the attack.

Konnor took the opportunity.

Konnor shouted angrily and attacked with his sword-like elbows.

Double Goat Horns Attack!

He used his elbows to hit the man's ribs.

The man with a hawk nose, who weighed more than 60 kilograms, was sent flying for four or five meters.

After he fell, he slid on the ground for a while. The back of his head hit the bathroom door. A loud sound was created. He struggled to stand up. But after trying a few times, his body went soft and he no longer had any strength.

Inside the door, the tall and thin guy had just torn a condom open. Then he heard a loud noise outside.

He first looked at the unconscious beautiful woman on the bed, then looked at his buddy lying on the ground.

He was angry.

He was eager to have sex with the man, which made him even angrier.

He shouted angrily and waved a stick as he rushed out.

When he waved the stick, the sound of wind could be heard.

Konnor put his hand into his pocket, took something out, and threw it away.

Something black flashed by.

The tall and thin man cried. His hand was crippled by a black hard.

The black card was inlaid into the walk for about two centimeters. It could be seen how strong Konnor was.

Konnor took the chance to step forward.

His hands were like claws as he launched an attack.

The tall and thin man's jaw distorted.

Konnor held the tall and thin man's neck. He looked flexible and strong.

Others might think the shouts he made didn't belong to humans.

The tall and thin man was also over 50 kilograms. But his body was waved in the air by Konnor.

Bang!

The back of his head hit the wall hard.

Blood fell out of his nose.

out.

The woman from the opposite apartment was so scared that she peed.

All the cucumber pieces on her face fell to the ground.

She was shivering all over.

She held her phone with her trembling hands. "Hello? The police? I... I... I need your help... I saw a Superman fighting with others. I'm serious. I didn't lie. Boohoo..."

Konnor kicked the door to the bedroom open and walked in.

The clothes of the beautiful woman on the bed were torn into pieces.

Her flat and smooth belly was fair and gentle. Her two legs were long and thin. She tried her best to close her legs.
