Chapter 101 What was he saying? Lucia blushed, her heart pounding.

She nodded, not daring to look August in the eyes.

Smiling and taking a step back, August turned around walked out of the bathroom, and turned on the main electric switch.

Sure enough, the bathroom light snapped on.

Looking up and seeing herself in the mirror with a red face like an apple, to be such a nymphomaniac! After a while, she calmed down a bit, then she stepped out couch, staring at the pile of clothes on it.

Those were the clothes she took out yesterday and he hadn't had time to sort them out! They were all thin shirts, little shorts for summer, and underwear! up and put them into the storage box next to her in a panic, "I...I haven't had time to pack..."

Looking at the woman's anxious and embarrassed look, August moved his tightly pursed lips and calmly whispered, "When do you plan to go back to work?"

"Huh?"

Seeing her frozen, August continued without hurry, "Or are you ready for \$150,000 to break the contract?"

Lucia was speechless, "...."

She certainly didn't have \$150,000, so she had to keep back to the company tomorrow."

It was coming from Lucia's stomach.

Chapter 102 At these words, Lucia fell into deep thought.

Lucia really wanted to prove her innocence.

After Ted's wife made such a scene in the company, everyone recognized Lucia as the primary three, and it was hard for her to listen to all the gossip.

What's more, now she couldn't change her job for a while.

Instead of being scolded by others, she preferred to fight to clear her name.

With both hands clenched together, Lucia reconsidered and finally found the courage to meet August's gaze, "What do you want me to do?"

August's face is cold, and moment, Lucia bit her lip, slowly made up her mind, and said softly, "Okay, I agree to cooperate with you."

After a pause, she looked up firmly at August with her bright eyes, "But, I have a condition."

With a faint dark light flashing under his eyes, August seemed to be a little surprised, paused for a moment, and asked in a light voice, "What condition?"

Lucia took a deep breath and pretended to be calm, "If I'm right, you'll get more benefits than I will if this goes through."

She was not sure what the grudge between August and Ted was, but she could see that the two of them were like two tigers on a mountain. Since August asked her to help him, it meant that he already had a plan and was determined to win.

She helped him to defeat Ted, and he helped her to prove her innocence.

Although it's mutual help, each taking what they need, compared to August, she was not much profit.

August raised an eyebrow slightly and curled his lips, a dared to bargain with him.

Pausing for a moment, he curled his lips and said in a light voice, "What is the condition?"

Lucia took a deep breath and plucked up the courage to say, "I want to quit."

Finally, since there was an opportunity to bargain and discuss terms with August, she wouldn't miss it.

Chapter 103 Lucia knew in her heart that wherever she went these days, people's comments would follow.

She also didn't want to drag Emma into this, lest she is isolated' by her colleagues' Lucia reached out and patted Emma's shoulder, "I have my reasons.

We'll have dinner together when this is over." Hearing her say so, Emma knew it was inconvenient to ask more questions, so she nodded hesitantly and agreed. Once noon came, employees from all departments went to eat, and the cafeteria and the company were all crowded at this time.

Lucia deliberately avoided mealtime to wait for fewer people before going out.

After a while, listening to the sound outside lessened, Lucia then got up and left the office Walking to the company gate, she planned to go to a nearby store to pack a meal to eat back at the office, which was convenient and quick and could also avoid meeting with colleagues.

She went down the steps and walked with her head down.

Suddenly, she saw a pair of shiny leather shoes, and before she could react, a lazy male voice came from above her head, "I've been waiting for you at the door for a long time.

If you don't come down, then I'm going to go up to you."

Lucia froze, and when she looked up, she saw Jamie who was smiling crookedly at her.

"Wh-what are you doing here?"

Jamie smiled wider and stepped forward to approach her, "Why can't I come?"

Jamie raised an had to walk with him in the direction of the company´ and asked another question, "Do you really have other things to see August?"´ Jamie nodded slightly, "Don't worry.

I still know what to say and what not to say." Hearing him say that, Lucia was relieved. When they arrived at the office and waited for the elevator, Jamie looked at Lucia beside him and said, "I'll walk you back to your department first."

Lucia her and Jamie together, they would probably say something again.

"Why not?"

Jamie drooped his eyes and asked tentatively, "Do you think I'm embarrassing you?" "No, anyway, I'll just go back by myself."

During the argument, there was a sudden sound of footsteps and a colleague whispered, "Look, President Adams is here!" Hearing the word "President."

Adams", Lucia subconsciously turned her head and saw a group of people led by August walking this way.

Standing in the middle, Before he could finish his sentence, August had already turned his head. August was a little surprised to see Jamie, and his face was somber when he saw Lucia next to him.

Why were they together? Ignoring the report of his men, August stepped away and walked straight toward them. Half a meter away, he stopped.

Looking at Jamie, he asked in a cold voice, "Mr.Nordhaus, how are you?" Jamie curled his lips, smiling insincerely, and lifted his chin, "Mr.Adams, do you were cold, as usual, "If you want, I'm always available."

Jamie smiled, "Okay, let's have a cup then."

With his gaze pausing on Lucia, August said quietly, "Since Lucia is so familiar with Mr.Nordhaus, why don't you come along too?"

Saying so, he stepped towards the exclusive elevator inside. When she was suddenly named, Lucia panicked. Why did August ask her to come along? In this situation, she didn't dare to ask more questions.

In order not to anger August, she had to follow Jamie to the exclusive elevator.

The men who were originally elevator door closed.

In the closed space, no one was talking, making the atmosphere a bit awkward. Jamie did it on purpose or something.

Just when the elevator was silent without a pick you up tonight?" Lucia was stunned, not expecting Jamie to be so bold as to ask her this in front of August. Now She didn't know if she should answer him, in a proper dilemma. Lucia clutched the corner of her coat and forced a fake smile, "No need..."

Saying so, she also did not forget to make a wink at Jamie.

Jamie saw this and laughed.

As if he are you smiling so hard?" Lucia dodged away in a hurry to avoid suspicion, without knowing whether to smile or cry As expected, August turned his head, with a pair of black eyes glowing with cold light, which made her a little scared.

Now she wanted to kill Jamie! Finally, along with the sound of "ding-dong", the elevator arrived.

Seeing August take the lead in getting out of the elevator, Lucia took a deep breath of relief and reached the President's Office. As August walked into the office, Jamie swept a glance at the office decoration, then a smile appeared on the corner of his lips, "I remember the last time I came to August naturally knew that Jamie had his tongue in his cheek.

He walked across to Jamie and sat down, looking at Lucia, and ordering, "Go prepare two cups of coffee and bring them over." Lucia stood in place and hesitated for a second.

Only then did she react, she answered, turned around, and walked out of the room.

You're so young and lack experience."

He sounded like an elder giving advice to a younger one, but Lucia felt' apprehensive at the bottom of her heart.

She took a deep breath and touched the long, way.

When they arrived at the destination, she saw the cars in front and behind.

Only then did she find that those people were the ones who had just eaten together at the Lucia looked around and saw that besides her, there was also one of Mr.Garcia's secretaries, so she felt less worried and followed them into the club.' In the private room, the waiter served several bottles of wine.

A boss named' Slinger joked, "Mr.Stebbing is the host today, so we'll have as much as we can.

We'll drink nothing other than good wine!"

Hearing that, two other men looked at each other and smiled, saying in agreement, "That's right.

It's a rare occasion to come out and have fun.

You won't be stingy, Mr.Stebbing, will you?"

Ted raised his hand.

His voice sounded powerful as he said with certainty, "Of course not.

You can all order what you like and put it directly on my account!"

Once the bottles were opened, they drank a round first and the atmosphere was' anything.' Mr.Slinger saw that and laughed.

"Mr.Stebbing's and Mr.Garcia's assistants are both beautiful, but they don't seem to be very talkative.

Since you're here now, why don't you have a drink with us?"' When he started, other bosses agreed.

Upon hearing that, Mr.Garcia gave his secretary a wink.

"Laura, did you hear' them? Why don't you toast everyone?"

The woman called Laura got ^"p, picked up a glass and poured some wine.

She greeted and toasted the bosses, saying something nice to boost the mood, and then drained the glass of wine.

Seeing her down the wine in one gulp, the men all clapped and cheered in a frenzy of excitement.

When Laura finished her drink, they all turned to Lucia.

Feeling Ted's sullen gaze, Lucia knew in her mind that she couldn't avoid it now.

Besides, another boss's secretary had drunk.

If she didn't, Ted would surely get embarrassed, so she had to drink. Lucia poured a glass of wine, said some nice words to the bosses like Laura did, and then tilted her head back to down the wine. Hearing their shouts of approval, Lucia was relieved.

She thought this was the end, but it was just the beginning.

The men had a round of drinks, joking and playing games with each other, and when they saw that there was no more wine in the bottles, they called for the waiter again. They ordered more bottles of wine, and when the waiter was about to get out, he was stopped by Mr.Slinger, who said, "Wait a minute.

Get some pretty girls here." When he said so, the men next to him all agreed.

Mr.Slinger smiled with his eyes narrowed into two slits, looking lewd.

"It's boring to just drink, isn't it? It's much more fun to have a beauty with you!"

"Don't we have two beauties here? Do we need to get more?"

At once, the men's eyes turned to Lucia and Laura again.

They eyed the two of them without scruples.

Lucia was disgusted by their gaze, feeling as if their eyes were getting through the fabric of her clothes like knives to molest her. Lucia clenched her fists, desperate to rush straight out of the room. "I think it's better to get two more beauties here, so we can all have fun together!" Mr.Slinger suggested, and as he finished, the men next to him burst into with them.

He had a nasty look in his eyes and a disgusting expression on his face. After a short while, there was a knock on the door of the room.

When the door was hand and pointed at two of them. "You two, come on." The two women who were chosen smiled smugly and walked over to sit down directly among the men. The managers and bosses had been looking polished on the surface.

However, when they saw the women, their eyes went to the women's breasts as they drank and said nasty things. Lucia shrunk in the corner.

"All right, Lucia?"

Paula reached out to pull Lucia up and checked anxiously if she was hurt.

Lucia secretly sighed with relief and shook her head.

"Yes, Paula, I'm fine."

If Paula had come any later, something would have happened to Lucia.

Having made sure that Lucia was okay, Paula turned around and shouted coldly at the others, "What are you lot doing? Bullying a woman? How dare you!"

The managers and bosses in the room froze at the sight of this situation.

Mr. Slinger was the first to react, narrowing his eyes and smiling, "You can't be serious, Lucia.

We're just having a drink.

Why do you have to get your friend here? You're putting your leader, Mr. Stebbing, in an awkward position."

By saying this, he immediately put the blame on Lucia.

Lucia raised her eyes to look at Ted who had a sullen face, clenched her fists and took a deep breath.

"I'm wondering why you have to put me in such an awkward position, Mr.Stebbing.

Do you think it's right to have your female employee drink with your clients?"

When she said that, Ted's face became more sullen.

He watched her coldly like a hawk as if trying to see through her.

He coldly Ted actually said he didn't force her to drink? Did he have to put a knife to her neck to force her? Paula pulled at Lucia's hand.

Paula secretly cursed, pushed down the handbrake with some annoyance, and got ready to start the car.

Burton didn't dare to say anything.

After all, the "scumbag" Paula was talking about was his boss.

Paula was so angry and annoyed that she couldn't help but continue to spit out, to all her comments, but he didn't dare to say a word. When they arrived at the bar street, Burton found a parking space and parked the car. chin at him.
