Chapter 462

Paul's face looked livid upon hearing this name

He did not expect it to be him!

He and Joshua had met several times, and every time he and August Adams confronted each other, Joshua came to play the role of peacemaker. He gave him the impression that he was worldly and smooth, superficially cynical, but it was impossible for others to figure out his mind. In short, he was an extremely complex person.

Paul inhaled deeply and asked, "Are you sure?"

Charlie answered, "I can almost be sure."

Paul was almost certain after hearing this.

Hearing him say that, Paul was almost certain it was him. After all, he was aware of Charlie's professional ability.

"Should we tell Miss Ruan about this?"

A dark gleam flashed through Paul's eyes. He paused for half a second and said, "No, not now.

This really made him eat his words. Moreover, he also wanted Lucia to think that it was Jeanne who had done it. In this way, it would be more beneficial for him.

Paul took a deep breath and said, "No other people need to know, understand?"

"Yes."

Hearing his response, Paul hung up the phone and walked to the car.

Through the car window, he was touched by the woman's beautiful profile.

He felt there was nothing wrong with a little cheating on the woman he wanted, if it would enhance their
