### Chapter 464

The light in August's eyes darkened and his face was full of anxiety. He immediately caught up with her and said coldly.

"Lucia, we've signed the contract. It's not your call to stop the film."

Taking a deep breath, Lucia replied, "I'll compensate you for the liquidated damages."

August walked up to her quickly and said coldly, "I don't want any liquidated damages."

Balling her fists together, Lucia gnashed her teeth and asked, "Then what do you want?!"

Looking at the woman's eyes as bright as stars, August's throat tightened and he said in a deep voice, "I want you to stay."

Five years ago, he had experienced the feeling of loss once, and now, he didn't want to experience it again.

Lucia was slightly stunned. Two seconds later, she sneered, "August, are you out of your mind? In what identity do you want me to stay? Have you forgotten that you already have a lover?"

August took a deep breath and blurted out, "Jeanne was only my nominal wife."

Lucia's mind instantly went blank.

A few seconds later, she slowly came to her senses.

How was this possible?

The marriage between her and August was normal indeed, but how could that happen to Jeanne and August? Furthermore, he was so protective of Jeanne. How could he....

Suddenly, she felt a warmth on her shoulder. August held her shoulder tightly, straightened her body, and let her look into his eyes. "Lucia, you still get feelings for me, right?"

His words were like an electric shock that caused Lucia's body to go numb. For a moment, she was speechless.

After a while, she suddenly came to her senses and pushed him away subconsciously. She shook her head and said, "No, you're overthinking that!"

As she spoke, she took two steps back and turned to escape. However, before she could take a step forward, she heard August ask, "Then how could you explain that?"
