### Chapter 470 That would involve her

The expression of the man in front of her was grim. He fell silent for a moment and said, "Lucia, if you believe me, bring her to me, and I will investigate it"

Even if Jeanne did something wrong, they would break the law if they caught her without any evidence

Although he knew that Paul kidnapped Jeanne, he had no way to contact him Now, he could only contact Paul through Lucia.

Lucia took a deep breath She shook her head. "I don't believe you"

So many times, she fully trusted him. But finally, she got disappointment every time

At least, compared to Paul, Lucia thought Paul was more reliable.

Let alone they were investigating Paula's car accident. She couldn't compromise, much less believe what he said so easily Lucia took a deep breath. She looked at August and said deeply in a cold voice, "Paul was just investigating it He will send Jeanne back in one piece after he figures out everything"

August frowned and said with anger, "But now you can't hold Jeanne"

Lucia sneered She gritted her teeth and asked back, "August, do you have any idea what kind of thing we are investigating now? Have you ever thought about, what if Jeanne is the real killer?"

Lucia's eyes were bright and she was firm. As if she had the exact answer in her mind

August frowned and didn't speak for a long time. Then, he said in a flat tone, "Bring her to me I will find out these things and give you an answer."

"Last time, you said the same words to Paul when I was kidnapped by others at my birthday party"

Hearing Lucia's words, August didn't know what to say He frowned slightly "That's different"

Lucia questioned closely, "What's the difference? These things are done by others deliberately. How do you know these things are not done by the same people?"

August frowned more tightly and didn't say anything for a long time
