### Chapter 475 Waiting For A Long Time

Lucia hesitated for a fraction of a second before responding "I promise you, for the sake of Paula."

This affan was clearly beyond her ability, so she was glad to see August's intervention since with August, this matter could be solved sooner and more easily

She must have to find the real culprit who hit Paula with a car as soon as possible Only in this way could she do justice to Paula!

"Good, August came close to Lucia and continued, "Now that you are going to cooperate with me, you have to promise to keep a secret of what has happened in the police station today'

Lucia was in a daze about his request.

In that case, she couldn't reveal anything about her meeting with Hallie Bruns even the details of Hallie's confession that she was just a scapegoat, let alone the audio cassette tape recording the conversation between Hallie Bruns and Mark Page Lucia was in a confused state. "Why?" She asked aloud with knitted brows

Hallie was expected to be key to their success Why shall they be discreet about that? Doesn't he want to vindicate Jeanne Kelly?

"Don't wake a sleeping wolf, August said with great seriousness

Lucia listened to his answer mutely

She didn't know what August would do next, but his voice of conviction restored her faith in him that he was ready and primed for action.

She clenched her fists to banish her doubts from her mind "Well, I'll promise you, But I hope you can act as swiftly as possible."

She couldn't wait around until the cows came home for Paula had to go abroad for treatment soon. Time was not on her side!

August looked into her eyes for a split second. "I'll arrange everything"

It was time to leave since they had reached an agreement Lucia drove away from the police station then
