### chapter 488

After a short whisper, Bishop looked at the woman in front of him with a smile, and said softly. 'This matter should not be difficult for you ■'

The smile on Mandy's face faded a bit, and she was a little puzzled. 'Is that ok?'

Bishop nodded slightly, 'Yes \* It was a very simple matter for Mandy now, it was just a piece of cake, but it could make him to control August. August owed Bishop and Mr. Denko, and it was time to end this. He raised his eyes and saw Mandy with a thoughtful expression, and the hand on her waist was slightly tightened, and he brushed her slender waist vaguely, and reminding softly, 'Shouldn't it be time to go back?'

Mandy came back to her senses. glanced at the time, and quickly realized, 'Yes, it's time to go back'\* As she said that. she was about to push the door and get out of the car, but she was suddenly pulled back by the man, and before she could react, he kissed her.

When they kissed intensely, their breath intertwined, making her be unwilling to wake up for a while. Just when the two of them could hardly hold back, Mandy pushed him away, blushing, said. 'Okay, I should go back'\* Seeing her blushing and charming appearance, Bishop chuckled lightly, and finally let her go.

Mandy pushed the car door and got out of the car, looked back at him again, then reluctantly closed the car door and left. She was completely in the sweet love of a little woman. She smoothed her clothes, lowered her head and walked quickly into the hospital gate, not paying attention to her surroundings at all.

On the other side of the entrance, August and Burton stepped out one after the other. August's face was slightly gloomy. After walking a few steps, he suddenly frowned. He glanced and saw the black car just stared on the opposite side of the road. He was a little more alert. Burton was also keenly aware of something, and his eyes fixed on the license plate number of that car, 'It seems to be Bishop's car.'

August's face darkened a bit. and he said coldly, 'What is he doing here?'" Burton remained silent. August turned his head and looked at the woman in the nurse's uniform in the hall. He doubted, and he ordered in a cold voice, "Go and investigate." It was absolutely impossible for Bishop to appear here for no reason. He was shrewd and deep, and August didn't know/ what plans and actions were going on, so they must be careful.
