Chapter 509 A Melee

Zane took a deep breath before saying, "Ethan even threatened Mr. Adams with you earlier."

Lucia wrinkled her eyebrows, saying, "What?"

Zane's words quickly stirred up her memories. In the past when she was kidnapped, the masked ghost-faced man called himself Ethan. Later she asked August, but he refused to say anything, and then she slowly forgot about it.

Zane reminded, "Remember that dead cat?"

When Lucia heard his words, her body shook and her back instantly stiffened. She remembered the series of inexplicable flowers and gifts that appeared during that time before, the letter with the spider web Logo, and the dead cat in the trunk, as well as the incident when she was kidnapped to the island and required to sign an agreement to keep away from August. It was all done by that Ethan guy! As she recalled this, shivers suddenly went down her spine again. An inexplicable anger welled up in Lucia's heart. She clenched her fists as she asked, "Did he cause what happened this time again?"

Zane nodded wordlessly. Lucia gritted her teeth and didn't say anything.

Zane turned his head towards her and asked, "What are we going to do now?"

Lucia thought for a moment. After a while, she gritted her teeth and said, "Since they have something to do with what happened to August, let's go over there and just seize them and see if we can get something from them."

At this, Zane nodded and said, "I'll inform Kylan
