Chapter 531 Using That Woman

Austos had a hidden rich residential area, and one villa was located in the southeast corner of it the among greenery,

looking inconspicuous. A low-key black car went to its entrance and slowly stopped. Soon, Kylan and Zane got off. Kylan

went to the other side of the car and opened the door to help Olivia to get off.

Olivia had lingering fear after such an incident although Kylan had told her that they were working for August. When the car door opened, she looked at the strange villa, hesitating whether to get out or not. Suddenly, the iron gate was pushed open, and a familiar face appeared in her sight. Immediately, Olivia showed a surprised look with tears in her

eyes, quickly got out of the car, and shouted, "Lucia!"

"Olivia!" Lucia stepped forward to support her. Seeing her, she was also so excited that she almost burst into tears. Olivia looked at her uncertainly and asked, "Is this true? Is August waiting for me?"

Lucia nodded seriously, "Yes, he is waiting inside. This way, please."

Olivia was old, so when she heard her words, she staggered forward with obvious vicissitudes on her face.

Thinking Olivia would see August in a wheelchair soon, Lucia subconsciously slowed down because she couldn't bear to

see it. She knew Olivia would be sad to see her grandson become like this.

Even though Lucia didn't want to see the scene, Olivia walked to the gate quickly. After stepping in, she saw August in the

wheelchair. He was wearing a soft off-white sweater and brown trousers. He had not dressed up, and his hair was a little

messy, but his casual look somehow made his thin body look gentler. When he looked at Olivia, there was a rare soothing
