### Chapter 535 Making A Deal

As Olivia had said, Paul had not called or sent her a message during the past few days. Lucia knew it was because he was angry with her this time, so she took a deep breath and said softly, "Maybe he's been too busy..."

"Silly girl! No matter how busy he is, he must have time to make a phone call or send a message!"

When Olivia was about to reply, August suddenly came over in his wheelchair and asked, "Who is busy?"

Lucia instantly froze and couldn't utter a single word.

Seeing this, Olivia rolled her eyes at August and snorted, "As the saying goes, a person in a favorable position gains special advantages. During the past two days, you had a lot of opportunities, but you did not seize them!" Then, she gave him a snort, dusted her palms, and walked into the house unhappily..

August was stunned and couldn't understand what she meant at all. So, he looked at Lucia suspiciously. Seeing her fiddling with the plants without looking at him, he narrowed his eyes slightly and asked lightly, "What did you and my grandma talk about just now?"

"Nothing serious. We were just chatting casually," Lucia said without raising her head and continued to fiddle with the plants.

August was dissatisfied with her answer. He drove the wheelchair up the stairs, stopped in front of her, and asked with a half-smile, "Did she say anything about us getting back together again?"

Olivia had kept nagging him to remarry Lucia in the past two days, so he knew what she was thinking. He had failed to understand what she meant at first but soon guessed it after being stunned for a short while.

Lucia paused her actions for a moment, looked up at him in surprise, regained her composure, and said lightly, "You can think so if you want."
