Chapter 575 Force-feed

The maid hesitated for a moment. Since Bishop had already said so, she could not say something against him. She could only walk to the bed with a tray.

The maid tried her best to persuade Mandy, but Mandy lay on the bed and did not respond at all. Her eyes were fixed in one direction, and her lips were tightly pursed.

The maid picked up the bowl and stirred it gently with a spoon. She said, "Miss Lu, you can eat a little bit. The temperature is appropriate now."

Mandy remained unmoved and ignored the maid's words. She didn't even want to move her eyes. The maid asked, "Sir, what should I do?"

With a grim look on his face, Bishop stared coldly at the woman lying on the bed and ordered, "Make her eat it. She should be force-fed today."

The maid didn't know what to do. She didn't dare to say a word and walked to the side, picked up a small remote control, and pressed a button.

Right at that moment, the chains around Mandy's body slowly tightened. In the end, her hands and feet were tied together. Mandy couldn't move her limbs or struggle at all. She was like a fetus that had shrunk into its mother's womb, and her body was curled up together. She seemed helpless and pitiable..

The maid picked up the bowl of porridge and used her other hand to push back wisps of hair that fell over Mandy's eyes. Pinching her chin, the maid squeezed Mandy's mouth open and poured the porridge into her mouth.

Mandy furrowed. The expression on her face became pained. Her head struggled, but she couldn't break free. The liquid flowed into her mouth, and a part of it spilled out onto her neck...
