Chapter 841 He Is Fake

"Currer?" August asked indifferently without raising his head. Lucia snorted, "It's her. She's your girlfriend now and came here to find you. I tried so hard to let her leave." Lucia shook her hand which was hurting due to hitting Currer earlier and was complaining in a miserable way. "It should be Currer who suffered a lot because of you." Hearing August, Lucia rolled her eyes and said a bit angrily, "What? Are you feeling sorry for her? Go comfort her if you feel so." Before August could actually say something, an abrupt ringtone sounded and interrupted the talk between them.

Looking at the caller on the screen, Lucia was darkened and then walked to the balcony with the phone after a gaze at August. "What's up?" "Lucia, Joshua got something new..." Sophie said seriously on the other end of the phone, "He's not Edmund but his twin brother, Lawrence." Edmund came from a peasant family of four persons. Edmund dated the daughter of a political tycoon when he was in college and then married her. He benefited the Shea family a lot after he got married, but he died of illness less than two years. The Shea family had suffered so much to earn the good living they had, and they were so afraid that they would lose it due to the death of Edmund. So, they pretended that the one who had died was Lawrence, while the real Lawrence lived with the identity of his twin brother, Edmund.

Lawrence wasn't willing to live his life like his twin brother, so he killed his so-called wife who actually was his sister-in-law in person after the political tycoon died. Lucia was so frightened when hearing the truth and was wet with cold sweat. She asked in a hurry, "Then Phillip..." "Phillip is the son of Edmund but not Lawrence's." That was why Lawrence would do those terrible things to Phillip over and over, which hurt him so much.

And then we'll be able to conduct an investigation of a bit more time, and he will get something more beneficial to us..." "We don't have that much time." Edmund didn't suspect Lucia at all. The only thought on his mind was that Lucia had finally accepted him, which was a super surprise to him. "But I've made no preparation." Shaking her hands, Lucia said, "Neither

Lucia deliberately made a reluctant expression, and finally nodded as a compromise. "Have you packed everything?" "I'm here to tell you that I need to figure something out, which will take me about a couple

of minutes. You and Phillip can wait for me at the airport." Edmund's attitude was obviously cold. Lucia replied to him at once, "Phillip and I can wait for you here." Lucia was trying to buy herself more time to exchange the file and send the real one to Sophie.

"No way." Edmund refused coldly without hesitation, "It'll be convenient for me to go to the airport directly, so Phillip and you should wait for me there." Sensing Edmund's reaction, Lucia thought he might have been suspected of her. So, she didn't say anything more but talk nicely to Phillip after letting out a smile.

Edmund had bent down to look under the bed as soon as Lucia and Phillip left. His eyes were filled with great anger as well as a strong killing intent when he saw the dust falling from the file and the fingerprints on the floor. There was no warmth in his eyes anymore. Currer sneered when she saw Edmund entering the café with a vicious aura, "I heard you'll have a vacation with Lucia. Won't that make you happy?" Giving Currer a cold glance, Edmund said, "You're so well informed."

"I know more than you think. And I've something more to tell you." Thinking of what happened outside the place of August, Currer gritted her teeth, "Lucia has been living with August. What's more, Reggio is chasing her. You know what? You're like a backup to her." Edmund replied after smashing the glass on the table with a loud sound, "I've changed my mind." It stunned Currer a lot.

Taking a deep breath, Lucia followed Edmund after casting a glance at Phillip and the seats next to him. Two people with big sunglasses were sitting on the two seats. One of them said in a childlike

Looking at the traffic below the tall building, Lucia was dizzy. She was caught tightly by Edmund after a few struggles. He pulled her chin hard, and even his voice sounded so crazy. "Lucia, I really don't mean

to hurt you as I'm so into you. But you were challenging me over and over." Lucia's delicate face was flushing as she struggled to say, "Lawrence, you shouldn't just focus on me. You have families and should think for them..." "Shut up." Lawrence growled at Lucia as his eyes were red, "They care about only Edmund who can benefit them. They've never really cared about me. All of them should go to hell and so should you."

Lawrence was grabbing Lucia's neck harder and harder, pressing her delicate body at the edge of the rooftop. "Joshua must have got that file, so I wouldn't have a chance to survive this. Now that I will die anyway, I'd better get more partners with me. Lucia, in our next life, or I mean, maybe we can be a ghost couple. That will be a good ending for me, and I can wait..." Before Lawrence could finish his words, he was badly hit by someone. He lost his balance and fell to the ground after stumbling a few steps. He was knocked unconscious before he could have a chance to fight back.

"Stop" Quickly calming herself, Lucia took two steps forward and stopped August directly. "I can't explain to the judicial authorities if you badly hurt him. Do you also wanna go in jail?" August stopped and then wiped the blood stains on his hand with a handkerchief, "You would have died here if I hadn't showed up." "I've just survived. Could you say something nice to me?" Lucia added after rolling her eyes, "I'm being nice to you though you secretly took Janet here without my permission. I could have called the police. Okay?"

In fact, Lucia had found that August and Janet were in Cardiff two days before. However, she didn't talk to them as she was afraid that Edmund would suspect her. When they were in the downstairs earlier, she gave them a look, signaling them to protect Phillip. She didn't expect that August who was acting like an idiot would leave the two kids downstairs. Lucia still felt kinda scared when thinking of the talk between Edmund and her.

got a plan B that he would send the information about Lucia to Currer directly. Then even if he himself failed to kill Lucia, someone else would do the same thing for him. Currer had informed Reggio of the information about Lucia as soon as she got it from Edmund, so the overseas organization had already begun to take action when Griffith Organization could find something wrong. To ensure the safety of Lucia, Flynt

Currer were detained at the border. What's more, the dealings under the counter of Cardiff Business Coalition were also uprooted, leading to the whole market of Cardiff in tatters. "Well, what about August?" Lucia asked immediately. "He's a member of Cardiff Business Coalition, but he has never been involved in their activities. So, Flynt did something to keep him

He's also in a difficult situation. What about forgiving him? One more thing, Flynt has a secret gift for you." After Sophie finished her words mysteriously, their car stopped steadily at the entrance of Griffith Organization. The two of them entered the gate one after another. Before

"Don't worry about me." August said while holding Lucia in his arms. Meanwhile, a cold light flashed in his eyes. "We hacked into Lawrence's laptop and intercepted his message to Currer, so they shouldn't know that Lawrence has been controlled by us." Lawrence got to know he had been exposed the moment his alarms sounded, and came up with the idea, to die with Lucia. Besides, he also had a plan B, which was that he sent the information about Lucia to Currer when his alarms sounded. If Currer really had got the file, Lucia would be in great trouble. Fortunately, they had known what Lawrence would do and intercepted the file.

Lucia finally got relieved, as the plan hadn't been affected. Suddenly coming up with something, Lucia tapped August on his chest and wrote on it with her finger, "I've yet to ask you how you found me on the rooftop." Letting out a smile, August said, "I went there with Janet." Lucia widened her eyes and said, "You followed me? With Janet?" August replied after a sigh and kissed Lucia on her forehead, "It was so dangerous at that time, so how would I leave you alone with Lawrence?" Lucia didn't say anything, but she felt so sweet in her heart. At least, August still cared about her and was willing to risk his life to come to her rescue.

Lucia got a sore throat, but it wasn't that serious. She could speak after a few days of rest. When she thought of the other enemies, she asked, "What's your next plan?" "Well, we don't need to talk about it now. I'll take you to a place." Lucia was pulled away by August, as well as Janet. The three of them got on the car. Lucia didn't get to know anything until she saw the driving route. "Are we going to Griffith Organization?"

of mockery in Lucia's eyes, August said in a soft voice, "Hey, it's been two years. Could you stop getting mad at Flynt? He's also in a difficult situation. What about forgiving him?" Their car stopped steadily at the entrance of Griffith Organization as they were talking. The three of them walked towards the hall side by side. Before they stepped into the hall, a

She turned to glare at August, "So, you disappeared for two years. Is it your way to trick me into coming back?" Janet interrupted in a hurry, "Mom, please don't get mad at dad.

Lucia stood on the stage in a white dress, and the whole look made her so charming that no one could know her real age. Everyone was attracted by her. Curren felt so jealous of Lucia when looking at her. Lucia had rarely showed up in public since she let Timothy take over the company, so a lot of media attended the party. Since Lucia hadn't showed up for quite a long time, the media were so excited to hear the thing which Lucia was gonna announce, which would definitely be a big deal.

the stage, Lucia said with an intoxicating smile, "Everyone, what I wanna say is that my husband, August, has come back." The short sentence was like a boulder into a lake, which set off a huge uproar. The next second, numerous flashing lights shone on Lucia, as each of the media outlets was so eager to report this piece of sensational news. "Ms. Mitchell, are you sure you're not kidding us?" Curren didn't give up, and when she wanted to take action again, Lucia grabbed her arm, flung it away, and said coldly, "Ms. Sullen, please restrain yourself."

The incident happened suddenly, so the media in the audience were stunned at first, and then frantically pressed the shutter. They were like sharks smelling blood.

Currer was outraged, "Reggio, you don't have the right to order me!

Reggio's cold voice came from the other end of the phone, "Just because I am your superior. Currer, you should immediately go back to Cardiff and don't go back to Austos City, unless you don't value your life."

Reggio's words seemed to strangle Currer's throat, causing her stunned and speechless. After a while, she gritted her teeth and said, Reggio, although Cardiff Business Coalition let me work under your command, it doesn't mean that you can threaten me at will. There is an old saying in our country that the worm turns." Currer was able to cooperate with Cardiff Business Coalition, which meant she was competent. If Reggio really dares to do something excessive to her, all the illegal transactions made by Cardiff Business Coalition secretly would be exposed.

The two walked side by side. Just their backs made people feel they extremely matched. In the dark corner of the street, Currer was staring at Lucia's back, and her eyes were vicious. She cursed, "This damn Lucia!" "Take action." Facing the deserted street, Currer said coldly.

Then, several figures came out of the shadow behind her, and approached the unsuspecting two people at an extremely fast speed.

August immediately noticed the movement behind him. He turned sideways and easily avoided the other party's attack. By the way, he took Lucia's hand and brought her behind him. August frowned, looked at the group of unkind people in black, and said coldly, "You are..."

Chapter 849 I Had to Save Lucia

Currer raised her head and stared at August's stern face affectionately, "August, you have to trust me. When we were in Griffith Organization, we were the most trusted partners...Everything you saw from Lucia is fake..." She hugged August and leaned against his chest, but August pushed her away indifferently.

August glanced in the direction where Lucia was leaving, and frowned unrecognizably, Currer, no matter whether she is lying to me or not, but the situation is special now, so I have to save her." After finishing speaking, August walked away without looking at her again.

Currer didn't expect August to say such a thing, and a bloodthirsty look flashed in her eyes. Lucia was really a troublemaker. Even August had forgotten the past, but at this moment, he still wanted to save her! Currer took out her mobile phone, and was about to send a signal to her subordinates to kill Lucia immediately. But after thinking about it, she thought Lucia was still useful, so she finally put the phone back.

Chapter 850 The Plan Had Changed

Lucia glanced at the clock beside the bed, and it showed that it was eleven o'clock in the evening, so she simply took a shower and fell asleep. She knew that the other party would definitely not hurt her at this time, so she slept soundly this time.

Not long after Lucia waking up the next day, people outside heard the noise inside, and several maids filed in with a lot of things. Clothes, shoes, and even accessories were all ready, and these things' size was the same as her own. The maids lowered their heads and looked indifferent, like a machine without emotion. Lucia's eyes slid over the things they were holding one by one, and she frowned slightly.

Although they have expected that Currer would attack her, Lucia suddenly couldn't understand what Currer wanted to do to her. She was on guard, but Lucia still put on the prepared clothes calmly, and then the leading maid took her out of the room.

about five minutes, Lucia finally arrived at a hall, and Lucia finally saw the figure at the other end of the dining table. The man looked up, with a refined smile that gentlemen had on his face, "I haven't seen you for a long time, Lucia." "Mr. Smith?" Lucia's red lips opened slightly. Her eyebrows raised in surprise. She took a step,
