Chapter 931 Now I am Mrs. Thomas

After looking around, Lucia understood that they shouldn't stay there too long.

So they left. Before their departure, Sophie said to him in an ironic tone, "Paul, sometimes everything will not return to normal even if you know you're wrong. When you did those things, did you think about today?"

Sophie just felt hatred when seeing that Paul treated Daryl in that way.

Doesn't he remember what he had done to Paula and how he treated Daryl's sincerity in a cruel way?

Sophie admitted in her heart that she felt quite happy when seeing that Paul was miserable.

What's more, she thought what Paul experienced right now was much less miserable than what happened to Paula and Daryl.

Sophie's words pierced Paul's heart like a knife .

He turned around in a daze. Looking at Daryl from behind who didn't say anything, he felt as if his heart was being tortured by a knife.

Just by sitting there, Paul gave out a strong sense of oppression. With his cold expression, it seemed that one would be frozen to death just by taking a looking at him.

He said coldly, "Zoey, I want to ask you what you did to Paula the day I was away."

He knew that the reason why Paula got illness must have something to do with Zoey.

But no one else was at home that day except Paula and Zoey, and Paula refused to say anything, so Zoey of course denied what she had done to Paula

Upon hearing Paul's words, Zoey felt panicked for just a moment before she quickly calmed herself down, "It's none of my business that she's sick."

She raised her head, "Paul, I warn you that I won't let you go if you dare to mess with women outside."

After saying that, Zoey picked up the bag on the desk and snorted coldly before he left in high heels.

August's hands were chained , his body was tied with wire rope, and his mouth was sealed with tape.

He looked more like he was kidnapped.

But this is what Marlana did on purpose, in order to prevent August from escaping while going out.

There were many shop assistants in the bridal shop, and they were all trembling at this moment. Even after seeing such an absurd scene, no one dared to say a word.

After Marlena took over the Smith family, Lamar City has almost become her world.

After choosing the wedding dress, August was forced to change his clothes again. There were too many guards and he was unarmed, so August could not find a chance to escape.

Entering the studio, someone behind August pointed a gun at him, forcing him to take wedding photos with Marlena.

he finished speaking, Daryl frowned slightly, and a look of helplessness flashed in his eyes, interrupting Dylan's next words, "Dad, I just returned to Austos City, so I don't want to think about it too much for now."

Seeing her resistance, Dylan slowed down his voice, "Okay, okay, let's wait for a while."

Dylan didn't push her anymore, but Daryl didn't relax at all.

She didn't want to get married, but she knew that it was only a matter of time before she got married.

Sighing secretly, Daryl set his sights on Ryan.

Ryan was having fun in the yard. Compared with the first time we met, most of the hostility in his body was removed. At this moment, he looked more like a child.

Daryl looked at Ryan's smile and a thought popped into his head.

Perhaps, as long as she adopted Ryan, she wouldn't need to get married again in this life.

Janet looked at Lucia's dazed expression, knowing that she had no idea what was going on outside, and couldn't help but feel a little helpless.

"Mom, why are you so nervous? That woman posted news in Austos City that she was going to marry Dad, and now everyone is talking about it on the Internet."

It was precisely because of this incident that Janet ended the performance early in order to come back to accompany Lucia .

Turns out Lucia didn't know about it at all.

Janet couldn't help complaining in her heart, her mother really didn't have any sense of crisis.

Lucia's expression froze, she quickly took out her mobile phone, and opened a news app casually.

Before she clicked on it, the screen-opening news on the software was the news of their so-called marriage change.

"Mother.... "

Ryan called out the name jerky, his eyes were confused and ignorant.

Ryan has no relevant memories of his mother. It has been too long, and even the memory of his father has been blurred.

He didn't know what a mother was like, and no one had ever told him what it was like to have a mother.

But when he came to Austos City, he saw the gentle way Lucia treated Timothy and Janet, and he was very envious.

Of course, Aunt Lucia is also very kind to him, but he also longs to have a mother of his own.

Seeing that Ryan didn't reply for a long time, Daryl thought he disagreed, a look of regret flashed in his eyes, but he didn't force him, he just said: "It doesn't matter, if you don't want to, I..."

Chapter937 He Is My Husband's Child

Daryl didn't want to talk to Paul at first, but when he heard him ask this question, he paused slightly and looked up at him: "He is my son."

"Son?" Paul didn't believe Daryl's words at all, and his tone was mocking: "Daryl, I don't know, you left for two years, when did you have such a big son?"

Although Ryan is much shorter than his peers because of the abuse he suffered, he is still a six-year-old after all.

Daryl met Paul, he had never even talked about love, so how could he have such a big child.

Paul just thinks Daryl is lying to avoid him.

Daryl's face remained unchanged: "He is my husband's child;

As she spoke, she brightened the ring on her left hand and looked at him calmly: "Mr. Thomas, you and I already have our own families, so let's just pretend that the previous things never happened."

The Davenport family is not considered a big family in Austos City, but it still has some status. There are many people who want to curry favor with the Davenport family, so Daryl held a family recognition banquet, and many people came.

Lucia came out with her two children, almost everyone focused on her.

Lucia has appeared in public since the marriage turmoil emerged .

Facing the eyes of everyone, Lucia looked indifferent, and did not pay attention to the scrutiny of these people at all, but found Daryl who was chatting with others.

Daryl saw Lucia from the corner of his eye, smiled apologetically at the person who spoke, and then came to Lucia's side, the two sat in the corner of the banquet together, Timothy and Janet sat beside them quietly.

Daryl looked along the line of sight. Paul was standing in the crowd, holding a glass of champagne. Under the dim light, the emotion on his face could not be seen clearly, only the two burning fires in his eyes remained.

Paul's gaze was too straightforward, her body froze slightly, she didn't have time to think about why Paul appeared here, and quickly avoided her sight.

After adjusting his facial expression, Daryl said into the microphone: "Thank you for coming to this..."

Offstage, Paul's gaze was obscure.

Daryl wore a small white dress, his hair was gently pulled up, forming a beautiful shape on his head, making his whole person more beautiful.

She stood in the center of the stage with calm and confident eyes.

Paul looked stunned, and he suddenly remembered the first time he met Daryl, when she was huddled in a corner, and she was a little cautious when talking to him.

Paul was taken aback for a moment, then lowered his head, with an incomprehensible emotion flashing across his eyes.

The air was silent for a while, and then Paul raised his head, with a gentle smile on the corner of his mouth:" Mrs. Davenport just joked ."

" Mrs. Davenport and I are just friends, why bother?"

Daryl's turn to be stunned, she frowned slightly, and her eyes fell on Paul's face for a long time.

His handsome face was indifferent, and he didn't look out of control when he saw her at first. Daryl saw that his expression didn't look like a fake, and laughed at himself after a while: "That's just me being sentimental."
