Chapter941 I love you, August

After squatting for several days in a row, Lucia has never been seen in the entire Austos City . She seems to have evaporated from the world.

Some of them knew Lucia's contact information and dialed directly, but the other party didn't answer.

Lucia didn't know about the wind and rain in Austos City, because at this time, she had set foot on the land of Cardiff again.

This time with her, there are Flynt and two children.

Several people made a simple disguise and rented an apartment to live in.

Meanwhile, inside the Smith Manor.

Tomorrow is the wedding of Marlana and August. After much deliberation, in order to prevent August from escaping, Marlana chose to hold the wedding in the Smith Manor.

August knew very well that a person like Marlana seemed to love him deeply, but in fact Marlana was an extremely selfish person.

Marlena's so-called love for him is not real love, but just to satisfy her own selfishness, she regards herself as a prize of victory, and wants to use the so-called "love" in her mouth to imprison him by her side.

August's words pierced the pain in Marlena's heart, her complexion instantly became distorted, and her voice was sharp: "Shut up! You don't understand at all!"

" August, as long as you want, I can give you anything, that Lucia , what can she bring you?"

Marlena walked slowly to August, raised his chin, and slightly hooked the corner of his mouth: "You have to figure it out, I'm the one who suits you best."

Marlena had had so many men before, but after meeting August, the idea of getting married was born for the first time, and naturally she hoped that the wedding could be successfully completed .

Of course, it was impossible for her to just untie August just like that. She knew very well that as long as she let go of August's hands and feet, the other party would definitely try to get out of here.

For this, she has already made preparations.

When August heard her words, he froze for a while, and frowned slightly. Marlena promised so readily, but he had a very bad premonition.

Marlena waved her hand, and someone came in with a lockbox.

Marlena found the lockbox, entered a series of passwords to open the box, and revealed the black ring-shaped object inside.

She took the things out carefully, then walked to August and squatted beside him.

An unremarkable apartment in Lamar City, Lucia , Flynt, and their two children are making plans for tomorrow.

Recalling the news that Marlena specially spread on the Internet, Lucia couldn't help but sneer in her heart.

Manipulating public opinion, since Marlena can do it, she can do it too.

She looked at Flynt and said, " Flynt, how about the TV station?"

Flynt nodded, pointing to a certain TV program on the computer and said: "I have investigated it, Marlena attaches great importance to this wedding, and I wish everyone in the world knew about it, so I specially invited the biggest TV station in this city to come and broadcast it live, I checked, and this TV station has a lot of traffic."

Coupled with the reputation of the Smith family, and the fact that Marlana , an idiot, suddenly took over the Cardiff Business Coalition and became the head of the Cardiff Business Coalition , these two things have caused quite a stir in Lamar City.

Then, he was caught off guard and saw Lucia in a black dress sitting in the crowd .

Although the brim of the gauze hat obscured her face, making it difficult to see her facial features clearly, August still recognized her at the first sight.

Since August appeared, Lucia's eyes have been locked on him. At this time, meeting his slightly astonished gaze, a faint smile appeared on the corner of her mouth, and then she moved her lips, silently saying August's name.

" August, here I come."

August understood her lips, his eyes flickered slightly, but his heart sank slightly.

August frowned, and just opened his mouth to refuse, Marlana smiled slightly, stepped forward to his ear, and whispered:" August, you have to think clearly, I don't mind raising a cripple in the Smith Manor."

August's eyes sharpened, knowing that Marlana was threatening him with the bomb on his leg.

In normal times, even if he lost a leg, he would not have chosen to marry Marlana, but now...

His face darkened, Lucia was here, if Marlana detonated the bomb, she would definitely rush forward without hesitation, and that would reveal her position.

Marlana looked at the look on August's face and smiled with satisfaction.

August sighed, and under Marlena's murderous gaze, he gently hugged Lucia : "You shouldn't have come here."

In any case, he didn't want Lucia to take risks here for him.

Tina, who was sitting on the seat, suddenly stood up, and when she saw her daughter being kidnapped, anger appeared on her originally numb face: ' You! You guys, let her go!'

She is careless again!

She didn't expect that Lucia , a woman, would dare to kidnap Marlena in the Smith family's territory.

On the wide grassy lawn, Lucia said in a clear voice and shining gaze, emitting a calm and confident atmosphere. As a result, everyone's attention was attracted by her.

Hearing Lucia's words, some people frowned and thought about it. Anyone who learnt something about the Smith family knew very well that the Smith family was already an aristocrat hundreds of years ago, and has accumulated wealth in these years.

In addition, the previous heads of the Smith family were all business geniuses, who also made the whole family richer.

Some people even specially analyzed how the Smith family got its wealth. Anyone who wanted to know more about it could find it online.

But what did this woman mean now?

While everyone was still in deep thought, Tina twisted her body vigorously, wanting to shake off David, and said through gritted teeth, "You such a crazy woman, what nonsense are you going to say?"

With her heart pounding, she showed a trace of panic in her eyes which were usually calm pupils.
