The Substitute Wife: My Poor Husband Is A Billionaire Chapter 1373

Lexi's anxiety and concern made Janet smile. "I'm fine. I just have a bad feeling about this order."

Confused, Lexi asked, "Isn't having an order a good thing? Why do you have a bad feeling about it? Is the client hard to please?"

Janet's smile turned cold as she replied, "I would rather she was hard to please!" She raised her chin, hinting Lexi to look at the client's information.

Upon reading "Star Entertainment", Lexi frowned and asked doubtfully, "How can Star Entertainment be kind enough to give us an order?"

Star Entertainment was Vivi's agency, and their boss, Suzanne, had brought Vivi's family to the studio, causing a scene.

"If you don't want to take this order, we can just refuse. We have enough orders in the studio now. Besides, our reputation has improved, so business will soon be better," Lexi comforted the worried Janet.

However, Janet shook her head with a serious expression and said, "There are

things that can't be avoided. Sooner or later, it will happen." She made an appointment for a meeting with Star Entertainment. It seemed like the client was waiting for her reply, and as soon as she sent the message, they immediately agreed. Lexi was worried that Suzanne might have only placed the order to make trouble for Janet. However, she didn't have the right to interfere with her Boss' decision, so she patted her chest and said resolutely, "Boss, please take me with you when you go to Star Entertainment, so I can protect you if any trouble arises."

Amused, Janet questioned, "What if we're outnumbered? How will you protect me?"

Lexi touched her chin, thinking hard, and said righteously, “Then I’ll hold them back while you make a run for it! You can send help for me later.”

Janet laughed, shaking her head. “Don’t worry. Brandon has arranged some strong bodyguards for my protection. Suzanne wouldn’t dare to do anything. You can go ahead with your work.” Thinking of Brandon’s strength and status, Lexi was relieved.

Indeed, Mr. Larson was both powerful and resourceful. How could he ever put Janet in danger?

Janet soon went to Star Entertainment to negotiate their cooperation.

As soon as she entered the building, the receptionist escorted her to the office on the top floor. “Miss White, this way please. Miss Duncan is waiting for you in her office.”

Janet arrived at Suzanne’s office and saw Suzanne sitting at her desk, dressed in a crisp white suit, elegantly flipping through some documents.

The receptionist gently knocked on the door and said, “Miss Duncan, Miss White is here.” Suzanne immediately raised her head, stood up, and walked towards Janet with a warm smile before saying, “Miss White, long time no see. You are beautiful as ever.”

Janet smiled gently and replied, “I’m flattered, Miss Duncan.”

After Suzanne led Janet to the lounge, they chatted for a while before getting straight to the point.

Once they finished discussing about the order of customized formal attire for Star Entertainment’s Internet celebrities,

Janet was about to leave when Suzanne said with a smile, “Miss White, I have one more commission for you.”

Janet sensed something amiss when she looked into Suzanne’s smiling eyes. She did not know why, but she always felt like Suzanne had been hiding her true face underneath her gentle smile.

However, as a professional, Janet asked patiently, “What kind of clothes would you like me to design, Miss Duncan?”

Suzanne smiled and said slowly, "This is my personal order. I want you to design several suits and dresses for me that are suitable for pregnant women."
