Chapter 31: Falling Into the Tiger's Den

“A few months ago, the situation in the Heaven Demon Sect changed drastically. A rare treasure must have appeared. We can't let the Heaven Demon Sect monopolize such a good opportunity.”

The black figure swept his gaze towards the Zhishui Peak behind him.

“If I remember correctly, the current master of Zhishui Peak is a young elder called Lu Xiaoran. He seems to only have a cultivation at the third level of the Spirit Realm. The disciples under him are probably only some Postnatal and Connate small fries. With my cultivation at the fifth level of the Spirit Realm, it should be easy for me to handle the Zhishui Peak.”

“In that case, let's start with Zhishui Peak.”

As soon as he finished speaking, the black figure stepped on the astral winds and took advantage of the darkness to quickly climb up Zhishui Peak.

He could only do this because Lu Xiaoran was worried that his strength would be exposed further. Previously, he had already closed the Eight Trigrams Sky Sealing Formation and only left behind some ordinary formations. Therefore, it was also difficult for him to resist the other party's footsteps.

Soon, they arrived at Zhishui Peak.

He had just arrived at the peak of the mountain when he saw Yun Lige walk out of his house. He seemed to be sorting out some miscellaneous items.

“This is perfect. There's only one house around. Since there's no one else around, I'll take this brat down and get him to tell me what happened in the Heaven Demon Sect.”

As soon as he finished speaking, he took a step forward and immediately transformed into a black shadow that shot towards Yun Lige.

His speed was so fast that it even caused sparks to appear in the air. Before the sound of friction could be heard, his figure had already arrived in front of Yun Lige.

“Brat, come in with me.”

He transformed his hand into a claw and attacked Yun Lige’s throat like an eagle searching its nest, trying to bring him back to the room.

However!

Just as he thought that he could bring Yun Lige back to his room, a change suddenly happened.

Click!

Accompanied by a light sound, Yun Lige’s attack was fast like lightning. Yun Lige moved so fast that he did not even have the time to react. Yun Lige directly grabbed his arm and pulled it three centimeters away from his neck.

“What?!”

The other party was shocked!

He was a fifth level Spirit Realm expert!

Why was the other party able to grab his arm? Moreover, the force was so powerful that it made him feel like he was being crushed by a stone. He was unable to pull his arm back at all.

“Who are you?”

Yun Lige’s cold voice sounded. The tone that was filled with killing intent made the black figure feel a chill run down his spine. His frightened consciousness also returned to normal.

The other party’s cultivation had already surpassed the fifth level spirit realm.

“Are you Lu Xiaoran?”

Yun Lige frowned.

“How dare you use Master’s name so casually. You’re courting death!”

As soon as he finished speaking, Yun Lige circulated the Primordial Chaos Emperor Scripture and directly threw a Primordial Chaos Emperor Fist.

The powerful might made the air under the night tremble violently, emitting an ear-piercing sound wave.

The White Bone Demon Sect Elder's pupils dilated, and the hair on his body stood on end.

He could sense the threat of death from that fist.

He did not dare to be careless in the slightest. At this limit, he immediately used the top-grade Earth Realm cultivation technique of the White Bone Demon Sect—the Bone Burning Art.

That was one of the strongest life-saving techniques belonging to the Bone Burning Demon Sect.

By burning his bone marrow, he could obtain an explosive increase in energy for a short period of time.

However, after that, his cultivation and blood essence would decrease, greatly affecting his future cultivation.

However, at this moment, he did not have much choice.

With the help of this energy, the aura of the White Bone Demon Sect Elder soared explosively. In almost an instant, he reached the seventh level of the Spirit Realm, forcefully increasing his cultivation by two realm levels.

Without any hesitation, he immediately punched out and exchanged blows with Yun Lige.

Boom!

The two fists collided, and a powerful energy fluctuation directly blasted the two of them away.

Yun Lige retreated six steps, and the other party retreated twelve steps. What was even more terrifying was that Yun Lige had even torn off the arm that had grabbed onto previously.

Even though his cultivation had improved by two realm levels with the help of a secret technique, Yun Lige had still cultivated the Primordial Chaos Emperor Scripture!

The strength of a Martial Monarch Realm cultivation technique was not something that could be suppressed by an additional one or two realm levels.

“Run!”

Without hesitation, he immediately turned around and ran.

Yun Lige threw away his arm and snorted.

“You want to run away after coming to my Zhishui Peak to cause trouble? Do you really think you can look down on the chief disciple of Zhishui Peak?”

As soon as he finished speaking, he stomped his foot and relied on the counterforce to instantly transform into a stream of light that chased after the other party.

The White Bone Demon Sect Elder was extremely anxious.

If Yun Lige caught up to him and attracted the others, he would be dead for sure.

However!

At this moment, Ji Wuxia also heard the commotion and quickly rushed out of the room.

“What’s going on?”

Yun Lige shouted from behind, “Junior Sister, this person is a thief. He barged into our Zhishui Peak at night. Quickly capture him!”

“What?”

Ji Wuxia’s eyes turned cold as she immediately circulated the True Phoenix Nine Transformations, prepared to attack.

The White Bone Demon Sect Elder was overjoyed.

As a senior brother, Yun Lige’s cultivation level was definitely stronger. This meant that Ji Wuxia’s cultivation level was definitely inferior to Yun Lige’s.

He could use this opportunity to take her down. With her as a hostage, he might even be able to turn the tables.

Thinking of this, not only did he not dodge, but he also increased his speed and headed straight for Ji Wuxia.

The benefits brought by the Bone Burning Art had not disappeared. His current cultivation level was at the seventh level of the Spirit Realm. This was also the reason why he was so confident at this moment!

Without any mercy, he attacked with a killing move!

“Little girl, thank you for coming out on your own. I won’t be polite. Give me...”

However!

Before he could finish speaking, Ji Wuxia attacked at an even faster speed. His pupils dilated slightly, as if he could see a roaring phoenix phantom behind Ji Wuxia.

A fear filled with death made him want to escape, but it was already too late.

Not to mention that he was unable to stop at this moment, even if he could stop at this moment, he still wouldn’t be able to dodge Ji Wuxia’s attack.

Boom!

Ji Wuxia’s palm landed fiercely on his fist.

The powerful might stripped away the spirit energy covering his arm on the spot. Then, his flesh was torn apart, and the bones inside were shattered inch by inch.

It had to be known that the White Bone Demon Sect mainly cultivated bones and their bones were much stronger than ordinary cultivators.

However, at this moment, in front of Ji Wuxia, his bones seemed to have turned to sand and he was unable to resist at all.

Ji Wuxia’s palm force did not lose momentum and shattered his arm inch by inch. Finally, it landed on his shoulder and directly caused it to explode into a bloody mist.

However, even so, he did not have the time to think. He could only use another secret technique of the White Bone Demon Sect—Bone Explosion Art.

This top-grade Earth Realm cultivation technique could allow its user to instantaneously teleport away by breaking a bone on the user’s body.

It was even crueler than the Bone Burning Art.

The Bone Burning Art only burned one’s bone marrow. There were still chances to make up for it by consuming natural treasures and top-grade medicinal pills. However, the Bone Explosion Art directly shattered one’s bones. To the cultivators of the White

Bone Demon Sect, it was almost equivalent to cutting off their chances of continuing to advance.

Chapter 32: It's Time to Test Your Cultivation

Boom!

A bloody mist suddenly exploded from the White Bone Demon Sect Elder's chest. It was a rib he had detonated.

The moment he used the Bone Explosion Art, space distorted and he was instantly brought away.

Yun Lige chased over and looked at Ji Wuxia. His expression was extremely solemn.

"He actually escaped!"

"Quick, search the entire Zhishui Peak. We can't let him escape. Otherwise, Master will definitely be furious if he finds out."

...

At the same time, in front of the waterfall at the back of Zhishui Peak, the air distorted. The White Bone Demon Sect Elder staggered out from the void.

"Cough cough!"

He coughed violently and gritted his teeth.

"I didn't expect the disciples on this small Zhishui Peak to be so powerful. The Heaven Demon Sect must have obtained some huge opportunity. I have to return to the White Bone Demon Sect immediately and tell the sect master to work with the other sects to deal with the Heaven Demon Sect."

"We can't let the Heaven Demon Sect keep such a huge opportunity to themselves. Otherwise, if we let the Heaven Demon Sect grow stronger, we will sooner or later be targeted by the Heaven Demon Sect."

As soon as he finished speaking, a cold voice sounded from behind him.

"You want to find someone to deal with our Heaven Demon Sect?"

The White Bone Demon Sect Elder's body trembled. He turned around and his pupils immediately constricted.

A young figure slowly walked out from the waterfall.

His footsteps were firm as he walked on the water without causing any ripples.

“Traceless Water Trample! This... this cultivation level, you’re a Mountain Sea Realm expert? How is this possible?”

“That’s not important right now. What’s important is what you just said.”

As he spoke, a faint golden aura slowly rose from the surface of Fang Tianyuan’s body, condensing into a two-meter-tall golden giant phantom.

“Damn it!”

Sensing the huge pressure transmitted from the golden giant phantom, the White Bone Demon Sect Elder did not dare to be careless at all. He directly detonated two more ribs and instantly disappeared from his spot.

Fang Tianyuan was stunned and could not help but frown.

“Is his zodiac sign a rabbit? He didn’t even hesitate to use a spatial secret technique. Unfortunately, my cultivation level is not enough to shatter the void.”

“However, this matter is very important. I should report it to Master immediately.”

...

On the mountaintop, Lu Xiaoran was opening a few small gift bags.

Heaven Realm high-grade vat gold hammer x1.

Heaven Realm high-grade Mountain Overturning Mark x1.

Heaven Realm high-grade Spirit Condensation Pill x400.

...

“Not bad, the gifts are getting better and better. Looks like as the disciples’ cultivation level increases, the gifts also gradually become better.”

However, at this moment, Lu Xiaoran suddenly frowned and sensed something.

In the next moment, his expression became solemn. With a light tap of his foot, he circulated the Great Void Chaos Steps and instantly disappeared from his spot.

At practically the same moment, the space below the foot of the mountain distorted, and the elder from the White Bone Demon Sect finally arrived at the teleportation formation at the foot of the mountain.

At this moment, he could be said to be at the peak of desolation. His arms were broken, three of his ribs exploded, and a large piece of his left shoulder had been destroyed.

Even if he returned to the sect and could obtain the nourishment of the natural treasures, it would be difficult for him to make any progress in his cultivation.

“How dangerous! I didn’t expect this small Zhishui Peak to actually have so many hidden experts. Fortunately, I ran fast. Otherwise, I would probably have died here today.”

However, in the blink of an eye, he smiled sinisterly again.

“However, the more benefits there are in the Heaven Demon Sect, the more benefits our White Bone Demon Sect will also obtain. We can also persuade the other sects to work together to deal with the Heaven Demon Sect.”

“When I return, it will be the death of the Heaven Demon Sect.”

However, at this moment, a huge aura suddenly enveloped him.

The hair on his body suddenly stood up as his eyes widened!

This aura was so powerful!

It was so powerful that he did not know how to describe the other party.

He was even unable to determine the other party’s strength because his surroundings were filled with the other party’s aura, completely enveloping him.

However, he had already vaguely guessed the other party’s identity!

The master of Zhishui Peak—Lu Xiaoran!

Only Lu Xiaoran could have such a powerful aura and strength.

At this moment, he suddenly felt that he was being ridiculous. He had actually been so bold as to attempt to trespass into Zhishui Peak. In the end, he had been consigned to eternal damnation!

His fear was instantaneous because in the next moment, he wanted to use the Bone Explosion Art to escape again.

This chapter upload first at NovelBin.Com

Even when facing an expert like Lu Xiaoran, he did not want to give up just like this. He still wanted to escape.

Unfortunately, it was all too late. Lu Xiaoran was not Fang Tianyuan. He never wasted time. When it was time for him to attack, he would immediately unleash a peerless killing move, not giving him the slightest chance for the other party to use the Bone Explosion Art.

“It’s over!”

Just as this thought appeared in his mind, his entire body was swept into a sword beam in the next second, killing him completely.

However, the moment he was destroyed, he also used his full strength to detonate his remaining bones and activate the teleportation formation to teleport his soul into the array.

By doing so, he also directly destroyed the array.

“Do you think you can escape?”

Lu Xiaoran’s eyes turned cold. He immediately circulated the Primordial Chaos Emperor Scripture and struck out a killing mark. A second before the teleportation formation was destroyed, the killing mark was sent into the void passageway.

Then, the spatial tunnel completely shattered.

At this moment, three figures also quickly flew down from Zhishui Peak and arrived behind Lu Xiaoran. They watched as the array formation was destroyed and the void passageway closed.

“Master! We were useless and let him escape.”

Fang Tianyuan took two steps forward and said,

“Master, I heard that guy say that he’s from the White Bone Demon Sect and wants to return to report to the White Bone Demon Sect. He wants the White Bone Demon Sect to work with the other sects to deal with the Heaven Demon Sect.”

Lu Xiaoran’s expression was extremely cold.

“I just used the Primordial Chaos Emperor Scripture to create a killing mark. After entering the void tunnel, it will definitely kill him. However, it seems like this array has

been hidden here for a long time. I don't know how long it has been or if anyone came to the Heaven Demon Sect in the past.”

Yun Lige's gaze revealed a trace of worry.

“Master, what should we do? I wonder what he came to the Heaven Demon Sect for. The few of us were not prepared and have already exposed our cultivation.”

Lu Xiaoran clenched his fists tightly, and the killing intent in his eyes became even stronger.

He had been careless and had been targeted by a thief.

Because he was worried that the sect would know his true strength, he had removed the Eight Trigrams Sky Sealing Formation. Unexpectedly, the people from the White Bone Demon Sect had exploited an opening.

However, since the people from the White Bone Demon Sect had set up a teleportation formation in the Heaven Demon Sect, it meant that they had long had intentions towards the Heaven Demon Sect.

Moreover, this array formation was even under his Zhishui Peak.

For so many years, he had stayed on Zhishui Peak without leaving the main gate or leaving the side gate because he wanted to hide from the world. However, he did not know if anyone from the White Bone Demon Sect had noticed his secret.

However, even if no one had noticed it before, they definitely did now.

If the secret of Zhishui Peak was spread, it would naturally arouse envy.

The allure of Martial Monarch Realm cultivation techniques was enough to destroy the entire sect!

Also, his disciples were all villains. Those hot shots would not let them off. If news of this leaked, the consequences would be unimaginable.

Taking a deep breath, Lu Xiaoran turned around and glanced at the three of them.

“You guys have been cultivating for so long on Zhishui Peak. It's time to test your cultivation.”

Chapter 33: Destroying the White Bone

The three of them were shocked.

“Master, do you mean...?”

Lu Xiaoran walked towards the peak of the mountain, covering 10,000 meters with each step.

“The secret of Zhishui Peak must not be leaked. I’ll go back and prepare. Wait for me here. Tonight, don’t leave a single person from the White Bone Demon Sect alive.”

Hiss!

The three of them immediately felt their scalps explode.

“Master actually wants to destroy the White Bone Demon Sect?”

“Isn’t this too crazy? He actually wants to destroy an entire sect! Although the White Bone Demon Sect’s strength is inferior to the Heaven Demon Sect, it’s still a sect! If we destroy the White Bone Demon Sect, it will definitely cause the Great Zhou Empire to investigate.”

Although fights between cultivators were common, there was a limit.

Killing a few people was not a problem.

However, destroying an entire sect was a problem.

Otherwise, if a sect coveted the resources of other sects and started a massacre, the entire Great Zhou would fall into chaos.

The Great Zhou Imperial Family would definitely investigate such matters

However, Fang Tianyuan said, “But if the entire Great Zhou learns of the secret of our Zhishui Peak, not to mention the Great Zhou Imperial Family, even the other disciples in our Heaven Demon Sect will probably attack us, right?”

As soon as he said this, Yun Lige and Ji Wuxia fell completely silent.

A man’s wealth was his own ruin.

If the secret of Zhishui Peak was spread, it would definitely attract more and more attention.

And as the exposure reached a certain level, if the secret of the Martial Monarch Realm cultivation technique could not be hidden, the four of them would become the envy of everyone in the entire Great Zhou.

At this moment, even Ji Wuxia, who was relatively kind-hearted, would not show sympathy.

It was true that she was kind, but she was not stupid.

By then, the matter would not be simply limited to Zhishui Peak. If her Martial Monarch Realm cultivation technique was exposed, it was even possible that it would implicate the Purple Peace Imperial Manor.

This chapter upload first at NovelBin.Com

No one could resist the temptation of a Martial Monarch Realm cultivation technique.

After all, that was the path to the Martial Monarch Realm!

...

500 kilometers away from the Heaven Demon Sect, in the White Bone Demon Sect's hall.

The sect master sat high in the hall. On the mat below, several sect elders were sitting cross-legged.

The dark space seemed somewhat strange.

The sect master touched the jade thumb ring in his hand and looked into the distance in the direction of the Heaven Demon Sect.

“Elder Chen Xuan has already gone to the Heaven Demon Sect to investigate the news. He will probably only return in a day or two. Inform the entire sect and all the disciples to be prepared. Once Elder Chen Xuan finds any good news, we will work with the surrounding sects to deal with the Heaven Demon Sect.”

“We can't let the Heaven Demon Sect monopolize the benefits.”

“Sect Master is right. We have already arranged for our disciples to mobilize at any time. As long as Sect Master gives the order, we can attack the Heaven Demon Sect at any time and anywhere.”

“That's good.”

The White Bone Demon Sect's Sect Master's eyes flashed.

He definitely would not destroy the Heaven Demon Sect. After all, the Great Zhou Imperial Family did not allow the sects in the Great Zhou to kill each other.

However, if he joined forces with a few sects to besiege the Heaven Demon Sect and only attacked the higher-ups of the Heaven Demon Sect without causing a large-scale killing, the Great Zhou Imperial Family would also turn a blind eye.

This was also something that could not be helped. The Heaven Demon Sect was already a relatively powerful existence in the surrounding few sects.

A few days ago, the Heaven Demon Sect had another natural phenomenon. Thus, the others guessed that they must have obtained a good opportunity.

If the Heaven Demon Sect continued to develop and grow, it would definitely continue to reduce the living space of the other sects.

The Reliance Sect closest to the Heaven Demon Sect was relatively strong. Perhaps they were not afraid of the Heaven Demon Sect, but the White Bone Demon Sect was not.

Ever since the establishment of the sect, the White Bone Demon Sect had been far inferior to the Heaven Demon Sect.

If the Heaven Demon Sect continued to develop, the White Bone Demon Sect's many years of inheritance might even be destroyed.

The White Bone Demon Sect's sect master would definitely not allow such a thing to happen.

However!

Right at this moment, the teleportation formation in the center of the hall suddenly lit up.

Everyone's eyes moved as they stared at the teleportation formation in unison.

In the next second, Elder Chen Xuan's soul broke through the teleportation formation and appeared in the hall.

Everyone's pupils suddenly constricted.

This chapter upload first at NovelBin.Com

"Elder Chen, what's going on?"

Chen Xuan's soul was dispirited, but he couldn't care less about his injuries.

Instead, he hurriedly said, "Sect Master, the Heaven Demon Sect has indeed obtained a huge opportunity. This subordinate had just arrived at the Heaven Demon Sect and had yet to find anything when I was severely injured by the Zhishui Peak disciples of the

Heaven Demon Sect. Almost all of them have cultivations above the Spirit Realm. Previously, according to what we know about the Zhishui Peak of the Heaven Demon Sect, only peak master Lu Xiaoran had a cultivation at the third level of the Spirit Realm.”

Everyone was in an uproar.

“What? All the disciples of Zhishui Peak are at the Spirit Realm?”

“Hiss ~! Heavens, Zhishui Peak is only a small peak of the Heaven Demon Sect. Are they that terrifying? Then just how powerful are the other peaks of the Heaven Demon Sect?”

“Sect Master, the Heaven Demon Sect is clearly harboring ill intentions by hiding the cultivation of their disciples!”

The Sect Master of the White Bone Demon Sect gripped the chair handle tightly as killing intent surged in his eyes.

“Damn you, Heaven Demon Sect. You actually hid the cultivation of the inner sect disciples and even attacked my White Bone Demon Sect’s elder until only his soul was left. Do you still think you can just disrespect our White Bone Demon Sect like this? If Elder Chen did not enter the tiger’s den and risked his life to investigate the situation, I’m afraid we would still be in the dark.”

The elders were excited again.

These elders didn’t exactly want to protect the White Bone Demon Sect, nor did they really want to deal with the Heaven Demon Sect.

However, in a battle between sects, they would definitely have a chance to obtain benefits.

After all, it was only natural for people to prioritize their own interests.

“Sect Master, we definitely can’t let the Heaven Demon Sect off so easily!”

“That’s right. We have to attack the Heaven Demon Sect and pursue this matter.”

However, at this moment, a killing mark suddenly shot out from the array formation and instantly bombarded Elder Chen Xuan’s soul.

“No! Sect Master, save...”

Elder Chen Xuan let out a frightened cry. Before he could finish speaking, the mark exploded.

Boom!

The huge explosion made everyone in the hall tremble violently!

The extremely powerful might caused the spirit energy to tremble and fluctuations spread in the hall. Many people who were close were even sent flying to the ground.

After the commotion, the dust on the ground gradually settled. The group of people who had been excited just now instantly fell silent.

Everyone stared at the huge pit. No one dared to say anything about the suppression of the Heaven Demon Sect.

That mark actually blew up a huge pit in the entire hall.

It had to be known that the ground was made of black bronze. Not only was it as smooth as a mirror, but it also had the ability to absorb spirit energy.

In order to damage it, one had to at least be at the Void Reversion Realm.

At this moment, Elder Chen Xuan's soul had been blasted into a huge pit by that mark.

The other party's strength had probably surpassed the Creation Realm!

Chapter 34: Do You Really Think You're Very Awesome?

The cold moon shifted, and it was already late at night when several figures suddenly appeared at the foot of the White Bone Demon Sect's mountain.

Who else could it be other than Lu Xiaoran and his disciples?

This was the first time Yun Lige and the other two had witnessed their master's Great Void Chaos Steps. It was so fast that it was indescribable.

At this moment, the three of them became even more convinced.

His master must be a Martial Monarch Realm expert!

After all, other than a Martial Monarch Realm expert, who else could be this fast?

After arriving at the foot of the mountain, Lu Xiaoran looked at the peak and said with a cold gaze,

“Tonight, I want to completely destroy the White Bone Demon Sect and kill every last one of them. Before I destroy the White Bone Demon Sect, the three of you can attack at will to test the strength of your cultivation techniques and also accumulate some combat experience.”

“For safety reasons, I’ve already set up defensive array formations on the three of you. It can help you resist attacks. No one below the Shattering Void Realm can injure you. In addition, I’ve also set up a teleportation formation. If there are really enemies that are too dangerous for you to handle, you will be directly teleported to my side.”

“Thank you, Master.”

The eyes of the three of them could not help but sting.

Their master was really too good to them.

He could have killed the entire White Bone Demon Sect with a single slap, but in order to train them, he had to go through so much trouble.

Their master was simply as warm as a father to them.

In fact, Lu Xiaoran did indeed want to train them in combat, but it was not entirely for the sake of training them.

He had always been a calm person.

Previously, when he saved Fang Tianyuan, he knew that the other party’s cultivation level was only at the Mountain Sea Realm. That was why he went to save him alone.

But now, he was facing the entire White Bone Demon Sect.

With so many people, who knew if there were any big shots or hot shots?

He would let the three of them test the situation first. If there were any, he would directly use the teleportation formation to bring the three of them back and escape.

This chapter upload first at NovelBin.Com

If not, he would appear and wipe out the entire White Bone Demon Sect.

This plan was more reliable.

“You don’t have to be polite. In order for you to better unleash your cultivation techniques, I prepared a few weapons for you.”

The three of them felt their hearts warm. Their master was really too kind!

He even prepared weapons for them.

The weapons that Master prepared for them should at least be around the top-grade Earth Realm, right?

Dharma treasures, cultivation techniques, and medicinal pills were all different. Among all the professions on the continent, the number of weapon refiners was the least. Therefore, it was very difficult for powerful weapon refiners to appear. Therefore, compared to cultivation techniques and medicinal pills, it was much more difficult to obtain high quality Dharma treasure.

For example, in the Ancient Ape Tribe, the best weapon was only a mid-grade Heaven Realm weapon that could only be used by the tribe leader.

As for Ji Wuxia's Purple Peace Imperial Palace, they had a top-grade Heaven Realm weapon that belonged to King Purple Peace.

It was said that the Great Zhou Imperial Family only had Saint Realm weapons.

Therefore, even if their master was a Martial Monarch Realm expert, it was already not bad for him to give them an Earth Realm weapon.

However, when Lu Xiaoran took out the three weapons, the three of them were instantly dumbfounded.

"These are the high-grade Heaven Realm Dragon Burial Spear, the Mountain Overturning Mark, and the Golden Eagle Hammer. Take them."

"High... high-grade Heaven Realm?"

Yun Lige and the other two immediately felt their mouths dry and their eyes water.

They were actually high-grade Heaven Realm weapons!

If such a weapon was placed in the hands of someone like the Heaven Demon Sect's sect master, it would still be more reasonable. As disciples, they did not even dare to think about it.

He did not expect his master to give them high-grade Heaven Realm weapons.

As expected of their master, he was simply too powerful.

After obtaining the weapons, the three of them simply looked at their weapons affectionately and excitedly as if those weapons were their lovers.

However, a moment later, Yun Lige reacted.

“Master, if you give us all these good weapons, what will you use?”

Lu Xiaoran waved his hand.

“You guys are still young and your cultivation levels are relatively low. You need powerful weapons to protect yourselves. As for me, it doesn’t really matter what I use.”

“Master...”

This chapter upload first at NovelBin.Com

The three of their eyes were really red this time, and they were covered in a layer of mist.

Their master was really too good to them!

He had given them such good weapons just to use a trashy weapon himself.

Although it did not matter if someone as strong as their master used a weapon or not, it still made them feel touched and emotional!

Yun Lige wiped his tears and said firmly, “Don’t worry, Master. Even if I risk my life, I will definitely kill the disciples of the White Bone Demon Sect to repay your kindness.”

Ji Wuxia: “Master, the same goes for me.”

Fang Tianyuan: “Master, me too.”

Yun Lige clenched his fists tightly, and his aura gradually began to rise.

“I want to turn the entire White Bone Demon Sect upside down and let them know the outcome of coveting my Zhishui Peak!”

Ji Wuxia: “Master, the same goes for me.”

Fang Tianyuan: “Master, me too.”

Yun Lige’s aura had already reached its peak. His eyes were cold and killing intent surged. The surrounding air emitted trembling sounds as his spirit energy surged.

“Tonight, if I don’t kill everyone from the White Bone Demon Sect, I, Yun Lige, will lose all dignity as a human!”

Ji Wuxia: “Master, the same goes for me.”

Fang Tianyuan: “Master, me too.”

However, when he heard the three of them, Lu Xiaoran was not touched. Instead, he fell silent.

After a while, he said with a dark expression, "Can the three of you stop talking nonsense?"

"???"

The three of them were stunned as question marks appeared in their heads.

Lu Xiaoran said angrily, "You guys aren't serious, right? Right? You three idiots! Do you think that you get to act arrogantly just because you have comprehended 20 to 30% of your Martial Monarch Realm cultivation techniques? Also, it's true that I gave all three of you Heaven Realm weapons... but that still doesn't mean you can underestimate the White Bone Demon Sect."

"Putting aside the fact that there are so many people in the White Bone Demon Sect..."

"Just the experts in their sect alone is enough trouble. Which one of them is not stronger than you? It's even possible that there's a Grand Elder at the Void Reversion Realm holding down the fort."

"The three of you are no match against them. At most, you'll just be able to clean up the small fries. Do you really think you can suppress the White Bone Demon Sect in a fight?"

Upon hearing this, their faces twitched.

"But don't we have the defensive array formations you set up for us, Master? We can resist attacks below the Shattering Void Realm. In that case, at least we won't be injured."

"So what? Two of you are Spirit Realm trash and one of you is a Mountain Sea Realm weakling. So what if you can attack without getting injured? Your attacks are still trash. You'll be able to deal with the small fries, but when you encounter those high-level existences, you still won't be able to injure them. Is there a difference whether or not you're well-protected?"

Chapter 35: Master Is Really Too Steady

"..."

The three of them looked at Lu Xiaoran in confusion, like discouraged children that just lost their confidence.

“Then... Master, should we go up the mountain or not?”

“Of course, but we have to set up the array formation first.”

“Set up a formation?”

“That’s right. Set up an Immovable Bright King Formation, a God Confusion Formation, and a Heaven-Breaking Formation! These three array formations are all top-grade Heaven Realm array formations.”

“The Immovable Bright King Formation can greatly reduce the enemy’s speed. The God Confusion Formation can greatly reduce the enemy’s judgment. The Heaven-Breaking Formation can greatly reduce the enemy’s ability to attack and defend. With the superimposition of these three formations, it can almost reduce the strength of the entire White Bone Demon Sect by a major level for a period of time.”

Hiss!

The three of them couldn’t help but gasp.

Yun Lige could not help but comment, “As expected of Master, you’re actually able to think of such a brilliant method. In this way, the entire White Bone Demon Sect will completely become a training ground for the three of us. Coupled with our ability to kill enemies with cultivation higher than ours, they won’t be able to resist even if they want to.”

Ji Wuxia: “Master is awesome.”

Fang Tianyuan: “Master is awesome.”

“Alright, cut the crap. I’ll start engraving the array patterns now. The three of you are in charge of filling the spirit stones in the array core.”

As soon as he finished speaking, Lu Xiaoran threw a storage bag to the three of them.

“There are 30,000 high-grade spirit stones inside. Remember to place spirit stones in every array core. Don’t miss anything.”

“Yes!”

The four of them quickly circulated their techniques. Lu Xiaoran used the Great Void Chaos Steps to increase his speed and engraved the formation patterns. He even used 100% of his engraving strength.

Yun Lige and the other two followed closely behind and placed the spirit stones on the array cores one by one.

They had set up array formations around the entire White Bone Demon Sect without leaving a single gap. This could guarantee that the entire White Bone Demon Sect would be surrounded and not a single person would be spared.

After doing all of this, they returned to the entrance of the sect.

Lu Xiaoran's gaze was cold as he finally said, "Remember, it's just training. If you can win, then fight. If you can't, then run."

"Yes."

"Since you understand, then go and kill the enemies!"

After saying this, the eyes of Yun Lige and the other two instantly turned cold. Then, the three of them stepped forward at the same time and walked towards the White Bone Demon Sect's entrance.

Lu Xiaoran looked at the backs of the three of them as they left. His eyes narrowed as he muttered,

"With the array formation I set up on their bodies, the three of them don't have to worry about defending. As for their attacking strength, the three of them cultivate Martial Monarch Realm cultivation techniques, so it shouldn't be a problem for them to handle enemies with two additional realm levels. With the enhancement of high-grade Heaven Realm weapons, they should also be able to increase their attack power by another two realm levels."

"Moreover, with the support of the three top-grade Heaven Realm formations, it can greatly reduce the cultivation of the people from the White Bone Demon Sect. The three of them should be able to last for a while. I should take this opportunity to quickly set up the Purple Heaven Divine Lightning Formation and completely send everyone in the White Bone Demon Sect to the afterlife."

That's right, the top-grade Martial Monarch Realm attack formation—the Purple Heaven Divine Lightning Formation was what Lu Xiaoran really wanted to use.

His intention for arranging all this was not just to let Yun Lige and the other two increase their combat experience. That was only a small part of his plan.

Lu Xiaoran's true goal was to completely destroy the White Bone Demon Sect to ensure that the secret of Zhishui Peak would not be leaked at all.

Although he could defeat the entire White Bone Demon Sect, he could not guarantee that he would be able to destroy it all at once.

Moreover, he was not sure if the White Bone Demon Sect had any hot shots.

Using an array formation to blast the entire White Bone Demon Sect's territory into the sky was the safest way.

Because the Purple Heaven Divine Lightning Formation was a top-grade Martial Monarch Realm attack formation, it took a relatively long time to set up. At the same time, it also took a long time to activate.

Moreover, the aura of a Martial Monarch Realm formation was extremely powerful, unlike the Heaven Realm formation. The people from the White Bone Demon Sect would definitely discover it immediately. Therefore, Lu Xiaoran got Yun Lige and the other two to attract their attention first.

If no one attracted them and they all escaped, it would be meaningless for him to set up an array formation.

It would simply be a waste of spirit stones.

...

At this moment, Yun Lige and the other two had already arrived at the entrance of the White Bone Demon Sect.

The disciples guarding the White Bone Demon Sect discovered the three of them immediately.

"Stop, who are you?"

"Someone who wants your life."

Yun Lige took a heavy step and his body turned into a flowing light as he flashed in front of the few of them. He circulated the Primordial Chaos Emperor Scripture and raised his hand to unleash the Primordial Chaos Emperor Fist!

The fist descended like a ferocious tiger. As it traveled through the air, it let out a force that shook the heavens and the earth. Then, it landed on the body of the White Bone Demon Sect disciple in an invincible manner.

Boom!

With a single punch, he directly sent the few of them flying and smashed heavily onto the mountain gate behind them.

Ji Wuxia followed closely behind. With a gentle wave of her hand, a small brass mark suddenly rose and quickly enlarged in the air. In an instant, it transformed into a huge ten-meter-tall Mountain Overturning Mark.

“Break!”

With a flip of her jade palm, the Mountain Overturning Mark smashed fiercely onto the mountain gate.

Boom!

This explosion was more than ten times stronger than Yun Lige’s punch just now.

The White Bone Demon Sect’s entrance was shattered on the spot. Cracking sounds sounded in the air. It was the White Bone Demon Sect’s mountain protecting formation that had been shattered by Ji Wuxia with a single move.

The moment the mountain-protecting formation was broken, the experts in the White Bone Demon Sect sensed it.

Buzz!

A heavy and melodious bell sounded from the top of the mountain. Immediately after, countless auras rushed down in the night.

“Who dares to trespass into our White Bone Demon Sect?”

“Disciples of the White Bone Demon Sect, listen up! Kill all the invaders!”

Hearing the sound from the mountains, Yun Lige and the other two looked at each other. Their eyes revealed a wisp of excitement and a trace of fear.

They were excited about killing. However, killing was also what made them fearful.

They felt that some ancient genes in their bodies were stirring, as if they were about to awaken.

“Eldest Senior Brother, Second Senior Sister, I’ll go first.”

Without any warning, Fang Tianyuan chuckled. A dense gold aura rose from his body and transformed into a two and a half meters tall golden giant phantom that protected him, making him look like a god that had descended.

Then, he took a heavy step and shattered the mountain rocks under his feet. His body turned into a golden lightning as he rushed to the top of the mountain.

Yun Lige spat.

“Little Junior Brother, you’re being shameless.”

Before Ji Wuxia could react, Yun Lige’s right hand trembled as he summoned the Dragon Burial Spear and followed closely behind.

Ji Wuxia’s reaction was slower by half a beat. By the time she reacted, the two of them had already flown five kilometers away.

However, she was not angry. Instead, she only sneered.

“Hehe, are you men all so shameless? You two are such pigs!”

As she cursed, the True Phoenix Nine Transformations was already circulating crazily in her body.

Clang!

A phoenix cry soared into the sky as a five-meter-tall phoenix phantom appeared behind Ji Wuxia.

With a thought, she rushed into the sky at a speed several times faster than the two of them.

Chapter 36: Inhumane

Under the dark night sky, a beam of light fell into the crowd like a meteor, immediately blasting a huge pit in the mountain.

Violent winds raged, mountain rocks shattered, and sand flew everywhere.

With just one attack, countless White Bone Demon Sect disciples had died.

Ji Wuxia held the Mountain Overturning Mark in her hand as the True Phoenix Nine Transformations in her body circulated at the fastest speed. The phoenix phantom underneath her kept flapping its wings, emitting astral winds that swept forward like a machine gun.

Intense explosions constantly sounded from the mountain as well as heart-wrenching screams.

Not only that, but Ji Wuxia also kept throwing out the Mountain Overturning Mark from her hand.

Every time she threw it, the Mountain Overturning Mark would directly shatter a White Bone Demon Sect disciple.

“Don’t be so arrogant! Do you really think that there’s no one left in our White Bone Demon Sect?”

Just as Ji Wuxia was happily killing, a powerful aura suddenly erupted from her left. It was an elder at the Spirit Realm.

Just as his attack was about to land on Ji Wuxia, a cold light suddenly shot out from the darkness below the mountain. Then, the spear was like a dragon as it directly pierced through his chest and nailed him to a rock.

“Junior Brother, sorry. Looks like I’m still faster.”

Yun Lige smiled evilly and stepped forward. He took out the Dragon Burying Spear and also joined the battle.

Fang Tianyuan arrived next, but his expression was clearly somewhat depressed.

The Indestructible Golden Body’s strength far exceeded the Primordial Chaos Emperor Scripture, but its speed paled in comparison.

Overwhelmed, he could only place all his anger on the White Bone Demon Sect’s disciples and elders. With the golden hammer in his hand, he easily shattered several White Bone Demon Sect disciples with every sweep.

This was a massacre, a one-sided massacre!

With Yun Lige and the other two holding various advantages, low-level disciples from the White Bone Demon Sect were simply unable to resist.

It was as if the three of them were cutting through vegetables.

Seeing the White Bone Demon Sect disciples and the low-level elders die one after another, the true elders of the White Bone Demon Sect finally could not help but attack.

“Don’t go overboard.”

A Mountain Sea Realm elder of the White Bone Sect stepped on the wind and headed straight for Yun Lige.

As he spoke, he had already slashed out.

The saber beam shot out more than 200 meters in the night sky, lighting up the night, making countless people exclaim.

“It’s Elder Qian. He’s a Mountain Sea Realm expert and cultivates a mid-grade Earth Realm cultivation technique—the Mara Saber. He’s even perfected it! We’re saved.”

A disciple had already recognized the other party’s identity and shouted excitedly.

The despair in the other disciples’ eyes was swept away and turned into excitement and anticipation.

However!

Yun Lige did not dodge at all. He took a step forward and waved the Dragon Burial Spear in his hand as it let out a world-shaking dragon roar. The spear light actually directly cut off Elder Qian’s saber beam.

Yun Lige’s spear beam did not lose its momentum as it drew a semicircle in the night sky. When it swept past Elder Qian’s body, its speed instantly decreased.

After staggering for two steps, with a plop, Elder Qian’s head rolled down from his neck, and his body fell powerlessly.

“What?!”

The White Bone Demon Sect disciples were all dumbfounded when they saw this.

Elder Qian, who was at the Mountain Sea Realm, had actually failed to block the other party’s attack!

How heaven-defying was the other party?

The other party was simply too impressive!

Yun Lige was also extremely excited. He had never imagined that he would one day be able to instantly kill a Mountain Sea Realm expert!

Although there were many factors involved and this did not accurately represent his true strength, it still made him yearn for strength even more.

One day, he would definitely cultivate to the point where he could rely on his own strength to instantly kill a Mountain Sea Realm expert!

The White Bone Demon Sect was not stupid. After suffering a huge loss, they immediately recalled all the elders and disciples with weak cultivation.

“All elders and disciples with cultivations below the Mountain Sea Realm, return to the mountain immediately!”

As soon as this was announced, everyone heaved a sigh of relief as if their lives had been saved and quickly rushed up the mountain.

“Did you ask me for permission to leave?”

Fang Tianyuan was in a bad mood after his senior brothers and sisters slowed him down. How could he allow his enemies to escape?

He immediately pestered them.

However, the White Bone Demon Sect was not to be trifled with either. A Soul Refinement Realm elder landed at the fastest speed and punched towards Fang Tianyuan.

“Did you ask me for permission to kill a disciple of my White Bone Demon Sect?”

Fang Tianyuan snorted.

This chapter upload first at NovelBin.Com

“Why should I ask you for permission?”

As he spoke, he also punched out. The golden giant phantom on his body waved its arms and did the same.

In the end, the Soul Refinement Realm elder and Fang Tianyuan’s fists collided.

Boom!

With an explosion, the energy wave directly blasted a huge pit more than a thousand meters in diameter!

Countless flowers and trees were turned to ashes on the spot due to the intense energy wave. Then, they were shattered by the aftershock and turned to dust.

The flames from the explosion lit up several surrounding mountains.

However, when the blinding light of the explosion retreated, everyone shockingly discovered that Fang Tianyuan was not injured at all. The Soul Refinement Realm elder was panting a hundred meters away.

The clothes on his arm were all blown off, and the blood vessels on his arm had also exploded from the huge pressure, causing blood to flow incessantly.

“How could this be?”

The members of the White Bone Demon Sect were all shocked!

“Elder Yun is at the second level of the Soul Refinement Realm. He actually lost to the other party! This is impossible! The other party’s aura is clearly not that powerful!”

Elder Yun coughed lightly and said with a solemn expression, “Someone has set up an array formation to suppress my strength. Although my cultivation level is at the second level of the Soul Refinement Realm, the strength I can unleash just now was only at the second level of the Mountain Sea Realm!”

“But the other party’s aura is also at the second level of the Mountain Sea Realm!”

Elder Yun’s eyes were deep as he stared fixedly at Fang Tianyuan.

“That’s because his cultivation technique is also not an ordinary cultivation technique. It’s at least a Saint Realm cultivation technique! In a situation where everyone’s cultivation levels are equal, his explosive strength far exceeds mine by several times!”

“What?!”

At this moment, the pupils of everyone in the entire White Bone Demon Sect constricted, and their scalps went numb!

The other party actually had a cultivation technique above the Saint Realm!

It had to be known that in the entire Great Zhou, only the royal family and those more powerful had a Saint Realm cultivation technique. Almost all the other sects did not have any Saint Realm cultivation techniques. At most, they only had top-grade Heaven Realm cultivation techniques.

As for the strongest cultivation technique of White Bone Demon Sect, it was only a high-grade Heaven Realm cultivation technique.

After Elder Yun finished speaking, a figure quietly arrived with his hands behind his back.

“I’m afraid that they have more than one Saint Realm cultivation technique.”

Seeing this person arrive, everyone immediately knelt.

“Greetings, Sect Master.”

“Get up.”

Everyone stood up and an elder quickly walked to the sect master’s side.

“Sect Master, what did you mean just now...?”

Chapter 37: Danger Descends

The Sect Master of the White Bone Demon Sect stared fixedly at Yun Lige and Ji Wuxia below.

“If I’m not wrong, these two also have cultivation techniques that are above the Saint Realm.”

“What?!”

The disciples and elders of the White Bone Demon Sect almost completely collapsed.

Originally, when they heard that Fang Tianyuan had a cultivation technique above the Saint Realm, they were already shocked to the extreme.

In the end, their sect master actually said that Yun Lige and Ji Wuxia also had cultivation techniques above the Saint Realm.

This simply made everyone question their worldview.

Since when did cultivation techniques above the Saint Realm become as common as cabbages?

Ignoring everyone’s shock, Sect Master White Bones continued, “However, if they only had cultivation techniques to rely on, they would not be able to act so arrogantly in our White Bone Demon Sect. The weapons in their hands are also high-grade Heaven Realm weapons.”

Hiss!

Everyone gasped in unison as their eyes stared fixedly at the weapons the three of them wielded!

They were actually high-grade Heaven Realm weapons!

Possessing a cultivation technique above the Saint Realm was already abnormal enough, but they even had Heaven Realm weapons.

Wasn't this just too heaven-defying?

If not for their fear of the strength of the three of them, the members of the White Bone Demon Sect would probably have long turned into hungry wolves that had lost their minds and pounced over crazily, tearing the three of them into pieces.

Sect Master White Bone stepped down slowly. The cold moon shone in his eyes, revealing a greedy expression.

"If I'm not wrong, you guys should have come from Heaven Demon Sect's Zhishui Peak, right? Looks like Elder Lin Xuan was right. Heaven Demon Sect did indeed experience a fortuitous encounter. However, I don't think the entire Heaven Demon Sect benefited. This opportunity is probably only limited to Zhishui Peak!"

"Since you're already, then there's no need for you guys to leave. I will be taking all your cultivation techniques and weapons."

Yun Lige swept his spear, and a hundred-meter-long ravine appeared in front of him.

"That depends if you have the ability to take them from us."

"Hehe, our White Bone Demon Sect has really been underestimated. In that case, I'll let you experience our strength. First Elder!"

He shouted softly, and an old man with white hair and beard slowly flew out from behind. He smiled as he looked at Yun Lige.

"Kid, don't think that just because you have a cultivation technique above the Saint Realm and have set up a formation outside my White Bone Demon Sect to suppress our current cultivation, you can be arrogant in our White Bone Demon Sect."

"The three of you are at most at the Spirit Realm and the Mountain Sea Realm. Even if you guys have powerful cultivation techniques that can increase your combat strength, it's still impossible for you to defy the heavens!"

"There are three Void Reversion Realm experts and eight Soul Refinement experts in our White Bone Demon Sect's Elder Group. I wonder if the three of you can take them?"

As they spoke, these ten experts stepped out at the same time and surrounded Yun Lige and the other two.

Yun Lige and the other two immediately leaned back and formed a triangle to resist the White Bone Demon Sect's Elder Group.

The three of them were not stupid. Even if the suppression of the Heaven Realm formation set up by their master could lower the enemies' cultivation by one realm, they would still be facing three Soul Refinement Realm experts and eight Mountain Sea Realm experts!

Moreover, the effect of the array formation would also be weakened based on how strong the enemy was.

Since they were relatively strong, the cultivation of the White Bone Demon Sect's First Elder and the other two Void Reversion Realm experts did not decrease much.

Fortunately, Yun Lige and the other two still had their master's defensive array formation on them and could resist the other party's attack.

At the very least, this made sure their lives would not be at risk.

Yun Lige's gaze was somewhat solemn as he said, "All of you, pay attention. The following battle won't be as easy as before. Although we have a defensive array formation to protect ourselves and our lives won't be endangered, our bodies will still fly out when attacked. Moreover, as time passes, the array formation will also break."

Fang Tianyuan licked his lips.

"So what? We can't just activate the teleportation formation and escape to Master's side like this, right? Master went through a lot of trouble just to set up this training ground for us!"

As soon as he finished speaking, the golden giant phantom enveloped his body. With the golden hammer in hand, Fang Tianyuan directly attacked a Soul Refinement Realm expert in front of him.

The other party's cultivation had already been suppressed to the Mountain Sea Realm. With the advantage of the Martial Monarch Realm cultivation technique and the high-grade Heaven Realm golden hammer, he was simply not afraid of the other party.

The powerful pressure made that elder's expression turn solemn. He did not dare to be careless and immediately used the White Bone Demon Sect's Sky Demon Palm.

Boom!

The moment the two forces collided, the powerful energy fluctuation emitted directly forced the two of them to retreat at the same time.

Yun Lige and Ji Wuxia looked at each other and shook their heads helplessly. They also attacked at the same time. However, the two of them had the same experience.

When the three of them were forced back, the other elders did not hold back either and attacked at the same time.

They were not stupid. Even if they had the advantage, they did not want any accidents to happen when dealing with Yun Lige and the others.

This chapter upload first at NovelBin.Com

Every elder was the most important resource of the sect. If anything happened to them, it would be a huge blow to the White Bone Demon Sect.

Almost at the same time, more than six attacks landed on the three of them.

Boom! Boom! Boom!

The powerful force directly blasted the three of them back to their original spots.

This time, it was their turn to be smashed into a huge pit in the ground.

However, the three of them quickly crawled out of the pit. Although they were panting, they were not injured.

“Hah... hah... I miscalculated. I didn’t expect them to be so troublesome.”

The three of them looked at each other helplessly.

They had failed to look impressive.

It couldn’t be helped. After all, their cultivation foundation was too low to begin with. After all, they were only able to reach this step by relying on the support of their master’s array formation and the might of the Martial Monarch Realm cultivation technique as well as the high-grade Heaven Realm weapon.

If they were to fight a Soul Refinement Realm expert alone, he might still have a chance because the other party was suppressed by an entire realm.

However, once the number of enemies increased, there was really nothing they could do.

Sect Master White Bone narrowed his eyes.

“Interesting. They actually have defensive array formations on their bodies. From the quality of this array formation, I’m afraid it can even resist an attack from a Creation Realm expert. Looks like the master behind you is really not a simple person. I wonder if it can resist an attack from a Shattering Void Realm expert?”

As soon as he finished speaking, Sect Master White Bone actually stepped forward personally.

“Not good, retreat!”

Yun Lige felt a sense of danger and exclaimed. He was prepared to activate the teleportation formation. However, the White Bone Demon Sect’s First Elder and the others were already prepared. They directly attacked at the same time, causing the space to tremble and preventing them from activating the teleportation formation.

“Damn it!”

Yun Lige spat, and the three of their expressions changed.

In the next moment, Sect Master White Bone’s palm landed on the three of them.

Boom!

The three of them were sent flying at the same time. A powerful wave of air directly shattered the defensive array formation on the three of them, making the three of them fall heavily to the ground. They could not help but vomit a mouthful of blood.

The suppression array formation was no longer effective against Sect Master White Bone. At this moment, his cultivation would at most be reduced by two realm levels and would not fall out of the Shattering Void Realm at all.

The difference between the three of them was simply too great!

It was simply impossible for them to resist.

Chapter 38: You’re Too Narrow-Minded

“Their defensive array formation has been broken. Quick, take them down. Their cultivation techniques and weapons are ours.”

“Damn it! Quickly activate the teleportation formation.”

Yun Lige shouted and yelled for his junior brother and sister to activate the teleportation formation.

Losing the defensive formation was no joke.

The reason why they were able to be arrogant for so long in the White Bone Demon Sect was mainly because of the defensive array formation.

It had almost isolated all the damage for the three of them.

It was not only the damage from other people's attacks, but also the shock wave damage from the battle. Even the shock wave damage from their own attacks was blocked by their master's defensive array formation.

Now, without the defensive formation, once the other party's attack landed on them, they would really die.

However!

When they triggered the teleportation formation, a light flashed on their bodies before quickly dimming again.

The three of them instantly felt cold.

The teleportation formation had failed.

Sect Master White Bone's lips curled up.

"Do you think I'm a pig? You've already done so many things that shouldn't have been possible. Do you think I'll still underestimate you guys? The entire White Bone Mountain's space has long been secured by my sect-protecting formation. Your teleportation formations won't be able to work."

"First Elder, take them down. Use a secret technique to directly suck out their souls and extract the cultivation technique."

"Yes!"

The First Elder smiled sinisterly and signaled to the elders beside him. They attacked again.

Yun Lige and the other two wanted to resist, but they were already at the end of their rope.

At this moment, the three of them were all capable of handling one-on-one battles. However, they were unable to attack multiple people at once.

The more fatal problem was that they had lost their defense array formations.

Even the shockwaves from the battle might cause them serious injuries.

As for the other party, they would only be sent flying and not be seriously injured.

Damn!

The three of them instantly felt like crying.

This chapter upload first at NovelBin.Com

If they had known better, they wouldn't have done this.

Their master was right all along. If they could win, they should fight. If not, they should have ran when they still had the chance to.

If they had hurriedly activated the teleportation formation and escaped the moment Sect Master White Bone appeared, they wouldn't have ended up in such a state.

Now, they could almost imagine that the moment the two sides' attacks collided, the intense shock wave from the battle would instantly injure the three of them.

The attacks of the White Bone Demon Sect's elders were getting closer and closer. This short second was so painful and torturous that it made them feel as if it had lasted for a century.

The three of them immediately circulated their cultivation techniques crazily to resist. Although the shock wave would cause damage, the instinctive reaction of facing death still drove them to make a move.

However!

Just as their attacks were about to collide, a huge force suddenly pulled the three of them behind.

"You three brats don't have a defensive array formation and still dare to fight them. Aren't you afraid that the shock wave will kill you?"

Hearing this familiar voice, the three of them could not help but cry.

For the first time in their lives, they felt how wonderful it was to be alive.

"Master."

The three of them called him master affectionately, their voices filled with the grievance of children and sounded a little coquettish.

Lu Xiaoran ignored them.

The Indestructible Golden Body circulated. A golden aura suddenly rose from his arm, forming a huge golden phantom arm.

Then, he grabbed at the void in front of him. The powerful might actually instantly exhausted all the spirit energy in front of him. Its might did not decrease and directly collided with the attack of the elders of the White Bone Demon Sect's Elder Group.

Crack!

With a crisp sound, Lu Xiaoran directly shattered the attacks of the two Void Reversion Realm experts and the few Soul Refinement Realm elders.

The energy in their attacks lost control and exploded in the next second.

Boom!

A loud bang shot into the sky, and the surrounding 50 kilometers were illuminated.

A mushroom cloud rose up, and then spirit energy fluctuations exploded, sweeping out and forcing the few White Bone Demon Sect elders to retreat on the spot.

Pfft!

The few of them could not help but spit out a mouthful of blood and retreat to their original positions.

This scene instantly caused the surroundings to fall into deathly silence.

One move!

In just one move, he had directly suppressed the entire White Bone Demon Sect's Elder Group. Although there was still a First Elder who had not attacked, Lu Xiaoran was completely unscathed!

So what if the First Elder was involved?

He would only make Lu Xiaoran spend more effort.

Gulp.

The White Bone Demon Sect's First Elder swallowed hard and looked at Sect Master White Bone.

Cold sweat had already seeped out of Sect Master White Bone's forehead. However, he knew that he couldn't panic. At this moment, if he panicked, everything would become chaotic.

He took a deep breath and said coldly, "I didn't expect the Heaven Demon Sect to have such a peerless genius like you. You've really broadened my White Bone Demon Sect's horizons. What happened today is all a misunderstanding. My White Bone Demon Sect and the Heaven Demon Sect can be considered to have been friends for many years. Why don't we stop here?"

"What do you think I'm going to say?"

The corner of Lu Xiaoran's mouth revealed a faint smile that was filled with ridicule.

Sect Master White Bone gritted his teeth. Actually, he did not have much hope. The other party had killed so many of his people, and it was already a situation where they would fight to the death.

In the Martial Dao World, the weak were prey to the strong. Since the other party had the advantage, how could they let the White Bone Demon Sect off?

However... Lu Xiaoran clearly had such powerful strength and could destroy the White Bone Demon Sect on his own. Why did he still need to rely on his disciples? Why did he only show out now?

At this moment, an explosion suddenly sounded from the horizon.

Boom!

This explosion shocked everyone present.

Immediately after, another explosion sounded. Then, the thunder gradually became dense, and the starry sky was also covered by the clouds.

"What did you do?"

Sect Master White Bone's eyes instantly turned cold.

Lu Xiaoran shrugged and smiled warmly.

"It's nothing. It's just an attack formation I set up in your White Bone Demon Sect. All the living beings inside the formation will be destroyed."

"What?!"

Sect Master White Bone exclaimed as her pupils constricted.

He finally understood why Lu Xiaoran had gone through so much trouble to get his three disciples to cause a scene.

He was stalling for time!

What he wanted was not to destroy the White Bone Demon Sect, but to annihilate it!

Therefore, he had not appeared all along and was setting up a 360-degree killing formation.

At this moment, for the first time, Sect Master White Bone felt how terrifying Lu Xiaoran was.

This guy was simply a demon. He was the type to fight to the death no matter what.

However, Sect Master White Bone did not want to give up. Instead, he threatened,

“I admit that the array formation you set up previously is indeed very threatening. It was actually able to suppress the strength of our entire White Bone Demon Sect. However, this is only a temporary suppression. Aren’t you thinking too highly of yourself? Do you really think you can use an attack formation to destroy our White Bone Demon Sect? Today, as long as a single person from our White Bone Demon Sect manages to escape and report this matter to the Great Zhou Imperial Family, how long do you think you can last?”

Lu Xiaoran nodded.

“You’re very smart and analyzed many things correctly. Unfortunately, your analysis is correct, but you’re just too narrow-minded.”

Chapter 39: Martial Monarch Realm Weapon

Sect Master White Bone raised his eyebrows, not understanding Lu Xiaoran’s meaning.

Lu Xiaoran smiled faintly and said, “It’s indeed difficult for ordinary attack formations to do this, but what if it’s a top-grade Martial Monarch Realm killing formation?”

Sect Master White Bone’s pupils constricted as a chill suddenly shot up from the bottom of his feet and reached the top of his head, making all the hair on his body stand on end.

“This is impossible. How could you have a top-grade Martial Monarch Realm killing formation?”

As soon as he finished speaking, a purple lightning bolt as thick as a bucket suddenly fell from the sky, hitting the White Bone Demon Sect’s First Elder.

Boom!

With a thunderous explosion, the White Bone Demon Sect's First Elder did not even have the chance to react before he directly turned into ashes and was destroyed by the lightning.

Seeing this scene, everyone from the White Bone Demon Sect was completely dumbfounded.

That was the First Elder who was at the Void Reversion Realm!

The Void Reversion Realm!

If even he could not even withstand this bolt of lightning, then wasn't this formation too heaven-defying?

This was definitely a Martial Monarch Realm formation!

"How... how can we beat this?"

"Run... run!"

"Run!"

The White Bone Demon Sect disciples fled crazily in all directions. However, it was already too late. Purple lightning quickly fell from the sky. The disciples who were hit by the lightning were directly turned into ashes without any chance of survival.

Seeing this, Sect Master White Bone completely collapsed.

At the same time, he vaguely thought of something.

Why did Lu Xiaoran come to the White Bone Demon Sect to silence them? Why did he not hesitate to build a top-grade Martial Monarch Realm formation?

Elder Chen Xuan must have discovered something. In order to not expose his secret, he even risked universal condemnation to destroy his entire White Bone Demon Sect.

However, Elder Chen Xuan only said that the cultivation of the disciples of Zhishui Peak was abnormally high.

He knew the strength of the Heaven Demon Sect disciples very well. The disciples of the Heaven Demon Sect were definitely stronger than the disciples of the White Bone Demon Sect, but they were not that heaven-defying.

However, the disciples of Zhishui Peak were actually so heaven-defying.

This chapter upload first at NovelBin.Com

Other than Lu Xiaoran's suppression formation and the enhancement of the defensive formation, all they had were cultivation techniques above the Saint Realm and high-grade Heaven Realm weapons. Under normal circumstances, it was far from possible for them to reach such a heaven-defying level.

If not for the elders of the White Bone Demon Sect's Elder Group joining the fight, they would not have been able to win against these three disciples at all.

The only explanation was that... their cultivation techniques were very likely at the Martial Monarch Realm! As a result, their combat strength far exceeded ordinary cultivators.

If Sect Master White Bone did not know about the Purple Heaven Divine Lightning Formation, he would definitely not believe it.

However, now that a top-grade Martial Monarch Realm killing formation had appeared, what was so strange about having Martial Monarch Realm cultivation techniques?

At this moment, Sect Master White Bone felt like his worldview had completely collapsed.

If he had known that the Heaven Demon Sect's Zhishui Peak was this powerful, he wouldn't have offended the Heaven Demon Sect even if he died!

Boom!

At this moment, more and more lightning bolts appeared, and the attack power became stronger and stronger. The elders beside him fell one after another, and Sect Master White Bone was extremely panic-stricken.

"Are you crazy? I've already used the sect-protecting formation to seal the space of the White Bone Demon Sect. If you use this kind of top-grade Martial Monarch Realm killing formation, the four of you won't be able to dodge it. You will also be killed by the lightning."

Lu Xiaoran shook his head.

"I already said that you're too narrow-minded!"

Sect Master White Bones' eyes revealed confusion again.

Lu Xiaoran was very confident. It definitely seemed like he had a backup plan.

However, when the killing formation was activated, it would not differentiate friend from foe. Even the creator of the formation would be targeted as long as he was within the formation.

Could it be that Lu Xiaoran had other formations?

That had to be a Martial Monarch Realm formation at the very least. However, why did Sect Master White Bone not sense any other Martial Monarch Realm formations or cultivation techniques?

Other than that, if Lu Xiaoran wanted to resist, he would need to have a Martial Monarch Realm cultivation. Without the strength of a Martial Monarch Realm expert, he would definitely be unable to resist.

Although Yun Lige and the others could not see through Lu Xiaoran's cultivation, Sect Master White Bone could vaguely see through it. This was because at this moment, Lu Xiaoran was circulating his spirit energy with all his strength.

He could clearly sense that Lu Xiaoran's cultivation was at the late-stage of the Shattering Void Realm. He could not tell his specific realm level, but it was definitely not at the level of the Essence Realm.

With this cultivation, how could he resist a top-grade Martial Monarch Realm formation?

What was it?

What was his plan?

As his mind was working crazily, Lu Xiaoran suddenly raised his right hand.

The True Phoenix Nine Transformations circulated crazily in his body, revealing a phoenix phantom that was a hundred times stronger than Ji Wuxia.

Clang!

As soon as the phoenix phantom appeared, a phoenix cry filled the nine heavens. Its pressure was so powerful that it shook the heavens and the earth. At the same time, it also attracted the attention of the Purple Heaven Divine Lightning Formation.

In an instant, countless bolts of Purple Heaven Divine Lightning smashed crazily towards Lu Xiaoran's head.

Everyone's expressions changed.

With so many Purple Heaven Divine Lightning bolts, Lu Xiaoran and the other three would be turned into ashes with a single strike.

At this moment, a small mark suddenly flew out from Lu Xiaoran's right palm.

It was engraved with floating clouds and phoenix marks. As Lu Xiaoran raised his hand, it instantly expanded with a monstrous aura. The phoenix on it seemed to be alive as it swam between the floating clouds.

Boom!

The hundreds of lightning bolts of the Purple Heaven Divine Lightning Formation bombarded the mark, but they were like stones sinking into the ocean. They instantly disappeared without a trace, not even causing a ripple.

The small mark was not affected at all.

At this moment, the scene seemed to have stopped.

To be able to resist the attack of the Martial Monarch Realm formation and not be injured at all, this weapon... was it a Martial Monarch Realm weapon?

"Martial Monarch Realm Weapon?"

Sect Master White Bone's eyes widened and his mind could no longer think.

Lu Xiaoran actually even had a Martial Monarch Realm weapon!

This was too much!

It was as if they were using a nuclear bomb to fight refugees!

Two elders directly spat out blood and were about to die from anger!

Yun Lige and the other two were even petrified on the spot.

Lu Xiaoran's three disciples started to doubt what they were told by their master before.

To think that they were even moved to tears and thought that their master had given them the best weapons. In the end, their master actually kept the Martial Monarch Realm weapon for himself.

It seemed that this master had many tricks up his sleeve.

Sect Master White Bone closed his eyes and chuckled.

“Your victory is well-deserved.”

With so many trump cards and layers of scheming, Lu Xiaoran was not acting on a rash impulse when he attacked the sect. Not to mention the White Bone Demon Sect, even the entire Great Zhou might not be able to resist if they were also subject to Lu Xiaoran’s scheming.

He was convinced. He was really convinced.

In the next moment, lightning bolts erupted one after another. Thousands of lightning bolts fell, turning the entire White Bone Demon Sect to ashes. The world was illuminated by a white light, and even the morning sun that had just risen in the east was overpowered by this light.

...

The White Bone Demon Sect’s destruction had been announced, attracting countless experts from other sects to rush over and investigate the news.

Two hours later, it became the most popular news in a radius of 5,000 kilometers.

At this moment, Yun Lige and the other two were lying on the bench in front of their master’s door. They were pouting and being punished by their master’s whip pitifully.

“You lot have been disobedient. Have you forgotten my teachings?”

Chapter 40: Li Daoran’s Revenge Plan

“How many times have I told you? If you can beat them, then fight. If you can’t, then run. But what did you guys end up doing? You couldn’t beat them, but you still stayed to fight. Do you really think you’re hot shots? Do you all think you’re all unkillable cockroaches? If you guys were really hot shots, you wouldn’t have been humiliated and ended up as my disciples.”

Lu Xiaoran was furious.

Fortunately, he arrived in time when the few White Bone Elders attacked. Otherwise, the three of them would have been severely injured even if they did manage to survive.

He only wanted them to train and stall for time. However, these disciples were stubborn and insisted on fighting with their lives on the line.

Why couldn’t they just listen to him?

The three of them lay on the long bench obediently and let their master whip them.

Lu Xiaoran gave Yun Lige and Fang Tianyuan a beating before finally getting to Ji Wuxia.

However, it had to be said that men and women were indeed different.

When he whipped Yun Lige and Fang Tianyuan, it was as if he was whipping rocks. Their flesh was extremely hard.

As for Ji Wuxia, his whip would bounce back every time he whipped her. It was as if he was whipping a bouncy ball.

This made Lu Xiaoran unable to help but whip her a few more times.

“Ah!”

Ji Wuxia was in so much pain that tears fell. She could not help but scream before Lu Xiaoran stopped.

He threw away the whip and said angrily, “The three of you are not allowed to cultivate today. Copy the rules of Zhishui Peak ten thousand times for me. If you don’t finish this task, don’t call me master anymore.”

The three of them looked at Lu Xiaoran pitifully like children that had done something wrong.

“Master, we’re really sorry. We won’t dare to mess around again.”

“Save me your nonsense. I can’t be bothered to listen to promises. That thing is the most unreliable. All of you, stay in the study and copy the rules. If you can’t finish copying, don’t leave.”

With that said, Lu Xiaoran threw a bottle of medicinal pills to the few of them.

“This is an Essence Nurturing Pill used for healing injuries. Each of you should eat a few first. It can help you recover from your injuries. Don’t leave behind any ailments. I really can’t stand you guys.”

He shook his head, clasped his hands behind his back, and strode from his house, looking disappointed.

He still had to redesign the array formation on Zhishui Peak.

As for Yun Lige and the other two, their hearts could not help but warm up as they looked at the medicinal pill.

Lu Xiaoran had beaten them up because he was strict with them. However, after beating them, he did not forget to give them medicinal pills to treat their injuries.

It seemed that their master really did care about them.

“Finish eating the medicinal pills and copy the rules!”

Yun Lige was the first to swallow the medicinal pill. Then, he immediately began to copy.

Ji Wuxia was second, and Fang Tianyuan was third. The three of them all started copying.

At this moment, Lu Xiaoran had already arrived at the foot of Zhishui Peak and began to set up an array formation.

“I’ll use a scanning array formation for the outermost layer. Once there’s anyone that tries to trespass, I’ll be the first to discover them. After all, most of the time, the people who come to Zhishui Peak are from the Heaven Demon Sect. After all, rarely do outsiders barge in.”

“I’ll set up an attack formation in the second layer. In this way, if I discover anyone, I can directly control the attack from afar.”

After setting up these two layers of array formations one by one, Lu Xiaoran finally heaved a sigh of relief.

Most importantly, the Eight Trigrams Sky Sealing Formation could be activated at any time. All of this was more than enough to ensure the safety of Zhishui Peak.

Previously, in order to prevent his real strength from being discovered by the sect, he had closed the Eight Trigrams Sky Sealing Formation. However, he had since been taken advantage of. Now, Lu Xiaoran was also jittery and anxious.

Currently, he had long-range control over all the array formations. As long as he discovered someone, he could activate the attack formation instantly. This could also be considered a way for him to ensure his safety.

Just as he finished, Lu Xiaoran wiped the sweat from his forehead. A disciple from the foot of the mountain shouted.

“Elder Lu, Elder Lu, the sect master has ordered all the elders to gather in the main hall of the sect.”

“Got it.”

Lu Xiaoran threw a bottle of Small Qi Gathering Pill to the other party, took a step, and his body instantly disappeared from the spot.

Actually, although the other elders had not arrived, Lu Xiaoran had already vaguely guessed what was going on.

If nothing unexpected happened, it was definitely related to the destruction of the White Bone Demon Sect.

After all, this matter was too big. Moreover, the White Bone Demon Sect was so close to the Heaven Demon Sect, so it was impossible for the Heaven Demon Sect to not take this matter seriously.

Soon, he arrived at the sect hall. Just as he arrived at the entrance of the hall, Lu Xiaoran saw Li Daoran. This guy had only been working for a few days, but his skin had become much darker. It was as if he had been sunbathing for more than half a year by the sea. There was even an obvious black and white line below his neck.

“Xiaoran, sob... I miss you so much.”

“What?! What happened to you?”

Lu Xiaoran was shocked.

Li Daoran said with a sad expression, “Don’t even mention it. After Elder Huang’s blind date was ruined, he vented all of his anger on me. Good heavens, that old bastard trained me day and night and forced me to work non-stop. After only working for a few days, I almost died of exhaustion.”

“Um... then why are you out here again?”

“I heard that something big happened to the White Bone Demon Sect. The sect dispelled the punishment of all the elders and is gathering everyone in the sect’s hall for a meeting. I’m the only elder that’s currently being punished, so they let me off.”

“Uh... that’s good.”

“What’s good about it? My delicate skin is gone forever. Xiaoran, you have a lot of ideas. Help me think of a way. If I don’t take revenge, I will lose all my dignity as a human.”

Li Daoran clenched his fists and gritted his teeth. The anger in his eyes was about to erupt.

Lu Xiaoran touched his nose.

“I really don’t have any good ideas on this matter. After all, you also know that Elder Huang’s cultivation is already at the tenth level of the Spirit Realm. He’s more powerful than both of us and we can’t beat him at all. Unless we find someone who’s stronger than him and is willing to help you deal with him.”

“Some stronger than Elder Huang? And he has to be willing to help me deal with him?”

Li Daoran lowered his head and pondered for a moment. Suddenly, his eyes lit up and he immediately gave Lu Xiaoran a thumbs up.

“Impressive! Really impressive! As expected of Xiaoran, you’re really smart. You directly thought of getting someone else to do my dirty work for me. I have a plan, hehehe...”

“Really? What’s your plan?”

Lu Xiaoran was somewhat curious. Li Daoran placed his hands behind his back and smiled sinisterly. “Heaven’s secrets can’t be leaked. However, just wait for my good news. Hahahaha... this time, if I don’t let that old bastard Huang enjoy the “best” treatment, I’ll take his surname.”

With that said, Li Daoran strode into the hall.

Lu Xiaoran shook his head.

“I don’t know what’s going on with this guy, but I think it’s probably not a good thing. I hope he doesn’t get into more trouble.”

With that said, he also walked in.

In the hall, the atmosphere was solemn to the extreme. Although it was very quiet, many elders in the crowd were secretly transmitting messages. Their expressions were varied, but most of them were very solemn.

When Lu Xiaoran arrived, the Sect Master immediately said, “Xiaoran, you’re here. Hurry and take a seat.”

“Yes, thank you, Sect Master.”

There was another benefit to becoming a member of the Elder Group. In the hall, an elder from the Elder Group could have their own seat and did not have to stand like the other elders.
