

Summoner 1011

Chapter 1011: You're Unjust and I'm Unjust (2)

Yu Xia looked at the stone wall that she had looted and couldn't help but slap her hands hard. "Come out a bit more, come out a bit more!" The Golden Cauldron Fluid slowly oozed out of the back of the stone. Yu Xia's eyes glittered when she saw this and she even slapped her hands hard.

Luo Xing and Hua Ling didn't know what Yu Xia was doing when they saw her hitting the stone wall. "What's wrong with her?" Luo Xing couldn't help but complain. Senior Brother Kui was so injured, but she was still in the mood to do boring things. Hua Ling didn't care what Yu Xia was doing at all. She had already thought of many ways in her mind and even took out a lot of things, but the unconscious young man didn't show any signs of waking up.

Yu Xia slapped harder and harder, and her voice became more and more frustrated. Qu Lanyi was enraged after hearing that. "Idiot, extremely stupid!" You Yue also frowned fiercely. He had never seen such a woman. The banging became louder and louder. Yun Feng, who had been cultivating in peace, finally opened her eyes. A glint of light flashed through her eyes.

"Fengfeng, you've opened your eyes." Qu Lanyi chuckled. Yun Feng stood up from the ground with an inexplicable coldness on her face. "After being so noisy, I can't continue cultivating no matter how calm I am."

"She interrupted your cultivation. Do you want me to deal with her?" Qu Lanyi's face immediately darkened. Yun Feng raised the corners of her mouth. "It's fine. It's time for us to go out."

Qu Lanyi and You Yue were both delighted after hearing that. "Feng! You've reached Grade 5?"

Yun Feng smiled at You Yue lightly. "Yes, I lived up to your expectations. I've finally become a Grade-5 King."

Qu Lanyi smiled proudly. "Fengfeng's cultivation speed is unparalleled. If I tell anyone, those old guys will be humiliated."

Yun Feng smiled helplessly. Hearing the increasingly loud knocking sound, she smiled mockingly. "Does this woman think that the Golden Cauldron Fluid is made by hitting the wall?"

"Maybe she thinks so," replied Qu Lanyi casually. Yun Feng collected the small bottles under the roots of the ten Golden Cauldron Trees she dug out. After such a long time of catalysis, there was already half a bottle of Golden Cauldron Fluid flowing out of the ten Golden Cauldron Trees. Yun Feng looked at the small bottle of bright golden liquid in satisfaction. One drop of it in the potion could increase the effect of the potion by several times. This large bottle was enough for cultivation and medicine.

After sweeping all the ten Golden Cauldron Trees into her bracelet space for future needs, Yun Feng put away half a bottle of Golden Cauldron Fluid. Hearing this annoying noise, she couldn't help but feel enraged in her mind. Yu Xia, who had been smashing the wall outside, soon found that the golden liquid that kept oozing out just then was gone!

Ever since Yun Feng opened her eyes and ended her cultivation state, the Golden Cauldron Tree had lacked the conditions to be activated. The Golden Cauldron Fluid certainly wouldn't appear. Even if Yu Xia smashed her hand, she wouldn't be able to get a drop of the Golden Cauldron Fluid. "Come out, come out!" Yu Xia looked at the wall where the golden liquid no longer seeped out and couldn't help but shout in anger. Yun Feng and the others walked to the passage and kept approaching the original cave.

"Yu Xia! You're so noisy, do you know that? Can you stop for a while?" Luo Xing couldn't stand it anymore. He suddenly stood up and shouted at Yu Xia, who had been making noise. Yu Xia shouted even more furiously, "Luo Xing! It's not your place to care about what I do!"

"What did you say?" Luo Xing roared furiously. Yu Xia roared without looking back, "Get lost!"

"I advise you to get lost too." A clear voice suddenly echoed in the cave. The three people in the cave were all stunned. Hua Ling and Luo Xing immediately looked around and didn't find anyone! Yu Xia, on the other hand, looked around as if she had seen a ghost. "W-Who are you? Come out!"

"Haha, it's good that you came out. You're too noisy." The voice just then sounded again, followed by a roar. A part of the stone wall was forcibly broken, and stones and mud immediately flew everywhere! Yu Xia was the first to bear the brunt. She was right next to the hole that was broken and was hit by these messy stones! She immediately covered her face and scolded loudly, "How dare you sneak attack me! You sinister villain!"

"Humph!" A cold snort came. After the dust dissipated, the three of them looked at the three people who walked out of the hole dumbfoundedly. Yun Feng walked out with a cold look and looked at the messy woman in the middle of the gravel. She didn't need to guess to know that she was the noisy person just then.

Hua Ling and Luo Xing didn't know how to react. The two of them didn't react at all when some gravel came close. Yun Feng glanced at the three of them and then at the man on the ground who was covered in blood and had a weak breath. Then, she turned around. "Let's go."

You Yue moved her lips and didn't say anything. The three of them walked towards the entrance of the cave. Hua Ling seemed to have woken up from a dream and immediately shouted, "Madam, please wait!"

Yun Feng didn't stop and continued walking forward. Seeing that, Hua Ling immediately stood up and swayed her body a few times before she immediately chased after her. Seeing that, Luo Xing couldn't help but shout, "Senior Sister Hua Ling!" Luo Xing didn't dare to leave easily. He could only stay next to the unconscious young man and look at the entrance of the cave anxiously.

"Madam, wait, wait!" Yun Feng ran over while panting behind her. Yun Feng didn't stop walking. You Yue couldn't bear to look back. "Feng..." Yun Feng didn't seem to hear anything. Hua Ling chasing behind gritted her teeth and rushed forward to Yun Feng. She opened her arms and stood in front of Yun Feng, looking at Yun Feng with enthusiasm in her eyes. "Madam, please save him!"

Yun Feng raised her brows and looked at the woman who stood in her way. "I don't know you."

Hua Ling pursed her lips fiercely. "We're from the Juxing School! The person you're going to save is the Third Elder's most proud disciple. If you save him, the Third Elder will owe you a favor!"

Yun Feng couldn't help but praise her in her mind. Under such circumstances, this woman could still be so calm. She didn't rely on that pitiful act and she came up with such a condition so smartly. It was indeed not bad. However, what was this Juxing School? And who was this Third Elder? What did he have to do with her? She didn't want to cause trouble in the Central Region.

Chapter 1012: You're Unjust and I'm Unjust (3)

"Not interested." Yun Feng said these words, which obviously stunned Hua Ling. Not interested? She said she wasn't interested! Didn't she know what kind of existence the Juxing School was on the Central Continent? Didn't she know what level the elders of the Juxing School were? Had she never seen the world, or... her status was already high enough?

Seeing that Yun Feng was about to pass her, Hua Ling immediately stepped back and stopped Yun Feng again. "You won't suffer any loss. With the Third Elder's status in the Central Region, he can take care of anything!"

Yun Feng's brows moved slightly. This was exactly what she was thinking. If the Third Elder was really as capable as the woman said, it wouldn't be bad to let him owe her a favor. It could be considered as making plans for the future. After all, it was very difficult to make such a person owe a favor.

Even though Yun Feng thought so in her mind, she still looked like she didn't care on the surface. When Hua Ling saw this, she was a bit anxious. She didn't know who Yun Feng was, but she was extremely certain that Yun Feng had the ability to save people. For some reason, she was so sure!

"I'm telling the truth! Madam, if you still refuse to save him, if anything happens to Senior Brother Kui, I'll tell the Third Elder that you did it!"

Hearing that, Qu Lanyi couldn't help but look gloomy. "You're quite bold. Are you threatening us?"

Hua Ling shivered inexplicably. "I... I don't have a choice..."

"Why are you so sure that I can save him?" Yun Feng glanced over with her black eyes. Hua Ling had the illusion that her soul was being stared at. She couldn't help but say, "I don't know why, but I know that you can save him."

Yun Feng chuckled. You Yue whispered on the side, "Feng, if you really have the ability to save that person, you might as well save him. If you can really get a favor just like that, it's not a bad thing."

Yun Feng nodded. "Alright, I'll listen to you, brother."

Hua Ling's eyes immediately brightened after hearing that and she looked at Yun Feng in surprise. Yun Feng, on the other hand, glanced back at her indifferently. Hua Ling immediately walked inside, while Yun Feng followed her back again. Luo Xing, who had been guarding the unconscious young man, couldn't help but look at Hua Ling suspiciously when he saw Hua Ling come back with the three people just then.

"Senior Sister Hua Ling, they..."

Hua Ling didn't answer Luo Xing's question. She asked him to get out of the way first. Yun Feng only glanced at him. "Don't worry. He's not dead."

Luo Xing was immediately a bit angry. "What are you talking about?"

Hua Ling immediately stopped him. "Junior Brother Luo Xing! This master is here to save Senior Brother Kui!"

"What? She..." Luo Xing couldn't help but glance at Yun Feng's young face. She didn't look even older than him! She could save Senior Brother Kui?

"Senior Sister Hua Ling, don't think you can save Senior Brother Kui just because you caught anyone. She might be some quack. If you let Senior Brother Kui's condition worsen, can you bear the responsibility?" Yu Xia walked out of the stone pile with a pale face. There were some wounds on her face and she looked at Yun Feng with ridicule and disdain on her face.

"You can shut up if you're useless." Yun Feng said indifferently without looking at anyone. Yu Xia blushed because of what she said. "Who are you calling useless?"

"Yu Xia, don't be rude! Shut up!" Hua Ling was also anxious and roared at Yu Xia. Yu Xia wanted to say something else, but she glared at Yun Feng angrily and didn't say anything else. Hua Ling immediately turned to Yun Feng. She didn't want Yun Feng to leave because of what Yu Xia said. "Madam, don't mind her."

Yun Feng didn't say anything. She just flipped her wrist and a bottle of potion appeared in her hand. She casually threw it to Hua Ling. "Let him take it."

Hua Ling was stunned. She looked at the potion in her hand and asked Yun Feng in a daze, "That's... That's it?"

Yun Feng raised her brows. What she gave was a bottle of master-level Life Potion. Not to mention that this man wasn't completely dead, even if his life was hanging by a thread, the master-level Life Potion was enough. What else did she want? Yun Feng didn't know that these three people had never seen a master-level potion at all. On the Central Continent, even though their strength was worlds apart from that of the East Continent and the West Continent, the expertise of potions was the same, but the effects of the potions were different.

"Senior Sister Hua Ling, are you sure she can save Senior Brother Kui?" asked Luo Xing in a low voice. He looked at the potion with confusion in his eyes. This potion had been taken out so casually, which showed that its level couldn't be high. Was she really a quack?

"Well..." Hua Ling wasn't confident anymore and was a bit hesitant. Seeing the expressions of the two of them, Qu Lanyi immediately sneered. "Fengfeng, it's truly a pity that the master-level Life Potion you gave is doubted like this."

"W-What? Master Level!" Luo Xing was so frightened that he immediately shouted. Hua Ling also trembled and immediately held the potion tightly in her hand. Her heart raced. Master Level, it was a Master Level Life Potion!

“Master Level? Do you believe her just because she said so?” Yu Xia looked at the bottle of potion in Hua Ling’s hand with a bit of enthusiasm in her eyes, but there was still disdain. She didn’t believe that Yun Feng could have such a high-level potion. Logically speaking, they should be the ones who had such a high-level potion!

“It’s up to you whether you believe it or not. It’s really unnecessary for Feng to save you!” You Yue was also enraged. The woman who spoke just then was too ignorant! Hua Ling immediately shook her head after hearing that. “No, no, no! I believe you!” After saying that, she immediately poured the potion in her hand into the mouth of the unconscious young man. Hua Ling’s hand was trembling slightly. Whether or not she could save Senior Brother Kui depended on this bottle of potion!

Luo Xing was also a bit nervous as he watched on the side. Was that bottle really a master-level Life Potion? He heard that only master-level pharmacists could make master-level potions. Was she a master-level pharmacist? She was so young? What a joke!

The potion Yun Feng gave them was filled into the young man. After a while, the young man, who had been unconscious on the ground, moved. His eyelids trembled a few times, as if he was about to wake up. Hua Ling and Luo Xing were immediately delighted in their minds!

“Senior Brother Kui, Senior Brother Kui!” Hua Ling immediately called out anxiously. The young man barely opened his eyes and squeezed out a weak smile. Hua Ling’s eyes couldn’t help but tear up. Luo Xing’s eyes were also a bit hot. Great, Senior Brother Kui was fine! Yu Xia, on the other hand, opened her mouth wide and looked at Senior Brother Kui, who was slowly waking up. It was really... really a master-level Life Potion!

Chapter 1013: You’re Unjust and I’m Unjust (4)

Seeing that the young man had already woken up, Yun Feng said indifferently, “Remember what you said. The Third Elder of the Juxing School owes me a favor.”

Luo Xing and Yu Xia were both shocked! “Senior Hua Ling! How can you agree to such a shameless request?” Yu Xia roared in dissatisfaction. Luo Xing also disagreed. “Senior Hua Ling, you’re too arbitrary...”

The young man, who slowly woke up, couldn’t help but frown after hearing that. It was obvious that he didn’t agree. Hua Ling said awkwardly, “I didn’t have any other choice to save Senior Brother Kui.”

Yu Xia couldn’t help but roll her eyes at Hua Ling. “Hey! What Senior Sister Hua Ling said doesn’t represent the Third Elder at all. She doesn’t have the right to make the Third Elder owe you a favor. Since you saved Senior Brother Kui, tell me. What do you want?”

“You’re quite bold.” Yun Feng glanced at Yu Xia, who smiled mockingly. “Don’t give me that. You’re just interested in our identities and want to get something from us. Don’t even think about giving us a favor, Third Elder. What do you want? Ores? We have high-level ores too!”

Yun Feng smiled. The corners of her mouth curled up slightly with bone-piercing coldness. You Yue was so angry that his face turned red. Qu Lanyi chuckled. “Speaking of ores, do you want me to give you a few? How about ultimate ores?”

“You...” Yu Xia’s face suddenly flushed. She was obviously despised. Seeing Yun Feng’s cold expression, Hua Ling also felt ashamed. She used this to ask her to help back then. What was the difference between this and going back on her words now?

“Madam, I... I was just anxious just then... There’s no other way. However, Senior Brother Kui is indeed the disciple that the Third Elder likes the most. You’ll definitely get some benefits.”

Yun Feng sneered and didn’t say anything. She quickly slapped the young man who had just woken up. The young man, who was originally pale, immediately spat out a large mouthful of blood after this slap. His body twitched violently and he fell unconscious again after closing his eyes. The situation seemed to be even worse than before.

“What did you do?” Seeing Yun Feng attack, Luo Xing immediately jumped out and wanted to fight back. Yun Feng glanced over with her black eyes. Luo Xing’s body, which was about to move, froze on the spot and he didn’t dare to move at all! She... She was so strong!

Hua Ling was stunned. She looked at the young man who fainted again in a daze and didn’t know what to do. Yu Xia was also rooted to the ground by Yun Feng’s sudden momentum and didn’t dare to do anything. Yun Feng looked at the young man who fainted again and said coldly, “Since you’re people who go back on your words, I don’t have to treat you with honor. I gave him half of his life. I’ll take it back now.”

“You... You...” Luo Xing only dared to say “you”. Yu Xia looked at Yun Feng with resentment in her eyes, while Hua Ling raised her head angrily. “Why? Didn’t you save him? Why did you do this? You promised me!”

“Don’t forget what you said. Your matter has nothing to do with us. We established an equivalent exchange with you. Since you chose to break the promise you made, why can’t we?” Qu Lanyi looked at Hua Ling coldly. Hua Ling held her breath and didn’t know what to feel in her mind. It was true that she made that promise back then, but... but they could choose something else, right? The Third Elder wouldn’t mistreat them either!

“Feng, let’s go!” You Yue immediately pulled Yun Feng and was about to leave angrily. These three ingrates! If he had known earlier, he wouldn’t have helped. Now, she was blaming Feng. This was a fair exchange. They betrayed her first! It couldn’t be more fair!

“Wait, wait!” Seeing that Yun Feng was about to leave, Hua Ling immediately caught up with her again. “Madam, I beg you. I promise this time that I’ll explain everything to the Third Elder in person. The Third Elder cares about Senior Brother Kui a lot. He’ll definitely...”

“I won’t believe you again.” Yun Feng looked at Hua Ling with her black eyes and gently waved her hand. Hua Ling’s body was pushed aside by a powerful force. Yun Feng walked towards the entrance of the cave without looking back. Qu Lanyi and You Yue followed her and left without looking back.

Luo Xing looked at Senior Brother Kui, who had passed out again, in a daze. He didn’t know what was going on. Yu Xia immediately rushed to Hua Ling’s side. “If anything happens to Senior Brother Kui, it’s that person’s fault! We have to tell the Third Elder!”

Hua Ling blamed herself and was angry. For a moment, she didn't know what to say. "Senior Sister Hua Ling, I'll go out and find the Sound Badge. We must contact the Third Elder right now! Otherwise, Senior Brother Kui will be in danger!" Before Hua Ling could answer, Luo Xing had already rushed out. Hua Ling returned to the unconscious young man's side in a daze. Seeing that he still opened his eyes and closed them again at this moment, she had an indescribable feeling in her heart.

Not long after Yun Feng and the others walked out of the cave, Yun Feng stepped on something. She moved her foot and looked at it. It was a Sound Badge. Yun Feng picked it up suspiciously. Qu Lanyi and You Yue were also very confused. After a while, they rushed out of the cave. He seemed to be in a hurry to find something. Yun Feng looked at the Sound Badge in her hand for a long time and her mental strength suddenly penetrated the Sound Badge in her hand. The Sound Badge emitted a burst of light. Then, a rather dignified voice came from the Sound Badge.

"Who are you? Why do you have this Sound Badge?"

The corners of Yun Feng's mouth curled up slightly. "Are you the Third Elder of the Juxing School?"

The other party was obviously stunned for a moment. Then, his voice came. "Who exactly are you? Tell me! What's your purpose?"

"Tut-tut, you have an unusually bad temper," said Qu Lanyi. The other party also heard it and immediately shouted furiously, "Brazen kid! How dare you talk to me like that when you know who I am?"

"Instead of asking who I am, why don't you care about your disciples first?" Yun Feng said coldly as the Sound Badge flashed a few times. "What do you mean?"

"Listen up. Your favorite disciple is seriously injured right now. As for the place, find it yourself. That's all I have to say." After saying that, Yun Feng cut off the connection with the Sound Badge and threw it to an unknown place. Qu Lanyi couldn't help but mutter, "You're still too soft-hearted."

Chapter 1014: You're Unjust and I'm Unjust (5)

Yun Feng smiled indifferently. In her eyes, the four of them didn't matter at all. It was just a pity that they wasted a bottle of potion. Forget it. She would make the potion again. Her slap just then was indeed as she said. She took back half of the life she gave the man. The life and death of that person had nothing to do with her.

"Brother, it's time to go back to the You family," said Yun Feng. You Yue chuckled and nodded. The three of them walked forward together and soon disappeared. As he was returning along the way to find the Sound Badge, he only felt something fly in the air and hit his head directly. He was about to curse, when he saw that it was the lost Sound Badge!

Luo Xing immediately opened the connection of the Sound Badge. Before he could say anything, the Third Elder's voice had already come. "Tell me, where are you?"

Luo Xing was stunned and immediately reported his location. The Third Elder quickly cut off the connection and seemed to have rushed over. Luo Xing was confused. He hadn't said anything yet. Why did the Third Elder seem to know everything?

As expected of the Third Elder of the Juxing School. After a while, they found the cave where the few of them were. The three of them couldn't help but feel delighted when they saw the Third Elder. And when the Third Elder saw the young man lying on the verge of death, he couldn't help but feel enraged!

"What exactly happened? Why is Tian Kui like this?"

The three of them didn't dare to say anything. The Third Elder immediately started treating the dying young man. He glanced over with his sharp eyes and saw an empty bottle of potion next to the young man. The Third Elder picked up the bottle suspiciously and his expression immediately changed drastically. Master Level potion! He glanced at the three disciples. It was impossible for these three people to have a potion of this level. Who did this potion belong to? And who was the person who talked to him with the Sound Badge just then? In a blink, a blurry figure gradually formed in the Third Elder's mind and his hand holding the empty bottle tightened.

The Third Elder carefully treated the unconscious young man on the ground. The young man's heavy injuries were certainly relieved under the Third Elder's ability. The other three people were relieved when they saw that. After seeing that the disciple he cared about the most was fine, the Third Elder had time to ask him what he wanted to know in detail.

"Did someone come here just then?" The Third Elder slowly put the young man, who was covered in blood, on the hay. He glanced at the huge hole on the stone wall and couldn't help but flash. Even though the young man's pale face was still there, his breathing had gradually eased and he had already left the state where his life was hanging by a thread just then.

The three of them looked at each other. In the end, Hua Ling said, "Someone was indeed here just then."

"It was that person who injured Senior Brother Kui!" Yu Xia shouted. Hua Ling and Luo Xing's eyes glittered. The two of them didn't argue in the end. In their minds, Yun Feng had indeed injured Senior Brother Kui. They had already saved him. Even if they went back on their words, they had promised her benefits. Yet, she still did this! Hua Ling and Luo Xing were both decent people, but they were more or less dissatisfied with Yun Feng's behavior.

The Third Elder was immediately enraged. "What does that person look like?"

"A rather young woman who seems to be in her early twenties. There were two men next to her," said Yu Xia immediately. She glanced at Hua Ling and Luo Xing. The two of them looked at each other and only said yes. The Third Elder couldn't help but sneer. "That's all? She doesn't even have a name?"

"We... We don't know either..." Hua Ling whispered. She finally remembered that she didn't ask Yun Feng's name. The Third Elder glanced at the three disciples fiercely and the three of them couldn't help but lower their heads guiltily. "Does that person have a deep grudge against you? Why did she hurt Tian Kui, while the three of you were fine?"

“We... We...” Hua Ling and Luo Xing both lowered their heads and felt that their cheeks were a bit hot. The reason why Senior Brother Kui was seriously injured certainly had nothing to do with Yun Feng, but Yun Feng’s slap also injured Senior Brother Kui quite badly. The Third Elder took out the empty potion bottle in his hand. “Where did you get this?”

The eyes of the three of them glittered when they saw this. “This... This was given by that person...” Hua Ling said. The Third Elder immediately frowned. “What exactly happened? Tell me clearly! If you don’t, none of you will take another step into the Juxing School!”

Yu Xia immediately raised her head in panic after hearing that. “Third Elder, it has nothing to do with me! I... I was just telling the truth!”

The Third Elder narrowed his black eyes slightly and looked at Hua Ling and Luo Xing. Hua Ling finally told him what happened briefly. After hearing that, the Third Elder’s face changed constantly. What an unknown person. Since she took out this Life Potion, it was fine to save him, but there was even a reason to take it back! Looking at the empty bottle of potion in his hand, the Third Elder’s heart trembled a few times. Someone who had a master-level potion couldn’t be a simple person. If that person was a master-level pharmacist...

“Third Elder, I found this!” In order to divert the Third Elder’s attention and claim credit, Yu Xia immediately took out the golden liquid she collected earlier. Even though it was just a small amount, it was enough to surprise the Third Elder.

“This is the Golden Cauldron Fluid! Where did you get it?” The Third Elder took the bottle in Yu Xia’s hand with a bit of enthusiasm in his eyes. The Golden Cauldron Fluid, which was only two millimeters thick, was flowing slowly and emitting a faint dazzling light. This was the first time the three of them saw the Third Elder so enthusiastic and they couldn’t help but feel stunned.

“Golden Cauldron Fluid? What’s that?” Yu Xia asked as she looked at the small bottle she handed over curiously. The Third Elder glanced at it fiercely. “Where did you get this?”

“It’s on the stone wall of this cave. It seems to be coming from behind this stone wall.” As soon as Yu Xia said that, the Third Elder had already flashed into the huge hole on the stone wall. Once he entered, the Third Elder was greatly shocked. There was another passage behind this! Without any hesitation, he followed the passage all the way. The Third Elder was still observing the situation inside the passage along the way and soon reached the end. When he reached the end, the Third Elder’s eyes widened abruptly.

This... This is...

A dozen Golden Cauldron Trees stood there. The Third Elder immediately ran to these short trees and sized them up, looking left and right. Then, he flipped his hand and took out the Sound Badge!

Chapter 1015: The Troublemaker Is Here (1)

“Third Elder, what can I do for you?” A voice came from the Sound Badge. The Third Elder said anxiously, “Let me ask you, what does the Golden Cauldron Tree look like?”

“The Golden Cauldron Tree? Why do you ask?”

“What exactly does the Golden Cauldron Tree look like?”

“Not many people have seen the Golden Cauldron Tree. According to those who have seen it, it’s a short tree that grows together in a small area. They seem to be growing in stones”

The Third Elder’s eyes widened as he looked at the dozen or so trees in front of him with scorching eyes. The Sound Badge paused for a moment. “Wait, you’re asking this? Did you find the Golden Cauldron Tree? Haha, stop joking. How can it be so easy to find the Golden Cauldron Tree? That’s something that countless people dream of!”

!!

“I think I’ve found it. The Golden Cauldron Tree is in front of me!” The Third Elder’s voice was a bit shaky when he said this. The Sound Badge suddenly fell silent. After a while, he said, “You said you found it! You found the Golden Cauldron Tree! That means you’ve also got the Golden Cauldron Fluid!”

The Third Elder looked at the bottle in his hand with a complicated gaze. Even though it was only a little, this was indeed the Golden Cauldron Fluid! The Third Elder glanced around slightly and his pupils shrank abruptly. The ten huge pits dug on the ground also appeared in his eyes at the same time!

“Everyone who sees it gets a share! Now that I know the news, I should have one of the trees no matter what! You must know that this thing is a treasure for pharmacists! For cultivators like you, it’s just a supportive role. Besides, there are more than a dozen of them. It won’t be too much to give me one.”

The Third Elder didn’t say anything for a long time as he looked at the ten huge pits on the ground. “Someone has already dug them out.”

“What? What did you say? They were dug out?! Didn’t you say there were a dozen of them?”

The Third Elder swallowed and said to the Sound Badge solemnly, “Before I got here, someone had already dug out ten Golden Cauldron Trees!”

“Pfft! How many did you say? Ten, ten trees! One person dug up ten trees? Do you have to be so greedy? I’ll be satisfied if I have one. Ten”

“Alright, I’ll talk to you later. I can give you one, but you must double the amount of potions you provide to the Juxing School.”

“Damn, you old man, you’re really good at bargaining! Do you know that one drop of the Golden Cauldron Fluid can increase the effect of the medicine by many times? You even asked me to double it! You’re a vampire!”

Ignoring the shouts on the other side of the Sound Badge, the Third Elder cut off the connection and looked at the dozen Golden Cauldron Trees in front of him. This person was also strange. Why did she only dig away ten of them and not all of them? Anyone else would certainly take these Golden Cauldron Trees for themselves. Or did this person not know that they were Golden Cauldron Trees at all and did whatever she wanted? Either way, the person who took the Golden Cauldron Tree kept overlapping with the blurry figure in the Third Elder’s mind. He would see that person sooner or later.

The floating island was one of the three islands in the Central Region. It was much larger than Yun Feng imagined. The four cities occupied four spots on the floating island. The other towns and even smaller villages were built around the four cities. In the four cities, there were four famous families. On the floating island, these four families represented supreme honor and status. Some people usually took a detour when they saw the people of the four families. If they couldn't afford to offend them, they certainly had to hide.

This was all the information Yun Feng and the others got when they arrived in a small town. Naturally, Yun Feng also asked about the Juxing School. What surprised Yun Feng was that the Juxing School was indeed as that Flower Spirit said. It was a very respected existence in the Central Region. There was a very huge academic institution on the three islands in the Central Region. The Juxing School belonged to the floating island and was as famous as the schools on the other two islands. The geniuses on the floating island were all gathered in the Juxing School. It was the place that many young people dreamed of going.

It was unlike the East Continent and the West Continent. Yun Feng wasn't familiar with the West Continent, but for the East Continent, there were special schools for warriors and mages to study. The Juxing School apparently included everything, including summoners.

That place could be said to be a place where geniuses gathered, and the older generation of the Juxing School was some big shots on this floating island. Even the four major families had to give the elders some respect. What Hua Ling said back then was true. The Third Elder of the Juxing School indeed had such an ability. If it wasn't a tricky matter, he could deal with it with a wave of his hand.

The few of them didn't say anything along the way and rushed to the You family. According to You Yue, the You family was just a family that was neither big nor small. The few of them came to the place where the You family was, but they received shocking news. The You family had already left this town and moved to one of the four cities on the floating island!

"You don't know this, but the You family has a peerless genius. The You family can be considered to have flown to the top and become a phoenix. I even heard that the genius of the You family is a disciple that the elders of the Juxing School think highly of. The You family will probably soar in the future!"

People in the town where the You family originally lived all said so. They were undoubtedly envious and jealous. You Yue couldn't help but feel complicated in his mind after hearing that. Yun Feng, on the other hand, smiled. "Brother, the You family is developing quite well. You can rest assured."

You Yue nodded. He didn't have any complaints when he was sent out of the Central Region back then. He knew that his family had no choice but to do this. Now that the You family had already risen, he was certainly happy from the bottom of his heart to have such a person. "Feng, if you have something to do, go do it first."

Yun Feng shook her head. "I'm fine. I should go to one of the four cities to broaden my horizons."

You Yue smiled gently. "This genius of the You family probably can't compare to Feng."

Yun Feng didn't say anything. Qu Lanyi snorted in disdain. Even the top geniuses of the Juxing School couldn't compare to Yun Feng.

There were four cities on the floating island. The city where the You family was located was called Yue City. After arriving at Yue City, Yun Feng finally understood why this city was called Yue City. This city was like being built in a mountain range. High and low mountains crossed the city. Every store or street was on a mountain path. All the large and small families were nestled in the mountains. This was a city completely formed by mountains, so this was called Yue City.

Chapter 1016: The Troublemaker Is Here (2)

After coming out of the Spatial Teleportation Array, Yun Feng looked around Yue City and looked at the mountains of all sizes in front of her. She couldn't help but exclaim in her mind. "Let's go to the tavern first and ask for some information. Let's find out the exact situation here first."

Yun Feng agreed with Qu Lanyi's suggestion. The three of them prepared to go to a nearby tavern. Since You Yue hadn't broken through to the Lord Level yet, he was greatly restrained when he flew in the sky. Yun Feng and Qu Lanyi accompanied You Yue around the mountain road. On the way, they saw a few people flying in the sky. These people even turned around and smiled mockingly with a bragging look.

Yun Feng didn't care about it at all. You Yue indeed felt a bit sorry. He hadn't reached the Lord Level yet and he should be mocked by these people at the Lord Level, but Feng was already at Grade 5 of the King Level. She shouldn't be mocked like this at all!

"Feng, don't worry about me. Just go up with Qu Lanyi," said You Yue. Yun Feng, however, smiled. "Brother, do you think I care about what other people think? These people are short-sighted. That's all they can do." Yun Feng glanced at the few people who flew up just then and curled her lips mockingly. Qu Lanyi also sneered. "If you mock others today, you'll be mocked tomorrow."

Seeing that the two of them had the same attitude, You Yue didn't say anything else. The three of them finally came to a tavern after circling the mountain road for a long time. You Yue was a bit out of breath. After all, it wasn't easy to walk on this mountain road. After walking for a while, Qu Lanyi and Yun Feng were fine. Both of them were breathing calmly and didn't feel tired at all. The three of them were about to walk to the tavern when a few roguish young men flew up from the mountain on the side and landed in front of Yun Feng and the others.

"Guys, you must be tired after climbing such a long mountain path, right?" One of the young men smiled at Yun Feng with a frivolous tone as he looked at Yun Feng with evil intentions in his eyes. "Do you want me to treat you to a few drinks?"

Yun Feng glanced over coldly and didn't seem to care about these people. They followed behind her and sneered from time to time, deliberately letting them hear. The three of them didn't care along the way. They didn't expect this group of people to keep pestering them.

You Yue pulled Yun Feng to her side. "Get out of our way! We don't need it!"

The few young men burst into laughter. The expression of the young man who spoke just then suddenly became fierce. "Bah! A Lord dares to whisper to me! Do you know who I am?" After saying that, the young man suddenly rose into the sky and looked at You Yue from above. "How is it? Are you envious of me?"

“This is the second young master of the Zhao family. He’s giving you face by inviting you in for a drink! Don’t be ignorant!”

“The Zhao family?” Yun Feng raised her brows and glanced at the young man standing in the air. The young man burst into laughter. “You really don’t know the Zhao family of Yue City?”

“The Zhao family is a famous family in Yue City. The Zhao family is...”

“One of the four families?” Yun Feng asked coldly. The young man and his lackeys in the sky were immediately a bit embarrassed. “Although the Zhao family can’t be ranked first, they can still be in the top ten no matter what!”

Qu Lanyi chuckled. “This monkey has become the king. He really thinks he’s capable.”

“Kid! What did you say? You said the Zhao family is a monkey!” The young man in the sky shouted angrily. Qu Lanyi raised his head lazily and glanced at them. “You’re jumping up and down. If you’re not monkeys, what are you?”

“Don’t be so shameless! How can you judge the Zhao family? Apologize quickly!” The lackey shouted. “Otherwise, you’ll have to bear the consequences!”

The few roguish young men waited for Yun Feng and the others to apologize, but they didn’t expect Yun Feng and the others to ignore them at all. They turned around and walked past them straight to the tavern. The commotion outside had already shocked some people in the tavern. People who were watching the drama leaned against the window and looked out, unable to help but discuss.

“Second Young Master Zhao is here to cause trouble again. Is he looking for trouble for no reason?”

“Why do you care? He’s famous for causing trouble in Yue City. It’s really a lot of trouble if he comes to you.”

“Exactly. The Zhao family is still protecting him. To put it bluntly, they’re all retarded.”

The Second Young Master of the Zhao family certainly knew that there were a lot of people watching with glittering eyes. He thought that Yun Feng and the others would definitely apologize and he had already been prepared to act like a magnanimous person who didn’t care about the past. He didn’t expect these three people to directly ignore him. He was like a clown who was talking about himself! He glanced into the tavern and saw many slightly mocking gazes as expected. The Second Young Master of the Zhao family immediately lost his face.

In the Zhao family, he was a little tyrant. His father and brother doted on him and he had everything he wanted. Apart from those few people who couldn’t be provoked, who else in Yue City dared to treat him like this? These three people didn’t take him seriously at all!

A fierce glint flashed through the eyes of the Second Young Master of the Zhao family as he made a hand gesture. Those few lackeys immediately jumped up from the spot and three to four people pounced on the backs of Yun Feng and the others. The Second Young Master of the Zhao family stood in the air and watched coldly. You three people don’t know what’s good for you. I’m going to teach you a lesson!

The moment the three or four people behind her moved, Yun Feng had already expected it. She suddenly jumped from the spot and soared into the sky! The few people who missed couldn't help but feel stunned. Then, Qu Lanyi suddenly slashed his hand and an invisible force swept across them. The few of them immediately crawled to the ground in a sorry state!

The second young master of the Zhao family, who was waiting in the air to watch the drama, was obviously stunned. Before he could react, he only felt a gust of wind next to him and a person stood in front of him. The second young master of the Zhao family couldn't help but widen his mouth when he saw Yun Feng's beautiful face. "You, you, you..."

Yun Feng stood in the air and stared at him coldly with her black eyes. "You've been standing in the air for too long. It's time to go down."

The second young master of the Zhao family widened his eyes. Yun Feng had already attacked! She slashed her hand down from the sky and exerted her strength, hitting the spine of the second young master of the Zhao family directly! Yun Feng was at grade 5 of the King Level, while the second young master of the Zhao family was only at grade 1 of the King Level. The difference between the two of them could be said to be too great!

"Ah..."

With a scream, the second young master of the Zhao family had already fallen from the sky in a sorry state. He only felt like his spine was cut off. A piercing pain came from his spine. The second young master of the Zhao family was in so much pain that his facial features were twisted!

Chapter 1017: The Troublemaker Is Here (3)

The people in the tavern were shocked again when they saw this scene. "Hey, hey, hey! That girl is at the King Level!"

"The second young master of the Zhao family suffered that attack just then. He must've kicked an iron plate now!"

The second young master of the Zhao family was knocked down on the ground from the sky by Yun Feng. He couldn't get up for a long time. His face and body were covered in dust. Enduring the mocking gazes of the people around him, he only felt like dying! The few lackeys on the ground immediately scrambled up and rushed to the second young master of the Zhao family. They immediately carried the second young master of the Zhao family away dejectedly. The second young master of the Zhao family gritted his teeth and said fiercely, "The Zhao family won't let you go! Just wait!"

Yun Feng snorted and landed from the sky. She looked at the Second Young Master of the Zhao family, who was carried away, with her black eyes. Qu Lanyi walked over. "He was either paralyzed or crippled just then."

Yun Feng curled her lips. She hit the most vulnerable part of his back just then. Since he dared to attack her, he must think carefully about the consequences. The second young master of the Zhao family attacked first. Yun Feng thought it was normal for him to fight back.

“Who cares? If the Zhao family is so powerful, it shouldn’t be difficult to keep a loser.”

Qu Lanyi couldn’t help but smile. Although Yun Feng didn’t say much when she came to the Central Region, Qu Lanyi could more or less feel the frustration in her heart. She wanted to reach the headquarters of the Yun family as soon as possible for her pursuit of higher strength. If it weren’t for You Yue, Yun Feng would probably have directly entered the Dragon Palace, taken out the Golden Cauldron Tree, and cultivated until she was satisfied.

The three of them entered the tavern. The people who were watching the drama just then couldn’t help but look at them in a different light. The tavern owner greeted them warmly. “Little girl, you’re really bold. Normal people don’t dare to provoke the Zhao family in Yue City, especially the second young master of the Zhao family. Little girl, you must be careful in the future. If possible, you should leave Yue City as soon as possible!”

Yun Feng smiled. “Don’t worry about that. Boss, where can I find the You family in Yue City?”

The boss was stunned. The others in the tavern couldn’t help but prick up their ears when they heard Yun Feng’s question. “The You family?” The boss asked suspiciously. Yun Feng nodded. “I came to the You family to do something this time, but I didn’t ask for the location. When I arrived in Yue City, I found that it is truly too difficult to find.”

The boss burst into laughter after hearing that. “Little girl, you don’t understand, do you? Even though there are thousands of mountains in Yue City, it’s not difficult to find. The You family is a new topic in Yue City recently. This family isn’t ordinary! I heard that an impressive figure appeared that can rise to the sky in one step.”

“Boss, we’ve heard a lot of rumors about this genius of the You family along the way. What kind of genius is he?” asked Qu Lanyi. The boss chuckled. “I’ve never seen such a genius. I heard that he’s the favorite disciple of an elder of the Juxing School. He has a promising future! What does it mean to be picked by an elder? The You family will definitely soar in the future!”

Qu Lanyi raised the corners of his mouth and didn’t say anything. There had been such rumors along the way. Everybody was the most favorite disciple of an elder.

“Boss, where exactly is the You family?” Yun Feng returned to the topic. The boss burst into laughter. “The You family is on the mountain not far away. The mountains in Yue City are very special. The Gong family, one of the four largest families, is on the highest mountain. The Gong family owns a mountain. The You family, the Zhao family, and a dozen other families are on the second level. Below them are even smaller families. Little girl, do you understand?”

Yun Feng nodded. It turned out that the You family and the Zhao family were on the same level right now, but the You family had only been in Yue City for a short time. They were probably still a bit inferior to the Zhao family. Thinking of the conflict with the second young master of the Zhao family just then, would the You family have a conflict with the Zhao family because of this? You Yue knew what Yun Feng was worried about. He immediately rubbed her little head. “Feng, that second young master of the Zhao family is too much. He was the one who attacked first. If it weren’t for me, you wouldn’t have taken him seriously at all. If the Zhao family blames us for this, just put it on me.”

Yun Feng smiled and held You Yue’s hand. “Brother, I understand.”

The three of them left the tavern after getting the information they wanted. After the tavern owner explained, they looked at the layout of Yue City again. As he said, even though there were many mountains, the height of the mountains was different. The three of them should be in a lower place right now. The second level of the mountain where the You family was located was even higher.

Yun Feng estimated the distance. If she went around the mountain road, she wouldn't be able to reach the second level of the mountain where the You family was located in ten days to half a month. It was impossible for her and Qu Lanyi to take You Yue up. There was only one way now.

"Lan Yi." Yun Feng called softly as a ball of green light flew out of the Ring of Contract and landed next to Yun Feng. The light faded and a handsome young man appeared. There were mysterious blue patterns on one side of his face and his face was very handsome.

"Master." Lan Yi came out and smiled at Yun Feng casually. Yun Feng said, "I'll have to trouble you again this time."

A smile appeared on Lan Yi's handsome face. "I'm willing to be used by Master." Another beam of light flashed. The handsome young man's body was no longer there, but was replaced by the huge and beautiful griffin!

"This is..." You Yue couldn't help but exclaim when he saw Lan Yi's original body. This was the first time he saw the original body of the Magic Beast Feng contracted. It was so huge. It was a griffin!

Those people in the tavern were also stunned. Pairs of eyes looked at the giant griffin at the entrance of the tavern and they couldn't help but swallow. Some people even put their faces on the windows. For this world, summoners were the most awesome profession no matter where they were!

Yun Feng jumped onto Lan Yi's body with You Yue, and Qu Lanyi followed. After the three of them stood still, the griffin flapped its huge wings and a strong wind swept past fiercely! The door and windows of the tavern were all blown open. The hair of the people in the tavern was also lifted and a few wigs were even blown off.

"Oh my god, that little girl is a summoner..."

"Impressive, impressive. There are only so many summoners in Yue City. That little girl has such an identity and she's even at the King Level. Her strength isn't bad either. Who exactly is she?"

Chapter 1018: The Troublemaker Is Here (4)

"Isn't she going to find the You family? Is she from the You family?"

"Seriously? The You family already has a genius, and now there's a summoner. Why is the You family so lucky?"

"If you say so, won't the Gong family be envied by the heavens?"

"I didn't say anything. How can the You family compare to the Gong family... They can't compare..."

In the sky, the huge griffin flashed and gradually flew towards the second mountain of Yue City. After flying into the sky, You Yue didn't feel the pressure from the space. Yun Feng also concluded that before he reached the King Level, he would be restricted by the Law of Space when he flew in the sky, but he could fly above the sky with external help and wasn't restricted by this rule.

As Lan Yi flew upwards, Yun Feng also saw the exact situation surrounded by mountains in Yue City more clearly. As she expected, the second level of the mountain was extremely high. Just the mountain path alone would twist and turn and it would take a long time. However, flying in the sky right now would only take less than half a day. The two of them were far apart.

Half a day later, Lan Yi had already approached the second level of the mountain. Yun Feng asked Lan Yi to stop when she could see the situation on the second level clearly. If she approached recklessly, she would cause some unnecessary trouble. Since she was on the second level of the mountain, these families had a layer of protection outside.

"Although there aren't too many families on the second level, there are also a lot of them. Which one is the You family?" Qu Lanyi stood on Lan Yi's back and looked around. There were many large mansions of families standing on the mountain. It was impossible to tell which one.

You Yue also looked around. As a member of the You family, he couldn't recognize it at all. What he was familiar with was the You family before he left. At that time, the You family was truly an unknown small family. Who would have thought that it would develop to such a level?

Yun Feng looked at it carefully with her black eyes. When her eyes landed in the middle of the mountain, a smile couldn't help but flash through her eyes. "It's very easy to tell. The You family is there!" Yun Feng extended her arm. Qu Lanyi and You Yue both looked in the direction Yun Feng was pointing at. "Feng, how can you be sure that it's the You family?"

Yun Feng chuckled. "Look down the mountain. Aren't the surnames of their families engraved?"

Qu Lanyi glanced down. As expected, the surname of the family was engraved on every mountain on the second level, and the location of the family corresponded to the mountain. The You character of the You family was engraved on the mountain Yun Feng was pointing at.

"That's just playing to the gallery." Qu Lanyi snorted in disdain, but Yun Feng didn't care. "It's good to play to the gallery. We don't have to waste time searching for it. Lanyi, let's go!"

The griffin flapped its wings and roared towards the mountain where the You family was located. You Yue, who was standing on Lan Yi's back, looked at the You family's mansion with extremely complicated feelings in his mind. He was sent to the Central Region by his family back then and he was back now, but the You family might not need him anymore.

However, no matter what, a family was still a family. As a member of the You family, he certainly had to return to the place where the You family's roots were.

At the same time, as Lan Yi kept getting closer to the You family, someone from the You family ran into the house in panic and suddenly pushed open a door. A few people were sitting inside, as if they were talking about something. Seeing someone push the door open and enter so recklessly, they couldn't help but feel enraged.

“What’s going on? Don’t you know we’re talking?”

“Ma... Master! It’s an emergency! An unknown Magic Beast is flying towards the You family!”

The man sitting in the main seat suddenly stood up. “What did you say? A Magic Beast is flying towards the You family? Did you see it clearly? Is it really a Magic Beast?”

“It’s really a Magic Beast! It’s absolutely true and it’s huge!”

“What’s going on? Why did a Magic Beast come all of a sudden?” The few people in the room all stood up nervously. “Did some big shot come to the You family?”

“No matter what’s going on, come out with me for a look first!” The person sitting in the main seat stood up and walked out in a hurry. The other people in the room also followed him. The person who came to report also followed behind in a hurry with an anxious look. His heart kept pounding. What exactly was wrong with that Magic Beast?

The few important members of the You family rushed all the way out of the door with nervous and serious expressions on their faces, which made the You family members curious. What exactly happened? Did a big shot come to the You family?

“Let’s go and take a look!” Some young people followed them curiously. Many people of the You family immediately followed them out. The few leaders of the You family walked in a hurry in the front. Some young people of the You family followed them curiously and discussed behind. The huge griffin that kept approaching the You family had already arrived on the mountain of the You family. Yun Feng and the others immediately jumped off the back of the griffin. At this moment, the members of the You family also walked out of the door.

“Who are you? What brings you to the You family?” The leader of the You family stood at the front and asked quite politely. Yun Feng was stunned and knew that they had obviously misunderstood something. Lan Yi turned into a ball of light and disappeared into the Ring of Contract. This scene shocked the few leaders of the You family. The person who came was a summoner at the King Level!

“I’m You Yue!” You Yue took a step forward and looked at the few members of the You family with bright eyes. There was a hint of heat in his eyes. He was back. He was home! The leader of the You family was obviously stunned after hearing that. You Yue?

“Are you from the group of bloodlines sent to the Outland by the You family last time?” A man next to the leader of the You family asked. You Yue immediately nodded. “Yes! You Yue is from that group of bloodlines!”

“Then what’s your current strength? Since you can come to the Central Region, it means that your strength has already reached the Lord Level?” The master of the You family asked. You Yue’s body trembled slightly. “Yes! You Yue’s current strength is at the peak of the Lord Level!”

“The peak of the Lord Level is still a bit inferior.” One of the masters of the You family mumbled. Yun Feng couldn’t help but sneer after hearing that. “Senior, what do you think should be considered not bad?”

The leader of the You family couldn't help but frown when he heard Yun Feng's question. If You Yue was of the You family's bloodline, were these two people also members of the You family? If they were really members of the You family, that would be a joyous thing!

Chapter 1019: The Troublemaker Is Here (5)

"Are you also of the You family's bloodline?" asked the leader of the You family with anticipation. Qu Lanyi burst into laughter. "Master You, we're not related to the You family by blood at all. You should give up as soon as possible."

Master You's face heated up. He glanced at Yun Feng, who didn't know whether to laugh or cry. You Yue explained, "Master, this is the sister I've acknowledged. Her name is Feng Yun."

"If you acknowledged her as a sister, she's also a member of the You family. Master, don't you think?" A smart old man immediately said and pulled Yun Feng into the territory of the You family. Yun Feng was a bit uncomfortable in her mind. She acknowledged You Yue as her second brother and didn't want to have anything to do with the You family. In Yun Feng's mind, You Yue and the You family were two different things.

You Yue also frowned. "Master, this..." This isn't appropriate, right? You Yue didn't say anything, but Master You waved his hand. "No matter what, you're a guest. Since you're here, it's good to stay for a while longer. What do you think, You Yue?"

An extremely oppressive gaze swept over. You Yue looked at Yun Feng awkwardly. He knew that Yun Feng still had something to do. She was just accompanying him home this time, but she was going to be forcibly kept here now. That was too... "Feng, you have something to do. Why don't you leave first?" You Yue said in a low voice. Yun Feng, on the other hand, chuckled. She certainly could feel the enthusiasm of these few old guys of the You family for her, but their wishful thinking was wrong. She, Yun Feng, would only work for the Yun family. As for the other families, she had no time to care about them.

"It's fine, brother. I originally planned to stay for a few days. I'm afraid the second young master of the Zhao family won't be satisfied just like that. He'll find out about the You family sooner or later. By then, if I'm not here, things will be a bit tricky."

You Yue was stunned. "It shouldn't be anything big. Since the You family has its current status, why would they be manipulated by the Zhao family?"

Qu Lanyi heaved a helpless sigh. "How long has the You family been stationed in Yue City? How long has the Zhao family been here? How long has it been since you returned to the You family? If you cause a conflict between the You family and the Zhao family, do you really think these old men will protect you?"

You Yue choked and couldn't say anything. Yun Feng held You Yue's hand. "Brother, the You family has developed to this point. It's certainly impossible for us to give up such a high position so easily. You must be mentally prepared. All large families have a cruel side."

You Yue moved his lips and didn't say anything. He didn't consider this matter much after all, but Yun Feng was different. The Yun family was indeed different from other families. The bloodline of the Yun family flowed with a kind of unity and a belief that they couldn't abandon each other. No matter if the Yun family was down and out, the members of the Yun family were one. This was a height that no large family could reach. Even though she had never been to the headquarters of the Yun family, in Yun Feng's mind, the headquarters of the Yun family was also like this!

"You're the one who injured my brother?!" A furious shout came from the sky. The members of the You family all raised their heads in shock, while the leader of the You family looked at the person who came in shock. Yun Feng slowly turned around and saw a few people flying over from the sky. The person in the lead was a young man with a furious face and a loud shout. His facial features were very rough and there was a hint of anger on his entire face even if he didn't have any expression.

"Jianren, what exactly is going on?" The master of the You family asked. Yun Feng didn't say anything on the spot after hearing that. Jianren¹? Who exactly gave him this name? He was too smart.

The young man roared furiously, "Master You, let's talk later. I'm here for her this time!" The young man extended his arm and pointed the weapon in his hand at Yun Feng. Yun Feng's black eyes glittered and her red lips curled up slightly.

"What's going on?" Master You looked at the Young Master of the Zhao family, who came to take revenge with anger on his face, suspiciously and was a bit confused. Did they have a personal grudge? Master You looked at Yun Feng and wondered if this personal grudge could be resolved just like that.

"Jianren, let's talk nicely. What can't be resolved?" Master You said earnestly, but Zhao Jianren snorted in disdain. "Master You! You don't know everything that happened. You'd better not say anything! I only want to ask you if she's related to the You family!"

What he said made the bigshots of the You family a bit dumbfounded. The Zhao family was obviously angry about this matter, or they wouldn't have mobilized so many people to chase them here. Such a trouble was certainly not something the You family, who had just established themselves in Yue City, should get involved in. They wanted to stay out of it right now, but they said that they were on the same side with Yun Feng just then. Such a change was too fast.

The master of the You family smiled awkwardly, not knowing whether to go up or down. He could only raise the corners of his mouth. "Jianren, what exactly happened? Why don't you tell me?"

Zhao Jianren looked at Yun Feng with anger all over his face. He was already very angry in his mind. Seeing her calm look again, his anger rose even higher! "You crippled my brother, Zhao Jianzhong. Don't even think about escaping from this! I won't stop until I cripple you today!"

"What?" The bigshots of the You family were immediately shocked after hearing that! They subconsciously glanced at Yun Feng. Cripple the second young master of the Zhao family? Wasn't this a disaster? The You family couldn't have anything to do with such a person!

"You Yue! Since you're already back, go in first!" An elder of the You family shouted, but You Yue was stunned and didn't move at all. "You Yue! Didn't you hear me?"

You Yue pursed his lips. At this moment, the You family was obviously going to cut ties with her, which made You Yue a bit disappointed in his mind. Even though Yun Feng didn't owe the You family anything, she treated him differently. He could enter the Central Region and come back to the You family. He had come all the way here safely because Feng was helping him! The You family had a reason to cut ties with Yun Feng, but he couldn't!

Yun Feng held You Yue's hand gently. "Brother, go in first. This matter started because of me, so I should take care of it."

"But..." You Yue shook his head and immediately said that he didn't want to leave. Qu Lanyi whispered impatiently, "Fengfeng doesn't want you to make things difficult for her. Besides, how can you help her with your strength? You might as well go in as soon as possible. Don't you understand what the You family means?"

Chapter 1020:

Popular (1)

You Yue's expression froze. "The You family can do this to Feng, but I can't!"

Yun Feng chuckled and shook You Yue's arm gently. "Brother, don't worry. Go in. Zhao Jianren can't hurt me at all. I know what you're thinking. I only care about you. As for the You family, it has nothing to do with me at all. I don't care what they do to me at all."

You Yue's breath tightened. Why... Why was she like this to him? Such sincere feelings, such a close attitude. Even though they were not blood brother and sister, they seemed to have thought that the other party was family and would protect each other from the bottom of their hearts.

"Alright, I'll go in." You Yue nodded. His current identity was very awkward. The You family wanted to cut ties with her, and he was a member of the You family. With his strength, he wasn't helpful to Yun Feng at all. Rather than being a burden to Yun Feng outside, it was better to follow the You family's wishes and go in.

You Yue looked at Yun Feng deeply, then turned around and walked towards the door of the You family. The few elders of the You family were all relieved when they saw You Yue walk over. The leader of the You family looked up at Yun Feng and then chuckled at Zhao Jianren. "Jianren, since this is a private matter between the Zhao family and this person, shouldn't you choose somewhere else? After all, this is... the You family's place. It doesn't seem right for you to argue here."

Zhao Jianren burst into laughter. "Master You, the Zhao family understands what you mean. You! If you have the courage to hurt my brother, you certainly have the courage to bear the consequences. If you have the guts, don't run. Follow me!" Zhao Jianren immediately shouted angrily and jumped into the sky. Yun Feng and Qu Lanyi both sneered. The two of them instantly jumped from the ground and chased after Zhao Jianren.

The people of the Zhao family who came to cause trouble soon left, and so did Yun Feng and Qu Lanyi. Peace soon returned to the entrance of the You family's house. The few big shots of the You family were all covered in a layer of sweat. The You family had always been very careful when going in and out of

Yue City. They relied on that famous genius of the You family to get their current position. Their background and accumulation certainly couldn't compare to that of the other families. Even though the You family had risen, they weren't stable at all. Recently, the You family was looking for an alliance with a certain family to consolidate their power. If they angered the Zhao family at this moment, the You family would be in constant trouble.

"You just came back. You almost let the You family fall into a trap!" The elder of the You family walked to You Yue and scolded him. You Yue stood there stiffly and only felt uncomfortable in his mind as he listened to the scolding of these elders.

"Look at who you brought back. You formed a grudge with the Zhao family and even crippled the second young master of the Zhao family! If the You family didn't get rid of them quickly, we would probably be involved right now!"

"Even a rather powerful summoner doesn't mean anything. After all, she's not a member of the You family and won't be used by the You family."

"You just said that Feng is one of us!" You Yue couldn't help but refute. The few elders of the You family all glanced at him with a weird expression. The leader of the You family walked over and glanced over with a fierce gaze. "That was just then! This is now. The situation is already different. What I said certainly doesn't count!"

"What?" You Yue couldn't help but widen his eyes. Looking at the leaders of the You family in front of him, he couldn't believe that this was something a leader of a family could say. You Yue had been sent to the Outland since he was young. Even though the environment had been very difficult since he was young and he often accompanied death, the concept of the family in his mind was pure. It should be said that the cultivation environment of You Yue in the Outland was complicated, but the human world was blank.

He had never come into contact with the selfish side of the large families and had never thought about it at all.

The leader of the You family flicked his sleeve fiercely and walked past You Yue. "It's fine if this matter is resolved. If the Zhao family doesn't solve it, you can forget about your sister!"

You Yue's body trembled. How could this be? The members of the You family walked past You Yue with an inexplicable meaning in their eyes. Then, someone mumbled softly, "He's just at the peak of the Lord Level, but he caused huge trouble. How troublesome."

You Yue's pupils shrank fiercely. The members of the You family had already walked into the mountain gate. The young people who were watching the drama also looked at You Yue with different gazes. This was the first time You Yue felt that his family was so unfamiliar. This was the first time he felt like he didn't fit in with this place!

Those young people pointed at You Yue and whispered from time to time, as if they wanted You Yue to hear them. "You caused trouble for the family right after you came back and even took the initiative to acknowledge a sister. Do you have nothing better to do?"

"That's right. If he made the Zhao family think less of the You family, he's the You family's jinx!"

“If he was sent to the Outland, he should just stay in the Outland. Why did he come back? The strength of the peak of the Lord Level is nothing at all. Even if he comes back, it’s useless, right? It’s fine if he’s like that genius of the You family. Tut-tut...”

The young man looked at You Yue with a strange gaze. The ridicule in his eyes and words was everywhere. You Yue’s body completely stiffened as he remembered these harsh words in his mind. He only felt extremely bitter in the bottom of his heart. These people wouldn’t know how hardworking those bloodlines who were sent to the Outland were! These people wouldn’t know everything those bloodlines in the Outland experienced in the arena! These people would only mock and ridicule here and didn’t know what the family values in their minds were at all!

You Yue couldn’t help but clench his fists hard. Even if he was a jinx, he wouldn’t abandon the sister he acknowledged. Even if Feng got into trouble with the Zhao family, he would bear it with her! For the first time, You Yue completely felt the coldness of a large family, especially when it came to Yun Feng’s problem. He didn’t care about others. He was very determined in his mind. Since he had acknowledged Feng as his sister, he was her brother. If anything happened, he would bear it with her!

On Yun Feng’s side, Zhao Jianren kept flying higher, as if he wanted to take Yun Feng down a notch with his height and speed, so that she would realize how powerful he was. Yun Feng and Qu Lanyi followed behind casually and saw through Zhao Jianren’s thoughts.
