

## Summoner 1021

### Chapter 1021: Popular (2)

“Level 3 of the King Level, you’re quite capable. However, you’re already so capable. The Zhao family is just so-so,” said Qu Lanyi in disdain. Yun Feng chuckled. She wasn’t worried about Zhao Jianren in her mind. She was a bit worried about You Yue. She certainly knew what kind of attitude the You family would have towards her. You Yue might be caught in the middle.

“Are you worried about You Yue?” asked Qu Lanyi. Yun Feng nodded. “In such a situation, we all know what the You family chose to do. It’s just that it’ll be hard on my brother. He just returned to the You family and such a thing happened. I’ve made a lot of mistakes.”

“Humph! I thought it was something else. Do you think the You family would treat him like their own son without such a thing? Fengfeng, when he was sent out of the Central Region back then, didn’t you think of another meaning?”

Yun Feng suddenly frowned. “That shouldn’t be the case. No matter what, a family wouldn’t abandon their bloodline like this!”

The corners of Qu Lanyi’s mouth curled up slightly and he looked ahead with his black eyes. “The Yun family is certainly different from other families. You’ll never understand the darkness in this aspect in the Yun family. The You family sent their bloodline out of the Central Region. To put it nicely, they let them train themselves. To put it bluntly, they were all abandoned.”

Yun Feng’s face suddenly darkened. If a family could bear to abandon their bloodline, the leader of this family would truly be ruthless!

“You Yue was sent out a hundred years ago. At that time, the You family might have been forced to do that, but now that they’ve reached such a status, have they ever cared about the bloodlines that were sent out of the Outland? When You Yue came back, the people of the You family didn’t care about him, but you. A so-called genius has appeared in the You family right now. I don’t know how talented he can be, but the You family’s focus is all on him. Apart from such a genius, the other members of the You family aren’t interested in him anymore.”

“They’ve already benefited once, so they certainly want to benefit again.” Yun Feng sneered. She understood the You family’s mind a bit. Qu Lanyi also sneered. “So, these so-called large families are truly admirable. The Yun family is an exception.”

“You’re quite relaxed. You’re even in the mood to chat behind!” Seeing that Qu Lanyi and Yun Feng were chatting behind, Zhao Jianren couldn’t help but feel enraged! These two people didn’t take him seriously at all. He was here for revenge this time! They didn’t take him seriously!

Zhao Jianren suddenly stopped. At this moment, he was on a towering platform. There was a mountain a thousand feet of height on it and a cliff below. The second level of the mountain where the You family was located was already far away from sight and became extremely small.

Yun Feng and Qu Lanyi then stood on the platform. Zhao Jianren held a longsword in his hand and looked at Yun Feng with fire in his eyes. "I'll give you a chance. If you're willing to cripple yourself, the Zhao family will let you go this time!"

Qu Lanyi burst into laughter after hearing that. "You're a bitch, and your brother is a bitch. The Zhao family indeed has a group of bitches."

"What did you say?" Blue veins immediately appeared on Zhao Jianren's forehead. Yun Feng smiled lightly. "Zhao Jianren, you said that I crippled Zhao Jianzhong. I knew what I was doing back then. His spine is just broken. With the Zhao family's strength, can't you hire a pharmacist to treat him?"

"You attacked my brother because you don't respect the Zhao family at all! How can we let go of this matter just because he can be treated?"

"That bastard provoked us again and again. That bastard attacked us first. Bitch Zhao, do you think we had to stand there and let him beat us up?"

"I don't care who attacked first! I only know that you hurt my brother. The Zhao family won't let you go easily! Tell me. Are you going to cripple yourself, or should I do it?"

Yun Feng's black eyes turned cold. Cripple herself? What a joke! Zhao Jianzhong was indeed a bastard. As a cripple, he deserved his name! "You're going to do it? Let's see if you have the ability!"

"Hahahaha, just be stubborn. I'll take revenge on my brother right now!" The longsword in Zhao Jianren's hand buzzed and a powerful fighting energy burst out. Yun Feng narrowed her black eyes. It seemed to be a weapon at the King Level. Yun Feng flipped her hand and held the Lord Level wand in her hand!

Seeing the weapon in Yun Feng's hand, Zhao Jianren couldn't help but laugh crazily. "Hahahaha, a Lord-Level weapon! I thought it would be a high-level weapon, but it turns out to be such a crappy weapon! It seems that I'll do it for you this time!"

Qu Lanyi stepped aside casually with cunningness flashing in his black eyes. "You underestimated Fengfeng. You'll suffer." He was just a Grade-3 Lord Level expert. Fengfeng was more than enough to deal with him. It was time for her to practice. He could just be a bystander.

The longsword in Zhao Jianren's hand had already slashed horizontally. For warriors, attacks at the King Level weren't just limited to a contest of pure strength anymore. Once they reached the King Level, their fighting energy could also be used outside of their bodies. The most obvious thing was that their fighting energy could merge with their weapons, increasing their power!

Yun Feng flipped the wand in her hand and bright red fire elements with an extremely high temperature quickly gathered around the wand, jumping constantly. In an instant, these fire elements gathered into a small ball, expanding bigger and bigger in front of Yun Feng!

The wand in Yun Feng's hand was given to her by her master. Even though it was a Lord-Level wand, its precise control of elements was very strong. Yun Feng said to herself that even a King-Level or even an Emperor-Level wand wouldn't be able to do this! With the support of the wand, Yun Feng could be said to know the withdrawal and release of elements by heart and she could do it easily!

The scorching energy emitted by the huge fireball made the air slightly distorted. Zhao Jianren didn't care when he saw this. How powerful could a Lord-Level wand be?

"Fireball!" Yun Feng shouted in a low voice. The huge fireball was already ready to be launched towards Zhao Jianren! Zhao Jianren burst into laughter as the longsword in his hand danced wildly. "You think you can beat me with a piece of crap at the Lord Level? In your dream!"

The huge fireball didn't get close to Zhao Jianren. The longsword in Zhao Jianren's hand cut the fireball into countless small fire elements. Seeing that the huge fireball was instantly cut into pieces by him, Zhao Jianren's heart couldn't help but swell. "The fireball is just so-so. How can it be as powerful as my longsword? Today, I'll make you give the Zhao family an explanation obediently!"

### **Chapter 1022: Popular (3)**

After saying this, Zhao Jianren suddenly felt his heart tremble and a subconscious sense of danger instantly came. He couldn't help but look around. The fire elements he cut just then were all around him and his body was already in a sea of fire! The scorching heat distorted the air and Zhao Jianren couldn't see the situation around clearly!

"What are you doing?" Zhao Jianren roared as he swung the longsword in his hand again. However, the fire element wasn't something with a real body to begin with. When it was waved away, the elements naturally gathered again. Zhao Jianren couldn't help but feel enraged. He planned to use a combat technique to eliminate all these annoying fire elements. Right at this moment, the fire elements around him changed, like a fiery red curtain was instantly torn apart!

Before Zhao Jianren could react, he saw that the bright and scorching red color in front of him was cut by a sharp claw. Then, a huge wolf head appeared from the red color and its pure black eyes stared at Zhao Jianren firmly. Zhao Jianren only felt that his scalp was about to go numb!

"A... A Magic Beast..." Zhao Jianren was dumbfounded. How could there be a Magic Beast here? Perhaps... Perhaps... Perhaps she was...

The huge wolf body that had almost merged with the red fire element only had those black eyes and a mouthful of sharp teeth that were unusually protruding. "Is your sword stronger or my teeth stronger? Roar..."

A wolf howl woke Zhao Jianren up completely. This wasn't an illusion! This was a real Magic Beast! Zhao Jianren's body retreated quickly and the fire elements around him immediately invaded his body from the side. He waved the longsword in his hand abruptly, facing the sharp teeth of the Fire Cloud Wolf!

"Clang..."

The sharp teeth of the Fire Cloud Wolf bit the longsword in Zhao Jianren's hand firmly. Zhao Jianren only felt the web between his thumb and index finger shake fiercely and a piercing pain came. He held the longsword in his hand with a hiss and found that the power of this Magic Beast was too astonishing!

Its sharp teeth emitted spots of white light, which looked even stranger under the light of the fire. Zhao Jianren was already drenched in sweat, but he knew that he couldn't let go. He couldn't let go even if he died. If he let go, he wouldn't be alive!

"Damn it... There's a Magic Beast..." Zhao Jianren gritted his teeth and wanted to take back his longsword. A glint of light suddenly flashed through the pure black eyes of the Fire Cloud Wolf. Then, a powerful force passed through the longsword to Zhao Jianren's hand. Zhao Jianren only felt that the web between his thumb and index finger was torn. He looked up and only saw a beam of light flashing in front of him!

"Crack..."

Zhao Jianren's eyes were as round as a toad's. He looked at the longsword in his hand dumbfoundedly. The sword was broken in the middle by the sharp teeth of the Fire Cloud Wolf! The Fire Cloud Wolf opened its mouth and spat out half of the sword in its mouth on the ground. Zhao Jianren's hands kept shaking. How was that possible? That was a weapon at the King Level. It was... bitten apart just like that! That was impossible!

Of course, that was possible. Little Fire could be said to be a Grade-5 King. What Zhao Jianren was holding was indeed a weapon of the King Level, but the quality wasn't very high. How many high-level weapons could a Grade-3 King have?

"It's broken... It's broken just like that..." Zhao Jianren looked a bit lost. After all, it wasn't easy to get a weapon of the King Level. Zhao Jianren was probably surprised that the weapon of the King Level was bitten off just like that!

"Roar..." A loud wolf roar sounded. Then, the fiery red elements that had been surrounding Zhao Jianren instantly disappeared! Yun Feng stood in front of Zhao Jianren with a cold look and there was a trace of coldness in her black eyes. Little Fire opened its mouth and bit at Zhao Jianren!

"No!" Zhao Jianren, who had lost his weapon, immediately stepped back in panic. It wasn't difficult for a Magic Beast to bite him to death if it could bite off the weapon of the King in his hand! Zhao Jianren quickly stepped back. Little Fire came aggressively and its wolf mouth could swallow Zhao Jianren!

"Argh!" Zhao Jianren only cared about retreating desperately, but he had already forgotten that he was on a platform with a small protruding area on the peak! He retreated so quickly and desperately and had already retreated to the edge of the platform! His feet missed and Zhao Jianren's body had already fallen down in a sorry state, letting out a scream!

Little Fire jumped up and stood on the edge of the platform. It extended its wolf claws and grabbed Zhao Jianren's sleeve with its sharp claws, pulling him up and dropping him on the edge of the platform. Zhao Jianren was still in shock. He struggled to climb up with a pale face, but Little Fire smiled evilly and swung its claws. Zhao Jianren's body swayed fiercely in the sky!

"Stop shaking! Stop shaking!" Zhao Jianren was so scared that his face turned pale. Even though the King Level experts all had the ability to fly, Zhao Jianren only remembered fear and forgot everything in such a panic.

Yun Feng slowly walked to the edge of the platform and squatted down slowly. Zhao Jianren's pale face came into sight. Yun Feng's red lips curled up. "I seem to have forgotten to tell you that I'm a summoner."

Zhao Jianren's lips trembled. "S-Summoner, summoner..."

"Zhao Jianren, have you forgotten that you have the ability to fly?"

What Yun Feng said woke Zhao Jianren up from his dream! Right, how could he forget that he wouldn't fall from the sky at all? A look of embarrassment flashed through Zhao Jianren's eyes. Yun Feng, who was about to push Little Fire's claws away, suddenly attacked and slapped Zhao Jianren's chest fiercely!

"You... You..." Zhao Jianren stared at Yun Feng firmly with his eyes that were as big as a toad's. He only felt a bone-piercing coldness suddenly coming from his chest and this coldness invaded his blood at an extremely high speed, flowing to various parts of his body. What made Zhao Jianren even more surprised was that this coldness went straight to his Qi meridians!

Little Fire also loosened its claws when it saw Yun Feng attack. Zhao Jianren's body suddenly fell from the platform! Zhao Jianren immediately mobilized his fighting energy to maintain his ability to fly with a pale face, but sadly found that his Qi meridians were like a frozen world! His fighting energy seemed to be completely frozen in his Qi meridians and circulated almost at the speed of a turtle!

Zhao Jianren was dumbfounded. He fell from the sky with a pale face, accompanied by the loud roar. "No..."

#### **Chapter 1023: Popular (4)**

Little Fire stood on the edge of the platform and looked at the shrinking black dot below with its wolf eyes. "Master, what will happen to him if he falls from such a high place?"

Coldness flashed through Yun Feng's black eyes. "He won't die. Just like his brother, he's at most half-crippled."

Little Fire burst into laughter. It swayed its wolf tail happily and turned into a beam of red light, entering Yun Feng's Ring of Contract. Qu Lanyi walked over and looked down. "Tut-tut, why did you choose such a high place? You really reap what you sow."

"This time, when this bitch is taken back, the Zhao family won't do anything reckless." Yun Feng put on a cold smile, but Qu Lanyi shook her head. "Fengfeng, won't the Zhao family be even more furious this time? You've half-crippled both of their young masters."

"It's not bad for them to be more angry. I'll cripple as many Young Masters as the Zhao family sends."

"If the leader of the Zhao family comes..." Qu Lanyi's voice couldn't help but sink. The strength of the leader of the Zhao family was certainly not a problem. The Zhao family could have such a status in Yue City today. The leader of the Zhao family was at least at the Emperor Level. For Yun Feng, who was a Grade-5 King, the Emperor Level wasn't a level she could challenge.

"Attack? I certainly won't give him a chance to attack!"

Qu Lanyi raised his brows in confusion. "You won't give the master of the Zhao family a chance to attack. Perhaps..."

Yun Feng burst into laughter and looked at most of Yue City under her feet with her black eyes. A white mist vaguely covered the thousand mountains in Yue City. A gust of wind blew and Yun Feng's clothes fluttered a few times. Her beautiful face turned slightly and her red lips curled up.

"What if I'm a popular pharmacist?"

Qu Lanyi's black eyes glittered and he burst into laughter. He lowered his handsome face and kissed Yun Feng's cheek gently. "Of course... the entire Yue City will bow down."

The Auction House in Yue City, which was home to one of the four largest families, had always been a place of great importance. Many explosive things and news came from here. It could be said that this was a place where legends were made. Many things appeared here one after another and many strange people came here. When Yun Feng and Qu Lanyi entered the Auction House, this place was busy.

They didn't go to the main hall recklessly. Yun Feng and Qu Lanyi stood in the main hall of the Auction House quietly for a while. Even though there were receptionists at the Auction House, they were busy and didn't expect Yun Feng and Qu Lanyi to come. After observing quietly for a while, Yun Feng understood something. The Auction House here was a bit different. In the Auction Houses on the East Continent and the West Continent, only the sellers stored their goods. After a certain number of goods were listed, an auction would be held, but not here.

There were not only places for the seller to register in this auction house, but also places for the buyer to register. Yun Feng walked to the place for the buyer to register and glanced at it a few times. She saw that there was information about all kinds of needs on it. There was information about all aspects, but there was always the most demand for potions.

"What do you need?" It was Yun Feng's turn. Yun Feng glanced at the book in the registrar's hand. "Has anyone in the Auction House sold master-level Life Potions?"

The registrar was stunned for a moment and immediately looked up at Yun Feng. "You said you need a master-level Life Potion?"

Yun Feng nodded. The registrar glanced at Yun Feng again. "Master-level potions are very rare. Take Yue City for example. You can't even find one in decades. Master-level pharmacists are too rare. If you need them urgently, I suggest you go somewhere else."

Yun Feng chuckled and left. The registrar looked at Yun Feng a few more times. Qu Lanyi followed Yun Feng with a smile in his eyes. "One bottle of master-level potions can't be seen in decades. Fengfeng, Yue City will definitely be alarmed when you make a move this time."

"The two Young Masters of the Zhao family are both crippled. The leader of the Zhao family must be anxious. He won't be able to find a master-level Life Potion."

That was indeed the truth. Zhao Jianren was sent back to the Zhao family half-dead. When the leader of the Zhao family saw that his eldest son was carried back like this, he was immediately enraged! Zhao Jianren didn't say anything about his situation and blamed everything on Yun Feng. Of course, because he had too much resentment in his mind, the You family was also implicated. The leader of the Zhao

family immediately wanted to go to the You family to settle the score. “You think you can compare to the Zhao family? How dare you be so ruthless! I’m going to tear his mountain apart!”

Fortunately, someone persuaded him to stop. The most important thing right now wasn’t to vent their anger, but to find a way to let the two young masters get better quickly. It wasn’t that the Zhao family didn’t have water-element mages, but the healing speed of water-element mages was very slow. Master Zhao was afraid that something would happen to the two of them halfway. At this moment, only the master-level Life Potion could have an immediate effect!

The conclusion he got was obvious. The Auction House did have Life Potions, but they didn’t have it at the master level and nobody provided it at all! The Master of the Zhao family was immediately enraged and suppressed the anger in his heart. He could postpone settling the score with the You family and let the situation of the two sons stabilize first. The Master of the Zhao family sent someone to keep an eye on the news of the Auction House at all times as he sent someone out of Yue City to search. Even though there were master-level pharmacists, it was impossible to hire them at all. The Master of the Zhao family was also frustrated here. Besides, there were only a few master-level pharmacists. Unless they were from one of the four families, they wouldn’t be able to hire them at all!

The Zhao family was in a dilemma. Yun Feng waited patiently for a few days. She certainly knew that the Zhao family sent someone to the Auction House to keep an eye on the potion. After waiting patiently for a few days, Yun Feng decided that it was time to make a move.

Yun Feng came to the seller’s registration office of the Auction House. Not many people came to the Auction House to auction things. After all, who would send something to the Auction House unless they really needed the money? Seeing Yun Feng, the registrar sized her up and asked casually, “What are you auctioning?”

Yun Feng chuckled. “Potions.”

The registrar yawned lazily. “What level of potion is it? If it’s a mid-level potion, don’t auction it here. There are plenty of potion stores.”

Yun Feng was still smiling gently. “I’m auctioning the Life Potion, at the Master Level.”

## **Chapter 1024: Popular (5)**

“W-What?” The registrar almost fell off the chair. He sized Yun Feng up and down. “Are you sure you’re auctioning... a master-level Life Potion?”

“You talk a lot of nonsense,” said Qu Lanyi coldly. The registrar saw that Yun Feng had been smiling. Although the girl was very young, her momentum gave people a sense of dominance. The registrar immediately stood up. “Please wait a moment!” The registrar immediately left in a hurry. After a while, a manager came with him. When he saw Yun Feng, he sized her up first and then said respectfully, “Madam, please follow me. We still need to discuss the details of what you’re going to auction.”

Yun Feng nodded. She got up and followed the manager in. Qu Lanyi followed her. This action certainly attracted the attention of the other members of the Auction House. They all discussed curiously. The

registrar who was responsible for receiving Yun Feng just then kept his mouth shut and didn't say a word.

Yun Feng and Qu Lanyi followed the manager into the Auction House and came to a room. After sitting down, the manager said with a smile, "Madam, how should I address you?"

"Feng Yun."

The manager was stunned for a moment. Then, he chuckled. "Master Feng, I'm the person-in-charge here and I have a certain level of appraisal ability. Master Feng, please take out the things you're going to auction so that we can see if they're real."

Yun Feng flipped her wrist and a bottle of Life Potion appeared in her hand. The color of the potion was glowing faintly. When this person-in-charge saw it, a layer of light flashed through his eyes. He immediately took the bottle from Yun Feng's hand and looked at it carefully with an even more respectful expression.

"Master Feng, may I ask if Master Feng made this potion? Or did Master Feng's friends or relatives make it?"

Yun Feng raised her brows and didn't answer this question. The person-in-charge smiled awkwardly. "This question is too much. Please forgive me, Master Feng. After all, it's exciting to know a master-level pharmacist..."

Yun Feng smiled lightly. "How is it? Is this bottle of potion real?"

The person-in-charge immediately nodded. "This bottle of Life Potion is indeed at the master level. It should be the purest kind and has the fastest effect. Lord Feng, I wonder what price you want." When the person-in-charge said this, his eyes glittered. He put the bottle of Life Potion on the table carefully and rubbed his hands. "According to my past experience, this bottle of Life Potion is at the master level. The price can be fixed..."

Yun Feng waved her hand. "I don't need money."

The person-in-charge was stunned. "Ahem, sure! What do you want to exchange for this bottle of potion, ores... or something else?"

Yun Feng smiled. "It's very simple. Help me spread the news of this thing. If a buyer is looking for it, ask him to come to me in person. I'll talk to him in person."

The person-in-charge was stunned again. "That... That's fine. Then, please give me your address, Master Feng."

After putting away the Life Potion, Yun Feng and Qu Lanyi left the Auction House and found a random hotel in Yue City to stay. Yun Feng believed that in less than a day, this news would definitely cause an uproar in Yue City. As expected, the news of the master-level Life Potion appearing in the Yue City Auction House spread like wildfire. The large and small families in Yue City were instantly stirred. The appearance of the master-level Life Potion also meant that a master-level pharmacist or someone related to him had appeared in Yue City! Who exactly was this person?

The Auction House was tight-lipped. If they didn't intend to buy this potion, they wouldn't know what the seller was at all. Even if they wanted to buy it, the Auction House only provided a name and address. However, the person who wanted to buy such a potion had to pay a considerable amount of money to get this information. This huge amount of money kept most curious people out.

The Zhao family received the news immediately. The master of the Zhao family was so excited that his face immediately flushed. "Quick! Go to the Auction House!" The Zhao family immediately sent someone to the Auction House to gather information. However, to everyone's surprise, one of the families in Yue City that cared about the news was one of the four largest families on the floating island, the Gong family, which was the boss in Yue City.

"You said that a master-level Life Potion appeared in the Auction House?"

"Yes, Master! This news is absolutely true. The director of the auction house personally released it."

"Send someone to the Auction House to find out more. No matter what the seller asks for, agree to it."

"Yes..."

The person sitting in the main seat closed his eyes and pondered. After a while, he opened his eyes with a sharp glint in his eyes. "A master-level Life Potion. Whether it's the pharmacist or the person related to them, we can't let them go easily."

The news that a master-level potion appeared in the Yue City Auction House spread throughout Yue City in just a few days. All the families, whether they were civilians or nobles, were extremely curious about the news and the person who took out such a potion. However, the extreme secrecy of the Auction House gave this person a mysterious halo. Everyone was guessing and discussing. This was the most lively topic in Yue City during this period of time, and this mysterious auctioneer was the center of attention in Yue City at this moment.

Yun Feng and Qu Lanyi stayed in a hotel in Yue City for a few days leisurely. The news could be said to be spreading like wildfire in the city right now. The two of them knew how popular the news was even without stepping out. Yun Feng couldn't help but smile. The Auction House was indeed efficient. The news spread quite quickly, but this bottle of Master Level potion was quite shocking.

"Fengfeng, how many families do you think will come to you?" Qu Lanyi leaned against the chair lazily and fiddled with his short black hair. There was a hint of passion in his eyes when he looked at Yun Feng, but he hid it carefully. He put his hand on his chin and looked out of the window with his black eyes. There were mountains outside.

"As expected, the Gong family, one of the four largest families, will come. The Zhao family will come. I'm not sure about the other large and small families, but there's another family that will come."

### **Chapter 1025: Extremely Splendid (1)**

Qu Lanyi smiled thoughtfully. "You'll give them a chance? Just because he's here?"

Yun Feng shook her head with a hint of coldness on her face. "As I said, I only care about You Yue. As for the You family, it has nothing to do with me at all. If they dare to talk about You Yue, don't blame me for taking You Yue away from the You family!"

Qu Lanyi stopped stroking his chin and looked at Yun Feng with his black eyes. "He'll leave there sooner or later, when he's completely disappointed."

Yun Feng didn't say anything. She turned around and looked out of the window. "By then, it'll be up to Second Brother. If he wants to leave, I certainly won't let him stay here alone. Besides..." Thinking of the remnant soul in You Yue's body, Yun Feng's heart tightened. Right now, she was extremely sure that it belonged to her brother, Yun Qi. Since it belonged to Yun Qi, she certainly wouldn't let him stay in another family! Besides, the You family didn't satisfy Yun Feng. Such a family would let You Yue down completely sooner or later.

"There's no need to think about anything else for now. Just let nature take its course. However, after the You family found out that you made this bottle of potion, they're probably both happy and sad." Suddenly, they thought of something and Qu Lanyi smiled mischievously. "If they know that you're a master-level pharmacist, they'll probably laugh and cry."

The You family was also in an uproar at this moment. When the news spread like wildfire, the senior members of the You family were also full of enthusiasm. Right now, they needed this auctioneer more than any other family. Whether he was a pharmacist or not, he couldn't be an ordinary person if he could take out such a potion! The You family had just moved to Yue City and needed this help. If they could befriend this person, the You family would be like a tiger with wings! If this person was a pharmacist, even the Gong family would treat the You family differently!

The You family's master certainly sent someone out to find out more information. Because the reward the auction house asked for was too high, the You family wanted to find the person themselves. However, a few days had passed and this person seemed to have evaporated in Yue City. There was no clue at all! They must find him before the other families did! The You family's master was anxious and everyone in the You family was discussing this news.

"Have you heard? A master-level Life Potion appeared in the Auction House!"

"Is this person a pharmacist or not? This person is quite mysterious."

"Master, I don't think we can find him even if we send someone to find him. If this person is really a pharmacist, I really want to meet him!"

"Yes, it's an honor to know such a person! If I can be friends with such a person..."

"Hey, hey, what are you daydreaming about? It's already good enough that we can see such a person. You even want to become their friends..."

"Tsk! I was just saying. I can't even fantasize about it?!"

Outside of a remote yard of the You family, the conversation between the two of them sounded. The young man, who was practicing in the room with his eyes closed, slowly opened his black eyes with a glint of light in them. "A master-level Life Potion. Are they talking about... Feng?"

You Yue stood up, pushed the door open and walked out. This was a rather simple yard. Ever since You Yue returned to the You family, the senior members of the You family didn't greet him at all. Instead, they directly abandoned him in this remote corner of the You family. It was quite far away from the main house of the You family, as if they were letting You Yue fend for himself. You Yue didn't care. Perhaps he was used to living alone. He didn't care at all about being ignored in such a large family.

Yun Feng hadn't come to the You family since that day. There was always something wrong in You Yue's mind. He would worry about Yun Feng from time to time. How was she? Had she left Yue City? If she had left Yue City, why didn't she come to say goodbye to him? Was there any danger elsewhere? Instead of worrying about himself, You Yue put most of his attention on Yun Feng.

You Yue also learned the news that everyone in Yue City knew through the discussion of others. His first impression was Yun Feng. After all, she had taken out a master-level Life Potion in the cave. It was impossible for a second pharmacist to visit in such a short time, let alone a master-level pharmacist. You Yue was 100% sure that the auctioneer was Yun Feng.

"Why is Feng auctioning this? Is she in urgent need of something?" Thinking of this, You Yue couldn't help but feel a bit anxious in his mind. He had been staying in the You family these few days and didn't go out. The You family seemed to have forgotten him. At this moment, You Yue pushed open the door and walked out. Since the news was here, it meant that Feng hadn't left Yue City yet. You Yue was more or less a bit gratified in his mind. Feng would leave here sooner or later. He should stay with her during this period of time.

"Hey! Are you the one who came back from the Outland?"

You Yue stopped and saw a young man standing on a high wall next to him, looking down at him from above. You Yue couldn't help but frown. "Yes."

The young man jumped off the wall and sized You Yue up quite arrogantly. "Tut-tut, why did you come back to the You family?"

You Yue was stunned. The young man's gaze had been very presumptuous, as if there were thorns. You Yue couldn't help but look cold. "As a member of the You family, I should come back to share the burden of the family."

"Huh? You're talking about sharing the burden? Hahahaha!" The young man suddenly burst into laughter. Then, the door of the yard next to him was pushed open and another two or three young people walked out, looking a bit younger. You Yue's eyes darkened. These people were all stronger than him!

"Did you hear that? A peak Lord said he wants to share the You family's burden!" The young man burst into laughter. The others also laughed mockingly. After laughing, the young man suddenly punched You Yue. You Yue felt the pain and took a few steps back. "Listen up! In the You family, you're just at the peak of the Lord Level and you still dare to speak so presumptuously. Why don't you think about yourself? Sharing the family's burden? With your strength, you're only fit to carry my shoes!"

You Yue covered the place where he was hit with his hand and straightened his body without saying anything. Seeing that You Yue was silent, the young man immediately lost interest and the anger in his mind was finally vented. "Alright, it's useless to talk to such a person. Let's go! He really thinks he's

something. I wonder what Master is thinking. We should just give up on such a person. What do we need him for?"

## **Chapter 1026: Extremely Splendid (2)**

The group of people walked away arrogantly. You Yue stood straight and clenched one hand into a fist tightly. Blue veins appeared on it. He gritted his teeth and endured the wave of pain just then. Light sweat appeared on his forehead and he didn't make a sound. You Yue stood there for a while before he walked away, but he didn't look good.

"Why are you here? Why aren't you staying in your yard? Why are you walking around?" A scolding voice sounded. You Yue looked up and saw a man walking towards him in a hurry. The man glanced at You Yue in disdain and then said in frustration, "Come with me. Master wants to see you."

"Master?" You Yue was stunned. This was the first time the Master of the You family wanted to meet him after returning to the You family. The man glanced at him in frustration. "Come with me. Hurry up!"

You Yue followed the man. The man kept a distance, as if he didn't want to get close to You Yue. He turned around and looked at You Yue behind him from time to time with a look of disdain. "Seriously, I thought someone who can hold the fort came. I didn't expect him to be a freeloader. The peak of the Lord Level... You had the face to come back at such a level?"

The man's words came to You Yue's ears word by word. You Yue couldn't describe the feeling in his heart. A wave of sorrow mixed with anger came from the bottom of his heart. He clenched his fists again and lowered his head slightly, following the man silently.

"If you come back to the You family, you'll embarrass the You family. You're at the peak of the Lord Level. God knows how many years it will take for you to reach the King Level. If the young people of the You family are all like this, the You family won't have any hope. You could've just stayed in the Outland. It's really unnecessary for you to come back."

The man mumbled as he walked forward, as if he wanted You Yue to hear him on purpose. You Yue followed behind silently and didn't say a word. However, he clenched his fists tightly and a deep red mark had already appeared on his palm.

"Go in quickly! Master is waiting inside!" The man brought You Yue all the way to the main house. He pointed at the door in front of him and glanced at You Yue in disgust. You Yue stepped forward with a slightly gloomy face and pushed the door open. The man rolled his eyes. "Look at him. He's like a mute all the way and didn't say a word."

You Yue pushed the door open and entered. Master You was already waiting inside. Seeing him come in, he pointed at the chair next to him. "Have a seat."

You Yue lowered his head and sat down in silence. The You family's master sat there for a while, as if he was sizing You Yue up with his eyes. Then, he asked, "You... What's the background of the sister you acknowledged?"

You Yue's black eyes shrank. Why was he asking about Feng? Was the You family thinking about Feng?

“Feng doesn’t have any background.”

The eyes of the You family’s master darkened. “Since you’ve returned to the You family, you’re certainly a member of the You family. It’s natural for you to work for the You family. Let me ask you, is Feng Yun the auctioneer of that bottle of Life Potion?”

You Yue couldn’t help but sneer in his mind. He was really straightforward when he asked. He didn’t beat around the bush at all. “No, Feng isn’t a pharmacist.”

The You family’s master certainly didn’t believe this. “Listen up. If that person is really the auctioneer of that bottle of potion, if the You family gets it, it’ll be a great help to the You family! If this person isn’t a pharmacist, she must have a close relationship with a pharmacist. By then, the You family’s future will be even more guaranteed! Since you’ve acknowledged her as your sister, she’s related to the You family no matter what. We have the advantage in this.”

Fury couldn’t help but ignite in You Yue’s heart. He was willing to work for the You family. After all, his surname was You and there was the blood of the You family in his body. However, they targeted Feng. Feng had nothing to do with the You family at all. He would never allow them to use Feng!

“I’m afraid I’ll have to disappoint you, Master. Feng and I went all the way back to Yue City. As far as I know, she’s not a pharmacist. The auctioneer of the Auction House is probably someone else.” You Yue raised his head and smiled at the You family’s master lightly. There was an inexplicable coldness in his words.

Master You glanced over with a fierce gaze and looked into You Yue’s eyes, as if he wanted to find the real answer in his heart. After looking at it for a while, Master You waved his hand. “In that case, you may leave.”

You Yue stood up and walked straight out of the door. His scorching heart was gradually turning cold. Master You kept looking at his back silently until he walked out. He pondered for a long time. “Really? Hm! I thought he was still useful, but he’s still useless.”

You Yue left the You family quickly all the way. He only felt that the You family was like an iron lock that was wrapped around his neck tightly, making him breathless. The moment he walked out of the You family’s mansion, You Yue took a deep breath. This time, he felt alive. He looked down. He forgot that he, who was at the peak of the Lord Level, didn’t have the ability to fly at all. The You family was on the second level of the mountain. If he wanted to go down, he could only walk.

You Yue looked at the distance. With his speed, it would take at least a month to go back and forth. If he went down for half a month, he didn’t know if he would be able to meet Feng. You Yue gritted his teeth and quickly walked down the mountain. The few people standing next to the door of the You family couldn’t help but snicker. “That’s the one who came back from the Outland a few days ago?”

“That’s right. Look at what a bumpkin he is. Isn’t he afraid of embarrassing the You family if he tells anyone? I thought a genius would come back. Who knew that he’s just at the peak of the Lord Level?”

“Actually, the strength of the peak of the Lord Level is alright. They’re quite capable among those small families, but there’s nothing we can do. The You family is a large family after all. Such a status isn’t quite appropriate!”

“That’s right, that’s right. He’s quite bold. Isn’t he afraid of falling down the mountain on foot?”

“A family like the You family certainly has means to send people down the mountain. Who asked him not to use them? He deserved it even if he fell!”

The two of them snickered there, and You Yue had already left the entrance of the You family and rushed down the mountain without hesitation. Perhaps because of the soul bond that belonged to the Yun family, Yun Feng felt uneasy when You Yue went down the mountain. She thought for a while and realized that she hadn’t seen You Yue for a few days. She didn’t know how he was doing in the You family.

### **Chapter 1027: Extremely Splendid (3)**

Seeing that Yun Feng was a bit distracted, Qu Lanyi grabbed Yun Feng’s arm, pulled her up, and pushed her out. “Qu Lanyi, what are you doing?” Yun Feng was pushed out of the hotel. Qu Lanyi raised his brows. “You look distracted. Are you worried about him?”

Yun Feng was stunned. She couldn’t hide what she was thinking, especially in front of him, as if Qu Lanyi would know what she was thinking. He had always known what he wanted. Seeing Yun Feng’s expression, Qu Lanyi couldn’t help but pinch her cheek. “I’m like a worm in your stomach. I’ll know what you’re thinking.”

Yun Feng looked a bit embarrassed. What worm in his stomach? Couldn’t he find a better analogy? She looked at the peaks that were high into the sky. “I’m a bit worried. How did the You family treat him? I always miss him.”

“You should know how the You family treats him in your mind. With the You family’s personality, they’ll probably throw him aside and ignore him. Of course, this is the best result.”

Yun Feng’s face suddenly darkened. That’s right. It wasn’t a big deal to leave him aside and not ask about him. At least You Yue’s life would be a bit quieter in the future. He would more or less have a sense of belonging in his mind. However, if that wasn’t the case, with the past experience of the large families, bullying was a common thing, especially with You Yue’s identity.

“Alright, if you’re worried, let’s go take a look.” Qu Lanyi reached out and held Yun Feng’s hand. Yun Feng nodded. The two of them immediately flew in the air and went straight to the second level of the mountain where the You family was located. When they went higher, Yun Feng’s eyes suddenly fixed on one place and her expression changed drastically!

“Brother!” Yun Feng immediately roared and her body suddenly flashed to the side. Qu Lanyi also looked over and saw that the person hanging on a steep cliff was You Yue! You Yue hung on the cliff in a sorry state. There was only sweat on his palm and tiny wounds everywhere. The journey down the mountain was even steeper than he thought. There was even no way to go at all! You Yue fell accidentally. Luckily, he stabbed his weapon into a part of the cliff, so his body was hanging here. However, there was nowhere for him to land at all. If he let go, what awaited him would be a bottomless abyss!

Yun Feng's call made You Yue's heart tremble. He turned around and saw Yun Feng's anxious expression and that unusually beautiful griffin also appeared in an instant. You Yue had already reached his limit at this moment. Seeing Yun Feng appear, he let go tiredly. Lan Yi swooped down and caught You Yue's falling body.

"Brother, are you alright?" Yun Feng got on Lan Yi's back and scanned You Yue's entire body nervously. Thinking of what she saw just then, Yun Feng was a bit scared in her mind. If she hadn't come, if she had come a bit later, her brother would have...

Thinking of this, a fire of anger burnt fiercely at the bottom of Yun Feng's heart!

"How dare the You family treat you like this?" Yun Feng shouted angrily in a low voice. Qu Lanyi also rushed over and what he said calmed Yun Feng down a lot. "Not necessarily. Those large families probably have ways to send people down the mountain. He probably doesn't know. Of course, it's possible that someone didn't tell him on purpose."

You Yue lay on Lan Yi's back in a sorry state and raised the corners of his mouth. "I'm fine, Feng. I'm too useless."

"What do you mean useless? You're my second brother! How can you be useless?" A furious light ignited in Yun Feng's black eyes. Even if You Yue didn't know, she didn't believe that none of the You family saw that he was going down the mountain! Since they knew that he was going down the mountain, they still let him walk down. They did this on purpose!

"Master, where are we going?" Lan Yi circled in the sky and asked. Yun Feng glanced around. "Find the nearest flat ground to land." Lan Yi nodded. He flapped his huge beautiful wings abruptly and circled his body, wanting to fly higher.

Very soon, Lan Yi found a place that was small but could be stepped on. After Lan Yi landed carefully, he turned into a beam of green light and directly entered the Ring of Contract. Yun Feng immediately took out a bottle of Life Potion and wanted to give it to You Yue to drink. You Yue shook his head with a wry smile and refused. He supported his body. "Feng, I'm just bruised. I don't need this."

Qu Lanyi also smiled helplessly. Fengfeng was truly something. She used the Master Level Life Potion on such a small injury. The Life Potion was truly like cabbages in her hands.

Yun Feng immediately used the water element to heal You Yue. After confirming that it was really just an external injury, she was relieved. You Yue smiled lightly. "It turns out that the auctioneer who shocked Yue City recently is really Feng."

Yun Feng smiled. "Why? Brother, you didn't expect it to be me?"

"I thought it was you immediately. However, what do you need urgently to auction such a level of potion for?"

Yun Feng and Qu Lanyi both smiled. The two of them didn't explain anything. "Of course it's useful. Right, brother, I have a Sound Badge now. It'll be easier for us to contact each other in the future." Yun Feng took out a Sound Badge. You Yue smiled. "We agreed to take you to buy it back then. As your brother, I'm really..."

“Alright, it’s just a small matter. I can do it myself.” Yun Feng interrupted You Yue and suddenly found that he and her Big Brother were very similar in this aspect. Yun Sheng was also nagging sometimes, but Yun Feng didn’t find it annoying.

Yun Feng stored You Yue’s aura in the Sound Badge and put it away. You Yue’s body was full of external wounds. Yun Feng quickly recovered under the treatment of the water element. Qu Lanyi asked casually, “Has Master You never looked for you?”

You Yue was startled. Then, he nodded with a wry smile. “He came to find me today and asked me if the auctioneer is Feng.”

“Hm, that old man is quite smart. He linked it to Fengfeng.”

“He probably didn’t find out anything in his panic, so he thought of me. However, even though he asked this, he still has a lot of concerns in his mind. I’m a master-level pharmacist. If the truth isn’t in front of him, that old man won’t believe it.” Yun Feng’s tone was slightly cold. Qu Lanyi looked at You Yue with his black eyes.

“If he asked you, what was your answer? You must know that if you tell him about Fengfeng, you’ll be a few levels higher in the eyes of Master You.”

#### **Chapter 1028: Extremely Splendid (4)**

You Yue raised the corners of his mouth. “The You family can use me, but I definitely won’t allow them to use Feng!”

Yun Feng only felt warm in her heart after hearing that. Qu Lanyi was also stunned. He had never thought that You Yue would protect Yun Feng like this. His situation in the You family was obviously not good. If he told the master of the You family that Yun Feng was that auctioneer, the master of the You family would definitely curry favor with him in every way to get close to Yun Feng. He would even seek benefits through the special relationship between You Yue and Yun Feng. If that was the case, he would definitely not let the You family succeed! However, You Yue kept his mouth shut. Qu Lanyi didn’t expect that.

“Even though I’m not Feng’s brother, in my heart, I treat her as my sister.” You Yue’s tone was firm. Yun Feng smiled and her heart was warm. The remnant soul in his body belonged to her brother, Yun Qi. Whether You Yue treated her like this because of this remnant soul or not, she remembered his kindness in her mind.

Yun Feng took a deep breath and was silent for a while. There was only a serious expression on her little face. “Brother, even though you’ve only been back to the You family for a few days, you must’ve seen something clearly. Is the You family worth your whole heart?”

You Yue was silent. He remembered those harsh and mocking words in his mind. It was naturally impossible for him not to feel uncomfortable in his mind, but the sense of belonging he had for his family was still there. You Yue’s stance and mood at this moment were extremely contradictory. How would his relationship with his family be cut off so easily? Unless he was abandoned by his family and was rejected by his family! He was completely disheartened by his family!

Seeing that You Yue was a bit conflicted, Yun Feng smiled lightly. "Brother, I'll only say this. If you want to leave the You family, I'll take you away."

You Yue was stunned. He raised his head and looked at Yun Feng, looking at her clear black eyes. There was pure care and protection in them. You Yue's breath tightened. Why, why did the sister he acknowledged treat him like this, while they, who were also of the You family's bloodline, treated him like that? Was this their blood relation? That was too sad.

You Yue raised the corners of his mouth and then gave Yun Feng a smile. "Alright, I'll remember what Feng said!"

Yun Feng nodded. You Yue thought of something else and said anxiously, "Feng, the You family's ambition is greater than I thought. The You family's master told me a lot today. He included you in everything he said. Don't get involved with the You family, or they'll bite you hard like a vampire! If they know that you're an auctioneer and a pharmacist, our relationship..." You Yue's eyes darkened. "I'm willing to cut ties with you even if you have to!"

Yun Feng smiled helplessly, while Qu Lanyi rolled his eyes. "You Yue, as Fengfeng's second brother, can you have some brains? If you don't want to cut off this relationship with Fengfeng, why don't you cut off this relationship with the You family? Between the You family and Fengfeng, you already have the answer in your mind, don't you?"

"But... That's my family after all..."

Yun Feng smiled casually. "Bloodlines are indeed a steady bond, but this bond isn't indestructible. Once this so-called kinship and bloodline change, this family will also change. The so-called family, the so-called bloodline, should be the strong support that you can find wherever you go. It's the source of motivation for you to move forward no matter what difficulties you encounter. The so-called clansmen are family. They should be people who will remember you in their minds no matter where you are."

Yun Feng's hand slowly climbed to her chest, where a faint warmth lingered. "This is family. This is bloodline. No matter how dark a place is, they'll become your sunlight."

Qu Lanyi's expression froze and he fixed his gaze on Yun Feng. There was an indescribable warmth in the gentleness on her face. You Yue asked in a daze, "Is there such a so-called family?"

Yun Feng smiled gently. "Yes. My family is like that."

Qu Lanyi slowly lowered his handsome face. His short black hair covered his eyes and his thin lips pulled gently. A smile appeared just like that. There were a lot of complicated things inside. Qu Lanyi slowly turned around and looked into the distance with his deep eyes. Family and bloodline?

"Feng is very lucky." You Yue mumbled. Yun Feng nodded. "Yes, I'm indeed lucky." She was undoubtedly lucky to be able to come to this world, have such a family, and have everything she had right now. Even though she had to carry a lot of things, she was still willing to endure it.

"It's time to send him back. I think the person who should visit is here." Qu Lanyi turned around and his expression just then disappeared silently. Yun Feng nodded and You Yue looked at Yun Feng with concern. "Feng, I can't help you much, but I definitely won't let the You family ask you for anything!"

Yun Feng chuckled. "Even if they ask me, I won't give them anything."

After sending You Yue out of the You family's mountain gate, it was more convenient for the two of them to contact each other with the Sound Badge. Yun Feng and Qu Lanyi left, while You Yue returned to the You family's mountain gate alone. The two people guarding the door couldn't help but feel stunned when they saw You Yue come back. You Yue walked in expressionlessly. The two of them finally understood after a long time.

"He came back so quickly?"

"Who knows? He might not have gone down at all and came back."

"Even so, why do I feel that something is wrong..."

As soon as Yun Feng and Qu Lanyi returned to the hotel, the boss of the hotel immediately came to them and whispered to Yun Feng, "Miss Feng, a few people are here for you. I've asked them to wait in your room as you asked."

Yun Feng thanked the hotel owner and went upstairs with Qu Lanyi. The hotel owner was delighted to hear Yun Feng's thanks. Although Miss Feng looked young, she was as intimidating as anyone else. He felt indescribably comfortable to be thanked by her.

Yun Feng pushed the door open. The few people who seemed to have been waiting in the room for a while immediately glanced over. They were all smart and capable men. After Yun Feng and Qu Lanyi walked in, they closed the door. The few men all fixed their eyes on Yun Feng and looked at her for a long time in confusion, as if they were very uncertain that this was the auctioneer they were looking for. She looked too young and immature on the outside.

### **Chapter 1029: Extremely Splendid (5)**

Yun Feng and Qu Lanyi sat down casually. The men were a bit embarrassed. They looked at each other a few times. One of the men walked up and said with a hint of arrogance on his face, "I'm here on behalf of the Gong family. You must have heard of the Gong family, one of the four largest families."

Yun Feng didn't say anything. The man was a bit speechless. He originally thought that she would say something after hearing that it was the Gong family, but he didn't expect her to have such an indifferent attitude. The man coughed awkwardly. "Master Gong sent me here to ask you what you want to exchange for that bottle of Master Level Life Potion. If you're willing to come, can we talk in the Gong family?"

What the man said immediately made the others a bit nervous. Most of them were indignant, but they couldn't say anything. They certainly had the same thought, but they didn't expect the Gong family to also be interested. The Gong family wanted her. How would these families on the second tier dare to poach her? It would be fine if they were of the same level, but if it was one of the four families, they could only stare.

When the man said this, he was obviously full of confidence, as if Yun Feng would definitely go. Yun Feng stood up and the man smiled proudly. "Please."

Yun Feng raised her brows and glanced at the man. "Did I say I'm going?"

The man was immediately dumbfounded. "Didn't you agree? You..."

"Which ear of yours heard me say yes?" Yun Feng looked over with her black eyes and the man's lips moved. "B-But..." This was an invitation from the Gong family! An invitation from one of the four largest families! She wouldn't reject it so ungratefully, right? Being invited by one of the four largest families was an honor that ordinary people couldn't get! Even if she knew that pharmacist, she was putting on too much airs!

"Sir, you must consider carefully. The Gong family invited you because they want to get to know that pharmacist through you. Don't overestimate your identity!" The man might have never been rejected, so he couldn't help but sound a bit unhappy. Yun Feng's red lips moved. "Oh, do you want to get to know the pharmacist?"

A trace of embarrassment flashed through the man's face. "If you know, then..."

"Are you here on behalf of your families?" Yun Feng directly ignored what the man said. The man stood there awkwardly. For the first time, he felt like he had been insulted. He looked at Yun Feng angrily. If the master didn't have an order, if he didn't care about her relationship with that pharmacist, how would he let her treat him like this?

The representatives of the other families immediately agreed. Yun Feng chuckled. "Do you want to meet that pharmacist through me?"

The representatives of the other families immediately looked at each other with a glint of light in their eyes. The representative of the Gong family was proud and arrogant. What he said just then obviously pissed her off, but they weren't! The little girl in front of them was the only way to know that pharmacist. Naturally, they had to please her so that they could meet that pharmacist. If they pissed her off, it meant that they wouldn't be able to meet that pharmacist!

"Well, we're certainly here to meet you!" The representatives of the few families quickly greeted her with a smile. The representative of the Gong family immediately looked enraged after hearing that! These second-rate families dared to poach her from the Gong family!

Yun Feng's red lips curled up and she smiled very elegantly. "If you want to know me, go back and tell your masters that if they want to know me, come in person!"

Everyone was stunned! Personally? Let the leaders of the families come in person? She was quite ostentatious! "Well..." The few of them immediately hesitated. Yun Feng burst into laughter. "If the leaders of the families don't even have this sincerity, there's nothing else to talk about. Take care. The door is over there."

Yun Feng pointed at the door with a casual smile on her face. The representative of the Gong family was the first to shake his sleeve and walk out. He snorted. It seemed that he was truly enraged. The others looked at each other and left one after another. After everyone left, Qu Lanyi chuckled. "You chased them all away?"

Yun Feng leaned against the back of the chair. "They'll all be here soon."

This time, Yun Feng took these people down a notch and said ruthlessly that she wanted the leaders of the major families to come in person. When the news reached the ears of the leaders of the major families, they had all kinds of strange expressions. Some were enraged, some were deep in thought. The most strange one was the leader of the Gong family. After hearing the report that his angry subordinate exaggerated, the leader of the Gong family was silent for a few seconds and suddenly burst into laughter!

“Hahahaha, hahahaha!”

The reporter was stunned and his liver trembled. Did he say something wrong? Why was the master laughing so happily?

“Hahaha! This kid is quite interesting. I’ll meet her in person. Haha, alright! I’ll meet her myself!”

As Yun Feng expected, the expected distinguished guests came the next day. The leaders of the families all met outside Yun Feng’s hotel. They looked at each other with different expressions and had the same thought in their minds. So, we’re all here? The few of them stood in the air and knew that they were here for the same person. They couldn’t help but mock each other.

“Tut-tut, I thought only one person would be able to come. I didn’t expect you to go all out.”

“Humph! It takes one to know one. Who doesn’t know what they’re planning in their minds?” Master You said with a hint of anxiety in his eyes. The other few leaders also had the same attitude. They were already ready to fight for Yun Feng before they saw her!

“Since you’re already here, let’s go in together. It’s up to who’s capable!” The master of the Zhao family glanced over and glared at the master of the You family fiercely. He thought that after getting this pharmacist’s help, he must get the You family to give an explanation!

The few leaders were about to land, when loud laughter came from the sky. “Hahaha, I didn’t know that you were all here.”

The faces of the masters couldn’t help but darken after hearing that. Good lord, the master of the Gong family, one of the four largest families, came in person! “The master of the Gong family came in person. I really didn’t expect this.” There was a smile on the faces of the masters, but they started to cry in their minds. The master of the Gong family was here. How could they snatch her away? Damn it, they had never thought that the master of the Gong family would come here in person! Wasn’t this a joke?

### **Chapter 1030: Extremely Splendid (6)**

“Haha, this kid is quite interesting. I’m just joining in the fun,” said the Gong family’s master indifferently. The other family’s masters were all mumbling in their minds. Join in the fun? We don’t even have a chance to fight for her!

“Alright, let’s go meet this kid who asked us to come in person!” The Gong family’s master laughed loudly again and landed quickly. The other family’s masters looked at each other in frustration and could only grit their teeth and follow.

Yun Feng, who was sitting peacefully in the room, suddenly opened her black eyes with a faint smile at the corners of her mouth. She looked out of the window with her black eyes. "Very good. All of them are here."

The hotel where Yun Feng stayed in Yue City wasn't very large and there weren't usually any big shots coming and going. However, it was a different scene today. Before the hotel owner figured out what was going on, he saw that the people who pushed the door open and entered were the famous family masters in Yue City! And the most strange thing was that the Gong family's master also came in person!

"Welcome, masters. What can I do for you?" The boss of the hotel was tongue-tied. He couldn't help it. These few people were too important. His shabby place could attract such a person here. The news of his small hotel would probably spread in Yue City tomorrow!

Some people were sitting in the front hall of the hotel, which wasn't very big. When they heard what the hotel owner said, their bodies trembled hard and they all turned their heads around in panic, looking at the few people with extraordinary momentum who showed up here like they were monsters. They didn't even dare to breathe loudly.

The Master of the Gong family walked in the lead. The Gong family was one of the four largest families and the leader of Yue City. Although the aura on the Master of the Gong family was strong, he wasn't aggressive. When he spoke, his tone wasn't so high and mighty. Compared to the few people behind him, he could be considered approachable.

"We're just here to find someone. Don't worry about us. We'll do what we need to do." Master Gong waved his hand. The hotel owner immediately nodded. "Yes, yes!"

The Master of the Gong family walked in the front and directly went up the stairs according to the information he received. The other masters also followed behind silently. The hotel owner bowed with a pious look. He didn't take a deep breath until the few of them walked up and wiped the sweat on his forehead.

"Boss, boss! These are big shots in Yue City! Why are they all in your store? Who are they here for?" People in the front hall all rushed over and surrounded the hotel owner. The hotel owner could only smile wryly. Even if he had the courage, he dared not to say who these big shots were here for.

"Go, go, go! How would I know who these bigshots are looking for?" After saying that, the hotel owner walked behind the counter and finally had some peace. He touched his chest, which was pounding nonstop. "Oh my god, they're all here for Miss Feng... Amazing! Even the Gong family's master came in person. It seems that a big shot has moved into my small hotel!"

It didn't take long for the few masters to find Yun Feng's room. Even though the hotel wasn't big, it still made the few masters dissatisfied. Perhaps this was the first time they came to such a place to talk about something. It was beneath their dignity. However, the master of the Gong family was the most calm one and his expression didn't change at all.

"Since you asked us to come here in person, why don't you choose a better place?" The You family's master couldn't help but complain. The other families' masters also had the same feeling in their minds. "I think she only has this bottle of good stuff. Who knows how she got it? Don't put too much hope on her."

"I don't care how she got it. I'll find something by following the clues." The Master of the Zhao family looked like he was determined to get it. He should be the most enthusiastic person facing this bottle of potion here. No matter who this auctioneer was, he cared about that bottle of potion the most. As for the others, he could put them aside for now. However, it seemed that the others certainly had high expectations for this auctioneer. If this auctioneer had some background, he wouldn't have asked them to come in person to such a poor place.

"Crack..." A door not far away opened quietly. The Gong family's master stopped and a fierce glint flashed through his eyes in an instant. Then, he disappeared. The other family masters certainly stopped mumbling and looked over.

Qu Lanyi leaned against the door lazily. Half of his handsome face was buried in the shadows. Only his black eyes were glittering. He looked at everyone with a faint smile. The Gong family's master couldn't help but narrow his eyes. This kid in front of him was quite capable. He was so relaxed and even a bit disdainful in front of people like them. Right, disdain. Qu Lanyi was full of such a message. I despise you.

"Tut-tut, I'm really sorry to live in such a poor place. If anyone thinks that it's not good enough for your noble identity, just turn around and go back." His thin lips curled up. His tall body and lazy posture made the few family masters furious. There was a smile in the eyes of the Gong family's master, who couldn't help but size up Qu Lanyi a few more times.

The few masters were so angry that their hearts were burning with anger, but they couldn't vent their anger easily. If this person was the auctioneer they were looking for, the consequences of angering him would be unimaginable. So, they all held back and didn't say anything. The Master of the Gong family burst into laughter. "Young people, just treat it as us old people complaining."

Qu Lanyi couldn't help but look at the Master of the Gong family a few more times. It wasn't difficult to tell his status from the momentum and demeanor around his body. Logically speaking, such a person shouldn't have such a temper. This person was quite interesting.

"Masters, come in." A cold voice suddenly came from the room. Master Gong's eyes brightened when he heard that. This should be the kid who asked them to come in person! The hearts of the other masters also shook. It seemed that the person they were looking for was in this room!

Master You couldn't help but frown. He felt that something was wrong in his mind. Why did he feel like he had heard this voice somewhere? Where exactly did he hear it... Why did it sound a bit familiar?

"Since you've invited me, I'll certainly follow your instruction," said the Master of the Gong family. He was a bit humble in his words. For someone of his status, such words were a bit demeaning, but the Master of the Gong family didn't think there was anything wrong. With such an attitude, the masters behind certainly didn't dare to put on airs and act like big shots. Even the boss of Yue City, the Master of the Gong family, was so humble. If they continued to be arrogant, they would only be humiliating themselves.
