Chapter 1031: Exchange (1)

Following behind the Gong family's master, the other masters entered one after another. What they saw was a small room. A few family masters were already frowning in dissatisfaction. When they saw the person standing in front of the window with her back facing them, they all looked over with probing eyes.

The reaction of the You family's master was the most hilarious. He couldn't move his eyes away when he saw this person. Why did this person look a bit familiar? Was he someone he knew? If that was the case... didn't the You family have a chance of winning? Even if this person didn't have any ability, he could find some clues according to what the Zhao family's master said just then! As long as she was related to that pharmacist, anything was fine!

After everyone came in, Qu Lanyi closed the door. Yun Feng also slowly turned around at the same time. Her young and beautiful face and her clear black eyes were glittering with a different light. Yun Feng was too young in front of these masters, but her momentum wasn't inferior to theirs at all!

The moment Master You saw Yun Feng's face, he only felt that something in his heart was erupting passionately to his brain! He was so shocked that he saw stars and couldn't see it clearly! The breath in his chest suddenly rose and rushed out of his throat as he shouted loudly, "It's you!"

The other masters all glanced at the master of the You family with surprise in their eyes. He knew her? The master of the You family knew this person a long time ago? The master of the You family looked at Yun Feng with a tense face. His facial features were about to tighten. He wanted to say something, but couldn't. He could only pant quickly and try to remove the shock in his mind.

It was her. It was her. It was her!

Yun Feng glanced at the You family's master and smiled lightly. "Master You, it's been a while. I wonder if my brother, You Yue, is doing well in the You family?" What Yun Feng said was a bit gloomy. The You family's master couldn't help but break out in cold sweat after hearing that. Her brother, You Yue? Right, right, right! He was the descendant of the You family who came back from the Outland just then. How did he know? He had never cared about him...

"Ahem, since he's a member of the You family, he should be living a good life." The You family's master pulled his face and said with a slightly weak voice. Yun Feng raised her brows and looked at him deeply. The You family's master coughed softly and made up his mind to go back and deal with You Yue's matter well as long as he could please the person in front of him. After all, the You family had You Yue!

"Brother? Your relationship with the You family is quite complicated." The Master of the Zhao family glanced at the Master of the You family suspiciously. The other masters also looked over. The Master of the You family raised the corners of his mouth proudly, but before he could smile, Yun Feng said, "Masters, don't misunderstand. I, Feng Yun, have nothing to do with the You family at all."

The You family's master's complacent smile froze at the corners of his mouth and he stood there awkwardly. The few family masters exclaimed thoughtfully with a gloating look in their eyes. The Zhao

family's master said anxiously, "Family masters, let me say something. We all know who we're here for today, but I'm a bit different. Something happened to the Zhao family recently. My two sons were severely injured by a shameless person. I'm using this Life Potion to save their lives. I think you don't have to fight with me for this!"

Qu Lanyi walked to Yun Feng and raised his beautiful eyebrows. "A shameless person severely injured your two sons?"

The Master of the Zhao family was enraged at the mention of this matter. He couldn't hold it in anymore in his mind. He immediately talked nonstop and sounded very irritable. Yun Feng and Qu Lanyi listened quietly on the side, listening to this shameless person in the mouth of the Master of the Zhao family, who was courting death. They listened to how ruthless he was, how furious he was, and how he wouldn't give up seeking revenge on this person. After hearing that, Qu Lanyi and Yun Feng nodded in agreement. The Master of the Zhao family said indignantly, "When my two sons recover, I'll definitely cripple him and make him a dog of the Zhao family. He'll only be able to crawl on the ground for the rest of his life!"

The master of the You family looked weird when he heard that, as if he was holding back something. He knew that the person who injured the Zhao family was none other than Yun Feng in front of him! The worse the master of the Zhao family said, the happier the master of the You family was in his mind. Just tell her. When you completely anger her, you can forget about getting that bottle of Life Potion!

"Alright! No matter what, it's impossible for the Zhao family to not have any responsibility at all. Zhao Jianzhong and Zhao Jianren have a temper and personality. Everybody in Yue City knows that," said the Master of the Gong family coldly. The Master of the Zhao family couldn't help but blush. "Even if... Even if they're a bit willful, that person was too vicious! One of my two sons' spines is broken, and the other fell off a cliff and was half-crippled!"

The hearts of the other few family masters trembled. Oh, this method was truly extraordinary and ruthless. However, the Gong family's master burst into laughter after hearing that. "That person is quite interesting. He doesn't provoke other families, but he provokes the Zhao family?"

The Master of the Zhao family moved his lips. He knew better than anyone else why they attacked the Zhao family. Zhao Jianzhong provoked them first. After that, Zhao Jianren wasn't as good as them. In fact, he couldn't blame anyone else. Otherwise, why would they go against the Zhao family for no reason? The Zhao family started the trouble first. In the end, they blamed everything on Yun Feng in their minds. It became that Yun Feng deliberately hurt someone with vicious and cruel methods.

"That's right, Master Zhao. If Zhao Jianzhong didn't provoke me first, I wouldn't have bothered to attack him at all." Yun Feng said with a smile. Master Zhao's face immediately froze and his eyes widened to the size of an ox. "W-What did you say... It's you, it's you..."

"Fengfeng, you were too gentle. You should've made those two bastards breathless," added Qu Lanyi casually. The Master of the Zhao family was immediately enraged. "Kid, what did you say? I'll cripple you!"

"Stop!" Master Gong shouted as he stepped forward and stomped on the ground. An invisible fluctuation shook the space, making Master Zhao take a few steps back. Master Zhao took a few deep

breaths and looked at Master Gong with slightly red eyes. “Even though the Gong family is one of the four largest families, the leader of Yue City, this is the Zhao family’s family business! Nobody is allowed to interfere!”

Yun Feng looked at the Master of the Gong family, who stopped the attacker. She wouldn’t be so kind as to think that he was helping her. The Master of the Gong family said with a cold face, “I certainly won’t interfere with the Zhao family’s family matters. If you want to deal with it, you have to wait until everything here is done!”

Chapter 1032: Exchange (2)

The Master of the Zhao family was stunned and suddenly thought of something. Feng Yun crippled his two sons. To treat these two children, he must use the Life Potion and the auctioneer of the Life Potion happened to be Feng Yun! An unknown fire rose in the heart of the Master of the Zhao family again. How ironic! She was deliberately embarrassing him!

“Feng Yun, I’d rather have my two sons crippled than beg you for anything! I’ll remember this in my mind and I won’t let you go easily!” The Master of the Zhao family also had a backbone. He immediately flicked his sleeve and left. The other Masters were more or less worried in their minds. The grudge between the Zhao family and Feng Yun was fixed. If they stayed close to Feng Yun, the Zhao family would definitely be dissatisfied with them. The Zhao family wasn’t easy to deal with in Yue City. Even though they couldn’t compare to the Gong family, they were quite strong among these families.

“Why did you reveal that it was you on purpose?” Master Gong glanced at Yun Feng. If she didn’t tell him, Master Zhao wouldn’t have known that it was her. Yun Feng smiled. “Since I’ve done it, I don’t have to be afraid to admit it. I did it. Besides, if I don’t tell him, he’ll know sooner or later.”

Master Gong chuckled. “You’re indeed interesting, kid.”

“I asked you to come here in person to see your sincerity. I know what you want to know.”

!!

“Since you know clearly in your mind, you should be able to give an answer now,” said the Master of the Gong family. The other masters all looked at Yun Feng with anticipation. With the Master of the Gong family here, they all became part of the sidekicks at this moment.

“If that’s the case, I won’t beat around the bush. I want a spot to enter the Juxing School.”

After hearing this, everyone was extremely surprised. Even Qu Lanyi looked at Yun Feng in surprise. He thought she would make another request, but he didn’t expect it to be this! With Yun Feng’s current cultivation level, unless an unexpected high-level school could help her, the others were already useless. The Juxing School was one of the three famous schools in the Central Region. It was quite famous, but did Yun Feng really need it?

The other family masters didn’t have a chance after hearing that. How could they enter the Juxing School just because they wanted to? As one of the three largest academies in the Central Region, the Juxing School certainly had a strict admission system. There was an admission exam, but the time had

already passed. It wasn't impossible for them to transfer students, but they had to be invited by the Juxing School or recommended by a large family! And the Gong family, as one of the four largest families, certainly had the recommendation spot.

The Master of the Gong family didn't say anything for a long time after hearing that. Yun Feng wasn't in a hurry. She waited there quietly. Qu Lanyi pondered Yun Feng's intention on the side. Even though he didn't know Yun Feng's request very well, he knew that she wouldn't do anything for nothing. They had to create an opening in Yue City right now, or their future path might very well be blocked here.

"The spot of the Juxing School is indeed worthy of the information we need," whispered the master of the Gong family. The other masters all looked embarrassed. Indeed, they didn't have the strength to brag about letting Yun Feng enter the Juxing School, so they could only find an excuse to leave. However, the master of the You family thought differently in his mind. Since Yun Feng was the key, You Yue would certainly become the key of the You family. The master of the You family returned with an unconcealable joy on his face. The other masters certainly knew what he was thinking in his mind and could only sigh helplessly. After all, You Yue had such a relationship with Feng Yun. If they had known earlier, they would have found a few guys to acknowledge Feng Yun as their sister.

The other masters all got up and left. They didn't gain anything this time. When the master of the Gong family appeared here, they had already expected this result. They were more or less a bit angry in his mind, but they admitted defeat. Only the master of the Gong family was left in the room. The master of the Gong family looked at Yun Feng. "I can give you the spot of the Juxing School, but I have to tell you in advance that this spot wasn't easy for the Gong family. It can be said that the Juxing School specially left a spot for the four families. I'm using it on you!"

Yun Feng chuckled and continued what Master Gong said. "Master Gong, don't worry. This spot is as valuable as what I'm going to tell you."

The Master of the Gong family was completely free at this moment. As the leader of the family, he certainly couldn't give away such a spot. His conditions must also rise with the offer. "Now that my conditions have increased, that master-level pharmacist must serve the Gong family for a year."

Yun Feng frowned. What a leader of the Gong family. He was indeed an old fox. He put in a lot of effort to add conditions at this moment. However, this man was too bold. Serve him for a year?

"Master Gong, you must know the rarity of a master-level pharmacist. Even though the Gong family is one of the four largest families, there are three islands in the Central Region. Master Gong should know how many such pharmacists there are on these three islands. Serve you for a year? Isn't it too much?" Yun Feng sneered. It was too much of a loss for her to serve them for a year for free.

"I certainly know that. Otherwise, I wouldn't have used such a spot to exchange for it. If you can wait, the admission exam of Juxing School will be in a few decades. By then, it won't be a problem with your level."

"Although this spot was provided by the Juxing School to the four families, you want to exchange for a year of freedom of a master-level pharmacist. Master Gong, do you think the two of them are on the same scale?" Qu Lanyi narrowed his eyes slightly. This old man was truly bold. He wouldn't let Fengfeng serve the Gong family for a year, not even for a minute!

When the Master of the Gong family heard this, his heart couldn't help but pound. He had indeed taken a risk this time. The spot of Juxing School certainly couldn't compare to the freedom of a master-level pharmacist for a year. It had to be known that the wealth created by pharmacists in a year was countless!

"Master Gong, if that's your condition, there's no need for us to continue the negotiation," said Yun Feng coldly. Master Gong was a bit anxious after hearing that and he immediately changed his words. "Everything can be discussed. The conditions can be changed."

Yun Feng looked at the Master of the Gong family with her black eyes. She had to take all the initiative in this negotiation. She would certainly make this condition! "Two bottles of master-level potions in exchange for the spots in the Juxing School."

"What?" The Master of the Gong family couldn't help but feel stunned. Two bottles of Master Level potions were too different from a year of service! "Two bottles of Master Level potions are completely different from the spot!" The Master of the Gong family certainly couldn't give up. In fact, this spot was useless for the Gong family. Every time, the Juxing School reserved a certain number of spots for the four families. To put it bluntly, they got in through the back door. Those with strength among the four families certainly got in with their own strength, so many of the spots were abandoned and rarely used.

Chapter 1033: Exchange (3)

The Gong family's master still made a fortune by using this spot that was almost the same as abandoned to exchange for two bottles of master-level potions, but this was a once-in-a-lifetime opportunity after all. The Gong family's master certainly wanted to get more benefits. Master-level pharmacists were rare, even for the Gong family. If he didn't get some benefits, wouldn't he suffer a loss?

"Master Gong, do you still need us to tell you? You know very well if they're equal." Qu Lanyi glanced at the Master of the Gong family coldly. This gaze seemed to be able to see through him completely. The Master of the Gong family couldn't help but feel like he was seen through from the bottom of his heart.

The Master of the Gong family sat there and didn't say anything for a long time. He indeed didn't lose out by exchanging two bottles of master-level potions for a spot, but... he was still a bit unwilling in his mind! However, this kid was so stubborn. The key to everything was still her. That master-level pharmacist didn't even show up. If he couldn't get along with her, it was certainly impossible for him to see her. In the end, after a battle, the Master of the Gong family gritted his teeth. Fine, this was fine!

"Sure, I agree."

Seeing that the Master of the Gong family finally gave in, Yun Feng couldn't help but smile. She crossed her fingers gently and continued slowly, "Master Gong, I want three spots." The Master of the Gong family was stunned. "Three spots are six bottles..."

Yun Feng chuckled and shook her head slightly. "Master Gong, didn't you hear me clearly? I made a deal with you just then. Two bottles of master-level potions in exchange for the spots in the Juxing School. I didn't say two for one."

The Gong family's master immediately knew that he had fallen into a trap. He didn't know whether to laugh or cry. He was already old. He didn't expect to fall into such a trap because of this kid. The Gong family's master couldn't help but sigh. "Kid, you're really not giving me any advantage when you talk about conditions. Fine! I'll give it to you. Three spots. However..." The eyes of the Gong family's master glittered. "Now that we've agreed on our conditions, can you introduce me to that master-level pharmacist?" Now that the conditions had been agreed, they should meet no matter what.

Qu Lanyi burst into laughter. "Master Gong, you've already met."

The Master of the Gong family was stunned again. He felt that it was strange to talk to these two young people. "We've already met? Is it you?" The Master of the You family looked at Qu Lanyi suspiciously, not sure in his mind. This kid indeed had a faint aura. He wasn't simple. It wasn't impossible for him to be that master-level pharmacist.

Qu Lanyi shook his head. "Master Gong, this master-level pharmacist has been negotiating with you, hasn't she?"

Master Gong's eyes shrank abruptly and locked onto Yun Feng. He was indescribably shocked in his mind! It was her! She was a master-level pharmacist! As expected of someone who had seen the world. Master Gong immediately suppressed the emotions in his heart. "Feng Yun, how old are you this year?"

Yun Feng smiled lightly. "Age is just a random number. It doesn't mean anything."

The Master of the Gong family looked at Yun Feng for a long time. The more he looked, the more shocked he was in his mind. She had the strength of a Grade-5 King and was a master-level pharmacist. If everything was true, this kid... was too astonishing! Even the few members of the Gong family... probably couldn't compare to her!

"The younger generation indeed surpasses the older..." Master Gong whispered. Yun Feng chuckled. "Master Gong, you flatter me. I'm still far inferior to those geniuses of the Gong family. I just have some tricks in certain aspects."

The Master of the Gong family couldn't help but praise her in his mind after hearing that. It was truly commendable that she could maintain such a humble personality with such ability, especially at such an impulsive and show-off age. She could be so magnanimous and indifferent. She had already surpassed her peers by a long distance. The few members of the Gong family, even though their strength and talent weren't bad, were far inferior to this kid in terms of mentality!

"It's not a loss to give you the spots. When do you want them?" Master Gong stood up and asked generously. Yun Feng also stood up and smiled leisurely. "I'll send two bottles of potions to the Gong family myself. By then, Master Gong will just fulfill your promise."

The Master of the Gong family laughed loudly. "Alright! You're quite straightforward, kid! Then I'll wait for you to come!" After saying that, the Master of the Gong family turned around and left with the demeanor of a tyrant. However, after he left, his expression changed a bit. In the end, he actually chuckled. "The Juxing School is going to be lively. I wonder who among the few members of the Gong family will win after meeting this kid."

Ever since You Yue was found and sent back to the You family by Yun Feng after he went down the mountain alone last time, he had never walked out of his simple courtyard. He had been thinking about what Yun Feng said in his mind. How important was the You family to him? Was it so important that he would stay in this family no matter what and spend the rest of his life like this?

You Yue thought carefully for a long time. It was very difficult for him to make the decision. It wasn't easy to cut off the blood relation, but as Feng said, could he really accept all the dark sides in the large families?

You Yue pondered quietly in this small courtyard. This place was a remote corner of the You family. Nobody would come here at all, let alone think that You Yue lived here. However, You Yue's name soon spread throughout the You family. This place also became the center of attention of the You family. After the master of the You family came back with nothing, he shouted as soon as he entered the door, "Where does You Yue live?"

The butlers looked at each other. Why did the Master think of You Yue? "Master, do you want to see You Yue? I'll send someone to call him over immediately."

Master You immediately waved his hand. "Take me to where he lives!"

The few butlers were stunned. If they remembered correctly, You Yue hadn't been valued at all since he came back to the You family and the master seemed to have completely forgotten about him. The last time they sent someone to find him, he was told to leave after a few words. And this time, the master went to see him in person? That was truly strange.

"What are you waiting for? Lead the way!" The You family's master suddenly roared. The butlers immediately came to a realization. "Yes, yes!" Even though they were full of doubts in their minds, they immediately led the way for the You family's master quickly. They just kept wondering in their minds what was wrong with the master today. Did that kid do something?

Chapter 1034: Nobody (1)

The You family's master walked with gusto along the way, as if he couldn't wait to fly over immediately. He followed the butlers as his mind raced. The You family had made a fortune. When You Yue came back back, he thought that he was useless. He didn't expect his current relationship with Feng Yun to be useful! Thinking of this, the corners of the You family's master's mouth couldn't help but curl up proudly. With this relationship, the You family could get some benefits no matter what! Even if they couldn't get that bottle of Life Potion, they could still meet that master-level pharmacist. They might be able to make friends with her! By then, the You family would be like a fish in water!

On the You family's side, Master You thought everything was quite good. He made plans wave after wave and imagined all kinds of scenes of the You family's future in his mind, but he didn't know that no matter how he thought, his dream would be destroyed in the end.

The You family's master quickly came all the way to the small courtyard where You Yue was. Along the way, the You family's master couldn't help but frown a bit tighter. He had a favor to ask of You Yue right now. You Yue had just returned to the You family not long ago, so the You family's master certainly

couldn't figure out You Yue's attitude. If it was someone else from the You family, they would definitely do whatever he said. They would do whatever the You family asked them to do. However, the You family's master wasn't confident, or he wouldn't have come in person.

"Who asked him to stay here? Can anyone live here?" The few butlers immediately understood after being scolded so suddenly. They immediately nodded and understood that You Yue's status was about to rise.

"You Yue, Master You is here to see you in person!" When they arrived outside of You Yue's small courtyard, the few butlers shouted loudly. You Yue, who was originally in a mess inside, stood up in shock after hearing that. Master You was here to see him? There wasn't a trace of joy in his heart. You Yue couldn't help but frown. Was he still thinking about Feng?

You Yue got up and received them. He saw Master You and a few butlers walking quickly to his courtyard. Seeing You Yue, Master You waved his hand. The few butlers immediately retreated sensibly. The corners of Master You's mouth twitched. "You Yue... right?"

You Yue nodded and said very respectfully, "Master, why are you looking for me today?"

Master You first sized up You Yue's courtyard a few times, then the two of them approached You Yue's cabin. "It was the butler's negligence to let you stay here. Tomorrow, you'll move near the main house."

You Yue didn't say anything. He sat there and didn't say anything. Seeing that he didn't answer, Master You continued, "You Yue, do you know who the mysterious auctioneer of the Auction House is?"

You Yue smiled lightly. "How would I know?"

Master You stared at You Yue firmly and didn't miss any of his expressions. Did he really not know? "That mysterious auctioneer is the girl you know, Feng Yun."

You Yue's heart sank. As expected, Master's purpose for coming today was indeed Feng! You Yue widened his eyes in confusion. "Master said it's Feng? Is it really Feng?"

Master You narrowed his eyes and saw You Yue's surprise and excitement in his mind. He kept thinking about it. "Yes, it's indeed her. We met her today."

You Yue said a bit excitedly, "Feng has such a high-level potion. I've never known about it!"

Master You couldn't help but touch his chin with his hand. It looked like he really didn't know anything. He thought for a moment and told You Yue about what happened today. You Yue listened quietly and didn't say anything. Seeing that he still didn't say anything, Master You couldn't help but feel a bit anxious.

"In your opinion, what should the You family be doing right now?"

You Yue glanced at the You family's master and chuckled. "I'm just an inconspicuous person in the You family. The master of the You family will certainly make the decision."

"Alright! I'm relieved to hear that. Even though you haven't been back for long, you should be able to see the You family's current status clearly. Even though you've reached your current level, the You family still can't stand steadily. We don't have enough accumulation! If it weren't for the birth of such a

genius in the You family, the You family would still be that small family in the past, struggling constantly! This is an opportunity for the You family! A chance to stand firm in Yue City! As long as the You family can have contact with a master-level pharmacist, this will have a promising future for the You family's future development! If that pharmacist is willing to help, the You family can even soar!"

Master You said a bit excitedly. In front of his eyes was a beautiful scene of the You family's future. The corners of You Yue's mouth curled up coldly. "What does this have to do with Feng?"

"How can they not be related? Feng Yun is the important key to connecting the dots for the You family! Feng Yun must be related to that pharmacist. You're her brother now. Even though you're not related to her by blood, your relationship is obvious. The You family should get some benefits with this relationship!"

You Yue couldn't help but clench his fists and hide them in his sleeves. "Then what do you think I should do, Master?"

"What should you do? You should certainly take advantage of your relationship with the You family! Especially that pharmacist. You must think of a way to get the You family to build a relationship with him!" The You family's master became arrogant at this moment. You Yue had a gentle personality and usually stayed here quietly. The You family's master observed for a while and finally confirmed that You Yue was someone he could use very thoroughly.

Master You's conclusion would only be established after Yun Feng was eliminated. Without Yun Feng, You Yue wouldn't have any complaints no matter how he was used. However, once this matter involved Feng, as long as the You family still wanted to use Feng, You Yue would never compromise.

"Master, don't forget that when Feng had a conflict with the Zhao family back then, you tried your best to cut ties with her. At that time, you even said that Feng and I wouldn't admit our relationship at all, right?"

The You family's master coughed awkwardly. "Times have changed. The two of them certainly can't be compared. Besides, the You family cares about the pharmacist behind her. Feng Yun is just a bridge. If we establish a relationship with that pharmacist, we certainly can ignore her!"

What a ungrateful person!

Chapter 1035: Nobody (2)

You Yue couldn't help but clench his fists tighter. Was this the family he wanted to come back with all his heart? Was this the You family that he used his life to do his best for? Were all the large families so shameless and heartless? He used them when he could and kicked them aside after using them?

"Feng is my sister!" said You Yue rather repressedly. The You family's master obviously didn't notice You Yue's suppressed emotions that were about to burst out. He was still talking non-stop. "You only acknowledged her! There are a lot of such people on the streets. If the You family can rise to a higher level by then, you can always have more sisters! Even though Feng Yun is quite capable, she's just a troublemaker. She provoked the Zhao family right after she came to Yue City. Who knows what trouble she'll cause in the future? The You family certainly has to keep a distance from such a person. Since

you're a member of the You family, you have to keep a distance from her after this matter, understand?"

You Yue clenched his fists tightly. The wrists hidden in his sleeves were a bit trembling and he lowered his head slightly. Master You didn't see You Yue's gloomy face at all. "You Yue, if the You family uses this to make a new situation, I'll value you. After all, you're still young. You have the potential to develop in terms of strength and talent. There's a lot of room."

The You family's master said earnestly and glanced at You Yue. "The You family can develop better in the future, but it's all on you. You should know what to do in your mind. Alright, I'll go back first. Move to the main house tomorrow."

Master You turned around and left. Even though You Yue didn't express his attitude, Master You believed that he was already 90% certain. Such a person who returned to the You family would certainly sacrifice everything for his family. Wasn't that natural? Thinking of that master-level pharmacist, Master You couldn't help but smile.

After the You family's master left, You Yue was still sitting there. The big hand in his sleeve suddenly smashed the chair that the You family's master was sitting on fiercely. With a clatter, the chair was smashed into pieces by You Yue. The pieces of wood flew everywhere. Some even hung on You Yue's face. That gloomy handsome face was slowly raised at this moment and there was an invisible storm in his black eyes.

"This is the so-called family... It's too ridiculous!" You Yue straightened his body and loosened his clenched fists. "Compared to these blood relatives of the You family, Feng is like family to me! I won't allow you to have any ideas about Feng!"

The balance in You Yue's heart, under the stimulation of the You family's master, finally stopped swaying. You Yue saw it clearly. The family he cared about wholeheartedly in his mind was no longer the You family back then! The moment he stepped into the Outland, the You family might already have nothing to do with him! His desire to go home in his mind all these years was just a bubble after all. He didn't want such a family that would do anything for themselves, disregard morality and shame, and use others to their heart's content!

Even though Yun Feng and the Master of the Gong family didn't confirm the exact time, Yun Feng was very anxious to visit the Juxing School in her mind. Qu Lanyi still didn't understand why Yun Feng insisted on going there that time. Was this the gap they were about to open?

Yun Feng explained with a smile. If they wanted to find out the exact information of the Yun family in a short period of time, their speed was far from enough. The floating island was already vast enough. It would take a long time to find it. There were also the other two islands. No matter how fast they searched, it would take decades for them to find out everything. However, it was different when they entered the Juxing School. That was a place full of talents, which meant that people from all over the world would be there. It was most suitable for them to find out information there. The Juxing School was one of the three largest schools, so they certainly had communication with the schools on the other two islands. Be it the speed of circulation of information or the vastness of the area, entering the Juxing School was the best choice.

More importantly, Yun Feng also wanted to see how strong these so-called geniuses in the Central Region were.

“You asked the Master of the Gong family for three spots. Are you going to take your ‘second brother’ with you?”

Yun Feng smiled lightly. “My brother will leave the You family sooner or later. He’s not suitable for that place. To be exact, even if You Yue wants to stay in the You family, that soul that belongs to my brother, Yun Qi, won’t compromise.”

Qu Lanyi’s black eyes glittered. “The members of the Yun family are all so unruly. Such a family indeed can’t tolerate them. Fengfeng, take him to the Juxing School. He’ll definitely meet that genius of the You family.”

Yun Feng put on a smile. “It’s certainly great if they meet. I also want to see what kind of genius the You family relied on to rise to their current position. Is he really stronger than my brother, or is he just an embroidered pillow?”

Qu Lanyi smiled helplessly. “No matter what kind of genius she is, she certainly can’t compare to my wife.” The man wrapped Yun Feng’s body with his arms. Warmth immediately enveloped her and she seemed to be in spring. Yun Feng relaxed her body and leaned in Qu Lanyi’s arms. She only felt that his aura made her more and more at ease and his chest became wider and thicker.

“What do you think about the soul in You Yue’s body?” Qu Lanyi lowered his head and rubbed against Yun Feng’s soft face. Yun Feng felt a bit itchy, but she didn’t reject him. A kind of warmth gradually rose from the bottom of their hearts. Neither of them wanted to break the atmosphere.

“To be honest, I don’t know.” There was a trace of confusion in Yun Feng’s eyes. Even if she found a solution in the future, she might not do that. It would be great if her brother could come back to life, but... if this had to be built on the life of another person, it was a different story. “Second Brother is a dead person after all. If his resurrection must be built on You Yue’s death, it won’t be good even if he comes back to life.”

Qu Lanyi didn’t say anything. He only held Yun Feng even tighter against her cheek. After a long time, he sighed softly. “Don’t worry. I’m here for you.”

Yun Feng nodded and slowly closed her black eyes. She leaned back. “Yes, I know. With you, I’ve always had you.”

The next step was to set off for the Juxing School and exchange two bottles of potions for those three spots. Yun Feng didn’t have too many master-level potions, but there were still a lot of them. It was very simple to pick two bottles out of them, but Yun Feng didn’t want to take them out immediately. It was better to pretend. It was very dangerous to let people know that you had a lot of rare treasures in the Central Region. She wasn’t strong enough to tell people blatantly that she had these things right now. It was better to lay low. Yun Feng didn’t even make her identity as a master-level pharmacist public. Even though the identity of pharmacists at this level was remarkable, there were also some ruthless people who would do anything to achieve their goals. No matter where she was, high-level pharmacists had been killed on both the Central Continent and the East Continent.

Chapter 1036: Nobody (3)

After waiting for three months in peace, when the Master of the Gong family couldn't sit still anymore, Yun Feng finally arrived. The Gong family was located on the highest mountain in Yue City. The entire mountain was the territory of the Gong family and the Gong family's mansion was also extremely magnificent. Those families on the second mountain couldn't compare to it. The members of the Gong family and their servants all had different manners and seemed very generous. Yun Feng's arrival didn't cause any commotion. Apart from the Master of the Gong family, nobody in the Gong family knew Yun Feng's identity, but Yun Feng didn't receive any cold treatment when she visited. This wasn't what the Master of the Gong family asked them to do. Yun Feng could see that.

She couldn't help but have a good impression of the Gong family in her mind. It was very rare for ordinary large families to not look at people with prejudice. Perhaps they would become detached in a position like the Gong family, but it was obvious that the entire Gong family was greatly influenced by the leader of the Gong family.

Master Gong came out in person to respond. Yun Feng took out two bottles of potions. One was the Life Potion, and the other was something else. "Master Gong, this bottle of Life Potion is the one that appeared in the Auction House. I've already canceled the auction, and this bottle was newly made by me in three months."

The Master of the Gong family was extremely shocked after hearing that. "I heard that master-level potions are all quite difficult and the chance of success isn't very high. You can make them in just three months. You're indeed not simple, kid. I feel like I've suffered a huge loss right now! Hahaha!"

Yun Feng smiled. "You flatter me, Master Gong. Pharmacists have to consider a lot of factors when making medicine. This is my best potion, so my proficiency is certainly not a problem. I performed beyond my level in three months because I was a bit anxious in my mind."

The Master of the Gong family burst into laughter and put away the two bottles of potions. "You're in such a hurry to go to the Juxing School. Do you want to go there to learn? With your talent, there's not much you can learn there. It's better to go out and gain experience alone."

"For such an advanced school to be able to gather so many geniuses, it must have something extraordinary. Otherwise, as Master Gong said, those geniuses should all go out for training. What can they learn there?"

The Master of the Gong family was stunned for a moment and chuckled. "You're right. It's good that you're going. It'll be quite beneficial for you. Juxing School seems to have established a separate medicine refinement department. You can go and take a look when the time comes!"

Yun Feng was a bit surprised in her mind as she nodded. "Yes, there's no harm in learning more."

"This is the recommendation letter of the Gong family. Give this to the person-in-charge of the Juxing School. He'll certainly understand." The leader of the Gong family handed over a letter. Yun Feng took it and found a unique mark on the envelope. The leader of the Gong family smiled. "That's the sigil of the Gong family and also the verification of the Gong family."

Yun Feng put the letter away. "Got it. We won't disturb you anymore, Master Gong. We'll pack up and set off in a few days."

The Master of the Gong family burst into laughter again. "Since you're recommended by the Gong family, the Gong family will certainly send you there in person! You'll stay here these few days. When you're ready, the Gong family will send you there. However, seeing that the two of you asked for three spots, what's the last one for?"

Yun Feng and Qu Lanyi were surprised that the Master of the Gong family was so generous and polite. "Thank you, Master Gong. This third spot is prepared for my brother, You Yue."

The Master of the Gong family immediately frowned after hearing that. "You Yue? Isn't that someone from the You family?" It was fine to give the spot of the Gong family to Yun Feng, but he was still uncomfortable to give it to someone from the You family.

"It's a long story. You Yue is my second brother. The relationship between You Yue and the You family isn't what you think. If you mind, we certainly won't trouble you."

"That's fine. I've more or less heard about You Yue. He just returned to the You family not long ago. I think he came back from the Outland? However, he's lucky to have you as his sister. It doesn't matter. This spot has already been given to you. I won't interfere with who you want to give it to."

Yun Feng cupped her hands. "Thank you, Master Gong."

Watching Yun Feng and Qu Lanyi leave, the Master of the Gong family looked like he was deep in thought. Feng Yun's potential was too strong. If this kid was given a few decades, she might develop to an extraordinary extent. She might even surpass him. It would be fine if You Yue of the You family wasn't too involved with the You family, but if he was too involved... that kid would be targeted.

Yun Feng and Qu Lanyi walked out of the Gong family and went straight to the You family. This time, Yun Feng was going to ask You Yue what he wanted. She gave him a few months. He must have seen everything he needed to see clearly and understood everything he needed to understand. He should have made a choice.

In the past few months, the You family had been in chaos. The Zhao family targeted the You family for some reason and caused trouble for the You family from time to time. The You family's master knew very well that the Zhao family was venting their anger on him, but because of the selfishness in his heart, he didn't want to cut ties with Yun Feng before he got any benefits. He could only endure it like this. On You Yue's side, he was enraged. Ever since that day, You Yue hadn't been to the main house and was still staying in that small place. The You family's master went there a few times in person, but it was useless no matter what. You Yue always looked like he didn't want to talk. He was silent, just silent.

The You family's master didn't get a clear statement from You Yue, and it wasn't good to directly fall out with him. There was a fire in his heart. If he had the means to contact that potion master, You Yue, get lost quickly! Useless thing!

Yun Feng and Qu Lanyi came to the entrance of the You family. The few guards of the You family immediately shouted furiously, "Where are you from?"

Qu Lanyi snorted in disdain. "The difference is so obvious. What a petty inferior family."

Yun Feng also felt the same. Compared to the members of the Gong family, the You family was petty and wasn't presentable at all. "I'm Feng Yun. I'm here for You Yue." Yun Feng replied loudly. The few guards were immediately shocked. Someone immediately rushed back to report, while the other guards stared at Yun Feng, as if they were afraid that she would run away.

"Fengfeng, something's wrong." Qu Lanyi's face darkened, and so did Yun Feng's. What exactly was the You family doing? After a while, a figure rushed out in a hurry with a lot of people behind him. Yun Feng looked over and couldn't help but feel puzzled. Master You?

Chapter 1037: Nobody (4)

"Feng Yun, welcome. Sorry for not coming out to welcome you!" The You family's master looked at Yun Feng happily. You Yue didn't talk, but he had settled everything and invited Feng Yun to come directly. Hm! Luckily, he was quite capable! He even called You Yue a loser just then, but his expression changed now.

Yun Feng was puzzled. The smile on Master You's face was too suspicious. She could even hear the crackling of the abacus in his mind. "Master You, I'm here for You Yue this time."

Master You chuckled. "You Yue will come later. Come, come, come. Let's talk inside."

Yun Feng frowned and looked at the You family's master suspiciously a few times. In the end, she chuckled. "Alright, let's go in first."

The You family's master immediately smiled again. Yun Feng and Qu Lanyi walked in. The You family's master couldn't help but sneer in his mind. If it weren't for that potion master, how would I have given you face? A group of people escorted Yun Feng and Qu Lanyi in. The news spread in the You family's mansion again. You Yue also heard the news in that quiet little courtyard. He immediately pushed the door open and walked out, rushing to the main house!

Why was Feng here? If she came at this moment, wouldn't she be bitten by the master and wouldn't let go? They couldn't have any designs on Feng!

Yun Feng and Qu Lanyi came to the hall of the You family's mansion. After sitting down, Yun Feng said, "Why did the you greet me in person, Master? Don't beat around the bush. Just tell me what you want."

The You family's master was stunned. He originally wanted to feign civility for a while, but it seemed that he didn't have to. The smile on his face immediately reduced a bit. "Alright. Since you're You Yue's sister, you're more or less related to the You family. The You family needs an opportunity to stand firm right now. Do you think you should help the You family?"

After hearing that, Yun Feng relaxed and leaned against the back of the chair leisurely. "What do you think, Master You? What do you want me to do?"

Master You's eyes brightened when he heard this. "As long as you help the You family get to know that potion master, then..."

“No!” A shout suddenly sounded. A person suddenly rushed in. It was You Yue, who looked anxious and his forehead was covered in sweat. You Yue looked at Master You with anger in his eyes. This was the first time he felt that his so-called clansmen were so hateful!

“None of you can use Feng. None of you!”

“What are you talking about? How dare you!” The leader of the You family suddenly stood up and looked at You Yue, who rushed in, with viciousness in his eyes. He really wanted to slap this bastard, who barged in and ruined things, away! However, the leader of the You family held back. After all, Yun Feng was sitting next to him. If he really slapped You Yue, he probably wouldn’t have a chance to meet the potion master.

Master You scolded You Yue anxiously. Yun Feng was more or less a bit unhappy in her mind, but she didn’t say anything. You Yue barged in and looked for Yun Feng anxiously. “Feng, don’t agree to any of his requests!”

“You Yue! Are you still a member of the You family? How can you say such a thing?” Master You was so angry that his hands trembled. He clenched his fists and resisted the urge to slap him to death. You Yue looked straight at Master You. “The blood of the You family does flow in my body, but I don’t acknowledge this family! You can’t use Feng at all!”

“How bold!” The You family’s master shouted angrily. He immediately slashed with his hand and a stream of air shot towards You Yue, creating ripples in the air. You Yue couldn’t dodge at all. Yun Feng and Qu Lanyi attacked at the same time and blocked the You family’s master’s attack in front of You Yue.

“Master You!” Yun Feng stood up with a hint of coldness on her face and walked to You Yue. Qu Lanyi pulled You Yue to her side and glared at him angrily. He whispered, “How would Fengfeng not know that old man’s plan? You’re too impulsive!”

You Yue raised the corners of his mouth. He certainly knew this. He certainly knew that Feng wouldn’t suffer a loss, but Master You’s mind was too greedy and exuberant. You Yue was afraid that Yun Feng would be bitten by such a hungry wolf and lose a piece of her flesh.

“Feng Yun, this kid is spouting nonsense...” Master You’s eyes glittered a few times and he wanted to explain, but Yun Feng burst into laughter. “I know Master You’s mind very well. I know very well that you want to use me. Don’t flatter yourself!”

Seeing that his thoughts were seen through, the You family’s master also smiled. “That’s even better. How about it? With your relationship with You Yue, the You family is qualified to meet this potion master! Don’t worry. By then, the You family will certainly not mistreat You Yue.”

Yun Feng smiled. She had seen people who were thick-skinned in this world, but the master of the You family let Yun Feng understand how thick-skinned he was. It could be said that his face was as thick as the mountain. “If a person doesn’t have a face, he can be said to be the most shameless. If a person is the most shameless, he can be said to be invincible.”

What Yun Feng said made the expression of the You family’s master change drastically. “Don’t think that you can say anything just because you have some relationship with that potion maker and I can’t touch you!” The You family’s master suddenly shouted. Yun Feng curled her lips gently. “I’ve already said that I

have nothing to do with the You family. If the You family's master insists on connecting us, isn't he shameless?"

"You..." Master You blushed after hearing that. You Yue sneered. "The You family is just so-so. I've seen it clearly these days. Master You, I advise you to give up the thought in your mind!"

Yun Feng turned around slightly. "Brother, have you thought it through?"

When the You family's master heard the conversation between the two of them, he couldn't help but frown slightly. You Yue looked at Yun Feng. "Feng, you're right. The You family has already changed beyond recognition. The darkness in this family is far beyond my imagination. I can't accept it, and I can't accept it at all! The You family I wanted to return to with all my heart is long gone!"

Qu Lanyi raised the corners of his mouth. "You should've understood that."

"Yes, I understood too late. I'd rather not have such a family. I'd rather return to the Outland and be the person I used to be!" There was a kind of suppressed pain in You Yue's voice. The beautiful dream he had for the family in his mind was finally completely destroyed. The person who destroyed this dream with his own hands was also the person of the family he was looking forward to returning with all his heart.

Master You finally understood. It seemed that You Yue wanted to break away from the family. How could he do that? Let alone the fact that he hadn't seen that potion master yet, it was a huge scandal for the You family that You Yue, who had just returned, wanted to break away from the family! It was originally a small matter for You Yue to return to the You family, but when he came back, it caused a huge commotion and involved a conflict with the Zhao family. Now, everyone in Yue City knew that You Yue, this nobody, had returned to the You family. And now, he said that he wanted to break away from the family. Wasn't this a fierce slap to the You family? How could the You family raise their head in front of others?

Chapter 1038: You're Digging Your Own Graves (1)

The You family was already unstable in Yue City. Now that such an embarrassing matter had happened, how would the other families look at them? They had truly lost their face! The You family's master's temples throbbed fiercely and anger surged in his heart. "You Yue! The You family is not a place you can leave whenever you want! You want to break away from the family? You want the You family to be unable to lift their heads in front of outsiders!"

"If you want to raise your head, why do you have to use Feng? When Feng had a conflict with the Zhao family, you abandoned her. Now that that potion master is involved, you're very enthusiastic. Master You, do you want the You family to raise their head?" You Yue shouted loudly as his voice echoed in the front hall. Master You stood there with a tight face and his face was extremely gloomy.

"You don't get to comment on what I do! You're a useless loser to the You family to begin with. If that potion master wasn't related to you at all, do you think the You family would have tolerated you?" The You family's master was also enraged. With the current development, it was already impossible for him

to connect the dots with that potion maker through Yun Feng. In that case, he might as well fight to the death!

“Useless loser, who are you talking about?” Yun Feng’s face was suddenly covered with a layer of dark clouds. Her cold tone was like ice in winter. The You family’s master chuckled. He wasn’t afraid of this! “Who do you think I’m talking about? The peak of the Lord Level is useless to the You family! It’s useless at all. It wasn’t a big deal to keep him at first, but now, he dares to do such a scandal! How can I let him go so easily?”

You Yue’s heart, which was already cold, was like dead ashes at this moment. Qu Lanyi looked at the face of the You family’s master and couldn’t help but put on a mocking smile. He pushed You Yue, who was a bit dejected. “Did you hear that? That’s how your family sees you.”

You Yue smiled in self-mockery. The last bit of fire was completely extinguished. When he looked up again, there was only disappointment and coldness there. “I saw it clearly. From today onwards, I have nothing to do with the You family anymore. I’ll leave the You family as a loser!”

“My brother isn’t a loser!” Yun Feng suddenly shouted angrily as she looked at the You family’s master coldly. This gaze couldn’t help but make the You family’s master a bit nervous. Her strength was clearly inferior to his, but why did her aura at this moment make him feel pressured? That’s right, it was a very dull pressure!

The You family’s master calmed his mind and sneered. “There’s only one way to leave the You family. Die.” If another useless loser wanted to leave the You family, the You family would certainly let them go happily. However, in You Yue’s current situation, they would rather let him die in the You family than let him leave just like that, making the You family a laughing stock!

You Yue’s pupils shrank. He didn’t expect the You family to have such a conclusion about him. Die? After all, he was also a descendant of the You family, wasn’t he? How sad and lamentable!

“Die? It’s not up to you, Master You, to decide!” Yun Feng said coldly. Master You looked at Yun Feng mockingly. “Why? Do you think you and that kid can compete with me? You’re just two Grade-5 Kings!”

Yun Feng’s black eyes darkened. This old man was indeed stronger than her, but he had only reached Grade 9 of the King Level at most! She wasn’t fighting alone. It wasn’t impossible for her to fight him head-on!

“Master! The members of the Zhao family are here to cause trouble again! This time, they’re here at the entrance of the house!” An anxious voice sounded outside the hall, but Master You burst into laughter after hearing that. “Great! The people the Zhao family wants are all in the You family. Great!”

The body of the You family’s master flashed and he had already floated out of the hall. Seeing this, Yun Feng immediately cursed in her mind. She had already swung the fire element, but it was already too late! The fire element reached the door and was bounced back by the invisible wall. Their eyes darkened.

“That old thing has sealed this place.” Qu Lanyi looked around. At this moment, the space in the hall had already been sealed. They couldn’t get out with their strength at all. The You family’s master’s voice came from outside. “Just wait. I’ll bring the master of the Zhao family here myself!”

“You’re truly despicable and shameless examples!” Qu Lanyi sneered. He handed them over to the Zhao family. The two young masters of the Zhao family had been crippled. The Zhao family had nowhere to vent their anger. Now that they were sent to the Zhao family, what awaited them was obvious!

“It’s all my fault!” You Yue roared angrily. “I implicated you!”

“Don’t blame yourself!” Yun Feng walked to You Yue. “Brother, I’m here today to take you away from here. This isn’t a place you should stay. Does that old guy think he can trap us like this?” Yun Feng suddenly sneered. Qu Lanyi seemed to understand something. “No!”

“Feng, what are you doing?” You Yue looked at Yun Feng worriedly. Qu Lanyi immediately walked to Yun Feng’s side. “No! If you want to use elemental fusion, stop thinking about it as soon as possible! Even if you can break this blockade by force, there are still two old guys waiting outside! Once they join forces, your situation will be even more dangerous! Even if I exert my full strength, I might not be able to protect you and let you retreat safely. No!”

“Although I don’t know what element fusion is, it must be dangerous. Feng, you must not do that!”

Yun Feng smiled helplessly and looked at Qu Lanyi. His face, which was comparable to that of a woman, was full of “no” at this moment! Yun Feng shook her head. “Am I really that reckless? If I want to open this space blockade, I don’t necessarily have to fuse elements. Besides, I know what kind of situation I’m facing. I won’t do anything reckless.”

“You’ve already messed around many times.” Qu Lanyi was still worried. He stared at Yun Feng firmly. Yun Feng raised the corners of her mouth. “Don’t worry. I really won’t use elemental fusion.”

Qu Lanyi raised his brows. Seeing that Yun Feng seemed to be full of confidence, he crossed his arms. “Then what do you want to do? Tell me.”

Yun Feng chuckled. “I’ll just show you.” Three Rings of Contract appeared in Yun Feng’s hand. It seemed that she was going to summon three contracted Magic Beasts. Qu Lanyi raised his brows. Was she going to use the power of the three contracted Magic Beasts? The power of three Grade-5 King Magic Beasts together was comparable to that of a Grade-6 or Grade-7 King Magic Beast. However, such a level didn’t seem to be enough to deal with the space blockade of that old man.

Chapter 1039: You’re Digging Your Own Graves (2)

Three dazzling beams of light flashed out of the Rings of Contract and landed next to Yun Feng. “I need your help.” Yun Feng glanced at the three contracted Magic Beasts, who all nodded. “Master, what are you talking about?” Little Fire mumbled in dissatisfaction. Lan Yi also smiled. “Yes, Master. We’re your contracted Magic Beasts. We’ll do whatever you want us to do!”

“Yes, Xiao Feng! I’ll listen to you!” Yaoyao nodded hard on the side. You Yue was no longer unfamiliar with these three, but he was still a bit shocked in his mind. Three contracted Magic Beasts. Feng was truly impressive!

Yun Feng smiled in relief. “Alright! Use your elements!”

The three contracted Magic Beasts were stunned, and so was Qu Lanyi. "Master! We're different from you. You can use the fusion of elements to let the elements get along perfectly, but we can't. If the different types of elements meet each other, the consequences..." Lan Yi said worriedly, but Yun Feng shook her head. Little Fire glanced at Lan Yi. "We'll do whatever Master says. Don't you trust Master?"

It wasn't that Lan Yi didn't believe Yun Feng, but he was worried that the consequences of the overlapping elements would hurt Yun Feng. Yun Feng knew what Lan Yi was worried about. She smiled lightly. "Don't worry. I know what to do."

Lan Yi was finally relieved. As long as Yun Feng said so, it was fine. The three contracted Magic Beasts each used their own element, the roaring fire element, the clear water element and the wind element that kept spinning in the air. The three elements were carefully controlled by the three contracted Magic Beasts, fearing that they would overlap with the other elements accidentally. Yun Feng flipped her hand and took out three bottles of potions of different colors. Seeing that, Qu Lanyi said, "You want to use the element potions!"

Yun Feng nodded and threw the three bottles of potions to the three contracted Magic Beasts. "Pour these elemental potions into your elements!"

The three contracted Magic Beasts all widened their eyes. "Master!" The elemental potion could increase the energy of the elements. They weren't Yun Feng. Even though they could control their own elements precisely, the energy of the elements would increase greatly with the addition of the elemental potion. By then, they might not be able to control it!

Yun Feng chuckled. "If you want to break the space blockade, you must have explosive destructive power. The fusion of elements is the stacking of different elements. Since ancient times, everyone knows the consequences of the overlapping of different elements."

Qu Lanyi chuckled and looked at Yun Feng approvingly. "So, that's your plan. Rather than letting them control it, why don't you just free them?"

Yun Feng nodded with a smile. "Indeed. The more primitive something is, the more power it has when it erupts!"

"Let's fight!" Little Fire raised its head and poured all the elemental potions into the fire element. Instantly, the fire element roared and the temperature in the air suddenly distorted! Little Fire was so panicked that it almost jumped away. After all, the elemental potions were effective. Its strength didn't increase at all. It only increased the elemental energy on the outside.

Then, Yaoyao and Lan Yi also poured in all the elemental potions. In an instant, the temperature in this room was extremely strange. The coldness and heat kept competing, and the agitation of the wind element made everything even more unstable.

"Alright, let them go." Yun Feng's black eyes glittered as she gave the order. The three contracted Magic Beasts gritted their teeth fiercely and then loosened their hands!

The coldness and the heat collided, intertwined and bit each other fiercely, like two beasts that had a deep grudge against each other. Neither of them would let the other go. The addition of the wind element made the other two elements even more furious. The three contracted Magic Beasts instantly

turned into light and returned to the Rings of Contract. Yun Feng also took out her wand at the same time and shouted, "Earth Shield!"

In this restless space full of violent elemental energy, the Earth Shield protected the three of them firmly in the center. The three of them could hear the sound of the Earth Shield being attacked by the elements that were running around. How crazy were the three elements outside?

"It seems that we'll have to wait for a while." Qu Lanyi gently pulled Yun Feng into his arms and protected her with his body. Yun Feng looked at You Yue, who was obviously extremely shocked on the side. This method was indeed unbelievable. Only Yun Feng could think of it.

After waiting for only a dozen seconds, the three elements inevitably overlapped in the sealed space. The three elements that wouldn't have voluntarily fused gradually formed a storm. This storm was gradually about to break out of the space blockade! And as the three elements entangled more and more fiercely and the elements fluctuated more and more violently, this sealed space also showed signs of collapsing!

"It's time!" Yun Feng's black eyes glittered as the dragon-shaped jade pendant appeared in her hand. The entire space was already on the verge of collapse. The next second, the three elements collided fiercely and the three bright colors distorted together. Then, a strong distortion of the power of the elements came from the place where they overlapped and exploded. Right at this moment!

"Boom..."

A shocking explosion tore open the sealed space fiercely. A huge sound and elemental energy surged out of the broken space, shaking the entire You family! At the same time, a beam of light appeared from the explosion. A dragon-shaped jade pendant lay on the ground quietly and wasn't injured at all.

"What's going on?" The You family's master, who was negotiating with the Zhao family's master, suddenly heard a loud noise. He came back to himself and looked. His expression immediately changed drastically! That place that was smashed into pieces... was the area he sealed just then!

Master You turned around and ran towards the main house. Such a commotion also shocked all the members of the You family. Seeing such a commotion, Master Zhao certainly wouldn't let go of the opportunity to join in the fun. He immediately chased after him. The area in the front hall of the You family's main house had turned into ruins at this moment! Looking from the sky, it was as if a hole had been opened in the You family's main house!

The explosion outside stopped, and the dragon-shaped jade pendant emitted light again. The three of them appeared from it. When they came out, the scene in front of them surprised them slightly. "This is the most primitive power of element fusion. It's indeed astonishing..." Qu Lanyi looked at the ruined area and couldn't help but exclaim. Yun Feng was also surprised. "No wonder element fusion is quite dangerous. It's not unfounded. It's easy to imagine that a lot of mages died doing this."

Chapter 1040: You're Digging Your Own Graves (3)

You Yue was completely dumbfounded. There was broken wood residue all around and he couldn't tell what it looked like just then at all. This destruction was truly thorough enough!

The three of them stood on the ruins. The commotion just then attracted many members of the You family. After a while, people were standing around the ruins. The leader of the You family, who was flying over furiously in the sky, slashed his hand down from the sky with a shocking shout. "How dare you destroy the You family's main house? You're courting death!"

Yun Feng quickly pulled You Yue to the side, and Qu Lanyi also quickly dodged to the side. The three of them avoided the attack of the You family's master. Seeing that, the You family's master couldn't help but become even more furious. The Zhao family's master followed him. Seeing that the You family's master's house had been destroyed, he couldn't help but gloat a bit, but when he saw Yun Feng, he suddenly narrowed his eyes.

"Master You, since you're so angry, why don't I help you?"

The You family's master sneered with a ferocious glint in his eyes. "It would be great if you could help me, Master Zhao!"

The two family masters instantly reached a consensus and attacked together! Seeing that, Qu Lanyi and Yun Feng's eyes couldn't help but darken. Yun Feng dodged around with You Yue. Even though she could avoid them every time, the danger was still there. Those two old men were more than a level higher than her. Now that they joined forces, it was even more so! They were completely suppressed right now. It was only a matter of time before they were hit!

"Feng Yun! I'll let you take revenge for my two sons right now!" The eyes of the Master of the Zhao family were red. He went back and asked his two sons about the exact situation at that time in detail. It was obvious that the two of them had a tacit understanding and pushed all the blame to Yun Feng. The hatred in the Master of the Zhao family's heart was like a raging storm. He only wanted to take Yun Feng's life. The Master of the You family on the side also felt hatred in his heart. The You family's mansion was destroyed, the matter of the potion master was ruined, and the huge scandal of You Yue betraying the family was all because of her!

The two family masters became ruthless and showed no mercy every time they attacked. Due to the difference in strength, Yun Feng found it more and more difficult. You Yue shouted on the side, "Feng, don't worry about me! Just leave!"

Yun Feng gritted her teeth and grabbed You Yue tightly. "You want me to leave you alone? Impossible!"

The Masters of the Zhao family and the You family also noticed that Yun Feng was struggling. They immediately focused their attacks and aimed at Yun Feng alone! Seeing that, Qu Lanyi wanted to go to Yun Feng's side. Seeing that, the Master of the Zhao family suddenly approached Qu Lanyi and punched his body, sending Qu Lanyi flying!

"Qu Lanyi!" Seeing that Qu Lanyi was attacked, Yun Feng's heart immediately ached. He was a mage! A mage's body was already weak. How would he be like after the heavy blow just then? Qu Lanyi's body hit the ruins with a loud sound. Yun Feng's black eyes darkened. The dragon-shaped jade pendant immediately appeared and a beam of light flew out. You Yue had already been sent to the Dragon Palace!

"What's that?" The eyes of the Master of the Zhao family and the Master of the You family brightened. They stared at the dragon-shaped jade pendant in Yun Feng's hand with greed and passion in their eyes.

They instinctively thought that it was a treasure! Yun Feng noticed the greed in their eyes and couldn't help but sneer. "You don't deserve this!"

"If you die, this thing will certainly belong to someone else!" Master Zhao smiled fiercely. The thought of snatching it had already risen in his mind. Master You was the same. Thinking that Yun Feng might have other treasures hidden on her, his heart was burning!

"Master Zhao, with the strength of the two of us, we'll definitely let her die here. What are we waiting for?"

"Hahaha, Master You is right!"

The fierce battle on this side had already dumbfounded the members of the You family. The two masters attacked without caring about their status at all and wanted to take Yun Feng's things with their strength. It was truly shameless if word got out, but these two shameless old guys couldn't care less right now!

The two of them forced Yun Feng back together and stuck her firmly in the middle. One against two, especially two opponents stronger than her. Even Yun Feng couldn't escape unscathed! A person stood up in the ruins on the side. That person lowered his head slightly and rose from the ruins. The members of the You family around the periphery suddenly held their breath and didn't dare to breathe loudly. A few of them had already fallen on the ground! His bright red eyes were emitting spots of red light. His slender fingers slowly climbed onto his thin lips and wiped off the blood at the corners of his mouth. He stuck out his tongue and put it in his mouth. The two guys who stuck Yun Feng in the middle didn't notice the situation here at all. They were preparing to give Yun Feng a fatal blow and kill her!

Both of their hands gathered power and held Yun Feng firmly. If this palm hit her, she would definitely die!

"Go to hell!" Bloodthirsty light burst out of the eyes of the Master of the Zhao family and the Master of the You family. They slapped their hands at Yun Feng's body from both sides at the same time. Yun Feng's black eyes glittered. She knew her body very well. This strong body that had been modified was her most direct protection! Even if the two of them attacked together, she wouldn't die!

A stream of thick dark elements came from the sky and completely enveloped Yun Feng's body. The next second, Yun Feng disappeared! The hearts of the Zhao family's master and the You family's master trembled and they thought, Oh no! The two of them attacked left and right. At this moment, Yun Feng disappeared into thin air. Their attacks would undoubtedly hit each other!

The two of them gritted their teeth. Unable to stop their attacks, they could only try their best to change their direction. "Ugh!" Both of them cried out in pain and retreated dozens of meters in panic before they finally stopped. They held their injured parts with their hands and looked at each other with resentment. This was truly not light!

Thick dark elements quickly returned to the person standing on the ruins. Yun Feng also appeared out of thin air from the dark elements again! The two masters finally looked away and saw the person standing there. "Didn't I punch that kid down?" Master Zhao mumbled suspiciously. Master You came to Master Zhao's side. "There's something wrong with that kid."

Qu Lanyi raised her head. His blood-red eyes were emitting a bloodthirsty light. The two masters were shocked to see that! “How dare you touch my love? It seems that you’ve lived too long.” There were drops of blood on his slender fingers. He was holding a pure white jade pendant in her hand. Yun Feng’s black eyes couldn’t help but darken when she saw the jade pendant. Qu Lanyi squeezed his hand hard. Immediately, a violent roar sounded from the depths of the jade pendant. The Zhao family’s master and the You family’s master couldn’t help but step back. That... That voice... What exactly was it?
