

## Summoner 1041

### Chapter 1041: To the Place Where Geniuses Gather (1)

“What exactly is that thing? Why do I feel inexplicably panicked?” Master Zhao stepped back a bit and started to panic in his mind. Master You wasn’t any better. His heart was also pounding at this moment. What exactly made the sound just then made him feel scared?

“How would I know...” Master You couldn’t help but step back a bit and mutter in a low voice. Master Zhao’s expression suddenly froze there. “Humph! The grudge between the Zhao family and Feng Yun isn’t urgent right now. Master You, deal with the rest yourself!” After saying that, Master Zhao turned around and was about to leave. Seeing that, Master You couldn’t help but feel enraged from the bottom of his heart. “Master Zhao, you...”

“Neither of you can leave!” Qu Lanyi’s gloomy voice came. Accompanied by his blood-red eyes, the two of them felt even more panicked. The Master of the Zhao family turned around and was about to run. Even though the Master of the You family wanted to do the same, this was the You family. Where could he run in front of so many eyes? Did he still want to be the master of the family?

The You family’s master could only grit his teeth and face the current embarrassing situation alone. The Zhao family’s master wanted to escape with all his heart. His speed was unimaginable. Seeing the Zhao family’s master’s fleeing figure, Qu Lanyi couldn’t help but sneer. He held the white jade pendant tightly with his bloody fingers. The jade pendant suddenly emitted light. Yun Feng knew that the giant beast she saw last time was going to jump out from inside again!

“Hm!” Yun Feng only felt a pressure like a giant rock coming from her chest, as if it was going to crush her heart. Her hand unconsciously touched the black jade pendant that had been stuck to her skin. Yun Feng only felt a burning temperature suddenly rise on the surface of the jade pendant!

“Qu Lanyi...” Yun Feng gritted her teeth and called out. Although her voice was soft, Qu Lanyi still heard her. He suddenly turned his blood-red eyes to Yun Feng, only to find that she was unusually pale at this moment! “Fengfeng!” The blood-red color instantly faded from his eyes, and the voice from the white jade pendant also disappeared. The inexplicable fright in the heart of the You family’s master slowly dissipated, but there was still lingering fear.

Warm light elements immediately entered Yun Feng’s body from Qu Lanyi’s palm. In an instant, Qu Lanyi frowned tightly. The pressure in Yun Feng’s chest gradually dissipated and her breathing became much smoother. Qu Lanyi touched the black jade pendant through her clothes. Hot temperature suddenly came from it. A glint of darkness flashed through Qu Lanyi’s eyes. The next second, the light elements were injected into the black jade pendant and the hot temperature was suppressed.

It was his negligence. He almost... let this thing out!

The Master of the Zhao family ran very quickly. Even though the palpitations in his heart had already disappeared, he didn’t want to stay any longer at all. After running for a while, a figure came up to him and blocked his way. The Master of the Zhao family was about to look up and shout furiously, but his jaw almost dropped when he saw the person.

“Master... Master Gong... Why... Why are you here?”

The Master of the Gong family raised his thick eyebrows and couldn't help but smile when he saw the Master of the Zhao family fleeing in panic. “That noise was indeed loud. I came down to take a look. Is the Master of the Zhao family the same?”

Master Zhao pulled his face in embarrassment. “Um, y-yes...”

“Then, where are you going right now, Master Zhao? Why are you in such a hurry to leave without seeing the situation clearly?” The Master of the Gong family glanced at the Master of the Zhao family inexplicably and smiled with a deep voice. “Since the Master of the Zhao family and I have the same opinion, let's go take a look together. I really hope it wasn't my few distinguished guests who caused the commotion. Otherwise, I'll have to apologize to the You family.”

“D... Distinguished guests?” The Zhao family's master was stunned and his heart suddenly turned cold. Was Feng Yun the distinguished guest of the Gong family's master? “Master Gong, who are these distinguished guests that you value so much?”

The Master of the Gong family looked at the Master of the Zhao family deeply. “You're no stranger to my honored guest, Master Zhao. She's Feng Yun.”

Oh no! Master Zhao cursed in his mind. How did Feng Yun become Master Gong's honored guest? If she was the honored guest of the Gong family, he wouldn't dare to attack Feng Yun no matter how bold he was! What should he do now? How should he clean up this mess? Right! He should just push everything to Master You. Besides, the cause of this matter was only Master You. He was just going the same way. The person who instigated all this was Master You! Master Zhao made up his mind and wasn't so nervous anymore. He followed Master Gong all the way to the You family's mansion.

The masters of the Zhao family and the You family rushed all the way here. The master of the You family had just stabilized himself. The panicking fear just then instantly disappeared. The master of the You family wondered if it was an illusion. Qu Lanyi didn't have the domineering momentum he had just then. He only paid attention to Yun Feng's condition with all his heart. The situation of the black jade pendant was quite tricky right now. The things inside seemed to be trying to break out of this cage and try their best to get out. Yun Feng's face had already become much better because of Qu Lanyi's infusion of light elements, but the black jade pendant still had a huge impact on her.

“Feng Yun! If you hand that thing over, I'll let you live. How about that?” The You family's master stood in the sky and looked at Yun Feng and Qu Lanyi. Even though he didn't know what was going on, he knew that he seemed to have the upper hand at the moment.

“Old man, you're truly shameless!” Qu Lanyi gritted his teeth and looked at the You family's master. If it weren't for the complicated situation, this old man wouldn't have been alive at all!

“Master You, what do you want?” Yun Feng asked with a pale face. Master You immediately said, “It's the thing you hid You Yue in! That's not something you can have at all. If you take it, someone will take it away sooner or later. Let me take good care of it for you!”

“Hahaha, hahahaha!” Yun Feng suddenly burst into laughter and pushed Qu Lanyi away gently. The black jade pendant had already stabilized gradually. Yun Feng’s aura had also stabilized, even though her face was still very pale. “Take care of it for me? How shameless. Greed indeed makes one detestable.”

“You...” Master You’s face heated up. “Very good. You only want to do this the hard way. I’ll make sure you won’t be able to return today!”

“Master You, who are you trying to make unable to return?” A calm voice came. Yun Feng and Qu Lanyi both looked up and were very surprised to see the person. Master You trembled when he heard this voice. “Master... Master Gong?!”

## **Chapter 1042: To the Place Where Geniuses Gather (2)**

When the Master of the Gong family saw Yun Feng and Qu Lanyi, his face couldn’t help but darken. Coupled with the messy scene here, it wasn’t difficult to imagine what happened just then. The Master of the You family immediately stopped attacking. “Master Gong, why are you here?”

The Master of the Zhao family followed the Master of the Gong family, as if he wouldn’t say anything. The Master of the You family looked at the Master of the Zhao family, but the Master of the Zhao family turned his face away. “What exactly happened here? Did that sound come from here?”

“Master Gong, don’t worry. This is the You family’s own family matter. After I deal with it...”

The Master of the Gong family’s face darkened. “Since it’s the You family’s own business, I won’t ask too much. However, how can the two of them be related to the You family’s family business? And how did you, the Master of the You family, fight them without caring about seniority?”

The You family’s master panicked and immediately explained, “Master Gong, these two people are the culprits. You Yue, who has just returned to the You family, was instructed by these two to break away from the You family. How can I, as the leader of the family, sit back and do nothing about such an ugly matter?”

“Nonsense!” A voice was unusually loud. Master You widened his eyes. The person who spoke was You Yue. He had already come out of the Dragon Palace.

The moment You Yue came out, he saw Yun Feng’s pale little face and quickly held her with an anxious look. After hearing what the You family’s master said, the anger in You Yue’s heart couldn’t be endured anymore and he shouted loudly. The You family’s master looked at him coldly. “You traitor! If these two people didn’t instigate you, how would the You family not tolerate you?”

You Yue clenched his fists hard. “Nonsense! Feng didn’t instigate me at all. I’m the one who’s feeling cold about this You family. This family isn’t the You family I expected, and you made me see this even more clearly!”

“Shut up!” Master You’s face was hot. The scandal of the You family was exposed to the surface right now. Master Gong and Master Zhao didn’t say anything on the side. Master You only felt that he had completely lost his face today.

“Do you remember what you said to me back then? You said that I’m just a useless loser in your eyes. Just then, you didn’t get the chance to get close to the master potion maker. You flew into a rage out of humiliation and joined forces with the Master of the Zhao family to kill us. This is all your doing!”

The Master of the Gong family raised his brows and looked at the Master of the You family. The Master of the You family roared with trembling lips, “Nonsense!” The Master of the Zhao family turned his face to the other side and didn’t say anything.

“Nonsense? If what I said is really nonsense, what’s going on here?” You Yue pointed at the ruins under his feet. “They said we’re members of a blood-related family, but in the end, they’re the ones who want to take my life. How ironic!”

The Master of the Gong family couldn’t help but frown. As the leader of a family, it was already beneath his dignity to attack a junior, especially when he dealt with his own clansmen with his own hands. This was something that the world didn’t allow. If the leader of a family could bear to attack the bloodline, he wouldn’t be qualified to sit in the position of the leader!

“Master You, I don’t care about the You family’s business, but Feng Yun is my honored guest. You’re not giving me face by attacking them!” Master Gong said with a gloomy face. Master You could only hold back the anger in his stomach. He didn’t have the courage to be on an equal footing with the Gong family.

The Master of the Gong family jumped in front of You Yue and looked at him deeply. He turned around and looked at Yun Feng. “Feng Yun, it’s not convenient for me to do anything about the You family. Since things have come to this point, come back with me first.”

Yun Feng stood up. “Thank you for your kindness, Master Gong. However, You Yue is my second brother. The You family treated him like this. I won’t let my second brother suffer here at all!”

The Master of the Gong family frowned and pondered for a while. Then, he turned around. “Master You! Since You Yue is Young Friend Feng Yun’s second brother, he’s certainly an honored guest of the Gong family. Logically, I shouldn’t care about the You family’s business, but as the leader, you lost your dignity and attacked. Besides, you attacked an honored guest of the Gong family. The two matters offset each other. I won’t pursue the matter. This matter will be over!”

“What?” The You family’s master looked at the Gong family’s master in shock. When did Feng Yun become the Gong family’s honored guest? If he had known that the Gong family’s master would come forward, he wouldn’t have had to do this! The current situation wouldn’t be like this...

“Why? If the You family is dissatisfied, feel free to come to the Gong family!” What the Master of the Gong family said made the Master of the You family completely speechless. If you’re dissatisfied, go to the Gong family? It’s just the You family. How can you fight back? Even if you’re dissatisfied, you can only hold it in!

“If you say so, Master Gong...” Master You couldn’t wait to gnash his teeth and look at Yun Feng and the others hatefully. He had to suffer in silence today.

“Feng Yun, let’s go. Naturally, we’ll bring your second brother with us.”

Yun Feng nodded. “Master Gong, I can’t thank you enough for your help this time.”

The Master of the Gong family burst into laughter. "Let's talk after we go back to the Gong family!"

Qu Lanyi glanced at the Gong family's master. Old Gong came at the right time. Otherwise, the two old guys, the You family's master and the Zhao family's master, wouldn't have stopped. Even though these two old guys wouldn't force them into a desperate situation, the situation wasn't optimistic. However, it was another matter if the Gong family's master was so simple.

"I'll take you away." Qu Lanyi held Yun Feng in his arms. The light elements were still transmitting into the black jade pendant. Yun Feng curled her lips and leaned against Qu Lanyi's arms relaxedly. The black jade pendant was already out of control. It seemed that the thing inside would definitely come out one day. What would happen then?

"Then I'll take you with me." The Master of the Gong family extended his hand and grabbed You Yue. The four of them left one after another. The Master of the You family could only watch the few of them leave. He gritted his teeth so hard that they made creaking sounds. After the Master of the Gong family left, the Master of the You family suddenly turned to the Master of the Zhao family. "Master Zhao, you knew about this a long time ago!"

The Master of the Zhao family sneered. "I knew? If I knew, would I still be able to mess with you? Take care of yourself in the future. Don't fall again after climbing to the second level of the mountain!" After saying that, the Master of the Zhao family turned around and left, but he smiled wryly in his mind. His two sons had been crippled for nothing. He couldn't take revenge at all. Who knew that Feng Yun would be related to the Gong family? With the Gong family's protection, who would dare to cause trouble for her?

### **Chapter 1043: To the Place Where Geniuses Gather (3)**

"How... unlucky!" The Master of the Zhao family sighed. He was the one who suffered this loss. He had to make his resentment disperse forcibly.

Master You looked at the mess in the You family's main house and thought about the scandal of You Yue betraying the family. Thinking of the matter in his heart, he was truly enraged! However, so what if he was enraged? He didn't dare to do anything at all. He could only let this matter go!

"There's no rush... There's still a chance. When the You family succeeds... I'll definitely settle scores with you!"

On the way back to the Gong family, the leader of the Gong family also cared about Yun Feng's situation. He immediately took the few of them to a quiet guest room. The safest place in Yue City was the Gong family. Nobody would disturb them while they were recuperating here. The leader of the Gong family didn't stay long. He only said that he would wait for Yun Feng to get better. There was no rush to go to the Juxing School.

Ever since Yun Feng returned to the You family, she hadn't been in a good mental state, as if the black jade pendant had absorbed something from her body. After a while, she fell asleep. Seeing that Yun Feng fell asleep, Qu Lanyi was relieved. You Yue wanted to take care of Yun Feng too, but Qu Lanyi coaxed him out. "I'm enough to take care of Fengfeng."

You Yue was helpless and could only wait outside quietly, hoping that Yun Feng would get better sooner. In the room, Yun Feng was lying on the bed and Qu Lanyi was sitting by the bed. He looked at Yun Feng's slightly open collar, revealing a part of her fair skin. That black jade pendant was lying on her skin, revealing the side with the skeleton dragon engraved on it.

After looking at it for a long time, a glint of darkness flashed through Qu Lanyi's eyes. He took out his white jade pendant and held the side of the jade pendant with the giant bird engraved on it in his hand, sticking it to the side of the black jade pendant with the giant skeleton dragon. The moment the black and white approached, two deep moans suddenly sounded from the depths of the two jade pendants, mixed with anger and agitation, as if they were rejecting each other!

Qu Lanyi took the white jade pendant back and held it in his hand. He slowly touched the patterns on it with his finger, as if he was thinking about something. He stared at the skeleton dragon on the black jade pendant and put on a smile. The redness in his eyes appeared again and gradually filled his entire pupils.

Her slender fingers were covered in black and thick elements. Qu Lanyi suddenly held the black jade pendant and closed his red eyes slowly. "It's time for me to see what's inside!"

A deep dragon roar came from the depths of the black jade pendant, as if it was resisting Qu Lanyi's prying. There was anger in the dragon roar. Qu Lanyi suddenly opened his eyes with a trace of surprise in his scarlet eyes. In the end, he chuckled. "They're all old guys. They're really stubborn. They don't want me to pry? It seems that Fengfeng is the only one who can do it?"

The black jade pendant emitted a strong resistance. Qu Lanyi couldn't do anything about it. In the end, the redness faded and Qu Lanyi let go of the black jade pendant. "Never mind." The black jade pendant became calm again and his blood-red eyes also turned pure black. Qu Lanyi looked at Yun Feng, who was sleeping with her eyes closed, gently and caressed her cheek with his finger.

"Where exactly did you get this jade pendant... Fengfeng, do you know what this represents?"

Yun Feng's steady breathing came. Qu Lanyi chuckled softly. He slowly lowered his handsome face and pressed his thin lips against her soft red lips. After a long time, he left. "So, this is how it feels to steal a jade. No wonder I'm infatuated." He rubbed his red lips gently with his finger and felt the softness of her lips with his finger. His calm heart rippled again.

"Phew... How much longer do we have to wait..." Qu Lanyi lay on the bed and curled up Yun Feng's black hair with her hand. He looked at the beautiful face of the sleeping girl with fascination in his eyes. She had tender skin, long but curled eyelashes, a high nose bridge, her most fascinating red lips, and small, sharp chin. Every time he looked at her, Qu Lanyi felt even more fascinated.

"Fengfeng..." Qu Lanyi called softly as he rolled her smooth black hair with his hand and couldn't put it down. His other hand slid down the girl's slightly open collar. When he touched the unusually soft part, Qu Lanyi's face flushed slightly. He laid his finger on it without hesitation. His face was slightly red, but his hand didn't let go at all. After a long time, he finally left reluctantly.

The young man's fair cheeks were flushed. He took his hand back obediently and buried his head in his arms. He looked at the girl who was still asleep with his slightly tipsy eyes and a smile appeared on his thin lips with endless satisfaction.

Yun Feng woke up again a week later. When she opened her eyes, she didn't feel anything unusual except that her body was a bit heavy. She couldn't help but touch the black jade pendant. The black jade pendant had already returned to its normal temperature without any abnormality. Yun Feng tilted her head slightly and saw Qu Lanyi's charming handsome face.

Qu Lanyi's eyelashes moved slightly. In the end, he slowly opened his black eyes. Yun Feng looked at him with her clear black eyes. Qu Lanyi blushed again for some reason. Yun Feng found it strange that he suddenly blushed. "Why are you blushing?"

Qu Lanyi sat up and chuckled. Yun Feng also sat up and stretched. She didn't care about what Qu Lanyi did on her bed. She was already used to it. However, seeing that his face was inexplicably red, she felt that something was wrong. Did he do something?

Qu Lanyi glanced at Yun Feng's chest and couldn't help but smile in satisfaction. He got off the bed and complimented her in his mind that she was indeed well-developed. "Fengfeng, I asked you where you got this black jade pendant before. You said you found it in the bracelet left by your ancestor?"

Yun Feng nodded. "Indeed. The ancestor was also puzzled at that time, because he had never seen this thing."

Qu Lanyi frowned. "This white jade pendant belongs to my family. Perhaps this black jade pendant..."

Yun Feng didn't say anything. Qu Lanyi's family had such a thing. It must be an impressive family. Even though she had never heard him mention it, the things he brought out of his family were astonishing. Also, Qu Lanyi had the body of light and darkness. The family he came from must be mysterious and powerful.

"Let's not think about it for now. You were asleep for a week, but You Yue was so concerned about you. Master Gong also sent someone to greet you."

#### **Chapter 1044: To the Place Where Geniuses Gather (4)**

Yun Feng nodded. In this week, her brother must be worried about her. Speaking of which, she should thank Master Gong properly. Yun Feng immediately pushed the door open and walked out. Once she pushed the door open, she saw You Yue's worried figure. "Feng! You're awake!"

You Yue immediately ran over and hugged Yun Feng in his arms. Perhaps because he was too excited, he didn't notice what was wrong with his behavior. Qu Lanyi's temples throbbed a few times, but he didn't say anything in the end. Yun Feng chuckled. "Brother, I've made you worried."

"It's good as long as you're awake." You Yue said. His heart, which had been hanging in the air these few days, was finally relieved. Seeing that he was holding her and not letting go, Qu Lanyi coughed. You Yue suddenly realized something and immediately let go of Yun Feng awkwardly. His handsome face flushed slightly. "Feng, do you feel uncomfortable?"

Yun Feng shook her head. "I'm fine. Don't worry, brother."

Qu Lanyi walked over and pushed You Yue aside, holding Yun Feng's hand. "Let's go. Whether that Old Gong is sincere or not, we have to thank him."

!!

Yun Feng nodded, and You Yue followed her with a helpless smile. As soon as the three of them walked out of the yard, they saw that the members of the Gong family were already waiting there. The three of them followed this person to meet the Master of the Gong family. They walked in the huge mansion of the Master of the Gong family for a long time and saw a lot of the younger generation of the Gong family along the way. It had to be said that even in a large family like the Gong family, the talent of the younger generation was different, some good and some bad. It seemed that the spot for the back door of the Juxing School was still useful.

When he saw the Master of the Gong family, he was dealing with something. When he saw that Yun Feng was fine, the Master of the Gong family smiled. "As long as you're fine, Feng Yun!"

"Thank you for your help, Master Gong. I'll remember it in my mind." Yun Feng chuckled. Master Gong waved his hand generously. "Ah! Don't think that I owe you a favor on purpose. I just admire you, Feng Yun. You're one of the geniuses among the younger generation. I quite admire such a young person!"

Yun Feng smiled and the two of them chatted for a while more. Since Yun Feng had recovered, it was time for her to set off for the Juxing School. The Gong family's master touched his chin. "It's fine to go to the Juxing School. The Gong family will send you there. Did he get the third spot?" The Gong family's master looked at You Yue. You Yue looked at Yun Feng in surprise. He had a spot in the Juxing School?

"Yes, the third spot is for my brother. We'll go together."

The Master of the Gong family looked at You Yue a few more times. "Your brother is a bit similar to you on the outside, but he's not related to you by blood. He's quite special. Since the spot has been given you, you can do whatever you want with it. However, with his strength, he's still not qualified to enter the Juxing School."

Master Gong was quite right. Yun Feng smiled. "With my brother's strength, he won't stop here." You Yue nodded on the side and made up his mind. He, who was at the peak of the Lord Level, must break through this level and enter the King Level!

"Good, good! It's great that young people are motivated!" The leader of the Gong family burst into laughter. "How about this? Get ready today. The Gong family will send you to the Juxing School tomorrow. I still have something to do, so I won't see you off. Feng Yun, have a safe trip!"

The next day, the Gong family sent someone to bring Yun Feng and the others to the Juxing School. The Juxing School was in a secret place on the floating island. Usually, nobody would be able to find it. The Gong family had originally prepared three tamers to lead the way for Yun Feng, but Yun Feng rejected them. She only needed a tamer to lead the way. She didn't lack transportation at all.

A tamer led the way in the front. A huge and beautiful griffin spread its wings and flew up from the Gong family. Even in the Gong family, many people were amazed by Yun Feng's Magic Beast. Under the lead of the tamer of the Gong family, Yun Feng and the others set off for the Juxing School. After walking for about a few days, the tamer who led the way in the front shouted, "Miss Feng, we're almost there!"

Yun Feng stood on Lan Yi's back and felt the breeze blowing against her face. She looked ahead with her black eyes and only saw a building faintly discernible. Qu Lanyi stood next to Yun Feng and looked at the

building in the distance with a smile. "Fengfeng, do you remember our days in the Masang School of Magic?"

Yun Feng's red lips curled up. "Of course."

"One of the three largest schools in the Central Region, the Juxing School, which gathers almost all the geniuses on this floating island!" Qu Lanyi chuckled and looked at Yun Feng next to him, looking at her peaceful side face. "Everything that's been known is about to change."

The three major schools in the Central Region were named after one on each island. The Juxing School gathered 90% of the talents on the floating island. The outstanding students of the four major families and some other families were all enrolled in the Juxing School. It could be said that the Juxing School was an important existence for the floating island. Every family hoped that the descendants of their families could study in the Juxing School. Whether it was the strength of the teachers or the effect of their cultivation, the Juxing School was famous both far and near. Countless outstanding talents came out of it and they were also famous in the Central Region.

Under the guidance of the tamers of the Gong family, Yun Feng and the others finally came to the place where the Juxing School was located. From the outside, they could only see that the Juxing School was very vast. It was several times larger than the Masang School of Magic. Besides, the restrictions set up around were also much higher. It could be seen that the strength of the teachers and students in the Juxing School was also high.

The guide of the Gong family led Yun Feng and the others through the restrictions on the periphery. As soon as they landed and put away their Magic Beasts, a few figures immediately flew out of the Juxing School and stopped the three of them. "Who are you?" A few figures stood in front of Yun Feng. Yun Feng tested them slightly. These few people were all as strong as her. They were around Grade 5 of the King Level!

"Master Feng, please show me what the master gave you!" The tamer turned around and said to Yun Feng. Yun Feng nodded and took out the letter the master of the Gong family gave her. Seeing the unique family mark of the Gong family on the letter, the few of them all seemed to understand.

"You three, come in with me."

The tamer smiled at Yun Feng. "Master Feng, I can only send you this far. Just go in with him so that I can go back and report to the master."

Chapter 1045 Meeting the Five Elders (1)

Yun Feng chuckled. "Thank you."

"Oh, Master Feng, what are you talking about? This is what I should do."

"Are you done? If you're done, come in with me quickly. Even the members of the four families have to remember their identity here. Don't think that you can look down on everyone just because you have the support of your family. Even if you can enter the Juxing School, it doesn't mean anything!" The person who spoke just then glanced at Yun Feng and the others with a hint of disdain. It was obvious that he treated Yun Feng and the others as descendants of a family that got in through the back door, so his tone wasn't so polite. Qu Lanyi raised his eyebrows slightly. Yun Feng only raised the corners of her

mouth slightly and didn't say anything. You Yue followed him and lowered his mentality. After all, for him, he would never be able to enter the Juxing School without this opportunity.

"Well... Master Feng, I'll go back first," said the tamer a bit awkwardly. Yun Feng nodded and followed the person who spoke just then. The person who spoke glanced at Yun Feng and grunted as he led the three of them inside.

"The four families are truly something. They always get spots through the back door. How great would it be if the spots were given to those who keep working hard?" The few of them walked in front of Yun Feng. They seemed to be whispering, but Yun Feng and the others could hear them clearly. Those who relied on their own strength to get in would be dissatisfied with these so-called elite descendants, let alone Yun Feng, who "got in through the back door", which made people even more disgusted in their minds.

Yun Feng's expression didn't change at all behind. She let the few people in front talk. They weren't talking about her anyway. Why should she care? Along the way, Yun Feng and the others focused on the surrounding scenery. It had to be said that the area of the Juxing School was indeed vast. The terrain was ten thousand times complicated and could fit a few Masang School of Magic. Even though she hadn't seen the main building of the Juxing School yet, it wasn't hard to imagine how huge it was.

After traveling for a while, the few people in front found that Yun Feng and the others behind them didn't care about their mockery at all and they couldn't help but feel repressed. In the end, they could only sigh that these people were indeed thick-skinned and didn't whisper to each other anymore.

After walking for about an hour, the few people in front led Yun Feng and the others to an open door. Behind the door was an unusually vast square. There were many passages around the square, which seemed to lead to different places. When Yun Feng and the others appeared at the door, they immediately attracted the attention of many young people and they all looked over curiously. After all, it was quite rare for someone to come in at a time when it wasn't time to recruit students.

"You three, wait here. We're going in to report that the four families sent someone in." The few of them said quite loudly, which immediately attracted more attention. Many young people immediately changed their expressions after hearing that and looked at Yun Feng and the others with quite a mocking gaze. The few people who spoke had a hint of mockery at the corners of their mouths as they walked in.

Yun Feng and the others were left at the entrance. Facing the weird gazes of the students around, anyone would feel uncomfortable, especially those radar gazes that sized you up many times with disdain and jealousy, as if they wanted to strip you naked from the inside out.

"Did you hear that? The three of them were sent in by the four families!"

"Oh, oh, oh. I've heard about them too. Did they get in through the back door?"

"That's right, that's right. It's great to be born in the four families. Even if they're not very strong, they can squeeze in with their families. Unlike us, we're still stuck here after working hard."

Qu Lanyi chuckled and whispered to Yun Feng, "Did you hear that? They're so jealous."

Yun Feng also smiled and didn't care. She wasn't a member of the four families. No matter what they said, it had nothing to do with her. The three of them never changed their expressions and accepted the baptism of many gazes without batting an eyelid. They listened to the rather sarcastic remarks and looked at the mocking gaze that couldn't be concealed. Such a calm expression couldn't help but make these students a bit angry.

"As expected of someone from the four families. They're truly thick-skinned."

"That's right... So, they're all unresponsive. Do they have any shame?"

"What shame? They came in through the back door. How honorable do you expect them to be?"

"Tut-tut, that's true. If I were them, I would also be as thick-skinned as a sheet of iron. Nobody can say that."

Hearing the sarcastic remarks of these men and women, Yun Feng only found it quite funny in her mind. They were just envious of her. They didn't have the ability to get such an identity and they weren't strong enough. They could only attack others to ease the grievance in their minds. After all, it was a sign of incompetence. After those people went in, they dragged for a long time and still didn't come out. Yun Feng couldn't help but sneer. Before they left, they had deliberately shouted loudly and stalled for time at this moment. Those people must be thinking the same and did it on purpose.

No matter how weak the candidates for the spots of the four families were, they were still members of the four families after all. How could they just be left here to be ridiculed by the others? Those few people must have seen that they weren't accompanied by important members of the family this time, so they did this and wanted the three of them to be ridiculed and insulted here.

Coldness appeared in Yun Feng's eyes. She could let go of such a matter. If she dealt with petty people, she would also become petty. Only by broadening her horizons could she see more. However, even if she didn't care about it, she still had to do what was necessary.

"You people who got in through the back door, which family are you from?" Finally, someone couldn't stand it anymore. The silent mockery on the side couldn't satisfy them anymore. It seemed that they had to make a fuss face to face. Yun Feng looked at the young man in front of her coldly. In this world where strength was everything, people's hearts had already been twisted.

Yun Feng didn't answer. She wasn't from any family, so she certainly didn't have to answer. Qu Lanyi and You Yue didn't say anything either. Why should I answer you when you ask me?

Seeing that the three of them ignored him, the young man couldn't help but feel a bit angry in his mind. "So what if you're from the four major families? Who cares if you're from the four major families in the Juxing School? Are you deaf when I ask you a question?"

### **Chapter 1046: Meeting the Five Elders (2)**

Yun Feng turned her face around and looked elsewhere. The young man was immediately enraged when he saw that. He reached his hand forward and tried to grab Yun Feng's shoulder. Yun Feng saw his movement from the corner of her eye. Her shoulder moved and her body turned around. In an instant,

she had already moved to the other side of the young man. The young man's hand completely missed and his body almost lost its balance and fell on the ground.

The small dodge made the students who were discussing in a low voice just then quiet down. The young man looked at his hand and then at Yun Feng. She dodged his attack just then? She was faster than him? How was that possible? He was at Grade 3 of the King Level!

He had no idea that the person who got in through the back door in front of him was a Grade-5 King!

The young man gritted his teeth. With his strength of the third grade of the King Level, he could be considered one of the strongest here. How would he be willing to let someone who got in through the back door dodge him just like that? That's right. How would this person who got in through the back door be able to dodge his attack? The moment he retracted his hand and his body, he exerted strength again. This time, he aimed at Yun Feng's shoulder precisely. His fingers suddenly formed a claw in midair, wanting to grab Yun Feng's shoulder. Yun Feng sneered and her body quickly dodged. While the young man was in a daze, she had already arrived behind the young man quietly!

"You want this?" While Yun Feng whispered, her slender fingers had already grabbed the young man's shoulder blade. She exerted a bit of strength and the young man suddenly let out a scream. His body was about to escape in a second, but Yun Feng suddenly bent her fingers and grabbed his shoulder firmly. She suddenly exerted strength with the tip of her foot and kicked the most vulnerable part of the young man's knee. The young man fell on his knees with a "plop"!

!!

There was complete silence. The battle between the two of them had only lasted for a dozen seconds, but anyone could see who was stronger! One of them was the person who easily dodged the attack and counterattacked fiercely, and the other was the person who knelt on the ground with a painful look. The difference between the two was huge!

"Let go of me!" The young man, who was kneeling on the ground with one of his arms turned behind his back, wanted to endure the pain on his face and not embarrass himself in front of so many people, but he was still no match for the bone-piercing pain from his shoulder blade. His facial features were almost twisted from the pain and he couldn't speak quickly. A lot of sweat began to roll down his forehead.

Nobody dared to step up to help her. Perhaps many people didn't like Yun Feng's identity as someone who got in through the back door and the person in front of them. How could a person who got in through the back door have such strength? This young man had the strength of a Grade-3 King. Who would believe that he couldn't beat a person who got in through the back door?

"Alright, you've vented your anger. He already knows that he can't beat you. You can let go." A voice as calm as water sounded. All the students looked over and couldn't help but exclaim, "Isn't this Senior Brother Sheng Ming, who ranks first in the outer campus?"

The first place of the outer campus? Yun Feng was quite confused. The Juxing School was divided into the inner campus and the outer campus? If that was the case, no wonder these students of the outer campus were so resistant to getting in through the back door. The first place of the outer campus, this person's bearing and way of talking were quite compatible with this first place.

“He provoked me first.” Yun Feng let go of him. The young man, who was kneeling on the ground in a sorry state, immediately gnashed his teeth and moved his arm that was almost broken a few times. Every time he moved it, it was painful. He couldn’t help but glance at Yun Feng fiercely.

“Sheng Ming, you don’t have to be so polite with her. Even if she’s from the four families, she’s just a person who got in through the back door!” said the young man fiercely. Qu Lanyi sneered after hearing that. “Do you want to kneel again?”

“You—” The young man was about to say something, but he glanced at Yun Feng with lingering fear. In the end, he grunted angrily and didn’t say anything else. The young man on the side, who sounded as calm as water, said, “In the outer campus, people are usually a bit impatient. After all, we rely on our own efforts to enter this academy. We’re certainly a bit dissatisfied with the special status of the four families.”

“The outer campus? Is the Juxing School divided into the inner campus and the outer campus?” asked Yun Feng. After hearing that, Sheng Ming glanced at Yun Feng in confusion. The young man just then said indignantly, “You don’t even know this. You’re truly worthy of getting in through the back door!”

“Alright, stop talking! Why are the rest of you gathered here? Do you have time to watch the drama?” Sheng Ming glanced around. Even though his eyes looked extremely calm, they carried a sense of intimidation. The surrounding students immediately left. Yun Feng saw this and knew that this Senior Brother Sheng Ming had an extremely high status in the outer campus. After all, he was the top student in the outer campus.

“You should go back too.” Sheng Ming glanced at the young man. The young man held his arm with his hand and turned around to leave with a furious look in the end. After Sheng Ming said a few words, the outer campus returned to its previous state. Sheng Ming looked at Yun Feng. “The Juxing School is divided into the inner campus and the outer campus. The outer campus is where all the disciples recruited through the admission exam are qualified to study. They can go to the inner campus after passing the inner campus exam. However, you don’t have to worry. The children of the four families are basically all in the inner campus.”

Yun Feng understood. This was also the reason why the students of the outer campus hated the disciples of the four families so much. They might not be able to enter the inner campus even if they worked hard, but the four families relied on their family’s reputation and the so-called spots to enter through the back door. This was the uniqueness of the four families and also something that made people hate them.

“You’re quite calm. Since you’re the top student of the outer campus, you’re very confident that you can pass the inner campus exam,” said Qu Lanyi. Sheng Ming chuckled with unconcealable confidence.

“I’m currently at Grade 4 of the King Level. Even though I’m still far from my goal, I should be able to enter the inner campus.”

“Grade 4 of the King Level? Such strength can be considered outstanding.” You Yue praised on the side. Yun Feng didn’t say anything. Sheng Ming smiled lightly. “No matter how strong you are, you’ll never be satisfied.”

“You’re right. There’s no peak for human desires.” There was a hint of coldness in Qu Lanyi’s words. Sheng Ming couldn’t help but look at him again. He only felt that this man, who was even more beautiful than a woman, looked very extraordinary.

### **Chapter 1047: Meeting the Five Elders (3)**

“If you’re from the four families, you will usually be taken to the inner campus and rarely stay in the outer campus.” Sheng Ming glanced at Yun Feng suspiciously. Yun Feng chuckled. “Some people might want us to be taught a lesson before we officially enter the Juxing School, but we’ll have to disappoint them.”

Sheng Ming raised his brows, wondering who Yun Feng was talking about. “You three, come here!” At this moment, the few people who led Yun Feng in just then walked over gloomily. Seeing that, Sheng Ming immediately called out respectfully, “Guards of the outer campus, greetings.”

The few guards nodded and pointed at Yun Feng and the others. “You three, come to the inner campus with me.”

Sheng Ming took a step back slightly. Yun Feng looked at these people’s salty faces and sneered in her mind. It seemed that these people were extremely unhappy that they hadn’t been taught a lesson. When she walked past Sheng Ming, Yun Feng turned around slightly. “I’ll go first and enter the inner campus. I’ll be waiting for you.”

Sheng Ming was stunned. He felt that it was a bit weird for this girl, who came in through the back door and had some strength, to say this, but he still smiled. “Alright, I’ll definitely work hard.”

!!

The few guards all curled their lips. It was obvious that someone who got in through the back door would overestimate themselves. They led Yun Feng and the others all the way inside. The few guards in the front started mumbling again. “I really don’t understand. How can a person who got in through the back door say such a thing?”

“That’s right. Sheng Ming is the top expert of the outer campus. Is there any doubt that he can’t go to the inner campus?”

“If we put her in the outer campus, who knows when she’ll be able to enter the inner campus? How dare she say that!”

Yun Feng and the others walked behind. You Yue had been suppressing his anger, but he couldn’t hold it in anymore. “How talkative are these people? Guards? I think they’re gossips!”

Yun Feng chuckled. “Brother, just let them talk whatever they want. We did get in through the back door. That’s the truth.”

The few guards in front whispered along the way with a lot of dissatisfaction in their minds. They walked in the outer campus with Yun Feng for a long time and finally stopped in front of a door. The few guards in front turned around and looked at Yun Feng arrogantly. “Do you see this? This door is the door that leads to the inner campus. Without a specific key, you can’t open this door at all! Of course, if you have

the strength of Grade 5 of the King Level, you can also open it. However, for those who use the back door” The few guards looked at Yun Feng with a sneer and reached their hands into their pockets, as if they were looking for the key. Yun Feng chuckled at them and walked to the door.

“Why? Do you want to try? You can try! Otherwise, you won’t give up. I’ve seen so many people from the four families who relied on privileges to enter the inner campus. They all thought they had some strength, but none of them could open the door.”

Yun Feng looked at the guards with a faint smile in her black eyes. “None of them can open it, can they?”

The few guards were all inexplicably stunned. They felt that Yun Feng’s smile was rather weird. Yun Feng chuckled and slapped the huge door with her hands. With the strength of Grade 5 of the King Level in her hands, the outermost area of the giant door seemed to shake slightly. The next second, the huge door let out a low moan under Yun Feng’s hands and the two doors slowly opened on both sides!

The guards were all dumbfounded. They all opened their mouths and looked at the huge door that Yun Feng pushed open. Yun Feng pushed the door open and walked in with her head held high. Qu Lanyi chuckled behind her and looked at the few people who were frozen on the side. “What exactly did Fengfeng show that made you think that she got in through the back door?”

The few guards glanced at Qu Lanyi. She was sent in by the Gong family through the back door!

Qu Lanyi shook his head. “Before you know a person completely, don’t define this person. Otherwise” You will regret it.”

The few guards all swallowed secretly. Damn it. That girl could push open this giant door with her hand, which meant that she was at least a Grade-5 King! She was even stronger than Sheng Ming, the top expert of the outer campus! Why did a Grade-5 King have to rely on this spot to get in through the back door? Was there something wrong with her brain?

Qu Lanyi walked in with a smile. You Yue was also amused by the expressions of these people. He shook his head and walked in too. The few guards looked at the giant door for a long time. In the end, they opened their mouths and scolded each other. “F\*ck, have you seen anyone who got in through the back door and is at Grade 5 of the King Level?”

“You’re already a Grade-5 King. Why didn’t you come in openly? You made a fool of us!”

“Damn! The door is already open. Why are you still mumbling? Go in quickly!”

The few guards walked in with an even more gloomy look. This giant door slowly closed again after the few of them entered, making a deep and loud sound, leaving no gap at all.

After entering the inner campus, Yun Feng clearly felt that the environment here was more suitable for cultivation than that in the outer campus. Her cultivation speed would also be doubled. The difference between the inner campus and the outer campus couldn’t be so simple, or the disciples of the outer campus wouldn’t have worked so hard to enter the inner campus.

The inner campus seemed a bit smaller than the outer campus, and the number of students couldn’t compare to that of the outer campus. It seemed that the requirements to enter the inner campus were

very strict. To be exact, the gathering place of talents of the Juxing School was in the inner campus. Of course, there were also members of the four major families who got in through the back door.

“Ahem! This way, this way!” The few guards said rather awkwardly as they pointed in a direction. Yun Feng didn’t say anything and followed them silently. It was quite rare for a few newcomers to enter the inner campus. Seeing that Yun Feng and the others were all new faces along the way, some students of the inner campus were also puzzled. Even though they only met a few inner campus disciples along the way, Yun Feng had already felt the obvious difference in strength between the inner campus and the outer campus. The disciples of the inner campus were all above Grade 4 of the King Level! She was at Grade 5 of the King Level right now, so it wasn’t a big deal here.

“The inner campus is indeed extraordinary,” mumbled Qu Lanyi. “Anyone of them is at Grade 4 of the King Level. Wouldn’t those who really got in through the back door die of embarrassment here?”

#### **Chapter 1048: Meeting the Five Elders (4)**

You Yue couldn’t help but blush. He had got in through the back door. With his strength, he couldn’t enter the inner campus at all. After hearing what Qu Lanyi said, he was full of embarrassment and couldn’t lift his head. Compared to Yun Feng and Qu Lanyi’s strength, he was indeed inferior.

“Brother, as long as you focus and practice hard, you’ll reach a level that others can’t reach one day.” Yun Feng smiled at You Yue gently. What she said instantly resolved the uneasiness in You Yue’s heart. A few guards led Yun Feng to a building. “Alright, push the door open and go in.”

Yun Feng glanced at the closed door and obviously felt waves of pressure coming from inside. There should be a few elders waiting in this room. Speaking of elders... She could meet the Third Elder that those people mentioned back in the cave today.

Yun Feng was about to push the door open when a deep voice came from inside. “Are they the ones sent by the Gong family? Come in!”

The voice was powerful and shook Yun Feng’s mind slightly. Yun Feng immediately released the aura of a Grade-5 King and managed to stabilize her mind, helping You Yue resist a bit. She gritted her teeth and pushed the door open. The three of them stepped in and the door suddenly closed in the next moment.

This was a very spacious room, but it gave people an unusually heavy pressure, simply because the five elders of the Juxing School were sitting in this room! The moment the three of them stepped into the room, five sharp beams sized up Yun Feng and the others. The strength level of the three of them was as clear as a mirror in their minds.

“The three people sent by the Gong family are quite interesting. Let’s not talk about anything else. This is the first time they’ve given the spot given by the Juxing School to an outsider!” An elder, who looked the youngest, said. The other elders all looked thoughtful.

“You three, since you’re sent by the Gong family, even though you’re not from the Gong family, the Juxing School can’t interfere when the master of the Gong family gives you the spot. Logically speaking, the disciples who use such a spot to enter the Juxing School will be directly arranged to be taught by an elder in person, but your situation is different. Even though you’re admitted to the inner campus, it’s

impossible for you to be the elder's personal disciple for the time being. If you have the ability, some elder will be willing to teach you in person. It's certainly gratifying."

The old man sitting in the middle spoke with a stiff and serious expression, looking like an extremely strict person. Yun Feng thought that one of the two people sitting next to him must be the Third Elder. "As for the other rules of the inner campus, someone will tell you. You can go now." The old man in the middle waved his hand, but one of the two people sitting next to him suddenly said, "Wait."

The other elders all looked over. The old man who spoke narrowed his eyes and looked at Yun Feng. He suddenly said, "Are you a pharmacist?"

Yun Feng chuckled. "I've just done some research in pharmaceuticals, but I'm not good at it."

The elder who narrowed his eyes glanced at Yun Feng. "Students in the inner campus have a special right. They can choose to study in different subjects. Potions are also one of these subjects."

Yun Feng nodded. She had heard the Master of the Gong family mention this matter. The old man sitting in the middle waved his hand and asked Yun Feng and the others to leave. Yun Feng and the others pushed the door open and walked out. The room fell into silence. "Third Brother, speaking of which, even though the Golden Cauldron Trees you brought back are good, it's useless if they can't produce the Golden Cauldron Fluid." The old man sitting in the main seat frowned slightly. The old man who narrowed his eyes just then held his chin with his finger.

"I know that too. I went to find the potion elder, but there was nothing he could do. However, before I got those Golden Cauldron Trees, there was indeed the Golden Cauldron Fluid. There's no doubt about it. Ten of the trees had already been taken away by someone. The person who took them must know how to make the Golden Cauldron Fluid appear."

"Even the potion elder can't do anything? It seems that this problem is a bit tricky." The old man sitting opposite the Third Elder frowned slightly. His eyebrows and beard were all silver-white, looking quite sage-like.

"It seems that I have to find the person who took the Golden Cauldron Trees away before you do and ask for guidance. Otherwise, the Golden Cauldron Trees will only be a decoration at most."

"Fourth, you're right. But where should we find the person who took the Golden Cauldron Trees?"

"I have a clue. This person must be a master-level pharmacist. This person helped Tian Kui when he was injured that day, but something happened halfway. He left a potion bottle. I've checked and it's indeed a master-level Life Potion." The Third Elder said thoughtfully. The other elders were all shocked.

"A master-level pharmacist? This person is so impressive! Your three disciples are the same. They let that person go without asking for his name. If they had asked for his name, we wouldn't have had to worry so much."

The old man sitting on the high seat thought for a while and slowly said, "How many master-level pharmacists are there in the entire Central Region? Are there any people we know?"

The other four elders pondered calmly and shook their heads in the end. "Those few people are all a bit weird. Besides, how would they casually take out master-level potions to save people? Not to mention that it's a junior like Tian Kui. Impossible, impossible."

"Fifth Brother, you're quite right. The few people we know don't look like people who would do such a thing at all. I've asked the potion elder. Nobody he knows has such a possibility. This means that a hidden master-level potion maker has come out of seclusion." The Third Elder's eyes glittered as he looked at the old man sitting in the main seat excitedly. "If the Juxing School can take such a person under its wing, the Juxing School will definitely benefit a lot!"

"That's a good idea, but we have to find this person first. With the personality of these powerful pharmacists, do you think you can recruit this person into the Juxing School with just a few words? Besides, we don't even know that person's name. Third Elder, your three disciples have seen that person. If they really can't find him, use the portrait. Even though this behavior is a bit inappropriate, we have no choice. In short, the most important thing is to find that person first!"

"Argh!" Yun Feng suddenly sneezed. Qu Lanyi immediately put his hand on her forehead. "What's wrong? Did you catch a cold?"

### **Chapter 1049: The Pharmaceutical Battle (1)**

Yun Feng shook her head with a smile and took Qu Lanyi's hand off. She looked back at the room in the distance. "Someone must be talking about me."

Qu Lanyi looked at the layout of the inner campus. "Although the inner campus isn't as vast as the outer campus, the layout is obviously much more precise. There are even branches here. It's truly like the style of the noble academy."

"This is also the biggest difference between the inner campus and the outer campus, right? The difference in the speed of cultivation and the environment, the chance to be taught by the five elders in person, and the choice of subjects. This is an opportunity that those disciples who study in the outer campus can't get at all, so they're so eager to enter the inner campus." After saying that, Yun Feng glanced at the situation around her with her black eyes. "I think we should find someone to ask where we should stay in the inner campus."

"There seems to be something going on over there." You Yue pointed in that direction. Some noises came faintly from there. The three of them walked forward. After turning a few corners, they finally saw the scene in front of them.

"Hey, aren't you from the Gong family? If you're one of the four families, why don't you have the courage to fight with us?" Four or five people stood or squatted, surrounding a person inside with a mocking look on their faces and they said extremely harshly.

The Gong family? Yun Feng had never thought that she would meet someone from the Gong family under such circumstances. It was a bit unexpected. One of them extended his leg and kicked. The person surrounded inside didn't say a word. They had some backbone.

"Are you deaf? He's talking. Didn't you hear him?"

The few young men shouted and kicked inside one by one with a twisted excitement on their faces. These few people must have been promoted from the outer campus. The distortion in their minds was completely reflected at this moment. Their hatred for the four families hadn't reduced at all.

The few young men surrounded her and didn't notice Yun Feng and the others' arrival. They were still mocking her to their heart's content. You Yue clenched his fists and stood aside. His body was trembling slightly, but he couldn't say or do anything. This was the rule of survival in this world.

The few young men moved aside slightly. Yun Feng finally saw the person inside clearly with her eyes. It was a girl! A girl was curled up in the corner with a dirty face. She hugged her knees and let these young men beat and scold her. She didn't say a word and sat there expressionlessly!

"She's just a mute. Nobody in the Gong family cares about her. The Gong family has also given up on her, but she's quite pretty. Why don't we..." The few young men laughed lewdly. Yun Feng's face immediately darkened. Even though there was no such thing as gender inequality in this world, girls had to work harder if they wanted to have the same achievements as men on the road of cultivation! They might be mocked and ridiculed if they didn't have the strength, but it didn't mean that they could accept humiliation!

"Hehehe, my mind is full of cultivation and I can't remember that. But now that you mention it, I really want to do it..."

"Then let's do it now. You'll be the first!"

The girl was still sitting there quietly with no expression on her face. Yun Feng stood far away and didn't do anything. If this girl didn't have any intention of resisting, it would be a waste for her to interfere. You Yue was about to rush forward, but Yun Feng stopped him. Qu Lanyi said coldly, "Why are you in such a hurry? A person who won't resist after being treated like this isn't worth helping. It's best not to be nosy."

The few young men were about to tear the girl's clothes. The girl, who had been holding back just then, suddenly moved. Her curled up body suddenly stood up from the corner and a ball of fire gushed out of her hand. The few young men jumped to the side and were all shocked by the girl's resistance.

"You scumbags, if you dare to touch me again, I'll burn you all to smithereens!" The girl's little face was dirty, but her black eyes were surprisingly bright. The light surging in them was like the eyes of a beast, with viciousness and strong resistance!

The few young men suddenly burst into laughter. "Burn us to smithereens? You're just a mid-stage Lord. We're all at Grade 4 of the King Level. Aren't you going to burn us to smithereens? Come on, come on!" The few young men burst into laughter and pretended to surround the girl again. Right at this moment, a heat wave came from behind with scorching temperature. The few young men immediately jumped away vigilantly and narrowed their eyes when they saw Yun Feng walking over.

"Why haven't I seen you before? Mind your own business!"

Yun Feng put on a smile with her red lips and an unusually bright fire jumped in her hand. The temperature around was slightly distorted because of the fire. The girl with a dirty face looked at the fire

in Yun Feng's hand and couldn't help but feel a bit fascinated. A layer of sweat appeared on the foreheads of those young people and they knew that Yun Feng wasn't someone to be trifled with.

"You bullied a member of the Gong family under my watch. If she can't burn you, I'll do it for her. What do you think?"

The few young men were all stunned. "A member of the Gong... The Gong family!" They looked at each other and only found it strange. The few members of the Gong family ignored this person. When did such a person appear in the Gong family? The few young men looked at each other and immediately left in a hurry. The girl with a face full of dirt looked at Yun Feng carefully a few times. She wasn't full of kindness because of her help just then, but looked at Yun Feng vigilantly. "You're not a member of the Gong family. I've never seen you."

Yun Feng chuckled and put away all the fire elements. "I'm indeed not a member of the Gong family, but I came in with the spot of the Gong family."

The girl looked at Qu Lanyi and You Yue next to Yun Feng. "You won't get anything for helping me."

"Do I have to get benefits for helping people?" Yun Feng raised her brows. The girl pursed her lips and didn't say anything. In the end, she chuckled. "As you can see, it's best not to have anything to do with me in the inner campus. The other members of the Gong family are all ashamed of me. I guess the master thinks so too." The girl couldn't help but look a bit lonely. "So, you should stay away from me, so as not to cause you unnecessary trouble."

The girl turned around and was about to leave. Yun Feng knew that this girl didn't want to cause trouble for her, so she rejected her so coldly. She couldn't help but feel a bit impressed by this girl. "Wait!"

## **Chapter 1050: The Pharmaceutical Battle (2)**

The girl turned around and looked at Yun Feng with her bright eyes. Yun Feng chuckled. "I've just entered the inner campus. I don't quite understand the rules. Also, do you know where we should live?"

The girl frowned and pointed in one direction. "With your strength, you should be going in that direction. Someone will tell you when you get there. I don't know anything else." After saying that, the girl turned around and left. After a while, she left Yun Feng's sight. Yun Feng couldn't help but shake her head and chuckle. What a stubborn personality.

"I forgot to ask her name." Yun Feng was a bit regretful. She had quite a good impression of this girl. You Yue smiled. "It's not very difficult to know about her. According to her, she's also a very famous person in this inner campus."

"They're both members of the Gong family, but they're treated so differently. Should I say that it's her sorrow or the sorrow of this family?" Qu Lanyi mumbled. Yun Feng and You Yue didn't say anything. The few of them continued walking forward and soon walked to a place with a very wide vision. After a while, someone came to receive them as the girl said. He arranged Yun Feng and the others to a place and explained some rules of the inner campus in detail.

Disciples in the inner campus were usually divided into two factions. One of them came from large families, and the other came from disciples who had been promoted from the outer campus. The members of the large families and the disciples who had been promoted from the outer campus lived in two different places. These two factions also formed two groups. The two groups didn't like each other. Some young people from the large families came from the inner campus through the back door, so the family faction was also divided into two parts. One of them was the talented geniuses who were born with good potential, while the other was the ones who got in through the back door. There were also some special marginal figures. The girl Yun Feng saw just then was a famous one. Those who got in through the back door didn't want to be with such a person. There was also a kind of marginal figures who was a top talent. Whether it was the family faction or the civilian faction, such geniuses were the kind of existence that couldn't be roped in.

Yun Feng came in with the spot of the Gong family, so she was certainly arranged to live in the area where the family faction lived. There was a huge conflict between the family faction and the civilian faction and the area where they lived was also very far away. When there was conflict, there would be competition and when there was competition, there would be motivation. The inner campus was like this. The people practicing here were undoubtedly competitive, not only for themselves, but also so that their faction wouldn't be despised by the other faction.

Not long after Yun Feng and the others moved in, someone from the family faction had already come to greet them. The people who came to greet them were certainly those who got in through the back door. Yun Feng also knew that there were so-called leaders or idols in both factions. The four families were the leaders of the family faction. The genius of the You family was also included and was one of the leaders. On the civilian faction's side, they were the outer campus disciples who were lucky enough to become the personal disciples of the elders.

Yun Feng didn't have the time to care about the conflict between the two factions at all and she wasn't interested in participating at all, so although the family faction showed their enthusiasm, Yun Feng showed her coldness. The family thought they had roped in a good person, but they didn't expect Yun Feng to have such an attitude. In the end, they could only leave angrily. After that, nobody came to disturb Yun Feng.

After coming to the inner campus, Yun Feng knew that the improvement of her strength was urgent. The average strength of the inner campus was above Grade 4 of the King Level. Even if she didn't compare with others, Yun Feng planned to improve her strength to another level in order to surpass herself. Grade 5 of the King Level wasn't enough for her right now.

If she wanted to increase her level, she certainly couldn't do without the help of the Golden Cauldron Fluid. The use of the Golden Cauldron Fluid certainly had to be in an enclosed space. Even though there weren't many disciples in the inner campus, it was also a complicated place. If she used the Golden Cauldron Fluid recklessly here, it would definitely cause a huge commotion. After thinking for a while, Yun Feng decided to enter the Dragon Palace to cultivate. The Dragon Palace was the best cultivation space and wouldn't be disturbed by anyone. Besides, with the transformation function of the Dragon Palace, nobody would notice anything at all.

Qu Lanyi and You Yue certainly cultivated together with Yun Feng. After planning everything, the three of them entered the Dragon Palace. Yun Feng took out the ten Golden Cauldron Trees she took away

back then. It was a good idea to catalyze the Golden Cauldron Fluid while cultivating. Only Yun Feng could meet this specific catalytic condition.

After the three of them entered the Dragon Palace, the dragon-shaped jade pendant gradually merged into the room and became an inconspicuous item, placed in an inconspicuous corner of the room. Time began to pass slowly. In a corner in the inner campus, the Golden Cauldron Fluid was taking effect quickly. The other people in the inner campus wouldn't notice this corner at all and they wouldn't notice the three people who had disappeared for a while.

On the other side of the Juxing School, in the pharmaceutical branch where the potion elder was located, the potion elder was frowning at the Golden Cauldron Tree in front of him. He had already used more than a few hundred methods and couldn't generate the Golden Cauldron Fluid at all. This was indeed the Golden Cauldron Tree, but it could only be a decoration right now.

"What do you think? It still doesn't work?" A voice came. The potion elder looked up and sighed helplessly. "There's nothing I can do. I've thought of everything I can think of. It just doesn't produce the Golden Cauldron Fluid. What can I do?"

The person frowned and looked at the Golden Cauldron Tree in front of him helplessly. The potion elder thought of something. "Didn't your three disciples see that person back then? Did you find that person?"

The Third Elder shook his head. "No. According to their description, that person is obviously a girl in her early twenties. How can such a person be a master-level pharmacist?"

The potion elder was deep in thought after hearing that. "That's hard to say. She looks like a girl in her early twenties, but who can say her actual age? Besides, she's a master-level potion maker."

The Third Elder sighed again. "I thought I would be able to get the Golden Cauldron Fluid after finding the Golden Cauldron Tree, but it seems that it's still far away."

The potion elder burst into laughter. "It'll be easier to deal with the matter of the Golden Cauldron Fluid once we find that person. Speaking of which, there are too few talented disciples in the inner campus in the field of potions. There are indeed a lot of disciples who study the branches of potions, but there are too few who have achievements. The highest level right now is an advanced three-star!"
