

## Summoner 1051

### Chapter 1051: The Pharmaceutical Battle (3)

“That kid of the You family?” The Third Elder raised his eyebrows. The potion elder raised the corners of his mouth. “Yes, but I really don’t like that kid’s personality. He’s as arrogant as a peacock when he’s an advanced three-star student. He has his tail raised high. He doesn’t take my words seriously at all. I really hope that someone with more talent and intelligence will appear and give that kid a hard blow.”

The Third Elder chuckled. “That kid of the You family is quite strong. Coupled with his talent in potions, it’s inevitable that he’s arrogant. The You family only got its current position because of him. With his identity, it’s normal for him to wag his tail.”

“Humph! If it weren’t for the fact that he’s a bit smart in the field of potions, I wouldn’t have bothered to talk to him at all! I think I should just go and hold an admission exam. Otherwise, I won’t be able to find any good seedlings at all.”

“A few people came to the Juxing School a while ago. One of them was a pharmacist. Why? Didn’t she come to you?” The Third Elder looked at the potion elder in confusion. The potion elder was stunned. “Which one are you talking about? There are so many disciples here. How can I remember them?”

“The one from the Gong family who got in through the back door.”

“The Gong family... Hm... I don’t remember. The few members of the Gong family have all learned potions here. Either they’re untalented or they haven’t made any achievements. Their strength is truly inversely proportional to their talent in making potions. Not everyone can become a senior pharmacist.”

The Third Elder chuckled and patted the shoulder of the potion elder. “I’ll have to rely on you for the Golden Cauldron Tree. It’s still a bit difficult to find that person.”

The eyes of the potion elder brightened. “If you really find her, you must let me meet her!”

The Third Elder nodded. “Don’t worry. If we can really find that person, I’ll definitely let you meet him.” Not only you, but also me. All the five elders want to meet them.

Three months passed in the blink of an eye. The disciples of the inner campus were all cultivating in an orderly manner. Occasionally, someone came to look for the place where Yun Feng and the others lived, but they didn’t see Yun Feng and the others, so they just let it go. The battle between the family faction and the civilian faction was like a raging fire. It had never stopped. When they appeared anywhere in the inner campus, they would fight to the death, whether it was their strength or their subject.

In a corner of the house where Yun Feng and the others were, an inconspicuous thing had been lying there quietly for three months. In it, Yun Feng and the others were cultivating under the nourishment of the Golden Cauldron Fluid. Some golden liquid appeared in the bottle under the roots of the ten Golden Cauldron Trees again. That was the Golden Cauldron Fluid that the elders of the Juxing School dreamed of. The Golden Cauldron Fluid was bright golden, like light. The five-color halo around Yun Feng slowly disappeared and the appearance of the Golden Cauldron Fluid also showed a state of stillness. Her

eyelashes trembled slightly. Yun Feng slowly opened her eyes with a hint of bright luster in them and the aura around her also changed significantly.

Grade 8 of the King Level. Yun Feng took a deep breath slowly and felt that her body and mind were clear, as if her body had become more transparent and could melt into the world better. Every trace of the flowing elements could be sensed clearly inside her body and Yun Feng could also feel the trajectory of the mental strength in her spiritual space clearly.

She looked up at Qu Lanyi and You Yue on the side. The two of them were still immersed in cultivation and hadn't woken up. Yun Feng smiled from the bottom of her heart and put away the ten Golden Cauldron Trees, leaving a bottle of Golden Cauldron Fluid that she had just collected and letting it evaporate in the Dragon Palace. Even though there was very little Golden Cauldron Fluid, it was enough for the two of them to cultivate.

A beam of light flew out of the Dragon Palace and Yun Feng came out of the Dragon Palace alone. The dragon-shaped jade pendant also returned to its original appearance. Yun Feng put away the dragon-shaped jade pendant and looked at the sky outside. It was sunny and bright right now. It was time for her to go out for a walk. She didn't know if she would be able to meet that girl from the Gong family a while back.

Yun Feng pushed the door open and walked out under the warm sunlight. The personal disciples of the five elders were cultivating with the five elders at this moment. Some of them might be at the branch elders' place, and some inner campus disciples were cultivating on their own. There weren't many people who were as relaxed as Yun Feng.

Yun Feng walked to the division place. One of the privileges of the students of the inner campus was that they could choose to study in different subjects, apart from cultivation of strength. There were many types of subjects, but the branch of pharmaceuticals was popular. Almost every student of the inner campus chose to study in the branch of pharmaceuticals. They all wanted to achieve something in the field of pharmaceuticals and make a name for themselves. However, it was very easy to become a pharmacist, but ordinary people couldn't become advanced pharmacists.

Most disciples chose the branch of pharmaceuticals with ambition. Very soon, a large number of people chose to retreat, because the further they went on the path of potions, the more difficult it was. Without the help of talent, it was extremely difficult to achieve anything!

Rather than spending more effort on pharmaceuticals, it was better to spend more effort on the advancement of one's strength. The pharmaceutical branch was also the largest and most lively branch of the Juxing School. When Yun Feng walked into the pharmaceutical branch, she happened to be in time for a pharmaceutical show. Yun Feng was also very surprised to see the person standing on the pharmaceutical platform. She wasn't unfamiliar with that person. It was Hua Ling, who promised Yun Feng back then but broke her promise.

Many disciples were gathered around the pharmaceutical platform. Hua Ling was focused on making potions on the pharmaceutical platform. Yun Feng also walked into the crowd and stood a bit further away, watching Hua Ling's movements on the pharmaceutical platform. She was concocting advanced two-star potions. Even though she seemed very proficient, the distribution of the ingredients hadn't reached the precise level yet. Some of the concoctions were wrong.

“Senior Sister Hua Ling, go for it!” Some disciples shouted on the pharmaceutical platform. Hua Ling on the platform was already dripping with sweat. Yun Feng watched from afar and thought in her mind that she was probably going to fail this time. As expected, Hua Ling shook her hand at the last step and all her efforts were in vain. Some of the fat young people watching on the pharmaceutical platform sighed, and some booed.

“Go down! Go down! I’ll show you how a real pharmacist makes medicine! Senior Brother You, show them!”

Yun Feng raised her brows after hearing that. Senior Brother You? Was he that famous genius of the You family? After a while, under the encouragement of many young people, a young man jumped onto the pharmaceutical platform. His hand was a bit elegant and his facial features were quite decent, but there was too much arrogance in his expression, as if he was the only one.

#### **Chapter 1052: The Pharmaceutical Battle (4)**

Yun Feng couldn’t help but shake her head. This was the genius the You family was so proud of? She didn’t expect him to have such a bearing and strength... He was only at Grade 6 of the King Level. It seemed that his special talent in potions made him so arrogant.

Hua Ling couldn’t help but blush on the pharmaceutical platform. She got up and got off the stage in embarrassment. However, the moment she looked up, Hua Ling was completely shocked. It was her! Yun Feng was also sizing up the genius of the You family when she felt the burning gaze of Hua Ling. She turned her head and curled her lips at Hua Ling. The genius of the You family seemed to have said something to Hua Ling. Realizing that Hua Ling ignored him, he followed her gaze and looked ahead. He saw Yun Feng standing behind. He immediately narrowed his eyes and felt unhappy in his mind.

How could she be in the inner campus? Hua Ling looked at Yun Feng in disbelief. Was she also a disciple of the inner campus? However... how was that possible? When she saw her back then, if she was really a disciple of the inner campus and heard that they were students of the Juxing School, how could she be so indifferent? If she was really a disciple of the inner campus, how could she have hurt Senior Brother Kui in the end? Hua Ling stood on the pharmaceutical platform with her mind in a mess. She couldn’t figure out Yun Feng’s identity.

“Hua Ling, shouldn’t you go down?” The genius of the You family on the stage shouted in Hua Ling’s ear. Hua Ling was shocked and finally came back to herself. The students below the pharmaceutical stage burst into laughter. Hua Ling quickly walked down with a flushed face and couldn’t help but look in Yun Feng’s direction.

“Senior Sister Hua Ling, what exactly are you looking at?” As soon as Hua Ling got off the stage, someone grabbed her arm and pulled her aside. It was Yu Xia, who was with her in the cave last time. Hua Ling frowned slightly and thought for a moment before shaking her head. Yu Xia couldn’t help but frown.

“Senior Sister Hua Ling, can’t you work hard? Master originally thought highly of you in the field of pharmaceuticals, but now, this kid of the You family has the upper hand again. I wonder how proud the

fourth elder will be!" Yu Xia looked like she expected better from her, but Hua Ling didn't say anything. Her eyes drifted away again. Yu Xia couldn't help but roll her eyes when she found that.

"Senior Sister! What exactly are you looking at?" Yu Xia followed the gaze of Hua Ling, but she didn't see anything. Hua Ling certainly couldn't see Yun Feng. It was fine on the platform, but she would be out of sight when she walked into the crowd.

Hua Ling retracted her gaze. She felt that Yun Feng's appearance in the inner campus was a bit strange. She thought to herself that she should think about this question carefully when she got back. "Even though You Bai has a bad personality, he's indeed quite talented in making medicine. It's only right that I can't compare to him."

"Can you not boost other people's morale and ruin your own prestige?" Yu Xia roared in anger. The failure of Hua Ling on the pharmaceutical table was already embarrassing enough. Besides, she was the one who started this matter. She had a quarrel with You Bai because she didn't like his arrogant look. In the end, she found Hua Ling to help, but she didn't expect to lose!

"Yu Xia, you should more or less change your competitive personality. It's fine if you don't like others, but you can teach them a lesson when you have the strength instead of causing trouble right now."

Yu Xia blushed and was immediately a bit unwilling. "There's nothing wrong with my personality! If I had known that you weren't reliable, I would have invited someone else! You must know that if you lose, I'll have to apologize in person! I don't want to apologize to him!"

Hua Ling's expression couldn't help but turn cold. She helped out of kindness, but caused trouble. There was truly no return for kindness. She immediately turned around and was about to leave. Yu Xia immediately stopped her and apologized. No kidding. Now that the Hua Ling was gone, she didn't even have her last support. How could she do that?

Damn it! She didn't want to lose face in front of so many people. She was the last disciple of the Third Elder after all. If she apologized to someone in public, how would she survive in the inner campus in the future? Yu Xia bit her lips and stood there anxiously. What should she do? What should she do?

"Yu Xia, it's just an apology. Besides, you were the one who provoked him..." Before Hua Ling could finish, Yu Xia immediately pulled a long face and was unwilling. "I'm not apologizing! Why should I apologize? Besides, if I apologize, where will Master's face be?"

"Yu Xia, this has nothing to do with Master's face at all..."

"Alright, Senior Sister Hua Ling, I knew it was useless to ask you to come here!"

You Bai, who had been watching the two of them argue on the stage for a while, suddenly smiled. "Yu Xia, why don't you apologize to me humbly right now? I'll just forgive you for what you did. If you insist on holding on until the end, you'll suffer!"

Yu Xia's face flushed below the stage. "You Bai! Don't think you can be so arrogant just because you're a bit talented in pharmaceuticals. If you have the ability, beat Senior Brother Kui in the ranking contest this time!"

“Humph! I think you’re good at stirring trouble. Don’t worry. I’ll beat Tian Kui sooner or later! Open your eyes wide and see how I beat Hua Ling!”

Even though the argument between the two of them was in the midst of a lot of noise, Yun Feng caught it extremely clearly. It turned out that Yu Xia was the one who started it. Yun Feng still remembered that in that cave, this Yu Xia had an unruly personality and didn’t give in at all. Such a person would suffer fiercely sooner or later. The key was that she wouldn’t learn her lesson.

After saying that, You Bai, who was on the stage, immediately started the pharmaceutical process. If he wanted to beat Hua Ling, he certainly had to make advanced three-star potions. Yun Feng looked at You Bai’s movements on the stage. Let alone how unpleasant his personality was, in terms of pharmaceutical level, he was indeed much better than Hua Ling. Whether it was the maturity of his skills, the precise mixing of herbs, and the most important step of fusing the potions, he was a level higher than Hua Ling. It would be easy for him to beat Hua Ling, but with his state of mind and bearing, the advanced three-star level was his highest limit. He wasn’t fated to be a master-level pharmacist.

Whether it was the advancement of strength or the cultivation of other branches, the state of mind was a rather important element. If the increase in strength didn’t change the size of the mind, the subsequent advancement of strength would be restrained by the state of mind. When you climbed a high step, you didn’t only have to match your strength, but also your mind and bearing. It was said that those with achievements had a different temperament from others. If you didn’t have this temperament, you were destined to be stuck in one place.

### **Chapter 1053: Master-Level Versus Advanced Three-Star (1)**

Yun Feng only felt that it was quite a pity and also felt that it was quite ridiculous. The genius that the You family thought of as a genius was nothing. The You family treated You Bai like a treasure, so they certainly thought highly of You Bai’s potential. However, the You family didn’t expect that the importance they had always attached to You Bai’s heart world would have an extremely huge impact. It could be said that the You family’s importance made You Bai overconfident and he reached the end of the road ahead of him. Even though he could go further, there wouldn’t be an essential leap.

So, if you wanted to succeed, you must maintain a good mentality. Only by having a good mentality could you go further on the road in the future.

You Bai spent some time on the stage making advanced three-star potions. His movements were proficient and he even looked at Yu Xia, who was already biting her lips and didn’t know what to do below the stage. Yu Xia looked at You Bai’s relaxed look and bit her lips fiercely. This was bad. Hua Ling had failed. You Bai would definitely win. Did she really have to lower her head and apologize on such an occasion? No!

Yu Xia’s eyes brightened when she suddenly saw something. She immediately left Hua Ling’s side. Hua Ling couldn’t help but feel shocked. “Yu Xia, where are you going?” Yu Xia didn’t answer Hua Ling. Instead, she moved quickly through the crowd and approached a corner. You Bai, who was standing on the pharmaceutical platform, only sneered when he saw this scene. Did she think she could dodge?

He began to finish the last step of the concoction. You Bai seemed to be at ease during the entire process of making the potion and his technique was also extremely proficient. It could be seen that he had stayed in the advanced three-star area for a long time. Soon, after the precise fusion, the advanced three-star potion was successfully made! Immediately, the students below the pharmaceutical stage cheered. "Senior You is indeed impressive!" "Right, right. You can make advanced three-star potions at will. You're indeed impressive! You deserve to be the first person in the branch of potions!"

A complacent look flashed through You Bai's face as he held the potion he had just made in his hand. The sunlight shone on the potion, but Yun Feng smiled. She thought it would be of perfect quality, but it was only of mid-quality. That was true. Even though he was proficient in that move just then, he lacked patience and care. It had to be known that no matter how proficient he was, he had to be careful to make a perfect-quality potion. With You Bai's action just then, it was already good enough for him to reach the mid-quality.

You Bai looked into the crowd and received the admiring gazes from all directions in satisfaction. He was the only person in the pharmaceutical branch who could make high-level three-star potions! He was the top person in the pharmaceutical branch. He truly deserved this title! You Bai suddenly glanced in Yun Feng's direction and didn't see the admiration and appreciation he expected. Instead, he saw an expression that said, "You're just so-so." He was immediately unhappy in his mind. Who exactly was that woman?

However, the most important thing right now was to embarrass Yu Xia. You Bai looked away and shouted, "Yu Xia! As the last disciple of the Third Elder, you can't escape. If you don't want to embarrass the Third Elder, come out obediently and apologize to me!"

The crowd began to stir. Hua Ling stood there a bit awkwardly. She didn't know where Yu Xia went. It was impossible for her to escape. You Bai looked at Hua Ling. "Hahaha! Even though Yu Xia's strength isn't outstanding, she's the last disciple of the Third Elder after all. Now that she ran away, if word gets out... the Third Elder will probably be so angry that his face turns green!"

"You Bai! Shut up! I didn't run! This person offended me, so I just taught her a lesson!" Yu Xia's unruly voice came from a corner. Everyone immediately looked back. Yu Xia walked out of the crowd with a person in her hand. This person looked very messy and her cheeks were also red and swollen. It was obvious that she had been taught a lesson by Yu Xia.

Hua Ling was shocked. Offense? When did this happen? "Yu Xia, what are you doing?" Hua Ling walked over. When she saw the person Yu Xia was holding, she couldn't help but frown. Yu Xia said, "Don't worry about it." Then, she walked out of the crowd. Even though Yun Feng was standing behind, she could see clearly that Yu Xia was holding the little girl of the Gong family that day!

When You Bai saw the person in Yu Xia's hand, he couldn't help but frown. "What do you mean?"

Yu Xia chuckled and pushed the person in her hand forward. The little girl staggered a few steps forward. One side of her cheek was swollen and there was a clear handprint on it. Yu Xia pointed at it. "She offended me, so she certainly has to apologize to me. She will apologize on my behalf right now."

You Bai narrowed his black eyes and Yu Xia kicked him. "What are you waiting for? Speak!"

The little girl lowered her head slightly and her hair was a bit messy. Facing everyone's different gazes, she didn't have any expression. Perhaps she was already used to such things. She was an existence that could be bullied by anyone in the inner campus.

"I'm sorry." The little girl said in a low voice, while You Bai's temples throbbed fiercely a few times. He immediately swung his hand and a fierce force hit the little girl. The little girl's body immediately went soft and she was sent flying to the side in a sorry state, falling on the ground.

"She's not qualified to apologize to me!"

The crowd immediately dispersed. The little girl lay on the ground and didn't move at all. Yu Xia raised the corners of her mouth. "I don't care about that. She said it anyway. I don't owe you anything. If you're upset, just take it out on her."

You Bai was immediately enraged. He raised his hand and was about to attack again. He couldn't vent the anger in his heart on Yu Xia. After all, she was the last disciple of the Third Elder, but it was fine to attack the girl who had fallen on the ground!

"That's enough!" Suddenly, a furious shout came from the back of the crowd. Then, a strong wind blew a path through the crowd. Some people even lost their balance and fell on the side. You Bai on the stage was shocked. He wanted to catch the wind with his eyes, but it was useless. Yu Xia and Hua Ling were also quite surprised. After the strong wind, a slim figure appeared next to the little girl on the ground and extended her arm to help the little girl up.

"It's you?" A glint of light suddenly flashed through her big clear eyes when she saw Yun Feng. Yun Feng curled her lips gently and cold blue water elements immediately surged in her hand, nourishing the injuries on the little girl's body. The little girl moved. "No, you don't have to..."

## **Chapter 1054: Master-Level Versus Advanced Three-Star (2)**

Seeing that she was about to struggle, Yun Feng immediately shouted, "Now, listen to me!"

The little girl pursed her lips and finally quieted down. Yun Feng lowered her head slightly as she held the little girl with one hand and used the water element to treat her injuries with the other. She said without looking up, "Are you losers? What does the matter between the two of you have to do with her?"

"Where did you come from? It's not your place to care about our business!" Yu Xia immediately shouted furiously, but Hua Ling looked at Yun Feng with glittering eyes. Her hands couldn't help but tighten her clothes and her heart raced.

"Who are you to judge my business?" You Bai, who was standing on the pharmaceutical table, sneered. "So what if I hit her? In the inner campus, people like her can only be beaten up!"

“That’s right! She’s famous for being a loser. Why? Are you going to be associated with this loser now? Be careful that you’ll become a loser too!” Yun Feng chuckled and raised her head. Her clear black eyes were full of endless coldness. You Bai couldn’t help but feel cold.

“You, you, it’s you...” Yu Xia’s expression immediately changed drastically when she saw Yun Feng’s appearance, while Hua Ling’s pupils shrank fiercely. It was really that person in the cave that day!

Yun Feng’s water element stabilized the little girl’s injuries for the time being. Luckily, her injuries weren’t very serious just then. Yun Feng stood up and looked at You Bai, who was standing on the platform, coldly with her black eyes. “Your advanced three-star potion is only at the mid quality.”

The surrounding students had been silent just then. Now that they heard this, they couldn’t help but discuss. You Bai’s face turned cold. “So what if it’s mid-quality? Apart from the potion elder, who else can compete with me in the pharmaceutical branch? Even if it’s mid-quality, I’m still the best in the pharmaceutical branch!”

“Haha, hahahaha!” Yun Feng suddenly burst into laughter. Her body jumped up gently and she was already standing on the pharmaceutical platform. “If an advanced three-star mid-quality product can be considered the best in this pharmaceutical branch, the potion elder should cry.”

“W-What do you mean? Since you’re talking about me, show me what you’ve got if you can!” You Bai pointed at the pharmaceutical table and shouted furiously. Yun Feng’s red lips curled up. “Which part of the so-called genius of the You family is better than my brother?”

You Bai frowned. What did she mean?

“Yu Xia! I’ll finish him off first. Then, I’ll meet you again!” Yun Feng glanced at Yu Xia with her black eyes. She was angry. A deep anger surged out of the depths of her heart. There wasn’t anyone in this world who was born to be bullied. Even if they weren’t as strong as others, they had their dignity and bottom line as a human being. It wasn’t that the little girl of the Gong family wouldn’t resist, but she was powerless. If one were destined to be bullied because one was weak, she would definitely torture Yu Xia well!

“Are... Are... Are you crazy?” Yu Xia shouted and was about to leave with Hua Ling. Coldness flashed through Yun Feng’s eyes as she waved her hand. The space around Hua Ling and Yu Xia was instantly sealed. The two of them immediately changed their expressions!

“Space blockade!” Yu Xia shouted. It was already impossible for her to leave. Looking at the completely sealed barrier around her, Hua Ling immediately circulated her energy and wanted to rush out, but she soon found that it couldn’t be shaken!

“Senior Sister, open the blockade quickly!” Yu Xia couldn’t help but feel anxious when she saw that Hua Ling didn’t move. Hua Ling turned around and smiled wryly. “She’s stronger than you and me.”

“What? Senior Sister, you’re a level-6 King Level expert! How... How can she be stronger than you?” Yu Xia’s heart raced. That woman’s strength was above Grade 6 of the King Level. If that was the case, she would be in trouble later!

"I... I want to find master!" Yu Xia shouted loudly. Hua Ling shook her head helplessly. "This is the Juxing School. You can't get out of this space. How can you find master? Yu Xia, if you had apologized back then, everything would've been fine. How would you have caused such a disaster?"

"How... How would I know..." Yu Xia wanted to cry but had no tears. She patted the completely sealed space with her hand. "If I had known this would happen, I wouldn't have dragged that little bitch in back then. Damn it, damn it!"

Hua Ling and Yu Xia were trapped by Yun Feng. You Bai, who was on the stage, couldn't help but feel vigilant when he saw this and he was also extremely shocked in his mind. She could trap Hua Ling. Hua Ling's strength was comparable to his. They were both at Grade 6 of the King Level. If she could trap Hua Ling, she could also trap him! This person's strength was above his!

Yun Feng sneered. "I won't attack you."

A trace of embarrassment flashed through You Bai's face. He couldn't deny that he was indeed afraid just then. "You seem to look down on the potions I made. If you have the ability, make a master potion for me to see! If you can, I'll kneel on the ground and call you grandma!"

Yun Feng burst into laughter. "I don't want you as a grandson."

"Cut the crap! If you can't make it, kneel on the ground and call me grandpa! Everyone is a witness!"

The students around the pharmaceutical platform were already confused. The powerful strength Yun Feng suddenly showed shocked them. They were all guessing which elder's last disciple she was. Why had they never seen her before? It seemed that they had to compete on potions again. Master-level potions? She couldn't make them at all!

The little girl of the Gong family immediately said loudly after hearing what You Bai said, "It's enough to beat you in terms of perfect quality of an advanced three-star potion. Why did you set the master level? If it's at the master level, you should try it first!"

"Shut up. It's not your place to talk!" You Bai said fiercely. He was about to attack when he suddenly realized that Yun Feng was here. He could only curse a few times right away. "A high-level three-star perfect potion is no problem for me at all! It's fine if we compete! The two of us will make potions together. I'll make high-level three-star perfect-quality potions, and you must make a master-level potion, or you'll lose!"

Yun Feng raised her brows. She originally thought that he was at most a bit arrogant. Now, he obviously had no shame. He was truly shameless to make such a condition. "Sure." Yun Feng said two words. The students below the stage couldn't help but exclaim. A master-level potion? Was she really confident that she could make it?

### **Chapter 1055: Master-Level Versus Advanced Three-Star (3)**

You Bai chuckled. "Don't regret it!"

Yun Feng curled her lips. "I'll give you back what you said. Don't regret it!"

“Humph!” You Bai shook off his sleeve and stood at the pharmaceutical counter, starting to prepare his materials. It wasn’t that he had never succeeded in making a perfect three-star advanced potion, so it certainly wouldn’t be a problem! She wanted to make a master-level potion? What a joke! He didn’t believe that she could succeed!

“Hey! Don’t force yourself! I’ll call him grandpa for you!” The little girl of the Gong family ran to the side of the pharmaceutical table and looked up at Yun Feng. Yun Feng chuckled. “I have a name. I’m not called Hey.”

The little girl of the Gong family was stunned. “I’m serious! That You guy is indeed very good at potions!”

Yun Feng chuckled and walked to the other side of the pharmaceutical table. You Bai turned his head and looked at Yun Feng with a cold smile. “By then, kneel on the ground and call me grandpa obediently!”

The pharmaceutical competition between the two of them was about to begin and it was in the yard of the pharmaceutical branch. Naturally, they couldn’t let the elder miss this good show. If Yun Feng really succeeded, a master-level pharmacist would be born!

“Elder! Potion Elder!” The few students ran to the room of the potion elder quickly. At this moment, the potion elder was frowning at the Golden Cauldron Tree, hoping that it would give him some Golden Cauldron Fluid. Suddenly, he heard someone calling him outside. He immediately put away the Golden Cauldron Tree and walked out with a gloomy face. “Why are you shouting? If you have the time, why don’t you improve your potion level?”

“Elder! Someone in front is challenging Senior Brother You right now! I heard that she’s going to make a master-level potion!”

“What did you say? A master-level potion!” The eyes of the potion elder suddenly brightened as his mind raced. Which one of the disciples had such potential? However, after filtering for a long time, there was no such person at all!

“It seems that someone wants to challenge him first. Hahaha, very good, very good courage!”

“Elder! I’ve never seen that person before! She suddenly appeared today and her strength is extraordinary!”

The heart of the potion elder suddenly trembled. She was never seen before? She just came out? In other words... there was a new student in the Juxing School?! The potion elder immediately got up and rushed to the front yard. As he rushed, he was also happy in his mind. It was good to have a new student. If she was a good seedling, he would certainly be able to nurture her! If this good seedling came out of his hands, he would feel even more glorious in the future!

In the front yard of the pharmaceutical division, You Bai had already started making a high-level three-star potion. Unlike last time when he was distracted, You Bai was serious this time. Every step was meticulous. It seemed that he was determined to get the perfect quality. On the other hand, Yun Feng still didn’t do anything.

“Does she really know how to make potions? Master Level? I don’t think she’s done anything yet.”

“Who knows? I wonder what she’s thinking. Perhaps she’s thinking about what herbs to use?”

The students below the pharmaceutical stage whispered. Everyone focused their eyes on Yun Feng, who had yet to move. The little girl of the Gong family looked anxious and couldn’t help but shout again, “Hey! Come down! I’ll call him grandpa for you!”

Yun Feng glanced over with her black eyes. “Don’t talk. Just watch.”

The little girl of the Gong family couldn’t help but shut up. Yun Feng withdrew her gaze. It wasn’t difficult for her to make master-level potions. She had already been able to make them successfully when she was in the Pharmaceutical Institute, but that was with Meatball’s help. Now that Meatball was in a deep sleep, she relied on her own strength! Ever since she reached the King Level, Yun Feng had never made potions. This was the first time. She also wanted to know if her elemental sensitivity of herbs would change after entering the King Level. Would it work if she relied on herself with her unique method?

She flipped her hand and a herb had already appeared in her hand. Yun Feng closed her black eyes slightly and sensed it carefully for a while. Nobody could guess what she was doing. Why was she closing her eyes again now? You Bai couldn’t help but sneer when he saw Yun Feng’s movements. She was just a layman. She wanted to make master-level potions? Ridiculous!

Under everyone’s puzzled gaze, the corners of Yun Feng’s mouth slowly curled up, which made people’s mood improve. When those black eyes opened again, a beam of bright light flashed across the sky. The heart of the little girl of the Gong family couldn’t help but tremble. She... looked very powerful!

She flipped her fair hand again and a bright, jumping fire appeared! The moment the fire appeared, everyone opened their mouths wide. You Bai’s hand trembled when he saw this. What was going on? What was she doing?

There was a smile in Yun Feng’s black eyes as she looked at the bright fire jumping in her hand. She took the herbs out of the storage space with her other hand. When she took out what she needed, Yun Feng took a deep breath. The first time she made a master-level potion with her own strength, begin!

The front yard of the pharmaceutical branch fell into an unprecedented excitement. There was a pharmaceutical competition on the huge pharmaceutical platform that made people excited. Yun Feng undoubtedly became the center of everyone’s attention, because of her incomparable pharmaceutical method that belonged to her!

The bright fire jumped in the air. Yun Feng’s next move attracted even more exclamations. “Wow! What is she doing? How can she refine medicine like this? She threw all the herbs in!”

“Doesn’t she need grinding and mixing? Does she know how to make medicine?”

You Bai on the side was also dumbfounded. This unbelievable way of making medicine made everyone gasp in shock. Hua Ling and Yu Xia, who were trapped in the spatial barrier, were also stunned. “D-Does she know how to make medicine...” Hua Ling couldn’t help but mutter. Yu Xia looked at Yun Feng on the stage with her eyes wide open and only felt that how could there be such a person in this world? Such a reckless way!

“Humph! I think she just looks impressive. If she can make master-level potions with that method, I won’t be called Yu Xia!”

All the noises were automatically excluded by Yun Feng. After throwing all the herbs into the fire, Yun Feng closed her eyes and focused, starting the most important step of her pharmaceutical process, elemental sensing and arrangement!

### **Chapter 1056: Who Dares to Bully My Friend (1)**

The exclamations and sighs around were automatically filtered out. Yun Feng’s world was peaceful. After leaving Meatball’s help, this was the first time she tried to make a master-level potion with her own strength. Yun Feng really wanted to know how effective it would be.

The moment she closed her eyes, it was darkness. Yun Feng breathed slowly and gradually mobilized the mental strength in her spiritual space. The mental strength that had already fused with the Golden Cauldron Fluid was emitting a faint golden light and flowing in her spiritual space like an ocean. She let Yun Feng mix it gently. Yun Feng transferred a small part of her mental strength to every part of her body and saw that the originally dark world gradually emitted spots of luster! Yun Feng was delighted. It seemed that after reaching the King Level, coupled with the effect of fusing the Golden Cauldron Fluid in her body, her sensitivity to the elements increased day by day and she could feel the existence of the elements. Even though it was very weak, the next steps would be easy!

Yun Feng had been standing with her eyes closed and there was a peaceful expression on her face, as if everything was under her control. Everyone whispered and couldn’t accept it. After the shock, You Bai was even more disdainful in his mind. This time, he would definitely win. He would make her kneel on the ground and call him grandpa, dampening her prestige!

“Elder, elder, what exactly is she doing?” After the few disciples who came with the potion elder rushed to the front yard, they saw Yun Feng standing there with her eyes closed. The fire in her hand was constantly rolling. They didn’t know what she was doing.

The potion elder arrived and was also shocked to see Yun Feng’s gesture. However, he was an elder after all. Then, he immediately noticed the subtle difference with surprise, curiosity and admiration in his eyes. “What is she doing? She’s certainly making medicine.”

“Making medicine? How can you make medicine like this?” The disciples all cried out weirdly after hearing that, but the potion elder burst into laughter. “There are all kinds of strange things in this world. Just because you don’t know doesn’t mean it doesn’t exist and doesn’t make sense.”

“But... Can that be considered making medicine?” The few disciples looked at each other. They couldn’t associate Yun Feng’s movements with making medicine no matter what, but the potion elder burst into laughter. “Of course. There are thousands of ways to make medicine. She certainly has her own way.” This kid used such a rare method. Even I’ve never seen such a way of making medicine. I’ve really learned something now.

The corners of the potion elder’s mouth curled up in satisfaction. He also closed his eyes and carefully felt everything around him. Then, he opened his eyes. “I don’t know how this kid makes potions, but I

can clearly feel that the herbs in that fire are constantly fusing. This kid is really going to make master-level potions. I wonder how many stars she has as a master.”

If this kid succeeded, he would definitely take this kid for himself. It was truly a waste not to use such talent in potions! He just didn't know which elder's last disciple she was. The elder who had this kid was truly lucky!

The potion elder looked at You Bai on the side and knew that he was creating an advanced three-star potion. He couldn't help but shake his head. An advanced three-star potion was his limit. Compared to this kid, You Bai's talent was just average. It was too ordinary.

You Bai made the three-star potion very smoothly. Even though he paused for a while because of Yun Feng's shocking movements halfway, he soon calmed his mind and started making it methodically. Soon, You Bai reached the last step, fusion. You Bai looked up at Yun Feng on the side and found that she didn't do anything except close her eyes. He couldn't help but sneer again. Just wait! You Bai moved quickly and focused on the potion in his hand. His meticulous expression was quite serious. The fusion of the last step was perfect. After all, it wasn't difficult for You Bai to reach the advanced three-star level. When the last step ended perfectly, the advanced three-star potion was out!

“As expected of Senior You. You've done it so quickly! Judging from the color and quality of that potion, it should be of perfect quality!” The students around the pharmaceutical platform exclaimed. There was a layer of sweat on You Bai's forehead. He put the potion in a bottle and looked at Yun Feng on the side with a cold smile. “How pretentious. I'll see how you make master-level potions with that fire!”

The little girl of the Gong family saw that You Bai had already finished. The advanced three-star potion had already been made successfully, but Yun Feng still didn't do anything just then. The little girl of the Gong family couldn't help but bite her lips. Was she really fine? She wanted to challenge a master-level potion. Could she really make it with such a method?

“Advanced three-star, perfect quality. It's not difficult for You Bai.” Hua Ling whispered when she saw You Bai finish making the medicine. Yu Xia looked at You Bai with jealousy in her eyes. “If Senior Sister Hua Ling had the ability, we wouldn't be in such a situation.”

Hua Ling couldn't help but blush. She could only make an advanced two-star potion at most. Even though this result wasn't bad, she was still a bit inferior to You Bai after all. It was a fact that she wasn't as good as You Bai. However, Yu Xia's harsh tone made Hua Ling a bit unhappy. “Yu Xia, if you could control your words and deeds and don't cause trouble everywhere, this wouldn't have happened.”

Yu Xia said impatiently, “Alright, alright. It's already like this. What's the use of talking to me? Why did that person appear in the inner campus? Is she going to cause trouble for us this time?”

Hua Ling didn't say anything. Yun Feng didn't look like someone who took the initiative to cause trouble at all. As long as you didn't provoke her, she certainly wouldn't notice you. Thinking of how she went back on her words back then, Hua Ling felt a bit ashamed.

“Right! Didn't Master want to find her? And now, she came to me herself. After this, I'll tell Master! Let Master teach her a lesson!” Yu Xia glared at Yun Feng fiercely. Thinking of the gloomy expression of the Third Elder when he mentioned that he wanted to find the potion maker in the cave that day, Yu Xia felt that she could vent her anger fiercely.

You Bai had already completed the pharmaceutical process on the pharmaceutical platform. After waiting for a while, Yun Feng still didn't do anything. You Bai couldn't help but feel a bit impatient. The young people around the pharmaceutical platform were also impatient. "When exactly will it be over? Do we have to wait for a few days and nights?"

"Are you trying to fool us with this because you can't make it?"

### **Chapter 1057: Who Dares to Bully My Friend (2)**

The discussions around rose again. The little girl of the Gong family couldn't help but say, "Why are you so noisy? She's making a master-level potion. Do you think it's as simple as an advanced three-star potion? If you think it's too slow, make it yourself!"

You Bai's face immediately froze. This person was obviously superior to him. Compared to master-level potions, advanced three-star potions were certainly nothing. Even perfect quality couldn't be brought to the table. The others pursed their lips and immediately didn't say anything else. Everyone continued waiting patiently. The potion elder, who had been standing in the corner and paying attention to this side silently, had a smile on his face. He could feel that a master-level potion maker was about to be born!

"Humph! I'll just wait for you to make me a master-level potion!" You Bai gritted his teeth and said with disdain in his mind. He didn't believe that Yun Feng could succeed at all, especially in such a way that he had never seen or heard of!

Yun Feng, who had been closing her eyes, suddenly fluttered her eyelashes. The little girl of the Gong family observed carefully and couldn't help but feel excited. The potion elder smiled even more happily when he found out. Soon, soon. This kid seemed to have succeeded!

"Whoosh!" The fire in Yun Feng's hand suddenly rose a few meters. The fire, which was originally the same size, immediately expanded several times! The black ball in the fire was rolling and the temperature of the fire was also several times higher in an instant!

"Argh!" The young people around the pharmaceutical table couldn't help but take half a step back, fearing that they would be burnt by the fire. You Bai was also shocked by the fire. His body couldn't help but tremble and he broke out in cold sweat. He was about to curse when he saw Yun Feng open her black eyes at this moment!

"She opened her eyes!" Someone shouted loudly. Immediately, there was a commotion in the crowd. After Yun Feng opened her black eyes, she quickly extended her hand in the direction of You Bai. An invisible force swept away a potion bottle on You Bai's table. In the next moment, the fire disappeared and a ball of green liquid with a glittering luster appeared in the air, falling directly into the mouth of the bottle!

"It worked!" The potion elder looked at the bottle in Yun Feng's hand with glittering eyes. The green liquid inside that was as clear as jade was emitting a faint luster. It could be seen at a glance that that was a perfect-quality potion!

Everyone looked at the bottle in Yun Feng's hand with scorching eyes. The luster of the liquid inside immediately attracted people's attention. Who would believe that a potion that could attract so much attention just by looking at its appearance wasn't at the Master Level?

"She did it. She really succeeded?" When Hua Ling saw the potion, even though she hadn't had much contact with master-level potions, she knew that the bottle of potion wasn't simple. It must be at the master-level! A master-level potion maker. She was really a master-level potion maker. That meant that the Life Potion she gave in the cave last time was also made by her! She had such an identity!

"I'm not sure if it's true or not..." Yu Xia looked at Yun Feng hatefully and greedily at the bottle of potion. Master-level potion... She could reach such a height!

"You..." You Bai was also stunned as he watched on the side. Was that really a master-level potion? She really succeeded with that method?

Yun Feng chuckled and shook the potion bottle in her hand. The green liquid inside shook a few times, making it even more tempting. "The one-star Master Life Potion can heal all wounds quickly. If there are no wounds, it can also improve your physique and help your cultivation speed."

After hearing this, everyone's eyes immediately became hot as they stared at the medicine bottle in Yun Feng's hand firmly. Even though the Life Potion was only a one-star master potion, it still had infinite benefits for cultivation, especially in the inner campus. The difference in strength was the difference in people. Everyone wanted to be better than others!

You Bai's eyes were also burning. If only this bottle of potion was his!

The potion elder in the corner chuckled. One-star master. Was this kid really so strong? However, even if she was really only one-star master, it was already very astonishing. He was definitely going to have this disciple!

Yun Feng glanced at everyone. Everyone's eyes were burning with greed and they couldn't wait to take this bottle of potion for themselves. Master-Level Life Potions were very rare, especially those of perfect quality, which was even rarer! Disciples like them, who were cultivating in the inner campus, certainly weren't qualified to come into contact with these things, but it was different now!

Yun Feng glanced at the little girl of the Gong family. Among everyone, she was the only one who still had those clear eyes. There wasn't a trace of greed in them and she didn't have any thought of taking the potion for herself. When the two of them looked at each other, the little girl of the Gong family raised her thumb at Yun Feng, which made Yun Feng smile.

"You Bai, according to the agreement, what should you do?"

The atmosphere in the venue suddenly dropped a lot. You Bai's scorching thoughts suddenly cooled down. Thinking of the promise he made just then, if he lost, he would kneel on the ground and call her grandma! You Bai gritted his teeth fiercely. "You said that's a master-level potion. Is that it?"

"Oh? How do you want to appraise it?"

You Bai rolled his eyes. "Of course... Of course I want to check!"

Yun Feng was stunned. Seeing the deep greed in You Bai's eyes, she suddenly burst into laughter. "Are you qualified to examine this bottle of potion? Or are you eager to take this opportunity to take it for yourself?"

You Bai blushed. He was a bit embarrassed to have his thoughts made public. The young people around immediately looked at him with dissatisfaction. Why did they give him that bottle of potion? They wanted it too!

"Let me tell you, this is a potion I made. It's my call who I want to give it to. If you want to appraise it, fine. Meet the potion elder with me!"

You Bai stood there with a flushed face. Of course, he knew if that was a master-level potion. He indeed wanted to take the opportunity to get that bottle of potion. Even though it was a bit embarrassing if word got out, it would be worth it if it could increase his cultivation speed! He didn't care what method he had!

"You don't have to come to meet me. I'm here." The potion elder appeared with a smile. All the young people were shocked. It turned out that the potion elder was also here!

### **Chapter 1058: Who Dares to Bully My Friend (3)**

"Elder... Elder..." You Bai couldn't help but blush even more when he saw that the potion elder was also at the scene. He didn't know how much he heard just then. If the potion elder said anything in front of his master, he would suffer!

The potion elder glanced at You Bai meaningfully, and You Bai immediately looked away. Yun Feng raised her brows. The old man in front of her with red cheeks and delicate skin, who looked much younger than he was, was the potion elder? His appearance was indeed quite suitable. He had shallow wrinkles, silver hair, and a healthy body. He should be someone who often dealt with potions.

"This is indeed a master-level one-star potion, and it's of perfect quality." The potion elder nodded with a smile and looked at Yun Feng in satisfaction. This gaze couldn't help but make Yun Feng a bit scared. She suddenly thought of Elder Dan Qing, who sized her up with this gaze back then.

"A master one-star potion, and a perfect one at that!" Everybody near the pharmaceutical platform exclaimed. You Bai looked at Yun Feng and gritted his teeth secretly. Especially when he saw the satisfied expression of the potion elder, he was even more furious. He was the most eye-catching existence in this pharmaceutical branch. He was the person the potion elder should pay the most attention to. And now, all the halos disappeared from his body and were given to this person who appeared here inexplicably!

"Kid, what's your name? Did you just come to the Juxing School? Which elder's last disciple are you now?" The potion elder asked with a smile. Yun Feng smiled gently. "I'm Feng Yun. I came in through the back door of the Gong family."

The elder was stunned. Get in through the back door? With her level, it was impossible for her to get in through the back door no matter what! The little girl of the Gong family was also shocked when she

heard that. She looked at Yun Feng in disbelief. That woman got into the Juxing School through the back door of the Gong family!

Everyone was stunned. The ability Yun Feng showed wasn't related to getting in through the back door at all. Yun Feng certainly wouldn't be classified as such. The potion elder smiled awkwardly. "Kid, you're quite good at joking. Which elder's last disciple are you now?"

Yun Feng chuckled and didn't argue. "I'm not the last disciple of the elders. According to the five elders, I'm not qualified."

What she said made people sigh again. She wasn't qualified? Then who was? The potion elder looked at her in shock. "Those five people might not notice your talent in potions, but your strength is also extraordinary. If you're not qualified to be their last disciple, I don't think anyone is."

"Elder, you must be joking. I know myself well."

The potion elder burst into laughter. "You're quite humble, kid. In my opinion, most of those last disciples can't compare to you!"

Hua Ling's face inexplicably flushed. You Bai glared at Yun Feng hatefully. Yu Xia's expression also changed and she was a bit embarrassed. As the last disciple of an elder, they were a bit condescending. After all, their status was higher than others. However, compared to Yun Feng, who was "not qualified", they would all be inferior.

Yun Feng knew that You Bai was the so-called number one person in this potion branch. He must be a disciple that the potion elder paid a lot of attention to. Since the potion elder came out, she should more or less give him some face. "You Bai, let's forget about our agreement."

You Bai only felt a sense of humiliation in his mind. Even though he didn't want to kneel down and call her grandma, it was better than this inexplicable generosity right now! The potion elder raised his brows. Even though he didn't know what this deal was, this girl must have given him some face and let it go. However, it was quite good that someone could dampen the spirit of this kid of the You family.

"Elder, I still have something else to deal with. Goodbye." Yun Feng cupped her hand in the other in front of the potion elder. The potion elder nodded with a smile. "Sure, but you must come often in the future, little girl. Got it?"

Yun Feng chuckled and said as she turned around and walked off the pharmaceutical table. The young people couldn't help but look at her in admiration. Yun Feng walked all the way to the little girl of the Gong family and directly handed the medicine bottle in her hand to her. "Drink this now."

The little girl of the Gong family was stunned. The others were all shocked when they saw Yun Feng's movement. The potion elder also watched in shock. You Bai clenched his fists and almost shouted. Why did she give it to that loser? She might as well give it to me!

Yu Xia couldn't help but curse when she saw this. "She gave that bottle of potion to that loser! She's truly crazy!" There was indescribable jealousy in her eyes. Hua Ling's eyes glittered. "This is a potion she made. She's the one who decides who to give it to."

Being handed a bottle of master-level potion in front of everyone, the little girl of the Gong family immediately returned the potion to Yun Feng. "I don't want it."

Yun Feng winked at her. "This potion is useless to me. Besides, it's not difficult for me to make this potion."

The little girl of the Gong family shook her head stubbornly. "This belongs to you. I can't take it!"

Yun Feng chuckled. "Alright, if you don't want it, I'll just throw it away." She casually raised her hand. Everyone's heart couldn't help but tighten when they saw this. Don't throw it away! It's fine if she doesn't want it. Just give it to me!

"That loser doesn't even want the good stuff in front of her. Why is she pretending to be noble? If it were me..." Yu Xia hit the barrier of the space blockade fiercely and looked at the potion in Yun Feng's hand with anger in her eyes. How great would it be if she could have it?

"Don't throw it away! I'll take it!" The little girl of the Gong family immediately took it with both hands when she saw that Yun Feng wasn't joking. She wanted to put it away carefully at first, but Yun Feng shook her head. "Drink it here. If you don't drink it right now, won't you be letting someone else steal it?"

The little girl of the Gong family was stunned. In the end, she didn't hesitate to pick up the bottle and drink it all. Some people around couldn't help but swallow. A trace of viciousness flashed through You Bai's eyes. Damn it! He still wanted to have a chance to snatch it! Now, it had all entered someone else's stomach!

Seeing that the little girl of the Gong family drank all of it, Yun Feng smiled in satisfaction. "From today onwards, you'll be my friend. I'll definitely bully back whoever dares to bully you. Nobody can bully my friend!"

After hearing this, everyone suddenly fell silent. The little girl of the Gong family said in embarrassment, "Hey, you don't have to do this... What does it have to do with me..."

#### **Chapter 1059: Who Dares to Bully My Friend (4)**

Yun Feng smiled gently and didn't look at anyone else. She only smiled at the little girl of the Gong family. "As I said, my name is Feng Yun. What about you? What's your name?"

The little girl of the Gong family blushed. Perhaps this was the first person who took the initiative to ask her name and approach her in the long life of being bullied since she entered the inner campus. "I... I'm Gong Tianqing."

"Tianqing, what a good name." Yun Feng smiled lightly and glanced at Yu Xia and Hua Ling, who were sealed by the space barrier. A glint of coldness flashed through her black eyes. "I'll bully the person who bullied you just then for you right now."

"Hey!" Gong Tianqing wanted to say something, but Yun Feng grabbed her arm and instantly brought her into the sky from the ground. Gong Tianqing couldn't help but hug Yun Feng's arm tightly in fear with excitement in her eyes. So, flying was like this!

Yun Feng moved extremely quickly and rushed towards Yu Xia with Gong Tianqing. There was a clear crack and the space blockade completely shattered. Hua Ling thought Yun Feng would let them go, but she felt a gust of cold wind on one side of her cheek. Yu Xia, who was next to her just then, suddenly disappeared!

“Senior Sister, help! Senior Sister Hua Ling, help me!”

A miserable scream suddenly sounded in the sky. Hua Ling immediately looked up at the sky. Yu Xia was being lifted up by Yun Feng with the back of her collar! “Yu Xia! Feng Yun, let’s talk nicely! No matter what, Yu Xia is still the last disciple of the Third Elder! You should at least take the Third Elder’s face into consideration!” Hua Ling immediately came to the sky and stared at Yun Feng. Yu Xia’s face was already pale. Yun Feng held her by the back of her collar with great strength. She felt like she was a helpless little chick, waiting to be slaughtered!

“Humph! That’s the bearing of the Third Elder’s last disciple! She bullied the weaker ones and even made Tianqing her scapegoat!”

“Yu Xia did something wrong, but she should be taught a lesson by the Third Elder!” Seeing that Yun Feng wasn’t willing to let go, Hua Ling couldn’t help but feel anxious and her tone was also a bit harsh. After hearing that, Yu Xia immediately had the courage that came out of nowhere in her mind and she roared, “You’re not qualified to teach me a lesson! If you want someone to teach me a lesson, it should be Master. It’s not your turn! I’ll definitely tell Master when I go back and let him teach you a lesson!”

“Yu Xia! Shut up!” Seeing that Yun Feng’s face became gloomier and gloomier, Hua Ling couldn’t help but shout furiously. Gong Tianqing, who was being pulled by Yun Feng, couldn’t help but sneer. “Among the last disciples of the Third Elder, she’s kind of a rat that ruined everything.”

“What did you say? What right do you have to talk about me, loser?” Yu Xia cursed. Yun Feng’s face darkened. What she hated the most was bullying others casually with one’s noble identity or powerful strength! Besides, this was a friend she recognized!

“As I said, nobody can bully my friends.” After saying that, Yun Feng tightened her grip and Yu Xia immediately let out a wail. Yun Feng’s arm grabbed the skin at the back of her neck and didn’t let go. That place should be bruised right now! Yun Feng didn’t say anything else to Hua Ling. She turned around and was about to leave. Hua Ling immediately shouted, “Feng Yun! Do you want the Third Elder to come to you for her in person? Don’t forget that this is the Juxing School!”

Yun Feng turned around and sneered at Hua Ling. “Don’t forget who I am.”

“You...” Hua Ling looked at Yun Feng’s back as she left. There was nothing she could do. She could only bite her lips and listen to Yu Xia shout loudly, “Senior Sister, save me! Save me!” After a while, Yun Feng had already disappeared from Hua Ling’s sight. Hua Ling wanted to stop her at first, but thinking that she was weaker than Yun Feng, so what if she did?

She could only watch Yu Xia be taken away by her. No! Yu Xia had attacked that member of the Gong family and she announced to everyone that she was friends with that little girl just then. Yu Xia bullied her friend. She definitely wouldn’t let Yu Xia have a good life! No matter what, Yu Xia was the last disciple of the Third Elder. If anything happened to her, it would be difficult for her to explain to the Third Elder!

Hua Ling immediately flicked her sleeve and left the sky. She had to find the Third Elder in the shortest time possible! Hua Ling couldn't predict Yun Feng's personality. If she attacked Yu Xia... Hua Ling left in a hurry. The potion elder couldn't help but smile when he saw Yun Feng take Yu Xia away by force. "This Feng Yun girl is quite interesting. She took the last disciple of the Third Elder away just like that. Interesting, interesting!" The potion elder smiled in satisfaction and looked forward to Yun Feng's next visit. He could discuss potions with this junior.

You Bai stood aside and looked at the smiling face of the potion elder. He only felt ashamed. He knew that the potion elder didn't like him very much. If he didn't have talent and strength, the potion elder wouldn't have looked at him at all. And now, great, the potion elder wouldn't look at him anymore from now on! It was truly embarrassing to be defeated in front of so many people today!

Yun Feng grabbed Yu Xia with one hand and Gong Tianqing with the other, flying in the air. Seeing that Hua Ling didn't chase after her, Yu Xia couldn't help but curse in her mind. She was indeed a useless senior sister! Useless, useless! Along the way, she kept shouting, "Feng Yun! If you dare to hurt me, Master won't let you go! The Third Elder won't let you go!"

Yun Feng didn't care at first, but Yu Xia kept shouting along the way. In the end, Yun Feng only felt that it was noisy and she exerted more strength on her hand. Yu Xia screamed miserably, "Argh! What are you doing?"

"If you shout again, I'll directly squeeze you into a mute!" Yun Feng said fiercely. Yu Xia immediately moved her mouth and wanted to curse. Yun Feng's eyes darkened and she stuck her fingers on both sides of Yu Xia's throat fiercely. Yu Xia's face suddenly flushed and her body twisted a few times. Knowing that Yun Feng would do what she said, she finally calmed down.

"This is the feeling of flying in the air. Not bad." Gong Tianqing grabbed Yun Feng's arm and enjoyed the wind blowing against her face with a yearning look. Yun Feng chuckled. "You'll be like this sooner or later. The Life Potion you took today can help your strength improve a lot."

Gong Tianqing raised the corners of her mouth and looked at Yun Feng seriously. "I should return the favor."

Yun Feng burst into laughter. "Alright, I'll wait for the day you return it!"

### **Chapter 1060: Name: Dead Fire (1)**

Gong Tianqing blushed and glanced at Yu Xia, who was using her eyes as a weapon. "Why did you catch her? Even though the Third Elder is ranked third, he's very strong and is the most protective. Even though her character and talent aren't good, the Third Elder will still blame you." Gong Tianqing reached out and touched her cheek. Her swollen cheek had already recovered because of the Life Potion.

"I'll take that as a dog bite."

What Gong Tianqing said almost made Yu Xia curse again, but she held back with all her might. She looked at Gong Tianqing angrily with fire spitting out of her eyes. Yun Feng chuckled. "I don't want you to live the same life as before. If you don't want to owe me a favor, treat it as a thank-you for showing

me the way last time. To warn the others, there must be a sacrifice to let the others understand that they can't offend you."

"You... Ah!" Gong Tianqing couldn't help but shake her head. "I've already said that. Why do you have to get involved with me? With your strength, we're worlds apart."

"Don't belittle yourself. Your strength will increase sooner or later. I climbed up from the bottom. I didn't reach the sky in one step." Yun Feng gave Gong Tianqing an encouraging smile. Gong Tianqing also smiled. "I understand this, so I still haven't given up."

Yun Feng nodded. She was right about Gong Tianqing. No matter when, as long as you never gave up on yourself, other people wouldn't give up on you.

"Hua Ling will definitely go to find the Third Elder. I think you should just let her go after scaring her." Gong Tianqing looked at Yun Feng worriedly. The Third Elder was impressive when he was angry. Even the First Elder had to give in. The corners of Yun Feng's mouth curled up. "Do you know Hua Ling?"

Gong Tianqing raised the corners of her mouth. "There are only a few final disciples of the five elders. Everyone knows that."

Yun Feng glanced at Yu Xia as a thought flashed through her mind. "Is there any place like a forest in the Juxing School? It's best if there are Magic Beasts." What Yun Feng said made Yu Xia's face turn pale and her lips tremble. Gong Tianqing also looked at Yun Feng suspiciously. "You're not feeding her to Magic Beasts, are you?"

Yun Feng burst into laughter. "Of course not. Tell me if there's such a place. If not, I'll find it myself."

Gong Tianqing nodded. "Yes, but are you really planning to..."

"Feng Yun! How dare you! If you dare to throw me there, the Third Elder won't let you go!" Yu Xia shouted with a pale face and a terrified look. Yun Feng didn't know why she looked like this. Was that place so terrifying? It was actually a good thing to be with Magic Beasts.

"There's a place called the Forbidden Forest in the back mountain of the Juxing School. This can be said to be a place for students of the Juxing School to train. There are Magic Beasts inside. You'd better be careful." Gong Tianqing pointed ahead. Yun Feng looked over and saw a dark place in the distance, looking extremely mysterious. Yun Feng grabbed Yu Xia and Gong Tianqing and suddenly sped up towards the place called the Forbidden Forest. Seeing that, Yu Xia immediately shouted, "I don't want it! Help, help!"

Soon, Yun Feng brought the two of them to the sky above the Forbidden Forest. Yun Feng didn't go deeper, but landed at the edge of the Forbidden Forest. As soon as she entered the Forbidden Forest, Yun Feng noticed an unusual aura. The aura of Magic Beasts that were secretly subdued spread everywhere. Their nervous and suppressed breathing sounded softly in the air. This Forbidden Forest was very similar to the Foggy Forest, but the strength of the Magic Beasts in the aura of the two of them was completely different. The Magic Beasts living in the outermost area of the Forbidden Forest were all at the Lord Level. They were at the bottom of the Central Continent, but they were impressive existences on the East Continent and the West Continent.

Yu Xia's face turned pale. After entering the Forbidden Forest, she didn't say a word. Yun Feng let go of Gong Tianqing and dragged Yu Xia inside. Gong Tianqing didn't show any fear after arriving in the Forbidden Forest. She seemed to be very familiar with this place and her steps also seemed much lighter.

Yun Feng walked for a while and saw a tall tree branch. She curled her lips and smiled. She casually pulled a branch from the tree with one hand and tied Yu Xia up from head to toe. Yu Xia stood there stiffly and let Yun Feng do whatever she wanted. It wasn't that she had never been here before. Every time she came, she was with Hua Ling and Tian Kui. And now, she came in alone under such a situation. Yu Xia was obviously already dumbfounded.

After tying Yu Xia up, Yun Feng jumped and hung Yu Xia upside down on the branch. Yu Xia fell backwards and rushed down. Blood rushed to her brain abruptly, making her come back to herself. "Why are you hanging me here? What are you doing? Put me down!" Yu Xia twisted her body on the branch, but the branch on her body seemed rough but was unusually sturdy. She twisted the branch randomly and made cracking sounds. However, she still hung steadily on the branch.

"Feng Yun! How bold of you! The Third Elder won't let you go. Did you hear that?" Yu Xia was hanging upside down with messy hair. Her face was also flushed and she felt very uncomfortable. She wanted to break free, but it was useless. She could only shout with all her might. However, because it was very easy to lack oxygen if she shouted with her body upside down, the more she shouted, the more she felt like she was seeing stars.

"You... You're hanging her here?" Gong Tianqing really wanted to laugh when she saw Yu Xia's funny look at this moment. She pointed at Yu Xia and looked at Yun Feng in surprise. Yun Feng chuckled and grabbed a pile of weeds with her hand. She walked to Yu Xia and stuffed them all into her mouth. Yu Xia immediately widened her eyes and tried to vomit, but she could only whimper and eat a mouthful of mud.

Gong Tianqing was a bit dumbfounded. She was truly astonishing. How dare she treat the Third Elder's last disciple like this? Even the inner campus' last disciples had a different identity. Everybody else envied them. Yun Feng was the first person who dared to treat the Third Elder's last disciple like this!

"You're really not giving the Third Elder face. If the Third Elder sees her last disciple being humiliated like this, it'll be strange if he's not enraged." Gong Tianqing burst into laughter. She had to take a few more glances at her last disciple's miserable treatment.

"Wuwuwu! Wuwuwu!" Yu Xia's mouth was stuffed, so she could only keep whining and breathing heavily through her nose. It seemed that she was already enraged. Yun Feng, on the other hand, stretched lazily and sat on the ground around her. Gong Tianqing certainly sat down too. She was curious about Yun Feng in her mind. What kind of person was she? She was so bold and even arrogant!
