Chapter 1061: Name: Dead Fire (2)

"You're still not leaving?" Gong Tianqing was very curious when she saw that Yun Feng was relaxed and didn't intend to leave. Was she really going to wait until the Third Elder came to find her in person? By then, it wouldn't be easy to explain.

"Why should I? The show hasn't even started yet. I certainly can't leave." Yun Feng smiled casually and glanced at Yu Jin with a hint of ridicule. At this moment, a Magic Beast that looked like a baboon suddenly jumped out from the top of the tree with its hairy head stuck out. It glanced at Yun Feng carefully and seemed to find that Yun Feng didn't have any intention of attacking. Then, it jumped out and directly jumped on Yu Jin, who was hanging upside down. Its agile body jumped back and forth a few times. Yu Jin's face turned red and she whimpered a few times. This little thing seemed to be shocked. It jumped on Yu Jin's face nervously. Yu Jin immediately swayed her body and wanted to let it go, but the Magic Beast suddenly extended its sharp claws and scratched Yu Jin's cheek fiercely. A red wound immediately appeared. Yu Jin suddenly whimpered a few times with red eyes.

Yun Feng watched lazily. This saved her time of teaching the woman a lesson. This Magic Beast that was similar to a baboon did her a favor. The Magic Beast didn't leave Yu Jin's body immediately. Instead, it jumped a few times on her face. Its sharp claws left a dozen blood marks after a while. Yu Jin's face was too miserable to look at. It was full of red marks and her hair was also messy. She looked disheveled and extremely messy.

"Come here!" Yun Feng shouted at the Magic Beast. The Magic Beast immediately looked up at Yun Feng with obvious awe in its eyes. Yun Feng chuckled and moved her finger. "Come here." The Magic Beast was silent for a few seconds. Then, its body jumped and directly landed in front of Yun Feng by stepping on Yu Jin's face. It stood there obediently and didn't move at all.

"It's afraid of you. Ever since you entered the Outer Zone, the Magic Beasts in the past have been hiding." Gong Tianqing couldn't help but say in a low voice when she saw how respectful and careful the Magic Beast was. Yun Feng's eyes brightened. "That's indeed the case. Magic Beasts have a natural desire to avoid powerful forces. This is the so-called consciousness of self-preservation." She waved her finger and the Magic Beast immediately ran away. It looked back a few more times and ran away without a trace.

"You look like you're no stranger to this place." Yun Feng raised her brows and asked. Gong Tianqing smiled with a hint of coldness in her smile. "I'm certainly no stranger to this place. I've lost count of how many times I've been abandoned here for various reasons."

"What?" Yun Feng's face darkened. "These people from the inner campus are too much!" It was more like their minds were twisted than outrageous.

"I'm grateful to those people. I get along much better with Magic Beasts here than I do with those people outside. People are always the most terrifying existences in this world." Gong Tianqing looked ahead with deep eyes and sighed. "Why must people's hearts be so deep that their bottoms can't be seen at all?"

“It’s complicated for people to live in this world. Don’t think too much. It’s enough as long as you can see the road ahead of you clearly. At least, you’ll live clearly in this life.”

Gong Tianqing chuckled. “You’re right. What other people do has nothing to do with me. I just want to walk my own path.”

“How were the disciples of the five elders picked? After all, there are mages, warriors and even summoners in the inner campus. How should they be allocated?” Yun Feng had a question in her mind. There were three professions. Were the five elders all omnipotent? That was certainly impossible.

Gong Tianqing chuckled. “The five elders certainly have their own division of labor. The disciples of the first and third elders are both warriors. The second and fourth elders’ disciples are both mages. The second and fourth elders are both multi-element mages. The Second Elder is a water, earth and wind mage, while the Fourth Elder is a fire and lightning mage. As for the Fifth Elder, he certainly accepts summoners.”

So that was the case. The five elders each had their own specialty. Yun Feng nodded. Gong Tianqing said again, “Among the five elders, the last four elders have all taken in a similar number of disciples, but the Fifth Elder has very few disciples. There are already very few summoners, especially very few outstanding ones. There are usually dozens of disciples under each elder.”

“So, the essence of the inner campus lies in these disciples? The outstanding disciples of the four families should also be the disciples of the five elders.”

Gong Tianqing nodded. “Indeed. The outstanding talents of the four families are all under the command of the elders. This isn’t just about the dignity of the elders, but also about which elder should take the position of the director.”

“Oh? The director position isn’t fixed?”

“No, there’s a ranking contest among the disciples every once in a while. The elder with the most disciples among the top five will become the director.”

Yun Feng understood. No wonder the elders valued their disciples so much. There was such a competitive relationship between them. There would be competition everywhere. “What happened today will definitely be spread out. I believe the few elders will come to find you in a few days.”

Yun Feng smiled. She wasn’t interested in being a disciple, but if she could get in touch with the five elders, she would probably be able to get some information that ordinary people didn’t know, such as... things about the Yun family and the situation on the other two islands.

“Hm! Hm!” Yu Jin, who was hanging upside down on the tree branch, made another sound. She twisted her body fiercely and glared at Yun Feng and Gong Tianqing fiercely, wishing she could cut the two of them into pieces with her eyes. “She really needs a lesson,” Yun Feng whispered coldly as she took out a dark red ring. Gong Tianqing looked at Yun Feng in shock. Was she... a summoner?

Yu Jin was also startled when she saw the ring in Yun Feng’s hand. Then, she even started whining. A beam of dark red light flew out of the ring and a huge red Fire Cloud Wolf’s body appeared. Little Fire’s ferocious wolf face made Yu Jin’s flushed face turn pale all of a sudden!

“Hm! Hm! Hm!” Yu Jin made a few “hm” sounds. It seemed that she was about to cry. At this moment, she finally knew how wrong it was to provoke Feng Yun in front of her. That was a Magic Beast, a Magic Beast that was much stronger than her!

Chapter 1062: Name: Dead Fire (3)

Once Little Fire appeared, the aura of the Magic Beast that was hiding just then immediately disappeared, as if it had escaped to somewhere else. Gong Tianqing looked at the Fire Cloud Wolf in front of her in shock and felt the high temperature that suddenly rose around. Some of the grass had already been burnt.

Yun Feng patted Little Fire’s head and squeezed its ears. Little Fire couldn’t help but roll its eyes. Master, can you not pinch my ears every time? Yun Feng chuckled. “Just watch her. If she makes any sound again, spray fire at her.”

Little Fire chuckled and showed its sharp wolf teeth. Seeing that Yu Jin was about to cry, as if she was about to die in the wolf’s stomach, Little Fire nodded. “I will carry out Master’s instructions!” Its huge wolf body slowly walked to the bottom of Yu Jin. Little Fire chuckled. “Human, I don’t mind if you make a few more sounds so that I can spray you a few times. I prefer meat that’s mostly cooked. That’s more to my taste.”

Yu Jin was so scared that her body kept shaking and she didn’t even dare to make a sound. Her eyes were full of tears that flowed out in a sorry state. Under her body was a huge and ferocious wolf-like Magic Beast. Yu Jin’s saliva mixed with mud covered her face. Little Fire frowned in disgust. Humans were indeed the dirtiest creatures.

“You’re a summoner! That’s impressive!” Gong Tianqing exclaimed. Little Fire rolled its eyes. Its master’s abilities weren’t just that. This woman was so easy to be surprised!

Yun Feng chuckled. “Summoners aren’t rare. There are also summoners in the Juxing School.”

“Indeed, but you’re different from them.”

Yun Feng smiled. “Let’s not talk about me for now. Your strength will definitely improve after a while. You must practice hard during this period of time. If you need my help, just tell me.”

Gong Tianqing sat there and suddenly fell silent. Yun Feng knew what she was thinking in her mind. She was already abandoned by the Gong family right now and those people of the Gong family didn’t have any contact with her at all. Why should she have her strength increased? Yun Feng reached out and patted her shoulder. “Don’t think too much. Just think that everything is for yourself.”

Gong Tianqing turned around and looked at Yun Feng deeply. She suddenly flipped her hand and a ball of fire jumped on it. Yun Feng looked at it and suddenly felt that something was wrong. Gong Tianqing chuckled. “Do you feel it? The temperature of my fire is very low. It can’t compete with your fire at all. Even the temperature of any fire-element mage’s fire is several times higher than mine. Besides...” Gong Tianqing suddenly swung her hand and the fire in her hand pounced on the grass on the side. The grass that should have been burnt to ashes in an instant was miraculously undamaged. The fire was still burning on the grass, but there was no trace of damage on the grass at all!

Little Fire couldn't help but widen its eyes when it saw this scene. Yu Jin, who was hanging upside down on the tree branch, had already fainted because of a mental breakdown, so she certainly didn't see this scene. Yun Feng looked at the fire that kept burning on the grass and was extremely surprised. "What's going on? It can't even burn grass?" Was... Was this still fire?

"My fire element doesn't have any attacking ability. No matter how much my strength increases, it's useless to me." Gong Tianqing looked at the fire that didn't hurt the grass at all and couldn't help but smile wryly. "Maybe the upper echelons of the Gong family abandoned me completely for the same reason."

Yun Feng frowned. She felt that Gong Tianqing's fire was a bit unusual. There was always an explanation for anything unusual. It didn't have any attack power at all. It looked like its temperature was also unusually low. The fire element was famous for its attack power. If it completely lost its attacking power, what could the fire element do?

"Kid, if you think this fire is useless, I'll call you stupid." A slightly hoarse voice suddenly sounded in Yun Feng's mind. Yun Feng was startled and shouted in her mind, "Senior Yao Guang? You're awake?"

"Yes, my body has already recovered a bit. I overheard part of the conversation between you and this little girl. If her family abandoned her because of the fire element, I can only say that her family was blind."

"Senior Yao Guang, this fire element is indeed a bit unusual?"

"Humph! Humans are so ignorant. Even the elements in Magic Beasts can mutate, so the elements produced in humans will certainly mutate as well. Isn't your Fire Cloud Wolf the best example?"

Yun Feng's eyes glittered. Indeed, Little Fire was a Mutated Magic Beast. There were some dark elements mixed in the fire element. Mutated Magic Beasts were considered rare among the Magic Beasts. Yun Feng was truly lucky to meet Little Fire in the Foggy Forest.

"The elements in humans and Magic Beasts have always been the same. If Magic Beasts' elements can mutate, so can humans'. However, the chance of elemental mutation among humans is much lower than that among Magic Beasts. You've run into it several times. I really don't know what's wrong with your luck."

Gong Tianqing sat on the side silently, as if she was deep in thought, while Yun Feng communicated with Yao Guang with her mind.

"I've only seen the elemental mutation on humans a few times. The mutation on this little girl belongs to the fire mutation. The fire she produces is called the Dead Fire."

"Dead Fire?"

"That's right. The name of Dead Fire is naturally an analogy. The fire is like dead. It has lost its original powerful attacking ability and the temperature has also dropped to a certain level. It's not very aggressive to the body and plants. Human ignorance is also shown here. They're confused by the phenomenon on the surface."

"It's called Dead Fire, but in fact... it has another meaning."

“Kid, you’re quite smart. Even though the Dead Fire isn’t harmful to the body and plants, it has a wonderful and powerful effect on something, which is the soul!”

The soul! Speaking of this word, Yun Feng’s heart tightened. The members of the Yun family had already been concerned with the soul. The ancestor’s soul and the remnant soul her brother put in You Yue’s body were both related to the soul!

“Do you remember what I said to you when I resurrected Mu Canghai?” Yao Guang’s hoarse voice echoed in Yun Feng’s mind. Yun Feng’s breath suddenly tightened. “I do. Senior Yao Guang asked me to choose.”

Chapter 1063: Name: Dead Fire (4)

“That’s right, kid. Since you’re quite respectful to me, let me tell you again. You’re lucky to meet someone with the Dead Fire. It’ll be very helpful to you in the future.”

“Helpful? How?”

Yao Guang suddenly burst into laughter. His laughter was hoarse and unpleasant. Yun Feng held back for a while and finally waited for him to finish laughing. Yao Guang’s hoarse and excited voice came. “For example... resurrecting the members of the Yun family.”

Resurrect the members of the Yun family? Yun Feng’s heart suddenly became hot. “Senior Yao Guang, is what you said true? Can I resurrect my ancestor and my dead brother if I have the Dead Fire?”

“Kid, do you think it’s easy to resurrect the dead? The Dead Fire is just one of the steps. There are still many other elements that can’t be missed!”

“What are the other elements? As long as I can do it, I’ll definitely find them!”

“Humph! You’re quite bold. It’s useless even if you know about it right now. Besides, I don’t know much about the other things. However, I can only say that you’re lucky to encounter this Dead Fire. Whether you can seize it or not depends on yourself. Alright, don’t disturb me again!”

Yao Guang’s voice then disappeared. No matter how Yun Feng called out to him, he didn’t respond. Yun Feng couldn’t help but mutter in her mind. Yao Guang’s temper was truly bad. He disappeared just like that. He said whatever he wanted and didn’t say anything else. It was extremely difficult to get anything from him.

Yun Feng ended the telepathic communication with Yao Guang and glanced at Gong Tianqing. She had encountered the mutation of elements in humans, and it was a fire element mutation that was helpful to her! Yun Feng exclaimed at her good luck. Gong Tianqing was still immersed in her thoughts. Yun Feng chuckled. “What if your fire isn’t useless?”

Gong Tianqing suddenly turned around after hearing this. Looking at Yun Feng’s faint smile, she instinctively thought that she was joking. “Isn’t my fire useless? It doesn’t have any lethality at all...”

Yun Feng burst into laughter and shook her head. “There are a lot of things in this world that we don’t know at all, but it does exist. The vastness of this world might not be fully explored in our entire life.

Your fire has another name. I heard a senior mention that this fire is the result of an elemental mutation in humans, called the Dead Fire.”

“Dead... Dead Fire?” Gong Tianqing looked at Yun Feng in surprise and then looked at her hand, as if she couldn’t believe that the fire element, which she thought was useless, had completely changed its identity at this moment. Elemental mutation in a human body? She had never heard of it!

“Just like Magic Beasts, mutated species can appear among Magic Beasts, so can humans. Your Dead Fire is the result of the mutation of the fire element in humans. It can be said to be harmless to the body and plants, but it has a powerful effect on another form of object.”

“Feng Yun, are... are you kidding me?” Gong Tianqing’s eyes were full of doubts. She couldn’t accept Yun Feng’s explanation. Yun Feng chuckled and immediately flipped her hand. A small bottle appeared. The hooded man’s soul was restrained inside!

“You can try.” The corners of Yun Feng’s mouth curled up. She suddenly pulled the cork of the bottle with her hand and saw a thick black mist suddenly rise from inside. There seemed to be the sound of panting in the deep black color. Yun Feng looked at the black mist coldly as it tried to escape in panic. Gong Tianqing was immediately at a loss when she saw the black mist. Even though she didn’t know what it was, seeing that the black mist wanted to escape, Gong Tianqing subconsciously used her fire element. A circle of faint red shot out of Gong Tianqing’s hand and enveloped the thick black mist. The next second, a miserable scream sounded!

“Ahhhhhhhh!” The black fog jumped up and down. Accompanied by this miserable scream, it wanted to dodge the faint red color. Gong Tianqing was suddenly frightened by this miserable scream. She could only see the black fog jumping around and howling!

Yun Feng sneered and grabbed the black fog tightly in her hand, putting it back into the bottle. After closing the bottle, she put it into her storage bracelet and looked up at the shocked Gong Tianqing. Yun Feng raised her brows. “You saw it yourself. Your fire isn’t useless. It’s as damaging as ordinary fire elements.”

“What was that just then?” Gong Tianqing swallowed and retracted her fire elements. Thinking of that miserable roar just then, she was a bit scared. What exactly could it be that could make such a sound? And what was wrapped in that black ball... Could it be a soul Feng Yun mentioned just then?

Yun Feng chuckled. “It seems that we’ll have to talk about your fire later. She’s awake.”

Gong Tianqing followed Yun Feng’s gaze. It turned out that Yu Jin, who was hanging upside down, had woken up from the scream just then. She had just opened her eyes and was still a bit confused. When she saw that she was still hanging upside down and saw Yun Feng and Gong Tianqing, Yu Jin immediately said, “Hm, hm, hm!”

Little Fire under the tree had been waiting for this opportunity. It immediately opened its mouth and spouted a huge ball of fire. Yu Jin immediately widened her eyes. Oh no! She forgot that there was a Magic Beast guarding under the tree. She fainted because of it! Seeing the fire spouting down from below, Yu Jin immediately mobilized the fighting energy in her body to resist it. Luckily, she resisted it in time, or the fire would have directly burnt her.

After spitting out the fire, Little Fire grinned. "Say something else. I'm waiting."

How would Yu Jin dare to say anything else? Even though she survived it, some of her hair was burnt and half of her face was blackened right now. She looked truly miserable. If the Third Elder saw his disciple hanging upside down on a tree branch like this, who knew what his expression would be?

"Bastard! How dare you hurt my junior sister!" A shout came from the sky, shaking the trees. There was a hint of strength in this voice. Yun Feng's face turned cold. It seemed that the people from the Third Elder's side were here!

"Roar..." Little Fire raised its head and roared, showing an extremely ferocious expression. It bared its sharp teeth at the two black shadows flying in the sky. The person who shouted just then immediately rushed down. Seeing Yu Jin's posture, he was immediately enraged and slashed at Little Fire mercilessly with the weapon in his hand!

Chapter 1064: Done (1)

"Bastard, die!"

The fiery red wolf jumped and dodged the person's fierce attack agilely. Realizing that its first attack was dodged, the person couldn't help but feel a bit surprised. However, the longsword in its hand immediately turned around, creating a bright mark in the air as it stabbed towards Little Fire's wolf belly!

Little Fire roared in a low voice and suddenly opened its mouth, spouting out a mouthful of fire. The person holding the sword didn't care about the fire at all. He rushed into the fire with the longsword in his hand and went straight to Little Fire! Yun Feng suddenly extended her hand behind her and a blue chain flew out of her hand, going straight for the longsword in that person's hand!

"Crash..." The ice blue chain shot towards the longsword and only restrained the sword. The owner of the longsword tried to break free, but Yun Feng also exerted strength in her hand and tied the longsword firmly. She pulled hard and the longsword was about to break free from that person's hand!

The person with the sword immediately changed his expression when he saw that. He turned around and attacked with his hand. A strong fighting energy directly hit the ice blue chain. The chain immediately cracked piece by piece and turned into a ball of blue elements, disappearing in the air. During the dozens of seconds of the battle, Little Fire had already returned to Yun Feng's side. The person with the sword also missed the best opportunity to assassinate Little Fire.

"Yu Jin, are you alright?" Hua Ling, who followed closely behind, couldn't help but shout loudly when she saw Yu Jin hanging upside down on the tree in such a sorry state. When she got closer, she couldn't bear it in her mind. She immediately put Yu Jin down from the tree and took out the weeds that were stuffed in Yu Jin's mouth. Yu Jin immediately cursed, "Don't let Feng Yun go! It's all her fault. She made me like this. That Magic Beast is also with her!"

Yu Jin roared at Yun Feng with bloodshot eyes. Then, she waved off Hua Ling's hand and walked to the person holding the sword. "Senior Brother Kui, take revenge for me!"

Yun Feng raised her brows. Senior Brother Kui? Was the young man in front of her the one who was half dead that day in the cave? Yun Feng glanced up and down. The young man in front of her had a flushed face and a righteous look. The few clashes just then showed that his strength was solid and stable. Even though his facial features weren't good, he had an extraordinary temperament. No wonder the Third Elder thought so highly of him. His strength was comparable to hers. Yun Feng still remembered the half-dead young man in the cave that day and he was even punched by her in the end. Seeing his unfamiliar gaze, he probably didn't remember her. He had recovered quite well.

"I've already heard the matter from Hua Ling. Even though Yu Jin was in the wrong, what you did was too much!" The young man held the longsword in his hand and looked at Yun Feng solemnly. He glanced at Little Fire on the side and thought in his mind. She was a summoner and her strength was similar to his. Was she the disciple of the Fifth Elder? If that was the case, why had he never seen her before?

"Tian Kui, the top disciple of the Third Elder. I heard that his strength has already reached a very high level." Gong Tianqing whispered to Yun Feng on the side. Yun Feng chuckled. "Too much? If what I did was too much, then what she did should be shameless."

Tian Kui frowned and Hua Ling walked up. "Feng Yun, Yu Jin is the Third Elder's disciple. If the Third Elder knows that you treated his disciple like this, he'll definitely be enraged. This is the Forbidden Forest. Can you bear the consequences of bringing Yu Jin here?"

Yun Feng curled her lips and didn't take what Hua Ling said to heart at all. If she was afraid of the Third Elder at all, she wouldn't have done anything to Yu Jin. Since she brought her here, she was certainly prepared in her mind. "Why are you talking so much? She treated me like this. I won't let her go! Senior Brother Kui, help me teach her a lesson! That bastard almost burnt me to death just then!"

Tian Kui's eyes darkened. "Is Yu Jin telling the truth? Did your Magic Beast intend to kill her just then?"

Little Fire burst into laughter. "Human, I can kill whoever I want, including you!"

"Bastard!" Tian Kui suddenly shouted. Yun Feng's face turned cold. She immediately swung her mental strength. Tian Kui also swung his fighting energy. The two of them collided, stirring up dust immediately! Tian Kui's face tightened a bit. He knew that Yun Feng was as strong as him, so he didn't dare to attack casually right away.

"Watch your language!"

"That's an animal! It wants to kill me!" Yu Jin was so angry that her entire body was shaking. With Senior Brother Kui here, she certainly had some confidence and she couldn't help but become bolder. She probably wouldn't have dared to say anything if she were alone.

Yun Feng's black eyes darkened. She couldn't allow anyone to slander the people she cared about! She immediately waved her hand and abundant mental strength surged out, turning into a hand that pounced at Yu Jin. Tian Kui's face immediately changed. "What are you doing?"

Yun Feng sneered. What was she doing? Of course, she wanted to shut someone's foul mouth completely!

"Pa!" The huge hand formed by mental strength crossed the sky and slapped down, directly leaving a bright red handprint on one side of Yu Jin's cheek. Yu Jin's face was slapped to the side. She was about

to curse when another slap came. Her face was slapped to the other side. "Pa, pa, pa!" A few slaps quickly landed. Yu Jin's face was already red and swollen in an instant, as if there were two big steamed buns stuck on it.

"Ah... Ah..." Yu Jin's cheeks were instantly swollen. It was so painful that she didn't know what was wrong. It happened in just a few seconds. Tian Kui and Hua Ling didn't have time to react at all. Yun Feng quickly retracted her mental strength and was very satisfied to see Yu Jin swollen like a pig.

"She still owes my friend a few slaps."

Gong Tianqing couldn't help but reach out and touch her cheek. Even though Yu Jin slapped her hard back then, it was definitely not as hard as Yun Feng's slaps just then. Her face was only slightly red and swollen. Looking at Yu Jin's face right now, it looked like it was full of blood. However, she deserved it!

"You..." Tian Kui didn't know what to say. He let her attack right under his eyes and she even succeeded! However, there was nothing he could do. Yun Feng's strength was comparable to his to begin with. He might not be able to stop her even if he wanted to.

"Alright, Tianqing, we should go." Yun Feng put Little Fire into her ring and said to Gong Tianqing. Gong Tianqing immediately nodded. Yun Feng held Gong Tianqing's hand and the two of them instantly rose into the sky. Seeing that the two of them were about to leave, Yu Jin immediately reached out and grabbed Tian Kui's arm. "Senior Brother Kui... You can't... You can't..." Her cheeks were very swollen and she spoke quickly. Yu Jin was so anxious that she couldn't say anything. Tian Kui, on the other hand, looked at Yun Feng and didn't intend to chase after her, which made Yu Jin angry and anxious.

Chapter 1065: Done (2)

The three disciples of the Third Elder stood there and watched Yun Feng and Gong Tianqing leave. Seeing that Yun Feng was far away, Yu Jin couldn't help but scream loudly, "Senior Brother Kui! Why aren't you chasing her? Are you afraid of her?"

Hua Ling was also a bit confused on the side. "Senior Brother Kui, with your strength, even if she has some strength, she's nothing to be afraid of, right?"

Tian Kui turned around and looked at Yu Jin and Hua Ling solemnly, especially Yu Jin. Tian Kui gave her an extremely cold gaze. "How much more trouble do you want to cause? If you have time, why don't you spend it on cultivation? If Master finds out about this, do you think he'll protect you?"

Yu Jin didn't say anything else. She could only lower her head angrily and cover her cheek with her hand with a painful look. Hua Ling quickly mediated. "Senior Brother Kui, you know her personality. This isn't the first time. However, Feng Yun did go a bit too far this time and didn't take the Third Elder seriously at all. I've said many times that I wanted her to give Master some face, but she didn't stop."

"There's no need to mention this to Master. The problem of the Golden Cauldron Tree has already made Master exhausted. You should let him save his energy!" Tian Kui couldn't help but say a few more words. Hua Ling's eyes glittered. "Senior Brother Kui, do you not remember that Feng Yun?"

Tian Kui was stunned. "Why should I remember her? Have we met before? I'm completely unfamiliar with her."

Hua Ling looked around. This was the Forbidden Forest, not a place to talk. It was better to leave as soon as possible. The three of them immediately flew back to the Juxing School. On the way, Hua Ling walked next to Tian Kui and thought for a while before saying, "That day in the cave, Senior Brother Kui, you were seriously injured. She was the one who took out a bottle of master-level Life Potion."

Tian Kui suddenly raised his thick eyebrows. "You're saying that she's the person who gave me the potion to save me, but then attacked me?"

Hua Ling nodded. "That's right. She's a real master-level pharmacist. In the competition of the pharmaceutical branch today, she made a bottle of master-level potion and the way she made it was quite weird."

Tian Kui remained silent after hearing that. The three of them had already returned to the Juxing School. Yu Jin looked extremely messy and didn't want anyone to see her like this. Yu Jin immediately flew straight to her yard, cursing fiercely in her mind. Tian Kui and Hua Ling were behind, talking as they walked.

"Hua Ling, do you think she's the person who took the ten Golden Cauldron Trees away?" Tian Kui was silent for a long time before he said. Hua Ling was stunned. She thought carefully and felt that something was wrong. "Senior Brother Kui, now that you mention it, I remember that she came out from behind the mountain wall with two young people. At that time, Senior Brother Kui was in a critical situation. I didn't think carefully. Later, Master found the Golden Cauldron Tree in the passage she came out. At that time, ten Golden Cauldron Trees had already been dug out!"

Tian Kui frowned more and more tightly. "So, she's very likely the person Master is looking for."

Hua Ling also nodded in the end. "Indeed, but... why is Master looking for her?"

Tian Kui's eyes glittered. The Third Elder only told Tian Kui that the Golden Cauldron Tree couldn't produce the Golden Cauldron Fluid and asked him not to tell anyone else. After all, Hua Ling didn't know what the Golden Cauldron Tree was about at all. "I'm not sure, but we'll tell Master about this when we go back this time. It really didn't take us much effort to find out the truth. Master can finally be relieved."

"Yes, that's for the best. However, with Yu Jin's personality, she won't let go of what happened today."

Tian Kui sneered. "Just let her be. If she doesn't learn her lesson this time, she'll be kicked out by master!"

Hua Ling's face darkened. Yu Jin indeed had a bad personality. Not only did she cause trouble, but she was also unruly and willful, pushing all the blame to others. Even though the Third Elder was protective of her, not everyone liked her. Yu Jin wasn't especially valued to begin with. She only got the attention of the Third Elder because she came in the same batch as Hua Ling and Tian Kui. She didn't have any self-awareness at all. She had always thought that the Third Elder would protect her when she caused trouble, so she was so lawless.

Yun Feng pulled Gong Tianqing back to the inner campus of the Juxing School and went straight to where Gong Tianqing lived. At first, Gong Tianqing didn't want Yun Feng to come here, but Yun Feng insisted. There was nothing Gong Tianqing could do. After coming to Gong Tianqing's place, Yun Feng finally knew why she didn't let her come. This could be said to be the only shabby room in the inner campus.

Even though it wasn't a big yard, there were weeds everywhere and dilapidated wooden boards piled up on the side. The house was also extremely dilapidated. When she first looked at it, she thought it was a place for putting junk. Gong Tianqing blushed in embarrassment. She wouldn't care about anyone else, but Yun Feng was different.

"You've been living here? Ever since you entered the inner campus?" Yun Feng looked at the dilapidated environment and felt a bit heartbroken. No wonder Senior Yao Guang said that all humans were stupid and ignorant. If the entire Gong family knew that Gong Tianqing had a mutated element like the Dead Fire, what would their attitude be? They would probably come to her one by one.

"There's nothing wrong with living here. Nobody comes to disturb me. It's pretty good." Gong Tianqing smiled indifferently. She really didn't care about the environment. After all, she had been despised and treated coldly in such a long time. It was already a piece of cake for her.

A harsh environment could temper a person's will and also destroy everything about him. Yun Feng was glad that Gong Tianqing belonged to the former. She had maturity and tenacity that exceeded her age. She was like a weed. No matter what happened, she had strong vitality and the spirit of unwillingness to admit defeat. Even though she was lowly and weak, she had never lowered her head!

"Come with me. After all, we both got in through the back door. It's appropriate for us to live together."

Gong Tianqing immediately shook her head. "No need. It's quite good for me to live here. You know how fierce the conflict between the families and the civilians in the inner campus is. My current position is quite good. I don't want to get involved."

Yun Feng smiled. "I am not involved."

Gong Tianqing shook her head again. "There's really no need."

Chapter 1066: Done (3)

Yun Feng knew that she wouldn't go if she said so, so she didn't force her anymore. However, Gong Tianqing was a friend she had acknowledged, so Gong Tianqing certainly couldn't live here for a long time. It was fine if Yun Feng didn't know in the past, but it was certainly impossible now that she knew. Even though Gong Tianqing insisted on not living with her, it was fine to live somewhere else.

Gong Tianqing was still concerned about her fire element. Because Yu Jin woke up just then, the two of them didn't continue talking. But now, they could. "Feng Yun, is what you said about the Dead Fire true? Did that old senior remember something wrong or make a mistake?"

Yun Feng chuckled. Was Senior Yao Guang someone who would make a mistake? She had never heard of the Dead Fire, but it didn't mean that it didn't exist. Besides, when she released the hooded man's

soul just then, the fire indeed had an inexplicable killing power. It let out such a miserable scream, which showed how much damage it suffered.

“Don’t be so unconfident in yourself. As I said, just because we don’t know something doesn’t mean it doesn’t exist. The Dead Fire does exist. You can prove that. Besides, you saw the black mist just then. Your fire made it scream like that. Doesn’t that explain anything?”

Gong Tianqing couldn’t help but look a bit surprised. The worthless fire element had changed into an extremely special identity at this moment, which made her very happy in her mind. “The Dead Fire can affect the soul, but it doesn’t mean that it doesn’t have any attacking power right now. Perhaps it’s because of your strength. It’s not enough to control it. You must know that every living body has a soul.”

Gong Tianqing’s eyes brightened. “You mean, when my strength reaches a certain level and I completely control this Dead Fire, I can also turn it into a very lethal fire!”

Yun Feng nodded. The day Gong Tianqing completely mastered the Dead Fire, she might be able to use the fire to attack the soul directly through the human body. Such an attack would be astonishingly powerful and lethal. The wounds on the body could be healed, but what if the soul was injured? If the body disappeared, it might not be real death. What if the soul disappeared?

“That’s good. This ability should be able to help you more or less, right?” Gong Tianqing chuckled at Yun Feng. Yun Feng was stunned. “Why are you so surprised? Didn’t you say that we’re friends? Since we’re friends, shouldn’t we help each other?”

Yun Feng burst into laughter. “I’ll remember what you said.”

Gong Tianqing didn’t go back with Yun Feng. Yun Feng didn’t force her. Qu Lanyi and You Yue had been cultivating in the Dragon Palace, and Yun Feng didn’t disturb them at all. Gong Tianqing came to find Yun Feng often on this day. The two of them were much closer. Ever since Yun Feng declared that Gong Tianqing was her friend, nobody dared to bully her anymore, because someone had spread the news of Yu Jin’s miserable appearance when she came back that day. It was rumored in the inner campus that Yun Feng was the one who made Yu Jin look like that. Yun Feng dared to do this to the disciple of the Third Elder, let alone the others. So, nobody dared to bully Gong Tianqing again. Those who bullied Gong Tianqing in the past were frightened for a while, fearing that Yun Feng would take revenge again.

Yu Jin certainly served as an example to the others. Yun Feng wanted to achieve her goal so that nobody dared to offend Gong Tianqing. Away from the past, Gong Tianqing also smiled more. After knowing the secret of her fire, she was even more so. Her cultivation speed also increased greatly. Yun Feng found that the reason why Gong Tianqing’s strength had been suppressed was related to the environment around her and her mentality.

The two of them spent a month together just like that. One of them couldn’t wait anymore. Ever since the pharmaceutical branch competition that day, Yun Feng had promised the potion elder that she would come again, but the potion elder had been waiting for a month and still hadn’t seen Yun Feng. There was nothing he could do. He was eager to find talent. For the first time, the potion elder took the initiative to find a junior and even went there himself.

“Kid, have you forgotten what you promised me?” The potion elder had just stepped into Yun Feng’s yard and shouted in dissatisfaction. Yun Feng, who was talking to Gong Tianqing, suddenly remembered

something when she heard this voice. She immediately went out and saw the potion elder walk in from outside.

“Potion Elder!” Gong Tianqing couldn’t help but feel stunned when she saw that it was the potion elder. When did an elder come to find a disciple in the inner campus in person?

“Elder, I haven’t had time to come during this period of time.” Yun Feng smiled. The potion elder raised the corners of his mouth. “I’ve been waiting for you!”

Yun Feng smiled awkwardly. She had already put this matter to the back of her mind. She didn’t expect the potion elder to come in person. The potion elder chuckled. “I asked the five elders. You’re really not the disciple of any of them. I think it’s about time. It’s time for the five of them to come to you.”

Yun Feng only smiled lightly after hearing what the potion elder said, while Gong Tianqing opened her mouth in shock. “Feng Yun, the five elders will come to find you in person! This has never happened in the inner campus!”

The elder chuckled and looked at Gong Tianqing. “Are you this girl’s friend? What’s your name? Are you interested in making medicine?”

What the potion elder said surprised Gong Tianqing and Yun Feng. Gong Tianqing was a bit surprised to be valued by the potion elder, while Yun Feng felt that this old man had an ulterior motive. How could she reject the potion elder’s personal invitation? Gong Tianqing was also interested in potions and immediately nodded. The potion elder nodded in satisfaction. “How about this? You’ll live in the pharmaceutical branch in the future. It’ll be easier for you to learn how to make potions.”

Yun Feng’s heart immediately brightened and she couldn’t help but shake her head. This old man came up with such a method! The potion elder smiled very proudly. He didn’t care if Gong Tianqing agreed or not. He immediately waved his hand. “It’s settled then. You’ll report to the pharmaceutical branch tomorrow.”

Gong Tianqing stood there and didn’t know what to say, but she was full of joy. She would undoubtedly gain a lot if she could learn from the potion elder. After saying that, the potion elder chuckled at Yun Feng. “Kid, let’s talk in private.”

Yun Feng nodded and came outside with the potion elder. There was a smile at the corners of the potion elder’s mouth. “Kid, I didn’t hesitate to do a lot for you. Her ability in making potions isn’t very outstanding, but I reluctantly made an exception.”

Chapter 1067: I Choose What I Like (1)

Yun Feng was helpless. “It’s my fault. I promised you back then, but I forgot about it. I’ll definitely go to the pharmaceutical branch often in the future.”

The potion elder nodded in satisfaction. “Yes, yes, you must come more often in the future. Haha, I’ll go first. If those five people come to find you, just meet them generously. Seeing talents like you, the five of them will probably fight among themselves.”

Yun Feng smiled gently and watched the elder leave. This old man was really funny. In order to tie her up, he moved Gong Tianqing over. However, this was good. Living in the pharmaceutical branch couldn't only increase her knowledge of pharmaceuticals, but also made her much safer than she was right now. With the elder here, Yun Feng was much more at ease.

"I know. The potion elder is only treating me like this for your sake." Gong Tianqing chuckled when she saw Yun Feng come back. She wasn't unhappy at all in her mind. Yun Feng raised the corners of her mouth helplessly. "It's good to be there. With the protection of the potion elder, if you make a breakthrough in the field of medicine, it'll be very helpful for your cultivation."

Gong Tianqing nodded with a smile. "Right, if the five elders come to find you, have you thought about which elder you want to join? Even though the five elders all have their own division of labor, and they accept disciples of other professions occasionally, with your identity, it's most suitable for you to join with the Fifth Elder. He's a summoner."

Yun Feng smiled gently. She didn't have the intention to become the disciple of any elder. She had a master who was powerful and gave her a lot of gifts. There was probably no master in this world who could compare to him. However, the matter was right here. Yun Feng wanted to get close to the five elders. She could also be a disciple in name.

She still remembered the first time she met the five elders. The five of them said that she wasn't qualified to be their disciple. Haha, the situation had completely changed now. She wondered what kind of attitude they would have when she met the five elders again.

The next day, under the urging of the potion elder, Gong Tianqing moved to the yard where the pharmaceutical branch was located. To be exact, no disciple of the pharmaceutical branch lived there. Gong Tianqing became the first one. This matter also caused a sensation and made these students in the inner campus understand the importance of Gong Tianqing again. She was completely different from the person before. Now, not only was Yun Feng protecting her, but there was also the potion elder.

The fact that Gong Tianqing moved into the pharmaceutical branch made You Bai so angry that smoke came out of his mouth. However, what could he do about the elder's decision? His status in the pharmaceutical branch could be said to have plummeted right now. The attention of thousands of people in the past had already left him. The disciples of the inner campus were only talking about one person, Feng Yun.

The five elders didn't meet Yun Feng immediately, but chose an extremely special opportunity. The assessment of the outer campus to enter the inner campus began again. Very soon, a few people from the outer campus successfully passed the assessment and entered the inner campus. The five elders summoned the top few new disciples of the inner campus, and Yun Feng happened to be called over at this moment.

Coming to the hall she came to last time, Yun Feng saw a familiar figure. There were only two people waiting in front of the hall. When they found that someone else was here, they both turned around curiously. One of them widened his eyes when he saw Yun Feng. "It's you!"

Yun Feng chuckled. "You've indeed come to the inner campus. You're Sheng Ming, the top expert of the outer campus."

There was a faint smile on Sheng Ming's face, but he sized Yun Feng up carefully with his eyes. After sizing her up, he felt shocked in his mind. It had only been more than half a year in the past. Her strength seemed to have improved by leaps and bounds again in this period of time. Standing here like this, she gave him a faint pressure.

"Senior Brother Sheng... Who is she?" asked the young man next to him in a low voice. Sheng Ming looked a bit embarrassed. He was embarrassed to introduce Yun Feng as someone who got into the inner campus through the back door. Who knew how much stronger she was than him?

"She's a disciple of the inner campus," replied Sheng Ming conservatively. The young man next to him immediately had a hint of respect and admiration on his face. Yun Feng chuckled and didn't say anything. After a while, a voice came from inside. "Come in!"

The three of them pushed the door open and entered. The five elders were all seated. The First Elder was sitting in the middle. After learning that the director's position was based on rotation, Yun Feng also understood that the First Elder won the last ranking contest and sat in the director's seat in the middle.

Sheng Ming and the other young man from the outer campus couldn't help but become nervous, and their faces were tight. There were a total of ten people who could be promoted to the inner campus this time. Only the two of them were called here, so they were certainly different. They were lucky enough to meet the five elders right after they entered the inner campus, so they were certainly indescribably excited and nervous. Sheng Ming couldn't help but turn around and look at Yun Feng. When he found Yun Feng's extremely relaxed expression, he couldn't help but feel shocked. She was indeed different. She could be so calm in such an occasion.

Under Yun Feng's influence, Sheng Ming couldn't help but calm down and relax slightly. He wasn't like when he first came in anymore. The five elders couldn't help but look at him with admiration in their eyes. The five elders put Yun Feng aside and didn't say anything.

"You two are the two most outstanding people in the outer campus this time, so we called you here." The First Elder sitting in the main seat said with a voice that was like a huge bell with a hint of intimidation. Sheng Ming and Sheng Ming both turned pale and stood there, not daring to breathe loudly. However, Yun Feng's expression didn't change at all. The hearts of the five elders couldn't help but tighten when they saw this.

"What are your professions?" An elder under the First Elder said. Yun Feng looked over with her black eyes. If she remembered correctly, it should be the Second Elder.

"I'm a warrior. He's a mage." Sheng Ming lowered his head and replied respectfully as he glanced at Yun Feng curiously. Why did the five elders call her here?

"The warriors go to me and the Third Elder, while the mages belong to the second and Fourth Elders. Take a look. If you like them, just take them as your disciples." The First Elder said as the other elders immediately glanced over. Sheng Ming and the others couldn't help but feel thrilled in their minds after hearing that. They had just entered the inner campus and they were about to become the elders' disciples! This was a great honor!

“Although I don’t have many disciples, I am very busy. I don’t have any plans to take in a disciple right now. Brother, you should do it,” said the Third Elder rather lazily. The First Elder chuckled. “It’s best if Third Brother doesn’t steal him from me. Sheng Ming, you’ll be my disciple from today on.”

Chapter 1068: I Choose What I Like (2)

“Yes, sir!” Sheng Ming shouted heroically, while the other young man became the disciple of the Fourth Elder. Both of them were extremely happy in their minds. The First Elder continued, “Being the disciples, you must understand that you will become the role models and examples of the inner campus disciples. You must work harder to improve your strength and not fall behind others, understand?”

“We understand!” The two of them shouted at the same time. They were full of confidence and yearned for the future. Yun Feng only smiled. A few of these disciples were good-for-nothings. Yu Jin happened to be one of them. If she became a role model and an example, the dignity of the five elders would be gone.

“Alright, you may leave.” The First Elder waved his hand. The two of them immediately accepted again. When they were about to walk out, Sheng Ming looked at Yun Feng again. Why exactly was she called here? Ever since she entered the door just then, the elders seemed to have forgotten about her and didn’t mention her at all.

Although they were confused, they didn’t stop walking. Sheng Ming and Yun Feng walked out of the room and automatically closed the door after they walked out, making a dull sound. “Senior Brother Sheng Ming, why did the five elders ask her to come? Why didn’t they say anything just then?”

Sheng Ming frowned and didn’t say anything. He really didn’t understand. “Did she do something wrong?”

Sheng Ming immediately shook his head. His intuition told him that something must be wrong for the five elders to ask her to come here, but they certainly weren’t qualified to know what it was. “You don’t have to think about this anymore. The elders certainly asked her to come for a purpose. We’ve just entered the inner campus. Even though we’ve become the disciples, we can’t be too arrogant, understand?”

After saying that, Sheng Ming still had doubts in his mind. After all, it was too mysterious. However, Sheng Ming quickly buried this doubt. After all, his cultivation path had only truly begun after entering the inner campus.

After Sheng Ming and Yun Feng left, the atmosphere in the room suddenly froze. Yun Feng stood in the middle leisurely. The five elders sat there and sized her up without batting an eyelid. However, the five elders all had extremely complicated gazes. The only thing they had in common was that when they saw Yun Feng, there was an inexplicable light in their eyes, as if they were looking at a treasure.

“I really didn’t expect that the person who came in through the back door would be a dusty pearl.” The First Elder was the first to open his mouth with a smile. Yun Feng only smiled lightly. “First Elder, you flatter me.”

“Feng Yun, you’re truly too humble. We’ve already known about the competition in the pharmaceutical branch.” The Second Elder also looked at Yun Feng with a smile and was very satisfied. Their attitudes were completely different from before, full of kindness and intimacy.

“A master-level pharmacist. This can be said to be a rare good seedling since the opening of the Juxing School. The potion elder is so happy every day that he can’t close his mouth.” The Fourth Elder also chuckled with a friendly look.

“She should be above Grade 6 of the King Level, or you wouldn’t have been able to suppress Hua Ling and take Yu Jin away in front of everyone. Don’t you agree, third brother?” The Fifth Elder, who seemed the most lively, looked at the Third Elder, who had been silent, with a smile in his words. Yun Feng looked over. There were two colored Rings of Contract on the Fifth Elder’s finger. He was a double-element summoner!

The Third Elder had been sitting there without saying anything. His expression looked extremely cold, as if it had been covered in cement. The other elders also smiled more or less. The Third Elder finally moved his body, while his gaze kept staring at Yun Feng. What he knew far exceeded that of the other four people.

“Feng Yun.” The Third Elder mumbled softly. Yun Feng cupped her hand in the other and smiled calmly. “That’s me.”

The Third Elder’s face suddenly darkened, as if he was going to make trouble. The other four elders immediately thought that the Third Elder cared about what Yun Feng did to Yu Jin, so they all said, “Third brother, it’s not that I want to scold you, but Yu Jin’s personality is truly not presentable among our disciples. She only causes trouble all day long.” The Fourth Elder was the first to speak.

“Fourth Brother is right. How exactly did you take Yu Jin in as a disciple back then? Her strength isn’t the most outstanding, and there’s something wrong with her character.” The Second Elder said thoughtfully.

“Third Brother, don’t you know what Yu Jin did? Even if she suffered a loss, even if anything happened to her, she was definitely the one who caused the trouble. You can’t blame anyone else.” The Fifth Elder chuckled at Yun Feng and looked at Yu Jin with disdain.

“Third brother, they’re right. She’s definitely the one who caused the trouble this time. It’s fine if Feng Yun doesn’t care about it, but if she causes any trouble again, I’ll be the first to not let her go!” The First Elder also said. The Third Elder was taught a lesson by someone else without saying a word and he couldn’t help but look a bit embarrassed.

“You guys, I haven’t said anything yet, but you know what I’m going to say?” The Third Elder raised his brows. The other elders all looked like they knew what he was going to say even if he didn’t say it. The Third Elder couldn’t help but smile helplessly. “I know about Yu Jin’s matter. She indeed caused the matter herself. I won’t say anything for her and I won’t blame this person at all. Don’t worry!”

Yun Feng stood there and chuckled in her mind as she listened to what the elders said. They were very anxious to protect her, so that she wouldn’t waste her breath. However, if the Third Elder really spoke up for someone like Yu Jin, it could only mean that there was something wrong with his taste.

“Ahem! Do you remember Tian Kui being severely injured?” The Third Elder suddenly said. The other elders all nodded. The Third Elder fixed his eyes on Yun Feng. “Someone gave him a master-level Life Potion that day. Now, I’ve finally met that person by fate.”

The other four elders suddenly realized something and glanced at Yun Feng. “Third brother, is the person you’re talking about Feng Yun?”

The Third Elder shook his finger and the empty bottle of potion Yun Feng left behind back then appeared in his hand. Yun Feng only chuckled when she saw this. The Third Elder played with the empty bottle a few times. “My three useless disciples back then all saw her. She was the one who gave them the potion and injured Tian Kui.”

What? The four elders all looked at Yun Feng in surprise. Tian Kui was the disciple that the Third Elder cared about the most. They could defend her regarding Yu Jin’s matter, but they really didn’t expect Feng Yun to attack Tian Kui as well!

Chapter 1069: I Choose What I Like (3)

“Third brother, about this...” The Second Elder wanted to say something, but he really didn’t know what to say. They also knew Tian Kui’s personality. It was indeed not bad. If Feng Yun gave him the medicine, why did she have to hurt him? This was what they were most confused about. It seemed that if the Third Elder investigated this matter, they wouldn’t be able to defend her so easily.

“Third Elder, you’re right, but there must be a reason for what happened. Third Elder, why don’t you ask Hua Ling what she promised me that day and how she went back on her words? I didn’t want to save him at first. After all, they had nothing to do with me.”

The Third Elder’s face couldn’t help but darken a few times, but Yun Feng didn’t care about him and continued, “Since the other party was unfaithful, I certainly wouldn’t keep my promise.”

“Hahaha! Well said!” The Fifth Elder suddenly burst into laughter. The Third Elder’s eyes immediately flew over like a sharp knife, but the Fifth Elder shrugged and said indifferently, “Third Brother, you don’t have to look at me like that. She’s right. If any of us saw a seriously injured person, would we take out a bottle of master-level potion to save them? How would that be possible? Besides, she had nothing to do with Tian Kui at that time. It’s impossible for her to help a stranger. That’s normal.”

“Humph!” The Third Elder snorted fiercely. The Fifth Elder said again, “Tian Kui was seriously injured like that. It only shows that your disciples were useless. Tian Kui didn’t care about the consequences when he did things. If Feng Yun didn’t appear, what could they do? Third Brother, don’t blame others.”

“She isn’t your disciple yet, but you can’t wait to protect her.” The Third Elder sneered, but the Fifth Elder didn’t care. It was impossible for the Third Elder to accept Yun Feng. With Yu Jin’s matter and Tian Kui’s matter, even if the Third Elder was willing to accept Yun Feng, she might not agree. The Third Elder also knew himself well and knew that he had no chance, so his attitude towards Yun Feng wasn’t as warm as the other four.

“Didn’t Feng Yun say it just then? Hua Ling must’ve made some kind of promise that she couldn’t deliver. She tricked this girl into giving out her potion, and then went back on her words in the end. Is

that what happened?" The Fifth Elder smiled at Yun Feng. Yun Feng had quite a good impression of this cheerful little old man. Perhaps because they were both summoners, she always felt an inexplicable sense of familiarity.

"Indeed. If you don't believe me, you can ask him yourself."

"Alright, Third Brother, I don't think you're going to pursue the matter. Besides, hasn't Tian Kui almost recovered right now? Let's just let the matter go." The First Elder also said. The Third Elder raised the corners of his mouth. "I didn't intend to pursue the matter to begin with. I just said one sentence, but you're all eager to protect her."

The few elders all smiled. Yun Feng stood there and wasn't complacent because the few elders were intentionally biased. She wasn't shocked at all. This was a kind of calmness in her mind.

"I'm not done yet. I brought back twelve Golden Cauldron Trees from that cave. What I didn't tell you is that someone had already poached ten Golden Cauldron Trees before I arrived." The Third Elder said in one breath. The other elders immediately wanted to ask the Third Elder to shut up when they heard the mention of the Golden Cauldron Tree, but it was already too late. Not everyone was qualified to know about the Golden Cauldron Trees. The five elders didn't tell any outsiders except the few disciples they cared about. Now, the Third Elder mentioned everything in front of Yun Feng. What exactly was he doing?

"Third brother, why did you say that?" The First Elder was a bit upset and he immediately scolded him. The other elders also looked unhappy, but the Third Elder chuckled and looked at Yun Feng. "If I'm right, you were the one who took those ten Golden Cauldron Trees away, weren't you?"

After hearing this, the room fell into silence. The other four elders all glanced at Yun Feng at the same time in shock. She poached ten Golden Cauldron Trees? This little girl was too generous!

Yun Feng's eyes darkened slightly. It seemed that the Third Elder had dug out all the remaining Golden Cauldron Trees. He was truly greedy. The reason why she didn't dig out all of them back then was certainly for the survival of the Golden Cauldron Trees. Everything had a purpose and couldn't be destroyed wantonly. So, she dug out ten and left twelve. She didn't expect the Third Elder to catch up and take away all the remaining Golden Cauldron Trees.

Anyone else would've taken all twenty-two Golden Cauldron Trees away without hesitation and wouldn't have thought about leaving one or two behind at all. The Golden Cauldron Tree was something that many people dreamed of. They certainly had to take as many as they could. It was truly rare to see someone like Yun Feng. So, after thinking carefully for a long time and confirming that Yun Feng took the Golden Cauldron Trees, a question came. Why did she only dig ten and not take all of them away? Could it be that she could only take ten? Or was there another reason?

"Third Elder, what do you mean? What's the Golden Cauldron Tree you're talking about?" Yun Feng raised her head and looked at the Third Elder in confusion. The Third Elder was stunned. Was it not her? However, how was that possible? If what Hua Ling said back then was true, it should be her!

"Third brother, are you senile? How old is Feng Yun? How can she have seen the Golden Cauldron Tree?" The Fifth Elder shouted in dissatisfaction. "Even if she was lucky enough to see it, she might not

know that it's the Golden Cauldron Tree. Besides, even if she came out of that cave, it doesn't mean that she took them away."

"How would a master-level pharmacist not know what the Golden Cauldron Tree is?" The Third Elder didn't give up. Right now, he desperately wanted to confirm if Yun Feng was the person who took the Golden Cauldron Trees. If she was, she must know how to make the Golden Cauldron Tree produce the Golden Cauldron Fluid!

"Girl, just tell me the truth," said the Fifth Elder to Yun Feng. However, Yun Feng had other thoughts in her mind. It seemed that Hua Ling and the others had told the Third Elder the detailed situation. The Third Elder was a smart person. He was certain that she took the Golden Cauldron Trees. The reason why he was so anxious to confirm right now was that he definitely didn't know how the Golden Cauldron Fluid was produced. Thinking of this, Yun Feng smiled in her mind. She certainly couldn't let him know about this method, or there would be endless trouble in the future. She didn't want to volunteer for the Juxing School. She would leave this place sooner or later, and Yun Feng certainly wouldn't hide the Golden Cauldron Trees. She wanted to send it to the headquarters of the Yun family. The Golden Cauldron Fluid would also be very helpful to the Yun family. If these old guys knew that she had ten of them here and knew the method, they would definitely ask her to take them out. By then, it would be difficult.

Chapter 1070: I Choose What I Like (4)

"Is the Golden Cauldron Tree you're talking about those short and small trees in the cave?" Yun Feng asked, describing the Golden Cauldron Tree very awkwardly. The Third Elder immediately became suspicious in his mind after hearing that. Perhaps she really didn't know?

"Yes, they're indeed the ones in the cave."

"I did see those trees back then, but I didn't pay much attention to them. Those trees had already been dug up by someone when I arrived at the cave."

What Yun Feng said made the Third Elder's eyes light up. Rather than believing that Yun Feng was the person who poached the Golden Cauldron Trees, the Third Elder would rather believe that it was someone else. After all, Yun Feng shouldn't know the Golden Cauldron Tree at all with her experience and age, let alone the relationship between the Golden Cauldron Tree and the Golden Cauldron Fluid! That was indeed the truth. Without her master's notebook, Yun Feng really wouldn't have known what the Golden Cauldron Fluid and the Golden Cauldron Tree were and she might have missed them. The notebook her master left for her could be said to be a precious treasure.

"Look! How can this girl be someone who poached the Golden Cauldron Trees?" The five elders couldn't help but heave a sigh of relief after hearing that. The few elders all looked relieved. Right! How would a little girl know about the Golden Cauldron Tree?

"Did that person leave anything behind?" The Third Elder asked again. Yun Feng pointed at the bottle in the Third Elder's hand. "They left that potion. That's a master-level three-star potion. With my current level, it's impossible for me to make it." Indeed, Yun Feng couldn't make it without Meatball's help, but if Meatball was here, it would be easy.

“You said this was a three-star master potion!” The Third Elder was shocked and he immediately held the bottle in his hand tighter. Yun Feng nodded. “It’s indeed a three-star master potion. I wanted to put it away, but I met Hua Ling and the others. Hua Ling suggested that I could get a favor from you, so I gave it away.” What Yun Feng said removed all the doubts in the Third Elder’s mind. So, when Hua Ling went back on her words, this girl was also enraged. This made sense.

“Humph! That Hua Ling really dares to say anything. A favor from you?” The Fifth Elder grunted. The Third Elder glanced at him and didn’t say anything. All his guesses about Yun Feng in the past were overturned. He now believed that an unknown person had once appeared in that cave. That person dug out ten Golden Cauldron Trees and that person also knew how to produce the Golden Cauldron Fluid!

Seeing that the Third Elder wasn’t staring at her anymore, Yun Feng knew that she had passed safely. She thought that she must be more careful when she used the Golden Cauldron Fluid in the future. If these few old men discovered her, it would be difficult for her to explain.

“If someone else did it, the hopes are even slimmer.” The Second Elder said with a heavy tone. At this moment, Yun Feng asked, “Elders, what exactly is that Golden Cauldron Tree for?”

“It’s nothing. You don’t have to ask about this.” The First Elder waved his hand and refused to talk about this moment. Yun Feng also smiled and nodded, not asking anymore.

“Let’s talk about this later. Feng Yun, your talent and strength are pretty good. We all want to take you in as our disciple. I wonder if you have any intention?” The First Elder said with a smile and changed the topic, turning to the highlight of the day.

“Elders, I’m afraid you overestimated me.” Yun Feng smiled. The elders all chuckled. “This girl is very humble and low-profile.” The Fifth Elder burst into laughter and winked at Yun Feng. “Kid, if you’re a summoner, you must join with me.”

Yun Feng smiled and didn’t say anything. The Fourth Elder couldn’t help but roll his eyes. “Fifth Brother, are you crazy about taking in disciples? I know you don’t have many disciples, but you can’t just ask any random person you meet if they’re summoners. How can there be so many summoners in this world?”

“Don’t talk. She hasn’t said anything yet,” said the Second Elder. The few elders all looked at Yun Feng and waited for her to speak. Usually, the elders picked their disciples. How would there be five elders sitting in rows for a disciple to pick? Right now, the five elders were sitting in rows, waiting for Yun Feng to pick.

“The Third Elder and I are both warriors, the Second Elder and the Fourth Elder are mages, and the Fifth Elder is a summoner.” The First Elder said with a smile as he looked at Yun Feng with anticipation. Even though the Third Elder knew that he had no chance, he couldn’t help but look forward to it a bit.

Yun Feng chuckled. She knew that she couldn’t be too pretentious. She should know when to stop. “I’m a summoner, so I certainly have to join with the Fifth Elder,” said Yun Feng casually. The faces of the other four elders froze at first, then became disappointed. In the end, they began to light up.

“Hahaha! I knew it. This girl is a summoner! Haha!” The Fifth Elder smiled happily. Being able to get a disciple like Yun Feng, the Fifth Elder was immediately delighted. Flowers were almost blooming on his face.

“She’s a summoner... How rare.” The First Elder nodded. Even though he felt regretful in his mind, it wasn’t much. The Second Elder and the Fourth Elder were different. After all, summoners and mages didn’t conflict. Summoners were also mages. It was fine for Yun Feng to come to them, but... Ah!

“Alright, alright! This girl is my disciple. Don’t even think about it!” The Fifth Elder immediately said when he saw that the Second and Fourth Elders didn’t seem to have given up. The First Elder chuckled. “She said she wants to be your disciple, so the others certainly don’t have a chance.”

The Second and Fourth Elders could only sigh helplessly and felt that it was a pity. Even though the Third Elder sat there without batting an eyelid, he was greatly shocked in his mind. Feng Yun’s strength was comparable to Tian Kui’s. Tian Kui was a Grade-8 King! So, she was a King-level summoner! Plus a master-level pharmacist! Such a disciple was truly unique in the world! Whoever got her would have a flower blooming in their hearts!

“Kid, tell me which element you are.” The Fifth Elder asked with a smile. Yun Feng was a bit worried. Of course, she couldn’t tell them that she was a five-element summoner. Perhaps these five old men wouldn’t believe her even if she told them. She had contracted three Magic Beasts right now. Should she tell them all or be conservative?
