

Summoner 1071

Chapter 1071: I Choose What I Like (5)

“Kid, what’s wrong?” Seeing that Yun Feng didn’t say anything, the Fifth Elder thought she was too embarrassed to say anything. “What are you afraid of? Even if your Magic Beasts aren’t good, I’ll help you find a better one!”

Yun Feng chuckled. “I’m a fire-element summoner.” After thinking for a while, she only said one thing. A tall tree attracts the wind, especially in front of these five old men. Her strength and level of potions were already astonishing enough. As for the other things, she would save them for the future.

“The fire element is not bad. It’s very aggressive.” The Fifth Elder nodded with a smile and looked at Yun Feng with glittering eyes. Yun Feng knew that this little old man was curious about her contracted Magic Beast. It was just that it seemed inappropriate to release it here.

“Alright, fifth brother, restrain yourself.” The Second Elder grunted in dissatisfaction. The Fifth Elder burst into laughter and immediately stood up. “We’re done talking about today’s matter. I’ll take this girl back first.”

The First Elder didn’t know whether to laugh or cry as he nodded and asked the Fifth Elder to leave first. The Fifth Elder took Yun Feng out with an increasing smile on his face. When the two of them went out, the other four elders couldn’t help but sigh. The Second Elder and the Fourth Elder said a bit jealously, “Fifth Brother is really lucky. She’s a summoner. It would be great if that girl comes to me.”

“The ranking contest this time is about to begin. Fifth Brother really got a huge bargain.” The Fourth Elder said with a slightly sour tone. Thinking that the disciple he cared about the most, You Bai, who was only at Grade 6 of the King Level, he couldn’t help but feel a bit hurt.

“The ranking contest is about to begin. It seems that the position of the director will be changed again,” said the First Elder as he looked at the Third Elder. “Third Brother, I think you might be able to sit on it this time. Tian Kui’s strength has already reached Grade 8 of the King Level, right?”

The other three elders were also quite surprised. Grade 8 of the Lord Level! The Third Elder chuckled. “Didn’t Lu Yuan, who’s under the First Elder, also reach Grade 8 of the Lord Level? Qing Zhi is also at Grade 7 of the Lord Level. This time, the First Elder will still sit here steadily.”

The other three elders couldn’t help but click their tongues. A Grade 8 King and a Grade 7 King! Thinking of the disciples in their sect, they couldn’t help but feel a bit angry. None of them could keep up! The Fourth Elder chuckled. “Don’t forget Fifth Brother, even though he’s always at the bottom every time. He might make a huge comeback this time.”

“Even if Feng Yun can get the first place, he has to occupy two of the top five spots. Feng Yun alone won’t be enough.” The Second Elder shook his head and smiled. “Besides, with Fifth Brother’s personality, do you think he cares about this ranking contest? Even if he’s at the bottom, I think he’ll be very happy.”

“There’s not much time left until the ranking contest. We still have to supervise the cultivation of our disciples. It’s hard to say who will win this time.” The Third Elder smiled lightly with more or less a hint of confidence in his tone. The other elders also looked at each other. Indeed, the ranking contest was about to begin. This wasn’t just about who would be the director, but also about the dignity of the five elders. It would be very embarrassing for the disciples of the five elders to compete and lose.

The Fifth Elder walked out of the room with Yun Feng and said with a smile, “Kid, why aren’t you calling me Master?”

Yun Feng chuckled in her mind. This little old man was quite interesting. He was quite lively compared to the other four elders. “Master.” He called out obediently and the Fifth Elder was immediately delighted. Yun Feng smiled. Should she say that this little old man was a bit innocent?

“Alright, alright, alright! I only have a dozen disciples in total. You came in the latest, but you’re the strongest. You don’t have to bow to the others. Go back with me to take a look now and get to know them.”

Yun Feng chuckled. “Alright!”

The Fifth Elder laughed rather boldly and brought Yun Feng back to the yard he was in. In the inner campus of the Juxing School, the five elders each occupied a large area. The few most valued disciples of the five elders lived with them. Because the Fifth Elder’s disciples were too few, they all lived here. The number of summoners in the Juxing School wasn’t too small, but very few of them were accepted by the Fifth Elder.

They sped all the way. It could be seen that the Fifth Elder’s personality wasn’t only lively, but he also didn’t like to be restrained. Yun Feng quite liked this lively little old man’s personality. He wouldn’t make her feel restrained at all. It was hard to say if she was with the other four elders.

“Master, you’re back!” As soon as he landed, someone ran out. The Fifth Elder nodded with a smile. “Call everyone over!”

The person immediately nodded and glanced at Yun Feng. He thought to himself that his master was in such a good mood. It seemed that this new disciple was a delight. Not bad, not bad. After a while, more than a dozen people were gathered, both men and women. The Fifth Elder counted and his expression changed slightly. “Where’s Rong Xin? Why isn’t he here?”

“Senior Brother Rong Xin is cultivating in seclusion. I didn’t dare to disturb him.”

The Fifth Elder finally eased his expression and nodded. “That kid, he finally knows how to work hard now...” The Fifth Elder turned around. “Kid, Rong Xin is the first disciple I took in and he’s also the least ambitious one. He probably knows that you’re coming and knows that he has to work hard now...”

“Master, I’m here right now!” A loud voice sounded as a figure came from the sky. Yun Feng looked up slightly and saw a rather cool young man walking over. “Master, is this your new junior sister?”

Yun Feng raised her brows. Junior sister? That title was truly... uncomfortable.

“You kid! You know how to work hard now. Why didn’t you start working hard sooner?” The Fifth Elder immediately scolded the young man who rushed over, but everyone could hear that it was not real. The young man also listened with a smile. The disciples around snickered secretly, as if they were used to it.

“Master, the ranking contest is about to begin. I certainly have to give you some face! This time, I have to get into the top three no matter what!” The young man looked excited. He waved his arms hard a few times, but there was a teasing look in his eyes that weren’t serious at all. The other disciples couldn’t help but chuckle again. The Fifth Elder scolded with a smile, “You kid! I haven’t slapped you in a long time. Do you want a beating?”

Chapter 1072: Jealous, Jealous (1)

“No, no! Master, don’t really attack me!” The young man immediately lowered his head and apologized. His behavior was very funny. Yun Feng couldn’t help but smile. It seemed that the way the Fifth Elder and his disciple got along was more pleasant. This was more in line with her personality and she wasn’t restrained at all.

“Master, where did you bring back such a beautiful junior sister?” The young man called Rong Xin walked to Yun Feng and sized her up in satisfaction. He held his chin with his hand and nodded in admiration. “Not bad. You have a good body and a good face. However...”

“You kid! You’re really asking for a beating!” Seeing that Rong Xin was so cheeky, the Fifth Elder immediately pulled a long face. This was the disciple he finally got. Don’t let her be scared away by this kid! Seeing that the Fifth Elder was really a bit angry, Rong Xin immediately restrained his attitude just then and stood in front of Yun Feng with a calm smile on his face.

“Hello, Junior Sister. I’m your Senior Brother, Rong Xin.”

Yun Feng only raised her eyebrows. She felt that this person called Rong Xin was truly fun. He was really the same as the lively Fifth Elder. Her life here in the future wouldn’t be too boring. Seeing that Yun Feng didn’t say anything, Rong Xin thought that she was shy. He turned to the Fifth Elder. “Master, aren’t you going to introduce us?”

The Fifth Elder immediately coughed and waved his hand. “Move aside, kid! This girl isn’t your junior sister!”

Rong Xin was startled when he heard that. He looked at Yun Feng thoughtfully and moved back a few steps. The Fifth Elder looked around. “Ahem! This is a new disciple of mine. Her name is Feng Yun. Don’t even think about bullying the new. This girl isn’t easy to deal with, understand?”

Everyone looked at Yun Feng in surprise. Yun Feng didn’t know whether to laugh or cry. The Fifth Elder was truly interesting. Who would introduce a newcomer like this? Yun Feng walked forward and smiled. “Master is exaggerating. Hello, senior brothers and sisters.” Since she had come to their territory, she certainly had to humble herself.

The dozen or so disciples saw that Yun Feng was so humble, which wasn’t very fit for the person the Fifth Elder described, so they didn’t dare to reply easily. The Fifth Elder chuckled. “Kid, why are you still

so humble despite your strength? Just call him Senior Brother Rong Xin in the future. As for the others, they will call you Senior Sister!”

Yun Feng immediately frowned. Wasn't this little old man causing trouble for her? She had just entered the place and she became someone else's senior sister. What would other people think in their minds? Yun Feng glanced at the others. As expected, many dissatisfied gazes glanced over, but they didn't say anything because of the Fifth Elder.

“Tut-tut, Master values you so much that you don't have to respect them. It seems that you're indeed strong.” Rong Xin changed his frivolous attitude just then and looked at Yun Feng seriously. Yun Feng chuckled. “Thank you for your compliment, Senior Brother Rong Xin. I still have a lot to learn.”

“Come, girl. I'll take you to where you're going to stay.” The Fifth Elder nodded in satisfaction. Rong Xin was one of the disciples he was most proud of. He was just a bit frivolous. He was fine in other aspects, but now, there was this girl. Thinking of the regretful expressions of the other four elders in his mind, the Fifth Elder was delighted in his mind.

Yun Feng nodded and followed the Fifth Elder inside. The other dozen disciples all surrounded Rong Xin and immediately expressed their dissatisfaction.

“Senior Brother Rong Xin! She just came in. Why should we call her Senior Sister?”

“That's right! Judging from her expression, she doesn't take Senior Brother Rong Xin seriously at all!”

“Senior Brother Rong Xin is Master's most valued disciple. Why is Master siding with her now?”

“Senior Brother Rong Xin, we're all defending you! If there's a chance, we must teach her a lesson!”

“Alright, alright!” Rong Xin waved his hand and the corners of her mouth curled up. “You're upset, aren't you? Even though Junior Sister has just come, the fact that Master values her so much shows that she's indeed outstanding! Didn't you hear what Master said just then? Junior Sister is quite strong!”

“Even if she's strong, how strong can she be? Can she be stronger than you, Senior Brother Rong Xin? She might just be a bit stronger than ordinary people!”

“That's right. I've never seen anyone so arrogant!”

“Stop, stop, stop! Why are you so petty? After entering Master's door, we'll be senior brothers and sisters from the same sect. We must love and respect each other! Do you understand?” Rong Xin widened his eyes and glanced at everyone. Everyone immediately lowered their heads. “Got it—”

Rong Xin nodded in satisfaction. “Didn't Master say before that our group has very few people to begin with, so we have to be united? Isn't it better if Junior Sister comes? If you're bullied in the future, Junior Sister and I can stand up for you!”

Everyone raised the corners of their mouths helplessly. “Got it... Senior Brother...” They shouted lazily like a tractor.

Rong Xin burst into laughter. “Alright, there's not much time left until the ranking contest. If you have time, improve your cultivation quickly. Even though Master doesn't care about the ranking, we can't always be at the bottom! This time, we'll all be more attentive and motivated!”

Everyone immediately shouted “yes” and turned around to leave, chasing after the Fifth Elder and Yun Feng. After he left, the dozen or so disciples gathered around and looked at each other, shaking their heads and sighing. Their Eldest Senior Brother’s strength and moral character were undoubtedly good, but his stupidity... was probably something that couldn’t be changed.

The Fifth Elder led Yun Feng all the way inside and explained the places for her with a smile on his face. Yun Feng listened with a faint smile on the side. The Fifth Elder brought Yun Feng to a quiet yard. “Kid, you’ll live here from now on.”

Yun Feng glanced at it. The environment was her favorite. “Thank you, Master.”

“Haha, why are you so polite with me? You took the initiative to choose me. I’m very happy in my mind! Right, I heard that you have two companions when you came to the Juxing School. Do they have a master right now?”

Yun Feng looked at the glittering eyes of the Fifth Elder speechlessly. This little old man... Did he think that the people who came with her were also summoners? In terms of strength, Qu Lanyi was comparable to or even stronger than her. However, with his personality, he would definitely not take this little old man as his master. As for her brother, You Yue, he could take this opportunity to become the Fifth Elder’s disciple. Even if she left in the future, her brother would have someone to rely on.

Chapter 1073: Jealous, Jealous (2)

“Master, my other two companions aren’t summoners.” Yun Feng chuckled. The Fifth Elder immediately looked disappointed. “They’re not summoners... What a shame... But it doesn’t matter. How strong are they? If they’re not bad, I’ll accept them for your sake!”

Yun Feng smiled. “If Master says so, I’ll bring the two of them to you in a few days. We’ll discuss then.”

“Haha, alright, alright!” The Fifth Elder immediately agreed and patted Yun Feng’s shoulder with his hand. “With your talent, you don’t need any guidance. Just follow your own method freely. Do as how you cultivated in the past. I won’t restrain you.”

Yun Feng nodded. This little old man indeed had a good personality. He knew how to free his disciples. The other four elders would probably be much more rigid and would have to boss Yun Feng around in their own way. “Alright, I still have something to do. I’ll leave first. Right, right, don’t forget to go to the pharmaceutical branch from time to time. I don’t want that chatterbox, Potion Elder, to bother me all day.”

Yun Feng suddenly smiled. Chatterbox? The potion elder was a chatterbox? “Yes, I understand.”

The Fifth Elder finally left with a smile. He was in a pretty good mood. Yun Feng was about to enter the Dragon Palace to discuss with Qu Lanyi and You Yue about what the Fifth Elder said just then, when a visitor unexpectedly came. “Junior Sister!” A clear voice sounded, followed by a face full of smiles. Yun Feng suddenly felt strange. why did he call her junior sister?

“Senior Brother Rong Xin.” Yun Feng smiled at the person who came. He stood at the door of Yun Feng’s yard and walked over with a huge smile on his face. His footsteps were very light. “I just saw Master

leave. He probably has something to do. Master asked me to tell you that you can ask me if you need anything.”

Yun Feng smiled gently. Rong Xin had a good personality and was quite decent. Judging from his style of doing things, he was also upright. She had just arrived and because of what the Fifth Elder said, the others should be quite dissatisfied with her. However, Rong Xin didn't show any dissatisfaction and was also very friendly to Yun Feng.

“Thank to Master's help, there shouldn't be anything missing here.”

“Junior Sister, you don't have to be so polite! Master is actually quite careless. If you need anything, just tell me!”

“Got it. Is there anything else, Senior Brother Rong Xin?” Yun Feng asked. Rong Xin scratched the back of his head with his hand in embarrassment, as if he was a bit embarrassed to say, “Junior Sister, Master said you're very strong. Well...”

“Why? Senior Brother Rong Xin, just say it.” Yun Feng couldn't help but find it interesting when she saw that Rong Xin was so embarrassed right now. She didn't know what he wanted to say.

“If Master said you're strong, you must be! How about fighting with me first?” Rong Xin said everything. Yun Feng was stunned. Fight? It turned out he was here to fight.

“Master flattered me. There's still a huge gap between me and Senior Brother.” Yun Feng smiled gently. She didn't want to fight with him. Firstly, she didn't want to fight. It was more important to see who was stronger in the ranking contest. If someone wanted to fight, did she have to fight? Yun Feng didn't have any desire to fight at all. She could agree with him, but he would definitely not be satisfied with such a battle. It was truly tiring to meet someone who wanted to fight.

“Why are you so humble? Master never lies! I've been learning from Master for many years. All the disciples here have fought with me. Now that you're here, Junior Sister, I'm finally motivated again! It'll be fine if you're under another elder. Then, we can fight fair and square in the ranking contest. What a pity... But it doesn't matter. It's the same if you fight with me right now!”

Yun Feng raised the corners of her mouth. “Senior Brother Rong Xin, I have something else to do. Please excuse me.” After saying that, Yun Feng turned around and walked in. After the door was closed, Rong Xin was locked outside. “Junior Sister, if you have anything to do, just forget it. I'll come again!” Rong Xin shouted loudly and turned around to leave in satisfaction. Yun Feng only shook her head and sighed softly inside the door. The disciple of the Fifth Elder was indeed different.

Yun Feng walked into the yard and completely sealed the space. Then, she entered the Dragon Palace. As soon as she entered, a handsome face full of unhappiness appeared in front of Yun Feng. “Where did that wild kid come from?” Qu Lanyi asked with a sour tone with sparks hidden in his eyes. His wife had unlimited luck with men wherever she went. Should he be proud or angry?

“You're done practicing?” said Yun Feng with a smile. Qu Lanyi snorted with strong dissatisfaction. “Someone is noisy outside. How can I continue?”

Yun Feng shook her head helplessly. She glanced at You Yue and found that You Yue was still in the cultivation state. She looked at the amount of Golden Cauldron Fluid and saw that only a small part of it

had evaporated. Yun Feng walked to Qu Lanyi and held his big hand. The corners of Qu Lanyi's mouth curled up slightly, but he still looked very bad.

"I came in because I have a lot of things to tell you. That wild kid just then is the strongest among the disciples of the Fifth Elder. His name is Rong Xin."

"The Fifth Elder's strongest disciple?" Qu Lanyi raised his brows. "Fengfeng, are you also the Fifth Elder's disciple right now?"

Yun Feng nodded with a smile. "You and my brother have been cultivating. I didn't disturb you. Something happened during this period of time. I'll tell you slowly." Yun Feng told Qu Lanyi everything that happened during Qu Lanyi's cultivation without missing anything. Qu Lanyi looked more and more anxious as he listened, especially when Yun Feng talked about Gong Tianqing's ability. Qu Lanyi was very surprised!

"Dead Fire? I didn't expect you to encounter this!" Qu Lanyi was very surprised. "That's good. When you resurrect the Yun family in the future, just ask Gong Tianqing for help. It'll save you a lot of effort."

Yun Feng cared about Qu Lanyi's tone. He seemed to know something about the Dead Fire. Seeing Yun Feng's confusion, Qu Lanyi reached out and squeezed her cheek. "I have a lot of old books at home that are piled in a library. I was very bored when I was young, so I flipped through them."

Chapter 1074: Jealous, Jealous (3)

Yun Feng's black eyes glittered and she didn't ask again. What kind of book could record things about the Dead Fire? What kind of family would keep such a book?

"Now that you're the disciple of the Fifth Elder, does that old man mean he wants the two of us too?" Qu Lanyi changed the topic. Yun Feng nodded, and Qu Lanyi immediately snorted. "I don't know about You Yue. It's impossible for me."

"I know your personality, so I didn't agree with the Fifth Elder."

"My wife knows me best." Qu Lanyi smiled gently and put his hand on Yun Feng's face again. When he touched it, he only had a slippery feeling under his finger, which made him want to keep touching it. He quickly put away his thoughts. Qu Lanyi retracted his hand. "However, with You Yue's current strength, the Fifth Elder probably won't be interested."

You Yue was constantly hovering at the peak of the Lord Level right now. He couldn't cross the threshold of the King Level, so he had been cultivating. He wanted to break through in one go, but there was no way. "Indeed. Second Brother is at the peak of the Lord Level right now. He seems to be on the verge of a breakthrough, and then he seems to be a bit at a loss."

"How can it be so easy to break through to the King Level? It's already amazing that he can reach the peak of the Lord Level in a short period of time."

Yun Feng frowned. If her brother couldn't cross the threshold of the peak of the Lord Level, he might be tied down for the rest of his life! Besides, the Fifth Elder wouldn't take a fancy to him. The lowest level in

the inner campus was at least Grade 4 of the King Level! The peak of the Lord Level couldn't be ranked even in the outer campus.

"Fengfeng, if you want the Fifth Elder to take You Yue in as his disciple, you're thinking too much for him."

"I know. Even though it'll be better if Second Brother walks this path on his own, I can't wait anymore. I won't stay in the Juxing School for long. I won't take him with me to the place I'm going to in the future. If I leave him here, I'll certainly have to find a supporter so that I can be at ease."

Qu Lanyi sighed helplessly. "You can increase his strength by force. The Golden Cauldron Fluid is the best choice. However, his body might not be able to withstand it. He might explode because of the sudden increase in strength."

Yun Feng frowned even more tightly. "I certainly know that. The Golden Cauldron Fluid can only be put to use if Second Brother can successfully break through to the King Level!"

Qu Lanyi shrugged. "He can only rely on himself. It's better not to do anything else at this critical moment. Right, do you want You Yue to participate in the inner campus ranking contest you mentioned?"

Yun Feng chuckled. "That genius of the You family, You Bai, is just so-so. He's headstrong, arrogant and condescending. He's just a bit stronger than my brother."

"Why? Do you want You Yue to suppress him in the ranking contest?"

"It's difficult. You Bai is currently at Grade 6 of the King Level. Even if Second Brother exert his full strength, and with the help of the Golden Cauldron Fluid, it's impossible for him to reach Grade 6 of the King Level in such a short period of time. However, it's possible for him to tie with that guy or even have a slight advantage."

Qu Lanyi raised her brows. Yun Feng chuckled. "As long as Second Brother reaches Grade 4 of the King Level before the ranking contest, You Bai won't be a problem."

"Fengfeng, the difference between the two grades is like two steps. How can a Grade-4 warrior win against a Grade-6 warrior?"

Yun Feng smiled mysteriously. "Well, I certainly have a way."

After saying everything to Qu Lanyi, Yun Feng left the Dragon Palace. Qu Lanyi didn't come out with her, but planned to appear together after You Yue broke through. Yun Feng was much more relieved in her mind. She could only wait patiently during this period of time. Once You Yue broke through to the King Level, the absorption risk of the Golden Cauldron Fluid wouldn't be too high. Not everyone could absorb the Golden Cauldron Fluid easily. If she wasn't careful, she might explode from the fierce energy that surged out! Yun Feng survived that time safely because her body had been modified to be extraordinary.

Even though the modification of the Array of Life had already stopped after Yun Feng broke through to the King Level, her innate foundation had already been formed. Yun Feng's body also had a higher resistance to pressure than anyone else, especially when she withstood the mutation. She had an outstanding advantage.

During this period of time, Yun Feng didn't have a rest. Rong Xin was like sticky candy and he reported every day. "Junior Sister, what's the matter today? If you don't have anything to do, fight with me!"

Yun Feng could only shake her head and sigh. She hadn't made a move yet. Rong Xin had the impulse to test Yun Feng a few times, but Yun Feng dodged him agilely. This made the weeds in the bottom of Rong Xin's heart start growing crazily again. He hoped that he could fight with Yun Feng, but Yun Feng never fought back.

It wasn't impossible to avoid this sticky candy. The pharmaceutical branch was a good place. Gong Tianqing lived there right now. Yun Feng went back to report every two to three days, which made the potion elder smile delightedly. He praised himself for being right to keep Gong Tianqing back then. Otherwise, this little girl might have forgotten about him!

Gong Tianqing was doing well with the potion elder. Nobody dared to provoke her anymore. Now, not only was Yun Feng protecting her, but the potion elder was also protecting her a bit. She was completely free from her previous life. After knowing that her fire elements were so special, the drive in Gong Tianqing's bones appeared. She had been urging herself to improve her strength. She had to help Feng Yun as soon as possible! Help her only friend!

"Feng Yun, you're here!" Gong Tianqing lived in the yard next to the potion elder. She greeted Yun Feng happily before Yun Feng came over. Yun Feng nodded. "How are you?"

Gong Tianqing chuckled and pulled Yun Feng to her yard. She looked around and whispered, "Let me tell you. The potion elder has been talking about it every day these few days. He keeps murmuring, why is it still not out, from morning to night. I guess he's been making potions."

Unable to come out? Yun Feng raised her brows. What was not out when he was making potions? Gong Tianqing continued in a low voice, "Also, I occasionally see the potion elder pacing around a short and small tree with a miserable look..."

Yun Feng's eyes brightened. The Golden Cauldron Tree! It turned out that the potion elder also had a Golden Cauldron Tree. It seemed that the Third Elder gave him one. The Golden Cauldron Fluid was something that pharmacists dreamed of. One drop could increase the effect by several times and increase the value of the potion itself! If something couldn't come out, it would certainly mean that the Golden Cauldron Tree couldn't produce the Golden Cauldron Fluid. It seemed that the potion elder loved and hated the Golden Cauldron Tree.

Chapter 1075: Jealous, Jealous (4)

There was a smile at the corners of Yun Feng's mouth. "Maybe he's too tired. You don't have to think too much."

Gong Tianqing pursed her lips. "I never think much. I just felt that he was circling around a tree. How strange..."

Yun Feng pursed her lips and smiled without saying anything. She could totally imagine how anxious the potion elder was. The Golden Cauldron Tree was right in front of him, but not a drop of the Golden Cauldron Fluid was produced. This feeling was truly understandable. "Right, congratulations! You're the

disciple of the Fifth Elder!” Gong Tianqing patted Yun Feng’s shoulder with a smile on her little face and sincere joy in her eyes. Yun Feng’s heart was warm when she saw that. “There’s nothing to congratulate.”

Gong Tianqing burst into laughter. “It’s an impressive thing to be able to become a disciple of the five elders. There’s only one of them in the Gong family.”

Speaking of the Gong family, Yun Feng couldn’t help but ask, “What’s the attitude of the Gong family towards you right now? Is it the same as before?”

“Hm! How can it be the same? The Gong family isn’t blind. They certainly saw my current situation. A few members of the Gong family have already come here to look for me, but I didn’t meet them.” Gong Tianqing’s face couldn’t help but darken a lot. In her down-and-out and miserable life, none of the members of the Gong family extended a helping hand and just watched coldly from the side. However, in her current situation, the Gong family was so friendly that they wanted to meet her. There was no way!

“Why not? Let’s hear what they have to say.”

“I don’t need to hear what they’re going to say at all. If I am still what I used to be, I think they can’t wait to stay away from me! Blood relation? That’s bullsh*t! It’s a lie!”

Hearing what Gong Tianqing said, Yun Feng couldn’t help but smile. “Not really. The Gong family is just being practical. It’s certainly good if you want to draw a line with them right now. You don’t have to have any contact with them in the future.”

“I think so too. In the future, I’ll definitely make everyone in the Gong family regret watching from the sidelines back then!”

Yun Feng chuckled. Gong Tianqing was still angry in her mind. “Besides, the members of the Gong family are getting close to me for you.” Gong Tianqing pouted. Yun Feng raised her brows. “Me?”

“That’s right! They’re here for you! You’re the disciple that the Fifth Elder is most proud of right now, and the disciple that the other four elders want to steal. A Grade 8 King, a master-level pharmacist!” Gong Tianqing raised her brows and looked at Yun Feng after saying that. “A Grade 8 King.”

Yun Feng burst into laughter, amused by Gong Tianqing’s expression. Gong Tianqing also burst into laughter. “Feng Yun, I think highly of you in the ranking contest this time! If you don’t get the first place, you’ll embarrass me, understand?”

Yun Feng burst into laughter. “If you say so, I’m going to fight for the first place.”

“Of course! You’ll definitely win!” Gong Tianqing said proudly and then laughed happily with Yun Feng. “Beat the others up!”

“First place? Do you think it’s so easy to be first?” A cold snort suddenly came from outside the yard. Yun Feng and Gong Tianqing’s laughter stopped abruptly. Yun Feng’s eyes darkened and she saw a figure floating past the door of the yard. “Why are you snorting? You’re just a loser!” Gong Tianqing shouted. The young man who had just walked past the yard suddenly turned around and glared at Gong Tianqing. Then, he swung his sleeve and entered the yard of the potion elder with a furious look.

“Did You Bai cause you any trouble?” Yun Feng asked. Gong Tianqing grunted a few times. “He doesn’t have the courage. You probably humiliated him too hard in front of everyone last time. He still can’t lift his head up. He’s never been nice to me, but he doesn’t dare to attack me recklessly. After all, you’re here!”

The corners of Yun Feng’s mouth curled up slightly. That had better be the case. After all, You Bai, who was like a treasure in the hearts of the You family, was just a coward.

“He looks like he has a nose that’s higher than the sky. He happens to be in the ranking contest this time. Make him suffer!” Gong Tianqing clenched her fists. Yun Feng chuckled. “What about you? If I make him suffer, what will you do?”

Gong Tianqing chuckled. “Of course, I’ll cheer for you!”

Yun Feng burst into laughter and shook her head helplessly. “By then, someone will certainly teach him a lesson.”

“Huh? According to what you said, you’re not going to do anything? Then who? You Bai is a Grade 6 King Level expert. Apart from you, there are only the disciples of the First Elder and the Third Elder, right...”

Yun Feng patted Gong Tianqing’s shoulder. “Don’t worry. You’ll know by then.”

When she came to the pharmaceutical branch, she inevitably had to talk to the elder of the pharmaceutical branch. The elder of the pharmaceutical branch was quite cunning. He always talked about the Golden Cauldron Tree, hoping that Yun Feng could give him some ideas. However, Yun Feng looked like she didn’t know what he was talking about at all, which made the elder of the pharmaceutical branch very upset. After Yun Feng left, he kept sighing softly. This little girl was even more cunning than him!

Another three months passed in the blink of an eye. There were still two months to go until the ranking contest of the inner campus. The disciples of the five elders all exerted themselves to improve their strength. They all hoped to make their masters proud in the ranking contest this time. More importantly, they had to prove themselves.

There was a fanatical cultivation atmosphere in the inner campus. Those who caused trouble in the past were gone. The two factions, which used to fight whenever there was a small conflict, had been living in peace for a long time. They were all holding back their anger and planned to take revenge in the ranking contest this time. They certainly wouldn’t miss such an opportunity to bully their opponents fair and square. However, the ranking contest this time was only held among the disciples in a small range. So, only some of the disciples could represent them. Most people in the inner campus could only cheer.

The ranking contest this time was certainly a grand event. The five elders attached a lot of importance to it, and so did the four families on the floating island. During the ranking contest, the four families would send people to watch. This was also an opportunity for the four families to compete. There were certainly disciples from other families, and there would certainly be spots for those families.

In the scorching cultivation atmosphere, Yun Feng was the most relaxed one. Rong Xin’s harassment continued every day. The Fifth Elder seemed to be very happy and didn’t stop him. Ever since Yun Feng became the Fifth Elder’s disciple, the Fifth Elder had completely adopted a free training method. He was

completely different from the others. This also made Yun Feng an existence with a very special status under the Fifth Elder. The ranking contest this time certainly attracted a lot of attention. Yun Feng took the initiative to participate and her performance was what everyone hoped to see.

Chapter 1076: Jealous, Jealous (5)

Yun Feng didn't care much about this ranking contest, but she certainly couldn't miss the opportunity to compete with others. She had to accumulate experience and grow in battle. Everything she learned had to be used in battle after all. After three months, You Yue, who had been cultivating in the Dragon Palace, finally broke through to the King Level successfully. Speaking of which, You Yue could be said to be in danger when he broke through. Perhaps because the soul in his body wasn't pure, he would become quite unstable when he reached the threshold. If Qu Lanyi wasn't with him, You Yue probably wouldn't be able to cross this hurdle.

You Yue had successfully broken through to the King Level. He was also extremely surprised. He was grateful for Qu Lanyi's help, but Qu Lanyi snorted coldly and didn't care about You Yue's gratitude. If that guy had nothing to do with Yun Feng, he wouldn't have cared about his life.

You Yue's breakthrough also removed a huge rock in Yun Feng's heart. You Yue was a warrior. After entering the King Level, his body and physique would undergo a great change. Compared to before, he had reached a new level. With You Yue's current physique, the danger of absorbing the Golden Cauldron Fluid could be reduced by half.

Yun Feng briefly told You Yue about how she became the Fifth Elder's disciple. After hearing that, You Yue immediately felt extremely complicated in his mind. It turned out that Feng had experienced so much during his cultivation. She had done her best for him, but he had never done anything for her until now!

When Yun Feng suggested that You Yue take the Golden Cauldron Fluid, You Yue didn't hesitate at all and only agreed. Yun Feng couldn't help but feel a bit surprised. "Brother, aren't you going to ask if it's dangerous?"

You Yue only smiled. "I'll do whatever Feng asks me to do. I believe in Feng." You Yue made up his mind in his mind. He would do whatever Feng wanted him to do in the future!

Yun Feng only felt that her heart was burning after hearing that. An indescribable feeling lingered in her heart. Looking at You Yue and Yun Qi's identical faces, Yun Feng couldn't help but ask herself, what should she do with the soul her brother had in You Yue's body? If she could find a way in the future, if You Yue would be in danger, what should she do?

She put aside the thought in her mind first. After all, it hadn't happened yet. Yun Feng told herself to focus on the current situation first. As for the future, if there was a conflict, she would definitely find a way to get the best for both of them!

Absorbing the Golden Cauldron Fluid was a rather dangerous process, especially for You Yue, who had just entered the King Level. Even though he had only absorbed a few drops of the Golden Cauldron Fluid, the effect was huge. If he wasn't careful, You Yue might break his body because of the sudden

increase in energy. Yun Feng stayed in the Dragon Palace and protected You Yue with Qu Lanyi. The two of them were prepared for an emergency. Qu Lanyi was also prepared to use the dark elements at any time.

A few days passed. You Yue's absorption process was more successful than Yun Feng expected. None of the dangers Qu Lanyi and Yun Feng had imagined happened. He finished peacefully. You Yue's eyes, which had been closed, didn't look painful at all, which was greatly beyond Yun Feng's expectation. However, this was even better. It was undoubtedly the best result that he could get through the absorption and fusion period without any danger.

A few drops of the Golden Cauldron Fluid caused an astonishing effect! You Yue, who had just entered the King Level, directly jumped to Grade 4 of the Lord Level under the stimulation of these few drops of the Golden Cauldron Fluid! This was similar to the level Yun Feng thought. When You Yue opened his eyes, he couldn't believe it. He really couldn't believe it. Just over a year ago, he was still a kid who hadn't even reached the Lord Level. And now, he had directly advanced to the King Level, and he was even at Grade 4!

"Feng, thank you." There was too much in You Yue's gratitude to Yun Feng. Yun Feng probably wouldn't be able to repay her kindness for the rest of her life. This sister he acknowledged gave him a new life! If it weren't for Feng, he might still be in the Outland or working hard to enter the Central Region. Yun Feng's appearance changed his life!

"We're brother and sister. You don't have to thank me." Yun Feng chuckled. "It's time to meet the Fifth Elder now. The ranking contest is in two months. Brother, you must not miss it."

The three of them immediately left the Dragon Palace. Coincidentally, Rong Xin came to ask Yun Feng for a battle again. Before he could call her junior sister, a dazzling light flew out of Yun Feng's yard. Rong Xin was immediately covered in cold sweat. Luckily, he dodged in time, or he would have hit her head-on.

"Junior Sister, you've finally agreed?!" Rong Xin was delighted in his mind and he shouted loudly again. He was about to run into Yun Feng's yard immediately, but a few dazzling white lights flew out quickly one after another. Rong Xin quickly dodged. When he looked carefully, his black eyes completely darkened! These were... light elements! When did those light-element mages of the Juxing School become friends with his junior sister?

"Junior Sister! Are you alright?" Rong Xin immediately had a bad idea in his mind. After shouting crazily, he put his Ring of Contract on his finger and was ready to summon his Magic Beasts to fight at any time. However, the next second, the door of Yun Feng's yard was kicked open from the inside. The door was instantly kicked in half. Seeing that someone came out, Rong Xin immediately shouted, "Junior..." Before he could shout, Rong Xin's eyes widened abruptly. The person who walked out was a tall man with short hair. However, this man's face was even prettier than a woman's. "You're even prettier than my junior sister..." Rong Xin mumbled and couldn't help but feel a bit dumbfounded. Qu Lanyi walked out with a belly full of anger. He glanced at Rong Xin, who was dumbfounded, and his eyes immediately darkened. "Who do you call junior sister?"

Rong Xin was stunned for a moment. "Junior Sister... is Junior Sister..."

Qu Lanyi immediately raised his arm and the light elements came quickly and fiercely. Rong Xin escaped from the frozen state for the time being. He immediately shouted, "Earth Shield!" He blocked Qu Lanyi's light elements outside dangerously, but Qu Lanyi only snorted and slashed his hand again with a dazzling white light. The Earth Shield in front of Rong Xin immediately collapsed!

"Who are you? You came out of her yard! What did you do to my junior sister?" Rong Xin was indeed dumb. He even called her little sister at this moment, which made Qu Lanyi more and more furious. He attacked more and more fiercely. Rong Xin dodged in an extremely sorry state. Apparently, he couldn't hold on anymore.

Chapter 1077: Jealous, Jealous (6)

"Alright, stop." Yun Feng's voice sounded. Rong Xin looked up in surprise. "Junior Sister!"

"Swish!" A beam of white light quickly approached. Rong Xin couldn't dodge anymore. His body was hit firmly and he fell on the ground.

Yun Feng walked out helplessly and didn't know whether to laugh or cry. You Yue looked the same. Even though Rong Xin was knocked down on the ground, he was relieved to see that Yun Feng was fine. He was about to say something, but Yun Feng stopped him. "Senior Brother Rong Xin, I advise you to say less. You'd better call me Feng Yun."

Qu Lanyi walked to Yun Feng coldly and lowered his handsome face to bite Yun Feng's ear in front of You Yue and Rong Xin. Yun Feng was shocked and blushed completely. This man was getting bolder and bolder!

"Senior brother? Junior sister? You're so intimate... Fengfeng!"

Yun Feng glanced at Qu Lanyi, and couldn't help but look at You Yue. You Yue had already turned his face to the side, and there was a faint blush on his cheeks, as if he was looking down on her. Yun Feng's cheeks couldn't help but flush again. She reached out and squeezed Qu Lanyi's big hand. Qu Lanyi finally curled his lips in satisfaction and glanced at Rong Xin, who was blushing. "She's not your junior sister. If I hear you say that again..."

Yun Feng squeezed Qu Lanyi's hand. "Rong Xin, just call me Feng Yun from now on. Don't call me junior sister anymore."

Rong Xin nodded dumbfoundedly on the ground and rubbed his chest with his hand. This man must have an unusual relationship with his junior sister. He seemed to be an old friend of hers. It was truly unbelievable that they came here without alerting anyone. Since his junior sister said not to call her that, he should not do it.

Rong Xin stood up from the ground and looked at Qu Lanyi and You Yue vigilantly. Yun Feng smiled lightly. "These are my two friends. Is Master in the yard right now?"

Rong Xin was enlightened. "They're your two companions?!"

Yun Feng nodded. Qu Lanyi snorted, while You Yue coughed. Her face was still a bit red and embarrassed. "Feng, let's go find the Fifth Elder." Hearing what You Yue said, Rong Xin slapped his

forehead. "Master seems to have just come back from outside. Little... Um, Feng Yun, if you want to find Master, go quickly."

Yun Feng nodded. Qu Lanyi walked past Rong Xin with a sullen face. Rong Xin clearly felt a gust of cold wind, which made him shiver inexplicably. He suddenly remembered that he was here to fight! "Little... Feng Yun! When are you going to fight me?"

Yun Feng shook her head helplessly. Why didn't he give up? He was truly a one-track-minded guy. Before Yun Feng said anything, Qu Lanyi waved his hand and the light elements came at him without hesitation. Rong Xin wanted to dodge, but he twisted his heel and felt a sharp pain. He lost his balance and fell on the ground again. Coincidentally, Qu Lanyi's light elements hit his face only a few millimeters away! A cloud of dust was sent flying and landed on Rong Xin's face. Qu Lanyi sneered. "If you want to fight, I can play with you when I have time."

Yun Feng was startled when she heard that. Then, she shook her head and walked forward with You Yue. You Yue looked at Qu Lanyi's expression and only sighed softly. This brother-in-law was truly jealous. Any man who got close to Feng didn't seem to have a good ending... Luckily, he was Feng's brother, or who knew what would happen to him.

Rong Xin, who was lying on the ground, couldn't help but feel a bit excited when he heard this. A light-element mage! If he could fight with a light-element mage, he would certainly be more than happy! He wouldn't be able to meet those light element mages from the Juxing School at all. Even if he did, he wouldn't be able to go up and attack them. Rong Xin quickly got up from the ground. "Really?"

Qu Lanyi's sneer widened. "Of course. Be prepared. If you lose your life, don't blame me."

Rong Xin was startled for a moment, then burst into laughter. He patted his chest abruptly. "Alright! I'll wait for you!"

Qu Lanyi turned around and followed her coldly. Yun Feng couldn't help but say in a low voice, "Why do you care about him? That's his personality... He's probably so bored because he's been here for too long and it's not challenging."

Qu Lanyi curled his lips and a glint of darkness flashed through his black eyes. "If he's bored, I might as well use him to relieve my boredom."

Yun Feng raised the corners of her mouth and was very helpless in her mind. Senior Brother Rong Xin, good luck. Yun Feng took Qu Lanyi and You Yue straight to the yard of the Fifth Elder. A few disciples along the way were inevitably curious, but none of them dared to ask. Among the Fifth Elder's disciples, only Rong Xin came to meet with Yun Feng from time to time. The other disciples all kept a distance from Yun Feng and seemed especially distant.

As soon as the three of them arrived at the yard of the Fifth Elder, they saw the Fifth Elder rushing back from outside. There was still some anger on his face. Seeing Yun Feng and the two people next to her, the Fifth Elder's anger was slightly reduced. "Kid, you're looking for me?"

Yun Feng nodded and followed the Fifth Elder inside. "Master, these are my two friends."

The Fifth Elder only glanced at them casually. "Come in first."

Qu Lanyi's gaze drifted to the Fifth Elder's finger. Oh? That guy was a double-element summoner. It seemed that the five elders of the Juxing School weren't easy to deal with. They were much better than he thought. Besides, the Fifth Elder seemed to have a good personality and was much kinder to Fengfeng.

The three of them walked all the way to the inner room. The Fifth Elder walked in with wind blowing from his sleeves and sat on the chair a bit angrily. He waved his hand. "Make yourselves at home, you two kids."

Qu Lanyi raised his eyebrows and sat down on the chair on the side without hesitation. He didn't want to become this little old man's disciple, so he certainly didn't care about him. However, You Yue was different. He stood there without moving and his expression was a bit tense. He couldn't let the Fifth Elder down. Feng said that she hoped that he could become the Fifth Elder's disciple. He must succeed!

Seeing the completely different movements of the two of them, the Fifth Elder couldn't help but burst into laughter. "You two boys are quite interesting. The girl must have already told you."

Chapter 1078: Lanyi's Attack (1)

Qu Lanyi stroked his chin and sat there lazily. "Fifth Elder, thank you for thinking highly of me. However, I know that I'm too inexperienced to become your disciple. Please forgive me for declining your kind offer."

Hearing this, the Fifth Elder suddenly glanced at Qu Lanyi. He only felt that this kid was a bit too handsome. Not only that, the temperament he emitted invisibly made him a bit breathless! The eyes of the Fifth Elder darkened. This kid wasn't simple!

Yun Feng also understood in her mind that it was impossible for Qu Lanyi to acknowledge the Fifth Elder as his master, so she didn't say anything. You Yue stood there tensely. After hearing what Qu Lanyi said, his heart suddenly sped up a lot. The Fifth Elder looked over. You Yue took a deep breath and said, "It's my honor to be able to become the Fifth Elder's disciple!"

The Fifth Elder sized You Yue up carefully. Compared to Qu Lanyi, You Yue seemed to have a more normal reaction. The younger generation should feel a bit nervous in front of the five elders. Who would be as comfortable as Qu Lanyi? He even directly rejected the Fifth Elder's intention of accepting him a disciple!

"A Grade 4 warrior of the King Level, just barely..."

You Yue stood there with a tense body and didn't say a word. He only felt like he was being judged. Yun Feng sat on the side and didn't say anything. She knew that this little old man wouldn't be very satisfied in his mind, but he wouldn't be too disappointed either. After all, a Grade 4 King was considered to have crossed the bottom requirement of the inner campus. This strength wasn't too bad here. This little old man only wanted to complain a bit. He would definitely accept him.

"Since you're this girl's friend, even though your potential can't compare to this girl's, your personality shouldn't be bad. You can't be greedy on the road of cultivation. As long as you're willing to work hard,

you'll definitely have some achievements. However, you must think carefully. I'm a summoner. I can't guide you on the cultivation of warriors. Everything depends on your own hard work."

You Yue immediately heaved a sigh of relief and joy surged in his heart. Now that he had successfully entered the Fifth Elder's tutelage! He finally didn't let Feng down!

"Yes, I understand!" You Yue shouted with confidence. The Fifth Elder burst into laughter. "Alright! Your personality isn't bad. You'll be my disciple from now on!"

"Thank you, Master." Yun Feng smiled at the Fifth Elder, who immediately waved his hand. "No need to say that."

Yun Feng carefully noticed that there was always a hint of sorrow and anger in the Fifth Elder's words. She knew that the Fifth Elder must have something on his mind. "Master, it seems that you have something on your mind. I won't disturb you anymore." She got up and was about to say goodbye, but the Fifth Elder stopped Yun Feng. "Kid, wait a moment. I have something to tell you."

Seeing that, Qu Lanyi and You Yue both glanced at Yun Feng. Yun Feng gave them a reassuring look and the two of them finally went out. Seeing that the two of them walk out, the Fifth Elder put on a worried look and sighed hard. Yun Feng couldn't help but chuckle in her mind. This little old man didn't want to tell her. It seemed that she had to take the initiative to ask. Alright, she would follow his lead.

"Master, is there something on your mind? Why don't you tell me? Even though I'm not very experienced, I'll do my best if I can help."

Yun Feng saw the eyes of the Fifth Elder and knew that she was right. This little old man might have been waiting for this. "I'm really gratified. What you said is enough."

"What exactly is it?"

"Speaking of this, I'm really having a headache. Kid, you know that the ranking contest of the inner campus is about to begin. This is the matter of the Juxing School itself, but it just has to involve the other two schools. How troublesome!" The Fifth Elder was indignant when he said this. Yun Feng couldn't help but feel surprised after hearing that. The other two schools? Why was the internal ranking contest of the Juxing School related to the other two schools?

"In the Central Region, the three academies belong to the three islands. In terms of fame and strength, they're on par. Even though the three academies are on the same level, everyone wants to see who's the best. Juxing is the most low-profile one, much more stable than the other two. I don't know who caused the trouble this time. They held a so-called friendly competition between the three academies. It's said to be a friendly competition, but I think they're going to fight for victory! Juxing Academy represents the floating island. If we end up in the third place, we won't be able to get away with it. So, no matter how low-profile we are, we must participate in this competition."

Yun Feng raised her brows. "So... the ranking contest of the inner campus this time has another meaning?"

"That's right. The five of us just agreed that the top five of the inner campus ranking contest this time will represent the Juxing School in the championship!"

Yun Feng chuckled. "What's your plan, Master?"

The face of the Fifth Elder suddenly trembled. "Kid, you must get the first place of the ranking contest this time."

"Why? Didn't Master never care about the ranking? Senior Brother Rong Xin said that even if he was at the bottom every time, Master never scolded him."

The Fifth Elder suddenly clenched his fists tightly with a slightly depressed expression. "It's different this time. The elder who's the master of the champion of the ranking contest will participate in the competition with them. I have to go with you this time!"

Seeing the expression of the Fifth Elder, Yun Feng knew that there must be a reason why he was so obsessed with being the top. As for the reason, Yun Feng knew that she shouldn't ask. This time, the Fifth Elder's request was for her to return the favor of accepting her as his disciple. This way, even if she left in the future, the Fifth Elder would protect You Yue because of her efforts this time.

"Alright, Master, don't worry. I'll get the first place this time." Yun Feng didn't say anything. She only smiled lightly and made a promise calmly. The Fifth Elder knew how difficult it was to get the first place in the ranking contest this time. After all, the disciples of the other elders weren't easy to deal with.

"Kid, it will be hard on you this time. If you hadn't come, I wouldn't have had any hope." The Fifth Elder sighed leisurely. Yun Feng smiled. "I'll definitely do my best."

The Fifth Elder chuckled and was relieved. "It shouldn't be a problem for you to get first place. I'm confident."

Chapter 1079: Lanyi's Attack (2)

"Master! Oh no, oh no!" A few noisy shouts suddenly came from outside the door. The Fifth Elder's expression changed drastically. He stood up and pushed the door open. "What's wrong?"

A few disciples crawled over in a hurry with a panicked look. Yun Feng's heart also sank when she saw this. Did something happen?

"Master! Oh no! A stranger broke in and even fought with Senior Brother Rong Xin!"

The expression of the Fifth Elder froze and he immediately looked furious. He swung his long sleeve fiercely. "Rong Xin, this kid, is indeed a troublemaker!"

Yun Feng couldn't help but feel stunned when she heard the Fifth Elder's whisper. Shouldn't the Fifth Elder be on Rong Xin's side? Why did he look like he wanted to scold him? "Where is he?" The Fifth Elder roared. The few disciples who rushed over immediately pointed at Yun Feng. "They're in front of her yard!"

Yun Feng was startled and suddenly thought of something. Perhaps...

“Master, I’ll go over first!” Yun Feng quickly got up and left, thinking in her mind that Qu Lanyi and Rong Xin must not fight. After knowing the place of the fight, the Fifth Elder thought of something and immediately waved his sleeve, rushing over.

At the entrance of Yun Feng’s yard, the two of them were standing face to face a hundred meters away from each other. One of them was excited and the other looked cold. You Yue stood aside and didn’t know what to say. In the end, he simply didn’t say anything and became a bystander. He couldn’t persuade them anymore and could only hope that Feng would come back quickly.

Not far away from the two of them, all the disciples of the Fifth Elder’s rushed over. A dozen people stood there and discussed in a low voice. A dozen pairs of eyes kept looking around, swaying back and forth between Qu Lanyi and Rong Xin.

“Who’s that person standing opposite Senior Brother Rong Xin? Is he Master’s new disciple?”

“I don’t think so. I feel like he suddenly appeared. How did he provoke Senior Brother Rong Xin?”

“Tut-tut, he looks like a pretty boy. How strong can he be? Senior Brother Rong Xin can deal with him in one move!”

“That’s right. Senior Brother Rong Xin is our pillar. It’s easy to deal with him!”

“Senior Brother Rong Xin, go for it!”

Someone suddenly shouted, and the others joined in. Hearing that his junior brothers and sisters were cheering for him, Rong Xin scratched his head and smiled at Qu Lanyi in embarrassment. “They’re a bit noisy. Why don’t we go somewhere else?”

Qu Lanyi looked at Rong Xin coldly. Was that guy stupid? It could be seen that his mind was very simple. He just wanted to fight with him, nothing else. The reason why he pestered Fengfeng was probably the same. After learning this fact, Qu Lanyi immediately lost interest in Rong Xin in his mind. He didn’t want to fight with him. Or rather, he couldn’t be bothered to fight with this stupid person at all. It would be too demeaning.

Qu Lanyi snorted and turned around to leave. Seeing that, Rong Xin couldn’t help but feel anxious. “Hey! What do you mean? You’re not fighting anymore, are you? Didn’t you already promise me?”

Qu Lanyi turned his head slightly. “I’m not interested. You can’t beat me.”

Rong Xin immediately burst into laughter after hearing that. “I just wasn’t prepared just then. Even though you’re a light-element mage, don’t forget that I’m a summoner!” Rong Xin suddenly raised his arm, and the earth-colored ring on his finger glittered. The dozen or so disciples around immediately cheered when they saw that. Rong Xin chuckled, thinking that he had aroused Qu Lanyi’s fighting spirit. However, Qu Lanyi ignored him and only said one word.

“Boring.”

You Yue couldn’t help but smile after hearing that and he was also relieved in his mind. Even though he didn’t know Qu Lanyi’s strength, he should be comparable to Feng. Otherwise, how would he be qualified to be Feng’s fiancé? A light-element mage, and such a rare one, couldn’t be so simple. It would be best if he didn’t do anything.

“Boring? No! You looked like you were ready to fight just then. Why are you not fighting anymore?”

Qu Lanyi didn't want to talk to this idiot anymore. He turned around and was about to leave. At this moment, Yun Feng arrived. Seeing Yun Feng, the idiot suddenly thought of something. The lightbulb in his mind brightened and he shouted, “Junior Sister...”

Instantly, Qu Lanyi's handsome face darkened. He suddenly felt that this idiot was extremely annoying! Yun Feng couldn't help but feel stunned when she heard Rong Xin's shout. When she saw Qu Lanyi's expression, she immediately understood why.

“Rong Xin, you...” The Fifth Elder also arrived later. When he saw Qu Lanyi, his eyes suddenly darkened. This kid's momentum... was so strong!

Qu Lanyi turned around coldly. Rong Xin was delighted to see that. It was indeed useful! “Junior Sister, why are you here?” Rong Xin continued to call her happily. Qu Lanyi's deep voice sounded. “I dare you to call her junior sister again!”

“Junior Sister, you...” Rong Xin was very happy and called out again. Qu Lanyi suddenly extended his arm and a beam of dazzling light flew towards Rong Xin's chest at a high speed. Rong Xin was delighted to see this. He immediately shouted furiously, “Earth Shield!” He moved his body to the side. Seeing that, Qu Lanyi casually raised his hand again and the light elements split open like a scythe. Rong Xin dodged happily.

The people around were all dumbfounded. Those disciples didn't know Qu Lanyi's identity. When he attacked, they were instantly shocked. He was a light-element mage! Was he from the Juxing School? However, those light-element mages from the Juxing School weren't very strong. They couldn't possibly be this senior brother's match! What was going on?

The light elements, which were known as the King of Healing, were like bloodthirsty gods of war at this moment. The scythe halo formed by the light elements gradually filled the entire sky. Whether it was speed, angle of attack or force, Qu Lanyi was strong without explanation!

The Fifth Elder couldn't help but look serious when he saw Qu Lanyi's attack. It seemed that Rong Xin wouldn't be this kid's match at all! Even if he summoned his contracted Magic Beast, he might not be able to have the advantage!

Rong Xin, who had been dodging, clearly felt that too. He gritted his teeth. This man was indeed strong! He couldn't take the initiative at all while dodging like this. He could only keep running! Rong Xin dodged in an extremely sorry state. Qu Lanyi didn't show any mercy at all. He stared at the trajectory left by Rong Xin in the sky with his black eyes and raised his thin lips. Such speed was nothing!

Chapter 1080: Lanyi's Attack (3)

Sweat had already appeared on Rong Xin's forehead and his breathing also became very rapid. He wiped the sweat on his face with the back of his hand and his heart trembled slightly. He gently put his finger on his Ring of Contract and his heart sank. It seemed that he was going to summon his contracted Magic Beast. Otherwise, he wouldn't be able to fight at all. He would be suppressed all the way!

“Swish!” The dazzling light came fiercely again. Rong Xin narrowed his eyes and saw Qu Lanyi’s cold and handsome face through the white light. Those black eyes seemed to be oozing with terrifying things. Rong Xin’s heart inexplicably trembled. He immediately didn’t dare to hesitate anymore. The Ring of Contract on his finger suddenly emitted light!

“This kid finally knows that he can’t hold on anymore. He’s going to summon his contracted Magic Beast.” The Fifth Elder heaved a sigh of relief. He didn’t intend to stop this competition. Such a spar wouldn’t cause any harm to Rong Xin. Besides, the Fifth Elder knew in his mind that with him here, he certainly couldn’t let Qu Lanyi really hurt Rong Xin. Rong Xin rarely had such an opportunity to fight with such an expert, especially with a light-element mage.

“Contracted Magic Beast?” Yun Feng saw the dazzling yellow light. Rong Xin was an earth-element summoner. What kind of Magic Beasts did he contract with at Grade 6 of the King Level? Yun Feng couldn’t help but feel a bit expectant. The surrounding disciples couldn’t help but cheer when they saw this. “Senior Brother Rong Xin has summoned a contracted Magic Beast!”

“Haha, summoning a contracted Magic Beast means one against two. This light-element mage won’t be able to do anything!”

“Right, this is the advantage of summoners!”

“It seems that Senior Brother Rong Xin will not lose!”

Qu Lanyi stopped attacking slightly. The light elements he used just then had obviously been bounced off by some unknown object. Qu Lanyi narrowed his eyes. When all the light disappeared, a huge creature stood in front of Rong Xin! All of Qu Lanyi’s attacks just then were successfully blocked by this object!

“Look! Senior Brother Rong Xin’s contracted Magic Beast!” The surrounding disciples screamed. The Fifth Elder also chuckled and looked at Yun Feng on the side. “Kid, even though your friend is strong, he’s a bit inferior facing the earth element, which is known for its defense, especially in front of this Magic Beast.”

Yun Feng looked over with her black eyes. In front of Rong Xin was a Magic Beast that was almost as big as an elephant. It protected Rong Xin firmly behind it. Its skin was a rough yellow color, looking completely like a giant turtle. It was carrying an extremely heavy shell on its back, but the shell was full of sharp yellow blades!

The giant turtle extended its neck from its shell and roared at Qu Lanyi. Its roar was extremely unpleasant. The surrounding disciples couldn’t help but cover their ears, including Rong Xin. After shouting, the giant turtle stomped on the ground with its four limbs, causing the ground to shake slightly. It looked at Qu Lanyi with its turtle eyes. “Kid, you’re still a bit too weak to break my defense!”

“What Magic Beast is this?” Yun Feng intuitively felt that this earth-element Magic Beast had an extraordinary background. The Fifth Elder chuckled. “This is an earth-element Magic Beast, the Rock King Turtle.”

Rock King Turtle? Yun Feng quickly searched for information about such a Magic Beast in her mind. There should be records in her master’s Magic Beast Illustration. Earth-element Magic Beasts... The Rock

King Turtle... Yun Feng had once read the Magic Beast Illustration left behind by her master very carefully and seriously, because she was a summoner herself. The more knowledge she had about Magic Beasts, the better. Yun Feng would take it out and read it whenever she was free. Even though she didn't deliberately remember it, she had already remembered most of the Magic Beast Illustration in her mind. Soon, she found a description of the "Rock King Turtle."

The Rock King Turtle, otherwise known as the Hell King Turtle, was one of the most powerful types of earth-element Magic Beasts. The Rock King Turtle was good at maximizing the defense of the earth element, but it also had attacking abilities. The sharp blades on its back were magic treasures that could defeat enemies.

Yun Feng clearly remembered what her master said as a note for the Rock King Turtle. "Be vigilant. Don't underestimate it."

If one thought that the attacking ability of an earth-element Magic Beast was weak, they would be wrong. An element couldn't only be focused on one aspect. It had many different functions at the same time. For example, the water element had the healing function, but it also had powerful attacking power. It could also be used as a defense. If the person who used it used the right method, the same element could have different effects.

Although the earth element was known for its defense, its attacking ability was certainly different in the hands of different people. Yun Feng's black eyes darkened slightly. Would Qu Lanyi underestimate the enemy just like that?

"The Rock King Turtle?" Qu Lanyi only raised the corners of his mouth when he saw that. Rong Xin couldn't help but stick his head out after hearing that. "What? You know?"

The Fifth Elder was also shocked after hearing that. "This kid knows that this is the Rock King Turtle! The Rock King Turtle isn't a common species... Kid, who exactly is your friend?"

Yun Feng was also surprised. Qu Lanyi knew about the Rock King Turtle! However, it wasn't surprising that he knew. What couldn't he learn from that old guy living in the white jade pendant?

"He's nobody. Perhaps he just knows more," said Yun Feng casually. The Fifth Elder glanced at her strangely. It was obvious that he didn't believe her. Qu Lanyi raised the corners of his mouth coldly. "You're lucky to have such a contracted Magic Beast. However... don't think I can't beat you like this!"

The Rock King Turtle in front of Rong Xin suddenly smiled and extended its neck even longer. "Kid, you're quite bold! I'll see how your light elements break through my armor!"

"Then give it a try!" Qu Lanyi smiled coldly and flipped his hand. Dazzling light elements suddenly gathered in his palm. The light was so dazzling that people could hardly open their eyes. The Fifth Elder couldn't help but sigh. "To be able to use light elements to such a powerful level, he's countless times stronger than those mages from our school."

The Rock King Turtle suddenly arched its back. The sharp yellow blades on its hard shell shot out at the same time! They came from all directions like a rain of swords!

Qu Lanyi sneered and waved the light element in his hand again. Dazzling light rippled and spread out like a tide. The yellow blades that blotted out the sky were all swept back under the ripples!
