Chapter 1081: Lanyi's Attack (4)

"You're quite something, but don't forget that I'm here too!" Rong Xin suddenly jumped out from behind the Rock King Turtle. After his body landed on the ground, he slapped the ground fiercely with his hand and an earthy energy wave suddenly spread from his hand to the ground!

The corners of Rong Xin's mouth curled up as he shouted, "Earth Petrification, Stone Spike!"

"Crash! Crash! Crash!" The ground suddenly shook and a series of stone thorns suddenly appeared on the flat ground at a visible speed! They extended quickly from the front of Rong Xin to Qu Lanyi!

Qu Lanyi's expression didn't change at all. He just stood there and watched the stone spikes attack him fiercely. The moment they arrived, he suddenly jumped into the sky! However, Rong Xin burst into laughter. "Do you think I didn't think of that?" The Rock King Turtle suddenly arched its back and the stone spikes on its shell shot into the sky again! There was no room for Qu Lanyi to escape in the sky or the ground!

"Senior Brother Rong Xin's move is truly impressive..." The surrounding disciples were dumbfounded. "Although Senior Brother Rong Xin usually looks stupid, he's indeed very strong..."

The Fifth Elder chuckled. "Kid, it seems that if your friend doesn't have some trump cards, he won't be able to avoid it this time."

Yun Feng wasn't worried at all. Qu Lanyi had a lot of trump cards. However, even without these, he wouldn't lose this time!

"Master, you must be careful later. Senior Brother Rong Xin might get injured."

What Yun Feng said stunned the Fifth Elder. Why did this girl say that? It seemed that Rong Xin obviously had the upper hand right now! The Fifth Elder still hadn't figured it out, but the situation of the battle changed in an instant!

Standing in the sky, Qu Lanyi watched the countless stone thorns attack him. Rong Xin couldn't help but smile, as if his opponent had nowhere to dodge. A wicked look suddenly surged in his pure black eyes. "Dodge? I've never done that before!"

Rong Xin stood next to the Rock King Turtle and looked at Qu Lanyi, who had nowhere to hide, with a smile. Of course, he wouldn't hurt him. The two of them were just sparring. "Hey! I won't hurt you!" Rong Xin shouted at Qu Lanyi and waved his arm. The surrounding disciples couldn't help but laugh. "Admit defeat! Senior Brother said he won't hurt you!"

"Yeah, you're already going to lose!"

Qu Lanyi sneered in the sky. What a joke! How could he lose to this idiot? That would be too demeaning. How should he deal with this guy who called Fengfeng junior sister? Dark elements? No, this guy wasn't worth using dark elements yet. Just light elements. Light elements were enough for him to kneel!

“Swish, swish, swish, swish!” All the yellow blades suddenly stopped next to Qu Lanyi and stopped moving. The Rock King Turtle cackled. “Kid! If you admit defeat, Master will let you go! Otherwise, you’ll be stabbed into a beehive!”

All the sharp blades were pointed at Qu Lanyi’s body, but Qu Lanyi stood in the middle calmly without changing the expression on his face at all. Rong Xin couldn’t help but burst into laughter. “You’re indeed bold! The situation is already very obvious. What do you think?”

“Obvious? Did you really see the entire situation clearly?” Qu Lanyi’s cold voice in the sky stunned Rong Xin. The entire situation? What did he mean?

“Look, look! Look there! What’s that?” A disciple who was watching suddenly saw something. He suddenly raised his hand and shouted crazily. Everyone looked over, including the Fifth Elder and Yun Feng. They saw another glowing object that was several times smaller than the dazzling sun in the blue sky. That glowing object was glittering with endless light, as if it wanted to hurt everyone’s eyes!

“What’s that?” asked Rong Xin dumbfoundedly. That unusually bright ball was like a small sun, flashing with dazzling white light. Rong Xin couldn’t help but cover his eyes with the back of his hand. Suddenly, something came to his mind and his black eyes widened abruptly!

“That’s...”

“Don’t you know? The gathering of light elements will cause different reactions, just like how the elements will mutate. The earth element can be condensed into a stone, so the light elements will certainly have their own side of change!” Qu Lanyi said leisurely as he moved his finger gently. “Who do you think should admit defeat?”

The concentrated glittering ball of light in the sky suddenly shot out a beam of dazzling light, going straight at the back of the Rock King Turtle. The white light seemed to leave an obvious trace in the air. Rong Xin suddenly smelled a trace of burnt smell. There seemed to be a hint of the fragrance of meat in the middle...

“Ahhhh! He penetrated my shell!” The Rock King Turtle suddenly let out a roar and its body also trembled violently. A smoke rose from its back. After the smoke, Rong Xin widened his eyes in shock. A round cave was directly burnt on the extremely hard shell on the back of the Rock King Turtle! Even the skin inside was directly roasted!

“This... This is...” Rong Xin was so shocked that he was dumbfounded. Qu Lanyi, who was standing in the air, looked down with his black eyes and moved his fingers slightly a few more times. The ball of light shot out a few beams of strong light one after another. The Rock King Turtle looked up and knew that something was wrong. It tried its best to move to the side, but its movement speed was rarely slow. It was impossible for it to dodge!

“Ahhh!” The Rock King Turtle could only scream in pain as its body trembled. Many small holes were instantly burnt on its hard back. The fragrance of meat filled everyone’s nose. The disciples watching on the side had already turned pale and looked at the sky in disbelief. “What exactly is that light ball? It... It penetrated the Rock King Turtle!”

“Rong Xin! Put away the Rock King Turtle!” The Fifth Elder suddenly shouted as he looked at Qu Lanyi in the sky with a thoughtful gaze. Who exactly was this kid? How could he unleash such a powerful effect with the light elements? This was the first time he had seen such a way of using the light elements. Even the second and fourth brothers would be a bit shocked when they saw this!

Rong Xin was stunned for a moment. Then, he understood what the Fifth Elder meant. If he didn't put away the Rock King Turtle, it would become a roasted turtle! He immediately put the Rock King Turtle into the Ring of Contract and the earth-element blades that filled the sky also disappeared in an instant. In just a few seconds, the situation of the battle changed!

Chapter 1082: I Don't Owe You Anything (1)

It was useless even if Rong Xin summoned the Rock King Turtle again. The light elements could penetrate the armor of the Rock King Turtle. It would be fine if the Rock King Turtle could dodge them, but its movement speed was very slow. Qu Lanyi only used this move because of this. This move wasn't threatening at all for any speedy Magic Beast.

The situation took a turn for the worse right now. Rong Xin couldn't use his contracted Magic Beast, but he alone wasn't Qu Lanyi's match at all. The little light ball in the sky was so powerful that if he wasn't careful, his skin and flesh wouldn't just be burnt. Sweat couldn't help but appear on Rong Xin's forehead. He didn't know when his opponent started preparing this move. How many steps could this guy foresee? If this was a game of chess, Rong Xin didn't think he had any chance of winning at all!

“Alright, that's it!” The Fifth Elder suddenly jumped out and said. Rong Xin took a deep breath. Qu Lanyi stood in the air and sneered. He didn't bother to argue with him anymore. After landing on the ground, he only glanced at Rong Xin coldly and ignored him. He walked to Yun Feng.

Yun Feng chuckled at the Fifth Elder. “Master, is Rong Xin alright?”

Rong Xin wiped his sweat with his hand and chuckled. “I lost this time. This kid is indeed something.”

Seeing Rong Xin's attitude, You Yue couldn't help but sigh helplessly. He cupped his hand in the other in front of the Fifth Elder. “Master, we'll leave first. We won't disturb you anymore.”

The Fifth Elder nodded. Yun Feng and the others finally left. Rong Xin was stunned. “Master, did you take in another student?”

The Fifth Elder knocked Rong Xin's head hard and Rong Xin cried out in pain. He covered the place where he was knocked with his hand and shouted aggrievedly, “Master, why did you knock me?”

“If I don't knock you, who should I knock? Kid, do you have nothing better to do? Why are you fighting with someone else? Your turtle was almost roasted. Why don't you remember?”

Rong Xin didn't hear anything else. He immediately became spirited at the mention of his Magic Beast. “Master, who's that kid? What's the relation between him and my junior sister? He's very good! Aren't light elements famous for healing? How can they have such a powerful outburst? Also...”

The Fifth Elder knocked his head again without another word. Rong Xin looked at his master aggrievedly. The Fifth Elder sighed. "You bastard. If you can't even beat that person, don't provoke your little junior sister!"

Rong Xin was completely stunned this time. "Master, you mean... Junior Sister is even more powerful than that person just then!"

The Fifth Elder chuckled. "I'm not sure about that, but I know that your little junior sister is very capable. How weak can someone who can go with her be?"

Rong Xin seemed to understand and nodded. The Fifth Elder said again, "There are only two months until the ranking contest this time. Kid, hurry up and consolidate your strength!"

Rong Xin chuckled and said quite confidently, "Master, haven't you never cared about this? However, I'll try to enter the top five!"

The Fifth Elder sighed helplessly and turned around to leave. As he walked, he shook his head and mumbled, "Luckily, that girl is here. Otherwise, what can I possibly do with such an idiot..."

Yun Feng and the others returned to their yard. The surrounding disciples outside the door had also dispersed. However, everyone's face was full of shock. They all felt uncomfortable for underestimating Qu Lanyi earlier. Light-element mages were all wet nurses in their eyes. They didn't expect him to be so strong. The few light element mages of the Juxing School should really learn from him and see how he used the light elements!

Yun Feng and the others approached the yard. Qu Lanyi still didn't look good. One of the reasons was that he didn't hold back and really fought with that stupid girl. Qu Lanyi kept reflecting on himself after the incident. He had never been provoked so easily. But once Yun Feng was involved, his tolerance seemed to be zero. This was a very serious problem.

Fortunately, he wasn't facing an enemy. If he was facing an enemy and exposed his weakness to the enemy, he would be more restrained and might even lose the chance of winning. Qu Lanyi couldn't help but frown every time he thought of this. If this happened in the future... What should he do? If the scene he imagined really happened, what should he do then?

"Qu Lanyi, what's wrong?" Yun Feng called Qu Lanyi a few times, only to find that he wasn't answering her, but was immersed in his own emotions. Yun Feng wouldn't think that Qu Lanyi was still thinking about the matter of Rong Xin. She certainly thought that he was thinking about something else.

Qu Lanyi came back to himself with a warm expression. "I'm fine. Right, Fengfeng, what did the Fifth Elder say to you? Did this little old man ask for something from you?"

Hearing that, You Yue couldn't help but feel concerned. Seeing their expressions, Yun Feng smiled. "The Fifth Elder did say something and made a request, but it didn't conflict with my intention, so I would do it by the way." Yun Feng immediately explained the friendly contest between the three academies. Qu Lanyi and You Yue were both silent after hearing that.

"The three academies have always been on the same level. They don't seem to have much communication with each other. Why did they mobilize so many people to come up with such a large-scale competition this time?" You Yue frowned. He felt that things weren't too simple.

Qu Lanyi smiled coldly. "There must be a reason. Who knows what the other two islands are up to? Speaking of which, I wonder how that man with peach-blossom eyes is doing with Mu Canghai."

Yun Feng couldn't help but sigh. Ever since Mo Changge stepped on the other islands without permission and Mu Canghai chased after him, they hadn't contacted each other. Yun Feng didn't know anything about the two of them, but Yun Feng firmly believed that the two of them wouldn't be in danger. Mu Canghai had inherited some of Yao Guang's abilities, which were quite useful in the Central Region. As for Mo Changge, she believed that he wasn't a pushover.

It had already been two and a half years. There was no news from Mu Canghai, which only meant that Mo Changge hadn't been found yet. Thinking of this, Yun Feng's heart couldn't help but sink. Could Mo Changge be found before she returned to the headquarters of the Yun family? Would something happen in between?

Chapter 1083: I Don't Owe You Anything (2)

"The championship this time is indeed an opportunity. If the venue isn't on the floating island, but on the island he's on, we might be able to investigate it ourselves." You Yue pondered for a while and said as he looked at Yun Feng. "If you would like to, Feng."

"Humph! That man with peach-blossom eyes is really good at causing trouble!" Qu Lanyi snorted in disdain. Yun Feng only smiled helplessly. Mo Changge was indeed not an obedient person. If the venue of the event this time would really be on that island, she would definitely take this opportunity to find out. She only hoped that he wouldn't cause any trouble.

"If he really causes trouble, just get rid of him and let the Thousand Snow Hall's Master come to the Central Region to deal with it himself." Qu Lanyi smiled very coldly. He hated it when other people's matters affected Yun Feng. He already had enough burden on his shoulders. If other people wanted to add more, he didn't mind kicking them aside one by one!

"We'll talk about it when the time comes. It depends on the location. If it's not on that island, there's nothing I can do. I can only put Mo Changge aside for now." In Yun Feng's mind, the headquarters of the Yun family was the top priority. Even if she couldn't find Mo Changge, she had to go to the headquarters of the Yun family and wouldn't be delayed by anyone. Even if she found Mo Changge, Yun Feng wouldn't bring him to the headquarters of the Yun family. The relationship between Mo Changge and Yun Feng was just so-so.

"Speaking of which, the request made by the Fifth Elder is indeed strange. Why does he have to be the accompanying elder this time?" Qu Lanyi was very confused. He was still worried that the Fifth Elder had other thoughts about Yun Feng in his mind. Yun Feng chuckled. "Don't think too much. I've been with the Fifth Elder for a while. He's quite sincere and isn't someone who values ranking. Speaking of this trip, I'm afraid there's something he can't say. It should be related to the other two academies."

"Humph, we'll know when the time comes anyway. It's not bad to get the first place. Let those snobbish guys of the Juxing School see it clearly!" Qu Lanyi had been angry about the treatment Yun Feng received when she first entered the Juxing School. This was an opportunity.

Yun Feng nodded with a smile and glanced at You Yue. "Brother, you have to participate this time. Unlike the others, you only need to do this for yourself."

You Yue's body trembled. He looked at Yun Feng deeply and was very excited in his mind. "Yes, got it."

During the ranking contest of the inner campus of the Juxing School, the families would send a few people to watch. The You family would definitely do the same. How would You Yue not know? He wasn't doing this for anyone in the ranking contest this time, but for himself! To make himself proud, he had to show the You family who he had turned into!

Time passed quietly as they prepared. In the two months, a tense and lively atmosphere appeared in the entire Juxing School. The nervousness belonged to the inner campus and the excitement belonged to the outer campus. The disciples of the outer campus and most people of the inner campus didn't participate in the ranking contest this time. As bystanders, they were certainly full of anticipation and excitement and they were also discussing the situation this time in secret. The disciples participating in the ranking contest all showed a nervous posture. As time approached, the nervousness almost reached the peak. In a blink, the ranking contest was about to begin.

In the first half month of the ranking contest, representatives of large and small families also arrived one after another. Those civilian families weren't qualified to enter the Juxing School, so only some young people were helping the civilians. They seemed quite energetic. The small families and mid-level families also rushed over one after another. There weren't many people and they didn't dare to send too many. There were only about two representatives from each family. Juxing School probably made a request. This wasn't a site for tour, so they certainly couldn't send as many people as they wanted.

The few families in the Thousand Peak City also arrived. The You family's master and a young man were here this time. The other families all came up to greet the You family's master warmly when they saw him. You Bai was quite famous in the Juxing School. He was the disciple that the Fourth Elder was most proud of. This title was enough to make the You family's master happy for a long time.

"Master You, it seems that You Bai will definitely achieve something this time!"

"Right, right, we'll wait and see!"

"Although the ranking contest hasn't started yet, congratulations, Master You!"

The You family's master greeted them with a smile on his face and was indescribably delighted in his mind. You Bai got fourth place in the last ranking contest. Even though he didn't enter the top three, he was still very close and even surpassed the members of the four families! The You family's master was delighted at that time. You Bai could be said to have gained enough face for the You family and was also the key to letting the You family rise to this point!

"Master You, someone is already congratulating you before the competition begins. You're truly lucky!" A jealous voice came. Master You turned around and saw that it was the Master of the Zhao family. There was more or less a grudge between the You family and the Zhao family because of Yun Feng. They didn't like each other. The two sons of the Master of the Zhao family were still paralyzed. There was nowhere for them to vent the fury in their hearts. When they saw that the Master of the You family was in high spirits, he certainly didn't feel good.

“Master Zhao, what are you talking about? Those few nephews of the Zhao family will definitely get good results this time.” Master You was proud in his mind, but he looked very humble on his face. Master Zhao was even more enraged in his mind when he saw this. He suddenly thought of something and chuckled. “Thank you for your kind words, Master You. However, I heard from someone a while ago that You Bai lost all his face in the pharmaceutical branch. I wonder if Master You knows about this?”

The You family’s master’s expression changed slightly and he was a bit embarrassed. He had certainly heard about the pharmaceutical branch competition, but he didn’t know the details. He only knew that You Bai’s first place in the pharmaceutical branch was gone and the attention he received in the past was gone. This was quite a huge blow for the You family.

“Humph! The You family doesn’t care about that!” The young man on the side was young and energetic after all, so he immediately said angrily. The Master of the Zhao family was immediately amused after hearing that. “The You family is quite bold. Haha, the Master of the You family should get prepared for the ranking contest this time. If you embarrass yourself, you must think of a way out.”

Chapter 1084: I Don’t Owe You Anything (3)

The young man was about to speak angrily, but Master You turned around and stopped him with a glare. He chuckled. “Master Zhao, you don’t have to worry about that.”

The Master of the Zhao family snorted coldly and turned around to leave, while the Master of the You family looked rather gloomy. “Father, why did you let that person mock you? Brother You Bai is so capable. How can he lose to someone else? Someone must’ve spread the rumor!”

Master You’s eyebrows moved. He didn’t know if it was a rumor, but it was indeed true that You Bai lost to someone else. The situation at that time was probably as the rumor said. You Bai lost face. Thinking of this, Master You’s heart sank and his original confidence also dropped a bit. If something happened to You Bai in the ranking contest this time, then the future of the You familyâ€¦

A few days before the ranking contest began, the people of the four major families finally came. After all, they were the four major families. It was only right that the leaders of the floating island came in the end. Besides, the people from the four major families who came weren’t the elders of the families. They were all the second-in-commands, which was obviously different from those small families.

When the representatives of the four families came, someone from the Juxing School certainly came to welcome them in person. The representative sent by the Gong family this time was the brother of the Gong family’s master. The members of the Gong family all called him the second master. He was also someone with a lot of real power in the Gong family. Apart from the second master, there were two young people following him. They looked very young and they were certainly brought here to see the world.

The other three families were basically the same. One old and the other two young. The members of the four families were immediately welcomed to the inner campus, which made the inner campus much more lively. When the news spread, Yun Feng was with Gong Tianqing in the pharmaceutical branch. The news that the four families came to the inner campus came as expected.

“You’re not going to take a look?” Yun Feng raised her brows and glanced at Gong Tianqing. There was a lot of teasing in her words. Gong Tianqing pursed her lips. “Those people from the Gong family told me earlier that they wanted me to go over at this time. Hm! I can’t be bothered to go.”

Yun Feng chuckled. “You’re quite bold.”

A hint of disdain flashed through Gong Tianqing’s eyes. “It’s not that I’m bold. Why should I welcome them when they’re here? Who am I to them? Who are they to me? What does it have to do with me?”

Yun Feng raised her brows. “Believe it or not, they’ll come to you even if you don’t welcome them.”

Gong Tianqing’s black eyes glittered. “So what if they come looking for me? I won’t forget anything in the past. I’ll walk alone in the future!”

Yun Feng chuckled and didn’t say anything else. The two of them got along quietly in the pharmaceutical branch. The other parts of the inner campus were completely lively. When the members of the four families met, they inevitably had to exchange small talks. The members of the Gong family certainly had to report Gong Tianqing’s huge change, especially about her friendship with Yun Feng.

The second master sat there and listened carefully. He only found it unbelievable. Gong Tianqing, that useless person, had changed so much. She could be considered a salted fish turning over a new leaf! “That Feng Yun you’re talking about, did she really get in through the Gong family’s back door?”

The few members of the Gong family all nodded. Thinking of this, the second master couldn’t help but smile. His brother didn’t usually take care of the affairs of the Gong family. At most, he would step in when something big happened. Usually, he was the one who took care of these trivial matters. However, the few spots his brother gave out this time would get a lot of benefits for the Gong family.

“Since she used the Gong family’s spot, she certainly owes the Gong family a favor,” said the second master with a smile. Then, his expression changed. “Gong Tianqing won’t be able to do anything big even if she has changed. However, we can make good use of her relationship with Feng Yun. Where’s Gong Tianqing?”

The members of the Gong family looked at each other. When the second master learned that Gong Tianqing didn’t come, he couldn’t help but feel enraged. Even if she made a comeback, wouldn’t she still be a member of the Gong family? Did she really think that she had grown wings? If it weren’t for the spot of the Gong family back then, would she have been able to come to Juxing? Despite the huge favor she had received from the Gong family, she had the face not to come right now!

Most members of the Gong family were people who valued interests and were cold. They weren’t very big-hearted, especially the second master, who cared about trivial matters. He was surprisingly petty and was thousands of miles away from the open-minded personality of the Gong family’s master.

“Tell Gong Tianqing to come here tomorrow! Don’t let me find her myself!” After the second master said that, the few young people of the Gong family didn’t say anything. After a while, they finally said, “Second master, I think you should find her yourself.”

“What? You asked me to find her in person! Who is she?”

“Second Master! There’s something you don’t know. Gong Tianqing is living in the yard of the pharmaceutical branch’s elder.”

“What? She lives there?” The second master was quite shocked and his heart also pounded a few times. Perhaps this salted fish didn’t change a little, but a lot? Was she even talented in making medicine? If that was the case, it would be quite beneficial for the Gong family!

“That’s right. I heard that the potion elder treats her very well. I think you should go there yourself, Second Master.”

The anger of the second master was completely swept away. He thought carefully for a while. The potion elder treated that salted fish quite well. It seemed that she was indeed talented in potions, or she wouldn’t have lived in the pharmaceutical branch. That was good! He would go there himself!

While the second master was thinking, he didn’t know the reason why the potion elder was so good to Gong Tianqing. Wasn’t it all because of Yun Feng?

The next day, the second master rushed to the pharmaceutical branch excitedly. Coincidentally, Yun Feng came to find Gong Tianqing on this day and met him outside the door of the pharmaceutical branch. The two of them walked over from the opposite side and glanced at each other. Yun Feng smiled, but the second master glanced at her and directly walked past her. Yun Feng looked at the back of the second master and chuckled. It seemed that this man was here to find Tianqing.

“Potion Elder, I’m the second master from the Gong family!” Yun Feng’s guess was confirmed when she heard the voice from inside. There was no one around in the pharmaceutical branch right now. The disciples were all busy with the ranking contest and didn’t have the time to study pharmaceuticals at all, so she could hear everything clearly outside as there wasn’t much noise inside.

Chapter 1085: I Don’t Owe You Anything (4)

Yun Feng chuckled and walked in. She wasn’t in a hurry. She knew the personality of the potion elder. He wouldn’t care about this member of the Gong family who came to find her at all.

“Can’t you see that I’m busy?” A very frustrated voice came. Yun Feng smiled even more when she heard that. The potion elder was indeed very impatient. The matter of the Golden Cauldron Tree had been bothering him, making his temper more and more irritable.

“Potion Elder, I’m here this time to...”

“Go, go, go! Stay aside!” The even more frustrated voice of the potion elder sounded. Yun Feng walked inside with a smile on her face. After a while, she saw that the frustrated potion elder was blocked by the Gong family. When the potion elder saw Yun Feng walk in, his eyes immediately brightened. “Kid, you’re here! I was looking for you! Quickly, quickly, quickly. I’ve just thought of a way. Help me analyze if it works or not!”

Seeing that the potion elder didn’t care about him at all, the second master was immediately enraged, but he didn’t dare to be angry at the potion elder. He could only glare at Yun Feng furiously. Yun Feng

walked over leisurely under such scorching gaze and asked with a smile, "Elder, what idea do you have again?"

The potion elder pushed the second master, who was blocking the way, away with one hand and grabbed Yun Feng's arm, leading her inside. "Kid, you always come to talk to that girl. You never talk with me. Let me tell you, I've thought about this method for a long time. I think it'll definitely work..."

Seeing that he was left alone here, the second master couldn't help but have green smoke coming out of his head! He was the second master of the Gong family! Even if he wasn't as important as his brother, he shouldn't be treated like this no matter what! Even the potion elder couldn't ignore him!

The Gong family's master was about to make trouble when he heard another voice. "Potion Elder, please wait!"

The Gong family's master couldn't help but raise his brows and turn around angrily. He saw that it was another stranger, but he seemed to be the master of the family. The potion elder stopped and turned around very impatiently. "Didn't I tell you not to bother me now?... Master You?"

The elder recognized that the last person to rush over was the master of the You family. The second master of the Gong family snorted after hearing that. So, it was just someone from the You family. The master of the You family chuckled. "Elder, our You Bai..."

The potion elder frowned and waved his hand. "I have something to do right now. Go back!"

Master You was immediately anxious after hearing that. He came this time to talk to the potion elder and save You Bai some face. If the potion elder didn't take You Bai seriously anymore, You Bai would be stuck in the field of potions. This wouldn't do! The You family was still looking forward to You Bai becoming a master-level potion maker!

"Potion Elder, I won't take up too much of your time. I..."

"Master You, the elder said that he's busy right now. You can come back tomorrow." Yun Feng turned around with a smile and said. Master You's eyes immediately widened to the ground. "Feng Yun! Why are you in the Juxing School?"

The second master of the Gong family on the side were also shocked after hearing that. He couldn't help but glance at Yun Feng. She was Feng Yun!

Yun Feng's red lips curled up slightly as she smiled at the You family's master lightly. "Why can't I be here?"

"You... You..." Master You pointed at Yun Feng in surprise and anger. The potion elder looked at Yun Feng. "Kid, do you know Master You?"

Yun Feng shook her head. "Not really. There was just some trouble between us."

"Trouble?" The potion elder glanced at the You family's master very unhappily. The You family's master's heart trembled under this gaze, as if a bucket of cold water had been splashed on him. Looking at the potion elder's expression, the You family's master intuitively felt that something was wrong. Was this Feng Yun the one who embarrassed You Bai?

“Whoever dares to cause trouble for you will be going against me!” What the potion elder said made the You family’s master’s heart turn cold. “Potion Elder, You Bai...”

“Humph! Does the You family still want You Bai to become a master-level potion maker? With You Bai’s personality and potential, it’ll be difficult for him to become a master-level potion maker in this life.” The potion elder didn’t like You Bai to begin with. If it weren’t that he had always been the top student in the pharmaceutical division before Yun Feng, he wouldn’t have bothered to talk to him at all. Now that Yun Feng was here, You Bai certainly wasn’t appreciated anymore. The potion elder didn’t care how straightforward and unpleasant his words were. After hearing that, the You family’s master immediately looked awful and stared at Yun Feng fiercely.

“Master You, You Bai has already reached his limit, which is the advanced three-star level. It’s very difficult for him to develop further.” The potion elder added. Seeing the gaze of the Master of the You family, he couldn’t help but feel angry. “That’s You Bai’s potential. What does it have to do with this girl? What are you doing?”

Master You could only look away. He knew that You Bai had completely “lost” his favor with the potion elder. He gritted his teeth secretly. Fine! Even if You Bai lost this place, there was still the Fourth Elder. His strength was at Grade 6 of the King Level and he was the Fourth Elder’s favorite student. This title was enough! Master You flicked his sleeve angrily and left. Yun Feng looked at his back with coldness in her eyes. Master You, you must have a good taste of falling from a high place in the ranking contest this time.

After chasing away the annoying person, the potion elder pulled Yun Feng and was about to walk inside. At this moment, the second master of the Gong family said, “Are you Feng Yun?”

Yun Feng looked at the second master. The Second Elder chuckled. “I’m the second master of the Gong family.”

Yun Feng looked at the lean man who had slightly tanned skin in front of her. There were some tiny scars on his bare skin and he looked very capable. It was obvious that he was someone with real power in the Gong family. Even though his temperament was completely different from that of the Gong family’s master, both of them had a very high status.

“Second Master.” Yun Feng replied indifferently. The second master of the Gong family didn’t expect Yun Feng to greet him so indifferently. In his understanding, Yun Feng should at least be more humble and enthusiastic after receiving such a huge favor from the Gong family. He didn’t expect her to be so cold. The second master of the Gong family couldn’t help but feel a bit unhappy.

The other members of the Gong family didn’t know about the deal between the Master of the Gong family and Yun Feng. In Yun Feng’s opinion, these spots were exchanged with equivalent value, so there was certainly no need for her to lower her status. However, the Second Master of the Gong family didn’t think so. Even though it was very easy for the Gong family to get these few spots, they shouldn’t be given away easily. Since it gave some to her, she owed the Gong family a favor and she should return it.

Chapter 1086: I Don’t Owe You Anything (5)

Yun Feng realized something when she saw the expression of the Gong family's master. The second master of the Gong family must think that the Gong family gave her the spots for no reason. It seemed that he was here to ask her to return the favor. Thinking of this, Yun Feng couldn't help but sneer in her mind. "Elder, I have something to discuss with the second master."

The potion elder raised his brows. What did the second master of the Gong family want to talk to this little girl about? Forget it, forget it. Since it was her business, let her deal with it herself. The potion elder waved his hand and walked in first. Yun Feng stood there and asked neither humbly nor arrogantly, "Second Master, what's the matter?"

The second master's heart sank a lot. "Feng Yun, I heard that you got into Juxing School with the Gong family's spot?"

Hearing what the Second Master said, Yun Feng was certain of her guess. It seemed that he indeed wanted to ask her to return this so-called favor. "Yes, that's right." Yun Feng was still so cold. The Second Master couldn't help but feel enraged in his mind. He had already made it so clear. Did she want him to take the initiative to ask?

"Since you're using the Gong family's spot, shouldn't you say something?" The second master said patiently. Yun Feng chuckled and deliberately asked, "Second master, what do you think I should say?"

The second master immediately frowned. "You should at least have a trace of gratitude for the Gong family. Am I wrong? Don't forget how you got into the Juxing School!"

There was still a faint smile on Yun Feng's face. Before she said anything, a voice sounded. "Why did you ask Feng Yun to thank you to the Gong family?"

Yun Feng glanced over with her black eyes. It was Tianqing! The second master turned around and saw Gong Tianqing. He immediately shouted, "Gong Tianqing, watch your attitude! How dare you treat me like this!"

Gong Tianqing walked over angrily and stood in front of Yun Feng. Seeing the second master, she couldn't help but sneer. "Attitude? How should I treat you? Second Master, why don't you tell me?"

When the second master saw this, he was infuriated! This was truly a turn of events. Did she really think that her wings had hardened? She dared to behave so atrociously in front of him. She didn't even look at her surname! Wasn't her surname still Gong? She dared to have such an attitude towards him. She was too rude!

"Gong Tianqing, you have no right to speak here. Step aside! I'll settle the score with you later!"

Gong Tianqing burst into laughter. "You think I'll retreat just because you want me to? What right do you have to tell me what to do? If I, Gong Tianqing, don't rely on the Gong family for what I have today, what right do you have to shout at me? Also, Feng Yun doesn't have to thank you at all!"

"She owes the Gong family a favor! If it weren't for the spot of the Gong family, would she have been able to enter the Juxing School? The Juxing School is not a place that anyone can enter whenever they want! If it weren't for the Gong family, she wouldn't even be able to reach the edge of the Juxing School. Since she owes the Gong family a favor, she should return it now!"

“How shameless!” Gong Tianqing shouted. The Second Elder of the Gong family immediately shouted furiously, “Gong Tianqing! You little bastard, you only got into the Juxing School because of the Gong family. How dare you be so disrespectful? I’ll definitely teach you a lesson today!” The second master reached forward and was about to grab Gong Tianqing. However, Yun Feng’s black eyes glittered as she dodged to the side with Gong Tianqing in her hand and hit the second master’s arm with her other hand. The moment the two of them touched, they both felt the other party’s powerful strength. The second master’s eyes glittered and he immediately stopped. Yun Feng also felt a bit of pain in her wrist, but her expression didn’t change.

“Second Master, there’s something I need to say clearly. I exchanged for those spots of the Gong family with equal value. It’s not a gift from the Gong family. You can ask for favors. But I, Feng Yun, don’t owe the Gong family anything!”

“What equal value? What do you mean?” The second master of the Gong family glared at Yun Feng. It was obvious that he didn’t know what she meant. Seeing his attitude, Yun Feng knew that the Gong family’s master probably didn’t tell anyone in the Gong family about the deal between the two of them, not even to the second master. The Gong family’s master was truly secretive. Since the Gong family’s master didn’t say anything, there was no need for her to say anything.

“If you don’t know, you can go back and ask Master Gong. I believe Master Gong will explain to you. As for the so-called favor you’re talking about, please understand. I don’t owe the Gong family anything!”

Did his brother have a deal with her? Seeing Yun Feng’s indifferent look, the second master of the Gong family was even more certain about this. Right, even though these few spots of the Gong family were useless, they couldn’t be given out casually. After all, the Gong family still had to think for their descendants. It seemed that his brother got something from her.

“Is it interesting to lift yourself so high?” Gong Tianqing snorted and grabbed Yun Feng’s arm. “Let’s go in. The potion elder has been waiting for a long time. You must know that he always looks forward to you talking to him.”

“Gong Tianqing, you...” The Second Elder of the Gong family couldn’t help but feel extremely furious when he saw how arrogant Gong Tianqing was and how she ignored him, a senior! However, he couldn’t make a move easily in front of Yun Feng in the Juxing School. He could only swing his sleeve fiercely and say, “I don’t believe that you really have the courage to never return to the Gong family. Just wait!”

The Second Elder of the Gong family left angrily, while Gong Tianqing stood there with her facial features twisted. Seeing her like this, Yun Feng couldn’t help but ask in a low voice, “What’s wrong? In fact, what he said makes sense. There should be someone in the Gong family you care about, right?”

Gong Tianqing was silent for a while. Suddenly, she raised her little face high and sniffed hard as she looked at the sky with her eyes. She clenched her fists tightly, as if she was cheering herself up. “Someone I care about? The person I care about has already left me. That Gong family... I won’t go back. However, he’s right about one thing. I relied on the Gong family’s spot to enter the Juxing School. I’ll return this favor sooner or later. I don’t want to owe them anything!”

Yun Feng frowned slightly. The Gong family’s master was quite a nice person, but it was obvious that the second master just then was the one in charge. If the Gong family’s master knew Gong Tianqing’s ability,

he probably wouldn't have let her stay in the Juxing School like this. The younger generation of the Gong family probably ignored Gong Tianqing because of the second master of the Gong family.

However, she wouldn't interfere with the matters of the Gong family. Since Gong Tianqing had already made up her mind, she would do it. Yun Feng would only support her completely.

Chapter 1087: The Ranking Competition Begins (1)

After being rejected by Yun Feng, the second master of the Gong family was extremely upset. He was from one of the four largest families and was a powerful person in the Gong family. But he was treated so coldly by a little girl. Wouldn't he lose face if word got out? The more the second master of the Gong family thought about it, the angrier he became, but he was also curious. What deal did his brother make with her? What exactly did she use to exchange for the spot of the Gong family? Was it a weapon? A treasure? Or a potion? Why didn't his brother mention anything about this to him?

Although the Master of the Gong family thought about it, the most important thing for him to come to the Juxing School this time was the ranking contest. According to reliable sources, the ranking contest this time involved a huge matter. The top five students could represent the Juxing School to participate in the so-called friendly contest. If the members of the Gong family could get a spot in it, it would be the best for the Gong family!

The four families weren't the only ones who thought so. All the families below the four families thought so too. As the disciples of the five elders, especially those who were most valued by the elders, they would more or less know about the friendly contest between the three academies. This time, they were even more determined to get into the top five. This time, they weren't just fighting for their names, but also for the right to participate in the friendly contest.

The four families wanted to add fuel to the fire in this championship. If they became famous, they would be able to gain countless honors from the three islands. Those families with a lower level had the same thought and were even more anxious. If they stood out in this championship, they might be able to jump up!

The You family even had such a thought. It wasn't easy for the You family to climb up in the Thousand Peak City. Their status wasn't stable to begin with. After the accident between Yun Feng and the Zhao family, the You family offended the Zhao family in the Thousand Peak City and even had a conflict with the Gong family, which made the You family's master even more terrified in his mind. And now, the pillar of the You family, You Bai, was neglected by the potion elder. The You family's master truly felt that the You family's troubles came one after another.

Fortunately, You Bai was the disciple that the Fourth Elder was proud of. If You Bai even lost this, the You family would have nothing. This time, the You family was determined to let You Bai get this spot. They had to get this spot no matter what! You Bai himself thought so too. Nobody would let go of such a good opportunity, especially disciples like them, who were valued by the elders. Even though the Fourth Elder didn't say anything, he still had a lot of hope for You Bai.

"You Bai, how confident are you this time?" The You family's master looked at You Bai with anticipation on his face. You Bai sat on the side with a slightly serious expression. "Master, things aren't as simple as

you think right now. If it was the last ranking contest, I would be 70% confident! However, it's different this time."

You Bai frowned. Master You's heart couldn't help but tremble when he saw this. Could there be any accident? If You Bai couldn't get the spot this time, the Fourth Elder would definitely be quite disappointed!

"Although I'm one of the top ten students in the inner campus with my strength, I'm competing for the top five this time. Let alone the disciples of the First Elder and the Third Elder, there are already two disciples of the Second Elder who are at Grade 6 of the King Level like me. Coupled with Feng Yun, whom the Fifth Elder recently accepted, I don't even have a 50% chance of getting into the top five."

"You're not even 50% confident?!" Master You widened his eyes. That wouldn't do! How could he not be 50% confident? "What about borrowing external help? Can you improve it?"

A glint of light suddenly flashed through his pale eyes. "If I can get a master-level elemental potion, I might be able to try my luck..."

"A master-level elemental potion?!" Master You's heart immediately turned cold. There was less than a week until the ranking contest. Where could he find a master-level elemental potion? "Is there no other way?"

You Bai shook his head. "Elemental potions can greatly increase my elemental strength in a short period of time. I can make a breakthrough in the ranking contest this time, even though there are certain side effects. Afterward, I'll take time to recuperate. If we want to fight for the spot this time, this is the only way."

"Master-level potions... Where can I find them..." The You family's master suddenly thought of something and his eyes glittered. "Right! The potion elder! He must have elemental potions there! You can go there and find them!"

"That's impossible! The potions made by the potion elder are all in his warehouse. I can't go in!"

"Can't you sneak in and search?"

"Master, this... If we're discovered..."

"Do you want the spot this time or not? If you do, be bolder! No matter what you do, you must enter the top five! Do you understand?" The You family's master shouted at You Bai, whose restless heart was intrigued. Right, he must enter the top five. He must prove himself. He must show everyone that he, You Bai, was also a capable person. It would be even better if he could defeat Feng Yun in the ranking contest! Thinking of this, You Bai's heart couldn't help but move and this thought germinated quietly in his mind.

There were no disciples in the pharmaceutical branch at all right now. Nobody would come and learn how to make medicine. The potion elder was also very busy because of the recent ranking contest. He often came back late at night to rest. During the day, the pharmaceutical branch was indescribably quiet, looking especially cold compared to the past.

You Bai stepped into the pharmaceutical branch uneasily and looked around like a thief, fearing that he would see someone. After walking for a long time, he didn't find anyone. You Bai couldn't help but heave a long sigh of relief. His body didn't dodge anymore and his steps became much stabler. His destination was also very obvious, the yard where the potion elder was.

You Bai walked to the door of the yard and looked around carefully. After confirming that there was no one, he quickly stepped forward and rushed in. When he disappeared, two figures walked out of the yard. Gong Tianqing looked inside with disdain. "It's really as you said. He's here."

Yun Feng chuckled on the side. It wasn't difficult to guess You Bai's mind. The You family's master must've encouraged him to do this, or he wouldn't have such boldness. If the potion elder found out, You Bai would be in big trouble.

Chapter 1088: The Ranking Competition Begins (2)

"How despicable. The ranking contest depends on real talent. Even though there's no rule that forbids the use of potions, anyone who cares about their face won't do that," said Gong Tianqing coldly. Yun Feng smiled gently. "This time, it is different. It involves the friendly contest of the three academies. Anyone would do anything to enter the top five. Potions are probably just child's play."

"What? Will the others use some means too?"

Yun Feng pursed her lips. "That's hard to say. Not to mention the four families, even the five elders will fight for it this time. They certainly won't be stingy with any treasures."

Gong Tianqing's jaw dropped in shock. "Then it's really quite difficult to get the first place this time. Feng Yun, I take back what I said earlier. Don't force yourself!"

Seeing that Gong Tianqing was so worried about her, Yun Feng couldn't help but chuckle. "Don't worry. I know my limits. I never force myself. Alright, I'll go in and greet him. Just wait outside."

Gong Tianqing nodded. Yun Feng was about to walk inside, when Gong Tianqing grabbed her sleeve. Yun Feng turned around and only saw Gong Tianqing winking mischievously. "Don't forget to give him something good."

Yun Feng smiled helplessly. This was also a potential little devil! Gong Tianqing let go of Yun Feng with a laugh and waited outside quietly. She firmly believed that Yun Feng would definitely greet You Bai well.

You Bai entered the courtyard where the potion elder lived. His heart had been pounding nonstop. He was undoubtedly a thief right now. The slightest movement would make him like a frightened bird. He finally came to the potion elder's storage room carefully along the way. You Bai looked around carefully again. After confirming that there was no one, he searched his clothes in a panic and finally found a key, but it was obviously a replica.

This was indeed a replica. You Bai had wanted to take a look in the storage room of the potion elder for a long time, but the potion elder had always been unwilling. As the best student in the pharmaceutical branch, You Bai believed that he had this qualification. However, the potion elder didn't like him and didn't let him in. You Bai had been angry. He finally took the opportunity to make a copy of the key, but he never had the courage to come in.

“Hm, the old guy has been unwilling to let me in, but he didn’t expect me to copy the key to this place. He won’t let me in? I’ll let myself in right now!” You Bai whispered angrily as he inserted the key into the door lock. His hand was a bit shaking and he finally opened the door after some effort.

There weren’t any restrictions in the storage room of the potion elder. It could be said that the place was undefended. As long as they could open the door, anyone could enter. Why were there no guards? Naturally, it was because this was the Juxing School. Which disciple had the courage to enter the territory of the elders without permission? If they were discovered, they would be expelled from the Juxing School! Not to mention stealing the elders’ things! Even if the potion elder wasn’t one of the five elders, his status in the Juxing School was very high.

You Bai knew that he was taking a huge risk this time, but he didn’t have any other choice. In order to enter the top five, he could only take risks! The door slowly opened in front of him and the smell of herbs assailed his nostrils, which made You Bai’s heart race again. He would step in next!

“They’re... They’re all master-level potions!” You Bai’s voice was trembling with admiration as he looked at the various potions on the shelf greedily. There were names and labels underneath the potions. They were all made by the potion elder and their quality varied. You Bai breathed heavily as he looked at them and wanted to take all of them for himself!

He wanted all these potions!

You Bai extended his slightly trembling hand and was about to take down a bottle of potion on the shelf. The moment his finger was about to touch it, a voice suddenly sounded behind him, making You Bai jump!

“Why are you here?”

You Bai suddenly turned around with fear and panic on his face that he didn’t have time to hide. When he saw that the person who spoke was Feng Yun, who defeated him last time, You Bai couldn’t help but narrow his eyes. “Feng Yun, it’s you?”

With a faint smile on her face, Yun Feng leaned against the door lazily. “It’s me. Are you here to take something from the elder’s storage room?”

You Bai’s heart suddenly tightened and he immediately shouted furiously! “Feng Yun, if you know that this is the storage room of the potion elder, why did you still come here? Get out!”

Yun Feng raised her brows. “If I can’t enter here, why can you?”

“Humph! I certainly got the permission of the potion elder! I have the key to this place!” You Bai shook the replicated key in his hand and looked at Yun Feng proudly. He didn’t expect Yun Feng to smile. She waved her slender finger and there was also a key on it that emitted spots of light. You Bai’s pupils shrank fiercely. How was that possible? The potion elder gave her the key to this place!

Looking at You Bai’s eyes that were almost burning with anger, Yun Feng smiled. “What a coincidence. I have a key here too. The potion elder once told me that there are only two keys to this place. May I ask where the key in your hand came from?”

You Bai's hand that was holding the key was full of sweat. The potion elder gave her the key to this place. Why? When he was the top student in the pharmaceutical branch, the potion elder didn't let him in no matter how many times he asked. How long had she been here? He gave her the key!

"Or maybe the elder gave his key to you." Yun Feng gave You Bai an excuse. You Bai's nervous heart suddenly eased a lot. He coughed and put away the copy. "Why are you here?"

"I'm here for the same reason why you're here." Yun Feng walked inside and closed the door. The storage room suddenly fell into darkness. All the lights on the wall suddenly lit up automatically. There were all kinds of potions on rows of shelves. To be honest, this was the first time Yun Feng came here. She had to admit that the potion elder was indeed something. Yun Feng had seen a few kinds of potions that she read from her master's records. Those were very high-level potions. She didn't expect the potion elder to succeed. As expected of this name.

Chapter 1089: The Ranking Competition Begins (3)

"Elder, you're truly capable..." Yun Feng praised as she walked to the other side and looked at the various potions on the shelf. "Elder has been busy with the ranking contest. He asked me to come here regularly to clean up." In fact, the potion elder asked Yun Feng to come and check the Golden Cauldron Tree. The Golden Cauldron Tree was also put in this storage room, but in a secret drawer.

You Bai couldn't help but heave a sigh of relief in his mind. Seeing that Yun Feng wasn't paying attention to him, he immediately started looking for elemental potions. The sooner he found them, the sooner he could leave! He didn't want to waste too much time here. It would be bad if the potion elder came here!

Yun Feng glanced around and couldn't help but chuckle when she saw You Bai's nervous expression and movements. She said loudly, "Elder has been terribly swarmed recently. He can't come back until late at night. He must be very tired."

You Bai was suddenly relieved after hearing that. It turned out that he still had a lot of time. There was no rush. He could take his time to search. You Bai searched the shelves with his eyes. There were a lot of potions that he had never heard of, but judging by their names, they must be very useful. Even though he really wanted them, he couldn't take too many with Yun Feng here at all. You Bai thought to himself, forget it, there might be a chance in the future. He would take the elemental potions this time.

When there was a first time, there would be a second time. Then, there would be a third time. Once he became bold, he became bolder and bolder. This was how a person became a habitual thief.

Yun Feng didn't disturb You Bai's search. She moved casually on the side and made some small movements from time to time. She saw that You Bai was like a frightened rat. Every time Yun Feng made a sound, he would suddenly stop what he was doing, fearing that Yun Feng would notice him. However, he didn't expect that his every move had already been seen through.

Finally, despite the extreme nervousness and panic, You Bai could be considered lucky. He found the elemental potion among the many potions and was immediately delighted. He didn't take it away immediately, but glanced at Yun Feng carefully. Yun Feng turned around cooperatively and pretended to look at the potions on the shelf. You Bai immediately took this opportunity to put the elemental potion in his arms. He was about to leave when his eyes drifted and he saw the potion bottle on the side of the

elemental potion. After seeing the label below, his eyes widened abruptly. He immediately swept the bottle of potion into his arms without thinking.

Yun Feng waited patiently for You Bai to finish moving. She only turned around after thinking that he was done. You Bai happened to be in a hurry to take the bottle of potion he didn't plan to steal at the beginning. When he saw Yun Feng turn around, he immediately raised the corners of his mouth. "I still have something to do. I'll go first. Take care of it here."

Yun Feng nodded with a smile. "Do you want me to tell the elder of your visit?"

You Bai's face froze and he immediately chuckled. "If the potion elder is so busy, why do you need to tell him such a small thing? I'm just here to take a look. I'll go first!" You Bai said in a hurry and immediately flashed out. Yun Feng couldn't help but sneer when she saw how anxious he was without even closing the door. She slowly walked to the place where he was standing just then and looked at the empty spot on the shelf. She glanced aside and put on a smile.

"Haha, you're finally out. You didn't see the expression of that guy just then. He was like a thief, panicked and proud. He looked around like a thief, fearing that someone would see him." When Gong Tianqing saw Yun Feng come out, she immediately jumped out from the side and told her how You Bai came out just then mockingly. Yun Feng chuckled. "He was afraid that someone would see him, but you saw him."

"With your space blockade protecting me, he wouldn't have thought that I would watch him walk over. Right, right, what potion did he take? Did you add anything?" Gong Tianqing looked at Yun Feng with anticipation. In her understanding, Yun Feng would definitely give You Bai a 'first meeting gift'.

Yun Feng smiled. "Of course, but he volunteered to add it. I only pushed him a little." Yun Feng said mysteriously. Even though Gong Tianqing didn't really understand, she knew that You Bai was going to be unlucky this time. She smiled happily on the side.

There was a smile at the corners of Yun Feng's mouth. The elemental potion wasn't put there at first. She was the one who changed its location. At the same time, she also changed the bottle of potion next to the elemental potion. As expected, You Bai immediately took both bottles of potion away.

There was a hint of coldness in Yun Feng's eyes. Humans couldn't be too greedy. You Bai thought that he would win with two bottles of potions and get twice the result with half the effort, but he didn't know that master-level potions couldn't be used easily at the same time. If he used them at the same time recklessly, the consequences would be unimaginable.

Alright, the trick had been played. She would just wait to watch the ranking contest. As for the empty spots where the potions were taken, Yun Feng certainly let them be. The potion elder wasn't blind. When You Bai used the potions in the ranking contest, the potion elder would definitely recognize that he made them. By then, it would be lively.

The ranking contest came as expected. Early in the morning of this day, the Juxing School was extraordinarily lively. The door of the inner campus would be opened to the disciples of the outer campus on such special days. The disciples of the outer campus also used this only chance to enter the inner campus. The inner campus was full of people on this day. The Juxing School of the ranking contest was in the central area of the inner campus. A tall arena had been set up in this place today. A large

number of observation seats had been set up around. Early in the morning, a large number of disciples of the outer campus flooded in and instantly filled up 70% of the seats here.

Naturally, seats were also divided. Due to the number of people, the outer campus occupied most of the seats, while the inner campus disciples only occupied twenty percent. The remaining ten percent was naturally prepared for the representatives of the families. They were also the spots with the best view.

As the people entered the arena one after another, this area became more and more lively. Even though it wasn't time for the ranking contest yet, people's emotions had already swelled to a high level of enthusiasm. Everyone was discussing in an excited low voice. Who would be the top five in the ranking contest this time? The top five this time was very uncertain. It could be said that anyone was possible. All the young people were discussing happily and there were even situations where they blushed as they argued.

Compared to the disciples of the outer campus who discussed passionately, the disciples of the inner campus were obviously much quieter. After all, they knew in their minds who was stronger. However, there was also a lot of uncertainty, which was mainly because of the new recruitment of the Fifth Elder, Feng Yun.

Chapter 1090: The Ranking Competition Begins (4)

Soon, the representatives of the families of all sizes arrived one after another in the bustle and filled the last seats. After sitting down, the representatives of the families all had to exchange small talks. The masters of the four families certainly sat together. The other families consciously gathered together. The master of the You family sat there with a calm look, as if he was confident. This attracted a lot of attention of the other families. They certainly thought that You Bai would definitely rush to the top five this time.

Very soon, the five elders appeared. The ranking contest was about to begin. There were only twenty people participating in the ranking contest this time. Even though there were a lot of disciples of the five elders, there were just a fixed number of spots. Not all the disciples could participate. Four people were chosen from each elder to compete. The ranking contest was a spar between the disciples of the inner campus. The emphasis was on communication. However, the friendly contest between the three campuses was involved this time, so it was much more heated.

The twenty of them drew lots to pair up. In a one-on-one battle, the winner would be decided in one go. The losers would be eliminated. There could only be one battle between fellow disciples. If two fellow disciples were in the same group, they would have to draw lots again. This was also fair.

Qu Lanyi certainly wouldn't participate in such an event. He wasn't interested in joining any of the elders, so he certainly wouldn't participate in such an event. As for the friendly contest between the three academies, Fengfeng would certainly take him there. Qu Lanyi stood in a corner and saw the excitement in the venue. There was no smile in his eyes. He had always been looking at one person.

Soon, the twenty people got on the ring and prepared to draw lots. After the twenty of them got on the ring, the You family's master couldn't help but open his mouth in shock. "H-How did he..." The You family's master stared at You Yue on the ring. He... He was a disciple of the Fifth Elder!

You Yue seemed to have noticed the gaze of the You family's master. He raised his handsome face and curled his lips at the You family's master with mockery. Then, he turned his gaze back and a loud shout sounded in his ears. "The drawing of lots begins!"

"Master You, seeing how excited you are, You Bai will certainly get good results." Master You was stunned for a moment when he suddenly heard someone else's conversation. He finally came back to himself and found that he had already stood up slightly from his seat. He immediately sat down and smiled at the others awkwardly. He lowered his head slightly as his heart pounded nonstop.

You Yue also participated. How exactly did he enter the inner campus? How could he possibly become the disciple of the Fifth Elder with his strength? What exactly was going on? What exactly was going on? The You family's master was uncertain. The ranking contest of the inner campus on the platform had already begun.

There were twenty people in ten groups. The number plates were all put in an open box. The twenty of participants went forward to draw numbers one after another. Yun Feng and You Yue weren't in a hurry. They didn't care whom they would meet. It wouldn't be a bad thing if the two of them were in the same group, it wouldn't be a bad thing either. Yun Feng saw many familiar faces among the twenty people. The four people she saw in the cave with the Third Elder that day were all present, as well as You Bai on the Fourth Elder's side. As for the other disciples, they were completely unfamiliar to her.

Tian Kui and the others stood together and picked their numbers. They couldn't help but heave a sigh of relief when they didn't have to fight each other. Seeing that Yun Feng hadn't drawn anything yet, Tian Kui couldn't help but pay attention to her. Hua Ling was also observing Yun Feng in the dark. Should it be said that it was an accident that she could enter the Fifth Elder's tutelage? When the news spread, many disciples were shocked. Even though they weren't sure if she was a summoner or not, her strength was obvious.

"Who will she go against?" Hua Ling glanced at Tian Kui. What if Senior Brother Kui went against Feng Yun in the first round? Even though Senior Brother Kui was powerful, Feng Yun wasn't someone to be trifled with. If something happened to Senior Brother Kui, it would really be embarrassing.

"You don't care who she fights with. Just feel lucky if it isn't you!" The person who spoke was Yu Jin. After being taught a lesson by Yun Feng, she suddenly became much more obedient. She rarely came out to cause trouble these days. Instead, she focused on practicing with all her heart and her strength increased a bit with this. She wasn't qualified to participate in the ranking contest if it were in the past, but after her strength increased, she hit the edge and got the last spot.

Yu Jin looked at the badge in her hand. It was No. 5. If Yun Feng drew No. 5... Hm! That woman embarrassed her like this last time. This time, she had a chance to take revenge! She would let her have a taste of humiliation!

"Junior Sister, it's your turn!" Rong Xin walked to Yun Feng with a smile and said in an extremely low voice. He even glanced at Qu Lanyi on the platform. He still liked to call her junior sister. It was more intimate this way! Rong Xin thought his voice was soft enough, but Qu Lanyi heard everything. His temples throbbed fiercely. Very good. After the ranking contest, he would let that man know what would happen if he called Yun Feng junior sister.

Yun Feng glanced at Rong Xin and glanced at Qu Lanyi from the corner of her eye. As expected, she saw that half of his handsome face had darkened. Yun Feng sighed helplessly. Rong Xin was indeed stupid. The Fifth Elder came to the same conclusion.

“I’ll go right away. Don’t worry.”

“Do you think we’ll fight in the first round?” Rong Xin looked at Yun Feng with anticipation. Yun Feng reached into the box and casually took out a number plate. “If we really meet, I won’t show mercy.” She flipped her finger gently. Seeing that, Rong Xin couldn’t help but sigh softly. “What a pity.”

The few people standing next to Yun Feng couldn’t help but crane their necks and look at the number Yun Feng drew. They couldn’t help but heave a sigh of relief when they saw that she wasn’t their opponent. Yun Feng couldn’t help but chuckle in her mind when she found these people’s small movements. You Yue had also finished drawing numbers. By now, the twenty people had all drawn numbers.

After everyone’s number plate was announced, some were happy and some were sad. In the first round, no one from the same sect fought with each other. You Yue’s opponent was You Bai, which seemed fated. You Bai looked at the number in his hand and snorted in disdain. He had a 200% chance of winning! You Yue was certainly satisfied. The battle with You Bai could completely dispel the last bit of worry in his mind. He would fight freely! Yun Feng’s opponent was also quite dramatic.

You Yue looked at the badge in Yun Feng’s hand and chuckled. “Feng, I don’t know if the person who’s your opponent is lucky or unfortunate.”
