Chapter 1091: Karma (1)

Yun Feng raised her brows. "Brother, what do you mean?"

You Yue chuckled and didn't say anything. Yun Feng looked at the number in her hand. Yu Jin, who was holding number 5, had a complicated expression on her face. She really didn't expect to meet her.

Rong Xin, who was stupid, was very regretful that he didn't fight with Yun Feng, but he soon got over it. If they didn't fight in the first round, they would fight in the second round. If they didn't fight in the second round, they would fight in the third round. They would fight sooner or later.

The numbers determined the order at the same time. The twenty people started the ranking contest according to the established order, and the first pair of contestants were You Bai and You Yue!

"Brother, you'll be fine." Yun Feng held You Yue's hand. Rong Xin teased with a smile on the side. "It doesn't matter even if you lose!" Yun Feng glared at Rong Xin. Rong Xin chuckled and didn't say anything else. You Yue, on the other hand, looked very calm. "I know there's a huge gap between me and You Bai. He's a Grade 6 King Level expert and I'm only at Grade 4. Even though I won't win, I'll stall for a while longer."

Yun Feng chuckled. "Brother, just fight. Don't think too much about anything else. You might not lose this battle."

Seeing Yun Feng's confident expression, You Yue couldn't help but feel startled. "Feng, you..."

"Alright, it's time to go up!" Yun Feng pushed You Yue gently and gave him a smile. You Yue was startled at first, then chuckled lightly. He nodded at Yun Feng and turned around to step onto the platform. Rong Xin shouted on the side, "Go for it, Junior Brother!"

You Yue suddenly looked embarrassed, and so did Yun Feng. "Rong Xin, stop talking!"

Rong Xin scratched the back of his head and whispered, "I can't even cheer for him. I won't say anything, alright?"

As the first pair of contestants appeared, the atmosphere at the venue also became enthusiastic. You Bai being the first to go on stage made Master You extremely excited, but when he saw that You Bai's opponent was You Yue, Master You's face darkened, but he wasn't worried in his mind. With You Bai's ability and the potion he got, You Yue was just a sidekick!

"Tut-tut, isn't this the kid who betrayed the You family?" The Zhao family said sarcastically when they saw that You Yue wasn't unfamiliar. This could be said to be a scandal for the You family. Being exposed in such an occasion, they certainly felt a bit embarrassed.

"Master Zhao, don't mention the past again!"

The Master of the Zhao family pursed his lips and didn't say anything else, but the other families of all sizes discussed in a low voice. It was truly ironic for the You family to face the You family. Hearing other people's soft discussions, the Master of the You family only felt extremely embarrassed. He stared at

You Yue on the platform firmly. Everything was caused by this bastard. This time, he must let You Bai deal with him fiercely!

“You Yue, you still have the face to stand here, you traitor of the You family!”

You Yue chuckled and didn’t explain at all. He didn’t care what others said anymore. He only needed to know everything that happened back then in his mind. He didn’t need to care about what others thought. “This is the ranking contest. Don’t bring in anything else.”

“Hahaha! Why? You sound like you want to beat me?” You Bai looked at You Yue and snorted at him. “With your strength of Grade 4 of the King Level, you have the cheek to want to beat me! Wishful thinking!”

“It’s unknown who will win.” You Yue smiled indifferently. This calm attitude completely angered You Bai. You Bai immediately flipped his hand and a wand appeared in his hand. He waved the wand forward abruptly and an unusually strong and enthusiastic fire element immediately appeared!

“Let’s see how you beat me! Fire Arrow!”

“Swish—” The sound of an arrow breaking through the air came straight at You Yue. You Yue felt the high temperature coming at him and his body quickly dodged to the side, narrowly avoiding You Bai’s Fire Arrow. Seeing that, You Bai only grunted and quickly flipped the wand in his hand. In an instant, dozens of Fire Arrows shot out one after another!

“Boom, boom, boom!” The fire elements hit the ground, creating an unusually high temperature. The disciples who were watching the competition with their eyes widened couldn’t help but exclaim. The ranking contest of the inner campus was indeed different. There was already such an intense battle right after the start!

It was obvious that You Yue could only dodge You Bai’s continuous bombardment. His body agilely passed through the Fire Arrows. It was impossible for him to be unscathed, but he wasn’t seriously injured either. Seeing that You Yue could dodge so agilely, You Bai couldn’t help but shout!

“Do you only know how to run around like a rat?”

You Bai suddenly stopped and jumped into the sky. He looked at You Yue, who was in a sorry state, from above and sneered. “If you only know how to dodge, I’ll give you nowhere to hide! Fire Field!” You Bai swung the wand in his hand fiercely and scorching fire elements suddenly rose around You Yue, instantly gathering from the ground and surrounding that space. A bright red fire completely blocked all of You Yue’s escape routes!

“Let’s see where you can hide!” You Bai stood in the sky and looked at You Yue, who was trapped in the Fire Field, as he burst into laughter. The young people watching on the side cheered even more loudly. The Master of the You family, who had been gloomy the whole time, finally had a smile. You Bai was indeed the pillar of the You family!

“Junior Sister, will Junior Brother be alright?” Rong Xin looked at the scene on the platform worriedly. The raging fire carried a scorching heat, which made him feel very stuffy. Yun Feng couldn’t help but feel a headache when she heard this title. She stared at the pale Fire Field with a smile on her red lips. “Of course he’ll be fine.”

“Hahaha! You want to beat me with your strength? In your next life! I’ll burn you to ashes right now!” You Bai stood in the sky and said arrogantly. The few elders sitting on another platform all looked calm. The Fourth Elder looked at You Bai with a smile. Even though his disciple didn’t have a good personality, he was strong and his methods were ruthless.

“Fifth Brother, you don’t look worried at all.” The Fourth Elder turned his head and looked to the side. The Fifth Elder was sitting there leisurely. Even though You Yue was in such a situation, his expression didn’t change at all. Hearing what the Fourth Elder said, the Fifth Elder chuckled. “What’s there to worry about? The winner hasn’t been decided yet, has it?”

Chapter 1092: Karma (2)

The expression of the Fourth Elder changed slightly. Seeing the relaxed look of the Fifth Elder, he was suspicious in his mind. A Grade 4 King versus a Grade 6 King. The winner hadn’t been decided yet. Perhaps... the Fifth Elder gave You Yue something good?

“Look, is the Fire Field about to be broken?” A shout suddenly came from the spectator area. Everyone’s eyes immediately returned to the platform again. The Fourth Elder was the same. After looking over, there was obvious disbelief in his eyes, while You Bai in the sky widened his eyes like a toad!

“How... How is this possible?” You Bai suddenly let out a roar in the sky and pointed the wand in his hand down fiercely. The fire-element energy in the Fire Field suddenly expanded several times, but it couldn’t stop the explosions that were getting clearer and clearer at the edge of the Fire Field!

“Argh!” Accompanied by a furious roar, a black shadow jumped out of the Fire Field, which was cut in half by a fierce force from the inside!

“Whoosh—” The Fire Field was suddenly broken from the inside and all the fire elements were released. The scorching temperature came like a heat wave, which made many people in the spectator area break out in hot sweat. The figure that flew out of it turned gently in the air and came towards You Bai’s clone at lightning speed!

“No, this is impossible...” You Bai was still in shock. His Fire Field was broken! How could this kid break it?

“You Bai! Every moment of battle is the key to success or failure!” You Yue’s cold voice sounded in You Bai’s ears. Then, a strong pain came from You Bai’s waist and abdomen. His back suddenly bent and he was punched on the ground from the sky!

“Boom...” You Bai’s body fell straight from the sky and landed on the ground of the platform. There was a deep pit underneath his body! You Bai lay in the pit with blood already oozing out of the corners of his mouth. He looked up at the person in the sky with a slightly twitching body. The pain in his chest came wave after wave, making it impossible for him to climb out of the pit!

The weak bodies of mages limited their attacking speed and method. You Yue was a warrior and he relied on strength and speed. Once a mage was attacked in close combat, he would only end up like You Bai unless he had the wind element to stimulate his speed.

“What a shocking turn of events!” A loud cheer suddenly burst out of the crowd. The young people’s cheers also came. Yun Feng only looked at You Yue with a smile in her eyes, while Rong Xin saw the

longsword You Yue was holding at a glance and immediately widened his eyes. "That longsword... belongs to Master..."

"Fifth Brother! You gave that longsword to him!" The Fourth Elder immediately turned around and roared in disbelief when he saw the weapon in You Yue's hand. The Fifth Elder sat there and dug his ears as he glanced at him.

"Fifth Brother, you're really generous." The Third Elder chuckled. "This longsword is a Grade 9 weapon of the King Level. You gave it to a Grade 4 kid. Even we don't have your magnanimity."

"Haha, fifth brother, you're truly generous." The First Elder also chuckled. The Fifth Elder sat there and raised the corners of his mouth indifferently. "If you can give your disciples something good, I can certainly give something to mine too."

"That depends on what you give away! How can you give away a Grade 9 weapon of the King Level so easily!" The Fourth Elder roared in dissatisfaction on the side. The Fifth Elder dug his ears again. "Fourth brother, if you're dissatisfied, you can give your wand to You Bai and let them have another battle."

"Fifth Brother, you..." The eyes of the Fourth Elder glittered. What a joke. How could he give his wand to someone so casually, even if it was You Bai?

"I'm just lending it to this kid for a while." The Fifth Elder chuckled with a hint of helplessness in his tone. That's right. If it weren't for Feng Yun, he might not have been able to take this thing out. Since this girl saw it, it was useless for him to keep it. He certainly had to make the best use of it at this moment.

In the end, the Fourth Elder could only grunt. Even though it was a bit far-fetched for a Grade 4 King to use a Grade 9 weapon, it was more than enough to break through You Bai's Fire Field! Now that You Bai was punched so heavily, his body would probably be injured too. A mage's physical sturdiness was too poor!

"Alright, alright. That thing is useless to Fifth Brother himself. Since You Yue is a warrior, even though it's a bit too early, he gave it to the right person." The Second Elder said. The eyes of the First Elder and the Third Elder glittered and they didn't say anything else.

Rong Xin, who was watching the battle on the side, was extremely surprised. When did the thing his master hung in the room fall into You Yue's hands? Yun Feng curled her lips and smiled. "He's just borrowing it. Don't worry. He'll return it to her."

Rong Xin scratched his head. "That's not necessary. Master doesn't need it anyway..."

You Yue landed from the sky with a graceful body. At that moment, almost everyone's eyes were dazzled. Master You sat there stiffly and looked at You Bai in the pit with a face full of dust and blood in his mouth. He didn't know what to say. He had never thought that You Bai would be knocked down like this! You Yue, he... He...

"Master You, You Yue's strength isn't bad. Why didn't I see it back then? Did he hide something?" Master Zhao came to add insult to injury again. As expected, Master You looked even worse after hearing that. Master Zhao chuckled and was very satisfied in his mind. "What a pity. Such a talent left the You family. Master You, don't regret it."

The face of the You family's master twitched and there was a hint of unwillingness in his heart. You Yue's current strength was obviously on a different level from before! When he returned to the You family, he was only at the Lord Level! And now, he had jumped to the fourth grade of the King Level all of a sudden. He had risen so much in such a short period of time. Whether all this was true or not, it was a huge loss for the You family!

If he didn't leave the You family, the You family would have another talent and another guarantee right now, but now... Feng Yun, it's all your fault! If you hadn't instigated him to leave the You family back then, he wouldn't have thought of leaving at all. That little girl must have known You Yue's true strength and then deliberately instigated him to betray the You family so that she could use him. What a cunning Feng Yun!

Master You gritted his teeth in hatred on this side and he was also extremely regretful in his mind. Right now, all he was thinking about was how he could create an opportunity for You Yue to return to the You family. He could be thick-skinned and talk to the guy again. You Yue's surname was still You after all. He could forget about breaking free from the You family!

Chapter 1093: Karma (3)

You Bai, who was on the platform, was trapped in the deep pit. When the pain in his chest finally passed, he finally took a deep breath. There were stars in front of his eyes and he only felt dizzy. He knew that he had underestimated the enemy. He really didn't expect a mere You Yue to be able to break through his Fire Field. However, when he saw the weapon in his hand, he immediately understood that it wasn't his own strength. It was that Grade 9 weapon of the King Level!

The Fifth Elder gave him such a good thing! Thinking of this, You Bai couldn't help but feel a bit sad. Even though the Fourth Elder had quite high hopes for him in the ranking contest this time, he didn't give him any gifts. If he hadn't taken the risk to steal the potion, he wouldn't have any chance of winning at all! The Fifth Elder was so good to his disciple, which made You Bai a bit resentful in his mind. So what if he had high hopes for him? The Fourth Elder didn't give him anything, did he?

Speaking of this, he actually wronged the Fourth Elder. The Fourth Elder was quite confident in You Bai. He didn't have a lot of good stuff and he couldn't give You Bai his wand. He only had limited bottles of potions and stuff. It would be very difficult for him to get them after giving them away. The Fourth Elder didn't give him anything, but he didn't expect that You Bai would be so dissatisfied with him in his mind.

You Yue didn't attack a second time, but stood there quietly and looked at You Bai. You Bai fell in the pit and eased the pain. He finally struggled to stand up from the pit. Seeing this scene, the Fourth Elder couldn't help but heave a sigh of relief. If his disciple was finished off with a punch, where would he put his face?

"Bah!" You Bai spat out the blood mixed with dust in his mouth and touched his mouth. "You think you can beat me like this?"

You Yue didn't say anything. He only gave him a faint smile. There were also tiny wounds on You Yue's body. The Fire Field more or less caused him some injuries just then, but it didn't matter. The two of them were in a sorry state at this moment. You Bai gritted his teeth fiercely and tasted blood. He couldn't help but feel furious in his mind. You're just a Grade 4 warrior. I don't believe I can't kill you!

“Fireball!” You Bai shouted again as he flipped the wand in his hand. In an instant, a huge fireball roared out!

You Yue didn’t dodge this time. He raised the longsword in his hand fiercely and the sword let out a soft buzzing sound, directly cutting the fireball in half! You Bai was immediately enraged when he saw this. He really didn’t believe it! Immediately, fireballs rose everywhere. You Bai’s mental strength was beyond average. Otherwise, if an ordinary person unleashes such an intense magical outburst, their mental strength would probably have already been exhausted. The young people watching the battle on the side couldn’t help but exclaim. This mage was indeed powerful!

There were continuous explosions on the platform and the attacks of the fire elements didn’t stop for a long time. You Bai’s viciousness was indeed commendable, but under the control of such anger, his attacks were obviously a bit rushed and he didn’t know what to focus on. Even though his mental strength was stronger than that of ordinary people, that was all. In the completely chaotic attack, such consumption was undoubtedly a waste. With You Yue’s weapon of Grade 9 of the King Level, even though he only had the strength of Grade 4 of the King Level, he was enough to tie with You Bai right now!

Thinking of this, You Bai couldn’t help but feel anxious for quick success. He wanted to win in a short period of time and give You Yue a warning. He didn’t want to be in a stalemate with him like this! A glint of darkness flashed in You Bai’s eyes. He immediately stopped attacking and flipped his wrist, taking out a bottle of medicine! Master You couldn’t help but narrow his eyes when he saw this. Did he want to use this trump card in the first round? This was the first battle! Even if he won this battle, what if he encountered a strong enemy?

However, You Bai couldn’t care less at this moment. There was only the thought of knocking You Yue off the stage in his mind and eyes. He only knew that all his patience had been worn out! When You Yue saw the potion in You Bai’s hand, his face couldn’t help but darken slightly. Feng had warned him earlier that the obvious way for mages to increase their strength was to take the potion. As expected, You Bai also used this move!

Once the potion in You Bai’s hand appeared, it immediately caused a clamor of exclamations at the scene. The Fourth Elder couldn’t help but feel shocked in his mind when he saw this. When did he have such a master-level potion? “Fourth brother, you’re generous too. You’re willing to give him such a potion.” The Fifth Elder chuckled and glanced at the Fourth Elder. The Fourth Elder didn’t know what to say. This potion clearly wasn’t given by him! You Bai was only an advanced three-star potion maker. Where exactly did he get this potion?

“Great! This kid is a thief!” The potion elder sitting on the side suddenly said, which made the expressions of the five elders change. “Brother, did you not give You Bai the potion?”

“What do you mean give it to him? This is clearly my potion! This kid stole my potion!” The potion elder looked at the bottle of potion in You Bai’s hand with fire in his eyes. Couldn’t he recognize the potion he made himself? How bold. This man dared to break into his storage room!

“This... This...” The Fourth Elder couldn’t say anything. He only felt that his face was hot. You Bai did such a thing! The other elders also had different expressions. In the end, the First Elder said, “We’ll ask him what exactly happened after the competition.”

You Bai burst into laughter. “You Yue, do you know what this is? I’ll let you know how powerful I am today!” You Bai raised his head and drank the bottle of potion. He only felt a kind of power suddenly expanding in the spiritual space in his body, making him feel comfortable! Right, this was power, intoxicating power! You Bai flipped his wrist again and another bottle of potion appeared. The potion elder couldn’t help but stand up when he saw this. “He... He...”

The other elders were shocked when they saw this. Two bottles of potions! How many potions did You Bai steal?

You Yue was also a bit shocked to see You Bai take out the second bottle of potion, but this bottle was obviously different from the one just then. This bottle of potion was entirely red! It was like a boiling fire! You Bai raised his head and drank it all again. Feeling the crazily surging power in his body, he burst into laughter!

“Hahahaha, a bottle of elemental potion and a bottle of fire potion. With the two of them, you’re not my match at all. I’m going to... Hm!” Before You Bai could finish, he only felt that the power just then suddenly turned into an intense pain that quickly swam around his body like a worm, making him unbearable!

Chapter 1094: Karma (4)

“Ahhhhhhhhhh!” Before everyone could react, a scream suddenly sounded!

“What exactly happened? What exactly happened to Senior Brother You Bai?” The disciples of the Fourth Elder, who were waiting for the upcoming competition on the side of the platform, all looked at You Bai in panic. At this moment, You Bai’s entire body was stiff as he stood on the platform. His body kept twitching at a visible arc. At first, it was just physical movements, but soon, his exposed skin turned up from the inside, revealing bright red flesh! The screams in his mouth became even more intense!

“God! Did he take the wrong potion?”

“How did he become like this? That potion must’ve been very effective. His skin and flesh are almost torn!”

“Elders, aren’t you going to stop him? If this goes on, he’ll probably die in the competition!”

“You Bai!” The You family’s master couldn’t sit still anymore. The pillar of the You family had become like this at this moment. The You family’s master only felt pain in his heart! He clenched his fists tightly and the veins on them bulged! How could this be? How could he become like this after drinking those two bottles of potions? Did someone do something? Right, Feng Yun! When You Bai came back that day, he said that he met Feng Yun. Feng Yun must have changed this potion!

“Hm, he stole two bottles of potions from me. This is the consequence he deserved.” Seeing this scene, the face of the potion elder was extremely cold. How could he allow the potions made by him to be stolen by others, especially with such an embarrassing method? Thinking of this, the anger in the heart of the potion elder kept flashing!

“Fourth brother, if you don’t forfeit, your proudest student will die up there,” said the Fifth Elder coldly on the side. He directly gave You Bai a negative rating for his character. The Fourth Elder also looked

quite embarrassed right now. He had never thought that You Bai would steal the potion. This could be said to be a huge stain on his reputation!

“First Elder, You Bai forfeits!” Even though he despised You Bai’s approach in his mind, the Fourth Elder still remembered their bond. He couldn’t let the disciple die here just like that. It wouldn’t be good for the Juxing School if word got out. Besides, so many large and small families were watching him. He had lost all his face because of You Bai. Thinking of this, the Fourth Elder was endlessly disappointed with You Bai.

When the First Elder heard what the Fourth Elder said, he immediately raised his arm and someone immediately shouted for him, “You Bai forfeits. You Yue, the disciple of the Fifth Elder, wins this round!”

There was an uproar at the scene. You Bai on the platform heard that and seemed to want to roar furiously. He was unwilling! It was impossible for him to lose with his strength. How could he forfeit? However, the pain caused by his flesh opening from the inside out made him unable to say anything. He could only complain with his eyes. However, very soon, the intense pain all over his body made him lose his senses in an instant. He fell straight on the ring and completely fainted.

“You Bai, You Bai!” The You family’s master jumped down, but he stopped himself in time. He didn’t forget that this was the ranking contest. The Juxing School wouldn’t let anything happen to their students here. You Bai shouldn’t be in danger.

The large and small families on the side couldn’t help but discuss secretly when they saw this situation. Master Zhao was delighted in his mind when he saw this. His two sons were both crippled. It seemed that the pillar of the You family wouldn’t be any better! This man looked even more miserable than his two sons. It was probably impossible for him to get better.

Seeing that You Bai was carried away, the You family’s master immediately got off the spectator area. The Zhao family’s master looked at his hurried back and snorted. He then turned his gaze to You Yue and couldn’t help but sneer. “Master You, you really shouldn’t have looked down on him this time. Go regret it!”

“Junior Sister, what exactly is wrong with You Bai?” Rong Xin asked Yun Feng next to her. His voice wasn’t soft, which attracted other people’s attention. Yun Feng rolled her eyes at Rong Xin and explained in a low voice, “You Bai stole two bottles of potions from the potion elder.”

“What? That kid is a thief!” Rong Xin shouted, which immediately attracted the attention of the others and made him shut up. Yun Feng rolled her eyes at him again. “Those two bottles of potions are the elemental potion and the fire potion. If they are taken separately, either of them can greatly increase the power of the elements in a short period of time.”

“I know that. If someone drinks those two bottles together, won’t their strength increase in double?”

Yun Feng smiled coldly. “Double? You Bai is the best example. Taking master-level potions together is no different from courting death.”

Rong Xin couldn’t help but click his tongue. The others also broke out in cold sweat secretly after hearing that. They had never known about such a thing. Seeing You Bai’s ending today, they had learned something. Master-level potions indeed couldn’t be used casually.

“Junior Sister, I still don’t understand. The Fire Potion and the Elemental Potion don’t conflict and their effects overlap, don’t they?” Most people agreed with what Rong Xin said. Everyone couldn’t help but prick up their ears to listen to Yun Feng’s explanation.

“There are indeed parts that overlap, but once the parts that overlap are fused, they’ll be unprecedentedly stimulated. The human body is like a container. The capacity of the container is limited. Even if it can expand, there will be a strict limit. Once the limit is broken, the result will be like You Bai.”

“Junior Sister...” Rong Xin still wanted to ask, but Yun Feng had already glanced at him impatiently. “If you have any more questions, feel free to have a test yourself.”

Rong Xin immediately shut up and didn’t ask anymore. The others more or less understood. You Bai could only blame himself for being too greedy. If he only consumed one of them, his strength would increase greatly. Because he consumed both of them at the same time, his container exploded.

“Junior Sister, last question.” Rong Xin said quickly and looked at Yun Feng fawningly. Yun Feng sighed. “What is it?”

“Hehehe, what will happen to You Bai? Will he die?” Rong Xin scratched his head. The others pricked up their ears again. Right, what would happen to You Bai? It was truly unimaginable what would happen to him after seeing his skin and flesh torn just then.

“He won’t die yet. After all, as a Grade 6 King, he can save his life, but he can only be crippled for the rest of his life.” After saying that, a smile appeared at the corners of Yun Feng’s mouth. The pillar of the You family had instantly become a loser. The You family’s master would be in so much pain that he wanted to die.

Chapter 1095: Don’t Underestimate a Summoner (1)

“Gasp...” The others couldn’t help but gasp. A Grade 6 King could only be a loser in the future! It was because he took two bottles of master-level potions. God! Master-level potions weren’t something that could be touched easily in the future. No wonder master-level potions were so powerful and master-level pharmacists were also very powerful!

“I don’t believe it!” Yu Jin said in a low voice in the corner. Hua Ling and Tian Kui certainly heard what Yun Feng said. Both of them looked gloomy. “Senior Brother Kui, she’s just bluffing, right?”

Tian Kui glanced at Yu Jin and said with a heavy expression, “Do you think she’s bluffing? If I’m right, You Bai will indeed be like she said. He can only be crippled for the rest of his life.”

Hua Ling couldn’t help but sigh regretfully, while Yu Jin turned a bit pale. Tian Kui looked at Yu Jin deeply. “Yu Jin, don’t throw a tantrum in the battle with Feng Yun. You’re not her match. Just admit defeat after several clashes, understand?”

Yu Jin bit her lips with an unwilling look, but there was also a hint of fear. Seeing that she was silent, Tian Kui couldn’t help but say even more strictly, “Did you hear what I said?”

"I... I heard you!" Yu Jin bit her lips and replied. Her eyes couldn't help but drift to Yun Feng. Yun Feng's eyes also happened to meet hers at this moment. Yu Jin looked at those clear and cold black eyes and suddenly felt chilly. She immediately looked away and her heart raced.

The first round of the ranking contest ended with such an outcome. To everyone's surprise, You Bai forfeited. You Yue, who was at Grade 4 of the King Level, won. This way, You Yue successfully entered the top ten, which made him inexplicably surprised. After coming down from the platform, You Yue seemed quite excited. Yun Feng gave him a huge smile. "Brother, congratulations."

You Yue chuckled. "I know my strength. If it weren't for the weapon Master gave me and You Bai's accident after taking the potion, it would've been very difficult for me to beat him."

Yun Feng smiled lightly. You Yue was fighting You Bai with a Grade 9 weapon of the King Level. Even though it was difficult to win, it wasn't so easy to lose. However, it was good to keep a humble mind. It was a happy thing that her brother advanced to the top ten. Besides, Yun Feng had achieved her goal very well. Master You would probably regret it right now.

The ranking contest continued. The person who fought in the second round was Tian Kui, the disciple that the Third Elder was most proud of. His appearance immediately attracted a lot of attention. Yun Feng also looked over. As everyone expected, Tian Kui defeated his opponent after a few moves. After all, he had the strength of a Grade 8 King and was also one of the top disciples in the inner campus.

Tian Kui's moves were fierce and fast. After his victory, the young people watching the battle screamed. The rather oppressive atmosphere just then was suddenly raised to the sky, and the audience was stirred again. The ranking contest continued. It was the battle of number four. Rong Xin patted Yun Feng's shoulder. "Junior sister, you must cheer for me!"

Yun Feng smiled helplessly. Rong Xin had already jumped onto the platform. His opponent was one of the disciples of the Second Elder, who was also a Grade 6 King. However, in front of the summoner, Rong Xin, the mage was more or less at a disadvantage. Soon, Rong Xin ended the competition with the absolute advantage of the Rock King Turtle. The moment he won, he shouted at the Fifth Elder rather hilariously, "Master, Master! I won!"

There was immediately a burst of laughter at the scene. The Fifth Elder, who was sitting high up, could only scold with a smile, "What a stupid kid!"

The atmosphere at the scene immediately became relaxed. Rong Xin came down from the platform with a smile and spoke happily to Yun Feng, "Junior Sister, am I handsome?"

Yun Feng chuckled helplessly. You Yue nodded. "Not really, but you're quite good at entertaining others."

"Contestant No. 5, go on stage!" A voice sounded. Yun Feng raised the corners of her mouth and patted her clothes. "It's my turn."

"Junior Sister will definitely win. Go!" Rong Xin said quite happily, then burst into laughter. You Yue smiled gently at Yun Feng. Yun Feng didn't say anything. She walked to the platform step by step. The young people watching the battle around suddenly quieted down. Their eyes were full of curiosity as they looked at Yun Feng's relaxed posture on the stage.

“She’s that Feng Yun?”

“She’s indeed extraordinary. She’s a summoner, right? I heard that she’s very powerful. I wonder if it’s true.”

Many young people started discussing around and there was a buzzing sound at the scene. “Feng Yun, go for it!” Suddenly, a little girl stood up in the spectator area and shouted at the platform loudly. Yun Feng looked over and couldn’t help but smile. Gong Tianqing waved her arm at Yun Feng and shouted excitedly, “Feng Yun, go for it!”

She didn’t expect Gong Tianqing to really become a cheerleader for her.

Qu Lanyi, who was standing in the corner, was also amused. Yun Feng couldn’t help but look back and find Qu Lanyi leaning against the wall and staring at her with a pair of alluring eyes. There was only warmth in his eyes. Suddenly, the man’s lips pouted slightly and he pressed his finger gently on it. Then, he slowly loosened his hand and threw a kiss. Yun Feng blushed in an instant.

Seeing the blush on Yun Feng’s cheeks, Qu Lanyi chuckled happily. Yun Feng glared at him angrily and turned her head away.

Yu Jin, who was Yun Feng’s opponent, also came on stage, but nobody paid attention to her. Everyone’s eyes were focused on Yun Feng, which made Yu Jin a bit embarrassed. After all, she was also the disciple of the Third Elder and had stayed in the inner campus for a certain number of years. How long had Yun Feng been here? Why was everyone looking at her?

“Feng Yun!” Yu Jin shouted in dissatisfaction. Yun Feng stood opposite her. She was a Grade 4 King. Should Yun Feng fight with her for a few rounds, or kick her off the stage with one move?

Yu Jin glanced at the fiery Ring of Contract on Yun Feng’s hand with jealousy in her eyes. Then, she snorted in disdain. “What’s so great about being a summoner? You can only win by luck with your Magic Beasts. Without your Magic Beasts, you’re nothing!”

Chapter 1096: Don’t Underestimate a Summoner (2)

Yun Feng only smiled lightly after hearing that and looked at Yu Jin mockingly. “This is the mentality of saying that grapes are sour when you can’t eat them, right? Why? Do you want to become a summoner too?”

“Nonsense! I’m not interested in summoners!” Yu Jin blushed and suddenly shouted. What she said couldn’t help but cause a commotion. Who didn’t want to become a summoner? If they had the ability to become a summoner, they wouldn’t give up no matter what! The key was that she didn’t have the potential to become a summoner at all!

“Clang!” Yu Jin showed her weapon, which was two huge round iron rings. “Summoners can only make a difference with Magic Beasts! They’re not as proficient in magic as mages, and they’re not as strong as warriors!”

What Yu Jin said was indeed a bit shameless. Every profession had its own unique characteristics. The characteristic of summoners was Magic Beasts. The powerful source of this profession was indeed Magic Beasts, which was also what made others crazy. According to what Yu Jin meant, when summoners

fought, they were nothing if they didn't use Magic Beasts. However, have you seen mages use their bodies instead of magic? When warriors fought, would they ever use their strength and speed, but their mental strength?

"If you're so proud of your strength and speed, I don't mind playing with you." Yun Feng was a bit enraged. What Yu Jin said obviously insulted the great profession that was summoners. How many people yearned for it but couldn't achieve it? How many people struggled hard on this road, but she said it like it was worthless!

"You said it!" Yu Jin was extremely proud in her mind. That woman had lost her rationality because of her. Did she want to compete in strength and speed? Hahaha, she thought too highly of herself!

"Yes, as I said!" Yun Feng sneered with coldness in her eyes. Yu Jin held the rings of fighting energy in her hand tightly and suddenly released it from her body. The rings in her hand were instantly infused with fighting energy and emitted spots of luster. "Hah! I'll show you how powerful a warrior is!" Yu Jin quickly flipped her wrist and the two iron rings in her hand quickly flew out of her hand, making tiny buzzing sounds in the air with the sound of wind. They quickly flew towards Yun Feng from both sides!

Yun Feng stood right where she was and listened to the sound of the rings flying towards her. Her black eyes glittered slightly as she suddenly raised her arm in the air and grabbed the air fiercely with her finger. The next second, a ring was grabbed firmly in her hand. She flicked her wrist gently and the ring in her hand flew into the air, colliding fiercely with the other ring!

"Clang!" The attacks of the two rings were instantly resolved by Yun Feng's few moves and they fell on the ground!

"Wow—" Exclamations burst out of the crowd. Everyone's heart pounded hard. F*ck! Are you kidding me? Did she really want to compete with a warrior in strength and speed? That was too unbelievable!

Yu Jin was also stunned. Seeing that her attack was resolved in an instant, she grunted angrily and straightened her arm. The two rings immediately returned to Yu Jin's hand from the ground. "I didn't expect you to be so good. I was just testing you just then." Yu Jin put the two rings on her arm and clasped her hand fiercely. A fierce fighting energy surged out of her body and gathered on the rings again. Then, Yu Jin opened her hand and shouted, "Battle technique, Thousand Ring Lock!"

"Swish, swish, swish, swish, swish..." Rings seemed to have appeared out of thin air and kept flying out of Yu Jin's arms. In a blink, many rings appeared in the sky and surrounded Yu Jin, buzzing!

There was a smile in Yu Jin's eyes. She stepped forward slightly and took a deep breath. "Go!" With a shout, the dense rings instantly flew towards Yun Feng and rose in the air, coming from all directions with a fierce force. Yu Jin's body also moved in an instant. She flashed quickly and closed the distance between her and Yun Feng. She slapped Yun Feng's back with fighting energy in her hand!

With so many ring attacks and Yu Jin's own speed and strength, in the eyes of outsiders, if Yun Feng still insisted on competing in strength and speed, she would suffer for her pride!

Countless rings blocked their sight. In the eyes of the audience, there were only rings. The rings that filled the sky kept flying, making friction and collision sounds in the air! Yun Feng and Yu Jin had already disappeared in the many rings and couldn't be seen at all!

However, in the eyes of those who were stronger, Yu Jin and Yun Feng could still be seen clearly even though they were in the middle of the rings! “Senior... Senior Brother Kui, what’s with Feng Yun’s speed?” Hua Ling’s tone was full of surprise and even a bit of shock. Tian Kui on the side also had the same expression. “Her speed is comparable to Yu Jin’s. No, no! She’s even faster than her. How... How is this possible? Isn’t she a summoner?”

“Of course not! The physical fitness of a summoner is worlds apart from that of a warrior! She must’ve used some special method. Perhaps she took potions, or secretly used something else...” Tian Kui stared at the two figures that kept moving in the rings in the sky with a lot of seriousness in his tone. He wasn’t quite sure what he said. What exactly was wrong with Feng Yun?

“Fifth Brother, the disciple you took in isn’t simple.” The First Elder stared at the platform with a meaningful look. The Third Elder looked at the Fifth Elder deeply. “Did you give Feng Yun something?”

The Fifth Elder touched his nose and didn’t say anything on the side. He was also very shocked in his mind. He didn’t give her anything. That girl abandoned all the advantages of a summoner and fought with a warrior with only her physical strength. However, unexpectedly, her speed and strength completely suppressed Yu Jin! Logically speaking, this was impossible!

“Junior Sister has indeed hidden herself well.” Rong Xin watched on the side without blinking. In the end, he said with praise. You Yue was also surprised in his mind. Feng was indeed different. She was indeed a genius!

“Damn it!” Yu Jin cursed fiercely. Standing in the thousands of rings, she looked at the black shadow that flashed past her and slapped it, but it missed like the last few times! “Is this the speed you’re so proud of?” Yun Feng’s cold voice sounded around. Yu Jin was extremely anxious in her mind, but there was nothing she could do about Yun Feng’s speed. “Feng Yun! You must have taken some potion! That’s all you’ve got!”

Chapter 1097: Don’t Underestimate a Summoner (3)

“Humph!” Yun Feng snorted coldly and appeared in front of Yu Jin. Before Yu Jin could react, Yun Feng had already approached her. Yu Jin wanted to turn around and dodge, but it was already too late. Yun Feng clenched her fist and smashed it fiercely at Yu Jin’s chest!

“Ugh!” Yu Jin’s eyes widened abruptly. She clearly felt the severe pain in her body. She immediately knelt on the ground in pain and covered her chest with her hand. Her face was twisted because of the pain. She knew clearly how pure the power that hit her body just then was. It wasn’t the effect of some potion. It was Yun Feng’s original strength!

“You...” Yu Jin looked at Yun Feng in disbelief. She wouldn’t believe it if she didn’t experience it herself. This Feng Yun had such a strong physique that she was comparable to a warrior. What exactly was wrong with her?

Yun Feng’s body suddenly rose to the sky and invaded the thousands of rings. She grabbed somewhere in the sky fiercely with her hand and the rings that filled the sky instantly disappeared. The two of them appeared clearly in front of everyone. Yu Jin’s combat technique was broken just like that!

The young people watching the battle had been anxious that they couldn't see the situation. Now, the rings that blocked their vision completely disappeared and they also understood. Yu Jin was kneeling on the ground and Yun Feng was standing in the air! "W-What did she do? She beat a warrior to the ground!"

Yun Feng held the rings with both hands. The rings shook uneasily in Yun Feng's hands. Yun Feng put on a cold smile and suddenly flipped her wrist. The two rings flew out of her hand and flew towards Yu Jin, who was kneeling on the ground, like two shooting stars!

"Yu Jin!" Hua Ling was about to rush over, but Tian Kui stopped her. Tian Kui looked at the rings that were roaring in the sky and couldn't help but clench his fists even tighter. She had such power!

Yu Jin, who was kneeling on the ground, wanted to escape, but the pain in her chest made her legs completely weak. She could only kneel there and watch her weapon smash towards herself. Yu Jin couldn't help but close her eyes fiercely, but the pain she expected didn't come. She only heard two loud sounds next to her!

"Clang! Clang!"

When she opened her eyes again, she found that the two rings were embedded deep on the platform! Yu Jin couldn't help but turn pale. What kind of power was this? She couldn't do this at all!

"Is this the power you're so proud of?" Yun Feng, who was standing in the air, lowered her head and asked. She then landed on the ground and looked at Yu Jin coldly with her black eyes. "Don't underestimate summoners."

"It's our junior sister who must not be underestimated." Rong Xin was drenched in cold sweat when he saw this and he couldn't help but add. This might be what everyone was thinking.

"You... You... monster!" Yu Jin looked at Yun Feng with a twisted face and gritted her teeth as she said. She held her chest with her hand. She didn't know how much strength Yun Feng used just then, but she couldn't even stand up right now!

"Feng Yun wins!" The announcement ended the battle. The venue suddenly fell into a few seconds of silence. Such an outcome couldn't be more obvious, but the process of the battle was unexpected. A summoner competed with a warrior with her own strength and speed and won in the end!

"Feng Yun, you'll definitely win!" Gong Tianqing stood there and shouted as she looked at Yun Feng excitedly. "Feng Yun, you're awesome!"

The people around seemed to be completely woken up by this shout. The few hot-blooded young people immediately stood up and shouted at the top of their lungs, "F*ck! She's so awesome! Feng Yun! My idol!"

In an instant, the young people all agreed. The enthusiasm at the scene rose to an unprecedented high! The members of those large and small families were all dumbfounded, especially the members of the four families. They looked shocked and couldn't believe it. If they didn't see it with their own eyes, who would believe it? A summoner defeated a warrior with her bare hands!

Yu Jin was immediately helped off the stage, and Yun Feng also walked down. However, the cheers continued. Everyone was shouting Feng Yun, Feng Yun! The five elders sat in the main seats with different expressions, but they all had the same thought in their minds. Feng Yun was indeed not simple.

“What exactly is wrong with this girl? Her strength and speed...” The Third Elder mumbled with astonishment in his eyes. He couldn’t help but feel a bit jealous of the Fifth Elder in his mind. A glint of light flashed through the eyes of the Fifth Elder. Feng Yun, I never thought little of you, but looking at it now, I’m afraid I’ve still underestimated you.

After Yun Feng’s competition, the next few games immediately paled in comparison. There were no lack of exciting battles, but it was very difficult to arouse the enthusiasm of the audience again. The audience was even a bit distracted when they watched. They were all thinking about Yun Feng’s moves just then. Even though they didn’t see the summoner’s contracted Magic Beast or even see her use magic, Yun Feng’s battle gave people a delightful feeling, an unexpected surprise!

Soon, the winners of the ten groups were decided, and they would enter the next round. There were many dark horses in the ranking contest this year. The battle between You Yue and You Bai, and You Bai’s withdrawal in such a manner, were indeed surprising. Also, the sudden appearance of Yun Feng, a dark horse, gave the Fifth Elder’s faction a lot of supporters. The Third Elder’s disciples, Tian Kui and Hua Ling, successfully advanced. The outcome of the disciples of the other elders was also within their expectations. The first round of the inner campus ranking contest temporarily came to an end. The second round of the competition would be held in seven days.

These seven days were used as a time-off, so that these disciples would have enough preparation and rest. In these seven days, they would adjust to their best state to deal with the next round of competition. The second round of competition would be a battle of ten people in pairs. The difficulty would also increase compared to the first round.

Among the five disciples of the Fifth Elder’s group, only Yun Feng, Rong Xin and You Yue were left. The other two were both eliminated. Even though nobody thought highly of them, the Fifth Elder looked happy. After all, his previous results weren’t very good. The disciples of the Fifth Elder was also relieved. Now that three of them could enter the second round, this was a happy thing. Those disciples who had a bad impression of Yun Feng before also changed their minds and respected Yun Feng more.

Chapter 1098: Master’s Wand (1)

It was quiet in Yun Feng’s yard. Nobody would disturb her during these seven days, not even Rong Xin. Knowing that Rong Xin often came to find Yun Feng, the Fifth Elder strictly ordered that nobody was allowed to disturb her. Even though the other disciples wanted to say something to Yun Feng, they could only suppress the excitement in their hearts and wait patiently. The Fifth Elder never came to find Yun Feng either, which was beyond her expectation. She thought that the little old man would come to talk to her, but he didn’t come once. However, it was good that he didn’t come. Even if the Fifth Elder asked her about her physical fitness, she would at most answer that she was diligent and hardworking.

Even though Yun Feng’s body was strong, she wouldn’t be able to gain any advantage if she fought with a Grade 8 or even Grade 7 warrior of the King Level. After all, warriors were warriors. Yun Feng’s body had only been modified. It was enough to deal with Yu Jin’s strength, but the people left in the next round were all extraordinary. Yun Feng certainly wouldn’t do anything reckless.

It was the best result for You Yue to advance to the top ten, but he certainly had to fight for higher places if he could. So, You Yue seized the time to consolidate his ability of Grade 4 of the King Level these few days. He wanted to return the weapon to the Fifth Elder, but the Fifth Elder burst into laughter and gave it to You Yue completely with a wave of his hand. According to the Fifth Elder, he didn't need it anyway.

"That old man gave You Yue a Grade 9 weapon. He's quite generous." Qu Lanyi leaned against the back of the chair lazily. Yun Feng sat aside and only smiled. Qu Lanyi raised his brows. "I don't need to think to know that the old man is pleasing you."

"That's good. If the Fifth Elder is willing to protect Second Brother, I'll be at ease when I leave."

"Fengfeng, you're always talking about your brother. Aren't you afraid that I'll be jealous?" Qu Lanyi glanced at her. Yun Feng was stunned and didn't know whether to laugh or cry. Why would he be jealous? This topic seemed to be the beginning of a conversation. "Ze Ran, Mu Canghai, that man with peach-blossom eyes, Uncle Flirtatious, who hasn't shown up in a long time, Yan Ming, and that Ling. These are already enough to annoy me, don't you think?"

Seeing Qu Lanyi's unhappy expression, Yun Feng could only sigh softly. No matter what she said, she didn't have any special feelings for these people. They were just friends at most. Qu Lanyi didn't know who the person in her heart was. This man was extremely jealous.

"Right, and that damn Yun Qingchen. He even said that he wants to marry you. What a joke!" Qu Lanyi said angrily, but it aroused Yun Feng's thoughts. Qingchen, that kid must have already grown up now. It had been a few years since they parted. The next time she saw that kid, he should already be a man. There was also her father, brother, Xiaojin, the Red Maple Mercenary Team, the Yun Army, and the Yun family of the West Continent. How were they?

"What's wrong?" Qu Lanyi walked over and squatted in front of Yun Feng. He raised his head slightly and looked at her. Their eyes met. "You miss them?"

Yun Feng didn't hide anything in front of Qu Lanyi. She nodded honestly. "Yes. I've been away from them for many years. I wonder if they're doing well. I can't contact them with the Sound Transmission Jade. It'll probably be a while before things here are over."

Qu Lanyi smiled warmly and touched Yun Feng's cheek with his big hand. "The Yun family on the East Continent and the West Continent are certainly protected. Nothing will happen to them."

Yun Feng nodded and couldn't help but press her cheek against Qu Lanyi's warm palm. He reassured her. He had always been like this. It was as if as long as he was here, she would have endless motivation. She had never felt lonely after walking for so long.

"The ranking contest will be held in a few days. Next is the friendly contest. If we still can't find that man with peach-blossom eyes, we don't have to care about him. We'll just ask for information about the Yun family directly. The situation of the headquarters of the Yun family is still unknown right now, but Fengfeng, you must be mentally prepared."

"Why? Do you know something?"

Qu Lanyi raised the corners of his mouth. "No, it's just my intuition. Logically speaking, the Yun family should be a rather influential family. Even though it's been weakened to this point, the clues suggest that this is an extraordinary family. Such a family will definitely have a lot of trouble. Also, the group of people behind the hooded man are obviously targeting the Yun family. This means that the situation of the headquarters of the Yun family isn't optimistic."

"You mean, the Yun family is more or less in trouble?" Yun Feng's face was unusually tight. She was a bit anxious when the Yun family was mentioned.

"Everything is just my speculation at the moment, but it's an undeniable fact that the Yun family is being spying on. If someone targets it, they'll attack sooner or later. The reason why they haven't attacked yet might be because the Yun family is still very strong. It's not easy for them to attack. Perhaps there's another reason..." Seeing Yun Feng frown more and more tightly, Qu Lanyi regretted saying so much. He squeezed Yun Feng's eyebrows with his fingers. "It's useless even if you worry about this. We'll know when we reach the headquarters of the Yun family."

"Yes, I know." Yun Feng nodded with a heavy heart in her mind, but Yun Feng didn't know that she only had ten years and almost three years had already passed. She didn't have much time left.

In these seven days, the entire Juxing School could be said to be in a heated discussion. Apart from Feng Yun, everyone was talking about You Bai and You Yue of the You family. You Bai had already severely damaged himself by forcibly using potions. Even though he survived, as Yun Feng said, he could only be half-paralyzed in the future. In addition, he entered the storage room of the potion elder to steal the potions, which made the potion elder furious. The five elders unanimously expelled You Bai from the Juxing School! This news made the You family's master feel like he was struck by a thunderbolt, making him dizzy and shocked.

You Bai was expelled, which meant that the genius the You family had always relied on was completely hopeless. He lost the reputation as the Fourth Elder's proud disciple. You Bai became a real loser. What was left of the You family? Master You had mixed feelings and was extremely sad in his mind. How could such a good genius end up like this? What should the You family do in the future? They finally climbed to the Thousand Peak City, but they were probably going to fall down fiercely now!

Soon, a little hope appeared in the heart of the You family's master, who was almost desperate. Without You Bai, wasn't there still You Yue? He was a Grade 4 King Level expert, the disciple of the Fifth Elder. Now, he was astonishing in this ranking contest again. He was the You family's savior, the next pillar!

Master You immediately went to find You Yue, hoping that he could more or less change the guy's mind. It was fine even if he had to put down his face and apologize in front of You Yue, even if he had to kneel! And Feng Yun, if he had known that she would be so glorious right now and she would be the disciple of the Fifth Elder, and if he had known that the other elders also liked her, he would have already treated that girl as his great-grandmother and worshiped her! Every time Master You thought of his attitude towards Yun Feng and You Yue back then, he couldn't help but regret it fiercely, thinking that he could redeem himself as much as possible. You Yue at least had the surname You. He couldn't possibly be so heartless to the You family. Besides, Feng Yun acknowledged You Yue as her second brother. If You Yue could change his mind, Feng Yun wouldn't just stand by and do nothing! By then, the You family would definitely get a lot of benefits!

At this point, Master You was still thinking about getting some so-called benefits from You Yue and Yun Feng. One could only sigh that he was going to get nothing in the end. Master You couldn't see You Yue and Yun Feng at all. How could he enter the courtyard of the Fifth Elder just because he wanted to? Even the four families had to get the permission of the Fifth Elder to enter. Besides, the Fifth Elder personally ordered that nobody was allowed to disturb them. You Yue and Yun Feng stayed together. It would be wishful thinking for Master You to see them.

He originally went with anticipation, but the You family's master was rejected. No matter what he said, he couldn't get in. In the end, he could only return helplessly, thinking that he would have a chance to see them one day. He couldn't count on You Bai anymore, who would be a useless person in the future! Right now, he could only rely on You Yue and his relationship with Feng Yun. The You family could live and have a future!

However, the Master of the You family didn't know that You Yue's heart had already turned cold. What did his passion and anticipation back then get in return? All he got in return was the dirty inside story of the family. Even though You Yue's personality wasn't cold, once his heart turned cold, everything else would naturally turn cold. Besides, You Yue had already taken the initiative to break away from the You family. In his heart, Feng was the closest person to him. Compared to Yun Feng, the You family was nothing. As long as the Master of the You family had the thought of using Yun Feng, You Yue wouldn't have anything to do with the You family.

The second round of the ranking contest was held as expected. The discussions for a week finally reached the peak that could burst out. Compared to the first round, the young people had higher expectations for the second round and their excitement was suppressed. They didn't do this for anything else. They just wanted to watch Feng Yun appear and watch Feng Yun make a move!

"She has to use her contracted Magic Beast this time, right?"

"Of course. There'll be a good show to watch this time. I'm really looking forward to seeing what her contracted Magic Beast will be. Wouldn't the person she fights with be very unlucky? Hahahaha!"

Gong Tianqing sat in the audience seat and listened to the excited discussions of others with indescribable pride in her mind. This friend of hers was indeed domineering and strong! Apart from these excited young people, even the five elders were looking forward to today's competition, especially the Fifth Elder. He had quite a lot of expectations for Yun Feng's ability. He believed that Yun Feng would have more astonishing abilities!

The ten of them drew lots again. Yun Feng looked at the number in her hand and then looked at Rong Xin, whose face was almost blooming. The two of them drew the same number, and Rong Xin finally got what he wanted.

"Junior Sister, Junior Sister! We're opponents. Hahaha! I'm so happy!" Rong Xin looked at the number in his hand and his eyes almost curved into a crescent moon. He even looked like he was dancing with joy. When the others saw Rong Xin's expression, they all thought he was stupid. How could he be so happy after knowing that his opponent was Feng Yun? If he weren't stupid, who was?

You Yue shook her head helplessly. Yun Feng sighed softly. "Alright, I'll fight him so that he won't bother me in the future."

“Hahaha, God is really good to me! Did you hear my wish these few days?” Rong Xin was happy on the side. Yun Feng didn’t intend to talk to him anymore. Looking at the number in You Yue’s hand, her eyes couldn’t help but darken. Her brother’s opponent was Tian Kui.

“Even though I’ll definitely lose this battle, I’ll try my best.” You Yue smiled slightly. Yun Feng nodded. “Brother, just be careful.”

Tian Kui looked at the number in his hand. He was a bit disappointed. He thought he would meet Feng Yun in the second round. His master praised Feng Yun when he returned. Tian Kui wanted to fight Feng Yun, but things didn’t go as planned.

“Senior Brother Kui, You Yue probably isn’t your match.” Hua Ling’s opponent was the Second Elder’s disciple. The result was obvious.

“Yes.” Tian Kui only nodded. Looking at Tian Kui’s expression, Hua Ling knew who the opponent he was looking forward to in his mind. She couldn’t help but sigh softly. Feng Yun... You’re truly charming. Senior Brother Kui had always only cared about increasing his strength. This was the first time he cared about someone else.

The competition soon began. Yun Feng wasn’t the first. Those young people who were waiting to see Yun Feng fight were all a bit anxious, but they didn’t have to wait for long. After the first group of contestants, it was Yun Feng’s turn to fight. Even though the first round of competition was also very interesting, it obviously couldn’t arouse the enthusiasm of the audience. The contestant in the first group happened to include Hua Ling. When the audience didn’t cheer at all, Hua Ling couldn’t help but feel a bit embarrassed. Luckily, it didn’t affect her strength. She successfully defeated her opponent and won the competition.

“Group 1, Hua Ling wins!”

Some sparse applause came from the audience. Hua Ling walked off the platform with a blush and was very embarrassed in her mind. “The second group of contestants, go on stage!” As she shouted, Rong Xin jumped up from the ground as if he was on steroids. “Junior Sister, it’s finally our turn. I’ve been waiting for this moment for too long!”

Yun Feng also stood up. Facing her stupid senior brother, she really didn’t know what to say. Rong Xin chuckled. “Junior Sister, let’s go up quickly!” Rong Xin patted Yun Feng’s shoulder. Immediately, a cold gaze came like an ice thorn. Rong Xin shivered inexplicably. Yun Feng looked in Qu Lanyi’s direction and saw an extremely sullen face as expected.

“Let’s go.” Yun Feng walked past Rong Xin and walked to the platform. Rong Xin immediately followed her with a smile on his face. His footsteps were very excited. When the audience saw Yun Feng, they immediately shouted happily, “Look, look! It’s Feng Yun! She’s up!”

“Feng Yun is in the second group. Haha! I thought we had to wait for a long time!”

“She’s fighting with someone from the same sect. This will be interesting. The battle between the two summoners will definitely be exciting! Feng Yun! Feng Yun!”

The young people all shouted Feng Yun crazily. The atmosphere immediately reached an extreme because of Yun Feng’s appearance, which made Hua Ling, who was coldly received in the previous

round, blush immediately. The comparison of popularity between the two of them was truly tragic. Rong Xin and Yun Feng stood opposite each other. Yun Feng looked indifferent, while Rong Xin was smiling. His heart was trembling with excitement!

“Junior Sister, let’s be clear first. You’re not allowed to hold back!” Rong Xin shouted. Yun Feng was startled and immediately didn’t know whether to laugh or cry. She couldn’t hold back? Did he really want her to beat him to death?

“Got it.” Yun Feng could only reply. She must go easy on him, but she must also do it skillfully.

“Hahahaha, good!” Rong Xin laughed as he put his hand on his Ring of Contract. Immediately, a ball of yellow light flew out of the Ring of Contract and landed next to Rong Xin, turning into a huge turtle-like Magic Beast with a hard shell and sharp earthy blades. The Rock King Turtle appeared!

“Junior Sister, there’s no need for us to be polite between a summoner and a summoner!” Rong Xin shouted. Yun Feng chuckled. She had already put on the fiery Ring of Contract on her slender finger. She didn’t hold back at all. A ball of bright fire flew out of the Ring of Contract and landed next to Yun Feng. The huge body of the Fire Cloud Wolf appeared and the temperature in the air suddenly increased a bit!

“This is the contracted Magic Beast of my little sister. It’s indeed extraordinary!” Rong Xin saw that the bloodline of this Fire Cloud Wolf had mutated at a glance and he couldn’t help but admire it in his mind. His little sister could contract with a mutated Magic Beast. She was indeed not simple!

The appearance of the two contracted Magic Beasts made the atmosphere at the scene erupt crazily again. “The appearance of the two contracted Magic Beasts! God, summoners are indeed different!”

“Feng Yun, we want to watch an exciting game. Fight well! Don’t show mercy!”

The young man’s enthusiastic shout made Rong Xin burst into laughter. “Junior Sister, it seems that this is everyone’s wish. I won’t show mercy either!”

Yun Feng raised the corners of her mouth and heard Little Fire’s telepathic message. “Master, he said not to hold back.”

Yun Feng patted Little Fire’s neck and said telepathically, “Do as you see fit. We have to hold back a bit.”

“Roar...” Little Fire raised its head and roared abruptly. Its fiery fur had a red luster. The Rock King Turtle opposite it couldn’t help but shiver when it saw this. Magic Beasts were born with a strong sense of danger. It stared at Little Fire nervously with its turtle eyes, knowing that this Fire Cloud Wolf would be very difficult to deal with.

Rong Xin suddenly slapped the ground with his hand and excitement flashed through his eyes. His mental strength was also extremely active because of this and it instantly surged out of his body. “Earth Petrification, Stone Spikes!” In an instant, stones immediately flipped on the ground of the platform and many huge and tough stone spikes appeared in the sky. Yun Feng and Little Fire instantly jumped into the air. The back of the Rock King Turtle arched and the stone blades that filled the sky spread out!

“Roar...” Little Fire opened its mouth and spouted out high-concentration fireballs, turning them into a sea of fire that filled the sky, burning all the stone blades into scorched earth!

The two of them had only attacked for a few seconds, but they caused quite a huge commotion. Rong Xin was even more excited to see this. His junior sister's contracted Magic Beast was indeed not simple! Rong Xin stood up and flipped his wrist gently. A wand had already appeared. Little Fire narrowed its wolf eyes slightly when it saw this. "Master, this kid seems to be serious."

Yun Feng smiled wryly. It seemed that Rong Xin had already aroused all his fighting spirit. What he wanted was a satisfying battle. If that was the case... Yun Feng also flipped her wrist gently and the wand her master left for her appeared again!

"Fifth Brother! What's with the wand in that girl's hand?" The Second Elder suddenly shouted. The Fifth Elder was stunned. The Fourth Elder then took a closer look and surprise flashed through his eyes. "That wand is..."

Seeing their expressions, the Fifth Elder couldn't help but look at Yun Feng. After sensing carefully, his heart also trembled fiercely. The wand in this girl's hand was... was...

"Fifth Brother, when did you get a wand of this level?" The Second Elder and the Fourth Elder glanced at him fiercely. The Fifth Elder could only smile wryly. "I didn't give that wand to her."

"What are you talking about? What's wrong with that wand?" asked the First Elder and the Third Elder. The Second Elder's hand trembled slightly. "That wand... If I'm right, it should be at least at the God Level!"

"What?" The First Elder and the Third Elder immediately felt that it was impossible after hearing that. A wand of the God Level! At least the God Level!

"Brother, are you mistaken?" The Third Elder quickly asked. "Even if Feng Yun is talented, she can't have such a thing. How can she have a god-level wand?"

"Third brother, you misunderstood. It's not the God Level, but at least the God Level. That wand is very likely to be above the God Level!"

"Above the God Level?!" The Third Elder couldn't help but feel shocked again. The Fourth Elder frowned. "Second Brother and I were lucky enough to see a God Wand. Once a wand of this level is used, it will cause a special elemental fluctuation. This kind of elemental fluctuation isn't something ordinary people can feel. If Second Brother and I hadn't felt it before, we wouldn't have noticed it!"

"According to you, the wand in her hand is at least at the God Level. Is it true?" The First Elder narrowed his eyes slightly. The Second Elder and the Fourth Elder looked at each other. "Yes, it's absolutely true."

"How exactly did Feng Yun get this wand? If she got it by accident, where did she get it? If not, who gave it to her? Who was that person?"

"If someone really gave it to her, that person's identity..." When the Second Elder said this, the faces of the few elders all darkened. "This person's identity is definitely something we can't compare to. I really didn't expect there to be such a master behind this girl..."

Chapter 1099: Master's Wand (2)

Soon, a little hope appeared in the heart of the You family's master, who was almost desperate. Without You Bai, wasn't there still You Yue? He was a Grade 4 King Level expert, the disciple of the Fifth Elder. Now, he was astonishing in this ranking contest again. He was the You family's savior, the next pillar!

Master You immediately went to find You Yue, hoping that he could more or less change the guy's mind. It was fine even if he had to put down his face and apologize in front of You Yue, even if he had to kneel! And Feng Yun, if he had known that she would be so glorious right now and she would be the disciple of the Fifth Elder, and if he had known that the other elders also liked her, he would have already treated that girl as his great-grandmother and worshiped her! Every time Master You thought of his attitude towards Yun Feng and You Yue back then, he couldn't help but regret it fiercely, thinking that he could redeem himself as much as possible. You Yue at least had the surname You. He couldn't possibly be so heartless to the You family. Besides, Feng Yun acknowledged You Yue as her second brother. If You Yue could change his mind, Feng Yun wouldn't just stand by and do nothing! By then, the You family would definitely get a lot of benefits!

At this point, Master You was still thinking about getting some so-called benefits from You Yue and Yun Feng. One could only sigh that he was going to get nothing in the end. Master You couldn't see You Yue and Yun Feng at all. How could he enter the courtyard of the Fifth Elder just because he wanted to? Even the four families had to get the permission of the Fifth Elder to enter. Besides, the Fifth Elder personally ordered that nobody was allowed to disturb them. You Yue and Yun Feng stayed together. It would be wishful thinking for Master You to see them.

He originally went with anticipation, but the You family's master was rejected. No matter what he said, he couldn't get in. In the end, he could only return helplessly, thinking that he would have a chance to see them one day. He couldn't count on You Bai anymore, who would be a useless person in the future! Right now, he could only rely on You Yue and his relationship with Feng Yun. The You family could live and have a future!

However, the Master of the You family didn't know that You Yue's heart had already turned cold. What did his passion and anticipation back then get in return? All he got in return was the dirty inside story of the family. Even though You Yue's personality wasn't cold, once his heart turned cold, everything else would naturally turn cold. Besides, You Yue had already taken the initiative to break away from the You family. In his heart, Feng was the closest person to him. Compared to Yun Feng, the You family was nothing. As long as the Master of the You family had the thought of using Yun Feng, You Yue wouldn't have anything to do with the You family.

The second round of the ranking contest was held as expected. The discussions for a week finally reached the peak that could burst out. Compared to the first round, the young people had higher expectations for the second round and their excitement was suppressed. They didn't do this for anything else. They just wanted to watch Feng Yun appear and watch Feng Yun make a move!

"She has to use her contracted Magic Beast this time, right?"

"Of course. There'll be a good show to watch this time. I'm really looking forward to seeing what her contracted Magic Beast will be. Wouldn't the person she fights with be very unlucky? Hahaha!"

Gong Tianqing sat in the audience seat and listened to the excited discussions of others with indescribable pride in her mind. This friend of hers was indeed domineering and strong! Apart from

these excited young people, even the five elders were looking forward to today's competition, especially the Fifth Elder. He had quite a lot of expectations for Yun Feng's ability. He believed that Yun Feng would have more astonishing abilities!

The ten of them drew lots again. Yun Feng looked at the number in her hand and then looked at Rong Xin, whose face was almost blooming. The two of them drew the same number, and Rong Xin finally got what he wanted.

"Junior Sister, Junior Sister! We're opponents. Hahaha! I'm so happy!" Rong Xin looked at the number in his hand and his eyes almost curved into a crescent moon. He even looked like he was dancing with joy. When the others saw Rong Xin's expression, they all thought he was stupid. How could he be so happy after knowing that his opponent was Feng Yun? If he weren't stupid, who was?

You Yue shook her head helplessly. Yun Feng sighed softly. "Alright, I'll fight him so that he won't bother me in the future."

"Hahaha, God is really good to me! Did you hear my wish these few days?" Rong Xin was happy on the side. Yun Feng didn't intend to talk to him anymore. Looking at the number in You Yue's hand, her eyes couldn't help but darken. Her brother's opponent was Tian Kui.

"Even though I'll definitely lose this battle, I'll try my best." You Yue smiled slightly. Yun Feng nodded. "Brother, just be careful."

Tian Kui looked at the number in his hand. He was a bit disappointed. He thought he would meet Feng Yun in the second round. His master praised Feng Yun when he returned. Tian Kui wanted to fight Feng Yun, but things didn't go as planned.

"Senior Brother Kui, You Yue probably isn't your match." Hua Ling's opponent was the Second Elder's disciple. The result was obvious.

"Yes." Tian Kui only nodded. Looking at Tian Kui's expression, Hua Ling knew who the opponent he was looking forward to in his mind. She couldn't help but sigh softly. Feng Yun... You're truly charming. Senior Brother Kui had always only cared about increasing his strength. This was the first time he cared about someone else.

The competition soon began. Yun Feng wasn't the first. Those young people who were waiting to see Yun Feng fight were all a bit anxious, but they didn't have to wait for long. After the first group of contestants, it was Yun Feng's turn to fight. Even though the first round of competition was also very interesting, it obviously couldn't arouse the enthusiasm of the audience. The contestant in the first group happened to include Hua Ling. When the audience didn't cheer at all, Hua Ling couldn't help but feel a bit embarrassed. Luckily, it didn't affect her strength. She successfully defeated her opponent and won the competition.

"Group 1, Hua Ling wins!"

Some sparse applause came from the audience. Hua Ling walked off the platform with a blush and was very embarrassed in her mind. "The second group of contestants, go on stage!" As she shouted, Rong Xin jumped up from the ground as if he was on steroids. "Junior Sister, it's finally our turn. I've been waiting for this moment for too long!"

Yun Feng also stood up. Facing her stupid senior brother, she really didn't know what to say. Rong Xin chuckled. "Junior Sister, let's go up quickly!" Rong Xin patted Yun Feng's shoulder. Immediately, a cold gaze came like an ice thorn. Rong Xin shivered inexplicably. Yun Feng looked in Qu Lanyi's direction and saw an extremely sullen face as expected.

Chapter 1100 Master's Wand (3)

"Let's go." Yun Feng walked past Rong Xin and walked to the platform. Rong Xin immediately followed her with a smile on his face. His footsteps were very excited. When the audience saw Yun Feng, they immediately shouted happily, "Look, look! It's Feng Yun! She's up!"

"Feng Yun is in the second group. Haha! I thought we had to wait for a long time!"

"She's fighting with someone from the same sect. This will be interesting. The battle between the two summoners will definitely be exciting! Feng Yun! Feng Yun!"

The young people all shouted Feng Yun crazily. The atmosphere immediately reached an extreme because of Yun Feng's appearance, which made Hua Ling, who was coldly received in the previous round, blush immediately. The comparison of popularity between the two of them was truly tragic. Rong Xin and Yun Feng stood opposite each other. Yun Feng looked indifferent, while Rong Xin was smiling. His heart was trembling with excitement!

"Junior Sister, let's be clear first. You're not allowed to hold back!" Rong Xin shouted. Yun Feng was startled and immediately didn't know whether to laugh or cry. She couldn't hold back? Did he really want her to beat him to death?

"Got it." Yun Feng could only reply. She must go easy on him, but she must also do it skillfully.

"Hahahaha, good!" Rong Xin laughed as he put his hand on his Ring of Contract. Immediately, a ball of yellow light flew out of the Ring of Contract and landed next to Rong Xin, turning into a huge turtle-like Magic Beast with a hard shell and sharp earthy blades. The Rock King Turtle appeared!

"Junior Sister, there's no need for us to be polite between a summoner and a summoner!" Rong Xin shouted. Yun Feng chuckled. She had already put on the fiery Ring of Contract on her slender finger. She didn't hold back at all. A ball of bright fire flew out of the Ring of Contract and landed next to Yun Feng. The huge body of the Fire Cloud Wolf appeared and the temperature in the air suddenly increased a bit!

"This is the contracted Magic Beast of my little sister. It's indeed extraordinary!" Rong Xin saw that the bloodline of this Fire Cloud Wolf had mutated at a glance and he couldn't help but admire it in his mind. His little sister could contract with a mutated Magic Beast. She was indeed not simple!

The appearance of the two contracted Magic Beasts made the atmosphere at the scene erupt crazily again. "The appearance of the two contracted Magic Beasts! God, summoners are indeed different!"

"Feng Yun, we want to watch an exciting game. Fight well! Don't show mercy!"

The young man's enthusiastic shout made Rong Xin burst into laughter. "Junior Sister, it seems that this is everyone's wish. I won't show mercy either!"

Yun Feng raised the corners of her mouth and heard Little Fire's telepathic message. "Master, he said not to hold back."

Yun Feng patted Little Fire's neck and said telepathically, "Do as you see fit. We have to hold back a bit."

"Roar..." Little Fire raised its head and roared abruptly. Its fiery fur had a red luster. The Rock King Turtle opposite it couldn't help but shiver when it saw this. Magic Beasts were born with a strong sense of danger. It stared at Little Fire nervously with its turtle eyes, knowing that this Fire Cloud Wolf would be very difficult to deal with.

Rong Xin suddenly slapped the ground with his hand and excitement flashed through his eyes. His mental strength was also extremely active because of this and it instantly surged out of his body. "Earth Petrification, Stone Spikes!" In an instant, stones immediately flipped on the ground of the platform and many huge and tough stone spikes appeared in the sky. Yun Feng and Little Fire instantly jumped into the air. The back of the Rock King Turtle arched and the stone blades that filled the sky spread out!

"Roar..." Little Fire opened its mouth and spouted out high-concentration fireballs, turning them into a sea of fire that filled the sky, burning all the stone blades into scorched earth!

The two of them had only attacked for a few seconds, but they caused quite a huge commotion. Rong Xin was even more excited to see this. His junior sister's contracted Magic Beast was indeed not simple! Rong Xin stood up and flipped his wrist gently. A wand had already appeared. Little Fire narrowed its wolf eyes slightly when it saw this. "Master, this kid seems to be serious."

Yun Feng smiled wryly. It seemed that Rong Xin had already aroused all his fighting spirit. What he wanted was a satisfying battle. If that was the case... Yun Feng also flipped her wrist gently and the wand her master left for her appeared again!

"Fifth Brother! What's with the wand in that girl's hand?" The Second Elder suddenly shouted. The Fifth Elder was stunned. The Fourth Elder then took a closer look and surprise flashed through his eyes. "That wand is..."

Seeing their expressions, the Fifth Elder couldn't help but look at Yun Feng. After sensing carefully, his heart also trembled fiercely. The wand in this girl's hand was... was...

"Fifth Brother, when did you get a wand of this level?" The Second Elder and the Fourth Elder glanced at him fiercely. The Fifth Elder could only smile wryly. "I didn't give that wand to her."

"What are you talking about? What's wrong with that wand?" asked the First Elder and the Third Elder. The Second Elder's hand trembled slightly. "That wand... If I'm right, it should be at least at the God Level!"

"What?" The First Elder and the Third Elder immediately felt that it was impossible after hearing that. A wand of the God Level! At least the God Level!

"Brother, are you mistaken?" The Third Elder quickly asked. "Even if Feng Yun is talented, she can't have such a thing. How can she have a god-level wand?"

"Third brother, you misunderstood. It's not the God Level, but at least the God Level. That wand is very likely to be above the God Level!"

"Above the God Level?!" The Third Elder couldn't help but feel shocked again. The Fourth Elder frowned. "Second Brother and I were lucky enough to see a God Wand. Once a wand of this level is used, it will

cause a special elemental fluctuation. This kind of elemental fluctuation isn't something ordinary people can feel. If Second Brother and I hadn't felt it before, we wouldn't have noticed it!"

"According to you, the wand in her hand is at least at the God Level. Is it true?" The First Elder narrowed his eyes slightly. The Second Elder and the Fourth Elder looked at each other. "Yes, it's absolutely true."

"How exactly did Feng Yun get this wand? If she got it by accident, where did she get it? If not, who gave it to her? Who was that person?"

"If someone really gave it to her, that person's identity..." When the Second Elder said this, the faces of the few elders all darkened. "This person's identity is definitely something we can't compare to. I really didn't expect there to be such a master behind this girl..."
