Chapter 1101: Master's Wand (4)

1101 Master's Wand (4)

"If there's really such an expert behind this girl, why did she come to the Juxing School?" said the Third Elder. The other elders chuckled. "This girl is indeed here, but do you think you're qualified to teach her? With the wand in her hand, she has probably learned much more than we can each!"

The Third Elder immediately couldn't say anything, and the elders also remained silent. The wand in Yun Feng's hand gave them extraordinary shock. "If possible, can we meet the expert behind her?" There couldn't help but be a hint of anticipation in the Second Elder's words. The other elders also looked thoughtful. If possible, it couldn't be better if they were lucky enough to meet this expert.

Yun Feng didn't know that the wand in her hand caused quite a huge commotion among the five elders. She didn't know the level of the wand herself, so she certainly didn't think too much about it. Holding the wand in her hand, Yun Feng and Rong Xin looked at each other. At the same time, the two of them raised their arms and shouted, "Earth Field!" "Fire Field!"

"Whoosh..." Yellow and red elements surged out of the wands of the two of them in an arc, spreading quickly until the two elements collided and reached the edge of the boundary!

"Roar! Bastard, take my claw!" Little Fire suddenly jumped up and pounced on the Rock King Turtle with its glittering claws. The Rock King Turtle was completely enraged by Little Fire's shout. "Big-tailed wolf, let's see how you break my turtle shell!"

"Zi, zi, zi!" The elemental worlds formed by the earth element and the fire element rubbed against each other. The moment they collided, Rong Xin felt an extremely powerful pressure. The fire element was already very aggressive. His junior sister seemed quite proficient in using the element and her control of the element was too precise!

Rong Xin's brows were furrowed tightly and his hands were full of sweat. If it weren't for the defensive effect of the earth element, his elemental world would probably have already been opened! His little junior sister was indeed strong!

Yun Feng stood in the air and her red lips curled up slightly. She turned the wand in her hand quietly and the fire elements around the wand immediately became stronger. After she took out the wand, Yun Feng's control of the elements reached the peak! The power of the elements was also unleashed completely under this wand!

The Elemental Field formed by the fire elements suddenly expanded a bit. Rong Xin only felt that he couldn't hold on anymore and his hand became numb. He saw that an opening was instantly torn open at the edge of the Earth Field by the fire elements. In an instant, the raging bright red color completely replaced the earth yellow and burnt all the earth elements that dissipated in the air to ashes!

"Phew! That was close!" Rong Xin quickly retreated nearly a hundred meters. The bright red fire almost brushed the edge of his cheek. That clear scorching sensation would really spread to his real skin if he was a few seconds slower! Rong Xin couldn't help but have a layer of cold sweat all over his body. He

touched his forehead with his hand and there were only beads of sweat on his palm. “Junior Sister, as expected of you...”

The moment Rong Xin stepped back, the fire that suddenly expanded and seemed to be swallowing him shrank fiercely and returned to Yun Feng’s side obediently. This ability of controlling the elements immediately made many mages feel deeply ashamed. Even though summoners were also mages, they had their own specialties. Speaking of Magic Beasts, summoners were incomparable. However, in terms of magic, they weren’t as proficient as mages. Mages focused on studying magic wholeheartedly and could be said to be devoted to it. Summoners were different. They had to put a lot of energy on their contracted Magic Beasts. The power of their mental strength was also very different. However, the precise and exquisite control Yun Feng showed just then made many mages blush.

“Feng Yun has such precise control of the elements. This wand has helped her a lot.” The Second Elder and the Fourth Elder both felt something in their minds. This wand could be said to be half the reason for Yun Feng’s precise control of the elements.

“That’s not necessarily the case. Feng Yun’s control of the elements isn’t bad.” The Fifth Elder said with a smile on the side as he looked at Yun Feng with admiration in his eyes. Besides this wand, the girl couldn’t be underestimated either. The wand, which was at least at the God Level, could unleash such a huge amount of energy in her hand. This girl was extraordinary too.

The fire quickly retracted. Apart from the scorching aura left in the air, it was hard for people to believe that the Fire Field, which suddenly expanded and almost enveloped half of the platform just then, could disappear quickly in a few seconds! Rong Xin stood there and patted his clothes with his hand. He looked at Yun Feng not far away and suddenly felt that this junior sister, who usually only smiled faintly and had always been humble and low-profile, was like an insurmountable mountain lying in front of him right now.

“Roar—” The two Magic Beasts that were fighting on the side also let out their own roars. Little Fire’s sharp teeth and claws faced the hard shell of the Rock King Turtle and could be said to be its match. They were in an impasse.

Rong Xin’s eyes darkened. He had just lost the elemental clash, which was enough to show that his little junior sister’s control of the elements was much better than his. The reason why that Fire Cloud Wolf didn’t have the upper hand was because of the Rock King Turtle’s strong defense. Would he definitely lose this battle? The corners of Rong Xin’s mouth couldn’t help but curl up. It was still hard to say right now!

Rong Xin’s body suddenly jumped. Seeing that he was going in Little Fire’s direction, Yun Feng immediately turned the wand in her hand and the Fire Arrow immediately surged out. Rong Xin burst into laughter. “Old Yan, use that move!”

That move?! Hearing what Rong Xin said, Yun Feng immediately knew that he still had a trump card. The Rock King Turtle also burst into laughter after hearing this. It suddenly took a step in Rong Xin’s direction with its heavy limbs and the entire platform couldn’t help but shake a few times!

“Earth Shield!” Rong Xin flew through the air and flipped his hand abruptly. The Earth Shield immediately rose in front of the Rock King Turtle. Little Fire was blocked by the Earth Shield that

suddenly appeared. It immediately roared furiously and wanted to attack again, but the next second, Rong Xin had already attacked mercilessly. "Earth Arrow!"

The dark red wolf quickly turned around and dodged the attack of the Earth Arrow, allowing the Earth Shield to protect the Rock King Turtle completely. Little Fire couldn't help but growl in frustration after missing the opportunity. Yun Feng immediately moved. "Master, what trick exactly is this kid playing?"

Chapter 1102: Looking for Trouble (1)

1102 Looking for Trouble (1)

Looking at the Earth Shield erected in front of her, Yun Feng didn't quite understand what Rong Xin's next move was. The Fifth Elder sitting on the platform couldn't help but feel shocked. "This stupid kid even used this move!"

Qu Lanyi stood in the corner and watched the scene on the platform. He only smiled coldly and slowly closed his eyes. After a while, he opened his eyes again with a hint of redness flashing in them. "That idiot is indeed quite capable. He deserves to be Fengfeng's opponent."

"Senior Brother Rong Xin, what are you doing? The Earth Shield is blocking us. We can't see anything!" The young people watching on the side all looked anxious. However, after Rong Xin arrived, the Earth Shield was immediately sealed from all directions. Nobody knew what happened behind the Earth Shield.

"Senior Brother Rong Xin is a summoner. He should have some unexpected moves!"

"I'm truly anxious. If he's in a battle, would the enemy have the patience to wait for him to come out?"

"Are you stupid? Don't forget which element Senior Brother Rong Xin has a summoner! It's the earth element! Even if the enemy can't wait, we'll see if he can break through the defense of the earth element! Can you do it?"

Discussions immediately sounded around. Even though everyone was anxious in their minds, they were full of anticipation. The other disciples couldn't help but feel stunned when they saw this scene. Even though it wasn't the first time Rong Xin participated in the ranking contest, this was the first time he used this move. The others couldn't help but feel shocked when they saw this!

"It seems that Rong Xin didn't use his full strength in the past," said Hua Ling with a frown. Tian Kui next to her also nodded. "The Fifth Elder doesn't like to be competitive by nature. His disciples are almost the same. If it weren't for the friendly contest between the three academies this time, the Fifth Elder wouldn't have worked so hard."

"In order to get the spot, Rong Xin used his trump card."

"No, you're wrong," said Tian Kui casually. Hua Ling looked at Tian Kui. "If not for this reason, what else could it be?"

The corners of Tian Kui's mouth curled up slightly as he looked at Yun Feng. "The reason is Feng Yun. It's precisely because his opponent is her that all her fighting spirit can be aroused. Rong Xin is fully motivated."

“Bang!”

The Earth Shield that enveloped the Rock King Turtle instantly shattered and turned into tiny elements that floated in the air. Everyone was shocked by the sound, but Yun Feng narrowed her eyes. Little Fire next to her also narrowed its wolf eyes and clenched its claws slightly, ready to attack at any time.

“Boom...” A dull sound came. After the earth element completely disappeared, Rong Xin’s Contracted Magic Beast, the Rock King Turtle, appeared opposite Yun Feng, with its huge body, slow movements and unusually hard defensive shell. But Rong Xin completely disappeared!

“Where’s Senior Brother Rong Xin?”

“That’s right. Why did he disappear into thin air? Did he abandon his contracted Magic Beast and run away?”

“What nonsense are you talking about? Have you seen a summoner do this before?”

“But look. Senior Brother Rong Xin is indeed gone!”

The disappearance of Rong Xin immediately caused an uproar. Some young people couldn’t help but stand up and crane their necks to look at the platform. They all stood on their tiptoes, wanting to find where Rong Xin was. However, on this platform, other than Yun Feng, Little Fire and this Rock King Turtle, Rong Xin had indeed disappeared!

“Master, did that kid use a space blockade? However, with his strength, this move is useless at all! Did he really run away?” Little Fire and Yun Feng communicated telepathically. It looked around vigilantly, not letting go of any movement at all. Only the dark elements in this world could make people disappear out of thin air. However, Rong Xin wasn’t related to the dark elements at all. If he didn’t run, what else could he have?

“No, he couldn’t have run away... If he didn’t run away, that means... he must be hiding somewhere. For example...” Yun Feng turned her gaze and looked straight at the Rock King Turtle. She glanced at it slightly and her red lips curled up. “For example, there.”

Little Fire widened its eyes. There? This turtle? Was he hiding under this turtle’s belly?

“Junior Sister is indeed smart. You even thought of this!” Rong Xin’s joyful voice suddenly sounded. Even though it came from the platform, he was still nowhere to be seen. It immediately attracted more curiosity. Everyone was guessing where Rong Xin was hiding.

Yun Feng stood there and kept looking at the Rock King Turtle with her black eyes without deviating at all. “It’s not that I’m smart. I know your personality. I certainly know the general course of your action. Also, didn’t you say you wanted to use that move just then?”

“Hahahaha!” Rong Xin burst into laughter happily. The Rock King Turtle suddenly stepped forward with its front limbs and Little Fire jumped in front of Yun Feng. “Roar... Bastard, how did my sharp claws taste?”

“Junior Sister, your contracted Magic Beast doesn’t have a good personality.” The voice suddenly became clear, as if it was standing in front of her. Yun Feng narrowed her black eyes and saw that the

Rock King Turtle in front of her extended its neck slightly and then opened its mouth. Yun Feng's black eyes couldn't help but widen. He could hide there!

"Junior Sister, here's your problem." Rong Xin stood in the mouth of the Rock King Turtle, or more precisely, on its tongue. He chuckled at Yun Feng. "I'm right here. This turtle is my iron wall, and I'm his weapon. How can you break it?"

The appearance of Rong Xin immediately caused an uproar at the scene. God! He could enter the mouth of a Magic Beast! Such a way of fighting could be said to be too novel! However, after thinking about it, everyone realized that such a way of fighting was perfect! Just as Rong Xin said, it perfectly combined defense and attack. It also combined summoners and contracted Magic Beasts perfectly!

"Fifth Brother, did Rong Xin come up with this method himself?" The First Elder asked with a smile. The Fifth Elder touched his chin. "He did come up with it himself. Even though this kid isn't ambitious, he has a lot of whimsical ideas."

A scorching light suddenly flashed through Yun Feng's black eyes. Rong Xin gave her a lot of inspiration. At first, she thought that summoners and contracted Magic Beasts could only fight as individuals, but Rong Xin told Yun Feng that summoners and contracted Magic Beasts could also fuse perfectly, combining the advantages and covering each other's weaknesses. They could achieve a kind of perfection! Of course, the fusion of the two of them had requirements. First of all, the contracted Magic Beast must be in a huge form. It would be impossible for Yun Feng to stand inside with Little Fire's body.

1103 Looking for Trouble (2)

Alright, it was indeed interesting. Rong Xin was a weird genius with wonderful ideas!

"Junior Sister, take this!" Rong Xin burst into laughter and was very satisfied with Yun Feng's expression. This was a move he was very proud of. This was the first time he had used it since he created it! Only his junior sister could arouse his complete fighting spirit. He didn't want to use this move when he was fighting with others! He flipped his hand and held the wand in his hand again. "Earth Arrow!"

In an instant, many earthy arrows shot out of the Rock King Turtle's mouth and pounced at Yun Feng. Yun Feng turned the wand in her hand and the fire elements immediately greeted them. Little Fire opened its mouth on the side and fire element energy immediately burst out. However, the Rock King Turtle closed its mouth and protected Rong Xin firmly in its mouth. It turned its body and Little Fire and Yun Feng's fire element attacks completely hit the turtle shell. They were all bounced away!

"The Rock King Turtle's defense is indeed strong." Yun Feng couldn't help but compliment it. Little Fire also said impatiently, "That turtle's shell is unusually thick. In addition, the earth element has the ability to defend itself. When my sharp teeth and claws attack it, it's useless unless I use some special means."

"Especially, Rong Xin is still in the body of the Rock King Turtle right now. The contracted Magic Beast is related to the mental strength of the summoner to begin with. The two of them have merged into one at this moment. I believe the earth element will be more useful. Its defense has already improved compared to before."

“Master, just flip the turtle to the ground!”

Yun Feng, however, smiled. “Little Fire, even if the other two Magic Beasts are here, do you think we can overturn the Rock King Turtle with our strength?”

Little Fire roared in frustration. What should they do now? The effect of attacking from the outside was zero. If it couldn’t cause any damage to the opponent, even though its master wouldn’t lose in this stalemate, it would be disadvantageous to her!

It could be said that if Yun Feng couldn’t break through the defense of the Rock King Turtle, the battle would be in a stalemate here. As long as Rong Xin controlled the use of his mental strength well, he and Yun Feng could still fight for a while, but Yun Feng didn’t want it to become a long battle.

“Being one has advantages, and fighting separately has advantages of its own!” There was a smile at the corners of Yun Feng’s mouth again. Little Fire was immediately delighted when it saw this. It knew that its master would definitely have a solution!

“Little Fire, disrupt the Rock King Turtle’s sight. You must disrupt its sight completely!”

“Yes, ma’am!” Little Fire jumped towards the Rock King Turtle abruptly. The Rock King Turtle opened its mouth and Rong Xin appeared again. Seeing Little Fire running towards it, it chuckled. “Junior Sister, this Fire Cloud Wolf can’t break through the defense.”

Little Fire waved its sharp claws and slid onto the hard shell of the Rock King Turtle, leaving a few thin white scratches. Rong Xin was even more delighted when he saw that. Yun Feng stood there with a smile. “I know.”

“You know? If you know, why did you let it attack? This is all useless!”

Yun Feng smiled and didn’t say anything. Little Fire followed Yun Feng’s instructions wholeheartedly and completely disrupted the vision of the Rock King Turtle! It didn’t focus on attacking anymore, but wandered and attacked occasionally. Gradually, Little Fire sped up more and more. Rong Xin only felt that there was a ball of fire jumping constantly in front of his eyes and it let out a deep wolf howl from time to time.

What exactly does my junior sister want to do... Rong Xin couldn’t help but frown. She knew this was useless, but she did it anyway. What exactly was her purpose?

“Master, it’s making me dizzy!” mumbled the Rock King Turtle in dissatisfaction. Rong Xin scratched his head. “Very good. Then...” He didn’t care anymore. Before he could finish, Little Fire attacked with its claw. The Rock King Turtle extended its neck to the left and blocked Little Fire’s attack. Little Fire immediately jumped to the other side, and the Rock King Turtle’s neck was also moving to the right. At this moment, a thunderbolt suddenly broke out inside Rong Xin’s head!

So that was the case! Her junior sister wanted to do that! “Old Yan, immediately...” Rong Xin had just said these words when he felt a gust of wind in front of him and a fragrance assailed his nose. Rong Xin blinked and looked at Yun Feng, who was right in front of him, feeling completely breathless.

Looking into Rong Xin's eyes with her clear black eyes, Yun Feng's red lips curled up. "Since it can't be broken from the outside, my only breakthrough is certainly from the inside. Senior Brother Rong Xin, do you think the Rock King Turtle can move faster than me?"

Looking at Yun Feng's smiling black eyes, Rong Xin swallowed and beads of sweat appeared on his forehead. If he was his junior sister's enemy, he probably wouldn't even know how he died. Indeed, the Rock King Turtle's defense was astonishing. She didn't have any breakthrough point from the outside at all. He took advantage of this as well. However, he didn't expect his junior sister to be different. Her quality was different from that of other summoners. If it were other summoners, the Rock King Turtle might still have some time to react. If it was his junior sister... there was not even a second!

"Junior Sister, you're indeed impressive." Rong Xin chuckled. Yun Feng stood on the edge of the Rock King Turtle's mouth and looked at Rong Xin with a smile. "Senior Brother Rong Xin, do you still want to fight?"

"Hahahaha!" Rong Xin laughed happily. Keep fighting? His ultimate move had already been broken. How could he continue fighting? He lost! However, he admitted defeat wholeheartedly! Yun Feng and Rong Xin immediately jumped out of the Rock King Turtle's mouth. Rong Xin put it into the Ring of Contract. He scratched his head. "I admit defeat!"

"This kid..." The Fifth Elder didn't know what to say, but there was pride in his heart. Those were his disciples. Both of them were so outstanding. As an elder, he certainly felt honored. The other elders also agreed that the two of them were outstanding. This was a rare thing.

"Clap, clap, clap!"

The Fifth Elder's face turned cold as he glanced in the direction of the auditorium. The other elders were the same. One of them slowly walked over from the corner of the auditorium, clapping his hands as he walked to the platform of the competition. There were a few young people behind him. The scene suddenly became quiet, and only he kept clapping.

Who was he? Yun Feng looked at the man who seemed to have appeared out of nowhere with her black eyes. The few young people behind him walked to a spot and automatically stopped. Only he was still walking forward slowly. His eyes collided with Rong Xin on the stage lazily, but sharply. He glanced at Yun Feng accidentally. Yun Feng felt that he seemed to have seen through her completely at this moment. An inexplicable hostility rose from the bottom of her heart. Yun Feng immediately understood that she didn't like this person. At least, nobody would like the feeling of being spied on the first time they met.

Chapter 1104: Looking for Trouble (3)

1104 Looking for Trouble (3)

"Why did you surrender?" The man looked at Rong Xin and asked softly. His voice sounded a bit gentle. The clothes he was wearing were also made of soft fabric and didn't seem to be neat when they stuck to his body. The man had long hair that was tied up behind his head casually. If it weren't that some tiny wrinkles on his skin betrayed his age, everyone would really think that he was a young man.

This man with a lazy aura all over his body made Yun Feng uncomfortable. She found that his gaze was quite scorching as he looked at Rong Xin. Yun Feng stood in front of Rong Xin. This stupid Rong Xin wasn't this man's match in any aspect.

"I can't beat my junior sister, so I certainly have to admit defeat." Rong Xin was indeed stupid. The other students of the Juxing School all noticed that something was wrong, but he said with sincerity on his face. The man immediately burst into laughter after hearing that and said lazily, "You can beat her. Trust me."

Rong Xin suddenly frowned after hearing this. "Trust you? Who are you?"

The man raised his brows and saw a black shadow coming from the side. The man's expression was slightly cold as he immediately stepped back, avoiding the gust of wind brought by the person. Yun Feng was stunned. Why was Qu Lanyi here?

"Senior, this is the Juxing School. You don't look familiar at all. You should be a guest. Since you're a guest, we should respect you, but you should also keep your manners." Qu Lanyi stood in front of Yun Feng with a cold face and looked at the man in the eyes with his black eyes. The man was slightly stunned. Perhaps he didn't expect the young man in front of him to dare to look at him in the eyes! The man chuckled. "Interesting, interesting..."

"Swish, swish, swish!" The five elders jumped down at this moment. The Fifth Elder said to Yun Feng and the others in a low voice, "You three, go down quickly."

Rong Xin wanted to say something, but Yun Feng pulled him off the stage. Qu Lanyi, on the other hand, glanced at the man coldly and turned around to follow Yun Feng down. The five elders stood opposite the man. Even though they all had a smile on their faces, the atmosphere became more and more tense. The other disciples of the Juxing School also felt the atmosphere clearly and couldn't help but wonder who exactly came!

"Leng Jue, why did you come all the way to the Juxing School?" The First Elder asked with a smile. The man called Leng Jue raised his eyebrows slightly. "Since I came all the way here, I certainly have something to do."

"If you have something to do, what is it? What could possibly make the Third Elder of the Star Cloud School to come here in person?" What the First Elder said made many young people gasp. The Third Elder of the Star Cloud School! Why would the Third Elder of the Star Cloud School come to the Juxing School?

"The Third Elder of the Star Cloud School is here!" Rong Xin gasped when he heard this. Yun Feng and Qu Lanyi were better. The two of them looked at each other. The three schools on the Central Continent were equally famous. The Juxing School was one of them, and the Star Cloud School was another.

"Why? I'm a guest here. Is this how the Juxing School treats guests?" Leng Jue raised his brows. The First Elder chuckled. "You came at the right time. The Juxing School's ranking contest is going on. If the Third Elder of the Star Cloud School can give them some guidance, it'll be the honor of Juxing."

The faces of the other elders were a bit stiff. Speaking of communication with the outside world, the First Elder could be said to be at ease. He could be stable and calm when dealing with people. He didn't

expect Leng Jue to smile in disdain after hearing that. “There’s no need! I think this ranking contest is just so-so. That kid could clearly win just then, but he admitted defeat. These disciples of the Juxing School must be really good at admitting defeat!”

“What did he say?” What he said immediately invoked the anger of all the young people of the Juxing School. F*ck! Even if you’re an elder of another school, you can’t insult the Juxing School like this!

“You...” The Fifth Elder was about to burst into fury. Luckily, the Second Elder stopped him, but he didn’t look good either. Being pointed at and scolded by someone, everyone certainly felt bad in their minds, especially the disciples of the few elders. They were all so angry that they gritted their teeth.

“What bulls*it Third Elder is that? What bulls*it is he talking about?” Rong Xin cursed in a low voice. The others also mumbled indignantly. Qu Lanyi watched on the side with an interested look, while Yun Feng looked at the Third Elder of the Star Cloud School. Although this old guy came this time for something, he was also here to make trouble.

“In that case, what can I do for you, Third Elder of the Star Cloud School?” The First Elder still asked with a smile. Leng Jue raised his arm and burst into laughter. “I don’t think there’s a need for this ranking contest. What ability does the first place of the Juxing School have?”

The First Elder’s temples throbbed. He knew that Leng Jue was here to ruin the scene today. “Although the Juxing School has always been low-profile, we don’t think we’re weak.”

“How strong are you exactly? Why don’t you broaden my horizons today? Since I’ve come in time for this ranking contest, I feel embarrassed not to teach you a lesson. I’ve also brought a few disciples of the Star Cloud School with me this time. Even though their talent is average, they can compete with the so-called top of your school.”

These words were full of mockery and humiliation. The First Elder’s eyebrows jumped a few times fiercely and he obviously couldn’t keep the smile on his face anymore. “First Elder! The Star Cloud School has gone too far! Juxing isn’t afraid of them at all!”

“That’s right, five elders! How can we not beat the Star Cloud School?”

“F*ck, beat them up until they can only find their teeth on the ground. Let them get out on their stomach!”

Young people were always aggressive. If there was fire in their hearts, they certainly had to vent it with their lives. Leng Jue stood there and wasn’t angry at all. Looking at the First Elder, who hadn’t said anything since the beginning, he couldn’t help but sneer. “Why? You don’t even have the courage to fight. Is Juxing qualified to participate in the championship of the three academies? I think you’ll only be at the bottom.”

“Senior!” A young and confident voice suddenly sounded. Tian Kui had already jumped onto the platform. Seeing that, the First Elder immediately scolded in a low voice, “Don’t be rude. Tian Kui, get off!”

Tian Kui, on the other hand, stood stubbornly and looked at Leng Jue with his eyes. “Senior, the few elders are all people who like peace and quiet. The style of the Juxing School has always been very low-profile, but since someone has challenged us, we disciples have no reason to reject them!” Tian Kui

turned around and cupped his hand in the other in front of the First Elder. “First Elder, just treat it as a spar. It’ll be quite beneficial for us.”

Chapter 1105: Looking for Trouble (4)

1105 Looking for Trouble (4)

The First Elder’s face twitched a few times. “Alright. Young people always learn something from each other in competitions. Since you’ve made such a request, we can only agree.”

Immediately, cheers burst out in the venue. All the Juxing disciples felt their emotions surging, but Yun Feng glanced at the few young people who were with Leng Jue. Qu Lanyi lowered his handsome face and whispered in Yun Feng’s ear, “Two Grade 7 King Level experts, two Grade 8 King Level experts and one Grade 9 King Level expert.”

Yun Feng raised her head, and Qu Lanyi put on a wicked smile. “Fengfeng, this is a great opportunity for practice. Don’t miss it.”

Practice? The corners of Yun Feng’s mouth couldn’t help but move a few times. Only Qu Lanyi could think of using these Grade 8 and Grade 9 King Level experts as training partners. Yun Feng chuckled and looked at the platform. Leng Jue burst into laughter when he heard the First Elder accept the challenge. He waved his hand at the back. One of the few young people who stopped far away had already jumped onto the platform and stood next to Leng Jue.

“It’s best if you accept the challenge. Otherwise, it’ll only be a joke if word gets out.” There was a mocking smile on Leng Jue’s face. The First Elder was still smiling, but his eyes were cold. Someone had truly insulted him in his home. No matter how low-profile he was, it was time for him to attack. What was there to be afraid of in his own territory?

“This is the person sent by Juxing?” Leng Jue glanced at Tian Kui. Tian Kui was a Grade 8 King Level expert and was undoubtedly the top on the Juxing side. The First Elder chuckled. “Tian Kui is not very talented, but he certainly won’t miss the opportunity to learn.”

“Hm, fine.” Leng Jue glanced at the young man next to him. “It’s enough for a Grade 7 King to be your opponent.”

“What?” The disciples were all enraged in their minds. It was a huge insult for Tian Kui to have a Grade 7 King as his opponent! They looked down on Tian Kui and the Juxing School! The faces of the few elders all darkened. Tian Kui was a recognized talent in their minds. Even though he wasn’t a first-rate genius, he was extremely hardworking. He had worked hard to reach this height! And yet, he was now degraded to the point of being worthless!

“Senior Brother Kui, it’s beneath you to fight with someone at Grade 7 of the King Level. I’ll do it!” One of the disciples of the Second Elder said as he jumped onto the ring. Leng Jue burst into laughter.

“Alright! I’ve brought five people with me this time. It won’t be a problem for them to challenge you one by one. It’s even possible for them to fight multiple of you at the same time!”

“Tian Kui, go down first. Let the Second Elder’s disciple come,” said the Third Elder. Tian Kui’s eyes glittered and he could only accept. Leng Jue laughed and turned around to stand on the side after

getting off the platform. The five elders returned to their original positions. The inner campus ranking contest of the Juxing School could only be interrupted and turned into a battle against the Star Cloud School's provocation.

"Feng, what do you think our odds of winning are?" You Yue asked in a low voice. Rong Xin on the side suddenly clenched his fists. "Humph! What are the chances of winning? We must defeat all of them! Beat them up until they find their teeth on the ground!"

Qu Lanyi raised his brows lazily, looking like he was an idiot. Yun Feng looked slightly solemn. "In terms of the chance of winning, I guess there's only 50%. The five people from the Star Cloud School this time aren't simple."

"No matter how powerful they are, they can't get out of here unscathed!" Rong Xin was completely enraged and was about to go on stage. Yun Feng suddenly patted Rong Xin's head. "Even if someone wants to go on stage, it's not you. You've already consumed a lot of energy fighting with me just then. Just stay here. Master's disciples aren't very good to begin with. Let the other elders stand up first."

"Then..." Rong Xin was about to say something, when Qu Lanyi suddenly reached out and pressed a certain part of his chest. Rong Xin immediately gritted his teeth in pain and waved Qu Lanyi's hand away fiercely. "What are you doing? It hurts!"

Qu Lanyi sneered. "You still want to go up? That's fine. You'll just be kicked down."

Rong Xin's face inexplicably flushed. He touched the painful spot on his chest with his hand and didn't say anything else. The battle with Yun Feng just then consumed a lot of his mental strength, more than half of it. Even if he went on stage right now, he would really be kicked down like this kid said!

"Even if I can't, someone among the disciples of the other elders will certainly be able to beat them down!" As soon as Rong Xin said that, Qu Lanyi sneered again. "Blind confidence. Even though I indeed don't like those guys from Star Cloud, Juxing isn't Star Cloud's match this time."

After Qu Lanyi said that, he heard a loud bang. A person fell from the platform and sank deep into the ground. The scene was suddenly silent. Rong Xin's eyes couldn't help but widen. He immediately jumped out. "Hey! Are you alright?"

The person who was thrown out was the disciple of the Second Elder!

"Xun Yang!" The Second Elder suddenly stood up. The Third Elder reached out and pulled the Second Elder back. The faces of the few elders immediately darkened. The person from Star Cloud on the platform immediately jumped off the platform and stood back in his original position. Leng Jue burst into laughter. "The Juxing School is just so-so! A Grade 7 King is enough to beat him into this. I'm truly disappointed! You still want to participate in the friendly contest?"

The First Elder clenched his fists so hard that blue veins appeared on the back of his hands. "Brother, Xun Yang is also a Grade 7 King. How did he get knocked down in just a few moves?"

The Second Elder looked pained. "How would I know? Those bastards from the Star Cloud School must have done something! Otherwise, they wouldn't have come to cause trouble!"

“They’ve indeed done something.” The potion elder, who had been silent, suddenly said, “Although those young people of Star Cloud are careful, they’ll give themselves away once they mobilize their fighting energy or mental strength. Each of them took a potion that increased their strength. Even though the duration is short, the effect is extremely powerful.”

“Despicable, shameless!” The Fifth Elder spat on the side. It seemed that Juxing had suffered a loss! Damn it, they had taken the potion and still had the face to spout nonsense here! The five elders knew that the Star Cloud School had played tricks, but the disciples of Juxing School had no idea at all. Seeing that their fellow had been thrown off the stage after a few rounds on the stage, nobody felt good. Immediately, these young people all roared angrily.

“You bastards! Did you use some dirty trick?”

“Star Cloud, Senior Brother Kui will beat you all down later! You’ll have to crawl out!”

Hearing these furious shouts, Leng Jue only burst into laughter. “Facts have proven that this is all Juxing has! I think it’s better for you to forfeit voluntarily. Are you even qualified to participate in the friendly contest of the three academies? We’ll feel embarrassed to be your opponent!”

“Damn it, they’re too much!”

“Old man, do you want to die?”

Fury, craziness, anxiety, all the complicated emotions were intertwined. The scene was already a bit chaotic. It was impossible for the five elders not to be angry in their high seats! However, what could they do? As elders, were they going to attack? Wouldn’t that make others say that Juxing was weak? However, the Star Cloud School did something. Who on the Juxing School’s could resist it... Who...

The First Elder’s gaze focused on the Fifth Elder. The Fifth Elder’s face darkened. “No!”

“Fifth Brother! We’re facing a great enemy right now. The others have already bullied us. What can you not do?” The Fourth Elder couldn’t help but say. The body of the Fifth Elder sitting there was very stiff. The First Elder heaved a long sigh and was about to say something, when the Fifth Elder suddenly said, “We can’t let that girl go on stage to deal with these few people! Even if that girl is quite strong, think about it. She hasn’t been in Juxing for long! If anything happens in the battle, won’t we ruin that girl?”

“Brother, we won’t let Feng Yun get hurt,” said the Third Elder. The Fifth Elder glanced over. “If that’s the case, why don’t we let Tian Kui go up?”

The Third Elder was stunned for a moment, then chuckled. “It’s fine to send Tian Kui up! However, we all know that he’s no match for these few people, who have already taken potions.”

“If Tian Kui isn’t their match, why would Feng Yun be! Why are you so sure?”

“Fifth Brother! We know you love your disciple, but at such a moment, do you want someone else to sh*t on our heads?” The Second Elder roared. At this moment, the First Elder waved his hand. “Alright,

stop talking. If Feng Yun weren't here this time, how can we survive? Just because she's here, we can put everything on her with a clear conscience? If the other disciples of the Juxing School don't have the ability to resolve this crisis, it can only be because of our ability!"

The few elders didn't say anything. The Fifth Elder sat there with a complicated feeling in his mind. Wasn't he angry to be provoked and insulted by others like this? Of course he was! However, those few people had taken potions. Feng Yun, that girl, was a good seedling. He wasn't willing to let her get hurt by them at all!

"What do you say, First Elder?" Leng Jue said as he looked at the place where the disciples were gathered. Even though he didn't continue talking, the meaning in his words couldn't be more obvious.

The few people who participated in the second round of the ranking contest all surrounded the injured disciple of the Second Elder and carried him out carefully. The other disciples of the Second Elder couldn't help but feel sad when they saw him like this. The people of the Star Cloud Group were too ruthless!

The disciple of the Second Elder was already on the verge of death right now. If it weren't that the water-element mage kept healing his wounds, he would probably have died. Even though there was also competition inside the Juxing School, everyone was united at this moment.

"They keep saying that it's a spar, but they're so vicious!" Hua Ling's eyes were slightly red on the side as she choked and said, attracting the unanimous anger of the others. "They're too much! It's impossible to vent the anger in their minds without killing them!"

Tian Kui reached out and pulled the person who was about to rush to the stage impulsively back. His calm and young face gave these disciples a reassuring feeling. Tian Kui was the goal that many disciples of the Juxing School fought for in their minds, an idol-like existence.

"You're no match for him. I'll be the one who deals with them."

"Senior Brother Kui..." Someone's eyes immediately turned red. "With Senior Brother Kui here, we'll definitely win!"

"That's right. With Senior Brother Kui here, those bastards will be beaten to the ground!"

Tian Kui didn't say anything. Everyone's hope was on his shoulder, but he knew that the people from Star Cloud were very strong. Logically, a Grade 7 King should not have such power. Those people must have used some means, or the disciple of the Second Elder wouldn't have been so seriously injured. Could he really fight against five of them alone?

Tian Kui gritted his teeth. He couldn't back down at all at this moment. He couldn't waver either. Even if he didn't have much chance of winning, he had to go on stage! Juxing wasn't so easy to bully! Tian Kui suddenly stood up, but a clear voice came. "Wait."

Rong Xin suddenly raised his head when he heard this voice. He couldn't help but feel delighted when he saw the person. "Junior Sister!"

Yun Feng walked over and the few disciples who were watching all looked at her in confusion. Yun Feng glanced at the injured one with her black eyes. The man's injuries had finally stabilized and his life

wasn't at risk. "Feng Yun, what are you trying to say?" Hua Ling suddenly felt angry when she saw Yun Feng. She was clearly quite strong and was even comparable to her senior brother. How could she not step up at this moment?

However, Yun Feng didn't have a deep bond with the Juxing School to begin with. If it weren't for the sake of finding out information about the Yun family, Yun Feng wouldn't have come at all. Hua Ling's idea was too wishful and unreasonable.

Yun Feng heard that Hua Ling's tone was a bit unfriendly, so she ignored her. Tian Kui looked at Yun Feng. "What's the matter?"

Yun Feng raised her brows. "Are you going on stage to fight? One against five?"

Tian Kui was stunned for a moment, then nodded. Yun Feng chuckled. "Those people from Star Cloud took potions and strengthened their abilities in a short period of time. Besides, you're only at Grade 8 of the King Level. It's too reckless to fight against five people alone."

Tian Kui was stunned. They took potions? No wonder! No wonder a Grade 7 King had such power. In that case... his chances of winning were even lower!

"Feng Yun! What do you mean? Are you going to let Juxing be insulted just like that? Senior Brother Kui is extremely strong. Those few people aren't his match at all! If you don't let Senior Brother Kui go up now, you'll make us a laughing stock!" roared Hua Ling. Yun Feng's face turned cold.

"If you're so defensive of Juxing, why don't you go up there yourself?"

Hua Ling looked embarrassed. "... I..." She didn't have the strength, right? She was just a Grade 6 King. She would be thrown down even if she went up.

"Why are you so angry? Junior Sister hasn't said anything! We should be united right now. Why are you picking a quarrel?" Rong Xin was very unhappy after hearing that and said to Hua Ling in dissatisfaction. Hua Ling immediately blushed. "That's not what I meant. I..."

"Alright, stop talking. This battle is unavoidable. I'll go," said Tian Kui as he glanced at Yun Feng. "Even if I know I'll lose, I won't surrender!"

Yun Feng chuckled as she stepped forward and grabbed Tian Kui's arm with one hand. Tian Kui was stunned for a moment. Before he could react, Yun Feng pulled him back forcefully. Tian Kui's heart trembled! Her strength...

"As the face of the Juxing School, you, the idol of many disciples, you can't be defeated on this stage so easily. I don't want the Juxing School I once stayed in to be rumored to be so worthless in the future. Leave these few to me."

"What are you talking about? How can you be their match after they took the potions?" Tian Kui immediately roared. What was she talking about? Did she want to go on stage herself?

“Junior Sister, Tian Kui is right. Come down! If you’re injured, Master will scold me to death.” Rong Xin was also quite worried, but Yun Feng chuckled and waved her slender finger. The ring on it emitted an extremely dazzling light. “Rong Xin, you should know that I’m not alone.”

“Yes, but you only have one contracted beast. That’s too...”

Yun Feng curled her red lips. “Trust me. I’ll take care of all of them.”

Rong Xin wanted to say something else, but he suddenly couldn’t say it. Even Tian Kui was the same. He wanted to stop her, but the confidence that burst out of Yun Feng made him inexplicably relieved. He couldn’t help but trust her and believe that as long as she was here, everything would be fine!

The other disciples also had the same thought. Even though Yun Feng’s back was slim and slightly thin, she was like a small mountain standing in front of them!

Yun Feng jumped and was already standing on the platform. She didn’t intend to get involved at first, but she was also a disciple of Juxing right now. She didn’t want the academy she lived in to be described as worthless one day. Besides, the Fifth Elder was quite good to her and cared about her brother. She hated arrogant people the most. This Leng Jue made her uncomfortable and she didn’t like those young people who came with him. Just like Qu Lanyi said, she wanted to practice.

Yun Feng’s appearance on the stage made the scene quiet down. The Fifth Elder was immediately shocked when he saw this. Why did this girl come up? The other elders couldn’t help but heave a sigh of relief. For some reason, as long as this little girl was willing to go on the stage, they felt that they had a high chance of winning.

“Look! It’s Feng Yun! She’s on the stage!”

“Feng Yun! Beat them up! Let them see that Juxing isn’t easy to bully!”

“Feng Yun, beat them up! Feng Yun!”

When the young people saw Yun Feng on the stage, their blood immediately boiled and they all shouted at the top of their lungs. Most of them had already stood up excitedly and waved their arms, shouting the name Feng Yun. In a blink, the audience was thunderous!

Qu Lanyi stood in the corner with his arms crossed and looked at the woman on the stage with affection and admiration in his black eyes. This was the woman he had loved. She certainly had to have such bearing and strength. He had known from the first moment he saw her that she was his and they belonged to each other.

“Is Feng really fine?” You Yue was very worried on the side, fearing that Yun Feng would be hurt. Qu Lanyi, on the other hand, chuckled. “Those few people aren’t Fengfeng’s match. So what if they took the potion? In the end, their strength is not solid.”

You Yue was finally relieved. “Yes, with Feng’s ability, those few people are indeed easy to deal with.”

Leng Jue found the cheers around the venue extremely ear-piercing. Looking at the little girl who suddenly stood up on the platform, he couldn’t help but sneer. “Why? Do you want to take on the responsibility alone?”

Yun Feng turned around and glanced over with her clear and calm black eyes. The calmness and tranquility in them shocked Leng Jue! Her mind was so calm and strong. She didn't panic at all when she looked at him!

"Tian Kui is the top of the Juxing School. Dealing with a few mediocre challengers like you, he certainly doesn't need to do anything. I'm enough."

"What did you say?" When Leng Jue heard this, his face immediately darkened. Even the few expressionless young people who had been standing there finally reacted this time. They all looked at Yun Feng furiously. Yun Feng burst into laughter. "Am I wrong? Even though taking potions can increase your strength in a short period of time, it's not a long-term solution after all. Time can wash away everything."

"You can even see that." Leng Jue smiled coldly, but he was extremely shocked in his mind. This little girl could even see that they had taken potions. She was truly quite capable!

"Damn! They took potions! No wonder!"

"Star Cloud can only rely on this method. It's despicable, shameless and obscene! I thought they were very powerful!"

"F*ck, if you have the ability, wait for the effect of the potion to expire before fighting! Let's see how Juxing will teach you a lesson!"

The five elders sat on the high seats and all felt that what Yun Feng said was truly venting their anger. With their status, they certainly couldn't expose this point, but Yun Feng was different. The exposure of Star Cloud's trick also made the emotions of the disciples of the Juxing School a bit higher. It wasn't that the Juxing School didn't have the strength, but that their opponents were too despicable!

"Leng Jue! Feng Yun is the disciple of the Fifth Elder. She's a junior after all. If she said anything wrong, you must forgive her," said the First Elder with a smile. He was so relieved in his mind. Leng Jue's face was as green as pickled vegetables. It was a bit embarrassing to be exposed in public with his means, but he couldn't say anything with his identity.

"The Fifth Elder? A summoner..." Leng Jue reexamined Yun Feng. If she wasn't a summoner, he wouldn't have paid attention to her at all. However, if she was a summoner, it was a different story. In the battle just then, he only knew that Rong Xin was a summoner, but he didn't realize that Yun Feng was one too.

Chapter 1108: Yun Feng Appears (3)

1108 Yun Feng Appears (3)

Leng Jue waved his hand and one of the five young people standing behind him jumped out again. He stood on the ring and looked at Yun Feng with anger in his eyes. There was also a glittering ring on his finger. That was also a Ring of Contract!

"It's only fair for a summoner to fight a summoner." Leng Jue snorted with a smile at the corners of his mouth. Yun Feng looked at the Ring of Contract of the person opposite her. Red, a fire-element summoner. "Let me see what you're capable of!" The summoner of the Star Cloud School said as he

waved his hand abruptly and a ball of fiery red fire appeared. Yun Feng's eyes darkened. "I don't have time to fight you alone!" She suddenly flipped her fair hand and a wolf howl quickly came. It was Little Fire's excited howl that had been suppressed for a long time!

"Little Fire, finish this quickly. Kill!" After saying this, Yun Feng let out another wolf howl. The Fire Cloud Wolf's body, which was still covered in fire, suddenly jumped up and flew towards the opposite side like a fiery red shooting star!

"Roar..."

"Hoooooooooo..."

An excited wolf howl sounded at the same time with the roar of a wild beast. Everyone didn't know what was going on. They only saw a huge ball of shooting stars fly out and fuse with another ball of fire, followed by these two sounds!

"This... This is impossible. Impossible!" The summoner of the Star Cloud School looked at his finger in shock. There were already slight cracks on the fiery Ring of Contract. Under his unbelievable and shocked gaze, it shattered with a bang and turned into red powder!

The Ring of Contract disappeared and the contracted Magic Beast died!

The two balls of fire that had fused together finally disappeared slowly. At this moment, everyone also saw what exactly happened clearly! A huge Fire Cloud Wolf was standing there. Under its sharp claws was another fire-element Magic Beast, and that fire-element Magic Beast was already motionless and silent at this moment!

It was dead. It had already died in just a dozen seconds before the contracted Magic Beast launched any actual attack!

The summoner of the Star Cloud School was completely dumbfounded. He couldn't believe it! If someone told him that his contracted Magic Beast had died before it could attack, he wouldn't believe it even if he was beaten to death. However, the truth was right in front of his eyes. Its corpse was there! The Ring of Contract had already disappeared!

This Feng Yun... Leng Jue was completely shocked when he saw this scene. In terms of speed, strength and timing of attack, she had the upper hand completely and she was also vicious when she attacked. She wasn't any more merciful than Star Cloud! This Feng Yun was also a ruthless person!

"Did you see that? Did you see that? Star Cloud, you losers!"

"Feng Yun, you're awesome! That's it. Knock them down! Kick them all out of Juxing!"

"Feng Yun will win! Feng Yun will win! Feng Yun! Feng Yun!"

The scene was completely stirred. All the young people stood up and shouted the name Feng Yun crazily. Their faces were full of excitement and admiration. Even though the five elders sat steadily, their hearts were as calm as the ocean. This little girl had such a powerful outburst ability. They had never seen such a speed of finishing off an opponent in their entire life! Especially when the other party was a summoner!

Their disciples were also dumbfounded. They might have thought that Yun Feng would win, but they had never thought that she would win so quickly and completely! Tian Kui looked at Yun Feng with glittering eyes. Perhaps he was a bit dissatisfied in the past, but now, he admitted in his mind that he couldn't compare to her!

"Swish, swish, swish, swish!" A few figures immediately came on the stage again. It turned out to be the remaining four people! After they got on the stage, they protected the summoner behind them. The four of them looked at Yun Feng deeply, but Yun Feng wasn't nervous at all. They were all up? That was good!

"Star Cloud, do you have any shame? You can't beat her one-on-one, and you want to fight her together?"

"F*ck you! Don't you have any shame? If you have the ability, fight with all of us!"

The moment the people from the Star Cloud School went on stage, it immediately aroused the anger of the people. The young people all shouted at the top of their lungs with blue veins popping out. They all rolled up their sleeves and prepared to rush forward together. One on one was fine, but not many on one! Whoever dared to bully Feng Yun would have to go through them first!

"If she's so powerful, it's certainly not a problem for her to fight one against many." Leng Jue was completely shameless. He was so unscrupulous to propose to fight five against one!

"Leng Jue! We can fight one-on-one! We won't allow you to bully us with numbers!" The First Elder stood up. What a joke. Feng Yun had the advantage in one-on-one, but it was impossible for her to win five against one! Feng Yun couldn't be hurt at all!

"Everyone from Juxing, listen to me!" Yun Feng suddenly shouted. The audience, who were still mad and indignant just then, became completely silent at this moment. Yun Feng had already gained a rare appeal without realizing it!

"As members of Juxing, we certainly won't back down when Juxing is in trouble. When people mock us, we'll mock them back even more. When people provoke us, how can we not respond? We must let people know that not everyone can belittle the Juxing School!"

What she said made the hearts of the students of the Juxing School tremble. A deep feeling was aroused in their hearts. Everyone raised their arms and shouted in unison, "Fight! Fight! Fight!"

"That's right! We will fight, and we will win beautifully and completely!" Yun Feng flipped her hand and the other Rings of Contract all appeared!

"Those are... the Rings of Contract!" The few people of the Star Cloud School were immediately stunned when they saw the other rings in Yun Feng's hand. The eyes of the summoner behind the four of them widened to the extreme. His pupils shrank fiercely and his entire body trembled inexplicably!

"Fire element, wind element, water element..."

"What did you say? A three-element summoner!" The hearts of the other four people immediately trembled fiercely when they heard that summoner's voice. The few of them stared at Yun Feng firmly. A

three-element summoner. She was a three-element summoner! There was actually such a powerful person in the Juxing School!

Yun Feng slowly put the other two Rings of Contract on her finger. Little Fire suddenly let out a wolf howl next to Yun Feng. "Stupid humans, how can you compare to my master?"

The few people on the opposite side immediately couldn't say anything. Even though their strength had indeed been improved by the potions and any other expert would probably not be a match for the five of them, how would they have thought that their opponent this time would be a multi-element summoner? One summoner and three contracted Magic Beasts, four against five! They had a time limit after taking the potions and they almost didn't have any advantage right now!

Genius Summoner

Chapter 1109: Outnumbered, Complete Victory (1)

1109 Outnumbered, Complete Victory (1)

"What should we do..." The few people of the Star Cloud School couldn't help but break out in cold sweat. Against a multi-element summoner, this was an outcome that none of them expected. However, there was no way out for them right now!

"What else can we do? I didn't expect to meet a weirdo. There's no three-element summoner in Star Cloud!"

The five of them immediately looked gloomy. The summoner among them had lost his contracted Magic Beast, which was equivalent to losing a lot of combat strength. Their strength was weakening right now. They could be said to be almost on par with the other party! Once the effect of the potion passed, they would certainly know what was waiting for them!

Yun Feng put on the Rings of Contract and clenched her fists slightly. The three Rings of Contract all emitted a dazzling light! She suddenly flipped her fair hand and a huge amount of mental strength moved quietly in Yun Feng's body!

"Lan Yi, Yaoyao, come out!"

"Whoosh!" Two beams of light, one blue and one green, suddenly flew out of Yun Feng's Rings of Contract. The appearance of these two beams of light completely stirred the scene!

"Oh God... Junior Sister... Junior Sister is a three-element, three-element summoner!" Rong Xin was already so shocked that he couldn't say anything. He looked at Yun Feng with shock in his eyes. A three-element summoner. Oh God! Master accepted such a powerful junior sister!

"Three elements..." Tian Kui's pupils shrank fiercely and his heart trembled. A three-element summoner, no matter how successful he was, he couldn't compare to Feng Yun anymore!

The other disciples were also completely dumbfounded. Their jaws were opened so wide that they almost couldn't close. Hua Ling seemed to be frozen there. Looking at the three types of light that appeared next to Yun Feng, she felt deeply shocked. This was the power of a summoner...

“Three elements...” The Fifth Elder on the platform immediately stood up when he saw this. The muscles all over his body were about to tighten. This little girl was a three-element mage. She really knew how to hide!

“I didn’t expect this. I really didn’t expect this!” The First Elder’s voice trembled slightly. “Ever since the opening of the Juxing School, this is the first and definitely the only one...”

“We’ve met a three-element summoner... No wonder this girl has such a wand. The person who gave her the wand probably took a fancy to this rare talent...” The Second Elder sighed slowly. He regretted that he didn’t insist on taking Feng Yun under his wing back then. The other four elders looked at the Fifth Elder with inexplicable envy. If Feng Yun were really their disciple...

“Hahaha, alright!” After the shock, the Fifth Elder was full of joy. It was his fortune to have such a disciple! Even though he didn’t teach and discover her himself, it was his honor to be such a genius’s titular master! He had indeed seen multi-element summoners, but this was the first time he saw one with such talent. Even if he went back in time, he wouldn’t be this kid’s match!

“It seems that Star Cloud is going to lose this time,” said the Third Elder from the side. The elders all chuckled. Wasn’t it obvious? With the appearance of the three-element summoner, what else could they do except admitting defeat?

The blue and green light around Yun Feng faded completely. The handsome man and the girl with a cute appearance stood next to Yun Feng. Their appearance immediately attracted scorching screams!

“Damn! Magic Beasts! Did you see that? Feng Yun has more contracted Magic Beasts!” A young man in the audience grabbed the person next to him excitedly and shook him hard. The people around were all shouting, “Feng Yun, you’re f*cking amazing!”

“A three-element summoner...” Gong Tianqing stood in the crowd and looked at the beautiful girl who had been smiling indifferently on the platform with pride in her eyes. How great was the power contained in her slender body? Gong Tianqing smiled casually. Feng Yun, after this battle, you’ll probably become an insurmountable target in the hearts of thousands of disciples of the Juxing School!

I, Gong Tianqing, have no regrets in my life after making a friend like you!

There were waves of cheers and enthusiasm. Everyone from Juxing was completely stirred at this moment. The cheers and shouts seemed to be shaking the sky. Everyone screamed the same name. There was a person in the minds of everyone from Juxing that couldn’t be ignored. They couldn’t forget her for the rest of their lives. Feng Yun!

“What would these people do if they knew that Fengfeng is a five-element summoner?” Qu Lanyi stood in the corner with the corners of his mouth raised. He looked at Yun Feng on the platform and kept following her with a dotting gaze. Seeing Yun Feng’s three Magical Beasts, You Yue was still shocked even though he had seen them. A three-element summoner... was indeed shocking! His sister was indeed strong enough!

This battle hadn’t started yet. But everyone knew that Juxing would win and Feng Yun would win. There was no suspense at all!

“What should we do? Should we focus our firepower on attacking, or should we split up and attack?” The few people of the Star Cloud School stood there and discussed in a low voice. The cheers around made them feel a bit dizzy. Their opponent was a three-element summoner. Tricky!

Leng Jue’s face was completely cold on the side of the platform. He really didn’t expect that there would be a three-element summoner in the Juxing School! It seemed that he made the right decision to come this time. At least, he got some very important information. This trip wasn’t in vain! She must be the trump card of the Juxing School! Hm, if he hadn’t forced those five cunning elders, they probably wouldn’t have used this trump card.

“Master, I don’t like that old guy’s gaze very much.” Yaoyao glanced at Leng Jue with her blue eyes and only felt disgusted in her mind. Yun Feng touched Yaoyao’s little head. “I’m the same. I don’t like any of them.”

“Five people against Master alone. They’re really thick-skinned!” Lan Yi looked cold. “Humans indeed take advantage of others when they have a chance!”

“Xiao Feng! I’ll tear apart whoever dares to bully you!” Yaoyao grinned. The sharp teeth of the merfolk immediately appeared. They would probably be able to tear off a piece of flesh by force if they really bit down. Yaoyao couldn’t help but look a bit ferocious. Yun Feng smiled lightly. “Bully me? Let’s see if they have the ability. One of the members of the Juxing School was severely injured by them. Even though his life isn’t in danger, he probably can’t cultivate normally anymore. I’ll return the favor. I want one of them to stay here forever!” A hint of viciousness flashed through Yun Feng’s eyes. She wasn’t a kind person. Her hands had also been stained with blood and she had always believed in a rule. She would never hold back when she was offended!

Genius Summoner

Chapter 1110: Outnumbered, Complete Victory (2)

1110 Outnumbered, Complete Victory (2)

She had stood up, and she was actually in Juxing right now. She would definitely return what Star Cloud did to Juxing double! This was the ring. One’s life and death were under their own control. They couldn’t blame anyone else!

“Alright! Whatever Xiao Feng says!” Yaoyao nodded fiercely. Lan Yi also nodded on the side. Magic Beasts understood one thing better than humans. This world was cruel to begin with.

Neither party attacked. They both stared at the other party’s movements. Someone from the Star Cloud School’s eyes glittered. “With our strength, we might not be able to defeat any of them with concentrated firepower. Right now, we can only disperse their firepower first and then crush them one by one!”

“Got it!” The others of the Star Cloud School said in unison. “Stand far away and launch magic attacks!” The summoner, who had lost his contracted Magic Beast, couldn’t help but look embarrassed and agreed in a low voice. Without his contracted Magic Beast, a summoner would become a mage. However, he wasn’t a match for a mage in terms of magic power. It could be said that he had become a useless person right now. The reason why the four of them of the Star Cloud School protected him so much was naturally that they couldn’t let a summoner die easily. It didn’t matter if his contracted Magic

Beast died. He could contract one again! Once the summoner died, the Star Cloud School would truly lose!

The summoner of the Star Cloud School suddenly retreated. He quickly flipped his hand and a wand appeared in his hand. Fire elements rose! "Fireball!" The moment he shouted, a fireball with scorching heat came. With this attack, the four people of the Star Cloud School immediately spread out from four directions. Yun Feng's black eyes darkened. The battle had begun!

"Do you want to split up and attack us one by one?" Yun Feng smiled gently. In terms of combat experience, she was much better than these students who only knew how to study in school all day! She had fought with humans and Magic Beasts more than a few hundred times and her combat instincts had also accumulated unconsciously. Yun Feng had already seen through the intentions of these five people when they immediately moved!

Compared to the seasoned veteran, how would these recruits have any chance of winning?

"If they want to split up, just split up!" Yun Feng immediately ordered. The three contracted Magic Beasts immediately flashed and dispersed in different directions after receiving the order. The four people of the Star Cloud School, who originally wanted to launch a surprise attack, couldn't help but feel a bit dumbfounded when they saw this scene!

Had she seen through their intention to attack?! The same thought couldn't help but flash through their minds. Then, they all denied it. Impossible! How old was she? How much combat experience did she have? How could she see through them in just ten seconds?

"Earth Spike!" A mage from the Star Cloud School suddenly attacked. Her target was Lan Yi. The flat stone surface under Lan Yi's feet suddenly tightened and a crack suddenly appeared. The huge stone spike formed by the earth element in the crack jumped out!

Lan Yi sneered. His body swayed slightly and he dodged the attack of the stone thorns. A layer of faint green light appeared around his body. The eyes of the earth-element mage of the Star Cloud School immediately darkened when she saw this. It was a wind-element Magic Beast!

The earth-element mage of the Star Cloud School fought with Lan Yi, and the Grade 8 warrior of the Star Cloud School fought with Yaoyao! The Grade 8 warrior didn't panic much in his mind. After all, he had the capability of a Grade 8 King. Coupled with the strength and speed of the warrior, how would he be afraid of that Magic Beast that looked no different from a little girl? Besides, the attack power of the water-element magic wasn't outstanding. The water-element Magic Beast should be the same. As long as he took advantage of his speed, he could finish off this Magic Beast completely with a punch!

"Take my punch!" The body of the Grade 8 warrior of the Star Cloud School quickly approached. The physical fitness of warriors was indeed astonishing. In just a few seconds, he had already arrived in front of Yaoyao. Looking at the little girl's face in front of him, the Grade 8 warrior of the Star Cloud School couldn't bear it in his mind, but there was nothing he could do. His fist, surrounded by fighting energy, still smashed down fiercely!

"Bang!" A muffled sound came. Suddenly, the blue water element enveloped the Grade 8 warrior of the Star Cloud School firmly. Amidst the water elements, the face of the Grade 8 warrior of the Star Cloud School twitched slightly. Then, his entire arm trembled instantly. A strong and clear pain came, making

his entire body tremble uncontrollably. Then, he raised his head and his facial features were completely twisted, letting out a miserable scream. “Argh!”

“What’s wrong?” The others of the Star Cloud School were immediately shocked. What exactly happened in the water element? It made him scream like this!

Lan Yi and Little Fire both smiled knowingly after hearing that. The two people who were facing Lan Yi and Little Fire both shouted in panic, “What are you laughing at? What are you laughing at? Did something happen inside?”

Little Fire and Lan Yi both sneered. The two contracted Magic Beasts said at the same time, “This is the price of underestimating Yaoyao.”

“W-What did you say?” The few people of the Star Cloud School were immediately a bit dumbfounded after hearing this, but they soon had an answer. The moment the water element disappeared, the Grade 8 warrior of the Star Cloud School suddenly knelt on the ground. An unusually enchanting female body floated in the air in front of him. She had a mature and sexy face, a young but vicious aura, and unusually demonic cheeks. The most astonishing thing was the shape of her lower body. It was a long fishtail full of blue scales!

The entire arm of the Grade 8 warrior, who was kneeling on the ground, had already hung on one side of his body completely numbly. His face was pale and his expression was full of fear! His other hand was shaking uncontrollably and even the teeth in his mouth were chattering!

“Merfolk, the merfolk...” The five elders on the platform suddenly stood up and stared at Yaoyao, who had revealed her original form. “Feng Yun has been to the Endless Ocean! She even contracted a Magic Beast of the merfolk!” The First Elder’s pupils shrank fiercely. That was too astonishing! How... How was that possible... The Endless Ocean, the merfolk... Had she been there?

“Who exactly is Feng Yun? Speaking of which, is she really from the Floating Island? If there’s really such a person, how can we not know until now?”

“Maybe she hid herself on purpose... Feng Yun hid herself too well!”

The few elders were exclaiming nonstop, especially the Fifth Elder. As a summoner, he certainly had investigated Magic Beasts. It wasn’t that he wasn’t interested in the Endless Ocean. He had even been there before, but he knew how dangerous the Endless Ocean was. Not only had this girl been there, but she had even contracted with a Magic Beast of the merfolk!
