Chapter 1121: I Like You (2)

1121 I Like You (2)

Even though the Fifth Elder was still puzzled, what Yun Feng said made sense. Otherwise, he wouldn't have been able to explain why the Magic Beast at the Emperor Level didn't attack humans and had been peaceful until now. When a Magic Beast reached the Emperor Level, human powerhouses who were also at the Emperor Level wouldn't dare to underestimate it in terms of temperament and strength. Magic Beasts were brutal to begin with. There were very few species with a gentle personality like this. The Fifth Elder was quite surprised that this girl could become friends with a Magic Beast at the Emperor Level.

Seeing that the Fifth Elder believed her, Yun Feng finally walked out. "Master, my friend has seen Yu Jin. He knows where she is."

"Really?" The Fifth Elder was immediately delighted. It would be best if he could find Yu Jin!

Er Lei suddenly frowned, but didn't say anything. Yun Feng walked to Er Lei's side and Er Lei snorted coldly. "I won't argue with you about the name for the sake of being your friend."

Yun Feng chuckled. "For the sake of being my friend, take us to her."

Er Lei grunted again. "Never mind. I'll do you a favor, but if she dies, it has nothing to do with me. She deserved it."

Yun Feng nodded. "Master, let's go."

The Fifth Elder was truly surprised, excited and very complicated in his mind. Even he wouldn't have dared to go forward and talk to this Emperor-Level Magic Beast easily. How exactly did this girl do it? And that Magic Beast seemed to be very obedient... It seemed that he had to learn from this girl.

Yun Feng put the three contracted Magic Beasts into her rings, and the Fifth Elder also put away his contracted Magic Beasts. He took out his Sound Badge and immediately contacted the Third Elder. After learning about Yu Jin, the Third Elder and Tian Kui immediately rushed over. After a while, the Third Elder and Tian Kui both rushed over.

"Third brother, you said you got news about Yu Jin. Is that true?" The Third Elder immediately said as soon as he came. However, when he glanced around and saw Er Lei, his expression immediately changed drastically. Luckily, the Fifth Elder stopped him and whispered, "That's Feng Yun's friend."

"What?" The Third Elder widened his eyes. Friend? That was an Emperor Level Magic Beast!

The Fifth Elder sighed helplessly when he saw the Third Elder's expression. He was as surprised as he was. The Third Elder looked at Yun Feng, who was standing next to that man who was completely a mess, and his heart was already like a raging storm! What exactly did Feng Yun do...

Even though Tian Kui didn't know who was standing next to Yun Feng, he keenly noticed an unusual aura and couldn't help but become vigilant. Seeing the Third Elder, Er Lei couldn't help but grunt in

disdain. He turned around and strode forward. Yun Feng couldn't help but shake her head and follow behind, while the Fifth Elder, the Third Elder and Tian Kui carefully kept a distance behind.

"Fifth Brother! What's going on? How can Feng Yun be..." The Third Elder couldn't help but lower his voice. He glanced at the messy guy walking in front of him and lowered his voice carefully. "That's... an Emperor Level Magic Beast!"

Tian Kui's heart couldn't help but race when he heard that. An Emperor Level Magic Beast! Emperor Level! Feng Yun was friends with an Emperor Level Magic Beast! Was this... Was this an ability unique to summoners? If it were him, it would be impossible for him to even get close to that beast!

Tian Kui looked at Yun Feng's back in shock. Seeing that she was walking with the Emperor Level Magic Beast at ease, the shock in his mind came wave after wave. If he still had the thought of chasing after her in the past, he had lost it completely now. Even though Feng Yun was as strong as him, their lives were truly different! He couldn't catch up with her at all!

"Third brother, how would I know? That's what this girl said when I came. If they weren't friends, do you think a Magic Beast of the Emperor Level would spare a human in this Forbidden Forest?" The Fifth Elder looked at the Third Elder solemnly. The Third Elder immediately fell silent. Indeed, when the Juxing School was established, it had an agreement with a few people in the Forbidden Forest. Disciples of the Juxing School couldn't enter the Forbidden Forest without permission, or they would be killed without mercy!

The Third Elder looked at Yun Feng with glittering eyes. She was probably the only one who could befriend an Emperor Level Magic Beast.

"If it weren't for you, I wouldn't have been so polite to them." Er Lei, who was walking in the front, suddenly said. Yun Feng looked up and glanced at him. "So, should I be grateful?"

"Of course!" Er Lei shook his hair and a strange smell came again. Yun Feng only felt a bit unpleasant. "How long has it been since you took a shower?"

Er Lei immediately fell silent. Then, he seemed to be a bit embarrassed. "Damn it, it's none of your business whether I shower or not!"

Yun Feng wrinkled her nose slightly. She would have plenty of opportunities to let him shower in the future. She really didn't know what to say when such a Magic Beast insisted on following her. However, Er Lei was indeed powerful. She just didn't know what his original form was.

"What is your original form?" Yun Feng asked. She didn't get any reply after a long time. Yun Feng couldn't help but raise the corners of her mouth. Was it the same as Little Fire? Little Fire was like this when it transformed back then. It was too embarrassed to talk about its human appearance. Was this guy originally very different from its human form?

"I like the way I look right now. It's none of your business!" Er Lei roared without hesitation, but Yun Feng ignored him. She would know what he looked like when she contracted him even if he didn't want her to.

Everyone walked deeper into the Forbidden Forest for a long time. The deeper they went, the more nervous the Third Elder and the Fifth Elder were. They also mumbled in their minds if they would be fooled by this Magic Beast. If that was the case, the few of them would be in big trouble.

“It’s just ahead, but they can’t follow us.” Er Lei suddenly stopped and said to Yun Feng. Yun Feng’s black eyes glittered as she turned around and said, “Master, Third Elder, Yu Jin is ahead. I’ll go with my friend to take a look and save her.”

“No! I certainly have to follow you!” The Fifth Elder immediately denied it. Then, the Third Elder also shook his head. “Feng Yun, even if he’s your friend, you can’t deal with him if anything happens. Yu Jin is my disciple, so I certainly have to go!” The Third Elder turned around and looked at Er Lei. “Mister... How about I go with you?”

Genius Summoner

Chapter 1122: I Like You (3)

1122 I Like You (3)

“I don’t care whether you want to go or not! Only she can go in!” Er Lei roared unhappily. The lightning element inadvertently appeared faintly and made crackling sounds in the air. The faces of the Third Elder and the Fifth Elder tightened and they carefully entered a state of preparation for battle. “Feng Yun, the Third Elder will take care of Yu Jin’s matter. Come back.” The Fifth Elder asked Yun Feng to come back. He was always worried about her staying with that Emperor Level Magic Beast. Yun Feng chuckled. “Master, the Third Elder, she’s really fine. Don’t worry.”

Er Lei grunted and turned around to walk inside. Yun Feng followed him in. Tian Kui anxiously wanted to drag Yun Feng back, but the Third Elder pulled him back forcibly. “Let her go. I don’t think that Magic Beast really has any intention of hurting her.”

The Fifth Elder frowned. He wanted to follow her, but he was worried that he would anger that Magic Beast. By then, Feng Yun would be in danger. “Alright. We’ll wait here. Even if anything happens, it shouldn’t be a problem for that girl to escape with her strength.”

The three of them waited outside, while Yun Feng followed Er Lei directly inside. After a while, she saw the deep pit not far away and heard Yu Jin’s almost crazy cry. “Help! Someone help me! Damn it! Go away, ah!”

Er Lei frowned unhappily. Yun Feng slowly walked over and stood by the pit, seeing all kinds of small snakes crawling all over the bottom of the pit. These small snakes weren’t dangerous at all, at least not for Yu Jin. However, being inside made people feel terrified and disgusted. After all, there were dense snakes all around. The sound of sliding and the hissing of their tongues could indeed make people collapse.

Yu Jin noticed that there was a shadow next to the pit and immediately looked up. She didn’t expect to see Feng Yun! She immediately shouted, “Feng Yun! Pull me up quickly! Hurry!” Her completely commanding tone made Yun Feng frown. She squatted next to the pit calmly. “Get this straight. I didn’t come here to save you.”

“Then... What are you doing here?” Yu Jin wanted to ask, but when she saw Er Lei, her body immediately trembled and she shouted loudly, “So, you’re with him! Feng Yun, did you ask him to knock me down in such a disgusting place? You’re so despicable and shameless! You used such a dirty method! I’m going to tell Master, I’m going to tell the Fifth Elder that he took in a disciple who has the heart of a beast! I’m going to let all the disciples of the entire Juxing School know how vicious you are!”

Yu Jin was panting from the scolding. Yun Feng listened with relish. “It seems that you still haven’t learned your lesson.”

“What did you say? You’re not doing anything while I’m dying and you still have the face to talk to me?”

“Are you really dying? If you’re about to die right now, I’ll consider helping you.”

“I’m going to tell Master. I’m going to make you famous in Juxing! You murdered a disciple of the same school!” Yu Jin shouted loudly, as if it was a heinous crime for Yun Feng not to save her immediately.

“Alright, if that’s the case, I’ll just sit here and see how you die.” Yun Feng said indifferently. If Yu Jin didn’t say a word, she would consider pulling her up.

“Feng Yun! You, you, you...”

“Damn it, I should’ve squeezed you to death back then! If it weren’t for the rules, I would’ve taken your life a long time ago. How dare you still shout!” Er Lei roared as crackling sounds of lightning came out of his body again. Yu Jin couldn’t help but turn pale down there and didn’t dare to say anything else. After observing for a while, Yu Jin finally confirmed that Feng Yun was indeed in cahoots with that man. If that was the case... Would Feng Yun let her go up if she said something nice? No matter what, she had to leave this place and go back to Juxing! As long as she returned to Juxing, she would teach that woman a lesson!

“Feng... Feng Yun... I... I was wrong. Can you let me go...” Yu Jin finally gave in. How would Yun Feng not know what she was thinking? She didn’t bother to argue with her. Thinking of how furious and worried the Third Elder was for her, she couldn’t help but sigh in her mind. She immediately flicked her wrist and the ice blue chains went deep into the pit, wrapping around Yu Jin’s waist and dragging her up.

Once Yu Jin came up, she immediately took a few deep breaths. When she saw Er Lei, she couldn’t help but take a step back and hide behind Yun Feng. Yun Feng walked out without saying anything. When Er Lei saw Yu Jin, he rolled his eyes in disdain and followed Yun Feng out. Yu Jin followed behind carefully with indescribable anger and resentment in her eyes.

“Master, they’re out!” Tian Kui, who had been waiting outside, immediately shouted when he saw Yun Feng. The Third Elder and the Fifth Elder immediately looked over. When they saw Yu Jin behind Yun Feng, they couldn’t help but heave a sigh of relief. When Yu Jin saw Tian Kui and the Third Elder, she suddenly ran over with two streams of tears flowing down his face. The first thing she said wasn’t to complain or apologize, but to frame Yun Feng.

“Master, it’s all her fault... Feng Yun did all this! She asked that man to bring me here. If I hadn’t been smart, I’m afraid I would have died here a long time ago, Master!” Yu Jin cried like crazy and was very sad. However, the Third Elder and Tian Kui looked at Yu Jin strangely. The Fifth Elder was already so angry that smoke almost came out of his mouth.

“Third brother! Shut your disciple’s mouth! Don’t force me to scold her!” The Fifth Elder roared. Yu Jin was stunned. The Third Elder looked at Yu Jin coldly. Tian Kui also had the same expression. Yu Jin immediately panicked. “Master, I... I’m telling the truth. It’s all Feng Yun... That man. He was the one who threw me here. Feng Yun is with him!”

Yun Feng raised her brows and looked at Yu Jin with a mocking smile. The Third Elder looked at Yu Jin in disappointment and finally swung his sleeve fiercely. “From now on, your name will be removed from the inner campus. You will go back to the outer campus!”

“M-Master!” Yu Jin was dumbfounded. She had only blamed Feng Yun. Why was she removed from the inner campus? She didn’t want to return to the outer campus! That would be too embarrassing!

“Yu Jin, you...” Tian Kui wanted to say something, but he could only sigh in the end. Yu Jin panicked. “Senior Brother Kui, I’m telling the truth. You have to believe me. Put in a good word for me. You...”

“That’s enough! If what you said is the truth, wouldn’t Master and I become fools? Feng Yun volunteered to come to the Forbidden Forest to save you. We’ve been traveling together along the way and Hua Ling has already told us the whole story. You only have yourself to blame. And now, you’re blaming it on Feng Yun!”

[Genius Summoner](#)

Chapter 1123: I Like You (4)

1123 I Like You (4)

“But I... I... I was in such great danger...”

“Danger? If you were really in danger, you wouldn’t be wearing neat clothes. Your hair isn’t messy at all!” Tian Kui couldn’t help but feel enraged. Yu Jin was immediately speechless. She originally wanted Feng Yun to be kicked out. Why did it become her?

“Let’s go back. How embarrassing!” said the Third Elder. Tian Kui shook his head in disappointment. Yu Jin followed behind in a daze and was a bit lost. The Fifth Elder said angrily, “She should’ve been exiled long ago. She only knows how to cause trouble every day.”

Yun Feng, on the other hand, felt that Yu Jin was indeed a bit wronged. Er Lei probably dragged Yu Jin down casually and had never thought of attacking her. The Emperor Level Magic Beast would demean itself by attacking her, so it just threw her into a pit. Besides, Er Lei mentioned that there was also a so-called rule here. Yu Jin didn’t violate this rule, or Er Lei wouldn’t have endured until now.

Being expelled from the inner campus and sent to the outer campus was something that would embarrass her. Yu Jin would probably suffer in the future. It was also a huge lesson for people like her.

The Fifth Elder also walked out. Yun Feng followed behind and found that this stupid man was still following her. She couldn’t help but smile. “Why? Do you really have to contract with me?”

“Hahaha, since I’ve taken a fancy to you, don’t even think about escaping!”

Yun Feng couldn’t help but shake her head. “Why me?”

The man was slightly stunned and didn't know what was going on. but the moment he saw this human, he knew that this human wasn't simple. He knew that if he followed her, his life would definitely be extremely exciting. It was better than being stuck in this Forbidden Forest for the rest of his life.

"I've said it before. If I don't like you one day, I'll finish you off with my own hands."

Yun Feng burst into laughter. The three contracted Magic Beasts sent a telepathic message at the same time. "Master, you're not really going to contract him, are you?"

"Xiao Feng! Don't contract him. No, no, no!"

"Master, think twice!"

Hearing the opposition of the three Magic Beasts, a good idea rose in Yun Feng's mind. Even though that guy was a bit stupid and he looked too sloppy, she was full of curiosity. This world should be full of unknowns and variables, which would make her road in the future more and more interesting, right?

"Since you've chosen me, you must remember one thing. As my contracted Magic Beast, there are guidelines." Yun Feng turned around and said. Er Lei followed her. "Guidelines?"

"Yes, as my contracted Magic Beast, the rule for you is very simple. It's to be obedient."

Er Lei suddenly frowned. Even though he was a bit unwilling, he knew that this would be the state once they contracted, so he didn't say anything. Seeing that this fool didn't object, Yun Feng couldn't help but put on a smile. Er Lei thought for a long time and reluctantly accepted this. "Human, you should tell me your name."

Yun Feng burst into laughter and turned her cheek. A breeze blew across the girl's cheek gently. Her black eyes were slightly bright and her red lips opened slightly. "My name is Yun Feng."

Behind the messy curtain of hair, his eyes suddenly brightened. He looked at the girl's back with scorching light as she walked forward. Yun Feng, she was... Yun Feng!

Because Yu Jin broke into the Forbidden Forest and almost caused a huge disaster, she was removed from the inner campus by the Third Elder in a fit of anger. This matter surprised the disciples of the inner campus. They discussed behind her back. Yu Jin's removal could be said to be expected. After all, with her troublesome personality, it wasn't easy for the Third Elder to endure her until now.

Yu Jin was the first person to return to the outer campus from the inner campus. She had lost all her face. As for her living conditions in the outer campus, nobody in the inner campus cared.

There wasn't much time left until the start of the championship of the three academies. Among the five participants, Tian Kui was chosen as the captain. The Fifth Elder was the leader of the team. All the elders of the Juxing School were all preparing for the championship this time, especially the potion elder. He seemed to be unusually busy these few days. Yun Feng guessed that potions for such a large-scale competition were probably inevitable.

And Er Lei, who came back alone with Yun Feng, certainly couldn't enter the Juxing School just like that. It had to be known that the appearance of an Emperor Level Magic Beast would cause quite a lot of panic. Fortunately, Er Lei knew himself well. He used the space blockade to follow Yun Feng along the way. As long as he didn't meet the five elders, nobody would be able to discover him.

When Yun Feng brought back such a sloppy man, Qu Lanyi certainly became angry. He almost fought with Er Lei without another word. Luckily, Yun Feng stopped him in time and dragged Qu Lanyi aside to explain what happened briefly. Although Qu Lanyi's anger didn't diminish, he didn't intend to attack anymore. The two parties finally stopped. However, they didn't have a good impression of each other when they first met. Er Lei didn't like Qu Lanyi at all either.

Because it had been forever since Er Lei took a shower, there was always the same smell around him. In the end, Qu Lanyi couldn't stand it anymore. He looked at Er Lei with bloodshot eyes. "I'll ask you again. Are you going to shower or not?"

Er Lei originally wanted to raise his head in disdain and say that he didn't have to shower if he didn't want to. Seeing the dark redness surging in Qu Lanyi's black eyes, Er Lei's expression suddenly darkened and he didn't say anything for a long time. In the end, he turned around and walked out silently. Yun Feng was very surprised to see this scene, while Qu Lanyi quietly wiped the dark redness in his eyes and raised his thin lips. It was just an Emperor Level Magic Beast. How would it dare to show off in front of him?

Er Lei hadn't shown up since he turned around and left that time. Yun Feng didn't know where this idiot went, but the chance of him changing his mind was very low, so she didn't care much. Soon, the five elders gathered the five participants again, because these five people were going to leave Juxing for the Huafeng School on Yuelun Island the next day.

Apart from the earnest instructions this time, there was also a gift. As Yun Feng expected, the potion elder had been busy with the potions these few days. Everyone got a bottle of potion according to their profession. Among the five participants this time, two of them were summoners, one was a mage, and the last two were warriors. The lineup was quite balanced. After the five of them got the potions, the potion elder said earnestly, "The potions can enhance you in a short period of time. Unless it's a critical moment, you shouldn't use them. The side effects are still very strong." Then, the potion elder glanced at Yun Feng and couldn't help but sigh. "It's a pity that I didn't figure out the problem of the Golden Cauldron Fluid after spending so much time. Really, sigh!"

[Genius Summoner](#)

Chapter 1124: The Championship Begins (1)

1124 The Championship Begins (1)

Speaking of this, the five elders didn't avoid the subject. These five people were already elites of the Juxing School, so there was no need to hide anything. The First Elder immediately told them about the Golden Cauldron Tree. Apart from Yun Feng, the few of them looked extremely surprised. It was obvious that they didn't know the existence of the Golden Cauldron Tree. "Elders, you still haven't found a way to produce the Golden Cauldron Fluid?" Tian Kui asked. If they could find it, it would be extremely useful for them this time!

The First Elder shook his head helplessly and only sighed. Rong Xin said on the side, "Why don't we go out to search this time..."

"No!" The Fifth Elder immediately shouted. The First Elder nodded. "Remember not to spread this matter around. The news of the Golden Cauldron Tree will only cause countless trouble in the future."

The few young people certainly knew the seriousness of the matter. It was a treasure. Who wouldn't want to have it? If they knew that the Golden Cauldron Tree appeared on Juxing, they would probably try to steal it. Some might even come from the other two islands. By then, Juxing would be in trouble.

"Feng Yun, why aren't you saying anything?" The Third Elder couldn't help but ask when he saw that Yun Feng didn't say a word. The relationship between Yun Feng and Er Lei still puzzled the Third Elder no matter how hard he thought about it. He also developed a strong interest in Yun Feng herself. Thinking about everything in the past carefully, the Third Elder felt that something was wrong, but he couldn't figure out what it was no matter how hard he searched.

"I heard the few elders mention the Golden Cauldron Tree last time. Later, the potion elder also said a few words to me in private. If you couldn't do anything, there's really nothing I can do."

The Third Elder glanced at Yun Feng without batting an eyelid after hearing that. The potion elder sighed again. "If the potions this time could have the help of the Golden Cauldron Fluid, they would probably be more effective. Unfortunately..."

Yun Feng raised her brows slightly and didn't say anything. The First Elder waved his hand. "Alright, that's all for today. You should go back. It's time to set off tomorrow. Don't be late!"

The few young people said "alright" and left, leaving the few elders to continue discussing inside. "Senior Brother Kui, let's take this opportunity to go out and find out if there are any powerful potion masters!"

"That's right! If we can find any, we can help the elders. The Golden Cauldron Tree is the property of Juxing. We should share their worries!"

Tian Kui also nodded after hearing that. This matter certainly couldn't be spread out, but it wouldn't be wrong for them to ask about master potion makers, right? Besides, this was the championship of the three academies. The people who came must be quite capable. If they could really find a way to produce the Golden Cauldron Fluid, they would certainly be able to get twice the result with half the effort and achieve pretty good results for Juxing.

"Feng Yun, what do you think?" Tian Kui turned around and asked. Even though he was the leader, Tian Kui knew clearly in his mind who was most qualified to take on this position. Yun Feng was stunned for a moment. Then, she smiled lightly. "We'll do whatever you say."

Tian Kui nodded with a smile. "Alright, when we go out this time, we'll definitely do something for Juxing! It'll certainly be best if we find out how to produce the Golden Cauldron Fluid!"

Yun Feng chuckled in her mind after hearing that. It wasn't that she was petty and didn't want to tell, but even if she did, it was impossible for her to find someone who cultivated five elements in Juxing. It wouldn't be good if she was locked up here. However, Yun Feng didn't mind using a few drops of the Golden Cauldron Fluid in the championship this time, as long as nobody knew that she did it.

Tomorrow was the day they set off and leave Juxing. You Yue finished his cultivation and told Yun Feng a lot of things. Gong Tianqing also rushed over to cheer her on. She hoped that Yun Feng could lead Juxing to the top. She would also work hard to cultivate. Night fell quietly. You Yue had already returned to his room to cultivate, and Gong Tianqing had also gone back. Er Lei still hadn't shown up. Yun Feng wasn't

in a hurry. At this moment, the door was pushed open and Qu Lanyi walked in leisurely, sitting opposite Yun Feng. His slender fingers grabbed a teacup on the table and played with it.

“That Er Lei still hasn’t come out.”

Yun Feng chuckled. “Maybe he changed his mind.”

Qu Lanyi raised her brows. “It’s hard to say, but you’re leaving tomorrow. If he doesn’t show up, he’ll really miss you.” Qu Lanyi looked at Yun Feng. “Apart from everything else, he’s indeed a powerful Magic Beast. Even though I don’t know what his original form is, he’s definitely not weak. If he leaves because of what I said, will you blame me, Fengfeng?”

It was a rare opportunity for summoners to meet good Magic Beasts, just like every Magic Beast Yun Feng contracted. It would be lucky if she could get any one of them, but Yun Feng could get all of them. It had to be said that luck was indispensable. Even though she didn’t know the full details of Er Lei yet, it gave people an extremely strong feeling. It was quite a pity for Yun Feng to miss it.

“No.” Yun Feng smiled at Qu Lanyi. “If I can’t get it, I can only say that I’m not fated with him. It’s not because of you.”

Qu Lanyi suddenly leaned forward, and his charming handsome face approached Yun Feng’s cheek in an instant. Yun Feng blushed slightly. Knowing what he was going to do, she only felt that her heart was racing. Qu Lanyi looked at Yun Feng’s reaction in satisfaction. She went from being a bit resistant back then to being obedient right now. He had put in a lot of effort. It was time to get something.

Their lips were infinitely close and their breaths gradually intertwined. In this charming moment, there was nothing else except their heartbeats...

“Yun Feng! I’m here!” A shocking roar with soaring boldness and domineeringness came, accompanied by Er Lei’s unique stupid laughter. Qu Lanyi’s handsome face instantly darkened. He immediately propped himself up with his hand and quickly opened the door. Er Lei and Qu Lanyi met.

“You’re back, huh?” A trace of redness suddenly flashed through Qu Lanyi’s black eyes. Er Lei looked gloomy again and didn’t say anything. “If you ruin my business again, I’ll skin you alive and roast you!”

“I...” Er Lei wanted to say something, but the dark red color flashed again. Qu Lanyi suddenly turned around with a warm smile on his handsome face. “Fengfeng, I’ll go back first. It seems that my worries are unnecessary.”

[Genius Summoner](#)

Chapter 1125: The Championship Begins (2)

1125 The Championship Begins (2)

Yun Feng blushed and nodded. She wasn’t sure how things would have developed if it weren’t for Er Lei’s sudden intrusion. Qu Lanyi walked out of the door indifferently and returned to his room. Only Er Lei stood at the door in a daze.

“I thought you changed your mind.” Yun Feng sat there and looked at the man at the door, who had obviously taken a shower and looked brand new. She had to say that after Er Lei washed up... he still looked very stupid. Even though his messy hair wasn’t a lump, it still scattered on the top of his head

after being washed up. His facial features couldn't be seen clearly at all because of his hair. The rags on his body were already gone and he had changed into a set of clean clothes. However, the clothes were obviously a few sizes smaller. Er Lei's tall and sturdy body looked like it was stuffed into a small bag. It was tight no matter how she looked at it.

Yun Feng sized up Er Lei's outfit and couldn't help but smile. "Where did you find this outfit? It's obviously too small..."

Er Lei looked at the clothes on his body. It was obvious that he didn't care at all. He quickly came to Yun Feng's opposite side and sat down. "Si!" The clothes gave a crack. The few slits were very obvious. Yun Feng couldn't help but shake her head. She finally knew how he got the rags on his body.

"Yun Feng! Let me ask you, who is that guy?" asked Er Lei. Yun Feng raised her brows. That guy? "Are you talking about Qu Lanyi?"

Er Lei was stunned. "Qu... Qu Lanyi?"

Yun Feng nodded and looked at Er Lei in confusion. "Do you know him?"

"I don't know him!" Er Lei paused for a moment and there was obviously a hint of uncertainty in his tone. Yun Feng couldn't help but narrow her eyes. "Er Lei, you'd better tell the truth..."

"I thought I knew him, but it seems that I was wrong... He can't be..."

"He can't be what?"

"He can't be... F*ck, why should I tell you?" Er Lei suddenly stood up and the clothes on his body tore a few more times, showing signs of turning into rags again. "I know you're leaving tomorrow. If you dare to leave me behind, I'll chase you to the ends of the earth!" Er Lei said quite heroically as he turned around and left. Yun Feng looked at the few openings on his butt and was about to remind him, but Er Lei had already flashed and disappeared.

However, what Er Lei said made Yun Feng wonder in her mind. Qu Lanyi... Er Lei seemed to really know something, but what was the deeper meaning of his words?

The night passed just like that. Yun Feng had already got up early. Today was the day she set off from Juxing. Qu Lanyi had already entered the Dragon Palace, while You Yue stayed in the Juxing School. Among the three islands on the Central Continent, the three academies were the safest. It was good that You Yue was on Juxing. He wouldn't be harassed by the You family and wouldn't be in trouble. He could wait for Yun Feng to come back at ease.

Yun Feng pushed open the door of the yard and saw Er Lei standing by the door like a guard. When he saw Yun Feng come out, he grunted and sealed the space to hide his body. He followed Yun Feng. Yun Feng shook her head and chuckled as she walked out. After a while, she saw a dozen people walking towards her. They were all the disciples of the Fifth Elder.

"Junior Sister!" Rong Xin was in the front of this group of people. When he saw Yun Feng, he waved his arm and shouted very enthusiastically. Yun Feng was helpless and she walked over. All the disciples of the Fifth Elder were here and surrounded Yun Feng. Everyone looked at Yun Feng with envy and enthusiasm, as if she was their idol.

“Feng Yun, you’re representing the Juxing School this time. You must get the first place!”

“Hey, what are you talking about? It’s hard not to be the top with Feng Yun in the team. Don’t you agree?”

The dozen young people immediately cheered. Yun Feng couldn’t help but laugh. Rong Xin also chuckled on the side. “You guys looked down on Feng Yun back then. Do you know better now?”

“Senior Brother Rong Xin, that’s in the past! We all treat Feng Yun as our idol right now. Don’t you think?”

“Yes! Yes!”

Rong Xin burst into laughter. “Alright, we have to get there as soon as possible. As for the celebratory feast, we’ll talk about it when we get back!”

Rong Xin held Yun Feng’s arm and was about to walk out. The enthusiastic disciples also moved aside. When the two of them were about to leave, someone suddenly shouted, “Feng Yun, Senior Brother Rong Xin! Have a safe trip!”

Rong Xin waved his hand without looking back. “Don’t worry. Don’t worry!”

Yun Feng thought that it would be fine if the disciples of the Fifth Elder had a small farewell party for them, but when she rushed to the gathering place, she found that most of the disciples of the inner campus had arrived, as if they wanted to send them off together. The Fifth Elder stood there with a smile. Standing next to him was his contracted Magic Beast, the crane. All the core disciples of the inner campus were gathered here. The other elders were also here. Seeing Rong Xin and Yun Feng, the crowd immediately cheered.

“Look, it’s Feng Yun!”

“She’s here. She’ll definitely win this time!”

The five elders, who were originally smiling, completely changed their expressions when they saw Er Lei hiding next to Yun Feng. The First Elder, the Second Elder and the Fourth Elder were suddenly stunned. Then, they wanted to attack at the same time. The Fifth Elder quickly said, “Wait! That’s Feng Yun’s friend!”

Her friend! The hearts of the three elders trembled. That was a Magic Beast at the Emperor Level!

The Third Elder glanced at Er Lei with a complicated expression. “Fifth Brother is absolutely right. He seems to have a good relationship with Feng Yun. He won’t do anything. We don’t have to do anything.”

The First Elder couldn’t help but heave a sigh of relief. It had to be known that it was a big thing for an Emperor Level Magic Beast to appear in the Juxing School. Once it went crazy, a lot of the younger generation of the Juxing School would be dead or injured. That would be a huge loss to the Juxing School. Since Feng Yun could control it, it couldn’t be better.

“This Feng Yun is too...” The Second Elder and the Fourth Elder were a bit speechless. Befriending an Emperor Level Magic Beast, oh God... This might be a unique ability of summoners.

The five elders were shocked here, but the young people of Juxing didn't notice it at all. They were still cheering for Yun Feng's arrival. The five participants gathered. The First Elder waved his hand, and the scene was silent. "This time, Juxing has chosen five elites to participate in the championship. We've seen their strength! I hope they can make great achievements for Juxing in the championship this time!"

Genius Summoner

Chapter 1126: The Championship Begins (3)

1126 The Championship Begins (3)

The young people at the scene all clapped and cheered enthusiastically. The Fifth Elder stood there with a smile and the First Elder also chuckled. "Alright, it's time for them to set off. Juxing is waiting for you to send good news!"

"Juxing, go for it! Feng Yun, go for it!" The young people all shouted as they looked at Yun Feng with scorching eyes. She was the hope of Juxing, the biggest pillar of Juxing. As long as she was here, Juxing couldn't possibly lose!

"Alright, let's go!" said the Fifth Elder. The crane next to him suddenly cried out. The Fifth Elder jumped onto the back of the crane first. Then, the First Elder waved his hand and five Magic Beasts instantly flew over. Beast cries sounded in the sky. The five flying Magic Beasts landed in front of the five young people obediently. While the other four jumped up one after another, Yun Feng didn't do anything. The Fifth Elder suddenly burst into laughter when he saw that.

"First Elder, Feng Yun certainly doesn't need it."

Yun Feng waved her hand without any pretense and the Ring of Contract appeared. Green light suddenly beamed and Lan Yi's original form, the griffin, appeared, causing a round of exclamations at the scene! The few elders couldn't help but feel surprised when they saw this. "I didn't expect this girl's wind-element Magic Beast to be a griffin." The Fifth Elder sat on the back of the crane and said with a smile. At this moment, the crane said, "Master, that's not an ordinary griffin. That's a four-winged griffin. It just lost a wing for some reason."

"Four wings?" The Fifth Elder was shocked. Then, he looked at Yun Feng with glittering eyes. "How many surprises will this girl give me..."

Yun Feng jumped onto Lan Yi's back and looked very cool. After all, the griffin was huge and beautiful. Such charming Magic Beasts were quite rare. In comparison, the other flying Magic Beasts were nothing. Only the Fifth Elder's crane was close. The other few weren't enough at all.

"Junior Sister, you're awesome!" Rong Xin couldn't help but shout. Tian Kui was also envious when he saw this. Amidst the cheers, the few flying Magic Beasts all left the ground. Their giant wings flapped fiercely in the air and they all turned into beams of beautiful light, disappearing quickly in front of everyone's eyes.

"Feng Yun, I'll wait for your triumphant return!" Someone shouted, which immediately aroused everyone's excitement. The young people immediately shouted loudly, "Juxing is waiting for your triumphant return..."

“F*ck, it’s so noisy.” Er Lei also stood on Lan Yi’s back and couldn’t help but curse as he listened to the lively voices. Yun Feng, on the other hand, burst into laughter and shouted into the wind, “Wrong! This is passion. And hope!”

Transportation between the three islands on the Central Continent relied on Teleportation Arrays to move far away. If they wanted to go to the Yuelun Island, they had to use the Teleportation Arrays on the floating islands. If they relied on Magic Beasts or their own ability, it was impossible to reach it at all, because the borders had a certain spatial distortion. If they passed carelessly, they might be killed.

There were countless Teleportation Arrays between the floating islands, but there was only one Teleportation Array that led to the Yuelun Island. The reason was that there wasn’t much communication between the three islands. Who would go to other islands for no reason? So, if there weren’t any urgent matters or trade transactions, not many people wanted to leave the island. One Teleportation Array was enough.

The Teleportation Array was located in the Hundred Leaves City, where the Xuan family, one of the four largest families on the floating island, was located. Today, the entire Hundred Leaves City seemed to be a bit nervous. The leader of the Xuan family had already been waiting in front of the building where the Teleportation Array was located. The Teleportation Array today also had a unique restriction. Before certain people came, the others couldn’t use the Teleportation Array and could only wait on the side. This made the merchants who wanted to leave the island to do business complain. They all stood aside with resentment on their faces.

“What’s special about today? There’s a Teleportation Array but we can’t use it. What kind of rule is that?” A merchant had been waiting for a long time! Business didn’t wait for people! It wasn’t easy to make money these days!

“Who knows? Didn’t you see that the leader of the Xuan family is here? Senior members of the Xuan family are all here today. They’re probably welcoming an impressive big shot.”

“An impressive big shot? Who’s above the four families?”

“You can’t be sure. They might be a big shot at the Emperor Level or God Level!”

“I want to see who those big shots are. I waited for so long for nothing and all my money is gone!”

“Hey, hey, hey, look, look! Something seems to be flying over from the sky over there!”

The few impatient merchants on the side couldn’t help but look up and see a few black shadows flying towards them in unison. The members of the Xuan family went up to them excitedly. After the few black shadows approached, everyone finally saw clearly. Damn! They were all flying Magic Beasts!

The few flying Magic Beasts landed on the ground, attracting everyone’s attention. The crane and Lan Yi were put away into their respective Rings of Contract. As for the other Magic Beasts, the Xuan family took care of them. The Xuan family walked up with a warm look. “Fifth Elder, welcome!”

The Fifth Elder chuckled. He usually couldn’t be bothered to deal with the people of the four families. If it were other elders, they would be able to say some pleasantries. But the Fifth Elder only smiled and then asked, “Has the Teleportation Array been prepared?”

The leader of the Xuan family wanted to make small talk, but seeing that the Fifth Elder didn't intend to, he immediately said, "Yes, I've already had it prepared."

The Fifth Elder nodded. He was about to walk inside when he suddenly thought of something. "Thank you for providing the flying Magic Beasts, Master Xuan. Thank you for your help."

The Master of the Xuan family immediately burst into laughter. "What are you talking about, Fifth Elder? This is what the Xuan family should do."

Yun Feng raised her brows. It turned out that these flying Magic Beasts were provided by the Xuan family, one of the four largest families. As expected of the four largest families. They didn't lack flying mounts. They took out five at once. They were quite generous.

"Time is tight. We're leaving." The Fifth Elder smiled dryly. He really wasn't good at diplomacy. The leader of the Xuan family didn't say anything else and immediately winked. Someone immediately pushed the door open and the Teleportation Array inside immediately showed up in front of everyone. "Fifth Elder, please." The leader of the Xuan family chuckled. The Fifth Elder nodded and walked up. Then, the five young people followed him up. However, when Yun Feng passed by, the leader of the Xuan family's eyes became hot. "Feng Yun, my young friend."

[Genius Summoner](#)

Chapter 1127: The Championship Begins (4)

1127 The Championship Begins (4)

Yun Feng stopped. The leader of the Xuan family chuckled. "With you here, Little Friend Feng Yun, Juxing will definitely succeed this time."

Yun Feng chuckled. "You're too kind, Master Xuan."

"If you don't mind, Feng Yun, could you come to the Xuan family for a visit when you come back?" Master Xuan smiled very warmly. Yun Feng's black eyes glittered. "If I'm not otherwise occupied, I certainly won't reject the offer."

Master Xuan immediately chuckled. "Alright, alright! Then, I wish you victory, Feng Yun!"

Yun Feng walked in with a smile at the corners of her mouth and didn't say anything. Master Xuan, on the other hand, smiled a bit proudly. The few businessmen on the side couldn't help but mutter when they saw this scene. "The Fifth Elder of the Juxing School is a big shot. Who's that girl?"

"You don't know about this, do you? I heard that she's the dark horse of the Juxing School this time. She's a multi-element summoner, Feng Yun!"

"W-What? A multi-element summoner!"

"I didn't expect Juxing to have such a person. Isn't it expected that Juxing will win the championship this time?"

"Who knows? Are the other two schools easy to deal with? They should both have powerful figures. It'll be even better if we can watch the championship this time..."

“Wait, what did you say her name was just then?”

“Feng Yun, have you never heard of her? Ever since the end of the ranking contest of the inner campus of the Juxing School, Feng Yun has become popular! The four major families and those other families are all talking about Feng Yun and planning to recruit her!”

“Feng Yun, Feng Yun, Feng Yun... Argh!” A businessman suddenly raised his head. The others all looked at him in confusion. “I was wondering why this name sounded so familiar. Feng Yun, isn’t it Yun Feng the other way around?”

“Yun Feng? Who’s that?”

“The people on the East Continent and the West Continent describe her as a goddess. She is even more respected than the four major families on those continents!”

“The East Continent and the West Continent? You have information from the continents?”

“I certainly have my own sources, but I’ve only received reports once or twice and I don’t know much about her. However, I’m no stranger to the name Yun Feng. Everyone on the East Continent and the West Continent knows her.”

“That’s Yun Feng, this is Feng Yun, how can they be the same person? You’re thinking too much.”

“Am I really thinking too much?”

“If you’re not thinking too much, what is it? Feng Yun is a multi-element summoner! What about Yun Feng? What is she? Is she also a multi-element summoner?”

“I’m not sure about that...”

“Tsk! Do you think there are so many multi-element summoners? It’s already good enough for you to meet one! Alright, alright. The restriction is over. It’s time for us to set off.”

The few merchants walked in quickly, leaving the last one standing there thoughtfully. Multi-element summoners in the world were the best of the best, and there certainly weren’t many of them. Yun Feng and Feng Yun were the same after all. However, Yun Feng had never thought that the name Yun Feng would be mentioned on this Central Continent.

The Teleportation Array in Hundred Leaves City was a large-scale Teleportation Array. It was extremely stable and safe. Ten people could be teleported at once. The six members of the Juxing School and Er Lei, who had been hiding, certainly wouldn’t be a problem. The few of them stood on the Teleportation Array. When the light of the Teleportation Array glittered, “Swish!” The few of them had already disappeared from the Teleportation Array. The familiar pressure of space came again, but this time, the feeling was much lighter. It was like a feather brushing against their skin. It only touched them gently and didn’t even squeeze them.

After an unknown period of time, the space channel seemed to lead to the infinity. Everyone felt a bit nauseated and wanted to vomit. Even though the Fifth Elder didn’t show it, he also frowned tightly. It was fine if the time of the Spatial Teleportation was short, but once it was too long, humans would certainly feel uncomfortable in the distorted space.

When everyone was about to collapse, the fresh smell of air finally came faintly. Yun Feng's black eyes glittered. It seemed that the end of this journey, Yuelun Island, was ahead.

"Swish!" A dazzling light suddenly shone down. Yun Feng and the others all narrowed their eyes slightly and saw a few people in the glimmering light, as if they had already been waiting on the side. "Welcome to Yuelun Island, students of the Juxing School."

After adapting to the strong light, Yun Feng could finally open her eyes completely and see clearly that they were in a relatively empty small square. The Teleportation Array was right under their feet, and there was another Teleportation Array not far away. The person who spoke was a calm middle-aged man with a few thin wrinkles on his face. He looked extremely young and was almost the same age as the Fifth Elder. However, appearance didn't mean anything on the Central Continent. Once a person entered the King Level, even though their increased, their appearance could always remain in the current state.

"You're too kind, Feng Lin." The Fifth Elder sneered at that person, as if he was very unfriendly. The other party didn't mind at all. He still glanced at the Fifth Elder gently. "Xing Yao, how long has it been since the two of us last met? It's truly beyond my expectation that you're the leading elder this time."

"Hm, that's not the only thing that will surprise you," said the Fifth Elder coldly. The few young people of Juxing were a bit surprised. Perhaps the Fifth Elder had some old grudge with Feng Lin? Yun Feng pondered in her mind. Why did the Fifth Elder insisting on being the leader elder back then?

Er Lei wasn't discovered, because Yun Feng had already stuffed him into the Dragon Palace forcibly. If Er Lei could become the last trump card of this championship, she certainly couldn't show it easily. While Yun Feng was deep in thought alone, she suddenly noticed a few pairs of eyes sizing her up on the opposite side with an obvious intention of testing her. The few young people in the same uniform behind Feng Lin thought that they wouldn't be discovered if they sized her up quietly, but for Yun Feng and Tian Kui, they were extremely obvious.

Their fighting energy and mental strength were thrown back at the other party without hesitation. The few young people immediately trembled and took half a step back in panic. The Fifth Elder chuckled. "It's still too early for testing. There will be plenty of opportunities in the championship."

Chapter 1128: The Championship Begins (5)

1128 The Championship Begins (5)

Feng Lin didn't say anything. He only smiled gently. The few young people behind him didn't dare to do anything else anymore. They stood there obediently and sized Yun Feng and Tian Kui up back and forth. At this moment, the Teleportation Array not far away emitted a beam of light. A few figures appeared with curses. When the light dissipated, the face of the Fifth Elder completely darkened. The few young people of Juxing immediately became vigilant. Rong Xin couldn't help but mutter, "I didn't expect to meet those few losers from the Star Cloud School so soon."

The people who came were from the Star Cloud School. The person in the lead wasn't the Third Elder who went to Juxing to provoke them last time, but a serious old man with a square face. Among the five

young people behind him, there was the grade-9 warrior who had been to Juxing, and the other four were all new faces.

“The people from the Star Cloud School are here too. Should I say that you are fated?” Feng Lin chuckled and smiled at the people from the Star Cloud School. “Welcome to Yuelun Island.”

“Cut the crap.” The elder leading the team of the Star Cloud School looked cold. Feng Lin wasn’t affected at all. He still said gently, “Leng Mi, the championship hasn’t started yet, but you’re already quite angry, aren’t you?”

“Don’t think that I’ll be kind to you just because Huafeng is the organizer. Of course, there’s also you.” Leng Mi turned around and looked at the Fifth Elder. The Fifth Elder didn’t want to be outdone and turned cold. “How was Leng Jue, who came to provoke us last time? Has he recovered?”

What he said made Leng Jue’s expression change drastically. Last time, Leng Jue wanted to attack Yun Feng, but the Fifth Elder attacked him at the same time and he was seriously injured. Also, a summoner died and a grade-8 warrior was injured. Even though they got the information about Yun Feng, they still paid a heavy price.

“We’ve already figured out how many trump cards Juxing has. In the friendly contest this time, we’ll make up for whatever we lost in the Juxing School!” Leng Mi said coldly as he glanced at Yun Feng with fierce killing intent in his eyes. The Fifth Elder stepped forward and stood behind Yun Feng. “If you dare to touch this girl, you’ll have to go through me first!”

“Humph!” Leng Mi glanced at the two Rings of Contract on the fingers of the Fifth Elder and immediately didn’t say anything else. The friendly contest between the three academies hadn’t started yet, but the atmosphere between the three academies had already become tense and cold. If they had a conflict, they might fire at any time.

“Now that you’re all here at the same time, I don’t have to wait any longer. You’ll have to discuss with us about the arrangements and process of the championship. Huafeng has already arranged a place for you. Let these few young people take you there first.” Feng Lin smiled gently. The Fifth Elder and Leng Mi looked at each other and their eyes met in the air.

“Alright,” said Leng Mi. He turned around and whispered a few words. The Fifth Elder also turned around and looked at Yun Feng and Tian Kui. “If they dare to attack, you don’t have to hold back.”

Tian Kui was stunned for a moment, and then nodded solemnly. Yun Feng also nodded gently. The Fifth Elder finally turned around and followed Feng Lin inside with Leng Mi. The three people who were suppressing the situation gradually got away and finally disappeared from sight. The young people from the three schools stood together and looked at each other with sparks in their eyes.

“People from Juxing and Star Cloud, follow up,” said Huafeng’s team. They sounded extremely arrogant, as if they thought that the guests should be humble when they came to someone else’s territory. None of the people from Juxing said anything, but the people from Star Cloud immediately exploded.

“Say that again if you have the guts.” The grade-9 warrior stepped forward as his grade-9 fighting energy swept over crazily. Huafeng’s team immediately turned pale and couldn’t help but take a few steps back. “Please... Please come with us...”

The few people from the Star Cloud School all burst into laughter. The grade-9 warrior glanced at Yun Feng. "The Juxing Team is just a bunch of losers."

"You..." Rong Xin was about to fight back, but Yun Feng held him back firmly. Yun Feng glanced over with her black eyes and stared at that grade-9 King. There was an indescribable coldness deep in her eyes. "It seems that some people haven't been taught enough lessons."

The expression of the grade-9 King changed slightly. He glanced at Yun Feng a few times vigilantly. Yun Feng chuckled and turned around, pretending that she didn't mean it. "I wonder who came to provoke us. The lesson last time wasn't miserable enough to them. It seems that these people want things to be even worse."

Rong Xin burst into laughter, and so did Tian Kui. The Grade-9 King Level warrior of the Star Cloud School was almost turning green. He would never forget the humiliation he suffered in Juxing last time in his entire life! She... She... The Grade-9 warrior of the King Level clenched his fists so hard that they made creaking sounds. He suddenly raised his arm. "Feng Yun! This time, I swear I'll wash away the humiliation of the past!"

Yun Feng didn't care at all. Rong Xin thought gloatingly on the side, You? It's already good enough that you're not cut down!

The grade-9 warrior of the Star Cloud School squeezed his bones so hard that they made creaking sounds, but Yun Feng didn't care at all. His face immediately flushed, but he couldn't say anything. Rong Xin came to Yun Feng's side and chuckled. "Junior Sister, you're too calm. Are you going to beat this guy up until he pees his pants?"

Yun Feng glanced at Rong Xin weirdly. "It's just a dog barking. Why do you have to care about it?"

Rong Xin was immediately stunned. Tian Kui couldn't help but chuckle softly on the side. "Feng Yun is right. Rong Xin, why should we care about such a person?"

Rong Xin scratched his head and chuckled. "Got it, got it."

Under the lead of Huafeng and the few young disciples, the contestants of Juxing and Star Cloud were led to a quiet place. The two courtyards were next to each other. Yun Feng couldn't help but smile mockingly when she saw this. She really didn't know if Huafeng did this on purpose.

"This is the residence Huafeng has arranged for you. Please stay here in the coming days. If you need anything, feel free to find us anytime. We live not far away." The few young people of Huafeng left in a hurry after saying that. It was better to evacuate quickly from these two barrels of explosives that were about to blow up.

"Humph! How unlucky!" A few words suddenly came from the side of Star Cloud. The grade-9 warrior glanced at the few people of Juxing and walked into the yard with the people of Star Cloud. There was only a reluctant look on his face. Seeing that, Rong Xin couldn't help but vomit fiercely. "How disgusting. They think we want to live next to them."

[Genius Summoner](#)

Chapter 1129: Unexpected (1)

1129 Unexpected (1)

“That’s right. Why are the people from Star Cloud so arrogant? I’m so angry!” The other few young people also said in dissatisfaction. Yun Feng didn’t say anything. She just walked into the yard. Tian Kui couldn’t help but shake his head. “You guys, did you forget what the elders asked you to do when you came out? Besides, it’s difficult for you to achieve anything with such an impetuous mind.”

At this moment, the three of them, including Rong Xin, were speechless. Compared to them, Feng Yun and Tian Kui, who had always been as steady as a mountain, were a bit of a role model. Their temperament and mental state were also a level higher. Rong Xin chuckled again. “You’re right. Why should we compete with a group of dogs? It’s better not to talk about it.”

The few of them entered the yard one after another. The yard wasn’t big, but it was enough for ten people to live in. The decoration was quite ancient. Apart from the necessary facilities, there was nothing else. Rong Xin couldn’t help but curl his lips when he saw that. “How stingy.”

Tian Kui glanced at the few houses and said, “Leave the room in the middle for the Fifth Elder. We’ll choose one randomly and rest for a while before coming to the atrium. We should discuss something.”

The few of them each found a room. Yun Feng randomly picked one and walked in. There was nothing else inside except a bed, table, chair and a set of tea bowls. The room wasn’t big either. It seemed a bit unreasonable for Huafeng to use such a room to entertain guests who came from afar, but Yun Feng didn’t care. As soon as she sat down, she heard furious roars coming from the Dragon Palace.

“Yun Feng! Let me out! Let me out!” Er Lei’s furious roar kept coming out. Yun Feng’s red lips only curled up slightly. After she stuffed Er Lei in, he wanted to forcibly come out with his own strength, but the Dragon Palace left by her master was too powerful. Er Lei couldn’t come out at all, unless Yun Feng agreed.

“Don’t worry. I’ll let you out when the time comes. If you keep shouting and wake Senior Yao Guang up, you’ll suffer.” Yun Feng’s lazy voice came. Er Lei, who wanted to scratch the wall on the second level of the Dragon Palace, was suddenly stunned. Then, he surprisingly didn’t roar anymore. Instead, he stood there thoughtfully, thinking about something.

“What are you thinking about?” A slightly deep voice suddenly sounded. Er Lei immediately jumped to the side and looked at the figure that floated to his side. “Why should I tell you what I’m thinking?”

Qu Lanyi crossed his arms and glanced at Er Lei lazily, as if he wasn’t interested in him at all. “I was just asking.”

Er Lei looked at Qu Lanyi vigilantly. He stood on the other side of the empty space, far away. Qu Lanyi sat cross-legged and slowly closed his eyes. “I’m going into cultivation. You’d better be quiet.”

Er Lei’s throat tightened. He glanced at Qu Lanyi a few times vigilantly. Seeing that he seemed to have really entered cultivation mode, he was finally relieved. He raised his head and looked around. Er Lei suddenly frowned and lifted the messy hair covering his cheeks with his hands, revealing a pair of narrow eyes. There was a golden mole at the corner of one eye that was emitting a faint golden light.

What exactly was this place... Who exactly gave Yun Feng the things she had... Er Lei’s hand slowly landed and his messy hair covered his narrow eyes again, as well as that golden mole. He learned this

name by accident from that guy. At first, he thought that that guy was a bit exaggerating, but now, it seemed that it was the truth!

“Yun Feng...” Er Lei mumbled softly as the gaze in his eyes couldn’t help but burn even more.

After resting for a while and adjusting her condition, Yun Feng pushed the door open and walked out. The others were the same. The five young people sat down in the atrium. Tian Kui said in a low voice, “In the friendly contest between the three academies this time, Juxing is in an unfavorable position. Last time, through their provocation, Star Cloud figured out how strong we are, which reduces our chance to strike first in the friendly contest.”

“Indeed. Junior Sister was exposed in advance as a multi-element summoner, which made Juxing suffer a certain loss. The key is that we don’t know much about the trump cards of Huafeng and Star Cloud.” Rong Xin, who was usually stupid, became serious at this moment.

Tian Kui nodded. “I think we should try our best to avoid fighting and hide our strength before the friendly contest officially begins. Even though Feng Yun has been exposed, I believe that this isn’t all of her strength. She only used 50% of the power of a multi-element summoner last time.” Tian Kui looked at Yun Feng with a smile. Yun Feng chuckled. “Not really. I’m not that powerful.”

“Junior Sister, don’t be so humble. The situation for Juxing right now can be considered a mixed blessing.” Rong Xin chuckled and then became serious.

“Indeed. That’s why we must find a way to produce the Golden Cauldron Fluid. This matter is urgent.”

Yun Feng frowned slightly. Did Tian Kui mean to use the Golden Cauldron Fluid to increase the effect of the potions to the point of astonishing everyone?

“But Senior Brother Kui, where can we find such a master-level pharmacist?”

“That’s right, Senior Brother Kui. Besides, we’re unfamiliar with this place. How should we do it?”

Tian Kui also frowned. He pondered for a moment and shook his head. “Besides, outsiders can’t know about this. It’ll be troublesome if people from Huafeng or Star Cloud know about it. It’s even more impossible to search secretly like this.”

Yun Feng glanced at these people. She knew how the Golden Cauldron Fluid was produced. This method certainly couldn’t be shared, but as for the Golden Cauldron Fluid... she could sponsor it. One drop was enough for a bottle. A few bottles of potions were just a few drops. If Juxing wanted to stand out in the contest of the three academies this time, this move wasn’t impossible. The trump cards of the other two schools were all unknown. If she could fill in another trump card for Juxing, she would have a higher chance of winning.

She could give them the Golden Cauldron Fluid, but she had to do it skillfully without arousing any suspicion.

“Leave this to me,” said Yun Feng casually. Tian Kui’s eyes suddenly brightened. “Really? Feng Yun, if you’re willing to help, that’ll be great!”

“Tian Kui, our junior sister doesn’t know how the Golden Cauldron Fluid is produced. She’s probably looking for someone. Am I right, junior sister?” Rong Xin blinked and Yun Feng chuckled. “Indeed. It’s

indeed very difficult to find the way to produce the Golden Cauldron Fluid, but it's not difficult to find the Golden Cauldron Fluid." After saying that, Yun Feng flipped her hand and a small bottle appeared in front of everyone. There was a very thin layer of golden solution at the bottom of the bottle, emitting a beautiful luster.

Genius Summoner

Chapter 1130: Unexpected (2)

1130 Unexpected (2)

"Is... Is this the Golden Cauldron Fluid?" Tian Kui said excitedly. Rong Xin was stunned. How did his little junior sister get this?

"I was lucky enough to get some in that cave back then, but I didn't know what it was, so I didn't take it out. Later, I heard the potion elder mention it and found out that this is the Golden Cauldron Fluid."

"Yu Jin also got a little back then and gave it to Master," said Tian Kui as he looked at the small bottle again. There were only a few drops of liquid inside. Even if Yun Feng took it out, it wouldn't be useful.

"Although it's not a lot, the potion elder once said that one drop is enough to increase the effect of the medicine. There should be a few drops of the Golden Cauldron Fluid inside. It should be enough."

"Junior Sister, this thing is so precious. There are only a few drops. Why did you take it out for us..." Rong Xin looked at Yun Feng with glittering eyes. Tian Kui also frowned. "Feng Yun, you..."

Yun Feng smiled. "It's nothing. This thing isn't mine either. It's certainly worth it if I can help Juxing right now." Of course, if Yun Feng wanted it, she could just ask the Golden Cauldron Tree to squeeze out more. She was the person who didn't have to worry about the Golden Cauldron Fluid in this world.

"If Juxing can win this time, it'll be all your credit." Tian Kui looked at Yun Feng deeply, but Yun Feng burst into laughter. "This potion can only improve us in a short period of time. What can make Juxing win is our strength. The potion is just an aid. Without me, you'll be the same."

The others were indescribably grateful in their minds. They felt that Feng Yun was truly selfless. Would anyone else do this if they had such a precious thing? Nobody dared to be so sure. Who wouldn't want to have good things alone? Yun Feng's image in everyone's minds couldn't help but become much more magnificent.

She added a drop of Golden Cauldron Fluid to each of their potions. Four drops. There was only four drops in the small bottle. After giving it to Rong Xin, there was nothing left. Rong Xin immediately handed the potion in his hand to Yun Feng. "Junior Sister, let's exchange."

Yun Feng pushed it back with a smile. "No, I don't need this."

"But..."

"I really don't need this." Yun Feng chuckled. Tian Kui reached out and stuffed the potion bottle into Rong Xin's hand. "Do multi-element summoners need the help of potions? Compared to Feng Yun, Rong Xin, you're the one who needs potions."

Rong Xin scratched his head with a smile. "You're right. With Junior Sister's strength, she indeed doesn't need the help of potions... I was worrying too much."

"There's no need to tell the Fifth Elder about this. We've already used up all the Golden Cauldron Fluid. Just treat it as a surprise for the Fifth Elder," said Tian Kui. The others immediately nodded. The Golden Cauldron Fluid had already been used up. What was the use of telling him?

The few of them put away the potions carefully. At this moment, the Fifth Elder walked in. "You're all here."

"Fifth Elder, Master!" The five of them got up. The Fifth Elder strode in and sat down. He looked at the young people in front of him with a bit of seriousness in his eyes and slowly said, "The three academies discussed just then and set the procedure and many rules for the championship this time. I'll tell you about them."

Under the description of the Fifth Elder, Yun Feng figured out the rough process of the competition between the three academies.

The friendly contest of the three academies this time was divided into two parts. One was the team competition, and the other was the individual competition. The friendly contest this time concerned the ranking and strength of the three academies. Although individual strength was important, the strength of the group couldn't be ignored. A person couldn't hold up the sky alone. They always needed companions. The team competition and the individual competition both adopted a points system. In the end, the points of the team competition and the individual competition would stack up for ranking.

The individual competition was nothing more than an arena fight. The ranking would be determined by rounds of battles. After the eighth place, there wouldn't be any points. The eighth place would have one point. In such a way, the fourth place would have five points, the third place would have ten points, the second place would have fifteen points, and the first place would have twenty points. It seemed that if they wanted to win an obvious advantage, they had to try their best to enter the top three.

The rule of the team competition was more interesting. The venue of the team competition was a lush forest called the Innocent Forest. The rule of the team competition was to find and harvest. There were two paths to choose from. One was to collect designated herbs, and the other was to collect Magic Beasts, dead or alive.

There were only three designated herbs. Five points of the Long Yue Grass, ten points of the Star Fate Stone, and fifteen points of the Shadowless Flower.

Magic Beasts were a bit simpler. One point for each grade-5 King Level Magic Beast, two points for each grade-6 Magic Beast, three points for each grade-7 Magic Beast, five points for grade-8 Magic Beasts and ten points for grade-9 Magic Beasts.

Compared to collecting Magic Beasts, it seemed that it was easier to get points by collecting herbs. After the Fifth Elder said that, everyone felt the same, but Yun Feng didn't think so in her mind. The points of the herbs were set so high, which showed that these herbs weren't ordinary types. Yun Feng had never come into contact with these three herbs before. It seemed that she had to look through the notes left by her master later.

After explaining the general rules, the Fifth Elder sighed softly. "You must remember that it's not necessary for Juxing to get the first place in the contest this time. Don't be reckless in this contest. It's enough if you learn something even if you don't get the first place. Even if Juxing gets the third place, everyone on Juxing will be proud of you!"

The few young people immediately fell silent. Tian Kui asked, "Fifth Elder, how strong are Star Cloud and Huafeng exactly?"

The Fifth Elder sighed and shook his head. "I can't find out at all, but it's easy to guess. They all have their own trump cards. It depends on whether the trump cards are strong or not."

"With Star Cloud's viciousness, their trump cards must be unexpected. We have to be on guard. Huafeng is silent, but there's a hint of weirdness. We still have to be on guard." Rong Xin frowned and said. The Fifth Elder glanced at him. "Don't worry about the competition. If anything happens, I'll be here!"

Rong Xin chuckled. The Fifth Elder got up. "The team competition will be held in five days. The few of you should discuss. Both routes have their advantages and disadvantages. It's not impossible to collect both at the same time." The Fifth Elder got up and left after saying that, leaving the five young people sitting there.

"Finding herbs and hunting Magic Beasts don't seem to conflict, but if we do both of them, I'm afraid we'll have to put in a lot of effort," said Tian Kui solemnly. "Senior Brother Tian Kui, even though the points of the Magic Beasts are relatively low, it's still easy for us to kill grade-5 King Level beasts. Once we have the advantage in the numbers, won't our points also increase?"
