Chapter 1141: Beasts (2)

1141 Beasts (2)

“Senior Brother Rong Xin, there are opportunities in the individual competition. Are you afraid that you won’t be able to meet them?” said someone from the Juxing School in a low voice with anger in his eyes. “In the individual competition, there are plenty of fair and square opportunities to beat these bastards up!”

“That’s right! I’ll make them cry for their parents in the individual competition!” Rong Xin said fiercely as he looked inside worriedly. “Junior Sister has been in there for a long time. Why isn’t she out yet?”

“Yes, they’ve been in there for a long time. Did something really happen...”

Tian Kui looked inside and said solemnly, “Wait another half an hour. If Feng Yun still isn’t out in half an hour, we’ll rush in and meet her no matter what!”

“Alright!” The people of Juxing all nodded. Half an hour. In half an hour, they would rush in no matter what!

Time passed in nervousness and uneasiness. The people of Juxing all stood there and stared in the direction where Yun Feng went in. Naturally, the people of the Star Cloud School were delighted and they even laughed arrogantly. “Feng Yun has already died inside! I think you should consider how to escape from here!”

“That’s right. Feng Yun must’ve been killed by that old guy secretly. Do you really think she’ll come out alive?”

“It’s good that she’s dead! As long as we hang in here for a while, the elders will certainly come to find us. By then, we won’t have to worry about not being able to get out.”

“Haha, it’ll be interesting when the time comes. Juxing, you’ll be the bottom losers!”

The members of Juxing were all enraged after hearing that, but they secretly repressed their anger and didn’t argue with Star Cloud. How would it be as satisfying to talk as to punch? If they wanted to teach someone a lesson, they certainly had to swing their fists and fight with their real strength. Only then would they enjoy themselves!

“Endure, I’ll endure, I’ll endure! I can’t stand it anymore!” Rong Xin couldn’t stand the shouting on the other side anymore. He immediately turned around and shouted, “You bastards, wait for me to teach you a lesson in the individual competition!”

“Tut-tut, you’re teaching us a lesson as a grade-6 King Level summoner? Hahahaha!” The people from the Star Cloud School burst into laughter. Rong Xin immediately blushed, but a clear voice shook his mind!

“A grade-6 King can still kick you off the stage.”

“Feng Yun!” The people of Juxing were immediately delighted in their minds. Looking at the slim figure that slowly walked out of the dark forest, they were extremely excited in their minds.

“Junior Sister!” Rong Xin shouted happily with tears in his eyes. Yun Feng smiled at them and slowly walked out. She wasn’t injured at all! The people from the Star Cloud School seemed to have instantly gone mute.

“Feng Yun, you’re fine,” said Tian Kui in a low voice, but Yun Feng heard the concern in his voice. Her heart immediately felt warm. “I’m fine. Don’t worry.”

The fatty walked out from behind Yun Feng. The respectful look on his face just then was already gone. He looked at Yun Feng deeply and then waved his hand. “Let’s go.”

Yun Feng turned around and met the fatty’s little eyes. The fatty’s eyes glittered. He jumped and instantly disappeared, but his voice came from the sky. “Feng Yun, for your sake, I’ll let these humans go, but if you take another step inside, I’ll definitely crush them into pieces!”

The people of Huafeng and the Star Cloud School all trembled after hearing that. The warning went straight to their minds and made buzzing sounds. Following this sound, the dozens of Magic Beasts around them also retreated quickly. The critical crisis just then was resolved in an inexplicable manner.

“Let’s go,” said Yun Feng. The people of Juxing immediately nodded. Although the round fatty said that he wouldn’t pursue the matter this time, it didn’t mean that it would be the same next time. Everybody from Juxing immediately went back to the exploration area.

The captain of Huafeng was silent for a few seconds and made a hand gesture. The few of them followed Juxing back. The few members of the Star Cloud School stood right there. “Captain, are we really going back just like that? If we go back like this, won’t we let Juxing take the first place steadily?”

The grade-9 warrior of the Star Cloud School stood right where he was with a complicated look in his eyes. He looked at the area inside with unwillingness in his eyes. He knew that as long as he continued to explore, he would definitely get something, and there would be a lot of it! However, that voice just then was the main reason why he was afraid to move forward. If he stepped in again, he would definitely be crushed to pieces! Facing dozens of Magic Beasts, was he confident that he could escape? Of course not!

No matter how unwilling they were in their minds, there was nothing else they could do. Apart from going back, what else could they do?

“Let’s... go back too!” The grade-9 warrior of the Star Cloud School gnashed his teeth. The members of the Star Cloud School were certainly unwilling, but there was nothing they could do. They could only return angrily. “Captain, there’s nothing in the exploration area at all. We found a Shadowless Flower, but it was stolen by Feng Yun!”

“Although it’s the same on Huafeng’s side, if they catch more Magic Beasts than us, won’t we be the last?”

The grade-9 warrior of the Star Cloud School smiled gloomily. “The Star Cloud School certainly can’t be the third! Since Feng Yun stole the Shadowless Flower, we certainly have to get it back!”

“Captain is right! If she can rob, so can we! When she’s alone, the five of us will deal with her alone. What do we have to be afraid of?”

The exploration area, which had already been looted clean, soon welcomed the situation Yun Feng expected at first. The battle of robbery began!

“There are less than ten days until the end. I think the five of us shouldn’t split up during this period of time. Even though we didn’t search this area completely ourselves, judging from the looks of Huafeng and Star Cloud, they didn’t find anything. This proves that there shouldn’t be any use in continuing to search the area. We just have to hold on until the end.”

“Alright.” Yun Feng certainly agreed. In the next ten days, they would certainly have to act together. They wouldn’t face any external threats, but the other two schools.

The five members of Juxing immediately chose a relatively hidden place and didn’t move anymore. As long as they lasted for ten days, Juxing would be the winner of the team competition! When night fell, the members of Juxing were all ready for battle. Rong Xin approached Yun Feng curiously. “Junior Sister, what did you say to that person when you went in? Why did that person have such an attitude towards you?”

Chapter 1142: Beasts (3)

1142 Beasts (3)

Yun Feng looked at Rong Xin whose eyes were filled with curiosity. She certainly couldn’t tell him, but there were some things that she needed their help with. The fatty gave Yun Feng a storage ring, which was full of herbs. There were more than twenty types, including Long Yue Grass, Star Fate Stone and Shadowless Flower. The fatty probably didn’t keep anything for himself and handed them all over.

Yun Feng certainly didn’t intend to hand over these things. The only thing she had to hand over was the Shadowless Flower she stole. As for the Magic Beasts, the fatty gave Yun Feng a small whistle. Once Yun Feng whistled, all the grade-5 King Level Magic Beasts would appear.

Yun Feng smiled and didn’t say anything. Seeing that her smile was quite mysterious, Rong Xin was curious again in his mind. “Junior Sister, don’t just smile. Tell me.”

Yun Feng smiled casually. “You won’t understand even if I tell you. It’s useless to say anything else.”

Rong Xin was stunned for a moment and immediately understood that Yun Feng was teasing him. He couldn’t help but chuckle. Yun Feng rolled her black eyes. “We’ll probably face more trouble in the next ten days.”

Rong Xin stretched his body. “That’s right. The people of the Star Cloud School certainly won’t let it go. As for Huafeng... It’s hard to say. They’re just fence-sitters.”

Yun Feng pursed her lips and smiled. Even if they waited and watched in the next ten days, trouble would certainly come to them. However, Yun Feng didn’t want to meet the other two schools in ten days. She didn’t have time to mess with those people. Rong Xin went to the side to talk to the others. Yun Feng flipped her wrist and a jade pendant appeared in her hand. The few glittering light spots on it

made her smile in satisfaction. What else was most suitable for playing in such a vast area, other than hide-and-seek?

In the next ten days, Yun Feng suggested that they shouldn't stay in the same place. Even though Tian Kui was puzzled, he agreed. Yun Feng led the five members of the Juxing School to wander around the Innocent Forest. They didn't walk very quickly, as if they were enjoying the scenery. Tian Kui and the others were all puzzled in their minds. They didn't understand what she was doing, but they knew that it wasn't wrong to follow her.

The five members of the Juxing School wandered around, but they frustrated the people of the Star Cloud School and Huafeng. They originally thought they had tracked the people of the Juxing School, but after rushing over desperately, they could only lose their targets. The people of the Star Cloud School and Huafeng certainly gritted their teeth in hatred. Did their targets have wings or a few more eyes?

"Captain! They ran away again!" The people of the Star Cloud School roared in anger. There were still traces of fire from last night on the ground. The grade-9 warrior of the Star Cloud School looked at the pile of ashes on the ground with bloodshot eyes. He stepped inside fiercely and a deep pit appeared!

"Keep chasing! I don't believe we can't catch up with them!"

Yun Feng led the people of Juxing forward leisurely. Tian Kui, Rong Xin and the others also relaxed. It was rare for them to be so relaxed in such a tense moment of competition. They didn't meet anyone from Star Cloud and Huafeng at all these few days, so they were completely relaxed.

Yun Feng walked in the lead and listened to the whispers of the few people behind her with a knowing smile. She took out the Finger Spiritual Jade and looked at the few glittering light spots on it with her black eyes. Her red lips curled up. It seemed that Star Cloud and Huafeng had met. The two schools were the same after all. Looking at the distribution of the light spots on the Finger Spiritual Jade, the two teams had obviously started to cooperate. They kept approaching the middle from both sides, trying to trap the Juxing team completely.

Coldness flashed through Yun Feng's black eyes. They wanted to trap her? Who was the prey in the trap?

As the end of the team competition approached, the people of Huafeng and Star Cloud became more and more anxious. What was going on? The two schools hit it off right away and wanted to take something from Juxing, but they didn't find anything after a carpet search! Juxing and the others seemed to have disappeared into thin air!

The people of the two schools became more and more anxious. What was even more infuriating was that Juxing seemed to be doing this on purpose. They would leave clues that told you that I was still here a moment ago, but you wouldn't find me when you chased after me! No matter what, you would never catch me!

The people of Star Cloud and Huafeng felt more and more clear that they had been tricked. They had been tricked so completely, but there was nothing they could do! No matter how hard they chased, they couldn't find Juxing! It was as if someone had an eye that could see where they were at all times. The people of Juxing had already left wherever they went!

Star Cloud and Huafeng were both enraged. They were full of anger, but they couldn't vent it and they weren't willing to let it go. Even if they knew they were being fooled, they had to keep chasing. If they wanted to win, they could only fight for that Shadowless Flower. There was no other way!

"Junior Sister, don't you think it's strange? We've been walking for so many days and we haven't met anyone from Star Cloud and Huafeng!" Rong Xin walked to Yun Feng's side and supported the back of his head with his arms lazily. He was very relaxed with a grass in his mouth.

Yun Feng chuckled. "Isn't it best if we don't meet them?"

"That's true. It'll save us a lot of trouble. If we fight them here, it'll definitely affect the upcoming individual competition. However, those two schools will definitely have designs on us. They haven't caught up with us after so many days at such a speed. Do you think they're idiots? Hahaha!" Rong Xin laughed very happily on the side. Yun Feng also chuckled. They weren't idiots. They were just being fooled by her.

Soon, it was the day the team competition ended. Yun Feng glanced at the light spots on the Finger Spiritual Jade. The people of the Star Cloud School and Huafeng seemed to have already given up searching for Juxing and rushed to the outermost area. Yun Feng put away the Finger Spiritual Jade. It was time to go out!

"F*ck, this is truly crazy! We still haven't caught Juxing!" The people of the Star Cloud School said furiously. The people of Huafeng certainly didn't look good either. They racked their brains and still couldn't figure out what method Juxing used to figure out all their movements.

"Never mind. The time limit is up," said the captain of Huafeng. However, the grade-9 warrior on Star Cloud's side gritted his teeth. "I don't believe that we still can't catch them at this moment!"

"Tut-tut, we're already here. What's the rush?" Yun Feng smiled and walked out from the side leisurely with the other members of the Juxing School. The appearance of the members of the Juxing School immediately made the members of the other two schools gnash their teeth in hatred. The captain of Huafeng was stunned. The grade-9 warrior of the Star Cloud School clenched his fists so hard that the veins on the back of his hands bulged!

"Coward! You dare to come out now?"

Yun Feng chuckled. "Oh? You're looking for us? If you were looking for us, you could've just told us. We didn't want you to search for so long. We were just walking around."

"Yes, the scenery here isn't bad." Rong Xin said with a smile on the side. Tian Kui also said, "It's not bad to be able to have some leisure time at such a time."

The young people of Huafeng and Star Cloud were so angry that they almost vomited blood. They searched desperately, but so what? Those people wandered around leisurely and skillfully, leaving only a

clue behind time and time again. Was this the so-called wandering? They kept chasing her like dogs, but they couldn't catch up no matter what!

"It's good that you showed up voluntarily. Did you predict it? Hahaha, let me tell you. The time limit isn't up yet, which proves that we still have a chance!" The five members of the Star Cloud School immediately entered a combat state. The five members of Huafeng were the same when they saw this. The faces of the members of the Juxing School immediately darkened when they saw this.

"If it weren't for Feng Yun, would you still be alive? Is this how you treat your savior?" Tian Kui said with a powerful voice. The grade-9 warrior of Star Cloud suddenly raised his head and burst into laughter. "Savior? Her?!"

"F*ck! Shameless, f*cking shameless!" Rong Xin spat hard on the side and glanced at Huafeng. "So, Huafeng is the same. I've finally seen through you. If you want to fight, fine!" Rong Xin turned his wrist and showed the Ring of Contract on his finger. The eyes of the people of the Star Cloud School and Huafeng darkened when they saw this. Summoners. They almost forgot that there were two summoners on Juxing! Especially Feng Yun, who was a tricky multi-element summoner!

The people of Juxing and their contracted Magic Beasts were comparable to them in numbers, but this was their only chance!

Both parties were already ready to fight! Yun Feng slowly took out a whistle and blew it gently in her mouth. An unusually strange sound came out of the whistle and instantly penetrated the air at an extremely high speed, spreading to every corner of the Innocent Forest!

"What's that sound?" Everyone was stunned. This sound was extremely weird. It wrapped a few times in the air like cotton and suddenly disappeared without a trace.

"Junior Sister, what's this?" Rong Xin looked at the whistle in Yun Feng's hand curiously. Yun Feng chuckled and put away the whistle. "Just wait for a while."

"I don't care what tricks you're up to! We're definitely going to take that Shadowless Flower this time!" The grade-9 warrior of Star Cloud showed his weapon, and so did the others! It seemed that they were planning to fight now!

"You're relying on your numbers, aren't you?" Rong Xin roared. He was about to summon the earth-element Magic Beast, but Yun Feng stopped him. Yun Feng shook her head gently with a smile on her red lips. Rong Xin glanced at Yun Feng. The few people of the Juxing School all looked at Yun Feng.

"Hahaha, are you scared? What's so great about two summoners? We can still..." The grade-9 warrior of the Star Cloud School suddenly felt the ground shake and his voice also trembled. "What's going on?"

"I... I don't know..." The people of Star Cloud and Huafeng all looked around in panic, not understanding what was going on. The tremors on the ground kept going on. The people of Juxing also looked surprised, except for Yun Feng, who stood there steadily with a deep smile in her black eyes.

"Feng Yun, did you do that?" The grade-9 warrior of the Star Cloud School stood steadily and wanted to stabilize his body, but the ground shook hard and fiercely a few times, making the grade-9 warrior lose his balance and almost fall to the side.

“What exactly happened?” Everyone felt that it was too sudden and uncontrollable. Tian Kui’s face immediately darkened. “Let’s get out quickly!”

Rong Xin grabbed Yun Feng’s wrist. “Junior Sister, let’s go!”

“Boom! Boom! Boom!” It was as if thunder had exploded on the ground. The ground shook and trembled, as if it was about to crack at any time! Robbery? The most important thing right now was to get out of here!

When everyone was about to run away in panic, Yun Feng stood there steadily. Even if Rong Xin pulled her, he wasn’t able to move her. He couldn’t help but growl, “Junior Sister, let’s go!”

The smile at the corners of Yun Feng’s mouth became wider and wider. That round fatty indeed didn’t cut corners. Judging from the commotion, there should be at least dozens of them, or the ground wouldn’t be shaking so violently. “Junior Sister, what are you thinking? Let’s go! One of the creatures might be out. Let’s get out first!”

“Roar... Roar...”

“Roar, roar, roar...”

Beast roars and deep moans sounded from all directions, instantly filling the entire sky!

“This... This is...” Everyone’s feet suddenly froze on the ground. They turned around in disbelief and looked around firmly. As the ground shook violently, the roars and deep moans became clearer and closer!

“These are... These are beasts!” Rong Xin couldn’t help but mutter. He looked around in a daze and finally fixed his eyes on Yun Feng. His eyes widened abruptly. Could... Could it be that all of this was caused by his little junior sister?

The ground shook and the bushes trembled violently. Beast roars and low moans approached quickly. In the end, all the sounds stopped abruptly after the black figures rushed out!

“W-W-What...” The people of the Star Cloud School and the Huafeng School were dumbfounded. Their bodies were completely stiffened and they couldn’t move a step. Magic Beasts jumped out of the bushes one after another. One, two, three, ten, dozens of them!

This was a group of grade-5 King Level beasts!

Yun Feng stood there with the beasts behind and around her. Their eyes were all looking at Yun Feng. They were lying, squatting or standing. The number of beasts was dazzling. There were at least a hundred of them!

“Junior... Junior Sister...” Rong Xin swallowed and felt that his mouth was dry. He also stammered a bit when he spoke. Yun Feng smiled gently and looked at the people of Star Cloud and Huafeng with her black eyes. The people of the two schools couldn’t help but take a step back.

“You’re here to rob me?” Yun Feng asked casually with a cold smile at the corners of her mouth. Nobody dared to say anything. Are you kidding? This was a group of beasts! Even though they were only at Grade 5 of the King Level, these hundred beasts could tear them all apart in an instant!

Chapter 1144: Beasts (5)

1144 Beasts (5)

“Feng Yun, you...” Where exactly did you get this? Tian Kui really wanted to ask. He was extremely shocked in his mind. The other members of the Juxing School also looked at Yun Feng with admiration. Yun Feng was like a god. No problem could stop her. She amazed people every time!

“Time’s up. Let’s go!” Yun Feng looked at Tian Kui and Tian Kui nodded. Rong Xin blinked a few times and felt that words couldn’t express his feelings anymore. In the end, he gave Yun Feng a thumbs up. Junior Sister, awesome!

Yun Feng burst into laughter and jumped. The few people of Juxing followed her one after another, and the grade-5 King Level Magic Beasts followed closely behind. The ground shook violently again. The people of Star Cloud and Huafeng couldn’t help but step back abruptly, making way for the Magic Beasts. They watched the grade-5 King Level Magic Beasts pass by. They were only shocked and couldn’t believe it!

The tremor on the ground finally passed. The people of the Star Cloud School and Huafeng didn’t seem to have recovered yet. Someone stood there in a daze and said dumbfoundedly, “Who exactly is Feng Yun? That’s a group of beasts! She can even subdue a group of beasts!”

Everyone’s heart sank. The grade-9 warrior of Star Cloud gritted his teeth. “I thought I had figured out the trump card of Juxing, but it seems that we’re still far from it!”

“We don’t know her strength at all. Does her strength have no lower limit at all?” Someone said again. Everyone’s face darkened. The lower limit? The lower limit they thought was actually just one of her abilities. How strong could Feng Yun be without the lower limit?

Even though the three elders, who had been waiting outside, were calm and composed in this month, their hearts couldn’t help but shake a few times as the time limit approached. They couldn’t tell what the achievements of their respective academies were or if anything would happen. Nobody contacted them. They seemed to be fine, but it didn’t mean that there wasn’t any danger.

The Fifth Elder was the most lively. While the elders of the other two schools could still calm down, the Fifth Elder couldn’t sit still anymore, especially today. On the last day of the team competition, the elders of the other two schools all looked down on the Fifth Elder when they saw his expression. The Fifth Elder didn’t think much of it. However, when there was a faint tremor on the ground, the expressions of the elders of the other two schools also changed in an instant. The three old elders immediately flew out and came to the outermost edge of the Innocent Forest.

“The tremor came from inside.” The Fifth Elder immediately came to a conclusion and couldn’t help but feel anxious in his mind. Did something happen inside? The third uncle of the Wei family, Wei Ting, also rushed over. After feeling the tremor on the ground, his eyes widened abruptly and he looked inside in disbelief. “Brother Wei, what happened inside?”

Wei Ting immediately looked awful. “Someone... lured out the beasts!”

Beasts!

The three elders and the old man were all shocked. Wei Ting immediately jumped up, and the three elders and the old man naturally followed him. The moment they came to the sky, everyone was frozen there! Wei Ting stared at a certain place firmly. That was...

The Fifth Elder looked at the black mass of beasts below in shock and at the slim figure who was obviously leading the way at the front of the beasts. "It's... Feng Yun!"

"That's... Feng Yun!" Feng Lin and Leng Mi whispered as they stared at Yun Feng. Did she a group of beasts or... had Juxing captured them? The elders of the two schools looked at the densely packed black shadows behind Yun Feng and their hearts immediately sank. It seemed that either way, Juxing would stand out in the team competition.

The people of Juxing, who were following Yun Feng, felt the momentum of the beasts behind them and immediately felt a sense of pride rising from the bottom of their hearts. Apart from this moment, they probably wouldn't have another chance to have such an experience, to be with a hundred Magic Beasts! This was the first time they had seen such a grand scene! The people of Juxing couldn't help but smile. Such a feeling could only be described with one word, awesome!

Yun Feng, who was in the front, suddenly raised her head and saw a few people standing in the sky not far away with her black eyes. Her red lips curled up. "Third Uncle of the Wei family, I've brought you what you wanted!" A clear voice spread into the sky. Wei Ting's face twitched abruptly and he had an indescribable feeling of being underestimated in his mind. He really didn't expect Feng Yun to be able to get the beasts out. And it seemed that the beasts didn't seem to be attacking her!

What exactly was going on... Wei Ting stood in the air and narrowed his eyes when he saw the smile on Yun Feng's face.

"Stop!" Wei Ting suddenly said as his body landed from the sky and rushed towards Yun Feng. The three elders followed closely behind. Yun Feng immediately stopped and the beasts behind her also stopped one after another. There were all kinds of Magic Beasts sitting in the surrounding area, looking quite magnificent.

When the Fifth Elder rushed over and saw the scene in front of his eyes, he could only be shocked. What hadn't he seen in his life? However, a hundred Magic Beasts were gathered together and they looked very obedient. That was enough to surprise him. He had truly seen everything.

The Fifth Elder couldn't help but exclaim in his mind. How many more times could Feng Yun astonish him? He really looked forward to it.

"Swish, swish, swish, swish!" Not long after the beasts stopped moving, the people of Star Cloud and Huafeng also arrived one after another. Feng Lin and Leng Mi couldn't help but look gloomy when they saw this. The captains of the two teams were ashamed and didn't say anything.

"Hahaha, the team competition is over. It seems that it's time to see the results." The Fifth Elder couldn't help but laugh. The elders of the other two schools both cursed in their minds. Did they even need to check the results? Just the number of Magic Beasts alone gave more than a hundred points to Juxing!

Even though the results were obvious, the procedure still had to be followed. Wei Ting looked at the members of the Star Cloud School and Huafeng. "Now, show me your results."

The faces of the captains of Star Cloud and Huafeng inexplicably flushed. If it weren't for this sudden swarm of beasts, they would have been able to take it out. How could they take it out in such a situation right now? However, they were embarrassed and still had to take it out. The two schools took out their harvests. Compared to this hundred beasts, it was certainly an ant against an elephant.

Feng Lin and Leng Mi couldn't help but turn cold. The two of them had teased the Fifth Elder a lot back then. Even though they didn't say it explicitly, they showed that they looked down on Juxing. It was great now. They were the ones who truly lost face!

Chapter 1145: Just Lucky. So? (1)

1145 Just Lucky. So? (1)

"Star Cloud, three grade-5 King Level Magic Beasts and one grade-6 King Level Magic Beast, a total of five points."

"Huafeng, four grade-5 King Level Magic Beasts and two grade-6 King Level Magic Beasts, a total of eight points."

Feng Lin couldn't help but heave a sigh of relief. Luckily, he wasn't the last. However, Leng Mi's face was already cold and gloomy. His school only got five points in one month! Was there anything more embarrassing than this?

"Star Cloud and Huafeng didn't find any herbs. As for Feng Yun..." Wei Ting put away Star Cloud and Huafeng's Magic Beasts and looked at Yun Feng. Yun Feng couldn't help but narrow her eyes when she saw Wei Ting take all the Magic Beasts for himself. It seemed that the Magic Beasts she found would belong to Wei Ting. He was too greedy if he wanted to keep this group of Magic Beasts for himself.

"Six Magic Beasts died in my hands back then. I'll return six to the Wei family. I, Feng Yun, don't owe the Wei family anything from now on." What Yun Feng said made Wei Ting's eyes darken. Yun Feng waved her hand and six grade-5 King Level Magic Beasts walked out. Seeing that, Wei Ting burst into laughter. "Alright, I'll take them!" Yun Feng smiled as he accepted these six grade-5 King Level Magic Beasts. The ones who died were at the Lord Level. He was lucky that she gave him six grade-5 King Level Magic Beasts.

"Let me ask you, do all the Magic Beasts that count as points belong to the Wei family?"

"Of course!" Wei Ting said as he looked at the beasts next to Yun Feng with glittering eyes. If the hundred Magic Beasts belonged to the Wei family, the Wei family would make a fortune!

"It seems that the herbs we find will belong to Huafeng?" Yun Feng raised her brows and looked at Feng Lin. Feng Lin chuckled. "Of course. After all, the Innocent Forest is in Huafeng's territory and Huafeng is the organizer. It's only right."

Yun Feng nodded. She took out the whistle and blew it in her mouth abruptly. This move shocked everyone. They immediately understood that Yun Feng must've relied on this whistle to control these

Magic Beasts. Wei Ting's eyes became hot. If he got this whistle, he would probably be able to tame Magic Beasts with half the effort.

"Roar, roar, roar..."

Unexpectedly, all the Magic Beasts raised their heads and roared furiously. Then, before everyone could react, they turned around and left one after another, disappearing into the dense forest at an extremely high speed!

"You..." Wei Ting was anxious when he saw this scene. A hundred grade-5 King Level Magic Beasts! Feng Yun let them go just like that! The Wei family was supposed to make a fortune.. Wouldn't they suffer a huge loss now? However, even though Wei Ting was anxious in his mind, he didn't dare to act rashly. His identity was obvious. The situation of this group of Magic Beasts was also a bit strange. Right now, they were all rushing back at an extremely high speed. Even if he wanted to catch them, how many of them could he catch?

"Junior Sister!" Rong Xin called out in a low voice, but Tian Kui chuckled on the side. Even though he didn't know how Feng Yun got the whistle in her hand, it was good to let go of this group of Magic Beasts. Juxing would win after all. Why did she have to give the Wei family such a generous gift? She would win even if she got one more point than the others!

Yun Feng watched the beasts immediately disperse with a faint smile. They came and went like a tide. The others, including Star Cloud and Huafeng, were dumbfounded and cursed in their minds. Was Feng Yun a fool? There were so many Magic Beasts and she didn't want so many points?

After the beasts disappeared, Yun Feng turned around and looked at Wei Ting's gloomy face. "Uncle Wei, don't misunderstand. I gathered this group of Magic Beasts so that you could pick six that satisfy you. The others certainly have to go back."

Wei Ting held a fire in his throat. He could only watch this group of Magic Beasts disappear in front of his eyes. How much effort would it take to capture a living Magic Beast? Feng Yun obviously did it on purpose!

"Feng Yun doesn't have a single Magic Beast left right now. Zero points!" Wei Ting immediately shouted in a low voice. The few people from Star Cloud and Huafeng all chuckled. Zero points? Not bad, not bad! Only Juxing deserved such a score.

"Wait!" Yun Feng said. Wei Ting raised his brows and looked over. Yun Feng and Tian Kui looked at each other. Tian Kui chuckled and took out the Magic Beasts. They were three grade-5 King Level Magic Beasts. Wei Ting couldn't help but sneer. "It's just three points."

Yun Feng chuckled as she flipped her wrist and the Shadowless Flower appeared. Feng Lin's heart couldn't help but heat up when he saw this. The Shadowless Flower! He didn't expect them to really find it!

When the few people of Star Cloud and Huafeng saw the Shadowless Flower in Yun Feng's hand, the anger in their minds couldn't help but rise again. Wei Ting's eyes glittered when he saw this. He didn't expect them to find the Shadowless Flower.

"Three points and fifteen points," said Tian Kui. "Uncle Wei, we should have eighteen points."

Wei Ting's eyes turned cold. The Fifth Elder burst into laughter. "You guys, eighteen points are good enough!"

"We won by a narrow margin this time. Thank you for letting me win." The Fifth Elder said to Feng Lin and Leng Mi with a smile. Both of them stood there with a stiff face. The Fifth Elder clapped his hands with a smile. "Since the results are out, we'll meet again in the individual competition. Let's go back first."

The Fifth Elder had a smile on his face, and so did the members of Juxing. Apart from Juxing, probably nobody else at the scene could smile. They handed over the Shadowless Flower and Yun Feng followed them back with a faint smile. The representatives of the Star Cloud School and the Huafeng School couldn't help but feel furious when they saw Juxing leave excitedly.

Wei Ting put away all the Magic Beasts and glanced at the forest reluctantly with his eyes. He then turned around and went back with a cold look. Feng Lin put away the herbs and also went back with Huafeng's people. The few students of the Star Cloud School stood there with their heads lowered.

"It's fine this time. If you get the same result in the individual competition, you'll be too ashamed to go back!" said Leng Mi coldly. The few people of the Star Cloud School lowered their heads even more, but they clenched their fists tighter and tighter. Juxing, Feng Yun, don't be too happy too soon. You'll suffer in the individual competition!

Juxing won the team competition with the unquestionable advantage. The people of Juxing were certainly very happy. The Fifth Elder was also smiling. He had never thought that Juxing would be so outstanding in the team competition. Of course, everyone certainly put the credit on Yun Feng. Yun Feng certainly wasn't someone who wanted credit. After she went back, everyone said that she contributed the most, but Yun Feng said that this was the power of the group and she played herself down to the minimum. Such a behavior couldn't help but make those young people even more impressed. It was very difficult to keep composed without feeling arrogant in front of honor and praise.

Chapter 1146: Just Lucky. So? (2)

1146 Just Lucky. So? (2)

There was a period for rest after the team competition. It wasn't a long time. One week. Then, it was the individual competition. The final ranking depended on the total points in the team competition and the individual competition. In other words, Yun Feng gave up the opportunity of additional points from the beasts, which gave the other two schools a chance to surpass her in the individual competition.

Speaking of this, even though everyone from Juxing felt that it was a pity, Yun Feng's decision certainly couldn't be wrong. After saying that regretfully, Rong Xin burst into laughter again. "Are you kidding me? That third uncle of the Wei family doesn't look like a good person and he even seems to have a conflict with my junior sister. We can't let him get away with it for nothing!"

The other members of the Juxing School certainly agreed. In their eyes, whoever had a grudge against Yun Feng would be their common enemy.

The individual competitions that followed would only be about individual strength. Even though a week was a bit short, they could more or less consolidate their strength. The Fifth Elder went out again, as if he was meeting someone. The people of the Juxing School certainly went into seclusion to practice and strive to improve in a week.

The next seven days were absolutely quiet. The Star Cloud School and Huafeng wouldn't be stupid enough to provoke them. They were probably holding back their anger and exerting themselves secretly. Even though there was a gap in the team competition, it could be made up for in the individual competition. Juxing would face the fierce firepower of the Star Cloud School and Huafeng again in the individual competition. However, the people of Juxing were all indifferent. Other people had potions too, but not everyone had potions mixed with the Golden Cauldron Fluid.

While everyone was cultivating in peace, Yun Feng had already entered the Dragon Palace. She wanted Er Lei to answer her many questions. As soon as she entered the Dragon Palace, Qu Lanyi had already opened his eyes and smiled at Yun Feng warmly. Yun Feng glanced around and found that Er Lei was in a far corner.

"Why is he standing so far away?" Yun Feng asked suspiciously. Qu Lanyi chuckled and made a pleasant sound deep in his throat, kissing Yun Feng's cheek. "Who knows? Perhaps he likes to be alone."

Yun Feng, whose cheeks were slightly red, looked at Qu Lanyi's eyes that were as black as the night. She stood on her tiptoes gently and her soft and slender body approached, kissing the man's cheek gently. A hint of dark red flashed through Qu Lanyi's eyes and then disappeared quickly.

"I'll go find him." Yun Feng whispered and quickly walked over. Qu Lanyi, on the other hand, stared at Yun Feng's back. He gently put his finger on his cheek and touched the place where he was kissed just then. A faint smile appeared at the corners of his mouth. His wife seemed to have learned to express herself.

Er Lei, who was standing in the corner and thinking about something, keenly noticed the sound of footsteps behind him. He immediately turned around and was relieved when he found that it was Yun Feng. "F*ck, I thought it was..."

Seeing that Er Lei was obviously relieved, Yun Feng couldn't help but feel puzzled in her mind and she stared at him for a while. Yun Feng sat on the ground and patted the ground, asking Er Lei to sit down too. Er Lei didn't care about trifles and sat down very straightly. "What do you want from me?"

Yun Feng nodded with a smile. "A lot of things."

Er Lei opened his mouth and showed his sharp white teeth. "What do you want to ask? Tell me."

Yun Feng pondered for a while in her mind and finally said, "First question. Why did that Emperor-Level Magic Beast call you sir?"

Er Lei was stunned. He scratched his head with his hand. "F*ck, who knows why that guy calls me that?"

"You don't know?" Yun Feng raised her brows. Er Lei put his hand on his knee. "If I say I don't know, I don't know."

Even though Yun Feng didn't know much about Er Lei, she could tell from the way he spoke and did things that he was a man of his word. If he said he didn't know, he definitely didn't know. "Alright, I'll pass. What's your original form?"

This question stunned Er Lei for a long time. In the end, he seemed to be a bit angry and shouted, "Original form? I'm afraid I'll scare you to death if I tell you my original form!"

Yun Feng burst into laughter after hearing that. "I really want to know what this original form that can scare me to death is."

Seeing the smile on Yun Feng's face, Er Lei was a bit embarrassed and angry. He suddenly stood up. "F*ck, I usually don't tell people. This time, since you want to know so badly, I'll tell you!" Er Lei's loud voice also attracted Qu Lanyi's attention. He looked over indifferently with his black eyes. After understanding what Er Lei meant, he raised his beautiful eyebrows slightly and walked over.

Yun Feng also stood up and was prepared to hear this answer that could scare her to death. Er Lei put his hands on his hips and looked at Yun Feng, taking a deep breath. "Listen up! My original form is... a dragon!"

Yun Feng was immediately stunned. Qu Lanyi couldn't help but widen his eyes. Dragon? The original form of Er Lei was... a dragon?

"Dragon?" Yun Feng said in surprise. Er Lei burst into laughter. "What do you think, Yun Feng? Are you extremely surprised? Do you find it unbelievable? Hahahaha!"

Yun Feng looked at Er Lei and was a bit suspicious. Dragon? Was Er Lei really a member of the Dragons? This... didn't seem very reliable.

"This answer is beyond my expectation." A lazy male voice came, which made Er Lei shiver. He suddenly turned around and saw Qu Lanyi walking leisurely and standing next to Yun Feng. There was a faint luster in his black eyes. "If you're a dragon, take on your original form."

Er Lei was stunned. Yun Feng also nodded. "Er Lei, since you're a dragon, show me your original form. Are you a Black Dragon or a Red Dragon?"

"F*ck, why should I transform just because you ask me to?!"

Qu Lanyi raised his brows. "You're not transforming? Are you bragging?"

"I'm not bragging. I'm a dragon to begin with!"

"If you're a dragon, why don't you transform?"

"If I don't want to transform, I won't. Why should I listen to you?"

"Oh, it seems that you're still bragging. You're probably just jealous of the appearance of the Dragons and wants to glorify yourself."

"Damn it! I'm a dragon! I'm not glorifying myself. I'm a dragon to begin with!"

Chapter 1147: Just Lucky. So? (3)

1147 Just Lucky. So? (3)

“Then transform! If you don’t transform, it only means...”

“F*ck, I’ll show you my transformation!”

Yun Feng listened to the conversation between Qu Lanyi and Er Lei on the side. In the end, Yun Feng could only sigh in her mind. Er Lei, you’re still not worldly enough. You’re truly too weak in front of Qu Lanyi. After shouting this, Er Lei knew that he had been tricked. Through his messy hair, two beams of light shot from his eyes towards Qu Lanyi angrily. Qu Lanyi, on the other hand, raised the corners of his mouth proudly. “What’s said is water that’s splashed out. Since you’ve said it, transform.”

“F*ck, so be it!” In the end, Er Lei didn’t intend to resist anymore. He immediately exerted his strength with his hands and an unusually dense purple lightning element oozed out of his palms, twisting crazily with many tiny white snakes, making sizzling sounds from time to time.

“Swish!” Accompanied by the tiny sound of thunder, dense purple elements instantly enveloped Er Lei’s entire body like a huge purple cocoon. Qu Lanyi and Yun Feng stood aside and watched attentively. Er Lei said that his original form was a dragon. Was he really a dragon?

The huge purple cocoon finally showed signs of breaking. Accompanied by continuous thunder, the cocoon cracked gently like an eggshell!

“Crack!” The shell was peeled off and an unusually dense purple light flashed out. Qu Lanyi and Yun Feng couldn’t help but narrow their eyes. The flashing purple light suddenly rushed out and quickly retracted into the eggshell. Then, the eggshell was peeled off and Er Lei’s real body appeared in front of them!

“This is...” Qu Lanyi suddenly widened his eyes. Yun Feng had the same expression. Then, their facial features immediately stiffened. Then... they burst into laughter!

“Hahahaha, hahahahahahaha!” Qu Lanyi and Yun Feng’s unrestrained laughter sounded in the Dragon Palace with quite a lot of echoes. The two of them almost cried from laughter. “Hahaha, hahahahaha...”

“F*ck! What are you laughing at? How dare you laugh at me!” Er Lei’s roar also echoed in the Dragon Palace. Yun Feng touched her stomach that was almost a bit painful from laughing and wiped the tears at the corners of her eyes. She wanted to be serious, but she burst into laughter again.

“Damn it! Am I that funny?”

Qu Lanyi finally stopped laughing. He touched his chin and sized up Er Lei’s original body with difficulty. “You’re indeed... an unusual dragon.”

Yun Feng laughed again and said, “Er Lei, you can... you can change back.”

“How dare you mock me!” The purple light suddenly intensified and a tall and sturdy figure immediately appeared in front of Yun Feng. Er Lei’s eyes, which were glittering with anger, were hidden behind his hair and he released a scorching temperature, as if he wanted to burn the two people who kept laughing instantly.

"I'm not mocking you, but your original body... is indeed too surprising." Yun Feng finally stopped laughing and calmed her breathing before she spoke. Er Lei's face twitched. Qu Lanyi cleared his throat. "Who told you that your original body is a dragon?"

"I don't need anyone to tell me! I'm a dragon to begin with!"

"Er Lei, have you seen a real dragon?" Yun Feng asked tentatively. This obviously challenged Er Lei's bottom line again. "Yun Feng! I've been playing with dragons since I was born. I'm exactly the same as them! If I'm not a dragon, what am I? Besides, I heard about you from a dragon..."

"What did you say just then? Say it again!" Qu Lanyi suddenly narrowed his eyes and looked at Er Lei. "You said you heard about Fengfeng from the dragons?"

Yun Feng was also startled. A name suddenly flashed through her mind. "Er Lei, you knew about me already?" No wonder he insisted on following her. It might be because of his personality, but most of the reason was that he knew her!

"Humph!" Er Lei snorted and looked at Qu Lanyi. "So what? I thought he was exaggerating, but it seems that it's not the case. Otherwise, I wouldn't have followed you."

"Which dragon did you hear about Fengfeng from?" Qu Lanyi's tone suddenly became much gloomier. A person couldn't help but appear in his mind. Was it that guy?

"Who else can it be? Ao Jin!" said Er Lei loudly. Yun Feng and Qu Lanyi both realized that it was him! Yun Feng looked at Er Lei excitedly. "You're in contact with Uncle Flirtatious? Where is he right now? Are the dragons alright?"

Er Lei glanced at Yun Feng weirdly. "How would I know? The last time I talked to him was more than ten years ago. I haven't contacted him since."

More than ten years ago? Yun Feng couldn't help but ponder for a moment. More than ten years ago, she met Uncle Flirtatious when the Karan Empire still existed! The last time she met Uncle Flirtatious was a long time ago. Ever since Uncle Flirtatious returned to the Dragons, he hadn't appeared again. Even though Yun Feng didn't say anything, she still missed him in her mind. Yun Feng couldn't forget the help Uncle Flirtatious gave her in the beginning when the Yun family was in danger.

With Uncle Flirtatious's ability, he certainly had a way to find her. There was only one explanation for not showing up for so long. Perhaps there were a lot of things for him to do with the Dragons, or maybe the Dragons were facing something! Seeing Yun Feng's worried look, Er Lei couldn't help but say, "How can anything happen to Ao Jin? He's a Golden Dragon!"

"You're right." Yun Feng nodded. If Uncle Flirtatious wanted to contact her, he certainly had a way. Even though she was worried in her mind, she had her own things to do! Qu Lanyi remained silent for a long time. Ao Jin, the Golden Dragon, meant more than just a name for Qu Lanyi.

"What are you thinking about?" Yun Feng saw that Qu Lanyi had been silent. Qu Lanyi glanced at Yun Feng. "Are you thinking that I'm jealous?"

Yun Feng raised her brows. Qu Lanyi chuckled. "Indeed. I'm a bit uncomfortable in my mind, but I'm thinking about something else. Do you remember the hooded man and the masked man? They were from a mysterious organization."

1148 Just Lucky. So? (4)

Yun Feng's face immediately darkened. Yes, of course! She still had a huge score to settle with them!

"They investigated the Yun family and took away your ancestor's soul. They probably did a lot of things to the Yun family in secret. They also attacked the Ling family. They even have power similar to the Ling family. Perhaps they'll also attack the Dragons, right?"

Yun Feng's pupils shrank. They might attack the Dragons!

"The blood of the Dragons is so precious. It's a treasure that everyone pursues, especially the blood of the Golden Dragons." Qu Lanyi couldn't help but frown. "The mysterious organization seems to be collecting unique things in this world. The bloodline of the Yun family, the ability of the Ling family, and the blood of the Golden Dragons are all very special."

"If that's the case, they're truly bold!" Yun Feng gritted her teeth and said. Er Lei was confused. "What are you talking about? Why don't I understand?"

Qu Lanyi and Yun Feng both looked at Er Lei. Yun Feng asked, "Er Lei, do you have a way to contact Uncle Flirtatious?"

Er Lei burst into laughter. "Are you kidding me? Of course not!"

"Ao Jin can't be defeated so easily. If he's defeated so easily, he wouldn't be worthy of his title as a Golden Dragon." The corners of Qu Lanyi's mouth curled up slightly, looking a bit mischievous. Yun Feng was also relieved in her mind after hearing that. That was indeed the case. With Uncle Ao Jin's Golden Dragon potential, he must have at least entered the Emperor Level in more than a decade.

"You don't have to worry about that right now. You have to worry about your own business. As for the others... don't worry about them for now," said Qu Lanyi. Yun Feng nodded. She would think about other things after dealing with the matter at the headquarters of the Yun family.

"And that Mo Change... Let's not care about him." Qu Lanyi suddenly gritted his teeth. Yun Feng chuckled. "After the championship, I'll investigate Yuelun Island. If Mo Change hasn't left this place, I might be able to find him."

"Never mind. What a hot potato."

It had already been five days until Yun Feng came out of the Dragon Palace. Yun Feng felt a bit strange after thinking about the question about Er Lei's original body. Er Lei believed that he was a dragon, but Er Lei's original body and the Dragons could be said to be vastly different. However, Er Lei believed so firmly and said that he was a dragon with incomparable confidence. Yun Feng didn't know what to say.

Er Lei said that he grew up with dragons and was the same as them. In other words, the baby form of dragons might be very similar to Er Lei's, but they weren't completely the same. When Er Lei saw them, he categorized himself as another dragon and believed that he was a dragon without a doubt. However, there were obviously different differences as he grew up. Er Lei and the Dragons were obviously of different elements. Yun Feng couldn't tell Er Lei that he wasn't a dragon, because Yun Feng didn't know what he was. It seemed that only someone like her master could know what Er Lei's original body was.

That night, Yun Feng sat in the courtyard alone and pondered. The Fifth Elder couldn't help but feel puzzled when he walked in. "Kid, why are you sitting outside so late?"

Yun Feng looked up. It was very rare to see the Fifth Elder during the day. She thought he wouldn't come back at all. It turned out that he came back at night. It was getting late. "Nothing. Master, you came back so late."

The Fifth Elder sat next to Yun Feng and chuckled. "It's all because there are too many rules for the contest. I certainly can't let the other two schools take too much advantage."

Yun Feng pressed her lips and smiled. "Master, I've always wanted to ask why you insisted on being the leading elder of the team back then. With your personality, you shouldn't be obsessed with this."

The Fifth Elder couldn't help but sigh after hearing that. "It's kind of a personal grudge. This is a grudge between me and Feng Lin. Perhaps I'm the only one who can't let go of the past. However, if Juxing can get the first place this time, I'll beat him for the first time."

Yun Feng smiled. The Fifth Elder glanced at Yun Feng. "The three academies more or less had some grudges in the past. It's fine because we don't meet often. But this time, we have to win. It can also make the three academies stop fighting."

None of them thought others were better. The winner this time certainly represented the greatest reputation and strength of the three academies.

"Hahaha, even if Juxing can't get the first place, even if you get the third place, it doesn't matter. Juxing will still be proud of you!" The hearty laughter of the Fifth Elder echoed in the night sky. Yun Feng didn't say anything. She only looked at the vast night sky quietly. She swore to fight for the first place!

The week of adjustment passed very quickly and the individual competition was about to begin. The five members of the Juxing School gathered together that day. Yun Feng glanced at the expressions of her other companions. Everyone must have gained something in these seven days.

"The individual competition will begin today. Are you ready?" asked Tian Kui. The people of Juxing all nodded with a smile.

"This time, we'll beat their butts until they pee!" said Rong Xin loudly. The others also echoed. Tian Kui looked at Yun Feng. Yun Feng chuckled. "This time, Juxing must win!"

"That's right! We will win!"

The venue of the individual competition this time was actually the central arena of Huafeng School of Magic. When Yun Feng and the others rushed over, it was already full of Huafeng's disciples. They were

all shouting with enthusiasm and cheering for Huafeng. Huafeng was really good at making use of the home ground advantage.

“The people of Huafeng are all very proud,” said someone from Juxing. Rong Xin looked over and grunted in disdain. Indeed, having their own people to cheer for them in the home ground, their morale was unusually high and they had a psychological advantage. Under the cheers, the people of Huafeng all had a smile on their faces, looking very proud.

The people of the Star Cloud School had also come early. Seeing the people of the Juxing School, their faces immediately darkened and showed viciousness. It seemed that the Star Cloud School wanted to take revenge fiercely in the individual competition.

The participants of the three academies had already arrived. The three elders stood on the platform together. Feng Lin waved his hand, and the scene immediately fell silent. After saying some pleasantries, they finally got to the topic. The rules of the individual competition were a bit special. All the participants would fight in pairs. The fifteen of them would be divided into seven groups with an extra person, and this extra person would directly enter the top eight. The seven groups would produce the top seven, and the top eight would appear. The losers wouldn’t gain anything. After all, only the top eight would get points.

[Genius Summoner](#)

Chapter 1149: Just Lucky. So? (5)

1149 Just Lucky. So? (5)

Then, the remaining eight contestants continued to fight in pairs, until there were four winners. The ranking of the four winners was decided according to the time cost for their victory. The shorter the time, the higher the ranking. The four winners who advanced continued to fight in pairs, until the first, second and third places were decided.

Once the rules were announced, everyone thought to themselves, wouldn’t the person who drew the extra person lot be very lucky? He would directly enter the top eight and get points!

Of course, it was very difficult not to meet someone from their own academy in a one-on-one battle. Once they met, there was nothing they could do. They could let one of them advance. Usually, if they encountered such a situation, people from the same academy certainly wouldn’t fight. Usually, the weaker party would voluntarily admit defeat, so that the stronger party could preserve their strength until the next round.

After the rules were announced, it was time to draw lots. The lots were put in an enclosed box. Huafeng’s five students were the first to draw, followed by Star Cloud. Everyone couldn’t help but touch the lots for a while longer when they drew them. Everyone wanted to draw that unique lot. As long as they drew that lot, they would gain more chances for their academy!

Juxing was the last. The few people from Juxing weren’t in a hurry. When it was their time, they would just reach their hands in and draw a lot. After drawing the lot, they would leave. Yun Feng was certainly the last in the queue. For her, all numbers were the same.

Everyone drew their numbers in order, leaving Yun Feng the last. Yun Feng glanced at the situation on Huafeng and Star Cloud's side and saw the angry and unwilling expressions of the disciples of the two schools. As expected, Juxing was lucky.

Yun Feng reached in and took out the last lot. She held it in her hand and didn't look at it immediately. Rong Xin had just finished drawing when he came to Yun Feng's side without looking at it. "Junior Sister, let me see what you drew."

Yun Feng glanced at the number ball in Rong Xin's hand and also quickly glanced at the one in her hand. She smiled lightly as a breeze suddenly blew. Rong Xin was a bit confused. He only heard Yun Feng say, "I'm No.2. What about you, Rong Xin?"

Rong Xin rubbed his eyes and opened the number ball in his hand. "I'm... Huh? My..." Rong Xin picked up the ball and burst into laughter. "Tian Kui! Look what I drew!" Rong Xin raised the number ball in his hand. There was nothing on it. It was that special lot!

The people of Juxing immediately smiled happily after seeing that. The people of Star Cloud and Huafeng couldn't help but curse secretly. F*ck, what kind of luck was this?

Rong Xin burst into laughter and raised the number ball in his hand even higher. He glanced at the disciples of the other two schools provocatively. So what if you choose first? So what if you search for a long time? The Goddess of Luck won't look after you after all!

"Haha, it seems that Juxing's luck is pretty good." The Fifth Elder looked at the number ball in Rong Xin's hand and chuckled. The corners of Feng Lin and Leng Mi's mouths also twitched. The luck of Juxing was truly...

"Humph! He's only got one spot in the top eight. He'll only get one point in the eighth place," said Leng Mi coldly. Feng Lin also said, "Indeed. There are too many variables in the individual competition. Even if he enters the top eight, the difference in points among them is huge. It's better not to laugh too early."

The Fifth Elder couldn't be bothered with the two of them. He was still smiling. Leng Mi couldn't help but feel enraged when he saw this. The information Leng Jue found last time seemed to be useless right now! The strength of Feng Yun, the trump card of the Juxing School, wasn't just that. Last time, the Star Cloud School suffered heavy losses, but they got false information. Thinking of this, Leng Mi was full of anger. Juxing had a head start again in the individual competition this time. Why did the Juxing School have all the good things?

After all the lots were drawn, Rong Xin got the only special number and directly entered the top eight. This also meant that Juxing had one more spot than the other two schools and would get at least one more point on the basis of the total score.

Yun Feng glanced at the No. 8 ball in her hand. There was still some sweat on it when Rong Xin held it. Seeing how happy he was, Yun Feng smiled lightly. She certainly had to give such an opportunity to someone else. She didn't need it.

Tian Kui drew No. 3, and the remaining two members of the Juxing School were in one group. Excluding Tian Kui, the Juxing School had already occupied three spots in the top eight! Tian Kui chuckled. "It'll

certainly be great if I can win. In that case, the Juxing School will be able to occupy four spots. Hehe, maybe it won't be so simple."

"I don't think so. Even if you meet a grade-9 opponent, Senior Brother Kui, you won't necessarily lose."

"Feng Yun, no matter who your opponent is, you're going to win."

Yun Feng smiled lightly. No matter who her opponent was, she would never show mercy in this battle. It was good to end the battle quickly, but it was better to make the other party pay a price! It would be even better if it was those people from the Star Cloud School. Last time, she took care of a summoner with her own hands. This time, she didn't mind taking care of a few more and making the Star Cloud School bleed!

After everyone's lot was drawn, the individual competition immediately began!

The atmosphere at the scene immediately became heated. The disciples of Huafeng were certainly cheering for their side with enthusiasm, while the disciples of Star Cloud and Juxing could only rely on themselves to cheer themselves on.

The No. 1 contestants of Star Cloud and Huafeng went on stage. After the two of them got on the stage, the audience immediately cheered. Huafeng's contestant put on a complacent smile when he heard the cheers, and Star Cloud's contestant didn't show weakness either. Even though Huafeng's cheers were everywhere, he still showed a smile, which was quite weird.

As the battle began, the two of them attacked at the same time at an extremely high speed. A battle between warriors was a competition of strength and speed. The sound of fist pounding flesh sounded from time to time. Neither of them showed their weapons at the beginning. They relied on their basic physical qualities.

"Bang! Bang!" Muscles made muffled sounds from time to time. The two of them moved as fast as lightning. Only people with comparable strength could figure out the trajectory of their movements. After fighting for a while, they soon showed their weapons. There was another important factor in the battle between warriors, the use of combat techniques.

When the Star Cloud School's contestant showed his weapon, Feng Lin and the Fifth Elder both exclaimed in a low voice, "An Emperor Level weapon!"

Leng Mi sneered on the side with confidence and determination in his eyes. Feng Lin raised the corners of his mouth and said coldly, "I really didn't expect you to be willing to give him a weapon of the Emperor Level. The elders of the Star Cloud School are indeed different."

[Genius Summoner](#)

Chapter 1150: Harvest (1)

1150 Harvest (1)

Leng Mi chuckled. "It's just a means to win."

Feng Lin grunted and turned around. The heart of the Fifth Elder sank. So, the weapons of Star Cloud and the others were very likely to be at the Emperor Level! Star Cloud was so cunning that they prepared better weapons. They were quite considerate.

When the weapon of the Emperor Level appeared, Huafeng's contestant didn't recognize it. He thought it was a weapon of the King Level. Star Cloud's contestant burst into laughter and unleashed his combat technique. Huafeng's contestant didn't think too much and faced it. The result could be imagined!

A weapon of the Emperor Level against a weapon of the King Level. The two of them weren't on the same level at all. The outcome would be revealed immediately!

Before Huafeng's contestant figured out what was going on, he only felt a powerful force erupting from the combat technique, sending him to the ground. The force also severely injured his chest! "Hm!" Huafeng's contestant fell on the ground. He only pressed his chest with his hand as a trace of blood flowed out of the corners of his mouth. The surrounding disciples of Huafeng were extremely shocked when they saw this scene. The person from Star Cloud stood there and smiled casually. Huafeng's person lay on the ground in a sorry state.

"First round, Star Cloud's No.1 wins. Huafeng's No.1 is eliminated!"

Following this shout, the disciples of Huafeng all looked at the person from Star Cloud in shock. The person from Star Cloud burst into laughter and glanced at the disciples of Huafeng who were watching the battle around. "Huafeng is just so-so."

"F*ck, what did you say, you bastard?" Everyone in Huafeng was immediately enraged. The person from the Star Cloud School burst into laughter again and turned around to walk back without saying anything else. Even though the people of Huafeng were all indignant, they had to admit that Huafeng's miserable defeat in the first round was indeed a bit embarrassing. It really didn't make sense for them to lose the first round in their territory.

The Star Cloud School had a good start, so their morale certainly soared. Everyone had complacency on their faces, as if they were confident in winning. Yun Feng, on the other hand, thought about the weapon that person showed just then. The power that burst out of that weapon didn't seem to be at the King Level at all. The most likely possibility was that it was a weapon at the Emperor Level!

Thinking of this, Yun Feng sneered. Those elders of the Star Cloud School really spent a lot.

"What's going on with the Star Cloud School? Logically speaking, Huafeng shouldn't be so weak..." Rong Xin mumbled. The battle just then was a bit strange. Tian Kui said with a gloomy face, "They must have done something. The people of the Star Cloud School are good at this."

"Senior Brother Kui is right. They must have done something!"

"No.2, go on stage!" Another shout came. The members of the Juxing School all looked at Yun Feng. "Junior Sister, you'll definitely be fine!"

"Of course." Tian Kui replied with a smile. The others also smiled. Yun Feng smiled lightly and walked out with the number ball in her hand. When she saw her opponent, her red lips curled up in satisfaction. Not bad. Her opponent this time was still a member of the Star Cloud School. Yun Feng glanced at the other party's finger. She smiled again. Even better. She was facing a summoner again this time.

The last time Star Cloud went to Juxing for provocation, a grade-7 summoner of the King Level died. The summoner they sent out this time was upgraded by one level, Grade 8 of the King Level. Seeing that his

opponent was Feng Yun of Juxing, the grade-8 summoner of Star Cloud couldn't help but feel a bit nervous. It seemed that enemies were bound to meet.

However, thinking of the trump card in his hand, he couldn't help but feel much more at ease. He also walked up with a smile on his face. The two of them looked at each other with the same smile. The grade-8 summoner of the Star Cloud School said, "Last time, you caused the Star Cloud School to lose a grade-7 summoner. Now, it's time for the Juxing School to pay."

Yun Feng raised her red lips and coldness surged in the depths of her black eyes. "We'll know who will pay soon."

"Humph! We're both grade-8 summoners. Even though you're a multi-element summoner, I might not be at a disadvantage!" The Star Cloud Summoner raised his hand and a green Ring of Contract appeared on his finger. A ball of green light suddenly appeared in the Ring of Contract. After the light faded, it was a wind-element flying Magic Beast!

"Chirp, chirp, chirp..." The Magic Beast raised its head and made a loud sound. The Magic Beast didn't have a big body. It was only as tall as a human's thigh. Its head was also very small. Its brown feathers all over its body looked very thick. Its face looked like an owl's and its yellow eyes were glittering.

Wind element? Yun Feng raised her brows and flipped her wrist. The green Ring of Contract appeared and Lan Yi showed up! Lan Yi, who had transformed into a handsome human form, appeared next to Yun Feng. He couldn't help but feel surprised when he saw the short and sturdy Magic Beast opposite him with his blue eyes.

"Master, that's a cat falcon. It's famous for its speed among the wind-element Magic Beasts. Even though its bloodline isn't noble, its ability is very strong."

Yun Feng understood that it was like gold among the civilians. Its bloodline wasn't noble, but its ability was strong. Apart from its identity, such a Magic Beast wasn't inferior to those with noble bloodlines. For example, Lan Yi couldn't claim that it was much faster than this cat falcon.

"A cat falcon versus a griffin. Let's see who's faster!" The grade-8 Star Cloud summoner suddenly shouted. The cat falcon next to him turned its head and spread its brown wings, rushing over like a small cannonball. Lan Yi and Yun Feng immediately flashed their feet and the cat falcon passed through the gap between them!

"Bang!" There was a loud sound of collision. The cat falcon was like a small cannonball, creating a deep pit on the ground, which showed the power of its attack! With the increase in speed, it was even more powerful!

Lan Yi didn't want to show weakness. He immediately flapped the wings on his back and a faint green light appeared around his body. The bloodline of griffins was noble and they were the best in the wind element in terms of speed. A civilian emperor against a prince of a noble family, who would win?

"Master, leave that cat falcon to me!" Lan Yi sent a telepathic message. Yun Feng nodded. A Magic Beast versus a Magic Beast, and she had only one goal!

The grade-8 summoner, who discovered Yun Feng's intention, immediately distanced himself. He had heard from those people last time that Feng Yun was full of strangeness. He couldn't let her get close, or

he would only die! He held the thought of not letting Yun Feng get close tightly in his mind. The Star Cloud summoner took out his wand. As expected, it was also at the Emperor Level!

Yun Feng looked at the wand in his hand and couldn't help but sneer. "The Emperor Level?"
