Chapter 1151: Harvest (2)

1151 Harvest (2)

“Haha, that’s right! A wand at the Emperor Level! Feng Yun, so what if you have multiple elements? You can forget about beating me this time!” The Star Cloud Summoner suddenly waved his wand and the dense wind element immediately formed an obvious vortex around the wand. The Star Cloud Summoner suddenly sped up, a few levels faster than before!

This was the advantage of wind magic. In a battle, once they had the advantage of speed, it was very easy for their opponent to fall into a completely passive situation. The opponent was in the open and they were in the dark. Controlling speed was equivalent to controlling the core of a normal battle. Once the opponent was completely confused, the winner of the battle would definitely be the faster party!

“Swish, swish, swish, swish!” The speed of the Star Cloud Summoner suddenly increased to a very high level. He turned into black shadows and kept flashing past Yun Feng, leaving a few shadows on the arena! “Feng Yun, do you know where I am? Hahahaha!” The Star Cloud Summoner smiled. Those shadows were also smiling. Yun Feng stood where she was and didn’t do anything at all. Hearing the sound of the wind and that annoying laughter, Yun Feng smiled.

Seeing Yun Feng’s smile, the Star Cloud Summoner was immediately enraged. She could still smile! Alright, I’ll let you laugh!

Her body moved at a high speed as she waved the wand in her hand fiercely. The dense wind element immediately attacked and reached out from one direction abruptly, slapping towards Yun Feng’s body like a huge hand!

Yun Feng’s body flashed and she easily dodged the attack of this giant hand. The Star Cloud Summoner couldn’t help but smile when he saw this. It was good that she dodged. Otherwise, it would really be boring to fight with an opponent who was easily defeated.

“How tricky!” Lan Yi looked at the cat falcon that was running around like a small cannonball in front of him and frowned fiercely. Even though the two Magic Beasts were comparable in speed, the cat falcon was short and its movements were sometimes extremely agile. It could dodge Lan Yi’s attacks every time. Lan Yi couldn’t catch it even if he wanted to!

“It seems that human form is still a bit restrictive.” Lan Yi’s eyes glittered and green light instantly enveloped his entire body. After the light dissipated, the original form of the griffin appeared! A loud eagle cry came out of Lan Yi’s mouth, piercing the sky!

“Every time I see my little sister’s Magic Beast in its original form, I can’t help but feel shocked...” Rong Xin raised his head and looked at the huge shadow cast under the griffin in the sky. He couldn’t help but shake his head. “My old turtle isn’t so impressive. When can it fly for me...”

Tian Kui glanced at Rong Xin weirdly. Rong Xin burst into laughter and scratched his head. “I’m just kidding. Haha, if the old turtle could fly, a pig would be able to climb a tree. Tian Kui, don’t you think? Hahaha!”

The corners of Tian Kui's mouth twitched. He looked up at the huge and beautiful griffin in the sky and couldn't help but frown. "In terms of speed, who's better?"

Rong Xin also raised his head. Then, the two of them looked at each other and smiled. "Of course. As long as one party slows down, the winner will be revealed."

"Look! That's a griffin!"

"This is the first time I've seen a griffin... I heard that griffins are very powerful among the wind element beasts. I didn't expect Feng Yun's contracted Magic Beast to be a griffin..."

Disciples of Huafeng who were watching the battle couldn't help but feel emotional. The appearance of the griffin caused a commotion at the scene. The few people of the Star Cloud School gathered together and only sneered. "What's so great about the griffin? Its bloodline is a bit noble. But in terms of speed, the cat falcon isn't bad!"

That was indeed the truth. Even though Lan Yi had transformed back into his original form as a Magic Beast, the cat falcon, which was comparable in speed, still had the upper hand. It relied on its short and agile movements to make Lan Yi's sharp claws miss again and again. The griffin's huge body flashed in the air and its sharp claws slashed in the air again and again. Even if it was about to catch the target, the cat falcon would escape in the next moment!

"It's really like a rat!" Lan Yi roared. Yun Feng looked at the fierce battle in the sky on the side with her black eyes. Seeing that Lan Yi's sharp claws missed every time, her black eyes couldn't help but darken slightly. The summoner, who had been jumping up and down around her, was still showing off his impressive speed. He attacked from an unknown direction from time to time, but Yun Feng dodged all of them.

Seeing that Yun Feng dodged the attacks every time, the Star Cloud Summoner couldn't help but feel a bit frustrated. He couldn't let her keep dodging like this. Even though he had the obvious advantage on the surface, it wasn't the case. Feng Yun stood there and didn't move at all. She only moved when he attacked. This meant that she could dodge every attack and catch his trajectory every time! She had figured it out!

Thinking of this, the Star Cloud Summoner couldn't help but break out in cold sweat. Was she waiting for the best opportunity to attack? If that was the case, he couldn't delay any longer. He had to finish the battle quickly!

A glint of viciousness flashed through the eyes of the Star Cloud Summoner. He decided that he couldn't continue like this. He had to kill Feng Yun with one strike! It would be great if she could be severely injured. He could also vent the anger that Star Cloud suffered last time!

The Emperor Level wand flipped in his hand and the concentration of the wind element around him suddenly increased again. Yun Feng keenly felt this change and the corners of her mouth curled up. It seemed that her opponent was going all out and planned to fight with his life. Very good. She didn't have the mood to fight with him anymore!

“Lan Yi, force that cat falcon to come to me!” Yun Feng sent a telepathic message. Lan Yi immediately changed its direction. It seemed to be attacking, but it was actually changing the direction of the cat falcon slowly. Unknowingly, Lan Yi had already forced the cat falcon to approach Yun Feng’s battlefield!

“Wind blade, disperse!” The Star Cloud Summoner suddenly shouted furiously as his body stopped at a point. He raised the wand in his hand high and the wind element gathered around the wand. Then, many sharp blades appeared from the green elements and gradually formed green entities, flying towards Yun Feng from all directions!

At the same time, Yun Feng flipped her wrist and the wand her master gave her appeared in her hand. She raised the wand and her red lips curled up slightly. “Earth Field, turn into sand!”

“Swish, swish, swish, swish!” Dazzling earthy elements spun quickly from Yun Feng’s wand. Then, they instantly dispersed in the battlefield like dust. The green wind element was enveloped by the heavy earth element, and the speed it was famous for also became slower and slower as the earth element kept turning into sand!

Genius Summoner

Chapter 1152: Harvest (3)

1152 Harvest (3)

“Earth... Earth element...” Rong Xin couldn’t help but shout in shock when he saw this. Then, he suddenly slapped his thigh. “Junior Sister also has the earth element. So...”

“Feng Yun is a four-element summoner!” Tian Kui’s voice couldn’t help but become excited as he looked at Yun Feng with glittering eyes. A four-element summoner, she was a four-element summoner!

The Fifth Elder was dumbfounded. Earth element. This girl also had earth element! Three elements, oh no, no, four elements! This girl had four elements! This girl hid herself really well!

“She’s a four-element summoner...” When Leng Mi saw Yun Feng’s earth element appear, his face turned cold and his body also tightened. The trump card of the Juxing School was indeed powerful. A four-element summoner... Juxing had such a rare genius!

Feng Lin wasn’t very surprised at first. After all, he didn’t know Yun Feng’s background. He thought she was a wind-element and earth-element summoner at most. However, after hearing Leng Mi’s unconscious whisper, Feng Lin’s expression changed drastically. Four elements! Feng Yun was a four-element summoner? How was that possible?

The Star Cloud summoner who was fighting with Yun Feng was completely dumbfounded. He looked at the earthy yellow elements that filled the sky and didn’t know what to say. Fortunately, his brain reacted. He was still fighting. He immediately raised the wind element and was shocked to find that the speed of the wind element had been reduced to an unbelievable level!

Earth elements filled the sky, as if they wanted to cover everyone’s eyes. The earth elements quickly created a barrier. People outside could vaguely see the two figures inside. Everything became more and more blurry. Everyone couldn’t help but crane their necks and look inside. What exactly happened inside?

In the Earth Field, the wind element was constantly wrapped tightly by the earth element, as if layers of earthy yellow gauze were wreathing it. The wind element was constantly restrained and in the end, it was completely wrapped by the earth element and collapsed! Green wind element powder kept floating in the Earth Field. Seeing the scene in front of his eyes, the Star Cloud Summoner couldn't help but panic. His all-out attack just then was resolved just like that, disappearing just like that!

He wanted to wave the wand in his hand again, but Yun Feng sneered. "In this Earth Field that has already turned into sand, do you think your wind element will be effective?"

Cold sweat couldn't help but appear on the forehead of the Star Cloud Summoner. What should he do now... Get out, how could he get out? In this Earth Field, the wind element was suppressed seriously and his advantage of speed was obviously lost. What made the Star Cloud Summoner frustrated wasn't just this. When had he ever heard that the earth element was the enemy of the wind element? Wasn't the earth element always used for defense? Why could the heaviest element in her hand be used so skillfully?

"Chirp, chirp, chirp..." The cat falcon suddenly let out a miserable scream. Being forced into Yun Feng's circle by Lan Yi, it suddenly slowed down. Lan Yi's sharp claws soon grabbed the cat falcon's body and pierced deep into it. The cat falcon struggled and screamed fiercely as blood dripped on the ground.

"You... You..." The Star Cloud Summoner didn't know what to do. He couldn't escape or hide. What should he do right now? Could he voluntarily admit defeat... For some reason, Feng Yun's eyes made him terrified. Right, there seemed to be a hint of killing intent in them!

"I... I admit..." The Star Cloud Summoner suddenly shouted with his arm. However, before he could finish saying that he admitted defeat, Yun Feng had already approached quietly. She looked at the Star Cloud Summoner's face that was a bit distorted because of fear with her black eyes and her red lips curled up. The Star Cloud Summoner was so frightened by this sudden movement that his entire body trembled fiercely!

"Don't... Don't kill me..." For some reason, he seemed to know the fate he was about to face. He quickly dodged backwards, but Yun Feng wouldn't give him a chance to dodge at all! She extended her slender hand forward and grabbed the throat of the Star Cloud Summoner fiercely with her fingers. She bent her five fingers and grabbed his throat firmly!

"Chirp, chirp..." The cat falcon suddenly let out a scream. The Star Cloud Summoner rolled his eyes and saw that his contracted Magic Beast was torn into two by the griffin's huge claws!

"Crack!" Cracks suddenly appeared on the Ring of Contract on his finger. Then, it shattered the next second!

The pupils of the Star Cloud Summoner shrank fiercely and his mouth opened wide. "I admit defeat. Don't... Don't kill... me!" He said the last word. The crisp sound of bones breaking came from his body. Then, he put down his struggling arms and stopped breathing!

Yun Feng's eyes and facial features were cold as she loosened her fingers gently. "I'm sorry. I didn't hear what you said just then." Then, she raised her arm. Green light flashed and Lan Yi returned to the Ring of Contract. The Earth Field also opened in an instant!

Gazes swept over and pairs of eyes fixed on this scene at the same time! The girl was standing there. On both sides of her feet were the corpses of the Star Cloud summoner and the Magic Beast he contracted!

“C-Captain!” The few people from the Star Cloud School immediately stood up and looked at the corpse of the summoner who had already died there. They didn’t know what to do! He was dead! Another one! The grade-7 summoner died last time. This time, it was a grade-8 summoner! This Feng Yun killed a summoner every time!

“Feng Yun!” The grade-9 warrior of the Star Cloud School let out a furious roar. “You... How dare you...” The grade-9 warrior clenched his fists so hard that they made creaking sounds. Leng Mi’s face was already extremely dark. His body flashed and he immediately flew down. The Fifth Elder and Feng Lin also flew down at the same time when they saw this. The Fifth Elder stood in front of Yun Feng and looked at Leng Mi with a furious look. “What do you want? This is a fair competition!”

Leng Mi was so angry that his heart trembled. She was dead. A grade-8 summoner was killed just like that! There weren’t many summoners in the Star Cloud School! It was fine if a grade-7 summoner died, but this grade-8 summoner was dead too! How long would it take for the Star Cloud School to nurture another one?

“It’s just a friendly contest. She could just defeat him. Why did she have to take his life? She obviously did this on purpose!” Leng Lin gritted his teeth and shouted. Feng Lin frowned at this moment. Looking at the corpse of the Star Cloud summoner on the ground, he only felt that it was a bit tricky.

“Feng Lin! I’m going to ask Juxing to give us an explanation for this!” Leng Mi shouted coldly. The Fifth Elder sneered. “What a joke! It’s not like they said you can’t take someone’s life in the contest. When you, Star Cloud, attacked, you were also vicious. Fengyun was just defending herself.”

Chapter 1153: Harvest (4)

1153 Harvest (4)

“What self-defense? She knows what she’s doing!” Leng Mi was unwilling to give in. The Fifth Elder was also unwilling to give in. Feng Lin kept frowning on the side. This was the first time someone died. There was no rule that killing was forbidden in the championship, because there was a limit to the number of participants and there was no deep hatred between them. Of course, they shouldn’t kill someone else, but now...

Feng Lin’s eyes glittered. “Ahem, Leng Mi, listen to me. There’s indeed no rule that killing is forbidden in the championship...”

“What do you mean? Did he die for nothing?”

“That’s not what I meant, but it’s not in the rules. We were negligent on this point. We can’t pursue the matter this time. How about we set rules right now?”

“Bastard! How can we let Juxing go so easily? The rule of no killing is unnecessary! Since one of them is dead, I’m afraid that someone else will die soon. There will be a third one!” The cold anger in Leng Mi’s eyes shot towards Yun Feng. If it weren’t for his seniority and identity, he would have already dealt with her!

The Fifth Elder shouted coldly, "Leng Mi! Take back the thoughts in your mind! With me here, don't even think about it!"

Leng Mi rolled his eyes and the killing intent in his heart finally reduced a bit. He forgot that this guy was here. Even if he attacked, he wouldn't be able to get any advantage, but there would be a chance!

"If you think this rule is fine, so be it." Feng Lin glanced at both parties. Since nobody on Huafeng's side would die, he would just let Juxing and Star Cloud fight. Leng Mi glanced at Yun Feng fiercely. Yun Feng replied with a faint smile. Leng Mi turned around and flew up again. Feng Lin was the same. The Fifth Elder glanced at Yun Feng and also flew up. The disciples of Huafeng were all a bit frightened by Yun Feng's ruthlessness. Someone died after this attack? She was too ruthless!

The grade-9 warrior of the Star Cloud School suddenly jumped on the stage and picked up the summoner's body. He looked at Yun Feng with coldness in his eyes. Yun Feng chuckled. "The Star Cloud School sent this to me. I'll take whatever you send me next time." A bloodthirsty smile hung at the corners of his mouth. The grade-9 warrior inexplicably felt cold all over his body. "Next time, it'll be me. I'll let you know what it feels like to die!"

Yun Feng turned around and kicked the cat falcon that was broken into two pieces on the ground. "Don't forget that you have to take this away."

The expression of the grade-9 warrior changed drastically. Yun Feng walked down with a smile and Rong Xin immediately greeted her. "Junior Sister, you're really... really..."

Seeing the murderous look on Yun Feng's face, Tian Kui couldn't help but break out in cold sweat. Even though Feng Yun usually had a beaming smile and was smiling lightly, her coldness and killing intent at this moment weren't fake. They were real! If she was going to be ruthless, it was indeed terrifying!

Yun Feng curled her lips. She would kill whoever the Star Cloud School sent here. This time, she would definitely make them lose everything!

The result of Yun Feng's battle froze the scene for a while. Victory and defeat were common, but death was not. This was just the schools' friendly contest. Was there a need to be so heavy-handed? Even though Yun Feng seemed to be a bit ruthless, she had her reasons. She had already taken on the grudge between Star Cloud and Juxing. If she didn't make Star Cloud bleed at the convention this time, Juxing probably wouldn't be at ease in the future. It was obvious why Yun Feng chose summoners.

Summoners were rare and precious resources. It could be said to be extremely difficult to train them. If the Star Cloud School still wanted to cause trouble for the Juxing School, they must bear the consequences of losing the summoners. Once the summoners were all lost, the Star Cloud School would be completely finished.

The three academies originally were on par with each other. Imagine what would happen if summoners went extinct in Star Cloud. How would they have the face to stand among the three academies? The three academies would become the two schools sooner or later. Star Cloud certainly knew this. It was fine to fight the others from Juxing, but once they faced Yun Feng, there would only be one ending, death!

The matches in the top eight were still going on, but the atmosphere was a bit awkward. It was obvious that after Yun Feng's match, everyone hadn't come back to themselves. Amidst the lukewarm momentum, the matches for the top eight temporarily came to an end. There were eight people who qualified today. Tian Kui's opponent was Huafeng's contestant, so he could be said to have won early. The other two Juxing contestants didn't fight at all. One of them admitted defeat voluntarily. In this way, four of them were in the top eight!

Huafeng and Star Cloud each occupied two spots. They were certainly envious, jealous and hateful of the Juxing School, but there was nothing they could do. Who asked the Juxing School to be so lucky? It was useless no matter how jealous they were. The competition on the first day came to an end. After the eight spots were determined, they would rest for three days and then continue with the second round.

Star Cloud's participation was the most costly. Huafeng and Juxing weren't injured at all, but Star Cloud lost a grade-8 summoner! Star Cloud was very angry. However, they almost all fought with Huafeng in the first round. They had nowhere to vent their anger at Juxing, which made the remaining four members of Star Cloud feel like fire was burning in their hearts and they were very uncomfortable.

"Elder... Elder..." In the Star Cloud's yard, the four of them gathered together with extremely gloomy faces. When the grade-9 warrior saw Leng Mi walk in, he immediately stood up and shouted. The other three also stood up.

Leng Mi glanced at them coldly. "Have you thought of a way to deal with Fengyun?"

The few of them lowered their heads. "Elder, no, no..."

Leng Mi's face darkened. The grade-9 warrior said, "Elder, one of us has already died. If we meet Fengyun again next time, another one might die!"

Leng Mi glanced at him coldly. The grade-9 warrior immediately fell silent. The others also held their breath and the air immediately froze.

"Feng Yun is indeed tricky. If we don't eliminate her, the losses of the Star Cloud School will increase," said Leng Mi in an extremely deep tone. Then, he glanced over. "In the end, you're useless. You only got two spots."

The faces of the four young people immediately darkened and their bodies completely froze there. Leng Mi flicked his sleeves and walked out. "If you're still so useless next time, you won't be able to hold your head high even if you go back. You should know what you're doing!"

Chapter 1154: Turning the Tables (1)

1154 Turning the Tables (1)

After Leng Mi left, the few young people, who had been scolded, immediately looked ashamed. The grade-9 warrior clenched his fists fiercely. "Feng Yun... This is all because of you!"

Compared to the gloomy clouds on the Star Cloud School's side, the sun was obviously rising in the Juxing School's side. The few of them were all smiling. Taking up four spots in the top eight was a rather

glorious result! Rong Xin, in particular, couldn't stop smiling. The few of them were gathered together at this moment to discuss the upcoming competition.

"Star Cloud will certainly target Juxing. If we fight with Star Cloud, it'll very likely be a life-and-death battle." The few of them became serious and focused on the discussion. One of them snorted in disdain. "So be it! If I were my junior sister, I would also have killed that summoner! Kill as many as I can!"

Tian Kui couldn't help but shake his head. "Rong Xin, aren't you afraid that Star Cloud will have the same attitude? Once you fight them, they'll certainly kill you."

"Hahaha, let them come then! If they can break my defense, I'll surrender! They're not as smart as my junior sister!" Rong Xin raised his brows at Yun Feng and chuckled. The corners of Yun Feng's mouth curled up.

"I'm afraid there will be some changes in the upcoming competition. Huafeng and Star Cloud don't have many spots in the top eight. They won't let us win anymore."

"Change the rules? Can it really be like this?" The few of them were puzzled and didn't believe it. Tian Kui, on the other hand, nodded in agreement. "It's very likely. The three elders were the ones who drafted the rules, so they can certainly change them. Huafeng and Star Cloud are on the same side right now, so they certainly have to do something."

"So, doesn't it mean that Juxing will be taken advantage of?" Rong Xin immediately slammed the table and roared. Tian Kui shook his head with a smile. "Taking advantage? How much do you think the other two schools can take advantage of Juxing?"

"No matter how the rules change, we must be fully prepared." Yun Feng whispered. The others all nodded. It was truly a bit hard to predict how the competition would develop next.

In just one day, things changed as Yun Feng expected. The Fifth Elder came back angrily and smashed the stone table in the courtyard! "Those two shameless people have the cheek to make such a request!"

The few young people surrounded him. Seeing the furious look of the Fifth Elder, they more or less knew what happened in their minds. It seemed that what they discussed yesterday might have come true.

"Fifth Elder, did something happen?" asked Tian Kui. The Fifth Elder was startled. He glanced at the expressions of these young people and couldn't help but chuckle softly. "You're quite prepared. It seems that you should know something."

"Master, did they really change the rules?" Rong Xin shouted. The Fifth Elder frowned even more tightly. "The two shameless people did propose to change the rules of the subsequent competition. It's useless even if I object."

"Fifth Elder, we're more or less prepared in our minds right now. How have the rules been changed?"

"How?" The Fifth Elder was enraged again. "They changed it to a team competition! They asked Juxing to send two people for the team competition!"

The few young people all frowned. Juxing originally had an advantage, but now, it seemed that this advantage was obviously useless under the changed rules. They had to form a team of two for the team

competition. This undoubtedly made it convenient for Huafeng and Star Cloud. This time, neither of them would suffer a loss.

“What about the remaining two members of Juxing?” asked Yun Feng. The Fifth Elder snorted coldly. “Hm, what else can we do? According to those two shameless people, adding three points to Juxing is already an advantage for Juxing.”

“They!” Rong Xin was immediately enraged. “How shameless! Three points? Why do they think we’re the eighth and seventh?”

“Rong Xin, it’s useless to talk about this now. I’m afraid the rules have already changed. We can only change our battle plan,” said Tian Kui calmly. Rong Xin immediately became angry on the side. The Fifth Elder sighed. “That’s the only way now. You guys discuss who to send out. I still have to go out.” After saying that, the Fifth Elder left in a hurry. The few young people gathered together and discussed who they should send out to fight.

“Teams of two. The rules are really in their favor,” said someone from Juxing coldly. Tian Kui frowned slightly. “I’m afraid the Star Cloud School is worried that they’ll encounter Feng Yun again in the upcoming battle. If they suffer any more losses, they won’t have a good time. And Huafeng is more or less thinking about this.”

“It’s better to say that they’re all frightened by our little junior sister!” Rong Xin said in disdain on the side. There was strong ridicule in his words. The other members of the Juxing School immediately agreed. Tian Kui shook his head impatiently, while Yun Feng raised the corners of her mouth. It might be related to her, but not so much.

“Alright, it’s time to discuss who should fight.” Tian Kui asked the few of them to calm down. Someone immediately suggested, “Senior Brother Kui, how about letting Rong Xin and Feng Yun fight together? With two summoners here, I’m afraid nobody will be a match for them!”

“That’s right, Senior Brother Kui! With Rong Xin’s earth element defense and Yun Feng’s powerful attack, she should be invincible!”

Rong Xin chuckled foolishly on the side, but Yun Feng shook her head. “No, that won’t do.”

The smile on Rong Xin’s face immediately froze. Tian Kui looked at Yun Feng in confusion. “Why not? The combination of you and Rong Xin is indeed powerful.”

“Yes, Junior Sister, don’t you want to come with me?” said Rong Xin in grievance. Yun Feng smiled.

“That’s not what I meant. Rong Xin’s earth element is indeed powerful, but we must balance our team in battle.”

“Balance?”

“Yes, balance.” Yun Feng nodded. “Although the combination of two summoners has strong explosive power, they don’t have an absolute advantage in speed and strength. What if we encounter a combination of warriors? As far as I know, there are warriors in both the Star Cloud School and Huafeng.”

“The Star Cloud School has two warriors, while Huafeng is a combination of mages and warriors.”

“What are you afraid of? It’s fine as long as we don’t let them get close to us!” Rong Xin waved his hand indifferently, but Yun Feng shook her head. “You’re wrong. Warriors aren’t only good at close combat. Don’t forget that there are combat techniques. Combat techniques can increase a warrior’s attack range infinitely.”

Genius Summoner

Chapter 1155: Turning the Tables (2)

1155 Turning the Tables (2)

Rong Xin clicked his tongue. Tian Kui nodded. “Indeed. I didn’t expect you to know so much about warriors, Feng Yun.”

Yun Feng smiled gently. All the knowledge was accumulated in battles and she had fought a lot of battles with warriors. Yun Feng had also encountered the use of combat techniques, so she certainly had conclusions in her mind.

“Once warriors use combat techniques, distance will be ignored. At this moment, range professions will face more trouble.” What Yun Feng said made Rong Xin frown. “Then we can use the earth element for defense, or let my old turtle block it...”

“Wrong again.” Yun Feng looked at Rong Xin. “There’s something more important about the battle of teams. They have to restrain the other party while cooperating with each other. If we keep defending, do we want our enemy to keep attacking us?”

Rong Xin frowned even more tightly. “Then one of us will be in charge of defense and the other will be in charge of attacking...”

“Wrong.” This time, it was Tian Kui who said, “In that case, both our attack and defense will be greatly weakened.”

Rong Xin frowned hard and his burrows almost formed a knot. “After hearing what you said, why do I feel so useless...”

Yun Feng smiled casually. “Wrong again. It’s all about the right time and place.”

Tian Kui glanced at Yun Feng. What she said gave him some ideas. This was the experience Yun Feng accumulated from several battles. The use of each element depended on the people, time and place. Every factor could change the way and intensity of the elements. Just like the earth element and the water element. The elements were very gentle in the eyes of others, but they were extremely sharp in Yun Feng’s hands.

“Junior Sister, what do you think?” asked Rong Xin gloomily. Yun Feng smiled. “I suggest Senior Brother Tian Kui and I.”

Tian Kui was stunned. He originally thought very highly of the combination of Rong Xin and Feng Yun. He didn’t expect her to suggest that. Rong Xin’s eyes brightened. “That’s great! A summoner and a warrior, long-range and close combat. And your multi elements, Junior Sister. You certainly have both defensive and offensive methods!”

The other members of the Juxing School immediately nodded in agreement. Tian Kui said, "Feng Yun, can I really do it? Will I drag you down?"

Yun Feng smiled. "Senior Brother Tian Kui, when have you ever dragged anyone down? I'll have to rely on you to protect me when we form a team."

Tian Kui's black eyes glittered. He knew that she was joking, but his heart couldn't help but shake. Protection. If he could protect Feng Yun, it would be an honor for him.

"Alright! Tian Kui and our junior sister are invincible!" Rong Xin stood up and roared. The others all smiled. Soon, three days passed quietly. The second round of the competition came as expected. The temporary change in the rules also raised the audience's excitement. There were originally one-on-one battles, but currently, there would be chaotic battles. It could be said to be very interesting.

Star Cloud, Huafeng and Juxing each sent out a two-person team, who had to be among the top eight. Perhaps they wanted to make it final so that there wouldn't be any trouble. This time, the contestants of the three academies went on stage together and a rare chaotic battle was about to begin.

The rule was very simple. Being knocked out of the designated area meant elimination. The winner would stand on the ring in the end and the rankings would be decided according to the order of elimination. The team of the Star Cloud School had two warriors, grade-9 and grade-8. Huafeng's team was a grade-8 warrior and a grade-8 mage. Yun Feng and Tian Kui would fight on behalf of the Star Cloud School.

The few of them stood on the stage. There was a red border not far away. If they landed outside of this border, they would immediately be eliminated. It could be said that after this battle, the final winner of the three schools would be decided.

The six of them stood in the circle and locked their eyes on everyone except themselves. This was a chaotic battle, which meant that they didn't have absolute enemies or friends.

"Huafeng, how about working with us? Kick Juxing out first and we'll fight!" The grade-9 warrior of the Star Cloud School said loudly. The two people on Huafeng's side didn't say anything. Yun Feng and Tian Kui didn't say anything. They certainly knew how the situation would develop right now.

Huafeng's two representatives looked at each other. Feng Yun was a tricky and powerful opponent. They didn't have any chance of winning even if they fought her. They might as well join forces with the power of Star Cloud to eliminate her first. Then, Huafeng would still have a chance of winning against Star Cloud! A chance of winning was better than no chance of winning at all!

Yun Feng keenly caught the changes in the expressions of Huafeng's team. She immediately said in a low voice, "Senior Brother Tian Kui, it seems that we're going to have four enemies."

Tian Kui's face darkened. Then, Huafeng's team said, "Sure!"

The two warriors of the Star Cloud School burst into laughter and both took out their weapons. "Feng Yun, it's two against four. Do you have a chance of winning? Just wait to be eliminated! Ha!" As soon as he said that, the two warriors of the Star Cloud School had already attacked quickly. The warriors of Huafeng also moved and followed closely after them!

Yun Feng suddenly took a dozen steps back and distanced herself. Tian Kui's body stepped forward and blocked all the firepower in front of Yun Feng!

Tian Kui punched and clashed with the warrior of Huafeng. He flicked his wrist gently and took out his weapon, swinging it to the right fiercely. "Clang!" The sound of friction between the weapons was ear-piercing. However, the two warriors attacked at the same time. Tian Kui couldn't resist at all. His wrist trembled violently and his body had already retreated quickly. At the same time, the three warriors all attacked!

"Earth Shield!" Yun Feng suddenly shouted. The Earth Shield protected Tian Kui firmly inside. The attacks of the three warriors all hit the Earth Shield. The Earth Shield shattered under the fierce attack. Tian Kui also took this opportunity to dodge once, but—

"Fire Arrow!" With a furious shout, the roaring Fire Arrow suddenly came from behind, carrying the sound of the howling wind and the roaring fire. It had already hit Tian Kui's body the moment the Earth Shield collapsed!

"Ugh!" Tian Kui's body was suddenly sent flying, flying towards a place outside the red circle in a daze!

"Seriously?" Rong Xin suddenly shouted when he saw this scene. Two against four! How dare they attack! Was Tian Kui eliminated just like that? What a joke! If his little junior sister was left alone, it would be one against four!

Chapter 1156: Turning the Tables (3)

1156 Turning the Tables (3)

"Crash!" The sound of chains echoed. An ice blue chain suddenly flew out of Yun Feng's hand and wrapped around Tian Kui's body. She pulled Tian Kui's body, which was about to fly out, back abruptly!

"Phew..." Following Yun Feng's movement, the few people of Juxing all heaved a sigh of relief. That was so close. He almost...

Seeing that Tian Kui was pulled back, the four people of Star Cloud and Huafeng couldn't help but curse in their minds. Tian Kui was forcibly pulled back by Yun Feng and then said thank you in a low voice. Yun Feng looked at the four people standing together with a cold face and sneered. "Although it's fine to fight with numbers, I've never liked being taken advantage of!"

She flipped her fair wrist and three Rings of Contract appeared! Three streams of light suddenly flashed out of the Rings of Contract and the three contracted Magic Beasts appeared again!

"F*ck! Four elements, four elements, four elements! She's a four-element summoner!"

"Feng Yun is a four-element summoner!"

The group of Huafeng disciples watching the battle all stood up a bit unsteadily when they saw Yun Feng's contracted Magic Beasts. There were exclamations, praises and curses everywhere. The scene was in chaos! The three elders, who were standing from a high place, all had different thoughts in their minds when they saw this scene. The eyes of the Fifth Elder glittered. If they wanted to take advantage his disciple, Feng Yun, don't even think about it!

Feng Lin and Leng Mi's facial features were both a bit stiff. Even though they knew about the four-element summoner, it was a different feeling when they saw it with their own eyes. How did Feng Yun... go to Juxing?

Huafeng and Star Cloud's contestants on the stage were also stunned. The grade-9 warrior of Star Cloud was the first to regain his rationality. So what if she had four elements? This time, he wouldn't be defeated by her so easily like last time. This time, she, Feng Yun, would be the one who was defeated and eliminated!

"Why are you in a daze? Go!" The grade-9 warrior shouted. The other three people all came over in panic. The mage of Huafeng was a bit confused. "Four elements, she's a four-element summoner..."

"Yaoyao, Little Fire, Lan Yi, help Senior Brother Kui stall those three people! I'll deal with that mage first!" Yun Feng's order was delivered. The three contracted Magic Beasts immediately nodded. Yun Feng immediately rushed forward, but Huafeng's warriors immediately noticed Yun Feng's intention and certainly wouldn't let her go over easily!

"Don't even think about passing through me!" The grade-9 warrior of Huafeng waved his weapon and came over. However, the next second, a huge fishtail with a glint of coldness suddenly slapped over. The body of the grade-9 warrior dodged to the side dangerously and he only saw a beautiful and enchanting half-human half-fish Magic Beast standing in front of him. Its charming facial features were full of ferocity and anger!

"Who dares to stand in Xiao Feng's way?" Yaoyao widened her mouth, her sharp teeth emitting cold light. The body of the grade-9 warrior of Huafeng shook and he found that Yun Feng was about to break through his blockade and rush back! Once she succeeded, the mage behind would probably suffer!

The grade-9 warrior waved his weapon at Yaoyao's body abruptly. Yaoyao's body twisted and dodged. The grade-9 warrior immediately ran in Yun Feng's direction and the power gathered in the weapon in his hand was about to slash at Yun Feng's back! "Swish—" A figure and an ice chain arrived as expected. Tian Kui suddenly slapped the grade-9 warrior's wrist, and Yaoyao's ice chain restrained the grade-9 warrior's arm at the same time!

"Thank you!" Yun Feng turned around and whispered to Tian Kui. Tian Kui chuckled. "Go do your thing. I'm here for you!"

"Alright!" Yun Feng nodded as her body rushed to the back like a sharp sword. The grade-9 warrior of Huafeng immediately cursed in his mind. Damn it! He rolled his eyes and found that the two contestants of Star Cloud had already been kept busy by Yun Feng! It wasn't two against four anymore, but five against four!

"The tide of the battle has turned in an instant..." Rong Xin's heart was burning as he watched. He couldn't wait to step up and interfere. Once the three contracted Magic Beasts appeared, his little sister's side had completely changed! If they wanted to fight in groups, who would be her match? Star Cloud and Huafeng would have to suffer from their own scheme this time.

Yun Feng rushed to the back like a rainbow. The mage, who was hiding behind and attacking with magic, suddenly noticed that Yun Feng was approaching and immediately panicked. "Fire Arrow! Fireball!" He used the magic elements to attack Yun Feng in panic. The mage retreated as he attacked. His mind was

still clear and he knew that he had to keep a certain distance from Yun Feng to have a chance of winning.

Yun Feng's entire body turned into a black shadow that kept passing through the fire element attacks that filled the sky. The fireballs and arrows that filled the sky all missed! Continuous explosions sounded from the ground, but they couldn't stop Yun Feng at all!

The mage of Huafeng was completely panicked. What kind of speed was that? It was very likely that she had used the wind element to strengthen herself, so she could dodge it! This was the good thing about having multiple elements! The mage gritted his teeth and shot out another Fire Arrow. Then, he clenched his fist and waved his wand fiercely!

"Elemental simulation!"

It was the ultimate move that mages used to save their lives, escape, and even turn the tide of the battle. Element simulation!

"Roar, roar, roar..." Rolling and roaring fire elements gathered around the mage's wand and then turned into a huge beast, landing next to him. The fiery beast opened its mouth and a huge ball of fire immediately spouted out!

Yun Feng stopped and there was a smile in her black eyes. The mage of Huafeng pointed his wand at Yun Feng. "Feng Yun! I won't lose to you!" He turned his wand gently and the fiery beast on the side had already attacked. It opened its mouth and pounced at Yun Feng!

Yun Feng chuckled and flipped her wrist, revealing her wand!

"Have you forgotten that I'm also a mage?" Yun Feng turned her wand gently and the cold blue water element immediately appeared, turning into a giant python that appeared next to Yun Feng! The mage of Huafeng widened his eyes in disbelief. "You... Do you still have mental strength for element simulation? How is that possible?"

"Hiss, hiss..." The ice blue python raised its head and opened its mouth. A long ice blue tongue and giant teeth appeared. Its body moved and faced the fiery beast that was pouncing on it!

Blue and red, the collision of ice and fire!

Seeing this, Huafeng's mage certainly couldn't just wait to die. Feng Yun was even more tricky than he thought. Many times more tricky! He wasn't Feng Yun's match at all when he fought with her alone. What should he do now? The other three people were all entangled. At this moment, she seemed to have already turned the tables completely!

Chapter 1157: Turning the Tables (4)

1157 Turning the Tables (4)

Huafeng's mage gritted his teeth. The taste of blood rushed into his mouth. He had to fight no matter what! He didn't believe that Feng Yun would be any better than him in such a situation where she had consumed a huge amount of mental strength!

He flipped the wand in his hand. "Fire... What?" The mage of Huafeng looked at the scene in front of his eyes dumbfoundedly. The ice blue python held his fiery beast tightly. Steam kept rising and his body was covered in a layer of mist. However, he could still see clearly that the ice blue python's mouth bit the fiery beast's head deeply. Then, the ice blue body shrank and the fiery beast was instantly squeezed into pieces!

There was certainly a difference between mages of the same level. The difference was in the level of mental strength! Obviously, Yun Feng's mental strength level wasn't on the same level as that of Huafeng's mage at all!

"Ugh!" Mage Huafeng only felt a sudden pain in his chest. Looking carefully, he found that Yun Feng had already approached him at some point. There was a hint of coldness in her clear black eyes. Huafeng's mage couldn't help but feel cold all over his body. The next second, a powerful force sent his entire body flying!

"Boom!"

This sound immediately silenced the audience. The grade-8 mage of Huafeng was eliminated!

The grade-8 mage of Huafeng flew out of the red circle quickly and the scene suddenly fell silent! The disciples of Huafeng were a bit shocked. So fast! He was kicked out so quickly! The people on their side were too weak!

"Damn it!" The grade-8 warrior of Huafeng immediately exerted more strength when he saw that his companion was kicked out. The faces of the two warriors of the Star Cloud School also darkened when they saw this. Great, they were fighting, three against five! If they didn't take some special action, someone would probably be kicked out. By then, it wouldn't be easy to turn the tables!

Yaoyao and Tian Kui's attack made the grade-8 warrior of Huafeng extremely frustrated. He flipped his hand and a bottle of potion appeared! Seeing that, Tian Kui immediately took a step back. Yaoyao was the same. The warrior of Huafeng drank the potion in one gulp and his muscles immediately bulged slightly. The veins on his body became clearly visible. Even the edges of his muscles could be seen very clearly! His fighting energy also increased by one level, Grade 9!

"Argh!" The warrior of Huafeng shouted. His face was flushed and his lips were a bit pale. He threw a punch back at Tian Kui fiercely with the sound of the strong wind! Tian Kui moved aside and the fist of the warrior hit the ground directly! "Bang... Crack!" Wherever the fist went, there was a ten-meter deep pit!

After dealing with the mage, Yun Feng noticed the situation of the warrior of Huafeng. It was indeed a potion. This potion was really necessary in battle, especially at the critical moment of victory and defeat! The speed and strength of the warrior of Huafeng, who had been empowered drastically, had already increased a lot. Tian Kui obviously couldn't dodge anymore and had already been blown by the wind of his fist a few times!

"Senior Brother Kui has reached his limit..." Yun Feng looked at Tian Kui and said in a deep voice. She turned the wand in her hand quietly and the green wind element immediately surrounded Tian Kui. "Whoosh..." A fierce punch blew. Tian Kui only felt his body shake forcibly and he narrowly dodged it! He then found that Feng Yun's wind element helped him!

“Xiao Feng, his speed and strength have increased a lot.” Yaoyao swung her fishtail and came to Yun Feng’s side, looking at the warrior of Huafeng with her ice blue eyes. Yun Feng frowned. The effect of the potion was indeed outstanding. If she was right, the Star Cloud School would probably do the same.

“Master, Star Cloud also took potions!” Little Fire and Lan Yi sent a telepathic message at the same time. Yun Feng glanced over with her black eyes. As expected, the momentum of Star Cloud’s contestants increased abruptly, especially that grade-9 warrior. He could almost be considered half an Emperor!

The three contracted Magic Beasts and Tian Kui all came to Yun Feng’s side with a solemn expression. “Feng Yun, it seems that the situation is tricky. Since my opponent took the potion, I can’t fall behind!” Tian Kui immediately took out the potion and raised his head to swallow it all!

“Argh...” A powerful force moved right in Tian Kui’s body. His muscles and veins bulged. The grade-8 warrior suddenly grew strong. Tian Kui only felt that the power that filled his body almost made his body explode!

“Argh!” Unable to withstand the increasing power in his body, Tian Kui waved his hand fiercely and a stream of powerful fighting energy suddenly rushed out. The warrior of Huafeng waved his hand and slashed, then his expression changed slightly! Looking at his red hand, the eyes of the warrior of Huafeng darkened.

“The effect of the potion is indeed different...” Tian Kui finally adapted to the explosive effect of the potion. He could only feel one thing right now, which was power!

“The three of us have all taken the potion. Feng Yun, do you think you still have a chance of winning if you fight with us right now?” The grade-9 warrior of Star Cloud burst into laughter with an extremely loud voice. Yun Feng curled her lips. She didn’t need potions at all!

“Senior Brother Kui, stall for time. Potion versus potion, let’s see who can last until the end!”

“Alright!” Tian Kui nodded with a bit more confidence in his mind. Juxing’s potion had been infused with the Golden Cauldron Fluid, so its duration was several times better than that of others! In this battle right now, as long as it was protracted, Juxing would definitely win!

However, Star Cloud and Huafeng had another thought. Even though the effect of the potion was powerful, it didn’t last long. What they needed to do was to finish the battle quickly!

“Finish off Feng Yun’s contracted Magic Beasts first. As for that warrior, don’t worry about him!” The grade-9 warrior of Star Cloud suddenly shouted. The three of them attacked at the same time, targeting Yun Feng’s three contracted Magic Beasts! The attack of Star Cloud this time wasn’t so simple. Their goal was to kill Yun Feng’s contracted Magic Beasts!

Feng Yun, aren’t your contracted Magic Beasts powerful and rare? If we kill them all, let’s see if you can still smile!

Three streams of powerful fighting energy shot towards the three contracted Magic Beasts. Little Fire’s fur almost stood on end. “It seems that I’ve been underestimated!”

“Brother Fire, Yaoyao, you don’t have to be so polite with these people!” Lan Yi’s handsome face was full of coldness. Little Fire and Yaoyao replied rather ferociously. The killing nature of Magic Beasts

completely burst out! Even the gentlest Magic Beasts had their first bloodthirsty side. This was their nature!

“Earth Shield!” Yun Feng waved the wand in her hand fiercely. The earth element turned into a defense and stood firmly in front of the three contracted Magic Beasts. The three people of Star Cloud and Huafeng waved the weapons in their hands without another word. “Crack!” Even though the defense of the earth element was very strong, it couldn’t withstand the attacks of the three people, who were almost all grade-9 King Level experts, at all! It shattered in an instant!

Chapter 1158: Lightning Appears (1)

1158 Lightning Appears (1)

At the same time, the three contracted Magic Beasts came out and their sharp claws collided with sharp weapons. The power of the Magic Beasts collided with the power of humans!

Tian Kui also flashed and joined the battle. He showed his longsword and slashed fiercely, but the Huafeng warrior turned around and swung it down. Tian Kui exerted strength in his hand and pressed down fiercely. The Huafeng warrior gritted his teeth and held on secretly. The veins on his arm bulged. The two of them were already comparable in strength. After they both took potions, there was certainly no difference!

“Argh—” The warrior of the Huafeng suddenly raised his arm and exerted his strength to finally knock Tian Kui aside. Before he could catch his breath, a gust of cold wind had already reached his back!

Yun Feng certainly wouldn’t stay out of it. She certainly had to join the battle!

“Bang!” Yun Feng’s fist hit the back of the warrior of Huafeng. What she felt was a hardness that was almost like iron. With the scorching temperature of his body, the warrior of Huafeng turned around slightly. “You think you can hurt me with such an insignificant power? Stop joking!”

The man’s muscular body suddenly turned around. Yun Feng’s black eyes glittered and the wind element suddenly enveloped her entire body, dodging from the side like the wind, avoiding the heavy fist of the warrior from Huafeng. Yun Feng found something through the attack just then. With her physical strength, she couldn’t break through the defense of the grade-8 warrior who took potion at all. This meant that it was different from before. In the past, Yun Feng could use the power of her body above her level, but not now!

Facing the situation where her opponent’s strength was strengthened, Yun Feng’s original strength couldn’t play a role anymore!

There’s indeed a limit to my power... Yun Feng thought carefully as she looked at the situation of the three Magic Beasts with her black eyes. Magic Beasts were already powerful. Even Yaoyao, who had the smallest body, couldn’t be underestimated. However, when they fought the two people from Star Cloud, it was difficult for them to win at this moment.

The situation changed slightly again!

“Junior Sister, Tian Kui, go for it...” Rong Xin stood on the side and watched the changes on the battlefield. His heart couldn’t help but drop high. Huafeng’s other disciples were also anxious. How would this battle develop? Who would win?

“It’s still hard to say who will win right now.” The corners of Leng Mi’s mouth curled up and he said with a faint smile. Feng Lin stood there with a gloomy face. Huafeng was at an absolute disadvantage right now. The mage had already been eliminated. If this warrior was eliminated again, this battle would have nothing to do with Huafeng. As the host, if this was really the case, where could Huafeng put their faces?

The Fifth Elder looked at Yun Feng and Tian Kui and couldn’t help but feel a bit worried in his mind. He wasn’t worried about Huafeng. The only thing he was worried about was Star Cloud’s contestants. Would they have any more tricks up their sleeve...

“Senior Brother Kui, leave the two people from the Star Cloud School to my contracted Magic Beasts. Let’s work together to send Huafeng’s last contestant flying first!”

Tian Kui nodded and couldn’t help but feel shocked in his mind again. He found it hard to imagine how this battle would have continued if he hadn’t been with Yun Feng. Would Juxing have already been eliminated at the beginning? If it weren’t for Yun Feng, what chance would they have of winning in the current situation where there were three opponents? Tian Kui looked at Yun Feng’s calm and determined side profile at this moment and confidence rose. He believed that as long as she was here, they would definitely not lose!

Yun Feng and Tian Kui quickly worked together to surround the warrior. Seeing that, the two people of the Star Cloud School could only grit their teeth secretly. After all, they weren’t from the same school. Their teamwork and tacit understanding obviously couldn’t reach the same level. Their strength couldn’t be united either. Being entangled by the three Magic Beasts, the two of them were too distracted to care at all. Unknowingly, the warrior of Huafeng was quietly isolated, forming a situation of one against two!

“Fire Arrow!” Yun Feng shouted in a low voice. The Fire Arrow forced the Huafeng warrior back dozens of meters. Then, the longsword in Tian Kui’s hand met him. The Huafeng warrior raised his arm at an extremely high speed to block it, but it was too difficult to fight two people alone after all, even if he took the potion. Besides, his opponent was Yun Feng, a multi-element summoner!

Single element couldn’t cause any substantial damage to him anymore. Yun Feng used single element to attack and observed the situation of the warrior at the same time. Right now, her magic and power could only cause minor damage. The only one that could really cause damage was Tian Kui!

The warrior stood there with rapid breathing as he stared at Tian Kui and Yun Feng firmly. One against two. Even though he was at a slight disadvantage, he might not lose. As long as he controlled himself well and performed well...

“Hah!” Tian Kui swept the longsword in his hand and slashed at the waist. The warrior of Huafeng dodged easily. Tian Kui chuckled softly and his finger brushed the longsword. His fighting energy then covered the sword, lingering densely!

“Space Breaking Sword!” Tian Kui shouted as the body of the sword buzzed. The sword energy instantly turned into a physical sword that appeared out of nowhere with a buzzing sound!

Combat technique! Yun Feng's eyes became hot when she saw this. This was Tian Kui's combat technique. The huge sword in the air buzzed and seemed to be cutting through the space! A beam of dazzling light lit up around the sword formed by fighting energy, instantly making everyone narrow their eyes!

As expected of the disciple that the Third Elder was most proud of. He was indeed something! Yun Feng praised in her mind as the fighting energy sword surrounded by light shot towards the warrior of Huafeng!

The huge sword of light flashed through the sky like a dazzling shooting star. The warrior of Huafeng suddenly burst out with fighting energy, which surrounded his body. Feeling the density of the incoming fighting energy and the level of power inside, his face couldn't help but darken. This warrior of the Juxing School was indeed quite something, but he wasn't a piece of cake either!

"Ha!" The warrior of Huafeng suddenly shouted like a tiger. Instantly, the giant sword of fighting energy surrounded him. The fighting energy of the two of them collided fiercely and the space shook fiercely a few times because of this strong collision!

A muffled sound exploded in the air and dark waves suddenly surged out of the place where their fighting energy collided like a tide, wave after wave!

"Feng Yun, dodge!" Tian Kui roared. Yun Feng, on the other hand, burst into laughter. Dodge? No, this was the best opportunity to knock her opponent away! Yun Feng jumped and still rushed in. Tian Kui's pupils couldn't help but shrink when he saw this. She was crazy! Jumping in at this moment, wasn't she afraid that their fighting energy would tear her apart? "Feng Yun!" Tian Kui roared. That was too reckless!

Chapter 1159: Lightning Appears (2)

1159 Lightning Appears (2)

"Feng Yun!" The Fifth Elder couldn't help but feel shocked. She should have dodged at this moment. Why did that girl jump in just like that? Did she think she had an indestructible body?

Yun Feng indeed didn't have an indestructible body, but she had great mental strength that ordinary people envied! Rich mental strength enveloped her body tightly the moment Yun Feng jumped in. After jumping into the center of the fighting energy, the fighting energy was isolated from her body. Yun Feng looked in the right direction and flipped her wrist. A bottle with fiery glittering liquid appeared in her hand. It was the Fire Essence Origin Life Fluid!

Yun Feng's red lips curled up. She then took out the charming golden Golden Cauldron Fluid with her other hand and opened the bottle of the Fire Essence Origin Life Fluid. A drop of Golden Cauldron Fluid then dripped into it!

"Poof!" The moment the Golden Cauldron Fluid fell, the golden color was quickly swallowed by the fiery red color impatiently. Then, the Fire Essence Origin Life Fluid rolled and boiled, as if it was given life!

The Fire Essence Origin Life Fluid was something Yun Feng rarely used. It had obvious characteristics and had the effect of corroding fighting energy! If she added the Golden Cauldron Fluid, how effective would the corrosion be?

“This is good stuff. A few drops are enough.” Yun Feng put away the Golden Cauldron Fluid. All her movements were carried out in the blurry fighting energy and nobody saw her at all. She poured a few drops of the Fire Essence Origin Life Fluid out and the liquid floated in the air just like that. A huge hole was instantly corroded in the surrounding fighting energy!

Seeing this, Yun Feng smiled and waved her wand abruptly. The green wind element instantly enveloped the few drops of liquid completely. After a while, the wind element was already mixed with mottled spots of red!

“Wind Blade!” Yun Feng shouted as the wind element immediately turned into a sharp blade like a scythe, attacking the misty fighting energy. The moment they engaged, the fighting energy retreated timidly, but it was useless. Wherever the wind element passed, the fighting energy was completely corroded! Yun Feng opened a passage through the originally misty fighting energy!

“She... She...” Tian Kui was stunned when he saw this scene. How exactly did she do it? After such a strong collision of fighting energy, she could disperse the fighting energy. How exactly... did she do it?

There was a smile at the corners of the Fifth Elder’s mouth. His heart turned from worry to proud. This girl was truly... too unexpected!

Feng Lin and Leng Mi became more and more gloomy as they watched. The more outstanding Yun Feng’s performance was, the more frustrated and even angry they felt in their minds! Feng Lin knew very well in his mind that Huafeng would be the last this time. He originally thought that changing the rules would be beneficial to him, but it seemed that he didn’t get any benefits at all!

The warrior had already retreated. He wanted to take this opportunity to heave a sigh of relief and then launch another round of attacks. Before he could catch his breath, a huge hole suddenly appeared in the fighting energy vortex in front of him and a figure rushed out. The warrior’s eyes widened when he saw this. What? It was Feng Yun!

His body was faster than his brain. The body of the warrior of Huafeng suddenly retreated and he waved the weapon in his hand abruptly. A stream of fighting energy came. The girl in front of him didn’t retreat, but kept moving forward!

“Fireball!” Her red lips curled up and a cool voice came out. A strong heat suddenly came out of the wand in the girl’s hand. A fiery red color rushed forward like the head of a giant beast!

Was she going to attack by force? The thought flashed through the mind of the warrior of Huafeng. Then, he chuckled. As a summoner, she kept closing the distance. Did she think that close combat was beneficial for summoners? What a joke! Close combat was the world of warriors. If she wanted to get close, he would satisfy her!

The warrior suddenly rushed towards Yun Feng. Seeing that, the smile at the corners of Yun Feng’s mouth became bigger. When the two of them finally got close, the warrior suddenly burst into laughter. “Feng Yun! You’ll definitely lose if you fight me in close combat!”

Yun Feng smiled gently. The warrior waved the weapon in his hand. "I'll smash your fireball into pieces first! Argh!" The weapon of the warrior of Huafeng slashed into Yun Feng's fireball with powerful fighting energy. The next second, his eyes widened!

"You..." The warrior looked at Yun Feng in shock. Yun Feng put on a smile and waved the wand in her hand. "What about me?"

His hand holding the weapon trembled a bit. The body of the warrior suddenly retreated dozens of meters and he looked at his damaged weapon in shock. His fighting energy was gone. His fighting energy was completely swallowed by her fire-element magic! How was this possible? This was impossible!

Perhaps she had dark magic... That was the only thought the warrior of Huafeng had. Apart from dark magic, what had the effect of devouring? If that was the case... Feng Yun was too terrifying!

The warrior couldn't help but break out in cold sweat. His brows were furrowed into a knot. He stood there and didn't dare to take another step forward. He couldn't let her get close to him, or his fighting energy would be swallowed by her magic until there was nothing left!

Seeing the warrior standing far away carefully, Tian Kui couldn't help but feel puzzled. What exactly happened? Yun Feng made a hand gesture at Tian Kui. Attack! Tian Kui didn't have time to think. He would do whatever Feng Yun asked him to do!

His body moved forward like the wind as Tian Kui attacked fiercely. The Huafeng warrior couldn't help but feel shocked when he saw this. He immediately counterattacked. At this moment, a familiar fire came. The Huafeng warrior broke out in cold sweat again. He couldn't care less about Tian Kui's attack. His instincts made him run!

Tian Kui was even more surprised. He really couldn't figure out what the Huafeng warrior was doing. The Huafeng warrior kept retreating along the way. This scene made the surrounding young people of Huafeng enraged!

"Why are you retreating? Fight!"

"F*ck! You've embarrassed Huafeng!"

The other contestants of Huafeng were also dumbfounded. What was wrong with him? He was the strongest. Why did it look like he was running away? What was going on?

Curses kept coming from the arena. The Huafeng warrior, who kept retreating, really couldn't say anything after hearing that. Only he knew why he was retreating. Feng Yun's magic contained something that could devour his fighting energy! If he didn't retreat, wouldn't he be feeding himself to his enemy?

Chapter 1160: Lightning Appears (3)

1160 Lightning Appears (3)

Feng Lin's face was almost green when he saw this. Huafeng was truly embarrassed this time. They were completely humiliated!

The warrior of Huafeng retreated all the way. Tian Kui and Yun Feng kept pressing forward. The two of them looked at the red circle not far away and smiled with their teeth bared. Yun Feng turned her wand and fire elements roared. The weapon in Tian Kui's hand also buzzed with fighting energy and chased after him!

When the warrior saw the fire element, he couldn't care about anything else and retreated again. It couldn't get close. He couldn't let the fire element get close to him! This was the only thought in his mind, but he didn't notice that when he retreated this time, he had already jumped out of the red circle!

The warrior looked at the red circle in front of him and was stunned. Then, he understood his situation. He was... eliminated just like that!

The shouts and curses that filled the sky surged crazily. The surrounding disciples of Huafeng all stood up and shouted endlessly. Huafeng was the organizer, but they lost their faces completely this time. Not only were they the last place, but he was also eliminated just like that. What a humiliation! What a great humiliation!

The warrior stood there awkwardly and couldn't help but look up at Feng Lin. Seeing the coldness flashing in Feng Lin's eyes, the warrior lowered his head in frustration and left. He really wanted to tell everyone loudly that Feng Yun was a freak! Her magic elements could devour fighting energy. She might have dark elements! She wasn't a four-element mage. She was a five-element mage... She might even be a six-element or seven-element mage!

The elimination of the warrior of Huafeng turned the tide of the battle drastically again. The two warriors of the Star Cloud School had never thought that the warrior of Huafeng would be eliminated just like that. While they despised him in their minds, they also felt that something was wrong. The grade-8 warrior of the Star Cloud School glanced at the grade-9 warrior. "Senior brother, we should use that, or we wouldn't be able to win this battle!"

The grade-9 warrior of Star Cloud looked at the three Magic Beasts in front of him, as well as Yun Feng and Tian Kui. They were two against five right now. If they didn't use that move, they wouldn't be a match for Juxing even if they took potions!

"Alright!" The grade-9 warrior nodded. The two of them retreated a hundred meters in unison. Seeing that the two of them suddenly pulled away, the three contracted Magic Beasts knew that the two of them must have a backup plan. They immediately got close and became vigilant. Yun Feng and Tian Kui, who rushed over, also thought of something when they saw this scene.

"I didn't expect Star Cloud to have a backup plan..." Tian Kui looked at the two people who suddenly retreated and was shocked in his mind. Coldness appeared in Yun Feng's eyes. "It's good to have a backup plan. Just use it, and you'll have nothing."

After Star Cloud's contestants retreated, they flipped their hands and a talisman appeared in their hands! The moment the talisman appeared, the energy fluctuation inside immediately rippled. The expressions of the Fifth Elder and Feng Lin changed drastically!

"The attack power of a grade-4 Emperor Level expert! Leng Mi, you gave them such a thing!" The Fifth Elder roared. Leng Mi looked at the Fifth Elder with a cold smile at the corners of his mouth. "The rules don't say that you can't give it to them. This is just a method. Of course, you can give it to them too."

“Feng Lin! This is simply flouting the rules!” After the Fifth Elder shouted, Feng Lin only remained silent with a cold face. Huafeng had such a terrible result right now. As for the other two schools, he couldn’t be bothered to care about them. It might be a good thing if they could severely injure Feng Yun of the Juxing School this time.

Seeing that Feng Lin didn’t say anything, the Fifth Elder immediately understood something. The furious Fifth Elder was about to leave, but Leng Mi suddenly attacked. “Xing Yao, if you want to interfere with the competition, I won’t be polite to you!”

“Xing Yao, it’s not forbidden in the rules. There’s nothing wrong with what Star Cloud did!”

“You...” The Fifth Elder immediately didn’t care about anything else. These two old guys wanted that girl to die! How could he allow that? As soon as he moved, Leng Mi and Feng Lin attacked at the same time. The Fifth Elder dodged to the side and glared at the two shameless old guys in front of him.

“Do you think you can beat the two of us by yourself?” Leng Mi sneered. At this moment, the talisman also attacked!

“Feng Yun! I don’t believe you can withstand an attack of the Emperor Level. Die!” The grade-9 warrior of the Star Cloud School suddenly activated his power to activate the talisman. Tian Kui wanted to grab Yun Feng and drag her away, but he was suddenly sent flying by a force! The three contracted Magic Beasts rushed over at the same time and protected Yun Feng. Yun Feng narrowed her eyes and looked at the talisman in the hands of the two of them, feeling the huge oppressing power inside. The attack of the Emperor Level was indeed a very powerful trump card!

“Feng Yun, go to hell!” A furious roar came along with two powerful grade-4 attacks of the Emperor Level. The two fierce forces roared towards Yun Feng like pillars of light and the light swallowed her entire body in an instant!

“Kid!” The Fifth Elder’s heart couldn’t help but tighten when he saw this scene. He roared with slightly red eyes, “Leng Mi, if anything happens to Feng Yun, I won’t let you go!”

Leng Mi sneered with endless pride in his eyes. Fengyun would definitely die this time! She wouldn’t be able to escape the attack of a grade-4 Emperor Level expert, even if she was extremely capable!

“Junior Sister!” Rong Xin shouted crazily outside the arena. The shock wave of power almost sent his body flying. Tian Kui wanted to rush in from outside the power circle, but it was impossible. He could only widen his eyes and shout her name. “Feng Yun!”

The battlefield was in chaos. Many disciples were knocked to the ground by this fierce force. Even the building on the side was damaged to different degrees. Two attacks of the Emperor Level added. Even Yun Feng definitely couldn’t survive!

The grade-9 warrior of the Star Cloud School smiled gloomily. Thinking that Feng Yun died in his hands, he had a kind of excitement in his mind! He looked at where Yun Feng used to be with enthusiasm in his eyes. She was dead. She would definitely die this time!

“Zi, zi, zi...” The two people of Star Cloud immediately looked around. Gradually, the sound became louder and louder!

“Senior brother... There!” The grade-8 warrior of Star Cloud suddenly pointed at where Yun Feng was. The grade-9 warrior of Star Cloud immediately looked over. When all the dust and stones dispersed, a person stood there. He had messy hair, a sloppy appearance, a tall and sturdy body and countless tiny white silver snakes that lingered around his body!

“W-Who is he...” The two of them widened their eyes at the same time and heard a furious roar! It was so deafening that their eardrums hurt!
