Chapter 1161: Lightning Appears (4)

1161 Lightning Appears (4)

“Damn it, lowly human! Die!”

“Who’s that?” Leng Mi and Feng Lin narrowed their eyes and looked at the man who suddenly appeared. They were quite shocked in their minds. The two attacks of Grade 4 of the Emperor Level just then might have both hit him, but this person was unscathed!

The Fifth Elder suddenly relaxed when he saw Er Lei with an anxious look. He was no stranger to Er Lei. He had been with Yun Feng in the Forbidden Forest back then. This girl said that he was her friend! He didn’t expect that this Emperor-Level Magic Beast would indeed save this girl’s life at this moment!

“Xing Yao, this person obviously broke the rules when he fought. It seems that Feng Yun is leaving.” A smile appeared at the corners of Leng Mi’s mouth. Feng Lin also nodded on the side. “Xing Yao, Leng Mi is right. Outsiders will break the rules when they fight.”

The Fifth Elder suddenly burst into laughter and looked at the two old guys with a smile in his eyes. “Outsiders? Look carefully. This isn’t a human being! That’s... a Magic Beast!”

“What?” Feng Lin and Leng Mi’s pupils shrank. Their gazes returned to Er Lei again. After observing carefully, they suddenly remembered what Er Lei roared just then. A Magic Beast, this was a Magic Beast!

“How can Feng Yun contract with an Emperor Level Magic Beast?” Leng Mi suddenly swung his sleeve with a cold look and looked at Feng Yun and Er Lei fiercely. An Emperor Level Magic Beast. Feng Yun had such a helper. It was truly unexpected!

“Why do you care so much? If it’s against the rules for summoners to use Magic Beasts, I don’t think warriors can use fighting energy and mages can use magic either. Feng Lin, what do you think?” The Fifth Elder looked over coldly. Feng Lin chuckled. “Of course, it’s only right for summoners to use Magic Beasts, but it’s obvious that this Magic Beast isn’t Yun Feng’s contracted Magic Beast at all...”

“So, the two people from Star Cloud, who used two attacks of Grade 4 of the Emperor Level just then, should have been eliminated long ago!” The Fifth Elder shouted in a low voice. Feng Lin’s face immediately darkened and he didn’t say anything else.

“Humph! It’s been so many years. I didn’t expect you to be so petty right now. I’m truly disappointed.” The Fifth Elder snorted. Feng Lin’s expression couldn’t help but look a lot worse. In the end, he turned his head around without saying anything. Leng Mi looked at Er Lei fiercely with his eyes. When an Emperor Level Magic Beast went on stage, Feng Yun indeed had a trump card. The trump card of the Juxing School was too inestimable.

“S-Senior Brother, W-What should we do?” The grade-8 warrior of the Star Cloud School stammered. He thought the two Emperor Level attacks were already fatal, but he didn’t expect such a person to appear. The attacks of the Emperor Level seemed fine on him. They didn’t have any chance of winning at all!

The three contracted Magic Beasts stood next to Yun Feng. Little Fire grunted. "Hm, thank goodness he's good."

Lan Yi and Yaoyao looked at Er Lei with admiration in their eyes. The two Emperor Level attacks just then weren't light, but he took them both. How strong was his defense? Yun Feng stood behind Er Lei and looked at the place where smoke was coming out of his body. The two attacks just then only made a few small wounds on his body. Yun Feng, who was attentive, found that there seemed to be something like scales around the smiling wounds!

Er Lei said he was a dragon. Did he really have the bloodline of the Dragons? Otherwise, why would his defense be so abnormal?

"Feng Yun! You've already violated the rule when an outsider goes on stage! You're out!" The grade-9 warrior of the Star Cloud School burst into laughter and pointed his arm at Yun Feng. There was countless pride in his smile, but Yun Feng smiled. Two eyes of Er Lei behind the curtain of hair flashed as he roared in a deep voice, "Do you think I'm as lowly as you?"

"W-What do you mean?" The grade-9 warrior of the Star Cloud School was a bit confused. Yun Feng burst into laughter and her face immediately turned cold. "He means... he's not human."

As soon as Yun Feng said that, Er Lei suddenly opened its mouth and a roar that sounded like a dragon's roar and a tiger's roar suddenly came out of its mouth. This beast's roar burst out with an irresistible pressure. Blood directly spurted out of the mouths of the two people of the Star Cloud School and their bodies trembled fiercely!

The hearts of the three elders, who were standing high up, couldn't help but tremble when they heard this furious roar. This roar... Even they felt a bit... terrified!

The expressions of the three contracted Magic Beasts standing behind Yun Feng couldn't help but change slightly. They all looked at each other and understood that Er Lei was indeed not simple. His original form must be some impressive species!

After shouting, Er Lei slowly closed his mouth. Looking at the messy appearance of the two of them, he opened his mouth wide and showed his sharp white teeth. "Human, do you know who I am?"

The two of them took a few steps back inexplicably. The blood at the corners of their mouths wasn't dry yet and their mouths were full of the smell of blood. A Magic Beast, he was a Magic Beast! Feng Yun had a Magic Beast. How... How many elements of summoner was she?

"Zi, zi, zi!" Countless silver snakes on Er Lei's body danced wantonly. The violent form of the lightning element was revealed on Er Lei's body! This was the first time Yun Feng heard Er Lei roar. After seeing his original Magic Beast form, Yun Feng only felt a bit strange when she heard this roar.

"Yun Feng, I've never had the habit of leaving anyone alive when I fight," whispered Er Lei. Yun Feng sneered. "Alright, let's do as you like."

Er Lei burst into laughter and glanced behind slightly. "The three of you, watch how I kill those two. Do you envy me?" After hearing this, the expressions of the three contracted Magic Beasts all became a bit strange and stiff. Er Lei was indeed an idiot!

“Sure. The two people on the opposite side might have similar attack talismans. The three of us can’t help for the time being. You can be a shield,” said Lan Yi. Er Lei burst into laughter again. “I’m happy to be a shield. Hahahaha!” He suddenly clenched his fists and the silver snakes all swam to Er Lei’s fists, emitting a faint silver light.

“Yun Feng, which one should we kill first?” Er Lei looked at the two people of the Star Cloud School with viciousness in his eyes. Yun Feng chuckled. “Of course, the one who poses the greatest threat.”

“Hahaha, alright!” After laughing loudly, Er Lei suddenly rushed forward and the silver snakes on his body quickly danced crazily, creating waves of thunder!

Genius Summoner

Chapter 1162: I’ll Protect You (1)

1162 I’ll Protect You (1)

A lightning-element Magic Beast! Everyone finally had a clear understanding in their minds. A lightning-element Magic Beast, together with the original three elements and the earth-element Magic Beast, could this Feng Yun be a five-element summoner?! This realization hit everyone’s brain. Nobody dared to believe it, because nobody might have reached this level, not even those legendary powerful figures!

“Senior brother, he’s coming! What should we do? Should we admit defeat?” The grade-8 warrior of the Star Cloud School was frightened by the killing intent of Er Lei and had already lost his fighting spirit. His will to fight faded, leaving only the fear of death!

“Senior Brother! He... He’s really going to kill us!” The voice of the grade-8 warrior of the Star Cloud School trembled. The grade-9 warrior of the Star Cloud School glared at him fiercely. “It’s impossible for me to admit defeat! I won’t admit defeat and I won’t lose!”

“S-Senior Brother...” The grade-8 Star Cloud warrior looked at his eyes that were almost bloodshot and suddenly felt a chill in his heart. The grade-9 warrior flipped his wrist and another talisman appeared in his hand. The grade-8 warrior immediately exclaimed when he saw this. “Senior Brother, why do you still have...”

The grade-9 warrior of the Star Cloud School widened his mouth and licked his lips with blood on his tongue. He pressed the talisman between his hands as blood vessels appeared in his eyes, looking terrifying. “Feng Yun, I won’t lose. I’ll never lose to you!” The grade-9 warrior suddenly activated his fighting energy and infused all his fighting energy into the talisman crazily. The talisman between his hands changed abruptly and swallowed the fighting energy of the grade-9 warrior crazily, like a greedy and hungry mouth!

“S-Senior Brother...” The grade-8 warrior was dumbfounded. Where did this talisman come from? The elders probably wouldn’t give such a talisman. This talisman was too weird! Leng Mi stood on the platform and watched everything coldly. Looking at the talisman in the hand of the grade-9 warrior, the corners of his mouth curled up into a cold smile. That disciple actually thought of using this. He was really going all out.

“Yun Feng, there’s something wrong with the talisman in that human’s hand.” Er Lei’s voice was much deeper. Yun Feng also noticed this. The expression of that grade-9 warrior was already extremely strange!

“I won’t lose. I won’t lose. Ahhhhhhh!” The grade-9 warrior suddenly activated more fighting energy and swallowed the talisman like a bottomless pit. The grade-9 warrior reached out his hand and the talismans stuck in his palm. Yun Feng and Er Lei suddenly stopped. The grade-9 warrior laughed crazily. “Hahahaha! Feng Yun, you can’t possibly beat me!”

The talisman of the grade-9 warrior of the Star Cloud School suddenly shook. In an instant, a huge ball of thick black mist surged out of the center of the talisman crazily, like thick ink spilling out! Er Lei’s pupils shrank fiercely. He was about to turn around and say something to Yun Feng, when he suddenly found that something was wrong with Yun Feng!

At this moment, Yun Feng’s heart was like a volcano eruption. The boiling lava kept burning her nerves. She was very familiar with this dark element, so familiar that the anger and killing intent in her heart would rise involuntarily every time she encountered it!

What happened every time the weird black robe and the mysterious pattern appeared? The ancestor, the Ling family, and the Summoners’ Convention. This time, it appeared here!

“Yun Feng...” Er Lei looked at Yun Feng’s suddenly gloomy and murderous face and was a bit shocked. He had never thought that she would have such an expression! Yun Feng stared at the grade-9 warrior firmly with her slightly red eyes as dense black elements rushed over like a long mouth. Yun Feng suddenly flipped her hand and three different elements had already appeared in the center of her palm. Er Lei couldn’t help but feel shocked when he saw this!

“What are you doing?”

Yun Feng’s smile was full of bloodthirstiness. The blood in her entire body was boiling and burning!

“Fengfeng! Calm down!” Qu Lanyi’s voice suddenly came from the Dragon Palace, sliding into Yun Feng’s mind like a clear stream. Half of the enthusiasm in Yun Feng’s black eyes suddenly disappeared and her hot mind instantly calmed down.

Qu Lanyi stood in the Dragon Palace. Even though he didn’t meet Yun Feng face to face, he could clearly feel the anger in Yun Feng’s heart at this moment. “Er Lei, remember to keep him alive.”

Er Lei was stunned and immediately nodded. Yun Feng also dispersed the three elements in her hand slowly and her breathing calmed down. Her black eyes became clear again and she stared at the grade-9 warrior of the Star Cloud School behind the dense dark elements. The Central Continent, they also sneaked in!

“Even if it’s the dark elements, I don’t care about it!” Er Lei roared and suddenly swung his fists. Countless silver snakes twisted together and a thick silver snake appeared. Purple lightning flashed around its body and collided fiercely with the dark elements!

“Zi, zi, zi...” The buzzing sound of the lightning elements came out. There was viciousness in Er Lei’s eyes. He opened his mouth and all the lightning elements surged out of his mouth!

Lightning flashed and thunder rumbled!

The dark elements that were as black as ink were entangled by the powerful lightning elements fiercely. The silver snakes tried their best to squeeze between the dark elements. The thick dark elements wanted to swallow these little snakes desperately, but Er Lei burst into laughter. "A grade-4 Emperor wants to swallow my lightning elements!"

His messy hair was blown up by the wind slightly and a pair of narrow eyes with glimmering light appeared, as well as the golden mole at the corners of his eyes. Er Lei suddenly inserted his hands into the thick dark elements and then raised his head and laughed. "Hahahaha!"

"Crack! Zi! Zi!" The muffled sound of thunder kept coming from the dark elements. Er Lei's crazy laughter had already made the two people of the Star Cloud School feel clear fear! This person would kill them, he would definitely kill them! Even such an attack had no effect on him!

Er Lei laughed crazily, as if he was in a mad state. He pulled fiercely in the dark elements with his big hand and the thick dark elements were suddenly torn into pieces. The silver snakes that were dancing crazily quickly wrapped around them. After a while, the shocking thick darkness was completely eliminated by the lightning elements!

With infinite coldness in her black eyes, Yun Feng looked at the two people who kept retreating. She exerted strength under her feet and approached them quickly like the wind. She waved her hand hard. "Fire Arrow!"

Hearing Yun Feng's voice, the grade-9 warrior suddenly turned around and his body kept stepping back abruptly. There was a hint of panic in his eyes. He originally thought he could win with that attack just then. He had never thought that Feng Yun would have such a powerful helper! That was an attack of a grade-4 Emperor Level expert... Three attacks were blocked without any injuries just like that!

Chapter 1163: I'll Protect You (2)

1163 I'll Protect You (2)

"Swish!" The grade-9 warrior of the Star Cloud School suddenly turned his body to the side and dodged Yun Feng's Fire Arrow. However, the moment the burning and boiling fire brushed past him, it swallowed the fighting energy lingering on the surface of his body!

"What?" The grade-9 warrior of the Star Cloud School widened his eyes and looked at the part of his body that was missing fighting energy. His heart completely turned cold!

"Feng Yun, you... You..." The grade-9 warrior of the Star Cloud School widened his eyes and looked at Yun Feng, who was running towards him not far away. He saw her raise the wand in her hand and then open her red lips. "Fireball!" The body of the grade-9 warrior shivered. He finally understood why the warrior of Huafeng ran like that and why he was eliminated!

The grade-9 warrior of the Star Cloud School kept retreating dozens of meters! Looking at the surging fire elements, he dodged in panic. However, every time he passed by, the roaring fire elements would more or less swallow some of his fighting energy!

“Ahhhhhhhhh!” Suddenly, a scream came. The grade-9 warrior of the Star Cloud School rolled his eyes. His companion was flying over his head with blood all over his body. A drop of blood directly fell on his face. “Bang!” The body of the grade-8 warrior fell heavily on the ground. His body twitched a few times and he was already dead!

He was... He was dead! The grade-9 warrior looked at Er Lei’s vicious and wild expression and then at Yun Feng. He couldn’t win. Even if he used all his strength, he wouldn’t be able to win after all!

Yun Feng suddenly sneered and turned her wand gently. “Fire Field!”

“Swish...” A ball of dense fire suddenly jumped out. The grade-9 warrior of the Star Cloud School knew that something was wrong when he saw this. He immediately turned around and wanted to escape, but how would Yun Feng let him have any chance to escape? The fire element quickly enveloped the body of the grade-9 warrior of the Star Cloud School. In an instant, an ocean of fire appeared!

“Ahhhhhhhhh!” The grade-9 warrior of the Star Cloud School was in the Fire Field. The spreading red fire roared and swallowed his fighting energy endlessly until it sucked up the last drop!

Everyone looked at this scene and suddenly fell silent again. The battle of the Star Cloud School could be said to be extremely miserable. Another one died. There were only three survivors in the Star Cloud School right now and this grade-9 warrior would probably be dead soon.

Seeing Yun Feng’s cold and furious expression, Er Lei only said indifferently, “Yun Feng, it’s time for me to go back.”

Yun Feng didn’t say anything. A beam of light sent Two Thunder into the Dragon Palace. She then flashed into the world formed by fire!

“Feng Yun! What are you doing? Do you really want my life?” The grade-9 warrior of the Star Cloud School shouted furiously when he saw Yun Feng come in. He didn’t dare to move half a step. The flames around weren’t ordinary flames. He couldn’t even get close! He couldn’t get out. He was imprisoned inside the Fire Field!

“I’m not interested in your life. Tell me, who gave you that talisman just then?” Yun Feng’s face was cold and there was no normal patience in her words. The heart of the grade-9 warrior of the Star Cloud School palpitated when he saw Yun Feng like this. “That... That was given to us by the elder...”

“Listen carefully. I’m asking about the last talisman!” Yun Feng suddenly raised her arm and the fire element immediately pounced on the body of the grade-9 warrior of the Star Cloud School. The grade-9 warrior of the Star Cloud School immediately screamed, “Ahhh, I’ll talk, I’ll talk!”

“Tell me!”

“These three talismans... They’re all... The elder gave them to us... including the last one...” A lot of the grade-9 warrior’s fighting energy was swallowed by the fire element. Coupled with the time limit of the potion, his body immediately became weak. At this moment, he was like a lamb waiting to be slaughtered, letting Yun Feng torture him. He had no power to resist at all.

“Which elder is it?” Yun Feng’s black eyes flashed with coldness. The grade-9 warrior of the Star Cloud School couldn’t help but tremble.

“It’s... It’s Elder Leng...” Even though he was puzzled why Feng Yun asked such a question in his mind, he didn’t have a chance to reject her. What else could he do other than telling the truth right now? Besides, this wasn’t a big deal.

Leng Mi... Killing intent flashed through Yun Feng’s eyes. It seemed that she could find some clues from the leader of the elders of the Star Cloud School this time.

“What else do you know about the last talisman?”

The grade-9 warrior was stunned. Why did she keep asking about this? Even though the power of the last talisman was a bit strange, she shouldn’t be so interested... “I don’t know anything. The elder only said that I shouldn’t use it until the last moment.”

Yun Feng was silent for a few seconds. The heart of the grade-9 warrior of the Star Cloud School was hanging high in the air. What would happen to him? Would he be killed like his companions?

Yun Feng sneered. “I don’t have any more questions. It’s time to decide the winner.”

“I... I admit defeat! I admit defeat!” The grade-9 warrior of the Star Cloud School immediately said. What kind of joke was this? Keep fighting? He didn’t have any trump cards at all. He had already used up all three talismans and the effect of the potion had also reached the limit. Coupled with the fire element that could swallow fighting energy, how could he fight?

The cold smile at the corners of Yun Feng’s mouth kept expanding and a deep hatred appeared from the bottom of her heart. She suddenly raised her arm and the roaring fire elements immediately gathered around her. A fiery beast suddenly appeared!

“What did you say just then? I didn’t hear it.” Yun Feng smiled casually, but the grade-9 warrior of the Star Cloud School was drenched in cold sweat. He looked at the fiery wolf and his voice trembled. “I... I said I admit...”

“Roar...” The fiery beast roared furiously. It suddenly opened its mouth and swallowed the body of the grade-9 warrior of the Star Cloud School!

“Ahhhhhhhhhh!” A scream came abruptly. People outside of the Fire Field were all shocked when they heard that. Tian Kui looked at the constantly burning Fire Field. Why was Feng Yun so furious? It seemed that when the third strange talisman appeared, she changed into another person...

“Swish—” The Fire Field suddenly opened and the bright red color drifted in the air. A burning red shooting star suddenly flew out from her and went straight to the remaining people of the Star Cloud School. “Bang!” The shooting star landed on the ground and the person who was almost burnt to charcoal inside was also revealed!

“Senior Brother!” The remaining members of the Star Cloud School all screamed and quickly tested his breath. “He’s still alive...” Then, the two of them looked at each other and looked at the miserable burnt body on the ground. However, the Qi meridians in his body that were most important to warriors were completely destroyed!

[Genius Summoner](#)

Chapter 1164: I'll Protect You (3)

1164 I'll Protect You (3)

"It seems that we have a winner," said Feng Lin on the side. He only looked like he was watching a good show. The Fifth Elder's tight brows finally relaxed, but he was still a bit worried in his mind. Something was obviously wrong with Feng Yun just then. It seemed that he had to ask her.

Leng Mi stood there and looked down coldly with his black eyes. Yun Feng also raised her head abruptly. Their eyes met in the air. Yun Feng didn't give in at all with a furious gaze, which made Leng Mi narrow his eyes. Yun Feng suddenly gave Leng Mi a smile, which shocked Leng Mi.

Tian Kui was about to call out to Yun Feng. There were only the two of them left right now, but there could only be one champion. He was going to walk out voluntarily, but he saw that she left the red circle without looking back. He wanted to call out to her, but his voice was stuck in his throat. That slim back obviously revealed something, "Don't get close."

"Junior Sister..." Rong Xin watched Yun Feng leave without caring about anything and only heaved a long sigh. He wanted to chase after her, but his legs were like lead and he couldn't move even half a step.

At this moment, Yun Feng didn't care about the final ranking of the championship at all. She couldn't care about anything else in her mind at this moment. Apart from being filled with monstrous anger, there was nothing else! After leaving the competition venue, her body flew into the sky. Perhaps only the cold wind could let her relax a bit. She didn't know where she would fly to. She only knew that the cold wind made her much more comfortable.

The three contracted Magic Beasts had already returned to the Rings of Contract when Yun Feng left. The three of them stayed in the contract space quietly. With the special connection with Yun Feng, the three of them clearly felt the emotions at the bottom of Yun Feng's heart at this moment. Nobody said anything, because they knew that at this moment, their master only needed peace.

After flying in the air for a long time, Yun Feng finally stopped and looked at the place under her feet. It was the wilderness, a dense forest, and there was no one at all. Yun Feng flashed down and directly rushed into the forest. Perhaps because of her anger, the sound of the Magic Beasts running away kept coming as soon as she entered the forest. Soon, there was silence around her.

Yun Feng leaned against the branch of a tree and stared at a certain point in front of her with her black eyes. A beam of light suddenly flashed out of the Dragon Palace. Qu Lanyi looked at the girl in front of him, who was holding back her anger, with heartache. He extended his long arm and pulled her into his arms.

"Lan Yi, they appeared on the Central Continent. This means that they've targeted the headquarters of the Yun family!" Yun Feng clenched her fists tightly and her voice was full of pressure. Qu Lanyi sighed leisurely and held her even tighter. "Maybe, maybe not."

"It doesn't matter. I'll get my answer soon."

Qu Lanyi's black eyes glittered. He released the girl out of his arms and looked at her furious eyes. "Leng Mi is the leader of the team. He should be at least at the Emperor Level. It's very difficult for you to find out anything from him."

“Even so, I won’t let go of this clue!” Yun Feng shouted very repressedly. The ancestor’s soul, their greed for the Yun family, and the safety of the headquarters of the Yun family, all these were weighing on her heart. No matter how dangerous it was, no matter how subtle the clue was, how would she let it go?

“Got it.” Qu Lanyi smiled casually. “If we want Leng Mi to talk, we must suppress him with strength. To deal with people like them, we can only suppress them with force.”

“I’m still too weak.” Yun Feng bit her red lips and felt a bit discouraged about her current strength. It was time for her to improve her strength. She had already lingered at the King Level for too long. It was time for her to make a breakthrough!

“There’s no rush. You still have me.” Qu Lanyi pressed Yun Feng’s red lips gently with his slender fingers and freed them from the bottom of her teeth. He looked at the red marks caused by her bites with heartache and squeezed them gently with his fingers. “It’s only a matter of time before you reach the King Level. You still have me. Besides, that Er Lei can also play a role at this moment.”

“Damn it, I knew I would be part of the coolies!” Er Lei roared in the Dragon Palace. Qu Lanyi chuckled and looked at Yun Feng. “The friendly contest between the three academies is already coming to an end. There’s no time to lose. I think we should do it tonight, or it won’t be easy to do anything when that old guy goes back.”

Yun Feng nodded. Qu Lanyi’s lips moved slightly and he wanted to say something, but he didn’t say anything in the end. He only looked at Yun Feng deeply. Fine, fine. If there’s any danger, he’ll block it. He held Yun Feng in his arms again. Qu Lanyi’s black eyes darkened. Yun Feng, no matter what happens in the future, I’ll definitely protect you.

The championship of the three academies came to an end. Undoubtedly, the Yuelun Island would leave quite a deep impression on the minds of the disciples of Huafeng. The rankings that the three academies had always attached great importance to were also decided in this championship. Juxing undoubtedly got the first place. Many people knew in their minds who the top student was. It was that almost monstrous summoner, Feng Yun!

The night was bright and there were very few stars. The few people from Juxing and the Fifth Elder were all gathered in the yard. The championship had just ended today and they were expected to leave in two or three days. Yun Feng had left the arena during the day and had never been seen again. At this moment, the yard was full of gloom. Nobody was happy to win and they were all full of worry.

“Fifth Elder, where can Feng Yun be? Can’t you reach out to her?” asked Tian Kui. The Fifth Elder sighed. He had already contacted her countless times with the Sound Badge. He didn’t believe that the girl didn’t see it, but she still didn’t reply.

“Master, something’s wrong with Junior Sister.” Rong Xin frowned and mumbled. The Fifth Elder patted his head fiercely. “What can be wrong? You’re thinking too much!”

“Master, I...” Rong Xin still wanted to say something, but the Fifth Elder glared at him fiercely and finally shut his mouth. The other three people didn’t say anything. Everyone saw that something was wrong with Feng Yun. Nobody knew why she was like this.

"It would be great if we could help her..." Tian Kui whispered. The others also nodded. Feng Yun had always been helping them, helping Juxing. That was why Juxing got the first place today. Now, Feng Yun obviously had something on her mind. It would be great if they could help as well.

"Alright, don't even think about it. With that girl's strength, you don't have to worry at all. She'll be back tomorrow." The Fifth Elder got up and said to the few young people, "The few of you should go back and have a good rest. We'll be leaving in three days. You'll be busy by then!"

Genius Summoner

Chapter 1165: Surprising Turn of Events (1)

1165 Surprising Turn of Events (1)

The few young people looked at each other and nodded. The Fifth Elder was right. With Feng Yun's strength, she didn't have to worry at all. She might be back tomorrow. The few of them returned to their rooms one after another. Rong Xin still looked worried. After the few young people went back, the Fifth Elder glanced at the Star Cloud Courtyard on the side and then smiled in self-mockery. That girl probably wouldn't go to find Leng Mi. She shouldn't be so reckless.

The Fifth Elder shook his head and walked inside. After a while, the yard of Juxing became peaceful. At the highest point of the wall, the space was slightly trembling. Then, three figures appeared from it. Er Lei waved his arm and completely removed the space blockade. Qu Lanyi stood next to Yun Feng and whispered, "Fengfeng, they all care about you."

Yun Feng chuckled. "I know. I made them worried. As they said, if everything goes well tonight, I'll be back tomorrow."

Qu Lanyi curled his thin lips and put on a lazy smile. Er Lei scratched his head. "Then let's go there quickly!"

"Alright." Three figures jumped from the top of the wall and landed straight in the yard of the Star Cloud School on the side. The yard of the Star Cloud School was also silent. Er Lei waved his hand again and the space shook slightly. The space blockade completely covered the bodies of the three of them. Unless they were stronger than Er Lei, they wouldn't be able to see Yun Feng and the others.

Yun Feng strode into the main hall and walked all the way to the back. The place where Leng Mi lived should be the same place as the Fifth Elder's. As expected, there was an independent house in the front. Yun Feng and the others walked up, but no sound came from inside. Qu Lanyi glanced at Er Lei. "Is Leng Qi stronger than you or weaker?"

Er Lei grinned. "Grade 4 of the Emperor Level, he's certainly below me!"

Yun Feng immediately pushed the door open and entered. A slightly cold air came from inside. The three of them frowned. He wasn't here?

"The championship has already ended. Where else can this old guy go?" Qu Lanyi looked at the cold room and said in confusion. Er Lei, on the other hand, raised the corners of his mouth indifferently. "Who the hell knows? I don't want to know."

Yun Feng glanced at it with her black eyes. This room hadn't been occupied for at least a few days. It seemed that this Elder Leng was indeed very busy. He was so busy that he didn't have time to come back here at all? She flipped her wrist and the Finger Spiritual Jade appeared. Yun Feng infused her mental strength into it and activated a certain aura recorded in the Finger Spiritual Jade. A tiny dot of light suddenly lit up.

Qu Lanyi looked at the spot of light on the Finger Spiritual Jade and couldn't help but sneer. "It seems that this Elder Leng went out for some air to vent his anger. Otherwise, why would he come so far in the middle of the night?"

Er Lei looked at the Finger Spiritual Jade in confusion. "Didn't this old bastard go to..."

"The Innocent Forest." Yun Feng looked at the place where the flashing light spot was. That was the place they had been to in the team competition, the Innocent Forest!

"Maybe he's unwilling..." Qu Lanyi shrugged. Yun Feng put away the Finger Spiritual Jade. "I don't know if he's unwilling, but no matter where he is tonight, he has to meet me!" Yun Feng immediately jumped out. Qu Lanyi chuckled and immediately followed her. Er Lei immediately followed her, but he was a bit dissatisfied. "Damn it, I'm a follower right now!"

Qu Lanyi suddenly turned around. Er Lei was stunned. "I didn't say anything!"

Qu Lanyi snorted coldly and turned around. Er Lei spat silently behind him and couldn't help but slap his own mouth. "Why do I have to be so obedient? Damn it, I'm so angry..."

Yun Feng didn't have the time to know why Leng Mi was in the Innocent Forest. She only knew that she had to find him and ask him the answer she wanted to know, whether he would tell her or not! Yun Feng, who had already been to the Innocent Forest once, was certainly familiar with it. Looking at the constantly flashing light spots on the Finger Spiritual Jade, the cold smile at the corners of Yun Feng's mouth became wider and wider. Soon, very soon!

After speeding for a long time, the Innocent Forest was finally not far ahead. Yun Feng rushed in first, followed by Qu Lanyi. Er Lei cursed secretly. Thinking of the fat ball that asked for a beating for no reason last time, he followed her reluctantly.

"He stopped?" Yun Feng looked at the motionless glitter on the Finger Spiritual Jade. Qu Lanyi also stopped and pondered for a moment. "He should be in the so-called forbidden area last time. It's very meaningful to stop there."

Yun Feng's heart immediately sank. She moved her body and went towards the forbidden area last time without stopping for a moment. As soon as she stepped into the forbidden area, she heard a violent sound from the bushes around. "Who is it?" A slightly trembling voice sounded, accompanied by the low roars of a few Magic Beasts. Yun Feng knew that the person who spoke was that round fatty last time.

"It's me." Yun Feng said as the bushes around shook again. The round fatty stuck his head out and walked out. He was no longer as awe-inspiring as last time, which made Yun Feng very confused.

"Human, didn't we say last time... Sir, you're here too?" The fatty wanted to say to Yun Feng arrogantly, but when he looked around and saw Er Lei, he immediately lowered his tone and smiled at Er Lei obsequiously.

Er Lei turned his head to the side in disgust. Damn it, he really wanted to punch this fat ball into pieces!

Seeing that Er Lei ignored him, the fatty knew better than to say anything else. He glanced at Qu Lanyi and his face suddenly darkened. He immediately became vigilant. "Who are you?"

Qu Lanyi stood there with his arms crossed in front of his chest. He glanced over indifferently with his black eyes and put on a faint smile at the corners of his mouth. He didn't say anything. Er Lei roared impatiently, "When are you going to stop asking? Get lost!"

The fatty immediately smiled. "If you want me to get lost, I'll get lost immediately. However... Young friend Feng Yun, this... and you, it's better not to go in."

Er Lei immediately breathed heavily and was about to roar. Yun Feng made a hand gesture. "You said we shouldn't go in. Why?"

The fatty's eyes glittered. He looked inside a few times and finally said softly, "I'll be honest with you, little friend. Someone else went in just then. This person looks quite weird and he's very strong. Little friend, you shouldn't go in, don't you think?"

Chapter 1166: Surprising Turn of Events (2)

1166 Surprising Turn of Events (2)

Yun Feng raised her brows. Qu Lanyi said, "You're talking about a skinny and tall old man wearing clothes that make him look very cold."

The fatty nodded. "Yes, that's right, but..."

"What the f*ck do you want? Get lost!" Er Lei couldn't stand it anymore and immediately shouted. The round fatty's face froze and his round body immediately lay on the ground. "Getting lost right now, getting lost right now..." The round fatty raised his hand and was about to really get lost. Then, he thought of something. "Can I say something else?"

The eyes behind the messy hair of Er Lei suddenly brightened. The round fatty immediately trembled. Yun Feng said, "Tell me!"

The fatty looked at Er Lei carefully and finally said, "After that person went in, another one went in. I'll get lost right now!" The fatty shrank his head into his arms and exerted strength in his limbs. His body rolled to the bushes like a small barrel and disappeared.

Yun Feng and Qu Lanyi frowned when they saw that. This round fatty was truly interesting. When Er Lei asked him to get lost, he really left by rolling himself away. However, the other person he mentioned just then...

"I didn't expect Elder Leng to meet a beauty in the middle of the night?" said Qu Lanyi teasingly. However, wasn't this place too remote and unromantic? It was in the Innocent Forest. How interesting.

"Follow him and take a look. We'll understand everything." Yun Feng glanced at the Finger Spiritual Jade again. The glittering spot on it still stopped at the same place. Obviously, Leng Mi must be discussing something with someone there. However, why did he choose this place?

The three of them continued moving forward. Yun Feng stared at the Finger Spiritual Jade in her hand. As they kept moving, they were already getting closer and closer to Leng Mi. Apparently, he didn't notice them. After reaching a certain distance, Er Lei used the space blockade again and enveloped the three of them completely before they approached quietly.

After a while, the three of them heard a vague conversation. Yun Feng knew that the person she was looking for was not far ahead. Who exactly was coming to the meeting this late at night?

The three of them kept getting closer and two figures standing opposite each other came into sight clearly. Yun Feng narrowed her eyes slightly and looked at Leng Mi standing not far away, while the figure with his back facing them made Yun Feng feel inexplicably familiar. Yun Feng looked at him carefully a few times and finally linked the back of this person in front of her with a certain figure in her memory!

It was him!

"You asked me out to talk about a deal, but I didn't expect it to be in such a place."

Leng Mi chuckled. "Wei Ting, why are you in such a hurry? You'll definitely make a good deal."

Yun Feng looked at Wei Ting, who was making a so-called deal with Leng Mi, in front of her with her black eyes. She really couldn't imagine that he was the one who came here in the middle of the night. What kind of deal could he have with Leng Mi? Could it be a Magic Beast or something else?

"Wei Ting? Who is it?" Qu Lanyi didn't remember this person. He wasn't there when Yun Feng met Wei Ting. Yun Feng frowned. "Wei Ting, the third uncle of the Wei family. I heard that he's the best tamer on the Moon Embracing Island."

"Tamer?" Qu Lanyi raised his beautiful eyebrows with a hint of mockery. "So what if he's the best tamer? Can he train a Magic Beast to perfection?"

Yun Feng shook her head. "This is different from the tamers we've met on the East Continent and the West Continent. There's a huge difference between them. The tamers on the Central Continent are a level higher than those on the East Continent in terms of strength and ability. I've seen with my own eyes how Magic Beasts are restrained by tamers in the arena in the Outland of the Central Continent."

"So, the Wei family must've been related to tamers for generations?"

"That should be the case. The last time I met him was because of another member of the Wei family. The Wei family should have such a bloodline."

Qu Lanyi narrowed his eyes. "So, the deal between Wei Ting and Leng mi must be related to Magic Beasts?"

"Maybe... Maybe not." Yun Feng's tone was slightly heavy. A deal? How exactly did these two people get together?

"Damn it, I didn't understand a word! Yun Feng, aren't you looking for that Leng Mi? Just rush out!" Er Lei was extremely impatient. Yun Feng shook her head. "If he's alone, I certainly have to go out and meet him. However, we've obviously encountered something special right now. We must figure it out first."

Leng Mi and Wei Ting were standing not far away from Yun Feng, but neither of them noticed the existence of Yun Feng and the others. The two of them continued to talk as if there was no one else around. "It's a sure win? You make it sound simple!"

Leng Mi chuckled. "Why? The few beasts that Feng Yun from Juxing gave you aren't enough for you to earn back your capital?"

"Of course not! I wanted that group of beasts. I didn't expect Feng Yun to let them go just like that!" Wei Ting couldn't help but gnash his teeth when he said this. He probably felt extremely upset in his mind when the name Feng Yun was mentioned.

"Hahaha, Wei Ting, you shouldn't be too greedy. Besides, compared to the benefits I'm going to give you, those beasts are nothing!"

What Leng Mi said made Wei Ting's eyes light up and Yun Feng and the others freeze. What benefits did he offer? Those beasts seemed so useless! "Leng Mi, you're quite bold." Qu Lanyi couldn't help but snort coldly with a colder expression. Yun Feng couldn't help but feel curious in her mind. What benefits would Leng Mi offer?

"You're quite bold! Tell me, what are the benefits?" Wei Ting wasn't a fool. He wouldn't believe everything someone else said. Leng Mi burst into laughter again after hearing that. "If you're willing to make a deal with me, I'll give you a few Emperor Level Magic Beasts. How about that?"

Yun Feng and the others couldn't help but feel startled after hearing this, especially Er Lei. He stared at Leng Mi and gritted his teeth so hard that they made creaking sounds. "F*ck, I really want to rush out and punch that old bastard!"

"Emperor Level Magic Beasts? Does the Star Cloud School have these?" Yun Feng mumbled, but Qu Lanyi shook his head. "No, Leng Mi won't touch the property of the Star Cloud School, but if this is the joint decision of the elders of the Star Cloud School, it's a different story."

Yun Feng frowned even more tightly. "They want to make a deal with Wei Ting. What exactly does the Star Cloud School want?"

[Genius Summoner](#)

Chapter 1167: Surprising Turn of Events (3)

1167 Surprising Turn of Events (3)

"No matter what they're going to do, they're up to no good."

"Emperor Level Magic Beasts?" Wei Ting looked at Leng Mi in amusement. It was obvious that he didn't believe it. Everyone knew how to make empty promises! Who didn't know how to brag?

Leng Mi chuckled. "Judging from your expression, you don't believe me?"

"Of course! How can you give an Emperor Level beast away just like that?"

Leng Mi burst into laughter. He immediately flipped his wrist and a ring appeared on it. He flicked the ring and the ring flew towards Wei Ting. Wei Ting immediately caught it and looked at Leng Mi in confusion. "What's this?"

Leng Yu raised his brows. "Why don't you see it for yourself?"

Wei Ting's heart immediately heated up and he immediately closed his eyes. His expression changed drastically in an instant! Leng Mi put on a faint smile when he saw this, but there was more or less a hint of weirdness in his smile. Even though Yun Feng and the others didn't know what was in this ring, they could guess from Wei Ting's expression!

"It seems that there's indeed an Emperor Level Magic Beast in that ring..." Qu Lanyi said solemnly. Yun Feng also looked gloomy. If that was the case, the purpose of the Star Cloud School wasn't simple. Why would an academy rear an Emperor Level Magic Beast? What exactly did they want?

"This old bastard..." Er Lei was so angry that his breathing became heavier and heavier. His chest was also constantly rose and fell. As Magic Beasts, they couldn't stand the attitude of humans towards Magic Beasts the most. Magic Beasts were like goods that could be traded, sold or even destroyed! Why? Why should they be tortured by humans like this?

"Er Lei, calm down." Yun Feng's cold voice finally calmed Er Lei down a bit. Qu Lanyi whispered, "No matter what, we have to see the end."

Wei Ting suddenly opened his eyes, which were full of surprise. Seeing that, Leng Mi smiled and said, "If you're satisfied, this will be a deposit in advance. What do you think?"

Wei Ting tightened his grip on the ring and looked at Leng Mi. "Sure. Tell me, what exactly is the deal?"

Leng Mi burst into laughter. He was quite delighted to see Wei Ting agree. He extended his finger and touched his lips as he looked at Wei Ting with his eyes. "Uncle Wei, the deal is actually very simple. Is that a yes?"

Even though Wei Ting was a bit uncomfortable in his mind, he couldn't reject the ring on his palm. The thought of having an Emperor Level Magic Beast made Wei Ting's heart burn! A deep desire was rising endlessly. He couldn't suppress it even if he wanted to!

"Alright, I agree." Wei Ting nodded. Leng Mi suddenly burst into laughter after hearing that. Accompanied by this laughter, his entire body trembled and his facial features were mixed with joy. He stared at Wei Ting firmly. Wei Ting was suddenly a bit frightened by this gaze. He immediately took a step back. "What are you laughing at? Tell me quickly!"

After Leng Mi finished laughing, he touched his lips with his finger again and rubbed his dry skin. Then, he slowly stuck his tongue out and licked it, tasting some blood. When Wei Ting saw Leng Mi's movement, his heart immediately turned cold and an intuition rose in his heart, making him subconsciously turn around and run!

"Uncle Wei, since you've agreed, I won't hold back!" Leng Mi's voice immediately became extremely cold. His body instantly turned into a ball of black mist and pounced towards Wei Ting abruptly. Wei Ting's eyes immediately widened and his body quickly retreated. However, after retreating a few meters, Leng Mi's hands had already grabbed his shoulders firmly!

"Leng Mi, what exactly do you want?" Wei Ting roared. The Leng Mi in front of him seemed a bit abnormal...

Yun Feng and the others were also dumbfounded. What exactly was Leng Mi going to do? There was no answer to Wei Ting's question, and there was no answer to the doubts in Yun Feng and the others' minds. Leng Mi had already made the next move. He grabbed Wei Ting's head with one hand and twisted it fiercely!

"Crack!" There was only the sound of bones breaking forcibly. Wei Ting didn't even scream and his life was instantly taken!

"What?" Yun Feng was suddenly shocked when she saw this scene. Leng Mi killed Wei Ting! And he used such a cruel method! Why did he do this?

"His methods are so cruel. This Leng Mi is also a ruthless person." Qu Lanyi's face suddenly darkened a lot, looking at the bloody head in Leng Qi's hand with Wei Ting's puzzled and terrified expression before he died. He took someone's life so cruelly in an instant. How much hatred did this elder of the Star Cloud School have in his mind? No wonder he raised those people from the Star Cloud School!

Wei Ting's body fell on the ground weakly with blood gushing out. A large area of grass under his feet was immediately wet and even turned into red soil when the blood flowed. The beasts nearby seemed to be moving stupidly again. They were attracted by the strong pungent smell of blood and slowly gathered here.

Leng Mi looked at the human head in his hand coldly and said something in a low voice. Then, he put the head back into the dimension container, as if he was about to turn around and leave. However, he stopped and kicked Wei Ting's increasingly stiff arm. The ring in his hand just then fell out. Leng Mi smiled coldly and bent down to pick it up. He said mockingly, "Wei Ting, it's not a loss for you to die in my hands."

Leng Mi turned around and rushed to the outermost area of the Innocent Forest. It seemed that he was going back. Yun Feng and the others glanced at Wei Ting's miserable body on the ground and immediately turned around to follow him. After a while, excited roars came from behind. They believed that Wei Ting's body would make a certain beast eat its fill.

Leng Mi rushed all the way out. Yun Feng and the others followed closely behind. When they finally stepped out of the forbidden area and entered the exploration area, Yun Feng asked Er Lei to remove the space blockade. Er Lei waved his hand and the space blockade around the three of them immediately disappeared. Instantly, Leng Mi found that someone was following them!

"Who is it?" Leng Mi suddenly stopped and turned around. He glanced around with his gloomy eyes. Someone was following behind! And he finally realized!

"Elder Leng, it's already so late. I didn't expect to meet you here." Yun Feng slowly walked out of the bushes on the side. Leng Mi couldn't help but look gloomy when he saw that it was Feng Yun. "You've been following me all the way?"

Yun Feng chuckled. "That's not true. I just couldn't sleep and came here to wander. I didn't expect to meet you, elder."

Leng Mi glanced over Yun Feng like a radar. When exactly did she follow him? Did she see everything just then? If she saw everything, he certainly couldn't let her leave just like that. However, according to what she said just then, and considering her strength, it was impossible for him not to notice her!

Genius Summoner

Chapter 1168: Surprising Turn of Events (4)

1168 Surprising Turn of Events (4)

Leng Mi narrowed his eyes slightly. Yun Feng was still smiling gently, as if she had just seen Leng Mi. Leng Mi suddenly snorted. "Humph! If you're just wandering around, go back quickly!"

"What about you, elder? Are you going back too?"

"Of course!" Leng Mi turned around and planned to rush out without caring about anything. He was about to get up when he heard an extremely gloomy voice coming from behind. "Wei Ting died just like that. Elder Leng Mi, aren't you afraid that someone will find out?"

Leng Mi's body stiffened for a moment. Then, he slowly turned around. His face was indescribably weird under the night sky. Yun Feng chuckled and continued without the slightest fear, "I can't believe the dignified elder of the Star Cloud School played dirty. If Elder Feng Lin knows about this, I'm afraid there'll be a good show to watch."

The corners of Leng Mi's mouth curled up. "So, you saw it?"

"Yes, I've seen a lot. What's the use of taking Wei Ting's head?" Yun Feng's black eyes suddenly became fierce. Facing an elder of the academy, her momentum still wasn't inferior!

Seeing that Yun Feng wasn't afraid at all, Leng Mi couldn't help but burst into laughter. His eyes suddenly emitted spots of light in the night. "Feng Yun, what are you going to do?"

"Wei Ting's life and death have nothing to do with me. If you're willing to answer my question honestly, I won't tell anyone else about this." Yun Feng raised her brows coldly after saying that. "Why do you think I'll believe you? You must know that you can't threaten me at all with your strength of a grade-8 King!"

"Oh, really?" Yun Feng stood there with a casual smile. Leng Mi couldn't help but frown after seeing that. At this moment, the bushes shook again. Er Lei and Qu Lanyi walked out. Leng Mi's pupils shrank abruptly. So, she had helpers. No wonder he didn't notice her. No wonder she was so fearless!

"Old bastard, you'd better tell me obediently. Don't force me to attack you!" Er Lei roared unhappily. Qu Lanyi stood next to Yun Feng and smiled elegantly. "Leng Mi, you should know in your mind that the reason why you didn't notice us is naturally because we used a spatial blockade. There are people stronger than you here. Do you want to cooperate or resist? Think carefully."

"Humph!" Leng Mi glanced at Er Lei vigilantly. He wasn't unfamiliar with this lightning-element Magic Beast. Its strength was indeed above his, but it wasn't much stronger. How would he have to worry about not being able to deal with it? However, this young man... gave him a very special feeling. A faint pressure came from the man's body and his subconscious mind told him that it was dangerous!

Leng Mi's face was full of coldness. He glanced at Er Lei and Qu Lanyi next to Yun Feng and pondered for a while in his mind. In the end, the corners of his mouth curled up. "What do you want to ask?"

Seeing that Leng Mi was cooperating, Qu Lanyi couldn't help but sneer. Yun Feng was also relieved in her mind. If they really had to fight head-on, it would indeed take a lot of effort to take down the elder of the Star Cloud School. Yun Feng's black eyes darkened. "Did you give them the talismans they used in the last battle?"

Leng Mi raised his brows. "I thought you wanted to ask about Wei Ting. I didn't expect it to be this question."

"You just need to answer me!"

Leng Mi chuckled. "Of course, I gave the talismans to them."

Yun Feng's black eyes became even colder and she couldn't help but clench her fists tightly. "Did you make the last talisman?"

Leng Mi's expression couldn't help but turn cold. "Why are you asking this?"

"Leng Mi, you only need to answer," said Qu Lanyi coldly. Leng Mi's eyes darkened and he didn't say anything for a long time. At this moment, Yun Feng was already certain that the talisman couldn't have been made by Leng Mi. Someone must have met him and handed it to him! Yun Feng indeed couldn't imagine that the elder of the Star Cloud School had contact with those people.

"Perhaps you took Wei Ting's life to make a deal with them?" Yun Feng suddenly chuckled as coldness flashed through Leng Mi's eyes. Yun Feng knew that she was right.

"This has nothing to do with you," said Leng Mi. "Don't think the three of you can stop me."

"It seems that I hit the nail on the head." Yun Feng smiled coldly. "Why don't you tell me the deal?"

"Feng Yun! Do you really think I'm afraid of the three of you?" Leng Mi suddenly shouted as he swung his sleeve and looked at Yun Feng with embarrassment and anger on his face. Yun Feng chuckled. "Elder Leng Mi certainly isn't afraid, but Wei Ting's matter can make you the target of everyone!"

"Humph!" Leng Mi suddenly smiled sinisterly. "I just need to kill everyone who knows about this."

Er Lei became anxious, and so did Qu Lanyi. Yun Feng sneered. "You're so angry that you want to kill me to silence me? Leng Mi, don't think I don't know who those people you made a deal with are. I've dealt with them before. I don't know what they promised you. If you want to get benefits from them, it's impossible for you not to pay the price!"

Leng Mi looked at Yun Feng with a complicated expression. It was obvious that he didn't believe what Yun Feng said. With Feng Yun's experience and knowledge, how would she have interacted with those people? It was obvious that this girl wanted to bluff him. How ridiculous!

"Hahaha, hahahahaha!" Leng Mi understood this and immediately burst into laughter. "Feng Yun, do you think I'm a kid who can be intimidated by you?"

“F*ck, old fart, didn’t you say you wanted to attack? Attack!” roared Er Lei. After laughing, he looked at Yun Feng and the others fiercely. “Don’t worry. I won’t let any of you go!” He slapped them. Qu Lanyi quickly grabbed Yun Feng’s body and dodged to the side. Er Lei suddenly opened his mouth and roared, echoing throughout the entire Innocent Forest!

The fatty, who was hiding in the dark, heard this furious roar and his body suddenly trembled. His body shrank even more like a ball. Enraged. That lord was enraged!

Purple lightning and thunder filled the entire space. Countless silver snakes around Er Lei’s body twisted crazily. Er Lei’s wide hand was filled with purple lightning elements that were so dense that they almost turned black. Their destructive and explosive power were top-notch! And all the attacks from Leng Mi were completely blocked by Er Lei!

“Leng Mi, you’re just bragging!” Qu Lanyi sneered and didn’t let go of Yun Feng’s arm. Er Lei was enough to deal with this old guy right now.

Genius Summoner

Chapter 1169: I’m Furious (1)

1169 I’m Furious (1)

“Kid, don’t think that you can brag in front of me just because you have some ability! My means aren’t something you can imagine at all!” Leng Mi attacked with a stream of fighting energy, but it was instantly split open by the lightning element of Er Lei. A pair of faint purple light flashed out from the back of Er Lei’s messy hair.

“Old bastard, show me what you’ve got! Don’t just talk here!” Er Lei roared in disdain. Leng Mi’s face was extremely gloomy. Apparently, he was completely enraged by Er Lei’s arrogant and provocative words. He immediately flipped his hand and a talisman appeared.

“F*ck, I expected something better!” Seeing the talisman, Er Lei roared in disdain. Leng Mi raised his head and laughed. “Ignorant animal! Do you think this talisman will be the same as the one I handed over?” Leng Mi immediately put his hands together and activated his fighting energy crazily. The talisman suddenly shook violently and absorbed Leng Mi’s fighting energy in an instant!

Power fluctuations came out of the talisman faintly. Er Lei was suddenly startled. This power fluctuation...

Qu Lanyi immediately cursed in a low voice, “Oh no, the attack power of this talisman isn’t something Er Lei can resist!”

Yun Feng’s heart immediately tightened. Er Lei couldn’t even withstand it! There was actually a master with such strength among those mysterious men in black!

“Buzz!” A strong explosion suddenly sounded. Leng Mi smiled crazily as his fighting energy kept infusing into the talisman. The energy fluctuation became more and more intense and balls of thick black fog also oozed out of the talisman. Leng Mi suddenly extended his hand and stuck the talisman in his palm. Like a long mouth, dark elements that were as thick as ink instantly surged out, even mixed with crazy shouts, rushing straight over!

“Er Lei!” Yun Feng shouted. The attack speed of the dark elements in the talisman was so fast that she didn’t have time to react at all. A thick black fog suddenly swallowed Er Lei’s body and a dazzling white light suddenly flashed into the black fog. Yun Feng squeezed her hand and the white light quickly entered the dragon-shaped jade pendant in her hand!

That was close!

The thick black fog suddenly became furious, as if it found that its prey had flown away just like that. It immediately turned around and aimed at Qu Lanyi and Yun Feng, opening its mouth and pouncing over!

“Let me see whose dark elements are stronger!” His dazzling black eyes suddenly turned red. Red light that was as red as blood suddenly bloomed, emitting dazzling brilliance in the dark night. Qu Lanyi extended his arm and opened his hand. His thin lips curled up with a cruel smile. “Darkness... Devour!”

“Whoosh!” Dark elements flew out of Qu Lanyi’s palm. They were also thick like ink, but they carried an even stronger power! The two masses of dark elements collided fiercely. Yun Feng seemed to be able to hear faint screams the moment they collided. The two masses of dark elements intertwined and bit and collided with each other desperately, trying to swallow the other party!

“It seems that I’m the better one.” The bloodthirsty smile on the corners of his thin lips became more and more evil. His beautiful eyes, which were as red as gems, were glittering with blood-red light. He bent his slender and beautiful fingers and squeezed them together fiercely. The two balls of dark elements that were tearing each other seemed to be victorious in an instant. The dark elements released by Leng Mi were pressed down fiercely by Qu Lanyi’s dark elements!

“Ahhhh!” Leng Mi suddenly roared. Qu Lanyi glanced over and couldn’t help but laugh more bloody. “Why? Are you still struggling?”

The dark elements released by the talisman suddenly extended a long black tail and stabbed straight into Leng Mi’s body! Leng Mi only felt that the fighting energy inside his body was being swallowed by the dark elements desperately and he couldn’t help but let out a series of deep roars. Leng Mi’s eyes were so red that they almost popped out of the eye sockets. His eyeballs were full of blood vessels, looking extremely terrifying. His fighting energy was forcibly dragged away just like that!

Leng Mi wanted to refuse and stop him. He even tried his best to pull out the talisman stuck in his hand, but the dark elements he released wouldn’t do what he wanted at all. The dark elements needed power, and he was the source and provider of this power!

The long tail of the dark elements stabbed straight into Leng Mi’s body and absorbed the fighting energy in Leng Mi’s body desperately, increasing their power several times. As they absorbed the fighting energy, they pounced at Qu Lanyi again. Qu Lanyi sneered. “It’s just struggling!”

Red light flashed in his eyes. Qu Lanyi’s dark elements suddenly opened their mouths and swallowed all the other party’s dark elements! There were muffled sounds and struggles. The dark elements seemed to be wrapping souls. She could hear the sound of souls being torn apart and crying every time they were torn! Yun Feng didn’t know if there was something wrong with her hearing. She wasn’t sure if the vague screams she heard really existed. When Qu Lanyi fought with the dark elements that were absorbing Leng Qi’s fighting energy crazily, a scorching temperature suddenly spread from Yun Feng’s neck!

Yun Feng suddenly felt an extremely scorching temperature coming out of the black jade pendant on her neck. Just like last time, when there were dark elements, especially when there was such a strong and intense collision, the black jade pendant seemed to be woken up and was ready to move, as if boiling blood was suddenly injected into it!

Yun Feng suddenly reached out and touched the jade pendant on her neck, enveloping the scorching temperature in her palm. As the battle continued, the temperature coming from her palm became hotter and hotter. Yun Feng could even feel a suppressed anger faintly coming from this black jade pendant!

“What exactly is this...” The cold water element couldn’t help but flow out of her hand and slowly enveloped the entire black jade pendant, but it couldn’t reduce the scorching temperature. The water element almost evaporated soon!

“Master, what exactly is this?” Lan Yi’s anxious voice sounded. Then, Little Fire and Yaoyao’s voices also sounded. “Xiao Feng, what’s wrong?”

“Master, throw this thing away quickly!”

Yun Feng wanted to say something, but the worried voices of the three contracted Magic Beasts kept echoing in her mind. She wanted to say something, but she found that her voice seemed to have dried up. The scorching temperature of the black jade pendant spread to her body for some reason. Her entire body was also burning inexplicably. The temperature gradually rose, as if it was going to evaporate all the blood in her body from the inside!

Yun Feng raised her head and glanced at Qu Lanyi, who was focused on the battle and didn’t notice Yun Feng’s situation. Yun Feng wanted to say something, but as soon as she opened her mouth, the scorching temperature suddenly increased and a dizziness attacked her mind. Yun Feng’s body softened and she closed her black eyes tightly.

Chapter 1170: I'm Furious (2)

1170 I'm Furious (2)

“Fengfeng!” Qu Lanyi suddenly noticed that something was wrong with Yun Feng. His hand accidentally touched Yun Feng’s bare skin and a scorching heat immediately came. His red eyes were startled and he glanced at the black jade pendant on Yun Feng’s neck fiercely.

“How dare you hurt her like this! I’ll suppress you with my life!” Qu Lanyi turned around and the scarlet light suddenly became deeper. The concentration of dark elements suddenly increased. “And you, I don’t have the patience to play with you anymore.”

Yun Feng was a bit dizzy at this moment, as if her entire soul was wandering outside of her body. She was a bit confused and didn’t know where she was. There was nothing around except darkness. This situation gave her a slightly familiar feeling. She had experienced it a long time ago. A thought suddenly flashed through Yun Feng’s mind. Right, it was when she first transmigrated to this world!

Hm, so hot!

The moment she woke up, the scorching heat inside her body made Yun Feng think that she would burn. She wanted to get rid of the heat in her body, but she suddenly found that her limbs were completely stiff. More precisely, they didn't listen to any of her commands anymore.

"Little Fire? Lan Yi? Yaoyao?" Yun Feng called out tentatively in her mind, but there was silence in response. The three contracted Magic Beasts seemed to have never existed. Yun Feng couldn't feel the aura of any Magic Beasts. "Qu Lanyi?" Yun Feng called out loudly. She found that she was the only one who could move and open her mouth at this moment.

In the darkness, her voice spread and repeated endlessly. Nobody replied. Yun Feng finally knew clearly that she was the only one in this place. However, where was this place? Could it be the world inside the black jade pendant?

Yun Feng frowned suspiciously and didn't dare to act rashly. She only tested the spiritual space in her body carefully. The spiritual space didn't change at all, but all contact with outsiders and even contracted Magic Beasts had been cut off.

"Crash... Crash..." The sound of something dragging on the ground came from the depths of the distant darkness. Yun Feng was shocked. So, there were other things or people! "Crash..." The sound was vague. Yun Feng endured the rising heat inside her body and wanted to go to the source of the sound. Even though her limbs were stiff, her body moved forward voluntarily, as if it understood Yun Feng's thoughts.

"Crash..." The sound kept getting closer and closer. As Yun Feng got closer and closer, she could hear it more and more clearly. It was the sound of chains sliding on the ground. Where exactly was this place and who was tied up by these chains?

"Crash... Crash... Crash!" The sound of the chains suddenly changed. The guy, who was pacing nonstop, suddenly stopped, as if he had noticed Yun Feng's approach! Yun Feng also stopped abruptly and froze there, holding her breath. She looked at the pure darkness in front of her eyes and unconsciously focused on a certain point. Only tiny breaths floated out.

"Tsk, tsk, tsk, tsk!" A weird laugh suddenly sounded. Yun Feng's scalp was hot and numb after hearing that. She subconsciously wanted to turn around and leave, but her body was stiffened there completely uncontrollably and the sound of chains dragging on the ground was getting closer and closer...

"Hehehe, I didn't expect you to come in." After the laughter, the voice finally returned to normal. Yun Feng rolled her eyes slightly. The voice came from all directions and she couldn't tell where it was at all.

"You know me?" Yun Feng said with a calm voice. "Hehehe, aren't you afraid? Of course I know you, Yun Feng!" The voice suddenly turned from a weird laugh to a roar, as if it was venting the anger it had accumulated for a long time. As it shouted the last name, a pair of huge red eyes suddenly appeared in front of Yun Feng, tearing apart the silence in the darkness!

Yun Feng stared at the giant red eyes that suddenly appeared in front of her. There was rolling anger, unwillingness and resentment in it. Such negative emotions made Yun Feng feel the inner world of the guy in front of her clearly without talking. "Where is this place? And who are you?" Yun Feng was still not afraid at all. Even though she sensed such strong emotions, the expression on her face didn't change at all.

The giant red eyes narrowed slightly and glanced at her a few times. The weird laughter started again. "Hehe, you're asking me where this is? Don't you know? This is the world inside your body, the place where I'm imprisoned!"

The heat inside her body kept burning again. Yun Feng frowned and felt that her limbs could already move. She moved them slightly a few times and her stiff body made a sound. Yun Feng raised her head. "The inner world of my body?" There was such a place in her body? Yun Feng thought about it carefully and found it a bit understandable. She wasn't the original soul of this body. When she attached herself to this body, there would inevitably be some parts that didn't match. There would be gaps before the soul and body fused 100%. The mind and body couldn't match perfectly and such spatial gaps could exist.

"Yes! Damn it, damn the Yun family. When I come out, I'll definitely not let you go!" Hot hatred burst out of the giant red eyes again. Yun Feng was puzzled. The Yun family? Was everything related to the Yun family? Who let it in? Was it her sullen father? Or someone else?

What kind of secret was the Yun family hiding?

"I know everything you've been through. Those people's ultimate goal is to find me! Otherwise, they wouldn't be so concerned about the Yun family! As long as you hand me over to them, the Yun family will certainly be free of worries!"

Yun Feng looked at those giant red eyes for a while and suddenly smiled. "What's your name?"

Shock flashed through the giant red eyes, followed by strong anger. "You're not qualified to know my name!"

Yun Feng raised her brows and moved her stiff shoulders. "It's fine if you don't want to tell. You're locked in my body. So, can I let you out?"

"That's right! But you can't do it at all right now. And you have to..."

"Stop, stop, stop. You don't have to say anything." Yun Feng waved her hand. The creature looked at her in shock. It was obviously different from what it expected. Shouldn't she be afraid? Shouldn't she be trembling? Shouldn't she listen to it? Why was she so indifferent right now?
